2 SENATE CONCURRENT RESOLUTION NO. 27

3 IN THE LEGISLATURE OF THE STATE OF ALASKA

4 NINTH LEGISLATURE - FIRST SESSION

5 Requesting a competitive lease sale of
6 tracts in the Beaufort Island region.

7 BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:

8 WHEREAS various alternatives have been proposed to provide adequate
9 state revenues during the period before the operation of the trans-Alaska
10 pipeline; and

11 WHEREAS the most advantageous of these alternatives is the competitive
12 auction of leasable tracts in the Beaufort Island region, which would be an
13 extension of the Prudhoe Bay field; this alternative being most desirable for
14 the following reasons, among others:

15 (1) the leasable tracts are "highly attractive" to industry, and
16 the state can expect a very substantial bonus income;

17 (2) the legislature has recorded testimony to the effect that a
18 more favorable environment for leasing cannot be expected;

19 (3) production from leasable tracts would permit the trans-Alaska
20 pipeline to operate at capacity, thus increasing the value of oil at the
21 wellhead, wellhead value being the basis for computing state royalty income,
22 production tax receipts and certain payments to be made into the Alaska
23 Native fund;

24 (4) the leasable tracts are so located as to allow their develop-
25 ment without new transportation infrastructure construction since these
26 tracts can be serviced by the trans-Alaska pipeline and port facilities at
27 Valdez;

28 (5) development of new leases in the Beaufort Islands would have
29 marginal adverse environmental effect because of the shallow waters involved

1 inward from the Barrier Islands, and because existing airfields and camps now
2 at Prudhoe Bay could service such an extension of the Prudhoe field;

3 BE IT RESOLVED by the Alaska State Legislature that the Governor is
4 respectfully requested, subject to a satisfactory environmental assessment,
5 to conduct a competitive lease sale of tracts in the Beaufort Islands area
6 in the autumn of 1975, except that before holding the lease sale he shall
7 establish minimum bids for each particular tract that will be acceptable to
8 the state and protect the public interest.

Dear Senator Ray:

We have reviewed SCR 50 relating to the non-taxability of the special Federal rebates on 1974 income taxes.

At the time of the passage of the 1975 tax reduction act which is the Federal legislation providing for these rebates, we reviewed that statute and had concluded that the rebates would not be taxable for Alaska purposes.

Accordingly, our determination is in agreement with the thrust of SCR 50 and we therefore do not anticipate any administrative problems or detrimental effects on the State Treasury as a result of passage of this resolution and the adoption of the policy stated therein.

Best regards,

9 payments in excess of \$12,000

10 BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:

11 WHEREAS, state lease revenue bonds in the original amount of \$29,095,000
12 were issued by the Alaska State Housing Authority on October 15, 1970,
13 pursuant to AS 18.55.010, (called the "original bonds" in this resolution)
14 in three separate issues, (a) one issue being in the original amount of
15 \$5,560,000 to finance the Anchorage District Highway Complex, the Petersburg
16 Highway Shop, Alcantra Youth Camp, Sand Point Fish and Game Headquarters,
17 Cordova Highway Shop and Fort Yukon Combined Facility, (b) one issue being
18 in the original amount of \$7,825,000 to finance the Anchorage Court Building
19 and the Ketchikan Court and Office Building, and (c) one issue being in the
20 original amount of \$12,700,000 to finance the State Office Building in
21 Juneau; and

22 WHEREAS, the original bonds were all dated October 1, 1970, and due to
23 stringent bond market conditions then prevailing, were issued to bear
24 interest at an effective rate of 6.98 per cent and were scheduled to mature,
25 and have matured or will mature, in the years 1972 to 1985; and

26 WHEREAS, the useful life of the above structures extends well beyond
27 the final maturity date of the original bonds and the compressed term of
28 the original bonds is causing inordinately high annual debt-service payments
29 and resultant high annual rental payments to the state agencies occupying

1 those structures; and

2 WHEREAS, AS 18.55.140 permits the refunding of bonds of the authority
3 and it is advantageous and in the best interest of the state to permit the
4 authority to issue refunding bonds with the effect and result of extending
5 the maturities and reducing annual debt service and annual rental payments
6 during the next several or more years even though total debt service and
7 total rental payments may be increased; and

8 WHEREAS, the issuing of refunding bonds and appropriate disposition of
9 the proceeds of refunding bonds under the trust indentures securing the
10 original bonds (a) would cause the original bonds to be no longer out-
11 standing, (b) would permit the termination of the leases (authorized by
12 concurrent resolution in accordance with AS 37.05.280) securing the original
13 bonds with respect to the use of the space in the structures, and (c) would
14 require a new lease or leases providing for the use of space of the struc-
15 tures financed by the original bonds to be refunded by bonds of the authority;

16 BE IT RESOLVED, that the use of the space to be provided by a new
17 lease or leases from the Alaska State Housing Authority for use of the
18 space by the state in the structures enumerated above and below, financed
19 by the Alaska Housing Authority State Lease Revenue bonds dated October 1,
20 1970 and providing for payments in excess of \$12,000 annually, is expressly
21 approved in accordance with AS 37.05.280: Anchorage District Highway
22 Complex, the Petersburg Highway Shop, Alcantra Youth Camp, Sand Point Fish
23 and Game Headquarters, Cordova Highway Shop, Fort Yukon Combined Facility,
24 Anchorage Court Building, Ketchikan Court and Office Building and the State
25 Office Building in Juneau; and be it

26 FURTHER RESOLVED, that the existing leases heretofore authorized by
27 various Concurrent Resolutions of the Alaska Legislature pursuant to AS
28 37.05.280 and the site leases between the Authority and the Department
29 of Public Works securing those bonds shall be terminated as permitted under

1 the terms of the trust indenture securing the bonds at the time the new
2 lease or leases are entered into.

House Joint Resolution No. 68 petitions the U. S. Senate not to ratify articles 2 and 9 of the proposed U.S. - United Kingdom tax treaty. If the treaty is ratified without this reservation the following loss of corporation income tax revenues for the State of Alaska could be expected:

Fiscal year ending	1977	\$ 3,000,000
	1978	3,000,000
	1979	30,000,000
	1980	60,000,000
Years there after		80,000,000

The potential loss in revenue greatly increases as the oil on the North Slope begins to flow.

There would be no additional cost of administration with the bill.

4 NINTH LEGISLATURE - SECOND SESSION

5 Relating to construction of a road between
6 Noatak and Navyoaruk, and to the Noorvik
7 gravel source road.

8 BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:

9 WHEREAS during much of the year the water level at Noatak is insuffi-
10 cient to allow the landing of barges carrying needed supplies and necessities
11 of life for Alaskans living in the area; and

12 WHEREAS it would be entirely feasible for a road to be built connecting
13 Noatak and Navyoaruk, approximately 10 miles downriver from Noatak; and

14 WHEREAS the Noatak River and its environs above Navyoaruk harbor an area
15 of wild and pristine beauty, until now relatively untouched by commercial
16 activities; and

17 WHEREAS construction of this proposed road would assure landing access
18 of barges at Navyoaruk from which vital supplies, food, fuel, and other
19 necessities could be transported to Noatak; and

20 WHEREAS construction of this road would also assure the maintenance of
21 the river upstream from Navyoaruk in its unspoiled and natural state; and

22 WHEREAS the community of Noorvik is in need of gravel for airport con-
23 struction projects and local streets; and

24 WHEREAS it is projected that in the future there will be a need for
25 gravel for the continued maintenance of this same airport; and

26 WHEREAS there is a readily available gravel source approximately nine
27 miles east of Noorvik; and

28 WHEREAS, if a winter access road were constructed from Noorvik to this
29 gravel source, it would enable that community to secure an adequate gravel

1 supply for its airport construction project and local streets, as well as for
2 the future maintenance of them;

3 BE IT RESOLVED by the Alaska State Legislature that the Governor is
4 respectfully requested to direct the Department of Highways to construct the
5 proposed road from Noatak to Navyoaruk, and the proposed Noorvik gravel
6 source road; and be it

4 NINTH LEGISLATURE - SECOND SESSION

5 Relating to proposed increases in student

6 fees at the University of Alaska.

7 BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:

8 WHEREAS it has been proposed that the Regents of the University of
9 Alaska increase student fees to meet shortfalls in revenue or appropriations
10 to operate the University for the current or future fiscal years; and

11 WHEREAS it has been the long-standing policy of the state to afford its
12 residents an opportunity to obtain an education in the state university
13 system, including the community colleges, at minimal cost; that policy con-
14 tinues to be one of the most salutary features of Alaska's system of higher
15 education; and

16 WHEREAS the student fee increase proposal runs counter to the strong
17 recommendation of the President of the University that student fees at the
18 community colleges gradually be reduced, and ultimately eliminated, over the
19 next several years;

20 BE IT RESOLVED that it is the sense of the Alaska State Legislature that
21 an increase in student fees at the University of Alaska, including the com-
22 munity colleges, to meet annual operating costs caused by shortfalls in
23 revenue from any source would seriously diminish educational opportunity
24 within this state, especially among those who can least afford it.

25 COPIES of this Resolution shall be sent to the members of the Board of
26 Regents and to the President of the University of Alaska.
