OUR RESPONSIBILITY FOR DAMAGES CEASES ON DELIVERY TO TRANSPORTATION COMPANY. EXAMINE SHIPMENT BEFORE GIVING RECEIPT.

Colville River Delta  
via: Barrow, Alaska 99723  
November 20, 1970

Senator John Butrovich  
Juneau, Alaska 99801

Dear Senator Butrovich:

In August of 1969, the Alaska Department of Fish and Game, rented our Grumman G-19 boat, The Explorer, for studies in the Arctic Ocean.

This craft had been used previously to guide the shipping of Northern Transportation from the Mackenzie River Delta to the Ping Beach area on the Colville. It was specially fitted up for the Arctic and had proven ideally suited for this work here.

Mr. Pete Winslow and Mr. Rex Thomas of the Alaska Department of Fish and Game were in charge of the boat. They outfitted the craft and made a trial run to Thetis Island on Tuesday, August 13th, and found all well. They left for Prudhoe Bay that evening and apparently reached there from reports; however, I never saw them or the Explorer again, although a careful search was made.

Inclosed are the papers for the boat. They show the cost of the basic craft delivered in Fairbanks. The charter flight for a C-82 plus outfitting the craft about doubled this figure.

The Fish and Game Department has paid the \$800.00 rental they agreed upon for the boat, but, of course, they haven't returned the boat, nor does there seem any way under existing regulations for them to pay for the boat.

The boat was in new condition. We need our boat here. I would like to have you ask that a special appropriation be made to pay us the basic price of the boat as it was delivered in Fairbanks ie \$3,503.75. It is about half what the value of the finished outfitted boat was when lost. It was a very sad misfortune losing our friends, they can't be replaced. The boat will have to be replaced next season though, and we feel we shouldn't have to pay the entire price since we weren't responsible for its loss. Thus, we respectfully submit the billing to our State Senate for their consideration.

We thank you folks for your time. We appreciate the many problems of managing our state and hesitate to trouble you with our personal problem. Here the sun has left our land for the winter and all is white and quiet. With all best wishes and kindest personal regards.

*Harmon*

Sincerely yours,

*Harmon R. Helmericks*

III. ANALYSIS (See Fiscal Note Preparation Instructions, Section III)

In view of the State projected financial condition I feel that we should not establish a permanent fund limiting the uses of our future revenues. Our present projections indicate that future State services must be reduced if additional revenues are not available. This bill and even more so this resolution would limit our ability to increase revenues to any great extent by utilization of bonuses from the leasing of oil and gas and other mineral lands. One must only look at the notary of the States revenues to see that this is one of our most important revenue sources and these requests to limit the use of the proceeds would work a hardship on the citizens of Alaska that would be forced to forego services or pay increased taxes.

III. ANALYSIS (See Fiscal Note Preparation Instructions, Section III)

This fiscal note assumes that the costs of management evaluation measurement as well as transactions (commissions) of the fund will be expensed to the fund itself and will not be a budgeted expense to the Department of Revenue.

Therefore, the only significant budget request in BRU IX-C will be an additional position of Accountant IV. The individual in this position will be responsible for monitoring market value changes in investments, accounting for transactions and commission expense, verifying monthly reports, and such similar duties at the request of State investment officers. Equipment expense (desk, chair, and calculator) and commodity expenses, only, are added appropriate to this additional position.

Because of the uncertainty of future bonus sales the budget request timing of FY 1974 is somewhat arbitrary. Ideally, this position should be filled approximately two months prior to the next bonus sale that will provide a sum total of \$10 million to the fund.

# MEMORANDUM

TO: R. D. Stevenson  
Deputy Commissioner  
Department of Revenue

DATE: April 12, 1972

FROM: *Larry C. Eppenbach*  
Larry C. Eppenbach  
Deputy Commissioner of Treasury  
Department of Revenue

SUBJECT: Fiscal Note on Senate Bill No. 183

Senate Bill No. 183 designates a fund to be composed of future bonus sale revenue managed on a stand-alone basis with 5% of its market value less costs transferred to the general fund annually. Because the timing and values of future bonus sales are entirely uncertain at this time any fiscal note on SB 183 must share that uncertainty regarding the potential size of the fund. Present revenue estimates project an average of \$6 million of bonus mineral revenue each year beyond FY 1973. However, as the brief history in the following table indicates, annual bonus sale revenue has a random character:

| <u>Fiscal Year</u> | <u>Bonus Sale Revenue</u> |
|--------------------|---------------------------|
| 1971               | \$ 738,614                |
| 1970               | 900 041,605               |
| 1969               | 790,808                   |
| 1968               | 21,751,956                |
| 1967               | 8,622,924                 |
| 1966               | 10,809,192                |
| 1965               | 5,873,700                 |

Bonus sale revenue since the North Slope sale of September, 1969 has been quite small. Although the State still possesses a considerable amount of property high in mineral lease potential there can be no accurate estimate made of future bonus revenues until additional mineral survey work is completed and the "temperature" of the bidders sampled. In summary, SB 183 designates a fund to which contributions of indefinite size will be made at future points in time.

More importantly, the clarity could be improved of the various provisions of SB 183 detailing advisory committees, annual investment evaluation, manager selections, reporting requirements, and the expensing of costs related to the management and administration of the fund. Attached is a memorandum from Robert Gates, State Investment Officer which provides indepth analysis, comments, and recommendations on these issues.

Finally, in regard to the fiscal note detail requested, it is assumed that the major costs of management of the fund will be an expense to the fund and not budgeted from the Treasury Division of the Department of Revenue. Therefore, the fiscal note detail specifies only one additional position, that of Accountant IV, beginning FY 1974 for the purpose of accounting and providing operations support to present investment officers in the management of this fund. Equipment and commodity expenses, only, are added appropriate to the additional position. The additional position is at the Accountant IV level because of the responsibility, and levels of accuracy and performance required consistent with the management of public funds.

STATE  
of ALASKA

# MEMORANDUM

TO: R. D. Stevenson  
Deputy Commissioner  
Department of Revenue

DATE: April 12, 1972

FROM: Robert S. Gates  
State Investment Officer  
Department of Revenue

SUBJECT: Senate Bill No. 183 - "an Act  
establishing the continuing revenue  
fund; providing for its administration;  
and providing for an effective date"

The following comments are made after reviewing the language presently included in Senate Bill No. 183. From an investment standpoint, it is felt that several minor changes in the language of this bill would clarify the intent of this legislation.

1. In present form, there is no specific language included regarding eligible investments other than the prudent man concept. The absence of any specific language gives a maximum degree of investment flexibility, however, it may well lead to future problems involving interpretation which could be resolved by the inclusion of specific language. It is therefore suggested that the language to establish permissible investments be similar to that included in AS 37.10.070 (copy attached). To eliminate some redundancy which exists under this statute I would suggest the elimination of the following sub-sections: (3), (5), (7), and (8).

2. Under Section 37.10.250(5), there is a requirement for reporting monthly, a list of the names of brokers, dealers, or contractors engaged in the various investment transactions. This information could be displayed in the annual audit and does not appear to serve a useful purpose in a monthly report. The emphasis should be to place business with those brokers and dealers who are most competitive and also those who provide the best service to the State. The investment manager should have freedom to direct business where it most greatly benefits the overall performance of the fund and no consideration given to equal distribution of business unless the services provided are comparable.

3. The intent of the language used in Section 37.10.250(7) should be clarified. The requirement of an annual examination to be made by a qualified fund evaluator could lead to numerous difficulties in managing these funds. It is suggested that the language be revised to require an annual performance evaluation which would compare the performance of the management of these funds with that of other funds with similar type objectives. This evaluation should be done by an independent firm and the analysis should reflect the total rate of return as opposed to individual investment selections. The emphasis should be placed on the overall maximum rate of return for the fund within specified investment guidelines and not on individual investment management techniques.

4. Under Section 37.10.260(1), the number of fund managers used should be left up to the discretion of the investment advisory committee and not be governed by a requirement of at least three fund managers.

5. The intent of the language included under Section 37.10.290 should be revised. The membership requirement of the proposed State Investment Advisory Committee is different from the existing committee having the same name. If this is to be a separate and distinct investment advisory committee from that which presently advises the investment of general fund monies, it is suggested that a different name be given to this committee.

6. Under Section 37.10.320(3) in my opinion the transaction costs and brokerage costs should not be included as an "expense of administration." If these costs are included, there will be substantial charges made against that amount of money which would otherwise be available for distribution to the general fund under the 5% annual drawdown formula. In a fund of \$100 million in market value at the end of a given year, the amount available for distribution to the general fund would be approximately \$5 million minus expenses of administration. If you assume that the average cost of a transaction amounts to 1/2 of 1% of the market value of that particular transaction, you would have total transaction costs of approximately \$500 thousand per year if 50% of the entire fund was bought and sold during that year. The common practice for handling the cost of transactions are to consider the cost of investment as the gross amount paid, including commissions, and the proceeds from the sale of investments represents the net amount received, that is, all costs of executing the transactions are deducted from the actual gross sales price.

FCCS HCS CSSB 402

Chapter No.

206

## AN ACT

Providing for the investment of surplus state funds; and providing for an effective date.

### BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

■ Section 1. AS 37.10.070 is repealed and re-enacted to read:

Sec. 37.10.070. INVESTMENT OF SURPLUS FUNDS. (a) When the commissioner of revenue determines that there is in the state treasury a surplus above an amount sufficient to meet current demands, the surplus shall be invested in any of the following:

- (1) direct obligations of the United States;
- (2) obligations of agencies and instrumentalities of the United States;
- (3) notes issued by Farmer's Home Administration;
- (4) bank certificates of deposit which are secured as to the payment of principal and interest in accordance with Alaska law;
- (5) corporate obligations of prime or equivalent quality, as rated by a nationally recognized rating organization;
- (6) other securities, including corporate securities;
- (7) Federal Housing Administration mortgages;
- (8) Federal Veterans Administration mortgages;
- (9) loans made under the provisions of AS 03.10 .

Chapter 206

and AS 26.10;

(10) conventional residential mortgages if the originating financial institution retains at least 25 per cent of the mortgage;

(11) other secured loans, if the originating financial institution retains at least  $33 \frac{1}{3}$  per cent of the mortgage.

(b) To qualify as a mortgage or loan which can be purchased by the state under (a) of this section, it must

(1) be secured by real estate in the state or other collateral allowed under (a)(11) of this section;

(2) have as a mortgagor an Alaska resident or a corporation in which at least 51 per cent of the stock is owned by Alaska residents;

(3) be certified by the originating financial institution that the loan being sold has been made in compliance with law and that liens supporting the loan have been perfected;

(4) have no initial closing fees or service fees which exceed one-half of one per cent, excluding closing costs.

(c) When the aggregate of all loans purchased from a financial institution becomes more than one-half per cent 60 days delinquent, the state shall discontinue purchasing loans from that financial institution until the delinquency is reduced to less than one-half per cent.

(d) The state may purchase loans provided for in (a)(10) - (11) of this section only from financial institutions which are operating under the national banking laws, federal savings and loan laws, or under the provisions of AS 06.05, 06.15, 06.25 and 06.30.

(e) The state may purchase from federal savings and loan associations 100 per cent of the mortgages provided for under (a)(10) and (11) of this section if 20 per cent of the loan is insured by a firm approved by the commissioner of revenue and the loan is for not more than 80 per cent of the appraised value of the property securing the loan. No loans may be purchased under this subsection after June 1, 1971.

(f) Investment policy shall be formulated by the commissioner of revenue who shall be advised by a committee appointed by the governor which shall contain representation from the legislature. In formulating investment policy they shall consider maximum income and safety as governed by the prudent man rule and the benefit to the private and public sectors of the economy in terms of increased housing and commercial credit, stimulated business activity, increased employment, support of the market for state and local bonds, increased public revenue together with the possible inflationary effect of the investment, and paragraphs (h) and (i) of this section.

(g) The commissioner of revenue, with the consent of the committee, may enter into contracts for services providing investment advice, custody of securities, and execution of transactions, in or out of Alaska.

(h) An investment preference shall be given to (a)(3), (7), (8), (9), (10) and (11) of this section.

(i) The commissioner shall purchase notes and mortgages under (a) of this section at a rate conducive to develop and benefit Alaska and Alaska residents and such rate may be less than the market rate.

(j) In this section

(1) "closing costs" means appraisal costs, legal costs, title insurance, and any other out-of-pocket expenses approved by the commissioner of revenue;

(2) "mortgage" means a pledge or security of particular property for the payment of a debt or the performance of some other obligation, whatever form the transaction may take;

(3) "resident" means a person domiciled in the state;

(4) "securities" means bonds, notes, debentures and all other forms of indebtedness; common stock, preferred stock, and all other forms of equity capital; investments in stocks and equity capital may not exceed 33 1/3 per cent of the unappropriated surplus as of the end of the previous fiscal year.

\* Sec. 2. AS 37.10 is amended by adding a new section to read:

Sec. 37.10.075. DEPOSIT OF STATE FUNDS. (a) When the commissioner of revenue determines that there are funds in the state treasury which are not being used for the purposes provided for in sec. 70 of this chapter, they may be deposited in financial institutions. Collateral may be required by the commissioner to secure state deposits provided for under this section.

(b) The banks in which state funds are deposited under a time deposit agreement shall pay at least a minimum interest rate to be fixed by the Department of Revenue, and this interest when paid shall be deposited in the general fund or in the other funds which are established by law.

(c) Nothing in this section prohibits the Department of Revenue from depositing the funds which it considers necessary for the proper conduct of the office in solvent banks outside the state under the terms and conditions provided in this section.

(d) The Department of Revenue may deposit funds in banks inside or outside the state in active accounts or on demand deposits without requiring those banks in which the accounts are deposited to pay interest on the deposits. It is the intention of the legislature that the department shall keep active deposits in any bank it considers

Chapter 206

deserving, and that, to partially compensate the banks for cashing state warrants in their regular course of business, no interest shall be paid on the deposits.

(e) Banks holding state deposits shall, as a condition of retaining those deposits, submit all information concerning the deposits and other relevant matters that may be requested by the commissioner.

\* Sec. 3. This Act takes effect on the day after its passage and approval or on the day it becomes law without approval.

BY RETTIG

2 SENATE BILL NO. 183

3 IN THE LEGISLATURE OF THE STATE OF ALASKA

4 SEVENTH LEGISLATURE - FIRST SESSION

5 A BILL

6 For an Act entitled: "An Act establishing the continuing revenue fund;  
7 providing for its administration; and providing for  
8 an effective date."

9 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

10 \* Section 1. AS 37.10 is amended by adding new sections to read:

11 ARTICLE 5. CONTINUING REVENUE FUND.

12 Sec. 37.10.200. PURPOSE. The purpose of secs. 200 - 340 of this  
13 chapter is to provide a method by which lease bonus funds may be  
14 invested to provide a continuing source of state revenues.

15 Sec. 37.10.210. CONTINUING REVENUE FUND. There is created a  
16 fund known as the continuing revenue fund which consists of all bonuses  
17 received by the state from the leasing of oil and gas and other  
18 mineral lands after January 1, 1973.

19 Sec. 37.10.220. INVESTMENT POLICY. The commissioner shall  
20 invest the fund with the objective of maximum long-term total return.

21 Sec. 37.10.230. MANAGEMENT STANDARDS. The commissioner, in  
22 managing the fund, shall exercise the judgment and care under the  
23 circumstances then prevailing which men of ordinary prudence, discretion,  
24 intelligence, and experience exercise in the management of their own  
25 affairs not in regard to speculation but in regard to the permanent  
26 disposition of their funds, considering probable income as well as  
27 the probable growth and safety of their capital.

28 Sec. 37.10.240. POWERS. The powers of the state with respect to  
29 the investments are all of the powers which a natural person has in

1 dealing with his own property including but not limited to the power  
2 to invest, reinvest, purchase and purchase at a premium, sell and  
3 sell at less than cost, exchange, convey, transfer, lease, lease back  
4 and otherwise dispose, register securities, vote securities, give  
5 proxies, exercise conversion privileges, subscription rights and other  
6 options, consent or otherwise participate in corporate reorganization  
7 or other changes affecting corporate securities, pay assessments or  
8 charges, enforce and compromise claims, make, execute, acknowledge and  
9 deliver documents of transfer, conveyances and other instruments  
10 necessary or appropriate to carry out those powers.

11 Sec. 37.10.250. FUNCTIONS OF THE COMMISSIONER. The commissioner  
12 shall

13 (1) act as custodian of the investments and provide for  
14 their safekeeping;

15 (2) collect the interest, dividends, rents, and other  
16 income of the fund and collect principal and the proceeds of the sale  
17 of investments;

18 (3) manage the fund, and in so doing exercise the state's  
19 powers respecting the investments;

20 (4) maintain adequate accounts and records;

21 (5) prepare and submit a monthly report to the governor  
22 and the State Investment Advisory Committee disclosing a detailed  
23 summary of investments purchased, sold, exchanged, conveyed, trans-  
24 ferred, leased, and otherwise acquired or disposed of, and stating  
25 the investments acquired or disposed of, dates of transactions, the  
26 prices paid and received, any gain or loss, and the names of the  
27 brokers, dealers, or contractors who engaged in the transactions;

28 (6) have an annual audit made of the fund by a licensed  
29 certified public accountant who is not an employee of the state and

1 submit the auditor's report to the governor and to the State Investment  
2 Advisory Committee;

3 (7) have an annual examination made of the fund by a quali-  
4 fied fund evaluator; the evaluator's report shall include an evaluation  
5 of current investment practices and of specific investments of the  
6 fund in light of the investment objective and management standards  
7 of the fund; the report shall be submitted to the governor, the State  
8 Investment Advisory Committee, and the legislature.

9 Sec. 37.10.260. CONTRACTS. (a) The commissioner may contract  
10 with one or more qualified persons in the state or elsewhere

11 (1) to perform the function specified in sec. 250 of this  
12 chapter, except that when the functions specified in sec. 250(3) of  
13 this chapter are contracted no fewer than three fund managers may be  
14 engaged;

15 (2) to provide the commissioner with advice and other  
16 services.

17 (b) Contracts may provide for reasonable compensation and  
18 reimbursement of expenses.

19 Sec. 37.10.270. ANNUAL DETERMINATION OF MARKET VALUE. At the  
20 end of each fiscal year, after deducting from the fund for the purpose  
21 of computation the expenses of administration of that year, the com-  
22 missioner shall determine the market value of the fund.

23 Sec. 37.10.280. WITHDRAWALS. (a) Sixty days after the end of  
24 each fiscal year an amount, whether or not provided by income and  
25 capital appreciation, shall be withdrawn from the fund and transferred  
26 to the general fund. The amount shall be in cash or securities at  
27 market value as of that date, or both, and shall be calculated in the  
28 following manner:

29 (1) with respect to the first fiscal year, the amount shall

1 be equal and limited to five per cent of the determined market value  
2 of the fund at the end of that year;

3 (2) with respect to the second fiscal year, the amount shall  
4 be equal and limited to five per cent of the mean average of the  
5 determined market value of the fund at the end of that year and the  
6 determined market value of the fund at the end of the first year;

7 (3) for the third fiscal year and for each succeeding fiscal  
8 year, the amount shall be equal and limited to five per cent of the  
9 mean average of the determined market value of the fund at the end of  
10 the two preceding years.

11 (b) Amounts determined to be withdrawn as provided in (a) of  
12 this section shall be reduced by the expenses of administration.

13 ARTICLE 6. STATE INVESTMENT ADVISORY COMMITTEE.

14 Sec. 37.10.290. STATE INVESTMENT ADVISORY COMMITTEE. There is,  
15 within the Department of Revenue, the State Investment Advisory Com-  
16 mittee comprised of the commissioner of revenue who shall serve as  
17 chairman, the commissioner of administration, the commissioner of  
18 commerce, the commissioner of economic development, and three members  
19 of the public appointed by the governor to serve at his pleasure.

20 Sec. 37.10.300. FUNCTION. The committee shall advise the  
21 commissioner with respect to the administration of the continuing  
22 revenue fund.

23 Sec. 37.10.310. QUORUM. Five members of the committee constitute  
24 a quorum for the conduct of business at a meeting.

25 Sec. 37.10.320. EXPENSES. The three members from the public  
26 receive no pay but are entitled to the travel expenses and per diem  
27 authorized for members of boards and commissions.

28 Sec. 37.10.330. DEFINITIONS. In this chapter

29 (1) "commissioner" means the commissioner of revenue;

1 (2) "committee" or "advisory committee" means the State  
2 Investment Advisory Committee;

3 (3) "expenses of administration" means the amount incurred  
4 during the fiscal year in accordance with contracts for managerial,  
5 advisory, legal, appraisal, accounting, auditing, performance evalua-  
6 tions, custodial, execution of transactions, brokerage, and other  
7 services;

8 (4) "fiscal year" means the fiscal year of the fund, which  
9 is the period July 1 to June 30;

10 (5) "fund" means the continuing revenue fund and includes  
11 income and capital appreciation;

12 (6) "investments" means the property of the fund and  
13 includes cash;

14 (7) "manage", with respect to the fund, includes but is  
15 not limited to selection of classes of investments, selection of  
16 investments from within those classes, and the acquisition, retention,  
17 disposition, and exchange of investments;

18 (8) "maximum long-term total return" means an investment  
19 policy which has as its central objective growth of capital over the  
20 long term.

21 \* Sec. 2. This Act takes effect on the effective date of a constitutional  
22 amendment entitled "Proposing an amendment to the Constitution of the State  
23 of Alaska establishing the continuing revenue fund."

FISCAL ANALYSIS

This department has not been approached by the City of Kenai on any proposed project. The Division of Aviation is aware that they are planning on a substantial taxiway/apron project, however, no application has been made to the Division of Aviation for Federal assistance. An appropriation of \$526,587 in SB 184 could match approx \$900,000 of Federal funds. We therefore believe they are planning on a \$1.4 million dollar expansion. No description of project on file.

III. ANALYSIS (See Fiscal Note Preparation Instructions, Section III)

Bill provides \$50/year per individual member of Alaska Army and Air National Guard and Naval Militia for necessary uniform maintenance.

FY73: Total aggregate strength of 2500 x \$50. each = \$130.00

FY74: Total aggregate strength of 2800 x \$50. each = \$140.00

FY75: Total aggregate strength of 3000 x \$50. each = \$150.00

FY75 and FY77: Total aggregate strength of 3150 x \$50. each = \$157,500.00

### MEMORANDUM

TO: Rich Guthrie  
Senate Fiscal Analyst

DATE: January 20, 1972

FROM: Glenn K. Vernon  
Fiscal Analyst

SUBJ: Fiscal Implications  
of Senate Bill No. 194.

In reply to your request for comments concerning possible fiscal implications of Senate Bill No. 194, I offer the following observations:

1. The fiscal note prepared by the Alaska Court System anticipates the necessity of creating an additional Superior Court Judgeship to handle the new judicial district proposed by Senate Bill No. 194. I believe this assumption can be challenged in that no additional workload will be created as a result of a realignment of judicial districts. Presently, the Fourth Judicial District - which would be affected most by the proposed bill - has three Superior Court Judges. Senate Bill No. 194, if enacted, would drastically reduce the size of the Fourth Judicial District. I question the continued need for three Superior Court Judges in the Fourth District after having removed such areas as Bethel and McGrath from that jurisdiction. My feelings about this are largely tempered by information I have received indicating that the Superior Courts are not presently over-loaded in this state. If, in fact, additional judges are needed in the Court System, it would appear the need is at the District Court level rather than in the Superior Courts.
2. If an additional Judicial District is created in the state, what will be the effect in terms of requests for additional District Judges and related support personnel? Also, what physical facilities will eventually be required to house the officers and staff of the new district? The fiscal note prepared by the Court System does not comment on any of these probable eventualities.

3. Certain item costs presented in the fiscal note prepared by the Court System appear excessive. For instance, the fiscal note anticipates a need for 12,000 sq. ft. at a cost of \$.95/sq. ft. per month. Both amount of space and unit cost appears high. I also believe that the position of Deputy Clerk of Court could be deleted without seriously hampering the operation (assuming that any new personnel are required at all!), at a savings of about \$25,000.

**MEMORANDUM****State of Alaska**TO: 

The Honorable John Butrovich, Chairman  
 Senate Finance Committee  
 Alaska State Legislature  
 Juneau, Alaska

DATE: April 2, 1971

FROM: 

R. D. Stevenson  
 Deputy Commissioner  
 Department of Revenue  
 Alaska Office Building  
 Juneau, Alaska

SUBJECT: CS for Senate Bill No. 195  
Watercraft Fuel Tax

Committee Substitute for Senate Bill No. 195 provides for an increase in the tax on motor fuel used in engines for the propulsion of boats and watercraft of all descriptions, including that motor fuel which may be utilized for heating and cooking aboard boats and watercraft from the present 3¢ per gallon to 4¢ per gallon.

Revenue estimates that appear in the document entitled "State of Alaska - Revenue Sources - 1970-76", page 55, were based on the present rate of 3¢ per gallon with an exclusion from taxation for motor fuel utilized for heating and cooking aboard boats and watercraft. However, for projecting the basic additional revenue to be obtained by the increase in the tax from 3¢ to 4¢ per gallon the following statistics are provided:

| <u>Fiscal Year Ending</u> | <u>Original Estimate<br/>@ 3¢ per gallon</u> | <u>Projected Estimate<br/>@ 4¢ per gallon</u> | <u>Additional<br/>Revenue</u> |
|---------------------------|--|---|-------------------------------|
| June 30, 1972             | \$ 802,400                                   | \$1,069,866                                   | \$ 267,466                    |
| June 30, 1973             | 826,500                                      | 1,102,000                                     | 275,500                       |
| June 30, 1974             | 851,300                                      | 1,135,066                                     | 283,766                       |
| June 30, 1975             | 876,800                                      | 1,169,066                                     | 292,266                       |
| June 30, 1976             | 903,100                                      | 1,204,133                                     | 301,033                       |
| Five Year Totals          | \$4,260,100                                  | \$5,680,131                                   | \$1,420,031                   |

In addition to the proposed basic increase of 1¢ per gallon on watercraft fuel tax, the proposed legislation will remedy a costly loophole in our watercraft fuel tax statutes which in essence has permitted boat owners who have a common storage facility for diesel fuel to purchase tax free a questionable portion of the marine diesel fuel for "cooking and heating."

While it is obvious in most cases that a small portion of the diesel fuel is actually used for "cooking and heating," the practice that has been followed by many boat owners indicates a bad abuse with tax avoidance as the prime result.

In practice the owner of the watercraft indicates to the marine fuel dealer the "percentage" or amount in gallons that is to be used for "cooking and heating" as opposed to the percentage or amount in gallons to be used for

propulsion at the time of the purchase of the diesel fuel. Since the State does not levy any tax on heating fuel, the owner of the watercraft does not want to pay any tax on that portion of the total fuel delivered that the boat owner "thinks" or "determines" will be used for "cooking and heating."

The Department of Revenue conducted very detailed audits in Southeastern Alaska and in Southcentral Alaska in 1966 and again in 1968 to determine by and large what percentage of diesel fuel that was placed in common storage facilities aboard watercraft was being "claimed" as for "heating and cooking" upon which no watercraft fuel tax was paid.

The 1968 watercraft fuel tax audit was performed at 11 Alaskan ports covering diesel fuel purchases by owners of watercraft that had common storage facilities during the sales made in June and July of 1968. In examining some 4,033 diesel fuel invoices covering sales of 2,452,835 gallons of diesel fuel, the gallonage claimed for "heating and cooking" amounted to 609,792 gallons or 24.86% of the total sales. The 3¢ watercraft fuel tax on the "exempt" gallonage for the two month period would have amounted to 609,792 x \$0.03 or \$18,293.76. The same "exempt" gallonage at a 4¢ watercraft fuel tax for a two month period would be--609,792 x \$0.04 or \$24,391.68.

Attached is a copy of the 1968 audit report for a breakdown by locality of percentage of purchases of diesel fuel claimed by boat owners as for "heating and cooking" aboard watercraft. The audit does not cover all ports in Alaska.

Considering that harbor improvements are funded by watercraft fuel tax revenues, it could be noted that the abuse by some of the watercraft owners who have in the past claimed abnormally high amounts of diesel fuel for "cooking and heating" has obviously decreased total tax revenues available for improvements to the public harbors, docks and floats for use by all boat owners.

It is to be noted that House Bill No. 374 has been introduced as a companion bill covering the same subject identically.

RANDOM

State of Alaska

to: P. J. A. Stevenson  
Deputy Commissioner  
Department of Revenue

DATE: April 5, 1971

FROM: Ralph Kimlinger, Manager  
Juneau Field Office  
Department of Revenue

SUBJECT: SB 203 - Special Assistance License  
Hunting, Fishing, & Trapping

Senate Bill 203 removes the Special Assistance License from present resident Hunting, Trapping and Sport Fishing classification and sets up a new classification. Under the new classification a resident, who meets certain qualifications, can purchase a hunting, trapping and sport fishing license for \$5.00. The purpose of this bill is to set up the Assistance License so it will qualify for funds received under the Pittman-Robertson and the Dingell-Johnson Acts.

Passage of this bill will bring additional funds to the State Treasury. Based on calendar year 1970 sales, the additional funds received would be:

|              |                 |
|--------------|-----------------|
| Fish Fund    | \$ 8,060.00     |
| Game Fund    | 11,290.00       |
| General Fund | <u>4,830.30</u> |
| Total        | \$24,180.00     |

Using the same base and calculating the breakdown of funds according to CSSB 149 Am. the distribution would be:

|              |                 |
|--------------|-----------------|
| Fish Fund    | \$ 8,060.00     |
| Game Fund    | 8,060.00        |
| General Fund | <u>8,060.00</u> |
| Total        | \$24,180.00     |

Since licenses are sold on a calendar year basis, Senate Bill 203 has an effective date of January 1, 1972. The percentage of funds which can be expected for fiscal 1971-72 is calculated at 50% of \$24,180.00 or \$12,090.00.

No additional problems of administration are anticipated by passage of this bill.

ALASKA GOVERNMENT

State of Alaska

TO: Governor

DATE : February 3, 1971

FROM: Fred Holstad, Assistant Director  
Division of Protection  
Department of Fish and Game

SUBJECT: SB #63 - Act Relating to the  
Use of Snow Vehicles in  
Hunting Game Animals

The following comments are provided for your consideration on the above Senate Bill:

Providing the authority to hunt dependant upon possession of a class 5A license should necessitate a review of what type of individual actually purchases this 25¢ license. The following is total numbers statewide by age, class and sex purchasing class 5A licenses:

| Age | 16-17 | 18-24 | 25-34 | 35-44 | 45-54 | 55-64 | 65+ | Unk / Age |
|-----|-------|-------|-------|-------|-------|-------|-----|-----------|
| F   | 27    | 158   | 183   | 185   | 152   | 160   | 104 | 2         |
| M   | 143   | 710   | 733   | 643   | 585   | 528   | 627 | 18        |
| Unk |       |       | 3     | 2     | 2     | 4     | 2   | 2         |
|     | 170   | 868   | 919   | 830   | 739   | 692   | 733 | 22        |

Total Female 971  
 Male 3,987  
 Sex Unknown 15  
 4,973

FOR 1970

This analysis indicates 39.5% of the licenses purchased are by individuals under the age of 35 years and 20.9% are under the age of 25. The 1968 analysis of class 5A licenses also reveals that 17% of the licenses were sold to individuals claiming residence in the city of Anchorage or Fairbanks. Anchorage contributed 509 sales and Fairbanks 331 sales.

A sample of other communities throughout the state where, by the terms of this bill, there are species without bag limit available (caribou) and specific discrimination is provided are:

SB 203: Amend the License

The purpose of SB 203 is simply to change the 25¢ license to a \$5.00 "Special resident hunting, trapping and sport fishing license." That is all this bill does. In doing so, the language is deleted from sec. 340 (a) (5) [lines 12 through 18] and placed, unchanged, in a new subsection.

This bill would, based on calendar year 1970 sales, result in \$24,160 in additional funds to the state.

At the same time it will help lessen the abuse that has been occurring with the 25¢ license. We have received testimony from the Dept.s of F&G and Revenue to the effect that most of the licenses are being purchased by those living in and around the cities - primarily Anchorage and Fairbanks. They also supplied us with an age breakdown. Of those receiving the license in 1970, 40% are under 35 years of age and 20% are between 16 and 25. We have also received received testimony from those selling the licenses that many people are getting them who are not entitled to them.

It was the feeling of the committee that these people are using the resources of the state and should help pay for the cost of managing those resources.

# MEMORANDUM

# State of Alaska

TO:  The Honorable John Butrovich, Chairman  
Senate Finance Committee  
Alaska State Legislature  
Juneau, Alaska

DATE : April 6, 1971

FROM:   
R. D. Stevenson  
Deputy Commissioner  
Department of Revenue  
Juneau, Alaska

SUBJECT: Senate Bill No. 206  
Duplicate License Fees  
Sport Fishing & Hunting Licenses

Attached are eight copies of a report from Ralph Kimlinger, Manager, Juneau Field Office of the Department of Revenue, concerning estimated revenue to be obtained by the passage of Senate Bill No. 206. Mr. Kimlinger is in charge of our Fish and Game Licensing Section.

For your information, on a comparative basis, the State does receive duplicate fees for motor vehicle registration and motor vehicle titles in amount of \$2.00. The additional fees so received compensate for the time and processing the necessary documents.

# MEMORANDUM

## State of Alaska

TO: R. D. Stevenson  
Deputy Commissioner  
Department of Revenue

DATE : April 6, 1971

FROM: Ralph Kimlinger, Manager  
Juneau Field Office  
Department of Revenue

SUBJECT: SB 206 - Duplicate License Fees  
Sport Fishing & Hunting Licenses

Senate Bill 206 sets up a fee of \$2.00 for each duplicate sport fishing, hunting or trapping license or tag issued. No records have been maintained as to the number of duplicate licenses or tags issued by the Department of Revenue but we have estimated that between 3,000 and 3,500 are issued each year at no fee to the applicant.

Based on the above estimate, the State will receive between \$6,000.00 and \$7,000.00 each year from the passage of this bill.

No problems are anticipated with the passage of this bill.

James D. Smith  
Signature of Camera Operator

4/4/89  
Date

To: Senate Finance Committee  
From: Rich Guthrie *RG*  
Date: May 2, 1972  
Subj: SB 209

The committee had requested a Senate Finance Committee Substitute for SB 209 which would provide for an Alaska National Guard and Naval Militia retirement system similar to the Public Employees' Retirement System.

Mary Jean Hackwood was contacted, and it was her estimate that a minimum of two months would be required to develop the necessary employee data upon which an actuarial study could be based. In addition, it would be difficult to pattern proposed legislation after that of the PERS, since it had been earlier stated to this staff member that the PERS legislation was itself in need of major revision. Therefore, it was felt that completely new legislation would be required, and this would further extend the time frame for a new Guard retirement system.

For these reasons, the Senate Finance CS for SB 209 makes only minor revisions to the original bill. These are:

1. The Alaska Navel Militia is included in the proposed retirement system;
2. The proposed retirement system is not placed within the existing PERS, but is simply assigned to the Dept. of Administration.
