PREVIOUS ACTION

TAPE ONE SIDE ONE
Number 024

Senator Abood called the Senate State Affairs Committee to order, noting the members present - Senators Hensley, Uehling, Faiks, Josephson and Abood.

Senator Abood brought before the committee SB 72, An Act prohibiting salaries for certain employees from exceeding the Governor's salary and informed the committee it was his

intent to hold CSSB 72 in committee as Senator Fischer, sponsor of the bill, was weathered in Soldotna.

Senator Abood invited the witness who had signed up to testify on SB 72 to come before the committee.

Number 041

Fran Podmolik, Personnel Analyst, Division of Personnel, Department of Administration, explained that SB 72 would limit the basic salaries of all state employees to not more than that of the Governor. Referring to the Department of Administration's position paper and fiscal note, the actual fiscal impact of the bill would be minimal. 17 executive branch employees, including 5 who are associated with independent authorities would have their salaries affected by this bill. The annual savings of capping these 17 salaries would amount to about \$58,500.

Ms. Podmolik continued to point out that the Governor's salary is set on a different basis than those salaries subject to the state's classification and pay plan. Setting of the Governor's salary is essentially a political decision for a politically elected office. In addition to the salary the Governor receives, is a housing allowance.

Ms. Podmolik differentiated that the salary of jobs subject to the classification plan are based on fair and reasonable compensation for services rendered and reflect the principal of like pay for like work.

Ms. Podmolik concluded that capping only certain employees salaries would be adding political consideration for salaries that are on merit system considerations.

Number 089

Senator Hensely asked if this bill would only affect state employees?

Number 095

Ms. Podmolik responded that it would apply to all political subdivisions, other instrumentalities or commissions or authorities that receive at least 50% of their annual budget from the state treasury; grant recipients that receive 50% of their annual budget from the state treasury; and the Alaska Railroad Corporation.

Number 105

Senator Faiks questioned the figure of only 19 people being affected by this bill.

Number 108

Ms. Podmolik explained that it is 17 in the executive branch of the state government which is the only information that the division of personnel has access to. This doesn't include the railroad people.

Number 113

Senator Faiks recapped to clarify the information, that Ms. Podmolik didn't count any of the alphabets?

Ms. Podmolik said that they didn't count any of the University of Alaska, the Alaska Railroad, or a number of quasi-public corporations that process their own payrolls; the only information the division of personnel has access to is those on the state payroll system.

Number 130

Senator Abood asked for further questions. Hearing none, he held the bill in committee for another hearing.

Number 133

Senator Abood brought before the committee CSSB 17, an Act relating to vandalism of official traffic control devices and damages to highways and roads by Senator Faiks. He reminded the committee that the last time they heard the bill, there were some questions on it and he held the bill over. This draft committee substitute in addition to the specific changes to the definition of "private traffic control device" moves the provisions of the bill relating to crimes to AS 11, the Alaska Criminal Code rather than the civil code. In moving the provisions from AS 19.25 to AS 11.46 certain style changes were made to the provision in order to conform with the drafting style for the Criminal Code. The substance of the provisions was not changed.

The Senator asked for any questions from the committee.

The Senator asked for testimony.

Number 158

Senator Faiks moved CSSB 17 (State Affairs) with individual recommendations.

Number 166

Senator Josephson objected to make a comment. Directing his question to counsel, he asked if the way private traffic control devices is defined, means that it is a

device which is properly placed "for one of the given purposes" and not a device that somebody places to close public roadways near their estate. (Correct)

Senator Abood asked for any objections for moving the bill. Being none, so order.

Number 184

Senator Abood brought before the committee SB 86 An Act establishing Alaska Garden Week and invited the witness to come before the committee.

Number 196

Peggie Garrison, President of the Juneau Garden Week, the Legislative Chairman, life membership and a member for 22 years, spoke on SB 86.

Ms. Garrison explained that the National Council of State Garden Clubs would like to see Alaska Garden Week passed by legislation rather than a proclamation for the simple reason that the proclamation expires on June 7, whereas legislation would be in effect from year to year. She went on to inform the committee that most states have gone with legislation and the Garden Club felt Alaska should also go with legislation.

Number 222

Senator Faiks asked what Ms. Garrison expected this legislation to do for the Garden Club other than no longer being required to request the governor for a proclamation annually.

Number 226

Ms. Garrison said it was to keep up with the other states in the United States for claiming the same time nationwide for Garden Week. (June 1-7)

Number 243

Senator Abood asked for other testimony.

Number 248

Senator Faiks moved SB 86 with individual recommendations.

Hearing no objections, so ordered.

Number 261

Senator Abood brought before the committee SB 36 An Act relating to Amateur Radio Week. The Senator explained that this bill was introduced to increase the public awareness of vital importance of the amateur radio operators to the life and safety of the citizens of the state. Each year the Governor shall issue a proclamation designating Amateur Radio Week in June that includes the fourth Saturday in the month.

Referring to a memo from Senator Fischer, sponsor of the bill, Senator Abood relayed that this will coincide with the nationwide "Field Day" and that the amateur radio operators were very important to us during the Alaska earthquake and other catastrophic happenings of our state, including the report from Kodiak that survived the earthquake.

Senator Abood pointed out a zero fiscal note from the Department of Administration.

Number 283

Mr. Bob Green, representing himself, said he took an interest in this bill because of what happened during the 1964 earthquake.

Later, he moved to Kodiak and one of the principals in the amateur radio system was his next door neighbor. This person did a considerable amount of work for the Coast Guard and various activities where he would phone patch to families and it proved to be a significant morale boost.

Mr. Green also told of his experience in Washington D.C. during its recent snow fall where he had the opportunity to learn that that amateur radio clubs in the Washington D.C. area had to mobilize to call out 4-wheel drive vehicles to move sick and injured people around the nation's capital. Thus, he felt this was an important thing and urged the committee to pass the bill.

Number 313

Senator Josephson moved this bill with individual recommendations.

Hearing no objections, so ordered.

Senator Abood asked for anything further to come before the committee.

Number 316

Senator Faiks brought the committee up to date for their own investigative work on a matter that had come to the

Senator's attention from one of the Commissioner's that the early retirement program is not working as smoothly as Legislators think it is working. Senator Faiks has asked the Chairman to do investigative work through the Attorney General's office on the provisions of that early retirement bill - is it working across the departments? Are the departments utilizing it the way the Legislature meant for it? The bill has built into it some safeguards for use - are those working? Senator Faiks asked the Chairman to look into it and make sure the program is saving the state money.

Number 331

Senator Abood followed up by letting the committee know that staff is looking into the matter.

Number 337

Senator Uehling added that if the program was not extended, there would still be a window period between June 1 and October 1 and still could be utilized through the end of the 1988 fiscal budget. The present law ramifications go beyond the fiscal year that we're in and could be utilized. Thus, the extension would be into 1989.

Number 346

Hearing no further business before the committee, Senator Abood adjourned the meeting at 2:00 p.m.

CONTINUATION OF FISCAL NOTE ANALYSIS
FOR SB 72

SB 72 would limit basic salaries of employees to not more than the salary of the Governor. The fiscal note assumes that the effective date will be May 1, 1987. It reflects ten employees in the Executive Branch who are currently paid more than the Governor's base salary of \$81,648 per year. No assumptions are made for future years, so the amount is shown as a constant savings.

The full year savings are currently distributed as follows:

Department of Law	\$15.5
Department of Health and Social Services	7.7
Department of Natural Resources	3.7
Department of Transportation and Public Facilities	<u>10.3</u>
	\$37.2

Additional savings may be realized if those employees are included who would be earning more than the Governor except for their current reduced work weeks.

We note that there are no employees of the Legislature who would be affected by this bill. The effect on the Court System would not be realized until there are vacancies on the bench due to prohibitions on reducing the salary of judges during their tenure, unless the reduction is applied generally to all employees as provided by Article IV, Section 13, of the Alaska constitution.

We do not have information available to estimate the impact on other entities affected by the bill:

- University of Alaska
- Alaska Railroad
- Other quasi-public corporations that process their own payroll
- Grantees

POSITION PAPER

SB 72

SB 72 would limit basic salaries of all State employees to not more than the basic salary of the Governor.

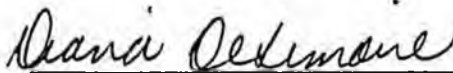

The bill defines basic salary to include base pay, cost-of-living adjustments, geographic differentials, length-of-service increases (longevity increments), and adjustments in the nature of incentive, performance, and year-end bonuses. Excluded from the definition of basic salary are overtime compensation, shift differentials, hazardous duty pay, travel per diem, or travel allowances.

The salary limit proposed by SB 72 would apply to all political subdivisions, other instrumentalities, boards, commissions, and authorities that receive at least 50% of their annual budget from the State treasury; grant recipients that receive 50% of their annual budget from the State treasury; and the Alaska Railroad Corporation if it receives at least 50% of its budget by direct appropriation or grant from the State treasury. Sections 1 through 4 also apply the proposed salary limit to justices of the supreme court, judges of the appeals, superior and district courts.

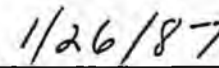

This bill would have limited impact on the Executive Branch. There are currently only ten employees whose base salary, as defined by SB 72, exceed the salary of the Governor. The attendant savings resulting from this bill are therefore minimal.

Another consideration is that this bill would reverse long-standing public policy in this state. Geographic differentials have been a matter of law since at least 1966. Longevity increments have been a matter of law since 1972. This bill would limit each of these when they operate to provide a salary greater than the Governor's salary.

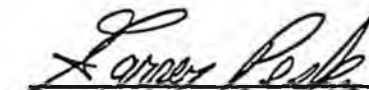

A final consideration that should be kept in mind is that the Governor's salary is set on a different basis than those subject to the State's classification and pay plans created under AS 39.250.150(a) and (b). Setting of the Governor's salary is essentially a political decision for a political office. In addition to the salary, the Governor receives housing through the budget for the Executive Mansion. The salary of jobs subject to the classification plan are based on a "fair and reasonable" compensation for services rendered and reflect the principle of like pay for like work expressed in AS 39.25.150(b).

4

FIFTEENTH LEGISLATURE - FIRST SESSION

5

A BILL

6

For an Act entitled: "An Act prohibiting salaries for certain employees
7 from exceeding the governor's salary; and providing
8 for an effective date."

9

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

10

* Section 1. AS 22.05.140(c) is amended to read:

11

(c) Except as provided in AS 39.20.095, in [IN] addition to

12

annual salary, each justice is entitled to receive a geographic cost-

13

of-living adjustment, based on the location of the justice's primary

14

office assignment, equal to 3.5 percent of the [HIS] annual salary

15

times the number of pay step increases provided under AS 39.27.020 for

16

a state employee working in the same election district in those dis-

17

tricts for which AS 39.27.020 specified zero-to-five pay step in-

18

creases. In an election district for which AS 39.27.020 specifies

19

more than five pay steps, the number of pay step increases under this

20

section is limited to five. Any retirement benefits to which a jus-

21

stice may be entitled shall be computed only on the annual salary.

22

* Sec. 2. AS 22.07.090(a) is amended to read:

23

(a) Except as provided in AS 39.20.095, the [THE] monthly salary

24

of a judge of the court of appeals is equal to Step E, Range 29 of the

25

salary schedule in AS 39.27.011(a) for Juneau, Alaska. The compensa-

26

tion of a judge may not be diminished during the term of office,

27

unless by general law applying to all salaried officers of the state.

28

* Sec. 3. AS 22.10.190(c) is amended to read:

29

(c) Except as provided in AS 39.20.095, in [IN] addition to

1 annual salary, a superior court judge is entitled to receive a geo-
2 graphic cost-of-living adjustment, based on the location of the
3 judge's primary office assignment, equal to 3.5 percent of the [HIS]
4 annual salary times the number of pay step increases provided under AS
5 39.27.020 for a state employee working in the same election district
6 in those districts for which AS 39.27.020 specifies zero-to-five pay
7 step increases. In an election district for which AS 39.27.020 spec-
8 ifies more than five pay steps, the number of pay step increases under
9 this section is limited to five. Any retirement benefits to which a
10 superior court judge may be entitled shall be computed only on the
11 annual salary.

12 * Sec. 4. AS 22.15.220(d) is amended to read:

13 (d) Except as provided in AS 39.20.095, in [IN] addition to
14 annual salary, a district court judge is entitled to receive a geo-
15 graphic cost-of-living adjustment, based on the location of the
16 judge's [HIS] primary office assignment, equal to 3.5 percent of the
17 [JUDGE'S] annual salary times the number of pay step increases pro-
18 vided under AS 39.27.020 for a state employee working in the same
19 election district in those districts for which AS 39.27.020 specifies
20 zero-to-five pay step increases. In an election district for which AS
21 39.27.020 specifies more than five pay steps, the number of pay step
22 increases under this section is limited to five. Any retirement bene-
23 fits to which a district court judge may be entitled shall be computed
24 only on the annual salary.

25 * Sec. 5. AS 37.05 is amended by adding a new section to read:

26 Sec. 37.05.335. LIMITATIONS ON CERTAIN GRANTS. (a) A state
27 agency may not grant state money to an organization or entity to which
28 this section applies unless the organization or entity agrees to
29 comply with the salary limit established in AS 39.20.095 during the

1 term of the grant. If an organization or entity violates an agreement
2 to comply with AS 39.20.095, it shall return any state money it has
3 received for that year and shall be ineligible to receive further
4 funding under the grant.

5 (b) This section applies to grants to a person, organization, or
6 entity that received at least 50 percent of its annual budget from the
7 state treasury during the previous fiscal year or that projects that
8 it will receive at least 50 percent of its budget from the state
9 treasury during the current fiscal year.

10 (c) When an amount is appropriated or allocated as a grant under
11 AS 37.05.316, 37.05.317, or 37.05.318, the department responsible for
12 administering the grant shall notify the named grant recipient of the
13 requirements of this section. The department shall request the recip-
14 ient to file its agreement to comply with AS 39.20.095 if required
15 under (b) of this section. If the department is requesting proposals
16 from other qualified persons, organizations, or entities under AS 37.-
17 05.316 or 37.05.317, the department shall also notify them of the
18 requirements of this section. The department shall request them to
19 file an agreement to comply with AS 39.20.095 if required under (b) of
20 this section.

21 (d) In this section "state" has the meaning given in AS 39.20.-
22 095.

23 * Sec. 6. AS 39.20 is amended by adding a new section to read:

24 Sec. 39.20.095. SALARY LIMIT FOR CERTAIN PUBLIC EMPLOYEES. (a)
25 Notwithstanding the provisions of AS 23.40 (the Public Employment
26 Relations Act) and AS 14.20.550 - 14.20.610, the state may not pay an
27 officer or employee a basic salary that is greater than the salary of
28 the governor under AS 39.20.010.

29 (b) In this section,

1 (1) "basic salary" is a person's salary including cost-of-
2 living adjustments, geographical differentials, length-of-service
3 increases, and adjustments in the nature of incentive, performance,
4 and year-end bonuses; "basic salary" does not include overtime compen-
5 sation, shift differentials, hazardous duty pay, travel per diem, or
6 travel allowances;

7 (2) "state" includes the executive, legislative, and judi-
8 cial branches of state government; the University of Alaska; school
9 districts; political subdivisions of the state, including municipal-
10 ities; and state instrumentalities, boards, commissions, and author-
11 ities if the instrumentality, board, commission, or authority receives
12 at least 50 percent of its annual budget from the state treasury.

13 * Sec. 7. AS 39.27 is amended by adding a new section to read:

14 Sec. 39.27.027. SALARY LIMIT. Notwithstanding AS 39.27.020 and
15 39.27.022, the state may not pay an officer or employee a salary that
16 exceeds the salary limit under AS 39.20.095.

17 * Sec. 8. AS 42.40.110 is amended by adding a new subsection to read:

18 (c) If the corporation receives at least 50 percent of its
19 yearly budget by direct appropriation or grant from the state trea-
20 sury, the board may not fix a basic salary for the chief executive
21 officer or approve basic salaries for other executive officers that
22 exceed the basic salary of the governor under AS 39.20.010. For
23 purposes of this subsection, "basic salary" has the meaning given in
24 AS 39.20.095.

25 * Sec. 9. Nothing in this Act terminates or modifies a collective
26 bargaining agreement or other contract if the agreement or contract is in
27 effect on the effective date of this Act. However, the state may not renew
28 or extend a contract after the effective date of this Act unless the con-
29 tract complies with this Act.

1 * Sec. 10. Nothing in this Act infringes on the independence of the
2 University of Alaska except the provisions of secs. 5 - 7 that impose a
3 salary limit on employees of certain state grant recipients and on certain
4 public employees.

5 * Sec. 11. This Act takes effect immediately under AS 01.10.070(c).

4

FIFTEENTH LEGISLATURE - FIRST SESSION

5

A BILL

6 For an Act entitled: "An Act relating to repealing outside service credits
7 under the Teachers' Retirement System; and providing
8 for an effective date."

9 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

10 * Section 1. AS 14.25.060(b) is amended to read:

11 (b) If a member joined [JOINS] the system on or after July 1,
12 1978, and before July 1, 1987, and had [HAS] creditable outside ser-
13 vice, the member may claim this service. If claimed, the member is
14 indebted to the retirement fund as follows:

15 (1) The arrearage indebtedness is the full actuarial cost
16 of providing benefits for the service being claimed. Compound inter-
17 est at the rate prescribed by regulation shall be added to the arrear-
18 age indebtedness beginning the date the actuarial cost is established
19 to the date of payment or the date of retirement, whichever occurs
20 first.

21 (2) If a member terminated [TERMINATES] from the system and
22 was [IS] subsequently reemployed as a member, the arrearage indebted-
23 ness for outside service during the interim is the full actuarial cost
24 of providing benefits for the interim service being claimed. Compound
25 interest at the rate prescribed by regulation shall be added to the
26 arrearage indebtedness beginning the date the actuarial cost is estab-
27 lished to the date of payment or the date of retirement, whichever
28 occurs first.

29 [(3) Repealed]

1 * Sec. 2. AS 14.25.220(25) is amended to read:

2 (25) "outside service" means service for full years, as
3 defined by (40)(A)(x) and (40)(B)(xi) of this section, if the years
4 were served before July 1, 1987,

5 (A) as a certificated full-time elementary or second-
6 ary teacher or a certificated person in a full-time position
7 requiring a teaching certificate as a condition of employment in
8 an out-of- state public school within the United States, or in a
9 school outside the United States supported by funds of the United
10 States;

11 (B) as a certificated full-time elementary or second-
12 ary teacher or a certificated person in a full-time position
13 requiring a teaching certificate as a condition of employment in
14 an approved or accredited nonpublic school within the United
15 States, or in a school outside the United States supported by
16 funds of the United States;

17 (C) in a full-time position requiring academic stand-
18 ing in an out-of-state institution of higher learning accredited
19 by a nationally recognized accrediting agency as listed in the
20 Education Directory - Colleges and Universities by the National
21 Center for Education Statistics;

22 (D) as a full-time teacher in an approved or accredit-
23 ed nonpublic institution of higher learning in Alaska;

24 * Sec. 3. This Act takes effect July 1, 1987.

STEVE COWPER, GOVERNOR

February 2, 1987

The Honorable Mitch Abood
Chairman, Senate State Affairs Committee
Alaska State Legislature
P.O. Box V
Juneau, AK 99811

Dear Senator Abood:

Re: Senate Bill 73

In accordance with AS 24.08.036, I am providing the analysis below on Senate Bill 73. The analysis includes the long-term and short-term savings to the state if the bill is adopted and the impact the bill will have on the actuarial soundness of the Teachers' Retirement System (TRS) funds.

This bill would prohibit the claiming of outside service in the TRS for members first hired on or after July 1, 1987. It is estimated to result in a .04% decrease in the TRS state contribution rate in FY 88. The state TRS payroll is estimated to be \$48,498,325 in FY 88 and to remain level each year thereafter. The TRS state match contribution rate would also decrease by .04% in FY 88. The TRS state match payroll is estimated to be \$345,200,891 and to remain level each year thereafter.

The savings of \$157.5 is calculated as follows:

The decrease in the TRS contribution rate
(.04%) times the estimated FY 88 University
of Alaska TRS payroll (\$43,057,037) equaling: [\$17.2]

Plus the decrease in the TRS contribution
rate (.04%) times the estimated FY 88 Department
of Education TRS payroll (\$5,441,288) equaling: [\$ 2.2]

Plus the decrease in the TRS state match
contribution rate (.04%) times the
estimated FY 88 TRS state match payroll
(\$345,200,891) equaling: [\$138.1]

Total state FY 88 savings [\$157.5]

The Honorable Mitch Abood

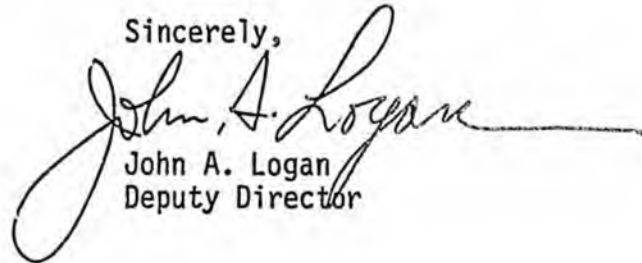

-2-

February 2, 1987

In addition to the state savings described above, there would be a decrease in the school districts' contribution rates of .04% which would result in savings of \$118.7 for FY 88 and each year thereafter.

There will not be any adverse impact on the actuarial soundness of the retirement systems funds if this bill becomes law.

Sincerely,

POSITION PAPER

SB 73

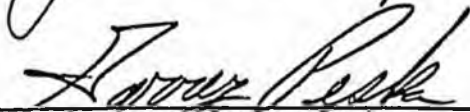

This bill applies to members of the Teachers' Retirement System (TRS) who are first hired on or after July 1, 1987. It would prohibit TRS members from claiming credit for Outside service. This bill represents cost savings to the state and school districts. Cost containment measures in the TRS such as this could be used to help offset the cost associated with a change to the TRS statutes for an actuarially funded post retirement pension adjustment mechanism.

Because of the reasons stated above, the Department is neutral on this Bill.

The Honorable Paul Fischer
Chairman, Senate Health, Education
and Social Services Committee
Alaska State Legislature
P.O. Box V

Dear Senator Fischer:

Re: Sponsor Substitute for Senate Bill 73

In accordance with AS 24.08.036, I am providing the analysis below on the Sponsor Substitute for Senate Bill 73. The analysis includes the long-term and short-term savings to the state if the bill is adopted and the impact the bill will have on the actuarial soundness of the Teachers' Retirement System (TRS) funds.

This bill would prohibit the claiming of outside service in the TRS for members first hired on or after July 1, 1988. It is estimated to result in a .08% decrease in the TRS contribution rate in FY 89. The FY 89 state TRS payroll is estimated to be \$50,367.8 in FY 89 and to remain level each year thereafter.

The savings of \$40.3 is calculated as follows:

The decrease in the TRS contribution rate
(.08%) times the estimated FY 89 University
of Alaska TRS payroll (\$44,753.9) equaling: [\$35.8]

Plus the decrease in the TRS contribution
rate (.08%) times the estimated FY 89 Department
of Education TRS payroll (\$5,613.9) equaling: [4.5]

Total state FY 89 savings [\$40.3]

In addition to the state savings described above, there would be a decrease in the school districts' contribution rates of .08% which would result in savings of \$255.9 for FY 89 and each year thereafter.

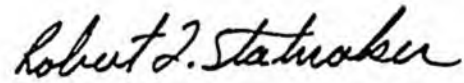

Senator Paul Fischer

-2-

There will not be any adverse impact on the actuarial soundness of the retirement systems funds if this bill becomes law.

9 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

10 * Section 1. AS 14.25.060(b) is amended to read:

11 (b) If a member joined [JOINS] the system on or after July 1,
12 1978, and before July 1, 1988, and had [HAS] creditable outside ser-
13 vice, the member may claim this service. If claimed, the member is
14 indebted to the retirement fund as follows:

15 (1) The arrearage indebtedness is the full actuarial cost
16 of providing benefits for the service being claimed. Compound inter-
17 est at the rate prescribed by regulation shall be added to the arrear-
18 age indebtedness beginning the date the actuarial cost is established
19 to the date of payment or the date of retirement, whichever occurs
20 first.

21 (2) If a member terminated [TERMINATES] from the system and
22 was [IS] subsequently reemployed as a member, the arrearage indebted-
23 ness for outside service during the interim is the full actuarial cost
24 of providing benefits for the interim service being claimed. Compound
25 interest at the rate prescribed by regulation shall be added to the
26 arrearage indebtedness beginning the date the actuarial cost is estab-
27 lished to the date of payment or the date of retirement, whichever
28 occurs first.

29 [(3) Repealed]

1 * Sec. 2. AS 14.25.220(25) is amended to read:

2 (25) "outside service" means service for full years, as
3 defined by (40)(A)(x) and (40)(B)(xi) of this section, if the years
4 were served before July 1, 1988,

5 (A) as a certificated full-time elementary or second-
6 ary teacher or a certificated person in a full-time position
7 requiring a teaching certificate as a condition of employment in
8 an out-of- state public school within the United States, or in a
9 school outside the United States supported by funds of the United
10 States;

11 (B) as a certificated full-time elementary or second-
12 ary teacher or a certificated person in a full-time position
13 requiring a teaching certificate as a condition of employment in
14 an approved or accredited nonpublic school within the United
15 States, or in a school outside the United States supported by
16 funds of the United States;

17 (C) in a full-time position requiring academic stand-
18 ing in an out-of-state institution of higher learning accredited
19 by a nationally recognized accrediting agency as listed in the

9 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

10 * Section 1. AS 14.25.060(c) is amended to read:

11 (c) The total military service claimed may not exceed five
12 years. For a member who first joins the system on or after July 1,
13 1988, the total outside service claimed may not exceed two years. For
14 a member who first joined the system before July 1, 1988, the [THE]
15 combined total of outside and military service may not exceed 10
16 years, except that, if entry into the armed forces is immediately
17 preceded by membership service and within one year after discharge is
18 continued by membership service, that service will not be counted for
19 purposes of determining the applicability of the 10-year limitation on
20 the combined total of outside and military service.

21 * Sec. 2. AS 14.25.100(a) is amended to read:

22 (a) A member who served as an active member of the armed forces
23 of the United States may receive credited service under this system up
24 to a maximum of five years. Each 12 months of military service equals
25 one school year, and lesser military periods will be determined for
26 credit purposes in a proportionate ratio to a year. To receive cred-
27 ited service under this section, the member must have received a
28 discharge other than dishonorable. Credit for service in the armed
29 forces shall be granted only if the member makes contributions for the

1 service in the same manner as required for outside service under
2 AS 14.25.060. The military service credited under this section shall
3 be included in the 10-year limitation of outside service as specified
4 in AS 14.25.060 for a member who first joined the system before Ju-
5 ly 1, 1988, except if entry into the armed forces is immediately
6 preceded by Alaska membership service and following discharge is
7 continued by Alaska membership service within one year thereafter,
8 service may not be counted for purposes of determining the applicabil-
9 ity of the 10-year limitation on outside service.

10 * Sec. 3. AS 14.25.220(11) is amended to read:

11 (11) "credited service" means

12 (A) all membership service as defined in this section,
13 territorial employment as defined in this section, plus outside,
14 military, and Alaska BIA service [, WITH OUTSIDE AND MILITARY
15 SERVICE LIMITED TO 10 YEARS EXCEPT UNDER THE CONDITIONS SET OUT
16 IN AS 14.25.100];

17 (B) for purposes of eligibility for benefits under
18 this chapter, service for which no indebtedness is owed;

SB 75 Analysis

Estimated Revenues accruing to the Fish and Game Fund are based on the assumption that each licensee currently purchasing a 25¢ license would purchase a license at full cost. Estimated license sales are based on the percentage of each type of resident license class sold in FY 86. An estimated decrease in sales of 1% per year has been assumed based on FY 86 actual sales.

The Honorable Jack Coghill
Chairman, Senate Resources Committee
Alaska State Legislature
P. O. Box V
Juneau, AK 99811

Dear Senator Coghill:

In your committee hearing yesterday on SB 75, you requested that we provide additional information on projected revenues should the \$.25 resident sport fishing, hunting, and trapping license be repealed. We again reviewed the February 2, 1987 fiscal note submitted by the Department of Revenue and believe it to be a reasonable projection.

Using the latest license sales information for FY 87 and the same assumptions used in Revenue's fiscal note (including an effective date of 1/1/89) we have made the following projections:

	<u>FY89</u>	<u>FY90</u>
Additional Revenue to the Fish and Game Fund	\$124.0	\$245.5

We believe these projections are very conservative. Estimated increases in license revenues could be projected in a number of ways, depending upon the assumptions used.

Yesterday, we also discussed with your committee some of the license requirements for hunting and fishing in Alaska. The committee members had various questions concerning this subject, so we thought it might be helpful if we provided you a summary of the existing requirements.

- ° Hunting - a person must have a valid hunting license to legally hunt game in Alaska. Resident hunting licenses currently cost \$12.00; residents under 16 years of age are not required to have a license; residents over the age of 60 may hunt without a license if they have a permanent identification card issued by the Department of Revenue at no cost to the individual.
- ° Trapping - a person must have a valid trapping license to legally trap furbearers in Alaska. Resident

March 1, 1988

trapping licenses currently cost \$10.00, except for residents under 16 or over 60 years of age, as noted above.

- ° Commercial Fishing - a resident who engages in a commercial fishery must purchase the appropriate permits and licenses. Permit fees vary according to the fishery, gear and area. In addition, vessel and crew member licenses may be required.
- ° Sport Fishing - a resident who is between 16 and 60 years of age and engages in sport fishing must possess a sport fishing license; the license fee is \$10.00. A resident over 60 years old does not need a license if he obtains a special permanent identification card from the Department of Revenue at no cost. In addition, any resident may take shellfish (except in Cook Inlet and except razor-clams) without a sport fishing license.
- ° Personal Use Fishing - a resident who does not qualify to subsistence fish under the state's subsistence law and corresponding regulations may engage in personal use fishing. Finfish may be taken for personal use only by a holder of a valid resident sport fishing license or by a resident exempt from licensing, as noted above.
- ° Subsistence fishing - a resident who is domiciled in an area defined as "rural" by the Boards of Fisheries and Game and meets other eligibility requirements and criteria for participating in local subsistence fisheries is not required to have a license. Depending on the fishery and area, permits may be issued at no cost.

If you or other members of the committee have further questions regarding these matters, please let me know.

Sincerely,

Warren W. Wiley
Assistant Commissioner

ALASKA OUTDOOR COUNCIL, INC.

3780 MCGINNIS DR. JUNEAU, AK 99801
(907) 789-3450

January 27, 1988

Senator Paul Fischer
Pouch V
Juneau, AK. 99811

Dear Senator Fischer:

I would like to submit this letter on behalf of the Alaska Outdoor Council regarding our support for Senate Bill 75.

For the record, the Alaska Outdoor Council is a federation of 45 Alaskan sportsmen and outdoor organizations with a membership of over 10,000.

We have reviewed SB 75 as part of our analysis of the State's funding proposals for fish and wildlife programs. In our opinion, the 25 cent license has long since outlived its usefulness. Numerous examples abound where the present low income license law is being misused and abused. In addition, recent reports indicate that portions of rural Alaska are not purchasing licenses of any kind and the 25 cent license is being heavily utilized by urban residents--many of whom are recent arrivals to Alaska. A calculation of eligible recipients within Alaska by comparing agency records indicate that at least 40% of the 25 cent license recipients were ineligible. The recent adoption of no fee subsistence permits also obviates whatever need existed for 25 cent licenses for subsistence fishing.

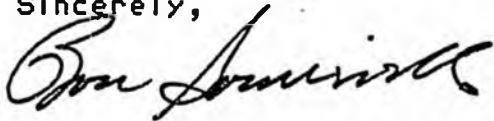

We are not opposed to the State providing no-cost or lowered cost hunting and fishing licenses for those individuals who are long time residents of Alaska and who are truly dependent on fish and wildlife resources. We would prefer that a totally welfare oriented program, however, be subsidized directly by the Department of Health and Social Services rather than at the expense of the management programs. We are also opposed to subsidizing new residents to the State who are located in the major metropolitan areas (over 30% issued in Fairbanks and Anchorage alone) and have access to other State aid programs. Subsidizing these individuals through this process means less revenue for critical fish and wildlife programs and encourages low cost competition for some limited resources. The Department of Revenue has projected that passage of SB 75 will increase license revenue by \$200,000 annually.

Certainly, in this day and age when the State is providing a \$700 - \$800 dividend for every man, woman and child, it is not

unreasonable to ask that we all purchase a resident hunting and fishing license when we are of age.

We appreciate your efforts on this legislation and we will assist in working for passage of SB 75.

Sincerely,

A handwritten signature in cursive script, appearing to read "Ron Somerville".

Ron Somerville

ANALYSIS OF SB 75

SB 75 would repeal the 25-cent combination hunting, trapping, sport fishing license. The effects would be to (1) deny the opportunity to recreationally sport fish, hunt and trap to residents who cannot afford the standard license fee, (2) eliminate widespread abuse of the .25-license, and (3) save the state money while more equitably distributing the costs of resource management among resource users.

1. Lost Opportunities to Fish/Hunt/Trap

The fee for the license is nominal at full-cost and represents a nearly insignificant part of the expenditure necessary by the licensee to engage in fishing, hunting and trapping. With repeal of the .25-license, licensees would be required to purchase licenses at fees ranging from \$10 to \$32. The average cost in 1986 to each licensee with the present resident fee structure (based on SB 75 fiscal note) would be \$14.04. Licenses are valid for 12 months.

Alaska provides its residents with unequalled hunting and fishing opportunities. Alaskans harvest more species of fish and big game over longer seasons and with more generous bag limits than is available or possible anywhere else in the country. But despite having the nation's highest per capita income, Alaska's resident license fees are among the lowest of all states. A combination hunting/trapping license in Alaska costs \$22.00. The average fee for an equivalent license in another state is \$56.60 (including special fees or permits that are free to Alaskans). A sport fishing license in Alaska costs \$10.00. The average fee for an equivalent license in another state is \$17.80.

The cost of a license is one of the smallest expenses that the sportsman has. The full-cost trapping license fee is \$10. A single beaver trap costs \$8 to \$10. A raw beaver pelt can be sold for \$15 to \$50. A single marten pelt sells for \$30 to \$100. The full-cost hunting license fee is \$12. A single box of shells costs \$10 to \$20. A conservative estimate of the food value of a deer is \$80; of a caribou \$150; of a moose \$1000. A single \$12 license entitles the licensee to harvest as many as three black bears, five or more caribou, six deer, one elk, one moose, as well as bison, goats, sheep, and other big and small game species.

Recently completed Sport Fishing Economic Studies for the Juneau area and Southcentral Alaska (November 1987) indicate the relative cost of licenses for sport fishing. Juneau resident anglers spent, on average, a total \$1646.89 per household during a 12-month 1985-86 period to fish. Of that, \$25.94, or 1.6 percent of total expenditures, was used to pay full-cost household license fees. License fees for

Anchorage, Fairbanks and Kenai were 2.1, 1.9 and 2.6 percent of total expenditures, respectively.

License fees are the most important component of state revenues used to fund fish and game management programs. Nominal license costs provide resource users with the means of supporting resource management.

2. Program Abuses.

As welfare recipients, .25-license holders participate in the only assistance program in the state for which there is no eligibility screening. To receive a .25-license, applicants merely sign an affidavit, available at all license vendors, attesting to their qualifications. Because qualifications are never verified, the .25-license is subject to greater abuse than any other assistance program administered by the state.

No study on the level of program abuse has been conducted. There are indications, however, that significant numbers of .25-licensees purchase licenses fraudulently.

In 1980, state assistance programs that previously had operated on the good faith of the client, required demonstration of eligibility. As a result, the explosive growth in state/federal public assistance programs experienced a sudden and marked decline in number of caseloads (Graph 1). From 1980 to 1984, welfare caseloads in Alaska declined by over 20 percent. During the same period, sales of the .25-license, for which eligibility is still not required, increased by approximately 40 percent.

Since 1975, Alaska's population has grown by 48 percent, sales of resident hunting and fishing licenses have grown by 74 percent, state welfare caseloads have grown by 102 percent, but sales of the .25-license have increased by 220 percent. Who is buying those licenses?

According to 1985 demographic information compiled by Research and Technical Services personnel, Sport Fish Division, and a random sample of 1984 license holders researched by the Department of Health and Social Services, the typical .25-license holder is an urban male, between 20 and 29 years of age, who has lived in Alaska fewer than 5 years, and who did not receive any Public Assistance during the year in which the license was valid.

The most recent available income and poverty status data is from the 1980 U.S. Census, the year in which Alaska's public assistance program was inflated by ineligible recipients. At that time, 8300 Alaskan families had incomes below the poverty level (the 1980 poverty level exceeds maximum qualifying incomes for .25-licensees by \$1400), and an additional

4300 families qualified for the .25-license based on participation in public assistance programs.

Compared to the public at large, low income and welfare families are overrepresented with minors, handicapped persons, senior citizens, and female heads of households. Many of these individuals are not required to purchase licenses, and, as a group, participate in recreational hunting and fishing at a much lower rate than Alaskans as a whole. Assuming, however, that they participate at the same rate, that maximum qualifying income is \$7000 rather than \$5600, and that 1.25 licenses are purchased per family, then the total number of licenses sold in 1980 would be 6200. In fact, nearly 10,000 licenses were sold that year. At a minimum, therefore, nearly 40 percent of .25-licensees were probably ineligible in 1980. Since then, fraudulent purchases have likely increased. From 1980 to the present, .25-license sales have grown by 70 percent while welfare caseloads have increased by only 3 percent.

3. Program Costs to the State

The \$.25-fee collected for each license is retained by the vendor. An additional \$1.00 per license sold is paid by the Department of Revenue to vendors. In 1986, Revenue paid \$16,000 to vendors. Additional administrative costs of the program have not been calculated. Other costs to the state, however, include license fees that would have been paid into the Fish and Game Fund absent the .25-license. The Department of Revenue estimates that adoption of SB 75 would result in the addition of approximately \$200,000 annually to the Fish and Game Fund (see Department of Revenue Fiscal Note). License vendors would also benefit. Such vendors currently receive total compensation of \$1.25 for each .25-license sold. With adoption of SB 75 and sales of full-cost licenses, vendors would receive an additional \$6,000, based on payments of 5 percent of license sales.

The amendment of SB 75 to retain the .25-license but eliminate sales by vendors would result in accrual of an additional \$4,000 to the Fish and Game Fund and savings of \$16,000 for the general fund in payments to vendors.

Individuals Served Monthly

by State Welfare Programs

Graph 1. This graph depicts average numbers of individuals served each month of calendar years 1976-86.

Prior to 1980, state assistance programs operated on the good faith of the client. Consequently, caseloads were increasing explosively in the post-pipeline environment. Beginning in 1980, welfare applicants were required to demonstrate eligibility. No such demonstration was required of .25-licensees. As a result, from 1980 to 1984, the number of welfare caseloads declined by over 20%. During the same time period, the number of .25-licenses sold increased by approximately 40%. From 1976 to the present the number of .25-licenses has constantly increased--even in years of declining state population, unemployment, and public assistance caseloads.

Individuals served by .25-license is based on 3.75 persons per Alaskan family (U.S. Census Bureau) and 1.25 licenses per family. Unduplicated individuals served by combined programs for food stamps, aid to families with dependent children, aid to the disabled, and old-age assistance is based on data provided by the Department of Social Services, Division of Public Assistance.

TRAPPING: The number of .25-trapping licenses sold annually surpassed the of full-fee licenses in 1985. By 1987, 65 percent of all licensed trappers in Alaska had purchased the .25-license.

BACKGROUND/LEGISLATIVE INTENT

The bill would repeal the \$.25 resident sport fishing, hunting and trapping license.

ANALYSIS OF BILL/PROGRAM EFFECTS

Should this legislation become law, all sport fishermen, hunters, and trappers would be required to purchase licenses at the full fee cost to legally harvest fish, game, and fur animals. The Department of Revenue has estimated the increase in revenue which would be realized by the Fish and Game Fund on the attached fiscal note.

ORGANIZATIONAL SUPPORT FOR BILL Unknown	ORGANIZATIONAL OPPOSITION TO BILL Unknown

FISCAL IMPACT: NONE FISCAL NOTE ATTACHED

BACKGROUND/LEGISLATIVE INTENT
Section 1 of this bill would repeal the 25¢ resident hunting, trapping, and sport fishing license because of suspected purchase of this license by licensees who do not meet the qualifications. Sections 2 and 3 delete references to the 25¢ sport fishing, hunting, and trapping license in Article 4 of AS 16.05 relating to Licensing of Commercial Fishing, Crewmembers and Vessels.

ANALYSIS OF BILL/PROGRAM EFFECTS
It is estimated that an additional \$103.3 would accrue to the Fish and Game Fund in FY 1988 (based on sales of 1988 licenses from January through June, 1988) if each licensee now purchasing a 25¢ license were to purchase a license at full cost. Estimated costs of \$10.0 would be incurred for notification and training of License Officers and reprinting and distribution of the License Officer Instruction Manual.

AMENDMENTS PROPOSED
Effective date of January 1, 1988. Fish and Game Licenses are sold on a calendar year basis. If this effective date is not included in the bill, additional expenses would be incurred to reprint and redistribute licenses in the middle of the licensing year; to inform License Officers of the change; and to reprogram the 1987 Fish and Game Licensing computer files.

PLEASE ATTACH A SEPARATE SHEET FOR ADDITIONAL COMMENTS OR ANALYSIS.

SB 75 Analysis

This bill would repeal the 25¢ resident hunting, trapping and sport fishing license.

Proposed Amendment: Fish and Game Licenses are sold on a calendar year basis. Therefore, both the Expenditure and Revenue estimates are based on an effective date of January 1, 1988. If this effective date is not included in the bill, additional expenses would be incurred to reprint and redistribute licenses in the middle of a licensing year; to inform License Officers of the change; and to reprogram the 1987 Fish and Game License computer files.

Estimated Expenditures are based on the following:

<u>200 - Travel</u>		\$ 3,000.00
License Officer training sessions will be scheduled in Anchorage, Fairbanks, Kenai Peninsula, Wasilla/ Palmer, Juneau, Sitka and Ketchikan.		
<u>300 - Contractual</u>		6,000.00
Printing	\$ 2,850.00	
Postage	2,150.00	
Advertising	<u>1,000.00</u>	
These costs are for printing and mailing notifications of the repeal of the 25¢ license to License Officers; and for updating, reprinting and distributing the License Officer Instruction Manual.		
<u>400 - Supplies</u>		<u>1,000.00</u>
Covers for Manuals	\$ 800.00	
Envelopes	200.00	
TOTAL ESTIMATED EXPENDITURES		<u>\$ 10,000.00</u>

SB 75 Analysis

Estimated Revenues accruing to the Fish and Game Fund are based on the assumption that each licensee currently purchasing a 25¢ license would purchase a license at full cost. Estimated license sales are based on the percentage of each type of resident license class sold in FY 86. An estimated decrease in sales of 1% per year has been assumed based on FY 86 actual sales.

<u>Resident License Type</u>	<u># Sold</u> <u>FY86</u>	<u>% of</u> <u>Total</u>	<u>Estimate of Additional Revenue</u>		
			<u>Add'l Sold</u> <u>FY87</u>	<u>Sport Fish</u> <u>Fund</u>	<u>Game</u> <u>Fund</u>

Fish/Hunt/Trap	8,566	4%	571	5,710	12,562
Trap	1,478	1%	143		1,430
Duck Stamps *	N/A	N/A	2,999		14,995
<u>TOTAL</u>	<u>188,843</u>	<u>100%</u>	<u>17,280</u>	<u>\$119,960</u>	<u>\$95,541</u>
Less 5% vendor commission				(5,998)	(4,777)
Additional Accrual to Fish and Game Fund FY 87 Estimate **				<u>\$113,962</u>	<u>\$90,764</u>

* It is assumed that 50% of hunters would purchase an Alaska Waterfowl Conservation Stamp.

** Revenue for FY88 is figured at 1/2 FY total per recommended effective date of 1/1/88.
