3 IN THE LEGISLATURE OF THE STATE OF ALASKA

4 SEVENTH LEGISLATURE - FIRST SESSION

5 A BILL

6 For an Act entitled: "An Act relating to fisheries taxes; and providing
7 for an effective date."

8 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

9 * Section 1. AS 43.75.010 - 43.75.135 are repealed.

10 * Sec. 2. AS 43.75 is amended by adding new sections to read:

11 CHAPTER 75. FISHERIES BUSINESS LICENSE ACT.

12 ARTICLE 1. LICENSE AND TAX.

13 Sec. 43.75.011. LICENSE. It is unlawful for a processor to
14 process fish in the state without first obtaining a fisheries business
15 license. The license is valid for the calendar year in which it is
16 issued.

17 Sec. 43.75.021. APPLICATION FOR LICENSE. (a) Application for
18 a license shall be filed with the department and accompanied by an
19 initial fee of \$25. A separate initial fee is required for each plant
20 specified in the application.

21 (b) The application shall state:

- 22 (1) the name and address of the applicant;
23 (2) the line of business to be licensed;
24 (3) each place of business;
25 (4) the estimated amount and value of each type of fish
26 which the applicant expects to process during the calendar year for
27 which the license is issued;
28 (5) the estimated amount of tax due under this chapter;
29 (6) the extent of lienable real property owned by the

1 applicant in the state; and

2 (7) other reasonable information which the department
3 requests.

4 (c) Within 10 days after receipt of the application in proper
5 form, the bond if required, and the initial fee, the department shall
6 issue a license to the applicant.

7 (d) The application shall be signed under oath.

8 Sec. 43.75.031. SECURITY FOR COLLECTION OF TAX. If the lienable
9 value of the property stated in the application is not equal to three
10 times the estimated amount of the tax for which the applicant will
11 probably be liable under this chapter, the department may not issue
12 the license until the applicant files with the department a surety
13 bond approved by the attorney general in a penal sum equal to twice
14 the probable amount of the tax for which the applicant will be liable,
15 conditioned upon payment of the tax in full when due, with penalty
16 and interest if not paid before delinquency. The department may
17 waive the bond requirement if the applicant posts other security in
18 the form of collateral acceptable to the department or prepays the
19 estimated tax.

20 Sec. 43.75.041. LICENSE TAX. Each processor shall pay an annual
21 license tax equal to four per cent of the value of the fish purchased
22 or obtained for processing.

23 Sec. 43.75.051. FILING RETURNS AND PAYMENT OF TAX. (a) A person
24 subject to the license tax shall file a return stating

25 (1) the quantity and value of each type of fish processed
26 during the calendar year for which the return is being made;

27 (2) the amount of tax due under this chapter;

28 (3) the number of the license issued for the year for which
29 the return is being made; and

1 (4) any other information requested by the department.

2 (b) The return shall be signed under penalty of perjury by the
3 licensee or his authorized agent. If a receiver, trustee, or assignee
4 is operating the business for which the license was issued he shall
5 file and sign under penalty of perjury the return for the licensee.

6 (c) Except as set out in (d) of this section, the return shall
7 be on a calendar year basis and shall be filed before February 1 of
8 the following calendar year.

9 (d) If a licensee is the subject of a bankruptcy proceeding or
10 insolvent, the department may make a return from information it obtains
11 and declare the tax to be due and payable at once even though the
12 calendar year for which the license was issued has not ended. Delin-
13 quency in the payment of a tax constitutes insolvency under this
14 subsection.

15 Sec. 43.75.061. RECORDS. Each licensee shall keep for five years
16 the records required by the department. The commissioner or his
17 authorized representative may inspect and copy the records at any
18 reasonable time.

19 ARTICLE 2. GENERAL PROVISIONS.

20 Sec. 43.75.101. VIOLATIONS AND PENALTIES. (a) If a person
21 fails to file a return within the time prescribed by law or regulation,
22 unless the failure is due to reasonable cause and not to wilful neg-
23 lect, five per cent is added for each 30 days or fraction of 30 days
24 during which the failure continues, not exceeding 25 per cent in the
25 aggregate. The amount added to the tax shall be collected at the
26 same time, in the same manner and as a part of the tax. If the tax
27 is paid before discovery of the neglect, the amount added shall be
28 collected in the same manner as the tax.

29 (b) If the tax is not paid when due, a penalty of five per cent

1 of the total amount of the tax deficiency shall be assessed, collected
2 and paid in the same manner as if it were a tax deficiency.

3 (c) If a part of a deficiency in the tax is due to fraud with
4 intent to evade tax, 50 per cent of the total amount of the deficiency,
5 in addition to the deficiency, shall be assessed and collected.

6 (d) Interest upon the amount determined as a deficiency in the
7 tax shall be assessed at the same time as the deficiency. The interest
8 shall be paid upon notice and demand by the department, and shall be
9 collected as a part of the tax at the rate of six per cent a year from
10 the time prescribed for payment of the tax to the date the deficiency
11 is paid.

12 (e) A tax under this chapter and the penalties and interest on
13 the tax are a lien prior; paramount, and superior to all other liens,
14 mortgages, hypothecations, conveyances, and assignments, upon all the
15 real and personal property of the person liable for the tax, and
16 upon all the real and personal property used with the permission of
17 the owner to carry on the business. The special remedy provided for
18 the recovery of license taxes set out in this chapter is not exclusive
19 of other civil or criminal remedies provided by law for the recovery
20 of license taxes.

21 (f) A person who wilfully fails to obtain a license, pay a tax,
22 make a return, keep or display a record, or supply the information at
23 the time required by law or regulation, in violation of this chapter,
24 is, in addition to other penalties provided by law, guilty of a
25 misdemeanor, and upon conviction is punishable by a fine of not more
26 than \$1,000, or by imprisonment for not more than one year, or by
27 both, together with the cost of prosecution.

28 (g) A person who wilfully makes and subscribes an application,
29 return, or other document filed with the department which he does not

1 believe to be true and correct as to every material matter is guilty
2 of a felony, and, upon conviction, is subject to the penalty prescribed
3 for perjury.

4 (h) In this section "person" includes an officer, agent, or
5 employee of a corporation or a member, agent, or employee of a
6 partnership who, as an officer, agent, employee, or member, is under
7 duty to perform the act in respect to which the violation occurs.

8 Sec. 43.75.111. EXEMPTIONS. The following processing is exempt
9 from this chapter:

10 (1) the processing of fish by a person for his personal
11 consumption or use;

12 (2) the processing of fish caught by sport fishing, unless
13 the fish may be sold by law;

14 (3) the dressing and preserving by a commercial fisherman
15 or a tender of fish which are transported to a processor in the state.

16 Sec. 43.75.121. PAYMENTS TO LOCAL GOVERNMENT. Subject to
17 appropriation by law the department shall pay to local governments
18 in the state tax revenue collected under this chapter as follows:

19 (1) each organized borough shall receive 10 per cent of
20 the tax revenues collected from processing performed in the borough;

21 (2) each organized borough shall receive an additional
22 10 per cent of the tax revenues collected from processing performed
23 in the borough but outside a city of the first, second or third class;

24 (3) each city of the first, second, or third class shall
25 receive 10 per cent of the tax revenues collected from processing
26 performed in that city;

27 (4) each city of the first, second, or third class not
28 located in an organized borough shall receive an additional 10 per
29 cent of the tax revenues collected from processing performed in that

1 city.

2 Sec. 43.75.131. DEFINITIONS. In this chapter

3 (1) "commissioner" means the commissioner of the Department
4 of Revenue;

5 (2) "fish" means

6 (A) salmon, crab, herring, halibut, scallops, clams,
7 roe, or any other species of aquatic fin fish, invertebrate, and
8 amphibious, in any stage of their life cycle, and includes any
9 portion of their viscera; and

10 (B) kelp and other aquatic plants;

11 (3) "lienable real property" means the full and true value
12 of the real property in excess of all liens and encumbrances against
13 it;

14 (4) "processing" means canning, barreling, bottling, pre-
15 serving, refining, freezing, icing, cooling, packing, curing, salting,
16 smoking, or any other method employed to keep fish in edible condition
17 or to put them into more suitable or convenient form for consumption,
18 storing, shipping, marketing or other use;

19 (5) "processor" means a person, firm, partnership,
20 corporation or other entity who processes fish;

21 (6) "tender" means a person who transports fish from the
22 fisherman to a processor;

23 (7) "value" means the actual price paid for the fish and
24 other considerations given such as fuel, gear, other supplies, and
25 offsets, and in instances of processor owned or subsidized boats
26 operated by employees or under lease or other arrangement includes
27 the cost of their operation and depreciation.

28 * Sec. 3. This Act takes effect on the day after its passage and
29 approval or on the day it becomes law without approval.

6 For an Act entitled: "An Act providing for the establishment of regional
7 service areas in the unorganized borough; and pro-
8 viding for an effective date."

9 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

10 Section 1. AS 07 is amended by adding a new chapter to read:

11 CHAPTER 7. REGIONAL SERVICE AREAS IN THE
12 UNORGANIZED BOROUGH.

13 Sec. 07.07.010. PURPOSE. (a) This chapter provides for regional
14 service areas in the unorganized borough and prescribes the structure
15 and describes the functions of regional service areas. Its basic
16 purpose is to stimulate the economic and social development of the
17 unorganized borough and the achievement of satisfactory levels of
18 living for the residents of the unorganized borough. Its specific
19 purposes are to promote

20 (1) strengthening of regional capabilities for planning and
21 coordinating federal, state, and other assistance related to economic
22 and social development, so that this assistance, through the efforts
23 of local officials, organizations, and interested and affected
24 citizens, can be made more responsive to local needs and conditions;

25 (2) better organization of a range of services related to
26 the needs of the unorganized borough;

27 (3) greater use, subject to adequate evaluation, of new
28 types of services and innovative approaches in attacking the problems
29 of economic and social development;

1 (4) the development and implementation of all programs and
2 projects designed to serve the residents of the unorganized borough
3 with the maximum feasible participation of residents of the areas
4 served.

5 (b) It is further declared to be the purpose of this chapter to
6 provide for measures to enable the residents of the unorganized borough
7 to remain in such areas. It is not the purpose of this chapter to en-
8 courage the residents of the unorganized borough to migrate to urban
9 areas, inasmuch as it is the finding of the legislature that such
10 migration is often not in the best interests of the residents of the
11 unorganized borough.

12 Sec. 07.07.020. REGIONAL SERVICE AREAS. The director of the
13 Local Affairs Agency is authorized to establish, alter or abolish
14 regional service areas in the unorganized borough upon request of a
15 majority of the registered voters in the area. The standards shall
16 include population, geography, economy, transportation, and other factors
17 determined by the director of the Local Affairs Agency. Each regional
18 service area shall embrace an area and population with common interests
19 to the maximum degree possible.

20 Sec. 07.07.030. REGIONAL SERVICE AREA COMMISSIONS. Each regional
21 service area shall have a commission which shall be so constituted
22 that each city or village incorporated under state or federal law
23 within the regional service area may have one member on the commission
24 designated by the city or village. The remainder of the members shall
25 be representative of other major groups or interests in the regional
26 service area ~~as~~ designated by the director of the Local Affairs Agency.
27 Each member of the commission shall reside in the regional service area
28 he serves.

29 Sec. 07.07.040. ELECTED COMMISSIONS. (a) The qualified voters

1 of a regional service area established under this chapter may elect
2 the regional service area commission if

3 (1) the regional service area has a resident population
4 including at least 50 qualified voters; and

5 (2) the director of the Local Affairs Agency finds an
6 elected commission to be in the best interests of the residents of
7 the service area; or

8 (3) at least five per cent of the qualified voters of the
9 regional service area sign and submit a petition to the director of
10 the Local Affairs Agency requesting a referendum on the question of
11 whether there shall be an elected regional service commission and the
12 majority of the qualified voters in the regional service area favor
13 an elected commission by such referendum.

14 (b) The director of the Local Affairs Agency shall conduct the
15 referendum authorized by (a)(3) of this section within 90 days of the
16 receipt of a petition submitted under (a)(3) of this section.

17 Sec. 07.07.050. FUNCTIONS OF COMMISSIONS. In carrying out the
18 purposes of this chapter, each commission may with respect to its
19 regional service area

20 (1) participate in the development, implementation and
21 evaluation of state programs and projects which relate to the economic
22 and social development in that service area;

23 (2) encourage state departments and agencies in activities
24 related to the economic and social development to plan for and admin-
25 ister those activities in the regional service area on a common or
26 cooperative basis; provide planning assistance to those departments
27 or agencies; provide additional opportunities to residents of the
28 regional service area to participate in these state department or
29 agency activities;

1 (3) initiate and sponsor projects responsive to the economic
2 or social needs of residents of the regional service area which are not
3 otherwise being met, with particular emphasis on providing central or
4 common services that can be drawn upon by a variety of related programs,
5 developing new approaches or new types of services that can be in-
6 corporated into other programs, and filling gaps pending the expansion
7 or modification of those programs;

8 (4) establish effective procedures by which the residents
9 of the regional service area concerned will be enabled to influence
10 the character of state programs affecting their interests, provide for
11 their regular participation in the implementation of those programs,
12 and assist residents of the service area to secure on their own behalf
13 available economic or social assistance from public and private sources;

14 (5) develop and implement plans under which the regional
15 service area may assume the status of an organized borough when con-
16 sidered appropriate by the inhabitants of the area;

17 (6) join with and encourage business, labor and other
18 private groups and organizations to undertake, together with state
19 departments and agencies, activities in support of the economic or
20 social development of the regional service area;

21 (7) accept financial assistance in the performance of its
22 functions;

23 (8) enter into agreements with state public corporations,
24 departments and agencies for assistance in the performance of its
25 functions;

26 (9) do all other acts necessary or proper to perform its
27 functions under this chapter.

28 Sec. 07.07.060. ADMINISTRATION. The director of the Local
29 Affairs Agency shall establish procedures and take such actions as he

1 may consider necessary and appropriate to carry out the provisions of
2 this chapter.

28 Sec. 07.07.040. ELECTED COMMISSIONS. (a) The qualified voters
29 of a regional service area established under this chapter may elect

1 the regional service area commission if

2 (1) the regional service area has a resident population
3 including at least 50 qualified voters; and

4 (2) the director of the Local Affairs Agency finds an
5 elected commission to be in the best interests of the residents of
6 the service area; or

7 (3) at least five per cent of the qualified voters of the
8 regional service area sign and submit a petition to the director of
9 the Local Affairs Agency requesting a referendum on the question of
10 whether there shall be an elected regional service commission and the
11 majority of the qualified voters in the regional service area favor
12 an elected commission by such referendum.

13 (b) The director of the Local Affairs Agency shall conduct the
14 referendum authorized by (a)(3) of this section within 90 days of the
15 receipt of a petition submitted pursuant to (a)(3) of this section.

16 Sec. 07.07.050 FUNCTIONS OF COMMISSIONS. In carrying out the
17 purposes of this chapter, each commission may with respect to its
18 regional service area

19 (1) participate in the development, implementation and

February 8, 1971

The Honorable Eugene Guess
Speaker of the House
Alaska State Legislature
Capitol Building
Juneau, Alaska 99801

Dear Mr. Speaker:

Pursuant to State Law and the Uniform Rules of the Legislature, I am submitting a bill which provides for the establishment of regional service areas throughout the expanse of the unorganized borough of Alaska. I feel that this is a constructive first step in the process of bringing local regional government to the vast rural areas of the State.

Under the terms of this legislation, the Director of the Local Affairs Agency is authorized to establish regional service areas, following standards of population, geography, economy, and other factors. Provision is made for appointive or elective commissions representative of the region depending on the wishes of the people. The commissions will be involved in planning and participating in State programs within the regional area. Likewise, the councils will initiate and sponsor projects responsive to the service needs of the regions.

Sincerely,

William A. Egan
Governor

LOCAL GOVERNMENT COMMITTEE REPORT ON

HOUSE BILL 161

The House Local Government Committee has had House Bill 161 under consideration and passed it out with a majority "Do Pass" recommendation. In recommending "Do Pass", the Committee felt one change was necessary and this was in Section 07.07.020. In order to allow the people of a given area to have a voice in formation of their regional service area, it was decided to add the words: "upon request of the majority of the registered voters in an area" to the first sentence of this section. It was not the intent of the Committee to dictate that an election had to be held in a given area although this is an available alternative. If instead, for instance, the Director of the Local Affairs Agency were to receive a petition from a majority of the registered voters of an area; this too would suffice to meet the demands of the section.

A majority of the Committee felt as well that for House Bill 161 to be meaningful, an appropriation amount should be designated to implement the Act. Accordingly, the House Local Government Committee has caused an appropriation bill in the amount of \$250,000 to be drafted for this purpose, and we recommend that these two bills be considered as a package.

SUBJECT: Fiscal Note, HB 161
Information provided by
Byron Mallott, Director
Local Affairs Agency

I am attaching the fiscal note on HB 161 which was prepared for John Havelock. There are two alternatives outlined. Alternative two approximates the information the committee is seeking. However, the fiscal note was drafted some months ago and after looking at it, I would modify it by deleting travel for the Local Boundary Commission--leaving a total of \$270,240.

This fiscal note could be trimmed by one agency staff member for a total of approximately \$250,000, but cuts beyond that would be tough.

The fiscal note contemplates the establishment of 12 service areas encompassing most of the State. If the program were scaled down to allow the establishment of one to three service areas as a pilot program, costs, of course, would be substantially reduced.

Attachments

In plan Number 1, Rural CAP has indicated its willingness to participate in the funding of the local unorganized boroughs in the neighborhood of \$500,000. Rural CAP, in addition, would provide training and technical assistance in budgeting, accounting, and planning through its central staff. The State Economic Opportunity Office could supply technical assistance in housing, management, economic development, health, education, manpower, etc.

A memorandum of agreement would be written which would delineate the amount of funds and supportive services that would be provided by the state of Alaska, Rural CAP, SEOO, and other supportive agencies.

Plan Number 2 assumes that the State, through the Local Affairs Agency, would be providing all administrative costs, travel, etc., for the unorganized borough service areas for essentially restricted advisory and planning functions.

Alternative Plan Number 2 is essentially the same as Number 1 if the State would recognize the regional corporations of Rural CAP as the State advisory and planning boards of all State services and functions within each of 12 regional areas.

For an Act entitled: "An Act providing for the establishment of regional
7 service areas in the unorganized borough; and pro-
8 viding for an effective date."

9

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

10

* Section 1. AS 07 is amended by adding a new chapter to read:

11

CHAPTER 7. REGIONAL SERVICE AREAS IN THE

12

UNORGANIZED BOROUGH.

13

Sec. 07.07.010. PURPOSE. (a) This chapter provides for regional

14

service areas in the unorganized borough and prescribes the structure
15 and describes the functions of regional service areas. Its basic
16 purpose is to stimulate the economic and social development of the
17 unorganized borough and the achievement of satisfactory levels of
18 living for the residents of the unorganized borough. Its specific
19 purposes are to promote

20

(1) strengthening of regional capabilities for planning and

21

coordinating federal, state, and other assistance related to economic

22

and social development, so that this assistance, through the efforts

23

of local officials, organizations, and interested and affected

24

citizens, can be made more responsive to local needs and conditions;

25

(2) better organization of a range of services related to

26

the needs of the unorganized borough;

27

(3) greater use, subject to adequate evaluation, of new

28

types of services and innovative approaches in attacking the problems

29

of economic and social development;

1 (4) the development and implementation of all programs and
2 projects designed to serve the residents of the unorganized borough
3 with the maximum feasible participation of residents of the areas
4 served.

5 (b) It is further declared to be the purpose of this chapter to
6 provide for measures to enable the residents of the unorganized borough
7 to remain in such areas. It is not the purpose of this chapter to en-
8 courage the residents of the unorganized borough to migrate to urban
9 areas, inasmuch as it is the finding of the legislature that such
10 migration is often not in the best interests of the residents of the
11 unorganized borough.

12 Sec. 07.07.020. REGIONAL SERVICE AREAS. The director of the
13 Local Affairs Agency is authorized to establish, alter or abolish
14 regional service areas in the unorganized borough upon request of a
15 majority of the registered voters in the area. The standards shall
16 include population, geography, economy, transportation, and other factors
17 determined by the director of the Local Affairs Agency. Each regional
18 service area shall embrace an area and population with common interests
19 to the maximum degree possible.

20 Sec. 07.07.030. REGIONAL SERVICE AREA COMMISSIONS. Each regional
21 service area shall have a commission which shall be so constituted
22 that each city or village incorporated under state or federal law
23 within the regional service area may have one member on the commission
24 designated by the city or village. The remainder of the members shall
25 be representative of other major groups or interests in the regional
26 service area as designated by the director of the Local Affairs Agency.
27 Each member of the commission shall reside in the regional service area
28 he serves.

29 Sec. 07.07.040. ELECTED COMMISSIONS. (a) The qualified voters

1 of a regional service area established under this chapter may elect
2 the regional service area commission if

3 (1) the regional service area has a resident population
4 including at least 50 qualified voters; and

5 (2) the director of the Local Affairs Agency finds an
6 elected commission to be in the best interests of the residents of
7 the service area; or

8 (3) at least five per cent of the qualified voters of the
9 regional service area sign and submit a petition to the director of
10 the Local Affairs Agency requesting a referendum on the question of
11 whether there shall be an elected regional service commission and the
12 majority of the qualified voters in the regional service area favor
13 an elected commission by such referendum.

14 (b) The director of the Local Affairs Agency shall conduct the
15 referendum authorized by (a)(3) of this section within 90 days of the
16 receipt of a petition submitted under (a)(3) of this section.

17 Sec. 07.07.050. FUNCTIONS OF COMMISSIONS. In carrying out the
18 purposes of this chapter, each commission may with respect to its
19 regional service area

20 (1) participate in the development, implementation and
21 evaluation of state programs and projects which relate to the economic
22 and social development in that service area;

23 (2) encourage state departments and agencies in activities
24 related to the economic and social development to plan for and admin-
25 ister those activities in the regional service area on a common or
26 cooperative basis; provide planning assistance to those departments
27 or agencies; provide additional opportunities to residents of the
28 regional service area to participate in these state department or
29 agency activities;

1 (3) initiate and sponsor projects responsive to the economic
2 or social needs of residents of the regional service area which are not
3 otherwise being met, with particular emphasis on providing central or
4 common services that can be drawn upon by a variety of related programs,
5 developing new approaches or new types of services that can be in-
6 corporated into other programs, and filling gaps pending the expansion
7 or modification of those programs;

8 (4) establish effective procedures by which the residents
9 of the regional service area concerned will be enabled to influence
10 the character of state programs affecting their interests, provide for
11 their regular participation in the implementation of those programs,
12 and assist residents of the service area to secure on their own behalf
13 available economic or social assistance from public and private sources;

14 (5) develop and implement plans under which the regional
15 service area may assume the status of an organized borough when con-
16 sidered appropriate by the inhabitants of the area;

17 (6) join with and encourage business, labor and other
18 private groups and organizations to undertake, together with state
19 departments and agencies, activities in support of the economic or
20 social development of the regional service area;

21 (7) accept financial assistance in the performance of its
22 functions;

23 (8) enter into agreements with state public corporations,
24 departments and agencies for assistance in the performance of its
25 functions;

26 (9) do all other acts necessary or proper to perform its
27 functions under this chapter.

HB 165

The purpose of this legislation is to clarify the term "salary scale" as used in the legislation passed last year. Some confusion resulted from an interpretation by the Attorney General when he ruled that the state minimum salary must be used. Some school districts, as a result, have some teachers on the existing school district schedule while others are between steps because of computation based on the state minimum salary and not the districts' salary schedule. HB 165 would use the existing salary schedule of the district when allowing teachers credit for outside teaching experience. This bill does not require any general fund appropriation.

FISCAL ANALYSIS

HB # 165 would have no direct effect on the state general fund since the district schools receive state foundation funds based on instructional units rather than teacher salaries. SQS salaries in the FY 72 budget are based on averages rather than actual salaries. Therefore the increase that might come about as a result of HB # 165 would be less than the error factor in using average salaries for budget purpose.

COMMITTEE REPORT

HB 173

The purpose of HB 173 is to provide teacher retirement benefits to be paid to the handicapped survivors of a retired teacher even after the survivor is no longer a minor. This would apply to physically handicapped and mentally retarded survivors who are certified to be unemployable. The number of minors who will eventually be in this group is expected to be quite small. All benefits will be paid from the Teacher Retirement Fund, and no appropriation will be needed from the general fund of the state.

HB 189 jil

Senator Bill Ray

Seward Alaska

March 20, 1972

Dear Senator Ray

Just want you to know I do approve of a Pioneer Home in Anchorage. I am 82 years old. Have lived here in Seward for over 62 years. I am too old to look for a place in Ore, where as you know it is much cheaper for retired people to live. Many of my friends are there but like your Father, I have my grand children and great grand children here in Alaska and I do not want to be separated from them. I think people of 70 years or older would be able to stay here on as little as \$100 a month. My S.O.C. is only \$64.00 and \$100 would mean I could keep going

a few years longer. I have an office and apt. bldg. which use to bring in a small income, but not any more, I barely make expenses. I havnt raised my rents but plumbers, electricians and carpenters, also oil and taxes are higher

I have 3 friends who have lived here in Seward for 50 yrs who would enter the Pioneers Home in Anchorage because it is close to their friends and children. They would be able to pay for private rooms.

Time is running out for the real old Pioneers. I know how busy you must be at this session trying to figure out what is best for the pipe line. But dont forget the old Pioneers

Sincerely,
(Mrs S.V.) Hazel Ray
