10 and the fulfillment of the professional duties of teachers, or the  
11 negotiation of an agreement, or negotiation of a question arising under  
12 an agreement and the execution of a written contract incorporating an  
13 agreement reached if requested by either party, but these obligations do  
14 not compel either party to agree to a proposal or require the making of

16 \* Sec. 15. AS 23.40.250(5) is amended to read:

17 (5) "public employee" means any employee of a public employer,

11 tions Act apply to its relation with those school employees of the municipal-  
12 ity included under the provisions of that Act.

13 \* Sec. 20. Nothing in this Act terminates or modifies a collective bar-  
14 gaining unit, recognition of exclusive bargaining representative, or col-  
15 lective bargaining agreement if the unit, recognition, or agreement is in  
16 effect on the effective date of this Act.

III. ANALYSIS (See Fiscal Note Preparation Instructions, Section III)

This fiscal note includes all amounts on the original fiscal note for SB 668.

Other states which have enacted PERA type laws that cover teachers have advised us that during the first few years the laws were in effect, management or employee representatives of 50% of the affected school districts filed unfair labor practice charges each year which resulted in hearings before the labor relations agency. The average hearing lasted six hours (or one day).

Assuming that the contracts of approximately 26 of Alaska's 52 school districts come up for renegotiation each year and that our experience would be comparable to that of other states, we can expect that 13 of the school districts will generate unfair labor practice charges requiring hearing before the labor relations agency. III. ANALYSIS (See Fiscal Note Preparation Instruction, Section III)

Fiscal Note assumed one labor contract negotiating session ending in arbitration each year. Costs are primarily professional fees for a Fact-Finder and one Professional Arbitrator. Travel and per diem costs are primarily due to the conduct of hearings by the Fact-Finder and the Professional Arbitrator. It should be noted that the Professional Arbitrator's costs are shared with the labor organization.

LETTER OF INTENT

CS FOR SENATE BILL NO. 668 (R1s)

It is the intent of the Legislature that school boards and their respective teacher groups may enter into agreements on any matter of interest to the two parties if they so choose; however, it is understood that neither party is compelled to negotiate those items listed as non-negotiable in the Kenai Peninsula Borough School District V. Kenai Peninsula Education Association, 572 P 2d 416 (Alaska.1977).

Neither section 13 of CS FOR SENATE BILL 668 (Rules) (amending AS 23.40.250(1)) nor the bill in total is intended to diminish or restrict the list of non-negotiable items in the above referenced case

Adopted by the Senate as a Senate Letter of Intent - May 18, 1982

STATE OF ALASKA  
OFFICE OF THE GOVERNOR  
JUNEAU

*SB 668  
FY. Morris*

January 19, 1982

The Honorable Jalmar Kerttula  
President of the Senate  
Alaska State Legislature  
Pouch V  
Juneau, Alaska 99811

Dear Mr. President:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill providing for the resolution of impasses in public employee collective bargaining. The bill provides for public participation in the process of impasse resolution through an arbitration board which includes four members of the public who reside in various areas of the state. I expect that this method of impasse resolution will ensure that the terms and conditions of public employment are more consistent with the terms and conditions generally prevailing throughout the state. The bill applies to all public employers who have not elected to opt out of the Public Employment Relations Act (PERA) (AS 23.040.070 -- 23.40.260).

Amended AS 23.40.200 (sec. 1 of the bill) provides that when a public employer and an employee organization reach an impasse in bargaining, the parties shall submit to fact-finding. Under new AS 23.40.201 (sec. 2 of the bill), a neutral person will be selected by the parties to conduct the fact-finding. The factfinder will conduct an investigation and submit recommendations to the parties after considering certain factors. The parties will discuss the factfinder's report and attempt to reach an agreement. If there is still an impasse after fact-finding is employed, AS 23.40.200 provides that the dispute will be submitted to an arbitration board, appointed by the Labor Relations Agency, which consists of one professional arbitrator and four public members chosen from a standing panel (AS 23.40.202 in sec. 2 of the bill). The arbitration board will choose between the final proposal of each party.

Under AS 23.40.202, the standing panel will include persons with substantial length of Alaskan residence, who have broad and varied personal experience in human affairs, and who are not employed in a position requiring participation in labor-management relations. The panel will include residents of each state judicial district. Each arbitration board chosen from the panel for state employee impasses will include residents of at least three of the four state judicial districts.

Under AS 23.40.202(d), the public members of the board will be compensated with per diem and travel allowance applicable to all state boards and commissions. The professional arbitrator will be paid a reasonable fee for such professional services. These expenses will be shared by the parties.

Section 3 of the bill repeals AS 23.40.040, which allowed bargaining with ferry system personnel before the enactment of the Public Employment Relations Act (PERA). The decision in IBU v. Hafling, 585 P.2d 870 (Alaska 1978), held that the PERA applies to ferry personnel. That decision made AS 23.40.040 redundant and unnecessary.

Sincerely,

Assumes an effective date of July 1, 1982.

JAY S. HAMMOND  
GOVERNOR

STATE OF ALASKA  
OFFICE OF THE GOVERNOR  
JUNEAU

SB 668  
FY. 11/82

January 19, 1982

The Honorable Jalmar Kerttula  
President of the Senate  
Alaska State Legislature  
Pouch V  
Juneau, Alaska 99811

Dear Mr. President:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill providing for the resolution of impasses in public employee collective bargaining. The bill provides for public participation in the process of impasse resolution through an arbitration board which includes four members of the public who reside in various areas of the state. I expect that this method of impasse resolution will ensure that the terms and conditions of public employment are more consistent with the terms and conditions generally prevailing throughout the state. The bill applies to all public employers who have not elected to opt out of the Public Employment Relations Act (PERA) (AS 23.040.070 -- 23.40.260).

Amended AS 23.40.200 (sec. 1 of the bill) provides that when a public employer and an employee organization reach an impasse in bargaining, the parties shall submit to fact-finding. Under new AS 23.40.201 (sec. 2 of the bill), a neutral person will be selected by the parties to conduct the fact-finding. The factfinder will conduct an investigation and submit recommendations to the parties after considering certain factors. The parties will discuss the factfinder's report and attempt to reach an agreement. If there is still an impasse after fact-finding is employed, AS 23.40.200 provides that the dispute will be submitted to an arbitration board, appointed by the Labor Relations Agency, which consists of one professional arbitrator and four public members chosen from a standing panel (AS 23.40.202 in sec. 2 of the bill). The arbitration board will choose between the final proposal of each party.

Under AS 23.40.202, the standing panel will include persons with substantial length of Alaskan residence, who have broad and varied personal experience in human affairs, and who are not employed in a position requiring participation in labor-management relations. The panel will include residents of each state judicial district. Each arbitration board chosen from the panel for state employee impasses will include residents of at least three of the four state judicial districts.

Under AS 23.40.202(d), the public members of the board will be compensated with per diem and travel allowance applicable to all state boards and commissions. The professional arbitrator will be paid a reasonable fee for such professional services. These expenses will be shared by the parties.

Section 3 of the bill repeals AS 23.40.040, which allowed bargaining with ferry system personnel before the enactment of the Public Employment Relations Act (PERA). The decision in IBU v. Hafling, 585 P.2d 870 (Alaska 1978), held that the PERA applies to ferry personnel. That decision made AS 23.40.040 redundant and unnecessary.

Sincerely,

Dear Mr. President:

Under the authority of art. III, sec. 18 of the Alaska Constitution, I am transmitting a bill relating to the salaries of public officers and employees. The figures in sec. 1 and the provisions in sec. 2 are based on the recently negotiated agreement with the Alaska Public Employees Association for the general government unit for 1982. The March 16, 1982 effective date coincides with the effective date for that unit's changes. Essentially, this is a cost-of-living adjustment, although the increase in the upper ranges is only 4.8 percent over last year's figures.

Sincerely,

This fiscal note reflects the associated cost of a Public Health Nurse III, Range 18, Vision Health Consultant who will train nurses and para-professionals in vision screening skills and in management of the referral and follow-up of children found to be abnormal. This position will be located in Anchorage to minimize the extensive statewide travel requirements. Clerical support can be provided by continued funding of the Communicative Disorders Program, since there are features of hearing and vision screening activities that overlap. See attachment for a cost breakdown of this position.

The grant funds would be directed to school districts that request these funds for their costs in this screening activity.

POSITION PAPER

Senate Bill No. 673

"An Act relating to vision and hearing examinations in public schools; and providing for an effective date."

OVERVIEW

Periodic examination of school children to detect hearing impairment and vision abnormalities has long been considered a valuable and cost effective preventive health measure. Simple tests can effectively and efficiently screen large numbers of children at minimal cost in order to identify those children who are in need of further corrective medical or remedial intervention. Early identification of hearing and vision abnormalities is critical in order to provide an opportunity for each child to maximize his learning experience.

The initiation of periodic vision and hearing examination of school children has been uniformly supported by the Departments of Education and Health and Social Services, local school districts, public health nurses, Native Corporations, the Governor's Council on the Gifted and Handicapped, and the private medical community. In spite of this widespread support, no uniform program currently exists in the State of Alaska. Recent reports by the Governor's Council on the Gifted and Handicapped and by a Blue Ribbon Committee on Otitis Media and Hearing Impairment strongly recommend legislation to establish a comprehensive program to provide for periodic vision and hearing examination of school children.

With the dramatic rise in health costs in Alaska and in the United States, efforts are increasingly being directed to preventive services and to the use where possible, of non-medical personnel. Screening examinations to identify children with hearing impairment or vision abnormalities can be performed effectively, rapidly, and inexpensively by appropriately trained lay personnel. The proposed legislation will allow vision and hearing tests to be performed by lay people who are appropriately trained to conduct the examinations. Periodic screening of all children in Alaska schools will allow for early intervention so that children with readily treatable impairments can be ameliorated and children with chronic or permanent impairments can be offered medical habilitation and educational program support.

The Department of Health and Social Services will have the responsibility to provide training and certification for persons doing vision and hearing screening and to assist with the needed referral and follow-up services.

Position Paper - SB 673  
Page 2

During its April 22, 1981 regular meeting, the State Board of Education voted unanimously to support the concept of SB 673 and to recommend that the Department of Health and Social Services be responsible for paragraph (c), line 21-23. This bill contains all the features that our Departments feel are essential for development of a quality vision and hearing screening program.

POSITION

The Department of Health and Social Services and the Department of Education support passage of this bill with the recommended amendment to 14.30.075(c).
