2 CS FOR HOUSE BILL NO. 384 (Finance)

3 IN THE LEGISLATURE OF THE STATE OF ALASKA

4 THIRTEENTH LEGISLATURE - SECOND SESSION

5 A BILL

6 For an Act entitled: "An Act relating to expenditures by local school
7 districts; and providing for an effective date."

8 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

9 * Section 1. AS 14.14.050 is amended by adding a new subsection to
10 read:

11 (e) The audit shall identify those expenditures that comply with
12 AS 14.14.100(c) and those that do not.

13 * Sec. 2. AS 14.14.100 is amended by adding new subsections to read:

14 (c) The expenditures of a school district shall conform to the
15 bylaws adopted under (a) of this section.

16 (d) The department shall adopt regulations setting out proce-
17 dures to implement this section.

18 * Sec. 3. AS 14.14 is amended by adding a new section to read:

19 Sec. 14.14.103. RESTRICTION ON COMPENSATION. A school board may
20 not compensate an employee of any school district, in excess of the
21 employee's established salary, for lobbying activities that are regu-
22 lated under the Regulation of Lobbying Act (AS 24.45).

23 * Sec. 4. AS 14.14.130 is amended by adding new subsections to read:

24 (d) A school district shall keep the records of the terms of
25 employment of a chief school administrator open to the public at the
26 principal administrative office of the district during reasonable
27 business hours and shall submit these records to the department
28 annually.

29 (e) Before a school board executes a settlement agreement for

1 the termination of the contract of a chief school administrator, the
2 school board shall submit a copy of the agreement to the commissioner.
3 The commissioner shall submit an advisory opinion and recommendations
4 to the school board regarding the settlement agreement within 10 days
5 of receiving a copy of the settlement agreement from the school board.
6 A settlement agreement may not be entered into by a school board until
7 30 days after the commissioner submits the advisory opinion and
8 recommendations to the school board.

9 * Sec. 5. AS 14.17.180 is amended to read:

10 Sec. 14.17.180. PAYMENT UNDER FINAL COMPUTATION. Before June 16
11 each district shall transmit to the commissioner a final computation
12 of the district's state aid. The commissioner shall process each
13 district's computation in the manner provided by AS 14.17.150(a).
14 However, in no event may the entitlement of a school district to state
15 aid under AS 14.17.021 be less than that computed under this section
16 for the preceding year, except as otherwise provided in AS 14.17.031,
17 or under AS 14.17.170, whichever is greater. Additional state aid
18 shall be obligated by the commissioner before June 30. If the dis-
19 trict received more state aid money than it was entitled to under this
20 chapter, or if it made an expenditure in the previous fiscal year in
21 violation of a policy adopted under AS 14.14.100, it shall immedi-
22 ately after notice from the commissioner of the overpayment or ex-
23 penditure, remit the amount of overpayment or expenditure to the
24 commissioner to be returned to the public school foundation account.

25 * Sec. 6. Sections 1 and 5 of this Act take effect July 1, 1985.

26 * Sec. 7. Section 3 of this Act takes effect July 1, 1984.

27 * Sec. 8. Sections 2 and 4 of this Act take effect immediately in
28 accordance with AS 01.10.070(c).

November 9, 1981

The Legislature has required a review of current statutory and regulatory responsibilities to determine the extent of present oversight of financial activities of districts (Chapter 82, SLA 1981).

It would appear to us that the statement of legislative intent, ostensibly focusing on school district financial transactions in general, poses three discreet questions:

1. Does the department possess adequate statutory authority to accurately determine how districts propose to spend their money? The answer to this question is yes. See AS 14.07.170 (budget submittal).
2. Does the department possess adequate statutory authority to accurately determine how districts actually expend their money? Again, yes. See AS 14.07.030(8) and AS 14.14.050 (classification of expenditures and audit submittal).
3. Does the department possess adequate statutory authority to "...insure that public funds are being spent for the maximum benefit of our children's education." The answer here is no.

The critical issue is that, while we can tell how districts said they were going to spend funds, and we can tell how they actually did spend the funds, we have no authority to tell them to any extent how, or for what, they may or may not spend money, (See AS 14.14.090(1) and (2), and AS 14.14.140(c). We cannot, by definition, "...insure that public funds are being spent for the maximum benefit of our children's education". This, then, is the "finding" of the review requested by the Legislature.

Recommendations for changes to clarify oversight responsibilities can be made from two perspectives:

- A) Oversight in terms of reporting as a result of the audit cycle, just how much, and in what areas, money was spent; and
- B) Oversight in terms of exercising control during the budget cycle over how much, and in what fashion, districts may spend their money.

November 5, 1981

If we follow the approach outlined in A) above, we will end up with, potentially, an expanded version of our present reporting capability, but with no greater degree of actual oversight control. However, if we follow B), above, we can effectively enhance the accountability characteristics of "local control" in making decisions at all levels of pre and post expenditure planning.

To exercise strengthened or increased post expenditure oversight controls would probably require no statutory changes. We could simply expand present chart of account and audit manual requirements to provide more detail on district expenditures. The authority for these changes is found at 14.07.030(8), 14.07.170(2) and 14.14.050.

To exercise pre expenditure oversight controls would require only minor statutory changes, and would result in a framework of the ultimate form of oversight: the local decision makers would define their own controls.

RECOMMENDATIONS

1. Add two sections to AS 14.14.100 (local board) bylaws and administrative rules to read:
 - (c) school district expenditures must be made in conformance with policies adopted pursuant to (a) of this section.
 - (d) the department shall implement this section by regulation.
2. Develop regulations which clearly set out requirements for a) procedures for adopting policies, and b) policies which govern now, in what areas and subject to what limitations expenditures must be made.
3. Amend 14.14.050 to require auditors to certify expenditures which do conform to the requirement imposed by the new (c) under 14.14.100, and identify and quantify those which do not conform to that requirement.
4. Amend 14.17.180 last sentence:

"...If the district received more state aid money than it was entitled to under this chapter, or spent money in the prior fiscal year in a manner not supported by district policy as required by AS 14.14.100(c) it shall...overpayment or unlawful expenditures..."

Briefly, our recommendation would take the place of either the Legislature or the department putting out a long list of items for which districts may or may not spend money. Rather, we would define in regulation the areas in which districts must develop and adopt

policies. Then, when the districts are audited, the auditor would include in the management letter a listing of any expenditures not supported by, or that are inconsistent with district policies. Following receipt of that letter, we would notify the district that the final foundation payment for the year following the audit will be reduced by the certified amount reported by the auditor. In this way, districts' expenditures would be compared against their own policies, and they would have between six and ten months to plan and budget for repayment of unlawful expenditures.

If the above amendments were enacted, the attached regulation changes could be one approach to administrative implementation.

REGULATORY IMPLEMENTATION OF FINANCIAL OVERSIGHT AMENDMENTS
Recommended by Regulations Review Subcommittee

4 AAC 06 is amended by adding sections to read:

4 AAC 06.140. ADOPTION OF POLICIES. A school district policy promulgated pursuant to AS 14.14.100 must, prior to adoption, be read at two successive regular school board meetings, advertised, and be posted for 30 days in each school operated by the district.

4 AAC 06.150. POLICY COVERAGE. (a) In addition to other areas, a board must adopt policies which address in process and substance, each of the following items:

- 1) purchasing
- 2) contracting .
- 3) bidding
- 4) fiscal procedures
- 5) capital projects

(b) Per diem and travel allowances for board members and district employees may not exceed those established by the state for its employees.

(c) No district funds may be spent for entertainment, or to purchase the services of a lobbyist.

4 AAC 06.200. BOARD COMPENSATION. (a) Compensation approved in the manner provided by AS 14.14.140(c) may not exceed the amount, on a daily basis, provided by AS 24.15.020, (legislators' daily rate, approximately \$75.00).

(b) Compensation may only be made for actual days spent conducting school board business.

November 9, 1981.

4 AAC 15 is amended by adding a section to read:

4 AAC 15.050. SALARY. (a) A school district employee may not be paid or otherwise given a salary which exceeds that provided by AS 39.20.010.

(b) All school district employee salaries must be promulgated as policy in the manner provided by 4 AAC 05.140, by position and total amount of salary and all benefits.

4 AAC 15.900. is amended to read:

*(3) "salary" and "salaries," as used in 4 AAC 15.050, means daily, monthly or annual wages, and bonuses and fringe benefits, including but not limited to housing or housing subsidy, retirement payments, insurance plans, tax sheltered annuities, automobile or automobile mileage subsidy or any other direct or indirect material benefit associated with employment.

4 AAC 18.015. EMPLOYMENT OF CHIEF SCHOOL ADMINISTRATOR. The contract for a chief school administrator new to the position in the school district may not exceed one full school term in duration.

PURPOSE OF THE REVIEW

In accordance with a Legislative Budget and Audit Committee request, and the provisions of Title 24 of the Alaska Statutes, a special review of funds appropriated in 1980 to the Department of Education for a grant to the Bering Strait REAA for adventure-based education projects was conducted to determine the current status of the appropriation.

ORGANIZATION AND FUNCTION

Section 16, Chapter 50, SLA 1980 appropriated \$300,000 to the Department of Education to be awarded in the form of a grant to the Bering Strait REAA for adventure-based education.

AS 14.30.500 states that an adventure-based education program should be designed to bring adventure-based education to high school students and appropriate juvenile offenders. The program should include provisions for basic skills-learning and skills-generalization. Skills-learning includes physical conditioning, technical training, and safety training, while skills-generalization includes vocational counseling and placement, family and interpersonal counseling, community service systems, etc.

The responsibility for determining the acceptability of projects submitted by the Bering Strait REAA rested with the Department of Education.

FINDINGS AND RECOMMENDATIONS

Recommendation No. 1

The Department of Education should establish a firm date when the \$300,000 encumbrance for adventure-based education will lapse.

Section 16, Chapter 50, SLA 1980 appropriated \$300,000 to the Department of Education. The funds were to be awarded by the Department as a grant to the Bering Strait REAA for adventure-based education projects.

AS 14.30.500 sets forth the criteria which an adventure-based program/project must meet in order to qualify for State support.

On September 29, 1980, the Attorney General issued an opinion based on a review of the proposal submitted by the Bering Strait REAA that projects sponsored by the REAA did not meet the conditions required by AS 14.30.500. The opinion pointed out that students who did not qualify had participated in the projects, and the projects included in the proposal did not meet the criteria required by AS 14.30.500, e.g., basic skills-learning and skills-generalization. Skills-learning includes physical conditioning, technical training and safety training, while skills-generalization includes vocational counseling and placement, family and interpersonal counseling, community service systems, etc. As a result of the Attorney General's opinion, the Department of Education elected not to release the funds to the REAA.

In May of 1981 the Department of Education requested appropriate information which would allow the Department to release the funds. The REAA submitted data to the Department. However, the Attorney General stated that the information did not satisfy the criteria included in AS 14.30.500.

On June 23, 1981, the Department of Education again contacted the REAA requesting information which would allow the Department to release the funds. The Department encumbered the \$300,000 on June 24, 1981, in order to prevent the funds from lapsing before the REAA had sufficient time to furnish appropriate documentation for approximately \$228,000 in expenditures.

As of October 1, 1981, the REAA had not furnished any additional documentation to support its Fiscal Year 1981 adventure-based education projects expenditures.

In order to expedite disposing of the encumbrance, the Department of Education should establish a firm date by which the Bering Strait REAA must provide the required documentation. If adequate documentation has not been submitted by that time, the encumbrance should be reversed and the appropriation lapsed to the General Fund.

STATE OF ALASKA
DEPARTMENT OF EDUCATION
BERING STRAIT REAA
ADVENTURE-BASED EDUCATION PROGRAM
CHRONOLOGY OF EVENTS REGARDING
ADVENTURE-BASED EDUCATION FUNDS
For the Fiscal Year Ended June 30, 1981

<u>Date</u>	<u>Description</u>
August 30, 1979	Section 3, Chapter 86, SLA 1979, adding a section to Title 14 of the Alaska Statutes with regard to adventure-based education, becomes effective.
May 31, 1980	Section 16, Chapter 50, SLA 1980 appropriated \$300,000 from the General Fund to the Department of Education, special programs, for payment as a grant to the Bering Strait REAA for an adventure-based education program.
August 4, 1980	Bering Strait REAA requests that the Department of Education disburse \$300,000 for adventure-based education programs.
September 19, 1980	Bering Strait REAA advised by the Commissioner of the Department of Education that there is a question regarding the Department's legal authority to release the funds.
September 29, 1980	The Attorney General issues an opinion stating that the Bering Strait REAA is not in compliance with the provisions of AS 14.30.500 regarding qualifications for adventure-based programs. The Attorney General states that funding should be withheld by the Department pending compliance by the REAA.
September 30, 1980	Bering Strait REAA requests transfer of \$300,000 in Fiscal Year 1981 adventure-based education funds from the Department of Education.

STATE OF ALASKA
DEPARTMENT OF EDUCATION
BERING STRAIT REAA
ADVENTURE-BASED EDUCATION PROGRAM
CHRONOLOGY OF EVENTS REGARDING
ADVENTURE-BASED EDUCATION FUNDS
For the Fiscal Year Ended June 30, 1981

<u>Date</u>	<u>Description</u>
November 3, 1980	The Department of Education advises Bering Strait REAA that funding of the adventure-based education projects initiated by the REAA would be withheld pending submission of an acceptable proposal by the REAA.
May 1, 1981	The Department of Education informs the Bering Strait REAA that an acceptable proposal must be submitted by May 15, 1981.
May 19, 1981	Bering Strait REAA submits a proposal to the Department of Education.
May 26, 1981	The Commissioner of Education requests an opinion of the Attorney General regarding the REAA's proposal.
June 1, 1981	The Attorney General advises the Commissioner of the Department of Education that the program described in the proposal does not meet statutory adventure-based education criteria.
June 2, 1981	The Department of Education again denies funding to Bering Strait REAA.
June 23, 1981	The Commissioner of the Department of Education informs the Superintendent of the Bering Strait REAA that the \$300,000 appropriation has been encumbered so that reimbursement to the REAA for expenses in the operation of the project can be initiated upon the receipt of proper documentation.

BERING STRAIT REAA
ADVENTURE-BASED EDUCATION
NOTES TO ANALYSIS OF EXPENDITURES BY PROJECT
For the Fiscal Year Ended June 30, 1981

Note 1 - Expenditures

This schedule includes all expenditures made to date in connection with Fiscal Year 1981 adventure-based education projects financed and directed by the Bering Strait REAA. In connection with the projects, the REAA paid some of the expenditures directly. In other instances, monies were disbursed to a temporary organization established by the REAA which paid for expenditures from a separate checking account. The disbursements to the temporary organization are not included herein, but the checks issued by the organization for expenditures are included.

Note 2 - Additional Compensation - Christian Basler

The contract between Christian Basler and the Bering Strait REAA called for the payment of \$13,000 at the rate of \$2,000 per month for the period June 15, 1980, through December 31, 1980. Any additional compensation required a written agreement. Mr. Basler submitted a claim for an additional 82 hours work performed between January 13, 1981, and June 26, 1981, at the rate of \$40 per hour. No written agreement was in evidence.

JAY S. HAMMOND
GOVERNOR

DEPARTMENT OF EDUCATION

OFFICE OF THE COMMISSIONER

POUCH F
STATE OFFICE BUILDING
JUNEAU, ALASKA 99811

RECEIVED

JAN 07 1982

LEGISLATIVE
AUDIT

Gerald L. Wilkerson, CPA
Legislative Auditor
Division of Legislative Audit
Alaska Office Building
Pouch W
Juneau, Alaska 99811

Dear Mr. Wilkerson:

We have reviewed the Preliminary Audit reports on:

A Special Review of the Department of Education/Bering Strait REAA Adventure Based Education Program for the Fiscal Year ended June 30, 1981.

A Letter Report of the Department of Education, Northwest Arctic REAA, November 6, 1981.

The Special Review had one recommendation: "The Department of Education should establish a firm date when the \$300,000 encumbrance for Adventure Based Education will lapse." The Department of Education agrees with this finding.

Attached is a copy of a letter sent to the superintendent of the Bering Strait REAA notifying that district of our intention to lapse the encumbrance as of February 4.

The district was also notified that any request for reimbursement of funds expended must contain the information concerning program activities and participants required by the Attorney General's Opinion of September 29, 1980.

Any reimbursement requests meeting these criteria and received prior to February 4, 1982 will be honored; unexpended portions of the authorization will lapse on February 4, 1982.

Gerald L. Wilkerson

-2-

January 5, 1982

The Letter Report on the Northwest Arctic School District has been reviewed. There are no recommendations contained in the Letter Report; therefore, no action is contemplated by the department.

Sincerely,

Marshall L. Lind
Marshall L. Lind
Commissioner

January 4, 1982

Ron Kohnman, Superintendent
Bering Strait Schools
Box 1000
Nome, Alaska 99762

Dear Mr. Kohnman:

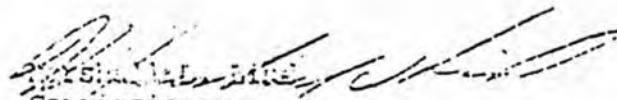

On December 21, this department received the preliminary draft of the Legislative Audit report on a Special Review of the Department of Education/Bering Strait NIAA Adventure Based Education Program. A copy of the report is enclosed.

The report recommends that the "Department of Education should establish a firm date when the \$300,000 encumbrance for Adventure Based Education will lapse." In order to establish that date, I am requesting that your district forward additional documentation on the ABE projects administered during the FY 81 fiscal year, in order that we may make a determination as to what, if any, expenditures are eligible for reimbursement under the Adventure Based Education appropriation.

In supplying the documentation, I refer you to the Attorney General's letter to me of September 29, 1980, and to my letter to you of June 23, 1981. Both of these documents clearly outline the kinds of detail concerning programs and participants that we will need to make our determination.

As you recall, we notified you on June 2, 1981, that the backup information which you have furnished does not meet the requirements of the statute. Therefore, if you do not have, or wish to submit, further information, the encumbrance will lapse on February 4, 1982.

Sincerely,

Commissioner

May 10, 1983

Representative Mae Tischer
State Capital
Pouch V
Juneau, Alaska 99811

Dear Representative Tischer:

Enclosed find a copy of the contract between the Lower Kuskokwim School District Board of Education and its superintendent, Carl A. Peterson. The 1983-84 school year will be Mr. Peterson's 5th and final year with the District as he has announced his plans to retire at the end of the year. You will note that the first page of the contract is an amendment to the contract for the time period 1982-84. In 1979 the Board entered into a two year contract with the Superintendent with all terms agreed upon except salary for the second year. Each January, after an evaluation of the Superintendent, the Board has extended the contract a third year, and set the salary for the second year of the contract. The term of the contract for the 1983-84 school year does not reflect an increase in the Superintendent's salary, as such - rather the length of the contract has decreased from 260 days to 240. In actuality he will receive the equivalent of a \$6,340 raise. The yearly salary paid the Superintendent since his hire is as follows:

1979-80	\$55,000.00	260 days
1980-81	\$70,972.00	260 days
1981-82	\$78,069.00	260 days
1982-83	\$82,285.00	260 days
1983-84	\$82,285.00	240 days

or 188,625

The District has grown tremendously during the last four years. We have built 16 new high schools, opened two that were built by the State, and have acquired eleven BIA elementary schools, one in 1981 and ten, the summer of 1982. We now operate 37 schools in 25 sites. We anticipate the transfer of ten more BIA elementary schools within the next two to three years. The Board took this into consideration when they raised the Superintendent's salary by \$16,000.00 in 1980.

Pouch V, Mail Stop: 3100
Juneau, Alaska 99811

Dear Representative Adams:

The Galena City School District Board of Education has directed me to inform you that the Board is very upset with the introduction and the thought of passage of House Bill 384. The bill insults the Board's intelligence and sophistication with regard to determining compensation for it's superintendent and very seriously questions the integrity of this Board. The bill further implies that one elected or appointed body is more qualified to make certain decisions than the local school board.

It is very obvious that it is not necessary to have any background on anything in order to be elected to the school board or city assembly much less appointment to the state school board. Thus, if you have a problem with the way a particular school district handles its business, this bill does not solve the problem.

The unfortunate thing the bill does do is to effectively erode further local board control. Since when has the legislature decided that local control is counter productive?

It seems that if the legislature feels that the areas dealt with in this bill are universal throughout the state, then the involvement of chief administrators and local school boards should be involved in helping solve the problem.

We feel that as a board, we have handled the affairs of the district in a very responsible manner and that city assembly concurrence is unnecessary and will hamper our continued improvement of Galena's education program.

The Honorable Albert P. Adams
Alaska House of Representatives
Pouch V
Juneau, AK 99811

Dear Representative Adams:

Our Board of Education has been following the progress of HB 384 and SB 282 regarding the condition of employment of chief school administrators throughout the state. Our concern has been heightened with the rumor that the bill was being amended to include only R.E.A.A.'s. We are well aware of the adverse publicity caused by actions of at least one district and do not condone such actions. It would seem that there is an unfair distribution of money for education in this state and we applaud the thorough study that we assume is currently being made.

We do not support the idea that there are others in the state who know more about our needs than we do. Our administrative staff is so small that we feel it necessary to hire the most competent person possible to help us in running the district. If we were willing and had the money to hire more administrators, we would probably pay our chief administrator less.

We do not think that there is an appropriate correlation between the monthly salary of the governor and the monthly salary of our chief administrator. As near as we can tell, the governor had no previous experience and no specific training to handle his job. He is surrounded by a group of administrators of varying degrees of expertise and has to do very little of the actual work himself. To think that the governor's mansion, servants, limousines and other benefits are not to be considered certainly makes his monthly salary an unfair comparison. Is the governor giving up his income from his many hotels? If our chief administrator focused his energies on producing personal income at the expense of his full-time job with us, he would no longer be in our employ. Fortunately we have an administrator who gives above and beyond anything we have a right to expect from him.

The Honorable Albert P. Adams
May 16, 1983
Page Two

If the state is going to set limits on salaries, these limits should run throughout the ranks of the employees. We have noticed over the years that the teaching staff has made significant gains through legislative efforts eroding the concept of local control. To single out only one group, the chief administrators, would do violence to the fair treatment that they deserve. In a study of administrator's salaries compared with teacher's salaries on a nationwide basis, all of our administrators are at a lower ratio than their lower-forty-eight counterparts. We negotiated a three-year contract with our teaching staff in the Spring of 1981 when the inflation rate was 14-15%. As a result, we are having to live with a 9 1/2% increase in salaries for the next school year. Needless to say, the present financial situation is causing us great stress. We have, in the past five years, cut two and one-half administrative positions, so that we have only two full-time principals, an assistant superintendent and a superintendent left on our administrative staff. This year we froze the salaries of our classified staff and our administrators except for one principal who works over three weeks longer than his teaching staff and would be receiving \$5,000 less than his highest paid teacher. We increased his control by 5% for next year. In addition, we have closed out three teaching positions for next year.

We have struggled since becoming a school district to do a good job. We have cut programs that are taken for granted in other districts. After five years of struggle we gained an area differential adjustment that finally put us back with the group of districts that we started with. This money is the only thing that gives us hope of getting through the present financial crisis. We ceased having a hot lunch program in November of our first year.

All in all, we feel that we have conducted our district in a very prudent manner, and we resent the implication that we haven't been. In conclusion, as a Board, we feel that legislation of this nature would be counterproductive and unnecessary. We are currently studying our fiscal policies in light of the workshop presented by the Association of Alaska School Boards (AASB). We know we're not perfect yet, but we are working on it.

Thank you Representative Adams, for your leadership in the legislature. I really think that we are on the same wave length in our thought processes.

Sincerely,

Clara (Billie) Peters,
Copper River School District Chairman

SUBJECT: Chief school administrators
(CSHB 384 (HESS))

TO: Representative Mae Tischer
Chairman, Health, Education, and Social
Services Committee

FROM: Keith B. Levy *KBL*
Legislative Counsel

Enclosed is a draft of a Committee Substitute for HB 384 (HESS). The bill may present a constitutional problem which you should be aware of. In addition, this draft differs in certain respects from the request I received from your office.

The committee substitute sets out certain limits on what a chief school administrator for a regional educational attendance area may do and the compensation he or she may receive. To go outside of these limits, the chief school administrator must obtain the approval of the school board and the legislative budget and audit committee. It may be a violation of the separation of powers doctrine for the legislature to require an employee of the executive branch to obtain legislative approval since that approval may be an executive function.

However, the state constitution does allow the legislature to exercise certain executive powers with respect to the unorganized borough. Article X, section 6 of the state constitution provides:

The legislature shall provide for the performance of services it deems necessary or advisable in unorganized boroughs, allowing for maximum local participation and responsibility. It may exercise any power or function in an unorganized borough which the assembly may exercise in an organized borough.

May 11, 1983

Accordingly, CSHB 384 (HESS) may be a valid exercise of executive power by the legislature since the bill only applies to chief school administrators in the regional educational attendance areas. Since the extent of the legislature's power to perform executive functions in the unorganized borough has not been fully defined by the courts, however, the bill merits a discussion of the separation of powers issue.

The Constitution of the State of Alaska implicitly recognizes the separation of powers doctrine. Public Defender Agency v. Superior Court, 534 P.2d 947 (Alaska 1975). Article III, section 1 of the state constitution provides

The executive power of the state is invested in the governor.

Accordingly, the legislature may not reserve to itself an executive power unless the constitution specifically provides for such a retention of power. Citing the United States Supreme Court, the Alaska Supreme Court noted that

Legislative power, as distinguished from executive power, is the authority to make laws, but not to enforce them or appoint the agents charged with the duty of such enforcement. The latter are executive functions.

Bradner v. Hammond, 553 P.2d 1, 6, n. 17 (Alaska 1976), citing Springer v. Philippine Islands, 277 U.S. 189, 202, 72 L.Ed. 845, 849 (1927).

If the approval required in the bill is construed as a legislative rather than an executive function, there is no constitutional problem. This interpretation is feasible with respect to AS 14.14.130(d) in the sense that fiscal control is at least in part a legislative function and that subsection allows the legislature to ensure fiscal integrity by retaining the power to disapprove budget excesses by chief school administrators. On the other hand, a court could also construe this power as executive in the sense that it is the power to enforce the law, i.e., the power to ensure that a chief school administrator does not violate AS 14.-14.130. At the very least, that subsection is open to constitutional attack. Some of the remaining subsections, however, do not even have the fiscal justification found in subsection (d). Subsection (f) requires legislative approval

of military and sick leave exceeding six days by chief school administrators and subsection (g) requires legislative approval for sabbatical leave. These duties are clearly administrative and would require the legislature to make executive decisions. In my opinion, such a usurping of executive power would be unconstitutional without express constitutional justification. As noted above, however, Article X, section 6 of the state constitution may provide that justification.

Moreover, there is some precedent in the Alaska Statutes for requiring legislative approval of executive acts. AS 38.06.055(a) provides

(a) In addition to the recommendation by the board required under AS 38.06.050, the commissioner of natural resources may not enter into a sale, exchange, or other disposition of oil or gas or of the rights or waiver of the rights to receive future production of royalty oil or gas under AS 38.05.183 without the prior approval of the legislature. The legislature may approve a sale, exchange, or other disposition of oil or gas or of the rights or of a waiver of the rights to receive future production of royalty oil or gas only by enacting legislation.

This section has not been challenged in the courts. However, in an opinion addressed to Senator Ziegler regarding other aspects of AS 38.06.055, former Attorney General Avrum Gross said

It is no secret that the statute authorizing legislative approval of these contracts creates some rather serious questions concerning separation of powers. There is no need to reach the constitutional question in this case, since whatever the legal merits of the issue, the Governor has submitted these contracts to the legislature for its approval and will be bound by its decision.

Op. Att'y Gen. February 23, 1977. In other words, although the attorney general felt that the requirement of legislative approval might be unconstitutional, he chose not to address the issue since the governor had agreed not to challenge the statute. If the present administration were to challenge the provisions of CSHB 384 (HESS), the same constitutional issues would arise. In my opinion, such a challenge could fail because of the legislature's unique

Representative Mae Tischer

Page 4

May 11, 1983

power to govern in the unorganized borough. I would caution, however, that the exact meaning of Article X, section 6 is not clear and the question is still an open one.

You should also be aware that the provisions in this draft of the committee substitute relating to tenure of chief school administrators differ from your draft request slightly. My understanding is that you wish to provide that a chief school administrator may not acquire tenure and a teacher must forfeit tenure if appointed to the position of chief school administrator. Your draft request did not cover the possibility of a teacher who has already acquired tenure before being appointed chief school administrator. Accordingly, the enclosed draft amends two sections of Title 14 to provide that a chief school administrator forfeits tenure upon appointment and may not acquire tenure after appointment.

KBL:ljb
19/001

SYNOPSIS OF CSHB 384 (HESS)

This bill places certain limits on employment practices by chief school administrators for regional educational attendance areas, limits the maximum amount of compensation, and provides for exceptions.

Section 1 14.14.130(d) A chief school administrator may not accept other employment during a school year. The salary, including all benefits, may not exceed the Governor's base salary (\$77,760 this year), unless approved by the regional school board and the legislative budget and audit committee.

- Chief school administrators are employed for 12 months per year. Outside employment would be allowed for part of that time. No definition for school year has been provided.
- Value of benefits to administrators is estimated to be between 30% and 40%. Direct payroll costs, including vacation, sick leave, health insurance, retirement, social security, life insurance, etc. are estimated at 30%. Deferred annuity, auto, and housing add to this cost. Base salary would probably be \$45,000 to \$50,000.

(e) Deferred benefits above those offered all employees are not allowed.

(f) Sabbatical leave must be approved by the regional school board and the legislative budget and audit committee. Pay during sabbatical may not exceed one-half of salary. A portion of the compensation received during sabbatical must be repaid if the chief school administrator is not employed by the district for three consecutive years following the sabbatical.

(g) The employment contract of a chief school administrator may not exceed three years and may not be renegotiated prior to 120 days before its expiration.

Sections 2 and 3 amend AS 14.20.150 and AS 14.20.160 regarding the acquisition and loss of tenure rights. Section 2 provides that a chief school administrator for a rural educational attendance area does not acquire tenure rights. Section 3 provides that a teacher loses his/her tenure rights upon accepting employment as a chief school administrator for a rural educational attendance area.

PURPOSE OF THE REPORT

In accordance with a Legislative Budget and Audit Committee request and Title 24 of the Alaska Statutes, this special report has been prepared to document the salaries, benefits and travel expenses of key personnel of the Bering Strait School District.

ORGANIZATION AND FUNCTION

Alaska Statute 14.08 provides for public education in unorganized boroughs of the State to be administered by the regional school boards of each regional educational attendance area (also commonly referred to as school districts).

Title 14 also provides that, under the general supervision of the Department of Education, a regional educational attendance area shall be operated on an area-wide basis under the management and control of a regional school board. Powers vested with regional school boards include determining its own fiscal procedures; employing a chief school administrator; approving the employment of the professional administrators, teachers and noncertified personnel necessary to operate its schools; and establishing the salaries to be paid its employees.

PURPOSE OF THE REPORT

In accordance with a Legislative Budget and Audit Committee request and Title 24 of the Alaska Statutes, this special report has been prepared to document the salaries, benefits and travel expenses of key personnel of the Bering Strait School District.

(Intentionally left blank)

ORGANIZATION AND FUNCTION

Alaska Statute 14.08 provides for public education in unorganized boroughs of the State to be administered by the regional school boards of each regional educational attendance area (also commonly referred to as school districts).

Title 14 also provides that, under the general supervision of the Department of Education, a regional educational attendance area shall be operated on an area-wide basis under the management and control of a regional school board. Powers vested with regional school boards include determining its own fiscal procedures; employing a chief school administrator; approving the employment of the professional administrators, teachers and noncertified personnel necessary to operate its schools; and establishing the salaries to be paid its employees.

STATE OF ALASKA
DEPARTMENT OF EDUCATION
BERING STRAIT SCHOOL DISTRICT
NOTES TO SUMMARY OF SALARY AND OTHER BENEFITS
For the Fiscal Years 1983, 1982, 1981

Note 1 - Superintendent's Salary

The Superintendent's 1980/81 contract provided for an annual salary of \$55,000. However, actual salary paid to the Superintendent totaled \$35,300 as a result of the school board authorizing leave without pay while he was lobbying for the Bering Strait, Northwest Arctic, and Yukon Koyukuk School Districts. The lobbying agreement between the districts and the Alaska Association of Schools Alliance, Inc., Ron Hohman, Executive Director, required each district to pay the Corporation \$25,000 a year for the 1980, 1981 and 1982 legislative sessions.

The Superintendent's current contract, entered on September 24, 1981, provides for an annual salary of \$77,500. During Fiscal Year 1981/82, the Superintendent was actually paid \$70,400 in salary plus the Corporation's compensation provided for in the lobbying agreement from two districts. According to the Superintendent, the Northwest Arctic School District did not pay the 1982 contract amount.

Note 2 - Life Insurance

The District provides life insurance coverage valued at the employee's annual salary.

Note 3 - Rent Subsidy

The employees are assessed \$270 per month and the District pays their housing costs. The rent subsidy was calculated by subtracting the \$270 from the estimated monthly value of the housing. The estimated value was provided by the District Business Manager.

Note 4 - Superintendent's Travel Expenses

During Fiscal Years 1980/81 and 1981/82, the Superintendent was reimbursed for actual costs of lodging, food and entertainment. During Fiscal Year 1982/83, the Superintendent receives \$115 per day as per diem while on travel status and is no longer paid actual costs of lodging, food, and entertainment.

Note 5 - Superintendent's Other Benefits

On September 24, 1981, the Superintendent's contract was renegotiated for another three year period. In addition to the salary and benefits listed in the preceding Summary of Salary and Other Benefits, the new contract covering Fiscal Years 1981/82 through 1983/84 provides for the following:

- A. Membership - Full reimbursement for memberships in the American Association of School Administrators, the Alaska Association of School Administrators and other memberships which the Superintendent feels are necessary to maintain his professional skills.
- B. Attendance at Seminars, Programs, Courses - The District shall permit the Superintendent a reasonable amount of release time as he deems appropriate to attend programs, seminars and courses which will lead to professional growth. The district will pay the necessary travel and subsistence expenses as approved by the District in its annual budget.
- C. Service as a Consultant - The Superintendent may serve as a consultant to other districts and educational agencies, and engage in other activities of short-term duration at his discretion. Board approval is required for all activities which require absence in excess of five days. The Superintendent, with board approval, can continue to draw salary and benefits while engaged in these activities.
- D. Payment of Retirement Arrearages - The District agrees to pay 2½ years of arrearages to the Teachers' Retirement System for experience of the Superintendent between 1965 and 1967.
- E. Sabbatical Year - The District shall grant a one year Sabbatical (Fiscal Year 1983/84, with all regular compensation and benefits. The District may require quarterly reports from the Superintendent regarding academic/program advancement.
- F. Spouse's Travel - The District will pay the costs for the Superintendent's spouse for travel to a professional or District board meeting.
- G. Contract Renewal - If the District does not notify the Superintendent in writing before December 31, that the contract will not be renewed, it shall be deemed that the District has renewed the contract for one year extending from the termination date of the contract.

STATE OF ALASKA
DEPARTMENT OF EDUCATION
BERING STRAIT SCHOOL DISTRICT
NOTES TO THE SCHEDULE OF SUPERINTENDENT'S TRAVEL
Fiscal Years 1981, 1982, and 1983 (through 12/31/82)

Note 1 - Food and Drinks

During Fiscal Years 1981 and 1982, the Superintendent was reimbursed for actual costs of food and drinks. However, not all costs of food and drinks were incurred while on travel status as shown in this Schedule. During Fiscal Years 1981 and 1982, the Superintendent was also reimbursed for in-district food and drink costs in the amount of \$1,554 and \$1,154, respectively.

During Fiscal Year 1983, the Superintendent receives \$115 per day per diem, and is no longer reimbursed actual costs of lodging, food and drinks.

Note 2 - Travel Status vs. Out-of-District

The Schedule of Superintendent's Travel reflects only those dates he was on official travel status, reimbursed by the District. Not reflected in this Schedule, is the Superintendent's time spent out of the district for Board approved lobbying efforts during Fiscal Years 1981 and 1982. Between 7/1/80 and 6/30/81, and between 7/1/81 and 6/30/82, the superintendent spent approximately 38% and 34%, respectively, of his time in the District. The remainder of time was spent on official travel status as listed in this Schedule or in Juneau on lobbying efforts.

From 7/1/82 to 12/31/82, the Superintendent spent 62% of his time in the District. For our calculation, the dates of departure from the District and return to the District were considered days in the District.

Note 3 - AASA Reimbursement

Airfare relating to the American Association of School Administrators is subject to a 75% reimbursement by the Association.

STATE OF ALASKA
DEPARTMENT OF EDUCATION
BERING STRAIT SCHOOL DISTRICT
NOTES TO THE SCHEDULE OF DEPUTY
SUPERINTENDENT'S TRAVEL

Fiscal Years 1981, 1982 and 1983 (through 12/31/82)

Note 1 - Food and Drinks

During Fiscal Years 1981 and 1982, the Deputy Superintendent was reimbursed for actual costs of food and drinks. However, not all costs of food and drinks were incurred while on travel status as shown in this Schedule. During Fiscal Years 1981 and 1982, the Deputy Superintendent was also reimbursed for in-district food and drink costs in the amount of \$1,436 and \$768, respectively.

(Intentionally left blank)
