RESUME FOR JACK E. GRIFFIN

Jack E. Griffin  
333 "M" Street, 401  
Anchorage, AK 99501  
Telephone: 272-8791 (home)

Experience

- o Member of the ABC Board from 1977 to 1979
- o Partner in real estate
- o Owns two bars in Homer
- o License holder
- o Previously owned Union Club in Anchorage
- o Member for many years of CHAR

I will be on vacation until January 27, 1985, and will be unreachable by telephone.

RESUME

James McNamee  
P.O. Box 1308  
Fairbanks, AK 99707  
(W) 456-6671 and  
(H) 452-8830

Born in Grande Oregon in 1921. Went to school at the University of Washington.

Served in World War II and was recalled for Korea. Held rank of Lieutenant in the United States Military Reserve, also served in the U.S. Navy.

Arrived permanent in Alaska in 1954.

Was employed as manager of Coop Photo until 1968. In 1968 worked with John Butrovich in the Alaska Insurance Agency. Corroon and Black aquired the Agency in 1973. I took leave of absence to serve Governor Bill Egan as Deputy Director of Insurance. I have since returned to Corroon and Black were I am acting as an account executive.

I have no financial interests with the liquor industry.

Dear Mr. Speaker:

Re: Collective Bargaining Agreements

Pursuant to AS 23.40.215(b), I am hereby submitting the "monetary terms" of the recently signed agreements with the International Organization of Masters, Mates and Pilots, Pacific Maritime Region, and the Marine Engineers Beneficial Association. The enclosed memorandum from myself to Jay Hogan identifies the "monetary terms" for FY 86, FY 87, and FY 88. Funding will be formally requested by the Office of Management and Budget.

Sincerely,

# MEMORANDUM

State of Alaska

To  
FIN

TO: Jay Hogan  
Associate Director  
Division of Budget Review  
Office of Management and Budget

*JH*

FROM: Commissioner Eleanor Andrews  
Department of Administration

DATE: January 15, 1986

FILE NO:

TELEPHONE NO: 465-2200

SUBJECT: Monetary Terms of 1985-88  
Agreements with MMP and MEBA

The International Organization of Masters, Mates and Pilots, Pacific Maritime Region (MMP), and the Marine Engineers Beneficial Association (MEBA) have signed their 1985-88 Agreements. This memorandum will recap the new MMP and MEBA Agreements' monetary terms as defined in AS 23.40.250(8) and provide our estimates of funding requirements. These estimates have been reviewed with the Alaska Marine Highway System, Department of Transportation and Public Facilities, and they have concurred with them:

## I. MONETARY TERMS OF THE AGREEMENT WHICH REQUIRE AN APPROPRIATION FOR THEIR IMPLEMENTATION.

MMP: The new MMP agreement is effective from April 1, 1985, until March 31, 1988. It succeeds a one-year extension agreement (April 1, 1983, to March 31, 1984). One result of the recent contract settlement is the MMP's assent to no pay increase for 1984, following a pattern established by this Administration in its 1984 negotiations with the major bargaining units.

- A. General Wage Increases: The following figures represent the total personal services costs of the MMP wage increases. A variable benefits factor of 5.6695 percent was used for FY 86, and 6.2088 percent was used for other fiscal years.
1. 2.0% pay increase to the Southeast salary schedule effective July 1, 1985. Estimated cost, beginning FY 86: \$79.8 per year.
  2. 2.0% pay increase to the Southeast and Southwest salary schedules effective July 1, 1987. Estimated cost, beginning FY 88: \$102.8 per year.
  3. Cost-of-Living Adjustments (COLA) for Southwest employees to be paid in equal thirds, beginning FY 86: \$26.7 each year.
- B. Health Insurance Improvements: The MMP Agreement provides for the same health insurance coverage as applies to the Supervisory Unit, terminating the State's participation in the Northwest Marine Benefit Trust (NMBT) which had previously provided health coverage. The increased cost for this change in insurance is approximately \$27.05/month per

employee. Estimated increase for the life of this Agreement is \$24.7 per fiscal year.

Prior to Supervisory Unit health coverage, while negotiations were underway, funds were diverted from MMP members' Individual Retirement Accounts (IRAP's) to pay the NMBT health insurance increase of \$52.00/month per employee. As indicated above, the parties ultimately addressed the escalation of health insurance costs by changing to the more economical Supervisory Unit plan. The transition agreement provides for reimbursement of funds diverted from the members' IRAP's, which carries a one-time cost of \$56.3 for 76 employees in FY 86.

- C. PERS Coverage: A major achievement of the new MMP Agreement is the provision for including the Deck Officers in the Public Employees' Retirement System (PERS) as a substitute for retirement benefits now carried by the Northwest Marine Retirement Trust (NMRT) and the IRAP's mentioned above. The inclusion of MMP in PERS is an important step towards achieving uniform benefits for all State employees. Since the NMRT has been in financial trouble for some time, the transition to PERS also assures Deck Officers of a more equitable and secure retirement benefit.

The PERS actuary was asked to estimate the costs of including MMP in PERS. Applying the percentages he supplied to the bargaining unit's expected gross pay during the various contract years, and offsetting the costs of current NMRT and IRAP contributions yielded the following cost increases: FY 86 - \$40.9; FY 87 - \$495.2; FY 88 - \$515.3. The low FY 86 figure is caused by the delayed effective date of the PERS coverage--only one month of FY 86 PERS coverage has been assumed.

- D. PERS Post-Retirement Health Coverage for NMRT Retirees: As part of the contract's economics the parties agreed to provide post-retirement health care for a group of 14 (or fewer) MMP retirees who retired under the NMRT pension plan before the 1985 negotiated entry into PERS. These individuals are presently paying for their own health insurance coverage. An effective date of June 1, 1986, is assumed since the actual effective date of coverage depends on date of legislative appropriation. However, the agreement provides that retirees will be reimbursed an amount equal to the monthly cost of this coverage (\$175.00 per retiree) for months from July 1, 1985, until the effective date of the coverage. The estimated cost of coverage for FY 86 is \$2.5, which covers only the month of June 1986. Reimbursement for the balance of FY 86 will require \$27.0. A full twelve months' coverage, or \$29.4 per year, will be incurred in each of the next fiscal years.

- E. Uniform and Laundry Allowance Increases: Effective July 1, 1985, the contract provides an increase of \$62/year in the uniform allowance. This results in an annual increase of \$4.7.
- F. License Insurance: License insurance is calculated as a percentage of the gross wages of employees. Because of the salary and COLA increases, the license insurance costs will increase. The increases range from approximately \$.3 for FY 86 to a cumulative increase of approximately \$.8 by FY 88.

We estimate that the new MMP Agreement will require a total additional appropriation of \$238.1 for FY 86. Further, we project that the MMP labor agreement will increase FY 87 funding requirements by the cumulative amounts of \$689.7 and \$839.4 in FY 88. (See Attachment 1 for a more detailed explanation of these estimates and a full accounting of their impact during the entire contract term.)

MEBA: Both a new three-year contract (April 1, 1985, through March 31, 1988) and the bargaining unit's 1984 wage reopener were settled in the recent negotiations, resulting in the following appropriation requirements:

- A. General Wage Increases: The following figures represent the total personal services costs of the wage increases. A variable benefits factor of 5.6695 percent was used for FY 86, and 6.2088 percent was used for other fiscal years.
  - 1. 2.0% pay increase for all Southeast employees and first, second and third assistant engineers on the M/V Tustumena effective July 1, 1985. Estimated cost, beginning FY 86: \$97.3 per year.
  - 2. 2.1% pay increase for all Southeast employees and first, second and third assistant engineers on the M/V Tustumena effective July 1, 1986. Estimated cost, beginning FY 87: \$111.3 per year.
  - 3. 1.3% increase to the salary schedule effective July 1, 1987. Estimated cost, beginning FY 88: \$83.8 per year.
- B. Supplemental Compensation/Pension Savings: The Letter of Agreement settling the 1984 wage reopener provides one-time "supplemental compensation" totaling \$400.0. Because this was traded for a 25 percent reduction in the on-going rate of employer pension contributions, it actually produces savings in subsequent fiscal years. The net cost for FY 86, considering the pension savings that year, is \$144.2. For each of the following fiscal years the State will save \$255.8.

- C. Uniform and Laundry Allowance Increases: Effective July 1, 1985, the contract provides an increase of \$62/year in the uniform allowance. This results in an annual increase of \$5.3.
- D. Actuarial Study: As indicated in the discussion of MMP's entry into PERS, an important long-range objective of the Administration has been to bargain out of union or union/management health and pension trusts. We have largely succeeded in accomplishing this: Only replacement of MEBA Pension Trust coverage with participation in our own Public Employees' Retirement System remains. MEBA and the State have agreed, during the term of our next contract, to perform a joint actuarial study of the costs and benefits of MEBA Pension Trust coverage versus Alaska PERS coverage. The estimated cost of the study, for FY 86 only, is \$10.0. (This appropriation should be to the Division of Labor Relations, Department of Administration, rather than the Department of Transportation and Public Facilities since Labor Relations will be responsible for the State's role in the study.)

We estimate the new MEBA Agreement will require a total additional appropriation of \$268.2 for FY 86. Due to the pension savings, an FY 87 savings of \$23.8 is expected. In FY 88, when a final pay increase takes effect, a net cost of \$67.9 over present levels is projected. (See Attachment 2 for a more detailed explanation of these estimates and a full accounting of their impact during the entire contract term.)

II. MONETARY TERMS OF THE AGREEMENT WHICH WILL RESULT IN A CHANGE IN STATE REVENUES.

Neither agreement has any terms which fall into this category.

III. MONETARY TERMS OF THE AGREEMENT WHICH WILL RESULT IN A CHANGE IN PRODUCTIVE WORK HOURS FOR STATE EMPLOYEES.

Following a pattern established by last year's Inlandboatmen's Union of the Pacific (IBU) settlement, in both the MMP and MEBA bargaining units new vacation schedules were negotiated for employees hired on or after April 1, 1985. The new schedules have lower maximum accrual rates than those allowed under the present schedules. For example, the vacation schedule covering new Southeast employees has a maximum accrual rate of five (5) pay periods per year, which is two (2) pay periods lower than the preexisting schedule. While the changes to the vacation provisions are complex and will occur gradually, their ultimate effect (to be realized several years from now) will be a net increase in the productive work hours of these bargaining units.

This last feature of the new agreements is recounted for informational purposes only and does not require an appropriation for its implementation.

AS 23.40.215(b) requires that the monetary terms of an agreement be submitted to the legislature within ten (10) legislative days after the convening of the next regular session. In this case, therefore, appropriate legislation must be submitted by January 22, 1986. However, consistent with our commitment to MMP and MEBA, every effort should be made to submit these monetary terms at the earliest date possible.

Further details on these new agreements, and an explanation of our estimates, can be obtained from Karen VanDusseldorp, Division of Labor Relations, at 465-4404.

Costs Associated with MMP 1985-88 Agreement  
Effective April 1, 1985, through March 31, 1988

Fiscal Year 1986:

1.	Reimbursement of Individual Retirement Accounts (76 employees @ \$52.00/month for eight months in FY 85; 76 employees @ \$27.05/month for 12 months in FY 86)	\$ 56,285.60
2.	Reimbursement for Post-Retirement Health Coverage (14 retirees @ \$175.00/month for 11 months)	26,950.00
3.	PERS Post-Retirement Health Coverage for NMRT Retirees (assuming effective June 1, 1986; 14 retirees @ \$175.00/month for one month)	2,450.00
4.	Uniform Allowance Increase (76 uniform allowances @ \$62.00/year)	4,712.00
5.	Cost of Living Adjustments for SW Employees (effective July 1, 1985; 1/3 of difference between current cost of living differentials and 22.5%; based on 14 employees)	26,688.00
6.	2.0% Pay Increase effective July 1, 1985, for SE employees	74,050.78
7.	PERS Retirement Coverage for Employees (assuming effective June 1, 1986; 16.54% of one month's gross pay less existing pension costs)	40,897.71
8.	Variable Benefits on #5 and #6 @ 5.6695%	5,711.39
9.	License Insurance Increases (based on COLA increase for SW employees and 2.0% pay increase for SE employees)	313.67

---

FY 1986 Total	\$238,059.15
---------------	--------------

Fiscal Year 1987:

1.	Continuation of Health Insurance Improvement (76 employees @ \$27.05/month for 12 months)	\$ 24,669.60
2.	Continuation of PERS Post-Retirement Health Coverage for NMRT Retirees (14 retirees @ \$175.00/month for 12 months)	29,400.00
3.	Continuation of Uniform Allowance Increase	4,712.00
4.	Continuation of July 1, 1985, Cost of Living Adjustments for SW employees	26,688.00

MMP (Continued)

5.	Additional Cost of Living Adjustments for SW Employees (effective July 1, 1986; 2nd 1/3 of difference)	\$ 26,688.00
6.	Continuation of July 1, 1985. Pay Increase for SE employees	74,050.78
7.	Continuation of PERS Retirement Coverage for Employees (16.54% of gross pay for 76 employees for 12 months less existing pension costs)	495,186.72
8.	Variable Benefits on #4, #5 and #6 @ 6.2088%	7,911.67
9.	License Insurance Increases (based on COLA increase for SW employees and continuation of pay increase for SE employees)	402.87
<hr/>		
	FY 1987 Total	\$689,709.58

Fiscal Year 1988:

(Costs projected through end of the fiscal year)

1.	Continuation of Health Insurance Improvement	\$ 24,669.60
2.	Continuation of PERS Post-Retirement Health for NMRT Retirees	29,400.00
3.	Continuation of Uniform Allowance Increase	4,712.00
4.	Continuation of July 1, 1985, and July 1, 1986, Cost of Living Adjustments	53,376.00
5.	Cost of Living Adjustments for SW Employees (effective July 1, 1987; last 1/3 of difference)	26,688.00
6.	Continuation of July 1, 1985, Pay Increase for SE employees	74,050.78
7.	2.0% Pay Increase Effective July 1, 1987, all employees (FY 86 estimated gross pay + COLA adjustments = \$4,746,170.52 x 2.0%)	94,923.41
8.	Continuation of PERS Retirement Coverage for Employees	515,301.25
9.	Variable Benefits on #4, #5, #6 and #7 @ 6.2088%	15,462.28
10.	License Insurance Increases (based on COLA increases for SW employees and 2.0% pay increase)	776.34
<hr/>		
	FY 1988 Total	\$839,359.66
	Grand Total of Increases	\$1,767,128.39

Costs Associated with MEBA 1985-88 Agreement  
Effective April 1, 1985, through March 31, 1988  
(Also settles 1984 Wage Reopener)

Fiscal Year 1986:

1.	2.0% Pay Increase Effective July 1, 1985, for SE employees and 1st, 2nd and 3rd Assistant Engineers on M/V Tustumena	\$ 91,492.24
2.	Special SW COLA Adjustments effective July 1, 1985, (including the CE on M/V Tustumena and all M/V Bartlett employees)	11,400.00
3.	Net cost of One-Time Supplemental Compensation (\$400,000 one-time total - \$255,826 pension savings = \$144,174)	144,174.00
4.	Uniform Allowance Increase (85 uniform allowances @ \$62.00/year)	5,270.00
5.	Actuarial Study of PERS (to be appropriated to the Department of Administration)	10,000.00
6.	Variable Benefits on #1 and #2 @ 5.6695%	5,833.48
<hr/> FY 1986 Total		<hr/> \$ 268,169.72

Fiscal Year 1987:

1.	Continuation of July 1, 1985, Pay Increase	\$ 91,492.24
2.	Continuation of July 1, 1985, Cost of Living Adjustments	11,400.00
3.	Continuation of Pension Savings	( 255,826.00)
4.	Continuation of Uniform Allowance Increase	5,270.00
5.	2.1% Pay Increase Effective July 1, 1986 for all SE employees and 1st, 2nd, 3rd Assistant Engineers on M/V Tustumena	97,988.19
6.	Special SW COLA Adjustment effective July 1, 1986, for CE on M/V Tustumena and M/V Bartlett employees	12,600.00
7.	Variable Benefits on #1 and #2 and #5 and #6 @ 6.2088%	13,254.57
<hr/> FY 1987 Total		<hr/> ( \$ 23,821.00)

MEBA (Continued)

Fiscal Year 1988:

(Costs projected through end of the fiscal year.)

1. Continuation of July 1, 1985, and July 1, 1986, Pay Increases	\$ 189,480.43
2. Continuation of July 1, 1985, and July 1, 1986, Cost of Living Adjustments	24,000.00
3. Continuation of Pension Savings	( 255,826.00)
4. Continuation of Uniform Allowance Increase	5,270.00
5. 1.3% Pay Increase Effective July 1, 1987 for all SE employees, all M/V Tustumena employees, and 1st and 2nd Assistant Engineers on the M/V Bartlett	65,207.76
6. Special SW Cost of Living Adjustments effective July 1, 1987, for CE on M/V Tustumena and M/V Bartlett employees	21,168.00
7. Variable Benefits on #1 and #2 and #5 and #6 @ 6.2088%	18,617.47

## ALASKA MUNICIPAL BOND BANK AUTHORITY

March 19, 1986

The Honorable Frank Ferguson, Senator  
Alaska State Legislator  
P.O. Box V  
Juneau, Alaska 99811

Dear Senator:

Your staff has ask that I provide you with an update on the Bond Bank, and how it could interface with lending to communities, using a State back guarantee.

First an update, as you are aware the State currently assists the Bond Bank by Direct appropriation from the General Fund. These appropriations are used by the Bond Bank as Reserves, to be used in event of default by a community. The Reserves generally total 10% of our outstanding debt, for each \$1 we receive from the State we borrow \$10 in the National Markets. In addition to the Reserve we have the State Moral Obligation supporting our issues.

The Bond Bank has an unused bonding capacity of approximately \$180 million.

At June 30, 1985 we had available Reserves for future issues of \$4,489,000 since that date our reserves have increased to approximately \$8,500,000 primarily due to defeasing prior issues.

Currently we are working toward refunding approximately \$29,785,000 in G.O. Bonds and \$9,405,000 in Revenue Bonds, which will use some of the available reserves.

Page 2  
Senator Frank Ferguson  
March 15, 1986

The Bond Bank is in a position to administer a direct debt service guarantee program if adopted by the State. Under such a program I don't believe the 10% Reserve requirement would be necessary, and the rating on such an issue may be closer to that of the State, rather than that of the Bond Bank.

If I can be of further assistance please don't hesitate to call.

Sincerely,

Perry T. Davis  
Executive Director

?TD/kjm

STATE OF ALASKA  
POOLED CAPITAL PROJECTS PROGRAM

- Purpose: To provide financing for revenue-producing municipal capital projects that would otherwise have been funded in part, or in whole, by direct grants from the State.
- Bond Issue Size: Capital projects would be identified in advance and limited to those governmental units and their enterprise activities whose credit is sufficiently strong that they can fund part or all of the debt service from their own revenues, if necessary. Attached is a list of typical projects. Credit analysis of each project will be reviewed by AMBB staff.
- Structure: Variable rate demand bonds are issued by a Alaska Municipal Bond Band Authority. After payment of costs of issuance, net bond proceeds are deposited with the Trustee. Bond proceeds are invested at variable interest rates pegged to the rate on the bonds and guaranteed in advance by a major bank.
- Disbursement: Variable rate loans would be issued to each community to meet the disbursements as needed for construction. The rate on the loans would be pegged to the rate on the bonds plus annual fees. The State shall keep any interest earned on bond proceeds to help pay for debt service.
- Bond Security:
- (1) Letter of Credit from a major bank
  - (2) Debt Service Reserve Fund--funded from bond proceeds or a combination of bond proceeds and State appropriations
  - (3) Moral obligation of the State, accessed via make-up provision of the Debt Service Reserve Fund
  - (4) Revenues from the revenue-producing capital projects

Source of Debt

Service Payment

- (1) The State would contribute total annual debt service payments for an estimated three to five years. This matter would be subject to negotiation with the letter of credit bank. A ten year payback would be the outside limit.
  
- (2) Revenues from the municipal capital projects would be used for debt service payments to the extent that State revenues are not available.

Timing:

The Joint Statement issued by Senate Finance House Ways and Means and the Secretary of the Treasury on March 14, 1986 lifts many of the restrictions, including arbitrage limitations, for this type of bond until September 1, 1986. It is important to use this "window," or financing costs will be increased.

EXECUTIVE ORDER NO. 59

Under the authority of art. III, c. 23, of the Alaska Constitution, and in accordance with AS 24.30.130(b), I order the following:

\* Section 1. FINDINGS. As governor, I find that it would be in the best interests of efficient administration and protection of the public to unify the conduct of search and rescue operations within the State of Alaska by transferring the state's responsibilities for the Alaska Wing, Civil Air Patrol, from the Department of Military and Veterans' Affairs to the Department of Public Safety.

\* Sec. 2. AS 18.60 is amended by adding new sections to art. 2 to read:

Sec. 18.60.146. CIVIL AIR PATROL. The Department of Public Safety shall make the necessary administrative arrangements for maintaining liaison between the state and the Civil Air Patrol and the expenditure of money appropriated to the department for the state contribution toward the support of the authorized activities of the Alaska Wing, Civil Air Patrol, under its charter.

Sec. 18.60.148. TRANSFER OF FORFEITED AIRCRAFT TO CIVIL AIR PATROL. (a) A transfer to the Alaska Wing, Civil Air Patrol, of a forfeited aircraft under AS 16.05.195(f), AS 17.30.122, or another state law or regulation is subject to the following conditions:

(1) the transfer shall be made without cost to the Civil Air Patrol;

(2) the aircraft becomes a corporate Civil Air Patrol aircraft;

(3) the aircraft may only be used for Civil Air Patrol search and rescue, civil defense, and training purposes;

(4) the aircraft may not be transferred to another wing of the Civil Air Patrol unless

1 (A) the aircraft has been corporate aircraft of the  
2 Alaska Wing, Civil Air Patrol for at least 36 months after the  
3 date of transfer to the Alaska Wing; or

4 (B) the aircraft is being exchanged for another Civil  
5 Air Patrol corporate aircraft of equivalent or greater value;

6 (5) if the Civil Air Patrol determines that the aircraft  
7 should be disposed of as surplus property, the disposition shall first  
8 be approved by the Department of Administration.

9 (b) A transfer of a forfeited aircraft under this section shall  
10 be consummated by a contract between the State of Alaska and the  
11 Alaska Wing, Civil Air Patrol that includes the conditions set out in  
12 (a) of this section. The contract shall also provide that the Civil  
13 Air Patrol indemnify the state for any amount for which the state may  
14 be liable for an act or omission relating to the aircraft.

15 \* Sec. 3. AS 26.05.345 and 26.05.347 are repealed.

16 \* Sec. 4. This Order takes effect July 1, 1985.

BILL SHEFFIELD  
GOVERNOR

STATE OF ALASKA  
OFFICE OF THE GOVERNOR  
JUNEAU

January 14, 1985

The Honorable Ben Grussendorf  
Speaker of the House  
Alaska State Legislature  
Pouch V  
Juneau, AK 99811

Dear Representative Grussendorf:

Under the authority of art. III, sec. 23, of the Alaska Constitution, I am transmitting an executive order that transfers the responsibility for state support of the Alaska Wing, Civil Air Patrol, from the Department of Military and Veterans' Affairs to the Department of Public Safety. This order is similar to Executive Order No. 33, issued in 1968 by Governor Hickel, transferring that responsibility from the Department of Commerce to the Department of Military Affairs.

The Civil Air Patrol was presumably placed within the Department of Military Affairs because it is an auxiliary of the United States Air Force. The Alaska Wing, Civil Air Patrol is a search and rescue organization, which receives state revenues under a search and rescue BRU in the Department of Military and Veterans' Affairs' budget. However, the same time, the Department of Public Safety is responsible for administering search and rescue operations within the state (AS 18.60.120 et seq.) and also has a search and rescue BRU in its budget. The intent of this order is to consolidate all search and rescue efforts under one state agency, the Department of Public Safety, and to make uniform the policies and practices regarding search and rescue.

This order repeals AS 26.05.345, which currently establishes the Department of Military and Veterans' Affairs as state liaison for the Civil Air Patrol, and adds AS 18.60.146 to

give the Department of Public Safety that responsibility. The order also repeals AS 26.05.347 relating to transfer of forfeited aircraft to the Civil Air Patrol, and adds AS 18.60.148 to place that provision in the Department of Public Safety also.

The order takes effect July 1, 1985.

Sincerely,

A handwritten signature in cursive script, appearing to read "Bill Sheffield".

Bill Sheffield

**Section 23. Reorganization.** The governor may make changes in the organization of the executive branch or in the assignment of functions among its units which he considers necessary for efficient administration. Where these changes require the force of law, they shall be set forth in executive orders. The legislature shall have sixty days of a regular session, or a full session if of shorter duration, to disapprove these executive orders. Unless disapproved by resolution concurred in by a majority of the members in joint session, these orders become effective at a date thereafter to be designated by the governor.

The constitution vests no power in the judiciary to define the specific functions of the principal departments in the state government or the units of the executive branch, and in the absence of express authorization or an overriding constitutional imperative, the judiciary may not bequeath such a power to itself. *Granato v. Occhipinti*, Sup. Ct. Op. No. 1962 (File No. 3756), 602 P.2d 442 (1979).

Thus, superior court cannot order home study by department of health and social services. — The superior court does not have the authority to order the Alaska department of health and social services, division of social services, against its will, to conduct a home-study in a

private custody dispute. *Granato v. Occhipinti*, Sup. Ct. Op. No. 1962 (File No. 3756), 602 P.2d 442 (1979).

The legislative veto power granted in this section and Alaska Const., art. X, § 12, is the power to change statutes, not rule-making power, which is the power to interpret and implement statutes. *State v. A.L.I.V.E. Voluntary*, Sup. Ct. Op. No. 2022 (File No. 3670), 606 P.2d 769 (1980).

The creation of the Alaska Mortgage Adjustment Agency was not a change in the organization of the executive branch of government requiring the force of law. *Suber v. Alaska State Bond Comm.*, Sup. Ct. Op. No. 344 (File No. 651), 414 P.2d 546 (1966).

**Section 24. Supervision.** Each principal department shall be under the supervision of the governor.

**Section 25. Department Heads.** The head of each principal department shall be a single executive unless otherwise provided by law. He shall be appointed by the governor, subject to confirmation by a majority of the members of the legislature in joint session, and shall serve at the pleasure of the governor, except as otherwise provided in this article with respect to the secretary of state. The heads of all principal departments shall be citizens of the United States.

Revisor's note. — Senate Joint Resolution No. 2, "changing the name of the secretary of state to lieutenant governor" in 16 sections of the Alaska Constitution, approved by the voters August 25, 1970, inadvertently omitted express amendment of this section.

The provisions of this section and § 26 of this article are clear and unambiguous. *Bradner v. Hammond*,

Sup. Ct. Op. No. 1297 (File No. 2802), 553 P.2d 1 (1976).

This section explicitly empowers the governor to appoint and dismiss the head of each principal department. *Bradner v. Hammond*, Sup. Ct. Op. No. 1297 (File No. 2802), 553 P.2d 1 (1976).

It subjects these executive appointments to confirmation by a majority of the members of the legislature

Russell J. Anderson  
Colonel, CAP  
Commander, Alaska Wing  
Civil Air Patrol  
P.O. Box 10-1836  
Anchorage, Alaska 99510

Dear Colonel Anderson:

The Alaska Wing Civil Air Patrol (AWCAP) is to be commended for their fiscal restraint practices, which have been demonstrated during the past six months. This is particularly noteworthy, as overall CAP search and rescue flight hour services to the state, has also increased during the period.

Upon reviewing the state's contribution of funds which has supported the AWCAP during the first half of FY-85, \$285,000.00 has been expended through 31 Dec 84. The AWCAP during this six month period, has flown 1,682 search and rescue support hours in Alaska. As you are well aware, unlike in past years, the state has been directed to utilize a "contract for services agreement" to reimburse the AWCAP for services rendered in FY-85. The terms of this agreement were mutually prepared by members of the AWCAP and the Department of Military and Veterans Affairs, acting for the state. The AWCAP is again commended for their participation in formulating the contents of the reimbursable services contract.

I am pleased to inform the AWCAP that a significant reduction in state expenditures is being realized in FY-85. This was highlighted by comparing like AWCAP expenditures from two previous years, prior to initiating a reimbursement for services contract. In FY-83, the AWCAP flew 676 search and rescue hours during the first six months of the fiscal year, which required \$408,500.00 from the state at that time for those services. The FY-83 six month cost was \$123,500.00, greater than current FY-85 reimbursements and far less search and rescue hours were flown. Last year during the same six month period in FY-84, the AWCAP flew 863 search and rescue hours and the state expended \$309,800.00 for those services. The FY-84 cost was \$24,800.00 greater than current year reimbursements and only half the number of search and rescue hours were flown during that period by the AWCAP.

The AWCAP Wing Commander, the Wing Staff and entire Alaska Wing membership is therefore commended for their improved fiscal management restraint practices which have been employed during the first half of FY-85. These practices have produced substantial savings to the State of Alaska. Keep up the good work.

The State of Alaska looks forward to your continued team support.

Sincerely,

EDWARD G. PAGANO

LEGISLATIVE AFFAIRS AGENCY

MEMORANDUM

February 12, 1985

SUBJECT: Fiscal notes for funding  
executive orders

TO: Representative Al Adams  
Attention: Louann Cutler

FROM: Billy G. Berrier *BGB*  
Director  
Division of Legal Services

You have asked whether an increase in appropriation caused by an executive order should be provided through use of the fiscal note procedure.

In my opinion this procedure does not apply.

Fiscal notes are required on bills and resolutions under AS 24.30.035. The language in this section consistently refers only to bills and resolutions.

Executive orders are authorized under Sec. 23, Article III Constitution of the State of Alaska which provides:

SECTION 23. REORGANIZATION. The governor may make changes in the organization of the executive branch or in the assignment of functions among its units which he considers necessary for efficient administration. Where these changes require the force of law, they shall be set forth in executive orders. The legislature shall have sixty days of a regular session, or a full session if of shorter duration, to disapprove these executive orders. Unless disapproved by resolution concurred in by a majority of the members in

Representative Al Adams  
February 12, 1985  
page 2

joint session, these orders become effective at a date thereafter to be designated by the governor.

This is the reverse of the normal law making process. Normally affirmative action by the legislature is required to create a law, the legislature must adopt legislation. The Governor then has the negative power to veto. Here the governor has the affirmative power of setting forth the changes in law in an executive order and the legislature has the negative power of disapproval. In both cases failure to exercise the negative power results in the change becoming law.

The fiscal note requirement serves two purposes. It gives the legislature information about the cost of litigation. It also provides a mechanism where the costs are brought to the attention of the committees preparing the budget as necessitating appropriations. However, at the time the general appropriation bill is adopted, and in fact at the time the legislature adjourns, the fate of the legislation may not be known.

The method the legislature has created to deal with this unknown is to create a special category in the appropriation bill and to make the appropriations in that section conditional on the law become effective.

For instance in last year's General Appropriation Act (CH 122, SLA 1984) these were included as Section 23 which provided:

Sec. 23 The following appropriation items are for operating expenditures from the general fund or other funds as set out in the fiscal year 1985 Budget Summary by funding source to the state agencies named and for the purposes set out in the new legislation for the fiscal year beginning July 1, 1984 and ending June 30, 1985. The appropriation items contain funding for legislation assumed to have passed during the second session of the Thirteenth Legislature and are to be considered part of the agency operating budget. Should

Representative Al Adams  
February 12, 1985  
page 3

a measure listed in this section either fail to pass, its substance fail to be incorporated in some other measure, or be vetoed by the Governor the appropriation for that measure shall lapse.

Clearly this language does not include the reverse relationship involved in executive orders.

Rule 42(d) of the Uniform Rules of the Alaska State Legislature provides:

(d) Notwithstanding the provisions of (c) of this rule, a Free Conference Committee may consider and include in its report on an appropriation bill appropriations as requested by attached fiscal notes on new legislation and resolutions that have been passed by both houses.

Again only bills and resolutions which have passed both houses are included.

The language of the fiscal note statute and the rule do not include executive orders. The procedure used for funding fiscal notes in the general appropriation bill would have to be changed by addition of a new section or additional language in order to include fiscal notes on executive orders.

Therefore in my opinion fiscal notes on executive orders are not a proper method of funding increases in appropriations caused by executive orders.

It would seem appropriate for those increased costs to be part of the normal operation budget.

EXECUTIVE ORDER NO. 59

Under the authority of art. III, sec. 23, of the Alaska Constitution, and in accordance with AS 24.30.130(b), I order the following:

\* Section 1. FINDINGS. As governor, I find that it would be in the best interests of efficient administration and protection of the public to unify the conduct of search and rescue operations within the State of Alaska by transferring the state's responsibilities for the Alaska Wing, Civil Air Patrol, from the Department of Military and Veterans' Affairs to the Department of Public Safety.

Sec. 2. AS 18.60 is amended by adding new sections to art. 2 to read:

Sec. 18.60.146. CIVIL AIR PATROL. The Department of Public Safety shall make the necessary administrative arrangements for maintaining liaison between the state and the Civil Air Patrol and the expenditure of money appropriated to the department for the state contribution toward the support of the authorized activities of the Alaska Wing, Civil Air Patrol, under its charter.

Sec. 18.60.148. TRANSFER OF FORFEITED AIRCRAFT TO CIVIL AIR PATROL. (a) A transfer to the Alaska Wing, Civil Air Patrol, of a forfeited aircraft under AS 16.05.195(f), AS 17.30.122, or another state law or regulation is subject to the following conditions:

(1) the transfer shall be made without cost to the Civil Air Patrol;

(2) the aircraft becomes a corporate Civil Air Patrol aircraft;

(3) the aircraft may only be used for Civil Air Patrol search and rescue, civil defense, and training purposes;

(4) the aircraft may not be transferred to another wing of the Civil Air Patrol unless

1 (A) the aircraft has been corporate aircraft of the  
2 Alaska Wing, Civil Air Patrol for at least 36 months after the  
3 date of transfer to the Alaska Wing; or

4 (B) the aircraft is being exchanged for another Civil  
5 Air Patrol corporate aircraft of equivalent or greater value;

6 (5) if the Civil Air Patrol determines that the aircraft  
7 should be disposed of as surplus property, the disposition shall first  
8 be approved by the Department of Administration.

9 (b) A transfer of a forfeited aircraft under this section shall  
10 be consummated by a contract between the State of Alaska and the  
11 Alaska Wing, Civil Air Patrol that includes the conditions set out in  
12 (a) of this section. The contract shall also provide that the Civil  
13 Air Patrol indemnify the state for any amount for which the state may  
14 be liable for an act or omission relating to the aircraft.

15 \* Sec. 3. AS 26.05.345 and 26.05.347 are repealed.

16 \* Sec. 4. This Order takes effect July 1, 1985.

Introduced: 1/14/85  
Referred: State Affairs  
and Finance

EXECUTIVE ORDER NO. 59

Under the authority of art. III, sec. 23, of the Alaska Constitution, and in accordance with AS 24.30.130(b), I order the following:

\* Section 1. FINDINGS. As governor, I find that it would be in the best interests of efficient administration and protection of the public to unify the conduct of search and rescue operations within the State of Alaska by transferring the state's responsibilities for the Alaska Wing, Civil Air Patrol, from the Department of Military and Veterans' Affairs to the Department of Public Safety.

\* Sec. 2. AS 18.60 is amended by adding new sections to art. 2 to read:

Sec. 18.60.146. CIVIL AIR PATROL. The Department of Public Safety shall make the necessary administrative arrangements for maintaining liaison between the state and the Civil Air Patrol and the expenditure of money appropriated to the department for the state contribution toward the support of the authorized activities of the Alaska Wing, Civil Air Patrol, under its charter.

Sec. 16.60.148. TRANSFER OF FORFEITED AIRCRAFT TO CIVIL AIR PATROL. (a) A transfer to the Alaska Wing, Civil Air Patrol, of a forfeited aircraft under AS 16.05.195(f), AS 17.30.122, or another state law or regulation is subject to the following conditions:

(1) the transfer shall be made without cost to the Civil Air Patrol;

(2) the aircraft becomes a corporate Civil Air Patrol aircraft;

(3) the aircraft may only be used for Civil Air Patrol search and rescue, civil defense, and training purposes;

(4) the aircraft may not be transferred to another wing of the Civil Air Patrol unless

1 (A) the aircraft has been corporate aircraft of the  
2 Alaska Wing, Civil Air Patrol for at least 36 months after the  
3 date of transfer to the Alaska Wing; or

4 (B) the aircraft is being exchanged for another Civil  
5 Air Patrol corporate aircraft of equivalent or greater value;

6 (5) if the Civil Air Patrol determines that the aircraft  
7 should be disposed of as surplus property, the disposition shall first  
8 be approved by the Department of Administration.

9 (b) A transfer of a forfeited aircraft under this section shall  
10 be consummated by a contract between the State of Alaska and the  
11 Alaska Wing, Civil Air Patrol that includes the conditions set out in  
12 (a) of this section. The contract shall also provide that the Civil  
13 Air Patrol indemnify the state for any amount for which the state may  
14 be liable for an act or omission relating to the aircraft.

15 \* Sec. 3. AS 26.05.345 and 26.05.347 are repealed.

16 \* Sec. 4. This Order takes effect July 1, 1985.

F.O.59

BILL SHEFFIELD  
GOVERNOR

STATE OF ALASKA  
OFFICE OF THE GOVERNOR  
JUNEAU

January 14, 1985

The Honorable Don Bennett  
President of the Senate  
Alaska State Legislature  
Pouch V  
Juneau, AK 99811

Dear Senator Bennett:

Under the authority of art. III, sec. 23, of the Alaska Constitution, I am transmitting an executive order that transfers the responsibility for state support of the Alaska Wing, Civil Air Patrol, from the Department of Military and Veterans' Affairs to the Department of Public Safety. This order is similar to Executive Order No. 33, issued in 1968 by Governor Hickel, transferring that responsibility from the Department of Commerce to the Department of Military Affairs.

The Civil Air Patrol was presumably placed within the Department of Military Affairs because it is an auxiliary of the United States Air Force. The Alaska Wing, Civil Air Patrol is a search and rescue organization, which receives state revenues under a search and rescue BRU in the Department of Military and Veterans' Affairs' budget. However, the same time, the Department of Public Safety is responsible for administering search and rescue operations within the state (AS 18.60.120 et seq.) and also has a search and rescue BRU in its budget. The intent of this order is to consolidate all search and rescue efforts under one state agency, the Department of Public Safety, and to make uniform the policies and practices regarding search and rescue.

This order repeals AS 26.05.345, which currently establishes the Department of Military and Veterans' Affairs as

state liaison for the Civil Air Patrol, and adds AS 18.60.146 to give the Department of Public Safety that responsibility. The order also repeals AS 26.05.347 relating to transfer of forfeited aircraft to the Civil Air Patrol, and adds AS 18.60.148 to place that provision in the Department of Public Safety also.

The order takes effect July 1, 1985.

Sincerely,

A handwritten signature in cursive script, appearing to read "Bill Sheffield".
