

LEG. FINANCE - BILLS 1979 - 1980 1154

CSHB 688 cont., thru HB 690

1 (3) give public notice of the proposed exchange of state land
2 in the manner specified in AS 38.05.345 for the sale of state land by
3 public auction.

4 (f) AS 38.50 does not apply to an exchange of state land under
5 this section.

6 (g) If the value of a proposed acquisition of privately owned
7 timber cutting rights under (d) of this section exceeds \$1,000,000, the
8 timber cutting rights may not be acquired unless acquisition is approved
9 by the legislature by concurrent resolution.

10 (h) This section does not authorize a state department or agency
11 to exercise the power of eminent domain to acquire land or timber cut-
12 ting rights for the protection of waters important to the spawning or
13 migration of anadromous fish.

14 (i) In this section,

15 (1) "owner of the timber" means a person who owns the right
16 to cut or harvest standing timber that may be acquired under this sec-
17 tion even if the person holds no other interest in the land on which the
18 timber is located;

19 (2) "timber cutting rights" or "right to cut or harvest
20 timber" means an assignable license together with an interest in the
21 standing timber held by the owner of the timber which allows the owner
22 of the timber or his assignee to enter upon the land on which the timber
23 is located to cut and remove the timber of commercial value.

1 IN THE HOUSE

BY THE RULES COMMITTEE

2 CS FOR HOUSE BILL NO. 688 (Rules)

3 IN THE LEGISLATURE OF THE STATE OF ALASKA

4 ELEVENTH LEGISLATURE - SECOND SESSION

5 A BILL

6 For an Act entitled: "An Act authorizing the commissioner of natural re-
7 sources to acquire certain timber cutting rights."

8 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

9 * Section 1. AS 41.17 is amended by adding a new section to read:

10 Sec. 41.17.105. ACQUISITION OF TIMBER RIGHTS. (a) If requested
11 by the commissioner of fish and game, the commissioner of natural re-
12 sources may acquire for the state the right to cut and remove timber
13 from private forest land if

14 (1) the timber is on land which is adjacent to a river, lake,
15 or stream specified under AS 16.05.870 as important to the spawning,
16 rearing, or migration of anadromous fish;

17 (2) the commissioner of fish and game finds that the timber
18 cutting would be hazardous to the spawning, rearing or migration of
19 anadromous fish; and

20 (3) the owner of the timber agrees to convey his right to cut
21 and remove the timber to the state for a term of not less than 30 years
22 or more than 150 years, which term shall be the period required for
23 regrowth of the timber after cutting as determined by the commissioner
24 of natural resources based on site and soil characteristics and com-
25 parable periods for regrowth of timber in adjacent areas or in other
26 areas with similar geography and climate.

27 (b) The money or other consideration offered for timber cutting
28 rights under this section shall equal the fair market value of the
29 timber cutting rights as determined by the commissioner of natural

1 resources.

2 (c) The commissioner of fish and game shall regularly, and when
3 requested by the owner of the land or by the former owner of the timber,
4 reevaluate the importance of the adjacent waters for, or the hazardous
5 nature of cutting timber acquired under this section to, the spawning,
6 rearing, or migration of anadromous fish. If, upon reevaluation, the
7 commissioner of fish and game determines that the timber cutting
8 activity is no longer hazardous to the spawning, rearing, or migration
9 of anadromous fish or that the adjacent waters are no longer important
10 to the spawning, rearing or migration of anadromous fish, the former
11 owner of the timber is entitled to repurchase the timber cutting rights
12 from the Department of Natural Resources for consideration of the same
13 value paid by the Department of Natural Resources for the timber cutting
14 rights with annual interest at a reasonable rate as determined by the
15 commissioner of natural resources.

16 (d) The commissioner of natural resources may acquire privately
17 owned timber cutting rights under this section by

- 18 (1) paying money;
19 (2) exchanging state land or an interest in state land;
20 (3) purchasing private or public land to exchange that land
21 for the timber rights; and
22 (4) using any combination of the methods described in (1) -
23 (3) of this subsection.

24 (e) The commissioner of natural resources shall

- 25 (1) advise the commissioner of fish and game on the perfor-
26 mance of his duties under this section;
27 (2) at least 120 days before the acquisition of timber cut-
28 ting rights under this section, determine the consideration to be paid
29 for those rights; and

(3) give public notice of the proposed exchange of state land in the manner specified in AS 38.05.345 for the sale of state land by public auction.

(f) AS 38.50 does not apply to an exchange of state land under this section.

(g) If the value of a proposed acquisition of privately owned timber cutting rights under (d) of this section exceeds \$1,000,000, the timber cutting rights may not be acquired unless acquisition is approved by the legislature by concurrent resolution.

(h) This section does not authorize a state department or agency to exercise the power of eminent domain to acquire land or timber cutting rights for the protection of waters important to the spawning or migration of anadromous fish.

(i) In this section,

(1) "owner of the timber" means a person who owns the right to cut or harvest standing timber that may be acquired under this section even if the person holds no other interest in the land on which the timber is located;

(2) "timber cutting rights" or "right to cut or harvest timber" means an assignable license together with an interest in the standing timber held by the owner of the timber which allows the owner of the timber or his assignee to enter upon the land on which the timber is located to cut and remove the timber of commercial value.

5 A BILL

6 For an Act entitled: "An Act authorizing the commissioner of natural re-
7 sources to acquire certain timber cutting rights."

8 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

9 * Section 1. AS 41.17 is amended by adding a new section to read:

10 Sec. 41.17.105. ACQUISITION OF TIMBER RIGHTS. (a) If requested
11 by the commissioner of fish and game the commissioner of natural re-
12 sources may acquire for the state the right to cut and remove timber
13 from private forest land if

14 (1) the timber is on land which is adjacent to a river, lake,
15 or stream specified under AS 16.05.870 as important to the spawning and
16 migration of anadromous fish;

17 (2) the commissioner of fish and game finds that the timber
18 cutting would be hazardous to the spawning and migration of anadromous
19 fish; and

20 (3) the owner of the timber agrees to convey his right to cut
21 and remove the timber to the state.

22 (b) The money or other consideration offered for timber cutting
23 rights under this section may not exceed the market value of those
24 rights as determined by the commissioner of natural resources.

25 (c) Timber cutting rights acquired by the commissioner of natural
26 resources under this section may be conveyed by the commissioner of
27 natural resources if the owner of the land on which the timber is
28 situated or his assignee requests the conveyance and the commissioner of
29 fish and game determines in writing that the conveyance and harvest of

1 the timber will not adversely affect the spawning and migration of
2 anadromous fish. The conveyance of timber cutting rights under this
3 section shall be at public auction. The owner of the land or his
4 assignee has a preference right to meet the high bid within 30 days
5 after the day of the auction.

6 (d) The commissioner of natural resources may acquire privately
7 owned timber cutting rights under this section by

8 (1) paying money;

9 (2) exchanging state land or an interest in state land;

10 (3) purchasing private or public land to exchange that land
11 for the timber rights; and

12 (4) using any combination of the methods described in (1) -
13 (3) of this subsection.

14 (e) The commissioner of natural resources shall

15 (1) advise the commissioner of fish and game on the perfor-
16 mance of his duties under this section;

17 (2) at least 120 days before the conveyance of timber cutting
18 rights under this section, determine the market value of those rights;
19 and

20 (3) give public notice of the proposed exchange of state land
21 in the same manner specified in AS 38.05.345(e) for the sale of state
22 land by public auction.

23 (f) AS 38.50 does not apply to an exchange of state land under
24 this section.

25 (g) The following transactions entered into by the commissioner of
26 natural resources are not effective unless approved by the legislature
27 by concurrent resolution if the value of the transaction exceeds
28 \$1,000,000;

3 IN THE LEGISLATURE OF THE STATE OF ALASKA

4 ELEVENTH LEGISLATURE - SECOND SESSION

5 A BILL

6 For an Act entitled: "An Act authorizing the commissioner of fish and game
7 to acquire certain timber cutting rights."

8 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

9 * Section 1. AS 16.05 is amended by adding a new section to read:

10 Sec. 16.05.875. ACQUISITION OF TIMBER RIGHTS. (a) The commis-
11 sioner may acquire for the state the perpetual right to cut and remove
12 timber from private forest land if

13 (1) the timber is on land which is adjacent to a river, lake,
14 or stream specified under AS 16.05.870 as important to the spawning and
15 migration of anadromous fish;

16 (2) he disapproves plans and specifications for the proposed
17 timber cutting submitted to him under AS 16.05.870(c) because those
18 plans fail to protect the spawning and migration of anadromous fish; and

19 (3) the owner of the timber agrees to convey his perpetual
20 right to cut and remove the timber to the state.

21 (b) The money or other consideration offered for timber cutting
22 rights under this section may not exceed the market value of those
23 rights as determined by the commissioner of natural resources.

24 (c) Timber cutting rights acquired by the commissioner under this
25 section may be conveyed by the commissioner if the owner of the land on
26 which the timber is situated or his assignee requests the conveyance and
27 the commissioner determines in writing that the conveyance and harvest
28 of the timber will not adversely affect the spawning and migration of
29 anadromous fish. The conveyance of timber cutting rights under this

1 section shall be at public auction. The owner of the land or his
2 assignee has a preference right to meet the high bid within 30 days
3 after the day of the auction.

4 (d) The commissioner may acquire privately owned timber cutting
5 rights under this section by

6 (1) paying money;

7 (2) exchanging state land or an interest in state land;

8 (3) purchasing private or public land to exchange that land
9 for the timber rights; and

10 (4) using any combination of the methods described in (1) -
11 (3) of this subsection.

12 (e) The commissioner of natural resources shall

13 (1) advise the commissioner on the performance of his duties
14 under this section;

15 (2) if he determines that suitable state land is available,
16 classify and make available to the commissioner state land or an inter-
17 est in state land which may be offered for exchange under this section;

18 (3) at least 120 days before the conveyance of timber cutting
19 rights under this section, determine the market value of those rights;
20 and

21 (4) give public notice of the proposed exchange of state land
22 in the same manner specified in AS 38.05.345(e) for the sale of state
23 land by public auction.

24 (f) AS 38.50 does not apply to an exchange of state land under
25 this section.

HB 688

May 19, 1980

The Honorable Samuel R. Cotten
Chairman, House Rules Committee
Alaska State Legislature
Pouch V
Juneau, Alaska 99811

Re: CS For HB 688, An Act Authorizing the
Commissioner of Natural Resources to
Acquire Certain Timber Cutting Rights

Dear Chairman Cotten:

In reviewing the latest mark-up of CSHB 688, An Act Authorizing the Commissioner of Natural Resources to Acquire Certain Timber Cutting Rights, Sealaska Corporation is constrained to note that the bill in its present state fails to address the substantive concerns pointed out by the Corporation by letter of April 17, 1980, directed to the House Resources Committee, Chairman Osterback.

In the April 17th correspondence, Sealaska Corporation indicated that it would be in a position to support the bill if certain revisions could be incorporated. A copy of that letter is attached for your reference. Briefly, Sealaska's stated concerns were:

- (a) voluntary participation by private landowners;
- (b) the nature of the term "perpetual right" as used in the bill;
- (c) possible conflicts with AS 16.05.870 regarding approval of development plans;
- (d) resale of timber cutting rights to the private landowner after acquisition;
- (e) rights of the subsurface landowner;
- (f) matters affecting taxation of the subject property;
- (g) necessity for greater precision in setting forth land exchange procedures.

SEARCHED - INDEXED

May 19, 1980

Sealaska notes with approval that the term "perpetual" was ultimately deleted, that certain problems were eliminated by codifying the bill in Title 41 rather than Title 16, and to some extent, that the revised version addresses the AS 16.05.870 conflict. However, the majority of the substantive issues previously noted have not been addressed.

Submitted herewith are Sealaska Corporation's proposed amendments, including a recitation of the deleted language and a brief statement as to the reasons for each recommended change. It is our belief that, with the additional language provided, CSHB 688 will represent legislation which is consistent with the interests of the Southeastern Alaska Regional and Village and Urban corporations, while at the same time providing the State with the requisite authority to take action toward protection of valuable fisheries resources.

Accordingly, Sealaska Corporation respectfully requests that the House Rules Committee recommend against passage of CSHB 688 in its present form and give serious consideration to the amended language as provided by Sealaska Corporation and submitted herewith. Your consideration of this request is appreciated.

Sincerely,

SEALASKA CORPORATION

Robert W. Loescher
Director of Natural Resources

PROPOSED AMENDMENTS TO CSHB 688

Existing §41.17.105(b):

(b) The money or other consideration offered for timber cutting rights under this section may not exceed the market value of those rights as determined by the commissioner of natural resources.

41.17.105(b) (Proposed):

The money or other consideration offered for timber cutting rights under this section shall be (may not exceed) the fair market value of those rights. (as determined by the commissioner of natural resources.)

Rationale: Because §(a)(3) requires the consent of the owner of timber the determination of the fair market value of the rights to be acquired is simplified. By requiring that the consideration "shall be" the "fair" market value, the proposed language would add precision and avoid possible areas of confusion as to the value of consideration. The term "fair market value" has independent legal significance and accordingly need not be subject to determination by the commissioner of natural resources, a condition which tends to detract from the accepted meaning of the term.

* * * *

Existing §41.17.105(c):

(c) Timber cutting rights acquired by the commissioner of natural resources under this section may be conveyed by the commissioner of natural resources if the owner of the land on which the timber is situated or his assignee requests the conveyance and the commissioner of fish and game determines in writing that the conveyance and harvest of the timber will not adversely affect the spawning and migration of anadromous fish. The conveyance of timber cutting rights under this section shall be at public auction. The owner of the land or his assignee has a preference right to meet the high bid within 30 days after the day of the auction.

Proposed Amendment: Delete section and substitute the following language:

41.17.105(c) The commissioner of fish and game shall, from time to time or upon request by the owner of land upon which affected timber is located, or by the former timber owner, reevaluate the application of sections (a)(1) and (a)(2) of this section as to the importance of the location, or hazardous nature of timber cutting activity to the spawning and migration of anadromous fish. If such location is for any reason no longer important, or the activity is no longer hazardous, to the spawning and migration of anadromous fish, then the timber cutting rights shall revert to the owner, subject, however, to the owner's consent and payment to the state of consideration equal to that paid by the state in acquiring the rights.

Rationale: Existing section (c) creates an apparent conflict with section (a)(2) and fails to directly address the rights of the owner of the timber, as opposed to the owner of the land. Timber and surface or subsurface interests are severable and the section, as currently drafted, would permit the owner of the land to acquire timber rights which had been conveyed by the owner of the timber. Additionally, there are two grounds upon which the commissioner of fish and game might reverse an earlier finding: 1) that the location is important to spawning and migration, and 2) that the activity is hazardous to spawning and migration. The existing language recognizes only the letter criterion in setting forth a basis for consideration.

* * * *

Existing §41.17.105(e)(2):

(2) at least 120 days before the conveyance of timber cutting rights under this section, determine the market value of those rights; and

Proposed 41.17.105(e)(2):

At least 120 days before acquisition (conveyance) of timber cutting rights under this section, determine the consideration to be paid for (market value of) those rights; and

Rationale: Substitution of the term "acquisition" for "conveyance" states with greater precision the time at which the commissioner must act, since there may be both a "conveyance" to the State and a subsequent one back to the timber owner or his assignee.

Section (b) covers the question of determination of fair

market value, subject to agreement of the seller. Section (e)(2) is meant to establish a time frame only and accordingly need not address "fair market value" but on the actual consideration to be paid. The "consideration" may take the form of land or timber in exchange, or combinations of money and land, and it is this issue which must be determined sufficiently in advance to permit the owner to make a decision.

* * * *

Existing §14.17.105(f) and (g):

(f) AS 38.50 does not apply to an exchange of state land under this section.

(g) The following transactions entered into by the commissioner of natural resources are not effective unless approved by the legislature by concurrent resolution if the value of the transaction exceeds \$1,000,000:

Proposed: Sections (f) and (g) should be combined as follows:

AS 38.50 does not apply to an exchange of state land under this section where the fair market value of such land is less than \$1,000,000. AS 38.50 shall apply to (a)ny sale, transfer or exchange of state land valued at (over) \$1,000,000 or more made by the commissioner of natural resources in regard to the acquisition or disposition of timber rights under this section. (must be approved by the legislature by concurrent resolution.)

Rationale: AS 38.50 set forths in detail the applicable notice and hearing procedure where state lands are conveyed. The

existing section (f) and (g) attempt to create an arbitrary cut-off point at which additional procedural safeguards are required, but section (g) does not adequately establish those procedures. Therefore, reference is made to AS 38.50, which appears generally consistent with the intent of the bill regarding larger transactions.

* * * *

Section 41.17.105(g)

(Existing section (g) deleted and combined with existing section (f); proposed new section (g) as follows:)

"Nothing contained in this section shall be construed as extending any powers of eminent domain held by the State to acquisition of land or rights under this section, in contravention of the owner's consent provisions hereof."

Rationale: The intent of the additional language of proposed section (g) is to assure that participation in the timber acquisition program as contemplated by the Act remain voluntary. The State may assert that such acquisition constitutes a "public purpose" and is therefore subject to eminent domain powers, or the powers and purposes set forth in AS 38.50. The proposed language would eliminate any possibility of misinterpretation of the Act in that regard.

* * * *

Proposed New Section

41.17.105(h)(1) The term "owner of the timber" or "timber owner" as used herein shall mean that individual or entity which owns the right to cut or harvest any standing timber subject to acquisition hereunder, regardless of whether said individual or entity holds any other interest in the land on which said timber is located.

(2) The term "timber cutting rights" or "right to cut or harvest timber" as used herein shall mean an assignable license coupled with an interest held by the timber owner as defined herein for the purpose of allowing the licensee to enter upon the land on which the subject timber is located to cut and remove the merchantable timber thereon.

Rationale: Proposed subsection (1) is intended to clarify and distinguish the concepts of ownership of timber rights from other rights or interests in the land, since the timber rights are severable from those other interests. Only timber cutting rights are intended to be subject to this act.

Subsection (2) defines the extent of the rights to be conveyed so as to prevent possible confusion as to the nature and extent of the interest to be acquired by the State.

April 17, 1980

The Honorable Alvin Osterback
State Representative
Alaska State Legislature
Pouch V
Juneau, AK 99811

Attention: Mary Levine

Re: HR 688, An Act Authorizing the Commissioner of
Fish & Game to Acquire Certain Timber Cutting Rights

Dear Chairman Osterback:

Sealaska Corporation has been reviewing HR 688, an Act Authorizing the Commissioner of Fish & Game to Acquire Certain Timber Cutting Rights, introduced by Miller & Gardiner 2/7/80 and referred to Resources Committee. Our first impression is that - if the legislation was enacted so as to assure a certainty that participation by private landowners would be on a voluntary basis in terms of the application of this law to private lands and the public's interest - it may be a piece of legislation that we could support with certain revisions.

Section 16.05.875(a) indicates that the commissioner "may acquire for the State the perpetual right to cut and remove timber" from private forest land. A concern arises as to the definition of perpetual in terms of acquisition of first and second growth timber.

With reference to AS 16.05.870 and 870(c) a concern arises as to the intent of the legislation. It does not follow that if a plan for development along a stream, river or lake is rejected per AS 16.05.870 that the State should be restricted from acquiring a parcel of property and then, on the other hand, be required to acquire a parcel of property

because the commissioner did not grant approval of a development plan along the stream per this section of law. It seems to us that if it is in the public interest to acquire stream site buffer rights then the State should do so if a private landowner is willing to participate. These references to AS 16.05.870 should be reconsidered and maybe by the sponsors of the legislation.

In section 16.05.875(c) it appears that the commissioner can after acquisition determine at some later date to sell the timber cutting rights. However, it is noted that the owner of the land has a preference right to meet the high bid within thirty days after the day of the auction. At this point, a concern arises as to the relationship between the private landowner and the State of Alaska and the intent of this legislation. It seems to us that any change in the public purpose of acquiring timber rights and protecting buffer areas around streams, lakes and rivers should cause a reversion of property rights back to the original landowner. Furthermore, not addressed in this legislation, is the concern by private landowners of land management considerations during the time of the acquisition of timber rights by the State of Alaska. It seems to us that cooperative management and use of properties for certain purposes and consideration of access should be outlined in this legislation. Additionally, the rights of subsurface landowners have not been addressed in the legislation.

Not
Addressed

As you are aware, the Natives of Southeastern Alaska will own in excess of 550,000 acres throughout the region. Sealaska Corporation will own the surface and subsurface of its lands and also the subsurface of the village and urban corporation lands. In some manner, the legislation should address the rights of the subsurface landowner.

Not
Addressed

Not considered in the legislation, is the matter of taxation. Private landowners would be encouraged to participate with the intent of this legislation if some form of tax relief in terms of tax credits or nonapplication of revenues from such agreements with the State in consideration of corporate income taxes, sales taxes and local property taxes.

Not
Addressed

The legislation does contemplate land exchanges between the State of Alaska and private land holders. Upon review of this legislation, it seems to us that more specific language should be provided to encourage land exchanges and outline the procedures under which such exchanges could be made. At this time, section 16.05.875(e) & (f) is not outlined in specific terms.

As stated previously, subject to the intent of the legislation to be voluntary on the part of private landowners, it is our belief that if a number of these points could be reconsidered by the sponsors and or by your committee, our feeling is that the legislation has merit. Please advise us of further revisions and hearings on this matter as they are scheduled.

Thanking you for this consideration.

Sincerely,

SEALASKA CORPORATION

5 A BILL

6 For an Act entitled: "An Act providing for the issuance of general obliga-
7 tion bonds in the amount of \$38,000,000 for the purpose
8 of paying the cost of capital improvements for water
9 and sewer systems, solid waste facilities and village
10 safe water facilities; and providing for an effective
11 date."

12 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

13 * Section 1. For the purpose of paying the cost of capital improvements
14 for water and sewer systems, solid waste facilities, and village safe water
15 facilities. general obligation bonds of the state in the principal amount of
16 not more than \$38,000,000 shall be issued and sold. The full faith, credit
17 and resources of the state are pledged to the payment of the principal of and
18 interest and redemption premium, if any, on these bonds. These bonds shall
19 be issued under the provisions of AS 37.15 as those provisions read at the
20 time of issuance.

21 * Sec. 2. If the issuance of these bonds is authorized by the qualified
22 voters of the state, a special fund of the state to be known as the "1980
23 Water Supply and Sewer Systems, Solid Waste Facilities, and Village Safe
24 Water Construction Fund" shall be established, to which shall be credited the
25 proceeds of the sale of the bonds described in sec. 1 of this Act except for
26 accrued interest and premiums. The amount of \$38,000,000 is appropriated
27 from the "1980 Water Supply and Sewer Systems, Solid Waste Facilities, and
28 Village Safe Water Construction Fund" to the Department of Environmental
29 Conservation to be allocated in accordance with the following projects and

1 estimates:

2	Project	Location	Amount
3	(1) village safe water construc-

III. ANALYSIS (See Fiscal Note Preparation Instructions, Section III) Positions Requested - Administrative Assistant I - Will be responsible for coordinating all required documentation on planning, design & construction of Village Safe Water projects. Environmental Engineer III - Responsible for supervision of 6 VSW projects/2 year period.

If committee substitute for HB 689 is adopted authorizing the award of \$17.52 million for design & construction of 13 new Village Safe Water facilities, an Administrative Assistant & Engineer will be required. The VSW program differs from other grant programs, in that because of the lack of engineering staff in the village, the VSW program has to function as a municipal engineer for villages selected for facilities. Since a project's documentation multiplies with the adding of responsibilities, an Administrative Assistant is required to coordinate & track all project documentation. It is estimated that the existing VSW Engineer can handle 6 projects & an additional Engineer is required to handle the remaining new projects. If this bond proposition fails, there will be no need for increased staffing.

Proposition

State General Obligation University of Alaska
Facilities Construction Bonds \$23,145,000

Shall the State of Alaska issue its general obligation bonds
in the principal amount of not more than \$23,145,000 for the
purpose of paying the cost of capital improvements for Univer-
sity of Alaska facilities?

Bonds Yes []

Bonds No []

* Sec. 6. This Act takes effect immediately in accordance with AS 01.10.-
070(c).

Introduced: 2/8/80
Referred: Health, Education &
Social Services and Finance

BY THE RULES COMMITTEE BY
REQUEST OF THE GOVERNOR

1 IN THE HOUSE

2 HOUSE BILL NO. 690

3 IN THE LEGISLATURE OF THE STATE OF ALASKA

4 ELEVENTH LEGISLATURE - SECOND SESSION

5 A BILL

6 For an Act entitled: "An Act providing for the issuance of general obliga-
7 tion bonds in the amount of \$20,550,000 for the purpose
8 of paying the cost of capital improvements for Univer-
9 sity of Alaska facilities; and providing for an effec-
10 tive date."

11 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

12 * Section 1. For the purpose of paying the cost of capital improvements
13 for University of Alaska facilities, general obligation bonds of the state in
14 the principal amount of not more than \$20,550,000 shall be issued and sold.
15 The full faith, credit and resources of the state are pledged to the payment
16 of the principal of and interest and redemption premium, if any, on these
17 bonds. These bonds shall be issued under the provisions of AS 37.15 as those
18 provisions read at the time of issuance.

19 * Sec. 2. If the issuance of these bonds is authorized by the qualified
20 voters of the state, a special fund of the state to be known as the "1980
21 University of Alaska Facilities Construction Fund" shall be established, to
22 which shall be credited the proceeds of the sale of bonds described in sec. 1
23 of this Act except for accrued interest and premiums. There is appropriated
24 from the "1980 University of Alaska Facilities Construction Fund" to the
25 University of Alaska the amount of \$20,550,000, allocated in accordance with
26 the following projects and estimates:

27	Project	Location	Amount
28	(1) Removal of handicap		
29	barriers	Statewide	\$ 525,000

1	(2) Perform major maintenance		
2	and repairs	Statewide	950,000
3	(3) Modify utilities	Fairbanks	800,000
4	(4) Modify plumbing and insu-		
5	lation on university housing		
6	-- Yak Estates	Fairbanks	600,000
7	(5) Construct fine arts		
8	building	Anchorage	12,000,000
9	(6) Construct sewer connection		
10	between college and com-		
11	munity system	Sitka	75,000
12	(7) Construct classroom/shop	Kenai/Soldotna	5,600,000

13 * Sec. 3. If the issuance of these bonds is authorized by the qualified
14 voters of the state, the amount of \$71,900 or as much of that amount as is
15 found necessary is appropriated from the general fund of the state to the
16 state bond committee to carry out the provisions of this Act and to pay
17 expenses incident to the sale and issuance of the bonds authorized in this
18 Act. The amounts expended from the appropriation authorized by this section
19 shall be reimbursed to the general fund from the proceeds of the sale of the
20 bonds authorized by this Act.

21 * Sec. 4. The amount withdrawn from the public facility planning fund for
22 the purpose of advance planning for the improvements financed under this Act
23 shall be reimbursed from the proceeds of the sale of bonds authorized by this
24 Act.

25 * Sec. 5. The question whether the bonds authorized in this Act are to be
26 issued shall be submitted to the qualified voters of the state at the next
27 general election and shall read substantially as follows:
