HB 381

March 13, 1979

The Honorable Terry Gardiner
Speaker of the House
Alaska State Legislature
Juneau, Alaska 99811

Dear Mr. Speaker:

Under the authority of art. III, sec. 18 of the Alaska Constitution, I am transmitting a bill making supplemental appropriations for the purpose of paying salary increases for state employees not covered by a collective bargaining agreement. These appropriations are to fund HB 220 as follows:

- Section 1: Executive Branch, \$571,800
- Section 2: Judicial Branch, \$340,000
- Section 3: Legislative Branch, \$145,900
- Section 4: University of Alaska, \$2,125,600.

Salaries for non-covered employees of the university are established by the Board of Regents and the appropriation made in sec. 4 of the bill is based on a 7 per cent increase for those non-covered employees. The actual increases granted by the board may differ from that percentage and it is anticipated that the university will use a different mechanism.

Sincerely,

SUBJECT: FY 79 Supplemental:
Non-covered Employee
Salary Increase

Please prepare a supplemental bill to appropriate \$3,183,300 general funds for salary increases for non-covered employees of the Executive, Legislative and Judicial branches based upon HB 220, and for non-covered employees of the University of Alaska.

HB 220 provides for a seven percent increase for employees earning up to \$40,000 annually. Employees currently receiving over \$50,000 receive no increase, and employees receiving between \$40,000 and \$50,000 receive increases from 1% to 6% on a graduated scale.

The total amount requested for employees covered by HB 220 is \$1,057,700, all of which is general fund. The bill should have a separate section for each of the following groups of employees: Executive branch, Legislative branch, Judicial branch. Each branch of government should receive its own appropriation directly with the executive branch appropriation being made to the Office of the Governor. A summary schedule and detailed computations are attached. The lapse date of these sections is June 30, 1979.

Salaries for non-covered employees of the University of Alaska are established by the Board of Regents and the amount requested in this bill is based on a 7% increase for employees not covered by collective bargaining agreements. The actual increases granted by the Board of Regents may differ from that percentage and it is anticipated that the University of Alaska will use a different mechanism.

A separate section of the bill with a lapsing date of June 30, 1980 should be made for the \$2,125,600 to be appropriated for the University of Alaska.

MEMORANDUM

TO: Alison Elgee
Budget & Management

DATE: March 1, 1979

FILE NO:

TELEPHONE NO:

FROM: Pat Williams *Pat*
Legislative Finance

SUBJECT: FY 79

As you requested, I have calculated additional salaries and benefits needed for our FY 79 and FY 80 budgets to cover the proposed cost-of-living pay increases:

FY 79: \$17,541 (retroactive to January 1)

HB 381

\$3,183,300 for non-covered employees.

See CSHB 220 for authorization and CSHB 220 explanation for percentage increase.

Executive Branch (715 employees)
Court System (410 employees)
Legislature (140 employees)

HB 385

Sec. 1 Marine Engineers (70 employees) \$86,000;
5% pay increase effective January 1, 1979
(\$72.8), plus additional benefits (FICA
and overtime costs \$13.2)

Sec. 2 Masters, Mates & Pilots (62 employees) \$90,263;
includes 5% pay increase effective January 1, 1979
(\$79.9), plus additional benefits (FICA and
overtime costs \$10.3).

Both of the bargaining units above have contracts calling for a 1% pay increase for each 2 point rise but not for first 2 points, thus 5% pay increase. Both contracts expire 6/30/79.

CSHB 220 (Note: Original HB 220 had typos in salary schedule, thus first committee substitute; Finance Committee Substitute adds language relating to U of A and deletes repealers -- old Sec. 5.)

Sec 1. Sets out salary schedule for employees of Executive branch of state government who are not covered by a collective bargaining unit. The schedule allows a 7% increase up to a \$40,000 salary at which level there is a percentage decrease;

Sec. 2. Anyone making \$4,166 or more is tied to that salary and is not eligible for merit or longevity increases.

Sec. 3. Allows judicial and legislative branch employees to receive salaries comparable to Section 1's salary schedule.

SUBJECT: Funding for MMP Contract

The attached agreements with the Masters, Mates and Pilots (MMP) and the Marine Engineers (MEBA) call for C.O.L. adjustments January 1, 1979, and June 30, 1979. Please note that the C.O.L. is based on rise in the Consumer Price Index (CPI) for the April-October and October-April periods.

A slight hitch developed in the periods for calculating the six-month rises in the CPI, however. The Bureau of Labor Statistics switched from quarterly to bi-monthly reporting, with the result that there are no data for April and October. We do have figures for March, May, September, and November, so agreement had to be reached on which six-month periods were to be used in calculating changes in the CPI.

Last week, agreement was reached with MMP to use the March-September, September-March periods in calculating CPI increases. The March CPI was 180.8; the September reading was 192.8. The contract calls for a one percent pay increase for each two point rise in the Anchorage CPI; the contract also provides no increase for the first two points. Thus, a pay increase of five percent is due for MMP effective January 1, 1979.

As you know, personal services costs for the Marine Unions are extremely difficult to calculate. What I did was calculate the straight-time earnings for a full year at \$2,281,923 for 62 present employees. Five percent for 12 months is \$114,095. Therefore, \$57,048 will be needed for FY 79 to cover the five percent increase in straight-time earnings. I have no idea what the added costs for fringe benefits and overtime will be.

As soon as the Marine Engineers agree on six-month periods to calculate their pay increases, I will prepare a memo to request the necessary funding.

Please contact me at 4407 if you have any questions.

Please refer to my memo of February 13, 1979, concerning the Masters, Mates and Pilots. The Marine Engineers have settled for the same conditions concerning time periods in calculating CPI increases, so they are due for a five percent (5%) pay increase effective January 1, 1979.

I calculated the straight-time earnings for a full year at \$2,912,539 for 79 present employees. Five percent for 12 months is \$145,627. Therefore, \$72,814 will be needed for FY 79 to cover the five percent increase in straight-time earnings.

SUBJECT: Amendment to preparation of a
supplemental bill for Marine
Union salary increases

Please amend our request for a supplemental bill to appropriate funding for a salary increase for the Masters, Mates, and Pilots bargaining unit to include a section to appropriate \$86,000 general funds, \$72,800 will cover the cost of a 5% pay increase effective January 1, 1979 for the Marine Engineer's Bargaining Unit and \$13,200 will cover the additional FICA and overtime costs. The settlement for the Marine Engineer's is identical in time frame and cost-of-living adjustment as explained for the Masters; Mates, and Pilots. The requests were not submitted originally together as there was some question whether or not the Marine Engineer's would agree to the amended time frame of March - September for the C.P.I. reading. This has now been resolved.

Just refer to orig. request - possibly worded differently.

Also, please amend the dollar amounts for the Masters, Mates, and Pilots FY 79 supplemental. The Division of Budget and Management did not originally include additional FICA and overtime costs of \$10,343. Therefore, the request for Masters, Mates, and Pilots should be increased from \$79,920 to \$90,263.

bill for salary increase

Please prepare a supplemental bill to appropriate \$79,900 in general funds for the purpose of funding a salary increase for the Master, Mates, and Pilots bargaining unit. This reflects a 5% increase in the bargaining unit's base salary effective January 1, 1979, plus the cost of increased benefits also included in the contract. The contract, which has been in effect since 1975, was extended last summer by one year to expire on June 30, 1979. The extension calls for a one percent pay increase effective 1/1/79 based on each two-point actual increase (not percentage increase) in the Anchorage Consumer Price Index, from March 1978 to September 1978. The contract also provides no increase for the first two points. The March 1978 CPI was 180.8, and September reading was 192.8. Thus, a pay increase of 5% is due effective 1/1/79.

HB 385

Sec. 1 Marine Engineers (70 employees) \$86,000;
5% pay increase effective January 1, 1979
(\$72.8), plus additional benefits (FICA
and overtime costs \$13.2)

Sec. 2 Masters, Mates & Pilots (62 employees) \$90,263;
includes 5% pay increase effective January 1, 1979
(\$79.9), plus additional benefits (FICA and
overtime costs \$10.3).

Both of the bargaining units above have contracts calling for a 1% pay increase for each 2 point rise but not for first 2 points, thus 5% pay increase. Both contracts expire 6/30/79.

CSHB 220 (Note: Original HB 220 had typos in salary schedule, thus first committee substitute; Finance Committee Substitute adds language relating to U of A and deletes repealers -- old Sec. 5.)

Sec 1. Sets out salary schedule for employees of Executive branch of state government who are not covered by a collective bargaining unit. The schedule allows a 7% increase up to a \$40,000 salary at which level there is a percentage decrease;

Sec. 2. Anyone making \$4,156 or more is tied to that salary and is not eligible for merit or longevity increases.

Sec. 3. Allows judicial and legislative branch employees to receive salaries comparable to Section 1's salary schedule.

RB-385

Dear Mr. Speaker:

Section 1 of the bill appropriates \$86,000 to cover the cost of a 5 per cent pay increase effective January 1, 1979, and associated increased benefits costs, for the Marine Engineers bargaining unit.

Section 2 of the bill appropriates \$90,263 to cover the cost of a 5 per cent pay increase effective January 1, 1979, and associated benefits costs, for the Masters, Mates, and Pilots bargaining unit.

SUBJECT: Funding for MMP Contract

The attached agreements with the Masters, Mates and Pilots (MMP) and the Marine Engineers (MEBA) call for C.O.L. adjustments January 1, 1979, and June 30, 1979. Please note that the C.O.L. is based on rise in the Consumer Price Index (CPI) for the April-October and October-April periods.

A slight hitch developed in the periods for calculating the six-month rises in the CPI, however. The Bureau of Labor Statistics switched from quarterly to bi-monthly reporting, with the result that there are no data for April and October. We do have figures for March, May, September, and November, so agreement had to be reached on which six-month periods were to be used in calculating changes in the CPI.

Last week, agreement was reached with MMP to use the March-September, September-March periods in calculating CPI increases. The March CPI was 180.8; the September reading was 192.8. The contract calls for a one percent pay increase for each two point rise in the Anchorage CPI; the contract also provides no increase for the first two points. Thus, a pay increase of five percent is due for MMP effective January 1, 1979.

As you know, personal services costs for the Marine Unions are extremely difficult to calculate. What I did was calculate the straight-time earnings for a full year at \$2,281,923 for 62 present employees. Five percent for 12 months is \$114,095. Therefore, \$57,048 will be needed for FY 79 to cover the five percent increase in straight-time earnings. I have no idea what the added costs for fringe benefits and overtime will be.

As soon as the Marine Engineers agree on six-month periods to calculate their pay increases, I will prepare a memo to request the necessary funding.

Please contact me at 4407 if you have any questions.

Contract

Please refer to my memo of February 13, 1979, concerning the Masters, Mates and Pilots. The Marine Engineers have settled for the same conditions concerning time periods in calculating CPI increases, so they are due for a five percent (5%) pay increase effective January 1, 1979.

I calculated the straight-time earnings for a full year at \$2,912,539 for 79 present employees. Five percent for 12 months is \$145,627. Therefore, \$72,814 will be needed for FY 79 to cover the five percent increase in straight-time earnings.

SUBJECT: Amendment to preparation of a
supplemental bill for Marine
Union salary increases

Please amend our request for a supplemental bill to appropriate funding for a salary increase for the Masters, Mates, and Pilots bargaining unit to include a section to appropriate \$86,000 general funds, \$72,800 will cover the cost of a 5% pay increase effective January 1, 1979 for the Marine Engineer's Bargaining Unit and \$13,200 will cover the additional FICA and overtime costs. The settlement for the Marine Engineer's is identical in time frame and cost-of-living adjustment as explained for the Masters, Mates, and Pilots. The requests were not submitted originally together as there was some question whether or not the Marine Engineer's would agree to the amended time frame of March - September for the C.P.I. reading. This has now been resolved.

*Just refer
to orig.

Also, please amend the dollar amounts for the Masters, Mates, and Pilots FY 79 supplemental. The Division of Budget and Management did not originally include additional FICA and overtime costs of \$10,343. Therefore, the request for Masters, Mates, and Pilots should be increased from \$79,920 to \$90,263.

bill for salary increase

Please prepare a supplemental bill to appropriate \$79,900 in general funds for the purpose of funding a salary increase for the Master, Mates, and Pilots bargaining unit. This reflects a 5% increase in the bargaining unit's base salary effective January 1, 1979, plus the cost of increased benefits also included in the contract. The contract, which has been in effect since 1975, was extended last summer by one year to expire on June 30, 1979. The extension calls for a one percent pay increase effective 1/1/79 based on each two-point actual increase (not percentage increase) in the Anchorage Consumer Price Index, from March 1978 to September 1978. The contract also provides no increase for the first two points. The March 1978 CPI was 180.8, and September reading was 192.8. Thus, a pay increase of 5% is due effective 1/1/79.

RE: House Bill 386, "An Act Relating to Bond Authorization;
and Providing for an Effective Date".

I do not understand the term "reserved" in this bill. If it means that the bonds remain available for sale if "reserved" the bill should so state. In AS 37.15.025(d) the phrase "the legislature has adopted a bill" is also unclear. Is this intended to mean enactment of legislation or passage of a concurrent legislative resolution?

Finally, (c) would seem to have the unattended result that if work is not begun on a bond authorization more than two years old the bonds shall be scheduled for sale, regardless of whether or not the project is then needed or whether it can be constructed within arbitrage regulations. The subparagraph would seem to mandate a bond sale "with respect to which the authorization has not been rescinded or reserved" even though the project is not ready for construction or may never be constructed. This section could create unintended problems with legality of the bond issue both in terms of whether it can be expended for the purposes authorized by the people and under arbitrage regulations pursuant to Section 103 of the Internal Revenue Code.

(2) any account, department, or establishment of the Government to which such budget authority is available for obligation, and the specific projects or governmental functions involved;

(3) the period of time during which the budget authority is proposed to be deferred;

(4) the reasons for the proposed deferral, including any legal authority invoked by him to justify the proposed deferral;

(5) to the maximum extent practicable, the estimated fiscal, economic, and budgetary effect of the proposed deferral; and

(6) all facts, circumstances, and considerations relating to or bearing upon the proposed deferral and the decision to effect the proposed deferral, including an analysis of such facts, circumstances, and considerations in terms of their application to any legal authority and specific elements of legal authority invoked by him to justify such proposed deferral, and to the maximum extent practicable, the estimated effect of the proposed deferral upon the objects, purposes, and programs for which the budget authority is provided.

EXECUTIVE ORDER NO. 11815

Mar. 21, 1975, 50 F.R. 13299

DELEGATION OF CERTAIN REPORTING FUNCTIONS TO DIRECTOR
OF OFFICE OF MANAGEMENT AND BUDGET

By virtue of the authority vested in me by the Impoundment Control Act of 1974 (Public Law 93-344; 88 Stat. 336; hereinafter referred to as the Act) [this chapter], and section 301 of title 3 of the United States Code [section 301 of Title 3, The President], the Director of the Office of Management and Budget is hereby designated and empowered to exercise, as of October 1, 1974 without ratification or other action of the President (1) the functions required by sections 1014(b) and 1014(d) of the Act [subsec. (b) and (d) of this section] of transmitting to the Comptroller General of the United States and to the Office of the Federal Register copies of special messages transmitted pursuant to section 1012 or 1013 of the Act [sections 1402 and 1403 of this title]; and (2) the function conferred upon the President by section 1014(c) of the Act [subsec. (c) of this section] of submitting to the Congress cumulative reports of proposed rescissions, reservations, and deferrals of budget authority.

GERALD R. FORD

§ 1405. Reports by Comptroller General

Failure to transmit special message

(a) If the Comptroller General finds that the President, the Director of the Office of Management and Budget, the head of any department or agency of the United States, or any other officer or employee of the United States—

(1) is to establish a reserve or proposes to defer budget authority with respect to which the President is required to transmit a special message under section 1402 or 1403 of this title; or

(2) has ordered, permitted, or approved the establishment of such a reserve or a deferral of budget authority;

and that the President has failed to transmit a special message with respect to such reserve or deferral, the Comptroller General shall make a report on such reserve or deferral and any available information concerning it to both Houses of Congress. The provisions of this part shall apply with respect to such reserve or deferral in the same manner and with the same effect as if such report of the Comptroller General were a special message transmitted by the President under section 1402 or 1403 of this title, and, for purposes of this chapter, such report shall be considered a special message transmitted under section 1402 or 1403 of this title.

Incorrect classification of special message

(b) If the President has transmitted a special message to both Houses of Congress in accordance with section 1402 or 1403 of this title, and the Comptroller General believes that the President so transmitted the special message in accordance with one of those sections when the special message should have been transmitted in accordance with the other of those sections, the Comptroller General shall make a report to both Houses of the Congress setting forth his reasons.

If, under section 1402(b) or 1403(b) of this title, budget authority is required to be made available for obligation and such budget authority is not made available for obligation, the Comptroller General is hereby expressly empowered, through attorneys of his own selection, to bring a civil action in the United States District Court for the District of Columbia to require such budget authority to be made available for obligation, and such court is hereby expressly empowered to enter in such civil action, against any department, agency, officer, or employee of the United States, any decree, judgment, or order which may be necessary or appropriate to make such budget authority available for obligation. The courts shall give precedence to civil actions brought under this section, and to appeals and writs from decisions in such actions, over all other civil actions, appeals, and writs. § 1407. Procedure in House of Representatives and Senate

Referral

(a) Any rescission bill introduced with respect to a special message or impoundment resolution introduced with respect to a proposed deferral of budget authority shall be referred to the appropriate committee of the House of Representatives or the Senate, as the case may be.

Discharge of committee

(b)(1) If the committee to which a rescission bill or impoundment resolution has been referred has not reported it at the end of 25 calendar

dar days of continuous session of the Congress after its introduction, it is in order to move either to discharge the committee from further consideration of the bill or resolution or to discharge the committee from further consideration of any other rescission bill with respect to the same special message or impoundment resolution with respect to the same proposed deferral, as the case may be, which has been referred to the committee.

(2) A motion to discharge may be made only by an individual favoring the bill or resolution, may be made only if supported by one-fifth of the Members of the House involved (a quorum being present), and is highly privileged in the House and privileged in the Senate (except that it may not be made after the committee has reported a bill or resolution with respect to the same special message or the same proposed deferral, as the case may be); and debate thereon shall be limited to not more than 1 hour, the time to be divided in the House equally between those favoring and those opposing the bill or resolution, and to be divided in the Senate equally between, and controlled by, the majority leader and the minority leader or their designees. An amendment to the motion is not in order, and it is not in order to move to reconsider the vote by which the motion is agreed to or disagreed to.

Floor consideration in House

(c)(1) When the committee of the House of Representatives has reported, or has been discharged from further consideration of, a rescission bill or impoundment resolution, it shall at any time thereafter be in order (even though a previous motion to the same effect has been disagreed to) to move to proceed to the consideration of the bill or resolution. The motion shall be highly privileged and not debatable. An amendment to the motion shall not be in order, nor shall it be in order to move to reconsider the vote by which the motion is agreed to or disagreed to.

(2) Debate on a rescission bill or impoundment resolution shall be limited to not more than 2 hours, which shall be divided equally between those favoring and those opposing the bill or resolution. A motion further to limit debate shall not be debatable. In the case of an impoundment resolution, no amendment to, or motion to recommit, the resolution shall be in order. It shall not be in order to move to reconsider the vote by which a rescission bill or impoundment resolution is agreed to or disagreed to.

(3) Motions to postpone, made with respect to the consideration of a rescission bill or impoundment resolution, and motions to proceed to the consideration of other business, shall be decided without debate.

(4) All appeals from the decisions of the Chair relating to the application of the Rules of the House of Representatives to the procedure relating to any rescission bill or impoundment resolution shall be decided without debate.

(5) Except to the extent specifically provided in the preceding provisions of this subsection, consideration of any rescission bill or impoundment resolution and amendments thereto (or any conference report thereon) shall be governed by the Rules of the House of Representatives applicable to other bills and resolutions, amendments, and conference reports in similar circumstances.

Floor consideration in Senate

(d)(1) Debate in the Senate on any rescission bill or impoundment resolution, and all amendments thereto (in the case of a rescission bill) and debatable motions and appeals in connection therewith, shall be limited to not more than 10 hours. The time shall be equally divided between, and controlled by, the majority leader and the minority leader or their designees.

(2) Debate in the Senate on any amendment to a rescission bill shall be limited to 2 hours; to be equally divided between, and controlled by, the mover and the manager of the bill. Debate on any amendment to an amendment, to such a bill, and debate on any debatable motion or appeal in connection with such a bill or an impoundment resolution shall be limited to 1 hour, to be equally divided between, and controlled by, the mover and the manager of the bill or resolution, except that in the event the manager of the bill or resolution is in favor of any such amendment, motion, or appeal, the time in opposition thereto, shall be controlled by the minority leader or his designee. No amendment that is not germane to the provisions of a rescission bill shall be received. Such leaders, or either of them, may, from the time under their control on the passage of a rescission bill or impoundment resolution, allot additional time to any Senator during the consideration of any amendment, debatable motion, or appeal.

(3) A motion to further limit debate is not debatable. In the case of a rescission bill, a motion to recommit (except a motion to recommit with instructions to report back within a specified number of days, not to exceed 3, not counting any day on which the Senate is not in session) is not in order. Debate on any such motion to recommit shall be limited to one hour, to be equally divided between, and controlled by, the mover and the manager of the concurrent resolution. In the case of an impoundment resolution, no amendment or motion to recommit is in order.

(4) The conference report on any rescission bill shall be in order in the Senate at any time after the third day (excluding Saturdays, Sundays, and legal holidays) following the day on which such a conference report is reported and is available to Members of the Senate. A motion to proceed to the consideration of the conference report may be made even though a previous motion to the same effect has been disagreed to.

(5) During the consideration in the Senate of the conference report on any rescission bill, debate shall be limited to 2 hours, to be equally

divided between, and controlled by, the majority leader and minority leader or their designees. Debate on any debatable motion or appeal related to the conference report shall be limited to 30 minutes, to be equally divided between, and controlled by, the mover and the manager of the conference report.

(6) Should the conference report be defeated, debate on any request for a new conference and the appointment of conferees shall be limited to one hour, to be equally divided between, and controlled by, the manager of the conference report and the minority leader or his designee, and should any motion be made to instruct the conferees before the conferees are named, debate on such motion shall be limited to 30 minutes, to be equally divided between, and controlled by, the mover and the manager of the conference report. Debate on any amendment to any such instructions shall be limited to 20 minutes, to be equally divided between, and controlled by, the mover and the manager of the conference report. In all cases when the manager of the conference report is in favor of any motion, appeal, or amendment, the time in opposition shall be under the control of the minority leader or his designee.

(7) In any case in which there are amendments in disagreement, time on each amendment shall be limited to 30 minutes, to be equally divided between, and controlled by, the manager of the conference report and the minority leader or his designee. No amendment that is not germane to the provisions of such amendments shall be received. Pub.L. 93-344, Title X, § 1017, July 12, 1974, 88 Stat. 837.
