DATE: March 9, 1984

RE: In-State Preference Purchasing

In response to your request earlier today, the following is a breakdown of responses we received to our letter sent to all the states September 23, 1983 regarding laws or regulations addressing "In-State Preference Purchasing" of agricultural goods produced within their state.

A total of 31 states responded. Of that total 15 stated that they do not have a law or regulation that mandates a preference for the purchase of in-state goods and services specifically relating to public purchasing of agricultural products. In-state purchasing is encouraged in a majority of these states. Those states responding were:

California
Mississippi
Oklahoma
Utah
Nebraska
Maryland
Kentucky
Georgia

Illinois
Connecticut
New Hampshire
Nevada
Virginia
Illinois
Deleware

Memorandum

March 9, 1984

A total of 16 states responded that they did have statutory provisions that provide for in-state bidders preference for the purchase of goods and services made under state purchasing laws however, these statutes do not permit the sacrifice of price or quality in giving this preference. Here again, there is no regulations relating specifically to public purchasing of agricultural products. A number of these states also have regulations stating "preference shall be given to purchasing American made products and purchases from American based businesses whenever possible." Those states responding were:

New Mexico
Maine
Minnesota
Florida
Missouri
Colorado
Ohio
South Dakota

North Dakota
New York
Hawaii
Arkansas
Missouri
Iowa
Alabama
North Carolina

I have attached copies of these responses along with the regulations which have been cited. I hope this will be of use to you. If I can provide you with any additional information on this, please let me know.

BILL SHEFFIELD
GOVERNOR

STATE OF ALASKA
OFFICE OF THE GOVERNOR
JUNEAU

January 16, 1985

The Honorable Don Bennett
President of the Senate
Alaska State Legislature
Pouch V
Juneau, AK 99811

Dear Senator Bennett:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill that creates a program of academic fellowships for educational exchange between Alaska and countries of the Pacific Rim. A slightly different form of this bill was introduced at my request last session (SB 505). I believe that the changes in this year's bill will open up the eligibility for a fellowship and permit a practical on-the-job course of study.

The fellowship program is designed to increase understanding between the people of Alaska and the people of neighboring Pacific Rim countries. The program will provide an opportunity for Alaskans to demonstrate and share their educational and cultural interests, developments, and achievements with people of the Pacific Rim, while at the same time learning from them. It is also the purpose of the fellowship program to promote international cooperation that will enhance trade that is of long-term mutual economic benefit to Alaska and neighboring countries.

The bill will provide financial assistance for selected Alaskan students to study in a Pacific Rim country as well as assistance for selected students from the Pacific Rim to study here.

Private industry, both in Alaska and in Pacific Rim countries, will be encouraged to participate in the fellowship program through contributions of financial resources and other means that promote long-term economic development and trade.

-2-

The fellowship program will be administered by the Alaska Commission on Postsecondary Education. Regulations will be adopted as necessary for program administration, in accordance with the Administrative Procedure Act.

Sincerely,

A handwritten signature in cursive script, appearing to read "Bill Sheffield".

Bill Sheffield
Governor

STATE OF ALASKA
OFFICE OF THE GOVERNOR
JUNEAU

January 16, 1985

The Honorable Don Bennett
President of the Senate
Alaska State Legislature
Pouch V
Juneau, AK 99811

Dear Senator Bennett:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill that creates a program of academic fellowships for educational exchange between Alaska and countries of the Pacific Rim. A slightly different form of this bill was introduced at my request last session (SB 505). I believe that the changes in this year's bill will open up the eligibility for a fellowship and permit a practical on-the-job course of study.

The fellowship program is designed to increase understanding between the people of Alaska and the people of neighboring Pacific Rim countries. The program will provide an opportunity for Alaskans to demonstrate and share their educational and cultural interests, developments, and achievements with people of the Pacific Rim, while at the same time learning from them. It is also the purpose of the fellowship program to promote international cooperation that will enhance trade that is of long-term mutual economic benefit to Alaska and neighboring countries.

The bill will provide financial assistance for selected Alaskan students to study in a Pacific Rim country as well as assistance for selected students from the Pacific Rim to study here.

Private industry, both in Alaska and in Pacific Rim countries, will be encouraged to participate in the fellowship program through contributions of financial resources and other means that promote long-term economic development and trade.

The fellowship program will be administered by the Alaska Commission on Postsecondary Education. Regulations will be adopted as necessary for program administration, in accordance with the Administrative Procedure Act.

Sincerely,

A handwritten signature in dark ink, appearing to read "Bill Sheffield". The signature is fluid and cursive, with a large, sweeping "S" at the end.

POSITION PAPER

Senate Bill No. 63

For "An Act making a special appropriation for payment as a grant to the City of Wrangell for remodeling and construction of an addition to the Wrangell General Hospital; and providing for an effective date."

BACKGROUND

This bill would appropriate \$6,000,000 for a payment to the City of Wrangell. The project was originally granted a Certificate of Need in 1981 which permitted an expenditure of \$6.9 million. In 1984 a modification to the Certificate was issued to increase the number of long-term beds by four to a total of 18.

Approval of the Certificate of Need reflects not only approval by Department of Health and Social Services but that of the Southeast Alaska Health Systems Agency. The project is a top priority as listed by the Alaska State Hospital Association.

DESCRIPTION

The project includes the following:

- New paved parking areas, driveways, walkways and related sitework.
- New lower level areas including central storage, on-call, divisible conference, suite for mental health, suites for resident and visiting doctors.
- A new grade level area at the north including garage/workshop, maintenance office, laundry suite, housekeeping space, employee lockers, mechanical and emergency generator spaces.
- Extensive remodeling for kitchen, dietary, dining, surgical/delivery suite lockers, birthing room, central sterilizing, emergency, utility, treatment, offices, storage, ultrasound, laboratory, pharmacy, nursery, nurses station, bathing and accessory spaces. The existing semiprivate acute care bedrooms are modified to accommodate isolation, security, recovery, labor, pediatrics, labor and intensive care functions.
- An addition to the south provides waiting business, administrative, medical records, utility, physical therapy, activity therapy/dayroom/dining, and longterm bedrooms.
- Basic heating, ventilating and electrical systems are extended and upgraded to current standards.

Although the project is programmed to accommodate only immediate needs, the design has flexibility for future requirements and additions.

Justification for this project has existed for a number of years and every effort has been demonstrated by this institution in seeking a responsible and economical response.

Previous appropriations for planning has enabled architectural and engineering work to approach final stages so that the execution of this project may be accomplished without delay.

POSITION

The Department of Health and Social Services supports Senate Bill No. 63 without reservation.

ANALYSIS FOR SENATE BILL 65

An Act relating to rural housing loans

This bill amends the statutes relating to the Division of Housing Assistance. That division is responsible for rural housing loans. Senate Bill 65 adds the phrase which defines rural housing as "not connected by road or rail to Anchorage".

Passage of this bill would again make Cordova eligible for rural housing loans.

There is no fiscal impact.

The Honorable John C. Sackett
Alaska State Senate

Dear Senator Sackett:

As you requested we have developed three options for the use of the FY 86 housing loan fund. All of the options are based on having \$36,264.9 available for housing loans.

OPTION 1

Assumes that the Urban Non-conforming Loan Program will be transferred to AHFC without the transfer of staff or loan funds.

Present expenditure rate of the Rural Housing Loan Programs is \$3,720,000 a month. By reducing the expenditure rate down to \$3,022,075, we could operate a 12 month loan program. Based on the current expenditure rate the appropriation would equal a 9.7 month program. However we are confident that we can reduce the expenditure level, with little disruption to the borrower.

OPTION 2

Assumes we operate the Housing Loan Program in FY 86, as we have in FY 85.

\$36,264,900	Loan Appropriation
20%	Urban Non-conforming split
<u>\$ 7,752,980</u>	
\$29,011,920	Rural
7,252,980	Urban

Based on the reduced expenditure rate outlined above for the Rural Program, we could operate a 9.6 month program.

The Honorable John C. Sackett
April 11, 1985
Page 2

The current expenditure rate in the Urban Non-conforming Programs is \$1,350,000. Based on the above funding level, we could operate a 5.4 month program.

OPTION 3

This option assumes that the Urban Nonconforming and the Rural Programs would be funded to meet current demand.

Current monthly demand for the Urban Nonconforming is \$1,350,000 x 12 months equals a funding level of \$16,200,000.

Current monthly demand for the Rural Loan Programs is \$3,720,000 x 12 months equals a funding level of \$44,640,000. However as stated above I believe we can reduce the current level of the rural program to \$3,022,075 with little disruption.

If you have any questions or require additional information, feel free to contact me.

Emil Notti

The Honorable Jan Faiks
Alaska State Senate

The Department of Community and Regional Affairs supports passage of Senate Bill 65, an act changing the definition of "rural" for purposes of rural housing loans.

Senate Bill 65 would change the existing definition of rural to include the phrase "not connected by road or rail to Anchorage." This language would again qualify Cordova as a rural community eligible to participate in the rural loan programs of the Housing Assistance Division. This program has traditionally included the community of Cordova, until FY 85, when Cordova fell under a new definition which inadvertently excluded it from eligibility for rural housing loans.

Senate Bill 65 would reinstate Cordova into the rural housing loan program with no fiscal impact. Again, I extend our support for passage of this legislation.

Emil Notti
