1 IN THE HOUSE

2 HOUSE BILL NO. 960

3 IN THE LEGISLATURE OF THE STATE OF ALASKA

4 TENTH LEGISLATURE - SECOND SESSION

5 A BILL

6 For an Act entitled: "An Act relating to fish and game management."

7 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

8 \* Section 1. INTENT. The legislature finds that there is a need to  
9 develop a statewide policy on the utilization, development and conservation  
10 of fish and game resources, and to recognize that those resources are not  
11 inexhaustible and that preferences must be established among beneficial users  
12 of the resources. The legislature further determines that it is in the  
13 public interest to clearly establish subsistence use as the priority bene-  
14 ficial use of Alaska's fish and game resources and to recognize the needs,  
15 customs and traditions of Alaskan residents. The legislature further finds  
16 that beneficial use of those resources by all state residents should be  
17 carefully monitored and regulated, with as much input as possible from the  
18 affected users, so that the viability of fish and game resources is not  
19 threatened and so that resources are conserved in a manner consistent with  
20 the sustained-yield principle.

21 \* Sec. 2. AS 16.05.020(1) is amended to read:

22 (1) supervise and control the department, and, except as  
23 provided under sec. 93 of this chapter, he may appoint and employ divi-

3 administered by a director appointed by the ; vernor.

4           Sec. 16.05.094. DUTIES OF DIVISION OF SUBSISTENCE HUNTING AND  
5 FISHING. The division of subsistence hunting and fishing shall

6           (1) compile existing data and conduct studies to gather  
7 information on all aspects of the role of subsistence hunting and fish-  
8 ing in the lives of the residents of the state;

9           (2) quantify the amount, value, and extent of dependence on  
10 food acquired through subsistence hunting and fishing;

11           (3) make information gathered available to the legislature in  
12 a form suitable for use in developing legislation relating to land and  
13 water management;

14           (4) assist the legislature to determine what uses of fish and  
15 game, as well as which users and what methods, should be termed sub-  
16 sistence uses, users, and methods;

17           (5) evaluate the impact of state and federal laws and regu-  
18 lations on subsistence hunting and fishing and, when corrective action  
19 is indicated, make recommendations to the governor and the legislature;

21 of Fisheries regarding adoption, amendment and repeal of regulations  
22 relating to subsistence hunting and fishing.

25 of the conservation and development of the fishery resources of the  
26 state, there is created the Board of Fisheries composed of nine [SEVEN]  
27 members appointed by the governor, subject to confirmation by a majority  
28 of the members of the legislature in joint session. The [APPOINTED]  
29 members shall be residents of the state and shall be appointed without

1 regard to political affiliation [OR GEOGRAPHICAL LOCATION OF RESIDENCE].  
2 Membership of the board shall include one user of fish for subsistence  
3 from each of the four judicial districts of the state, two holders of  
4 sport fishing licenses who are not users of fish for subsistence, two  
5 holders of commercial fishing licenses, and one member at large. The

24 with the Administrative Procedure Act, that adoption of such regulations  
25 will jeopardize or interfere with the maintenance of fish stocks on a  
26 sustained-yield basis. Whenever it is necessary to restrict the taking  
27 or other consumptive uses of fish in order to assure the maintenance of  
28 fish stocks on a sustained-yield basis, or the continuation of subsis-  
29 tence uses of such resources, subsistence use shall be the priority use.

1 If further restriction is necessary, the board shall establish restric-

15 or other consumptive uses of game in order to assure the maintenance of  
16 game resources on a sustained-yield basis, or the continuation of sub-  
17 sistence uses of such resources, subsistence use shall be the priority

27 permitted.

28 \* Sec. 8. AS 16.05.257(a) is amended to read:

29 (a) The Board of Game, at its regularly scheduled annual meeting,

5 A BILL

6 For an Act entitled: "An Act relating to fish and game management."

7 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

8 \* Section 1. INTENT. The legislature finds that there is a need to  
9 develop a statewide policy on the utilization, development and conservation

11 inexhaustible and that preferences must be established among beneficial users  
12 of the resources. The legislature further determines that it is in the  
13 public interest to clearly establish subsistence use as the priority bene-  
14 ficial use of Alaska's fish and game resources and to recognize the needs,  
15 customs and traditions of Alaskan residents. The legislature further finds  
16 that beneficial use of those resources by all state residents should be  
17 carefully monitored and regulated, with as much input as possible from the  
18 affected users, so that the viability of fish and game resources is not  
19 threatened and so that resources are conserved in a manner consistent with  
20 the sustained-yield principle.

21 \* Sec. 2. AS 16.05.020(1) is amended to read:

6                 (1) compile existing data and conduct studies to gather  
7 information on all aspects of the role of subsistence hunting and fish-  
8 ing in the lives of the residents of the state;

9                 (2) quantify the amount, value, and extent of dependence on  
10 food acquired through subsistence hunting and fishing;

12 a form suitable for use in developing legislation relating to land and  
13 water management;

28 of the members of the legislature in joint session. The [APPOINTED]  
29 members shall be residents of the state and shall be appointed without

25 will jeopardize or interfere with the maintenance of fish stocks on a  
26 sustained-yield basis. Whenever it is necessary to restrict the taking  
27 or other consumptive uses of fish in order to assure the maintenance of  
28 fish stocks on a sustained-yield basis, or the continuation of subsis-  
29 tence uses of such resources, subsistence use shall be the priority use.

8 (b) For purposes of the conservation and development of the game  
9 resources of the state, there is created a Board of Game composed of  
10 nine [SEVEN] members appointed by the governor, subject to confirmation  
11 by a majority of the members of the legislature in joint session. The  
12 [APPOINTED] members shall be residents of the state, and shall be ap-  
13 pointed without regard to political affiliation [OR GEOGRAPHICAL LOCA-  
14 TION OF RESIDENCE]. Membership of the board shall include one user of  
15 game for subsistence from each of the four judicial districts of the  
16 state, two holders of hunting licenses who are not users of game for  
17 subsistence, two master guides, and one member at large. The commis-  
18 sioner is not a member of the Board of Game, but shall be ex officio  
19 secretary.

20 \* Sec. 6. AS 16.05.251 is amended by adding a new subsection to read:

21 (b) The Board of Fisheries shall adopt regulations in accordance  
22 with the Administrative Procedure Act (AS 44.62) permitting the taking  
23 of fish for subsistence uses unless the board determines, in accordance  
24 with the Administrative Procedure Act, that adoption of such regulations  
25 will jeopardize or interfere with the maintenance of fish stocks on a  
26 sustained-yield basis. Whenever it is necessary to restrict the taking  
27 or other consumptive uses of fish in order to assure the maintenance of  
28 fish stocks on a sustained-yield basis, or the continuation of subsis-  
29 tence uses of such resources, subsistence use shall be the priority use.

1 If further restriction is necessary, the board shall establish restric-  
2 tions and limitations on and priorities for these consumptive uses on  
3 the basis of the following criteria:

4 (1) customary and direct dependence upon the resource as the  
5 mainstay of one's livelihood;

6 (2) local residency; and

7 (3) availability of alternative resources.

8 \* Sec. 7. AS 16.05.255 is amended by adding new subsections to read:

9 (b) The Board of Game shall adopt regulations in accordance with  
10 the Administrative Procedure Act (AS 44.62) permitting the taking of  
11 game for subsistence uses unless the board determines, in accordance  
12 with the Administrative Procedure Act, that adoption of such regulations  
13 will jeopardize or interfere with the maintenance of game resources on a  
14 sustained-yield basis. Whenever it is necessary to restrict the taking  
15 or other consumptive uses of game in order to assure the maintenance of  
16 game resources on a sustained-yield basis, or the continuation of sub-  
17 sistence uses of such resources, subsistence use shall be the priority  
18 use. If further restriction is necessary, the board shall establish  
19 restrictions and limitations on and priorities for these consumptive  
20 uses on the basis of the following criteria:

21 (1) customary and direct dependence upon the resource as the  
22 mainstay of one's livelihood;

23 (2) local residency; and

24 (3) availability of alternative resources.

25 (c) No regulations permitting the taking of game may be adopted  
26 unless the game is edible at the time of year when the taking is to be  
27 permitted.

28 \* Sec. 8. AS 16.05.257(a) is amended to read:

29 (a) The Board of Game, at its regularly scheduled annual meeting,

1 shall consider and may adopt regulations providing for subsistence  
2 hunting in a game management unit or subunit or a portion of a unit or  
3 subunit upon

4 (1) recommendation of the department, based on biological  
5 evidence;

6 (2) the recommendation [MAJORITY VOTE] of the active local  
7 advisory committees for that game management unit or subunit or a por-  
8 tion of a unit or subunit;

9 (3) the written petition of not less than 100 interested  
10 residents of that game management unit or subunit or a portion of a unit  
11 or subunit; or

12 (4) the written petition of not less than 25 interested  
13 residents of an area which is requested for establishment as a subsis-  
14 tence area within a game management unit or subunit or a portion of a  
15 unit or subunit.

16 \* Sec. 9. AS 16.05.257(c) is repealed and re-enacted to read:

17 (c) No regulations may be adopted by the Board of Game under (a),  
18 (b) or (f) of this section unless, in addition to the requirements of AS  
19 44.62.180 - 44.62.290, the department

20 (1) holds public hearings, after reasonable notice, at least  
21 30 days before the meeting at which the regulation is to be adopted,  
22 with at least one of the hearings being held in close proximity to the  
23 area potentially affected;

24 (2) presents at the hearings the information provided for in  
25 (e) of this section;

26 (3) makes the information provided for in (e) of this section  
27 available to the appropriate advisory committees and to petitioners if  
28 consideration of adoption of regulations was prompted by petitions under  
29 (a)(3) or (4) of this section; comments shall be received by the board

1 until 10 days before any adoption of regulations.

2 \* Sec. 10. AS 16.05.257(d) is amended to read:

3 (d) A petition submitted under (a)(3) - (4) of this section shall  
4 contain a complete description of the area requested as a subsistence  
5 area and a specification of the species within the area considered  
6 necessary for subsistence use. A petition or request made under (a)(2),  
7 (3) or (4) of this section must be filed with the department at least  
8 75 days before the next scheduled meeting of the board.

9 \* Sec. 11. AS 16.05.257(e) is repealed and re-enacted to read:

10 (e) The department shall investigate every petition or request  
11 made under (a)(2), (3) or (4) of this section and provide the following  
12 information: (1) the concentration and carrying capacity of the species  
13 to be affected; (2) the concentration of other species; (3) the extent  
14 of competition of other species with the affected species in the area;  
15 (4) the current hunting practices in the area, including numbers of  
16 animals taken and by what methods and means, whether the take is sub-  
17 sistence or recreational, and characteristics of the hunters; (5) the  
18 past and present dependence of persons in the area for subsistence use  
19 of a species; (6) the biomass of the species to be affected; (7) the  
20 population trends in the area; and (8) whether the population is able to  
21 support a nonsubsistence harvest. No decision denying, creating or  
22 changing a subsistence hunting area may be made unless based on specific  
23 written findings of fact regarding all the information provided in  
24 accordance with this section. No subsistence hunting area may be  
25 created if the board determines that creation of such an area will  
26 jeopardize or interfere with the maintenance of game populations on a  
27 sustained-yield basis.

28 \* Sec. 12. AS 16.05.257(h)(1) is amended to read:

29 (1) "subsistence hunting" means the taking of game animals by

1 a state resident for subsistence uses by means defined by the Board of  
2 Game [FOOD OR CLOTHING FOR PERSONAL OR IMMEDIATE FAMILY USE];

3 \* Sec. 13. AS 16.05.257(h)(2) is repealed and re-enacted to read:

4 (2) "subsistence hunting area" means an area in which only  
5 subsistence hunting of the affected species is permitted and which is  
6 managed for maximum food potential.

7 \* Sec. 14. AS 16.05.257 is amended by adding a new subsection to read:

8 (i) The Board of Game may make no decision denying, creating or  
9 changing a subsistence hunting area unless based on specific written  
10 findings of fact regarding all the information provided in accordance  
11 with (e) of this section. No subsistence hunting area may be created if  
12 the board determines that creation of such an area will jeopardize or  
13 interfere with the maintenance of game populations on a sustained-yield  
14 basis.

15 \* Sec. 15. AS 16.05.290 is amended to read:

16 Sec. 16.05.290. COMPENSATION OF BOARD MEMBERS. Each member of a  
17 board is entitled to travel expenses, [AND \$100] per diem, and \$100 in  
18 compensation for each day going to and from and for each day in actual  
19 attendance at board meetings and other meetings or conferences author-  
20 ized by a board.

21 \* Sec. 16. AS 16.05.345 is amended to read:

22 Sec. 16.05.345. MUSK OXEN. The department shall issue big game  
23 tags for the taking of musk oxen if an open season is declared. The  
24 cost of these tags is \$500 for residents and \$1,000 for nonresidents  
25 unless the musk ox is to be taken for subsistence by a person residing  
26 in the vicinity of the habitat of the musk ox, in which case the tag  
27 shall be issued at no charge. Drawings for subsistence musk oxen per-  
28 mits shall be held in villages in the vicinity of the musk oxen habitat.  
29 The department shall conduct a drawing for permits to take musk oxen.

1 No person is eligible for more than one permit a year. Each application  
2 for a permit shall be accompanied by a \$10 fee.

3 \* Sec. 17. AS 16.05.930(b) is amended to read:

4 (b) This chapter does not prohibit a person from taking fish or  
5 game during the closed season for religious purposes or in a case [ , IN  
6 CASE] of dire emergency, as defined by regulation promulgated by the  
7 appropriate board.

8 \* Sec. 18. AS 16.05.930 is amended by adding a new subsection to read:

9 (e) This chapter does not prevent the traditional barter of fish  
10 and game taken by subsistence hunting or fishing, except that the com-  
11 missioner may prohibit the barter of subsistence-taken fish and game by  
12 regulation, emergency or otherwise, if a determination on the record is  
13 made that the barter is resulting in a waste of the resource, damage to  
14 fish stocks or game populations, or circumvention of fish or game  
15 management programs.

16 \* Sec. 19. AS 16.05.940 is amended by adding new paragraphs to read:

17 (26) "subsistence uses" means the customary and traditional  
18 uses in Alaska of wild, renewable resources for direct personal or  
19 family consumption as food, shelter, fuel, clothing, tools, or trans-  
20 portation, for the making and selling of handicraft articles out of  
21 nonedible by-products of fish and wildlife resources taken for personal  
22 or family consumption, and for the customary trade, barter or sharing  
23 for personal or family consumption; for the purposes of this paragraph,  
24 "family" means all persons related by blood, marriage, or adoption, and  
25 any person living within the household on a permanent basis;

26 (27) "barter" means the exchange or trade of fish or game  
27 taken for subsistence uses for valuable consideration other than money.

28 \* Sec. 20. AS 24.20 is amended by adding new sections to read:

29 Sec. 24.20.600. SUBSISTENCE COMMITTEE ESTABLISHED. The Subsis-

1       tence Committee is established as a permanent interim committee of the  
2       legislature. The establishment of the committee is a recognition that  
3       continuous and intensive legislative study and involvement in the sub-

5       remains a viable way of life for those who live it through choice or  
6       necessity.

7       Sec. 24.20.610. MEMBERSHIP. The Subsistence Committee is composed

18      they are appointed. If they are reelected or their term of office ex-  
19      tends into the next succeeding legislature, they continue to serve until

24      Sec. 24.20.640. MEETINGS. The Subsistence Committee may meet  
25      during sessions of the legislature and during the interim between ses-  
26      sions at such times and places in the state as the chairman may deter-  
27      mine. Members may receive, for the minimum time required to get to and  
28      from meetings and for the period while attending meetings, the same  
29      travel and per diem allowances provided by law for members of the legis-

1 legislature when attending sessions, except that members of the committee  
2 receive no per diem during the legislative sessions other than the per  
3 diem allowance paid to other members of the legislature.

4 Sec. 24.20.650. STAFF. The Legislative Affairs Agency shall pro-

27 recommendations;

28 (4) to sponsor legislation in accordance with AS 24.30.-  
29 060(b), including resolutions annulling regulations.

HB 961  
ANCHORAGE COMMUNITY COLLEGE

2533 Providence Drive

April 6, 1978

Mr. Steve Cooper  
House Finance Committee  
Pouch V  
Juneau, Alaska 99802

Dear Mr. Cooper,

I am enclosing with this letter copies of petitions signed by over 700 students and staff on the Anchorage campuses of the University. Students and staff of both campuses are united in the feeling that day care is a top priority need. Space has been set aside in the Student Center/PE megastructure for day care. Funding from the Legislature is necessary both to open the megastructure and to partially fund cost of operating a day care facility. It is assumed that a charge will be made to users of the facility, however, if charges were levied which fully covered the cost of care, the fee would be beyond the reach of many students.

I hope you and the Finance Committee will give positive consideration to funding costs of operating the megastructure and a day care center.

Sincerely,

Miriam Carlson, Chairperson  
Women's Studies Committee
