HB 1083

February 20, 1976

Mayor Leo Nunley
City of Wasilla
P.O. Box 430
Wasilla, Alaska 99687

Dear Mayor Nunley:

Pursuant to our discussions with the city clerk, Candice Cottle, and her letter of February 12, 1976, we hereby submit a proposed Scope of Work for a Water and Sewer Study for the City of Wasilla. Also submitted is an estimate of the costs to complete the study.

It is our understanding that this information will be utilized by your local legislative representative to assist him in presenting this project to the state legislature.

The scope of study that we have outlined will provide the City of Wasilla with information needed for development of a water and sewer system. The items outlined in the Scope of Work will be completed only in a general manner in that detailed analysis will not be possible under the funding available. The information obtained from this study will not qualify the City for funding under an Environmental Protection Agency grant. It will provide the City with the necessary information to be placed on the State Environmental Conservation Priority list for possible funding under both State Department of Environmental Conservation and Federal EPA programs for 1977 or 1978.

We realize how important this study is to Wasilla and are therefore anxious to assist with its preparation. We look forward to discussing this proposed Scope of Work with you at your February 23 council meeting in Wasilla.

Yours very truly,

BOMHOFF & ASSOCIATES, INC.

(18) "veterans organization" means a civic, service or charitable organization in the state, or a branch or lodge or chapter of a national or state organization in the state, not for pecuniary profit, the membership of which consists of individuals who were members of the armed services or forces of the United States, and which has been in existence for five years before applying for a license under this chapter. (§ 1 ch 27 SLA 1960)

Permit for more than one activity.—See same catchline in note to AS 05.15.040.

Limitation on raffle or lottery.—Item (16) of this section authorizes certain raffles and lotteries, but limits the raffle or lottery to that type conducted by a drawing for prizes. 1960 Op. Atty. Gen., No. 8.

"Lottery" does not include an ice pool.—That the term "lottery" as used in item (16) of this section does not include an ice pool is indicated by the express provisions of item (12). 1960 Op. Atty. Gen., No. 8.

While the conduct of an ice pool might come within the definition of a lottery, by the language in item (16)

of this section, the legislature has limited a lottery to a game conducted by a drawing for prizes. 1960 Op. Atty. Gen., No. 8.

If the term lottery in item (16) of this section was meant to include an ice classic, then item (12) would be meaningless. 1960 Op. Atty. Gen., No. 8.

Only two ice pools authorized.—While there may have been other ice pools conducted prior to the date of this section, the language of item (12) shows that the legislature intended to authorize only two pools, the Nenana and Chena, and none other. 1960 Op. Atty. Gen., No. 8.

Health Benefits: Present monthly cost \$65.10 per employee. Benefit is based on calendar month, therefore, 90-day session would entail four months per employee.

Total temporary session employees is 144.

$$\$65.10 \times 4 \text{ months} \times 144 \text{ employees} = \$37,497.60.$$

Retirement Benefits: Estimated five employees to participate or lesser number with more years of service. Contributions in first year from employees will offset cost.

$$\$1,200 \times 5 = \$6,000 \text{ less } \$5,000 \text{ contributions} = \$1,000.00.$$

These funds are included in the F.Y. 1977 Budget Request of the Agency.

The Honorable Mike Bradner
Speaker of the House
Alaska State Legislature
Juneau, Alaska 99811

Dear Mr. Speaker:

In accordance with AS 24.30.060(b) and the Uniform Rules of the Alaska State Legislature, I am transmitting a bill making a supplemental appropriation to the Department of Highways to match federal highway-construction funds. Federal-aid apportionments exceeded estimates for Fiscal Years 1974, 1975, and 1976; thus those federal funds are available for use by the state if we appropriate the requisite state matching funds. The bill includes the estimated state match for the first half of Fiscal Year 1977. Another bill I have introduced (HB 623) proposes a bond issue for state highway construction, and a provision of this appropriation bill requires reimbursement of the general fund from the proceeds of that bond sale.

Sincerely,

Jay S. Hammond
Governor

Department of Highways

Federal Aid apportionments exceeded estimates as follows:

	Fed	Match needs
FY 1974	\$ 3,511,074	\$ 418,226
FY 1975	9,552,242	1,302,552
FY 1976	29,871,981	4,073,439
E/R A/c	2,800,000	381,818
Total	\$ 45,735,277	\$ 6,236,541

Federal Aid estimate for per. 100 from 6/30/76 and 12/31/76 (included in capital improvement appropriation):

\$ 40,000,000 \$ 5,454,545

Total interim appropriation **\$ 11,691,086**

MEMORANDUM

FEB 19 1976

TO: Honorable Hugh Malone
Chairman
House Finance Committee

DATE : February 18, 1976

FROM:  Walter B. Parker
Commissioner
Department of Highways SUBJECT: 00-3077
Request of Feb. 13, 1976

In accordance with your request of February 13, 1976 at the House Finance Committee meeting on the Department of Highways' budget, I am submitting the following items:

1. List of estimated federal funds which are unobligated as of this date, along with our forecast of federal revenues through fiscal 1978. We have included federal-aid matching ratios as known and anticipated. The committee must realize that fiscal 77-78 depends on funding provisions not yet passed in Congress as the 1975 Highway Act. The Alaska assistance funds are not in either the House or the Senate version.
2. List of projects awarded by the Department of Highways during calendar year 1975. The estimated total dollars are those listed in our 1975 Construction Program and include total estimated costs of preliminary engineering, right-of-way, construction engineering and utilities, while the awarded amounts do not include these figures.
3. Representative Naughton requested the number of engineering personnel on board during the past calendar year. We have attached a listing of CIP employees as of July 1975 and also as of January 1976. This illustrates the high and low CIP employment of the department. The majority of the employees shown are engineering types. However, there are a few clerical and support people who charge their time to the Capital Improvement Projects budget.

The above represents information requested by your committee to date. If additional information is desired, please contact this office.
