CHART C: FEATURES OF PERCENT-FOR-ART LAWS

This chart reflects statutory provisions of percent-for art laws enacted through April 1, 1984. In many states, administrative agency regulations clarify and supplement the statute.

	Alaska	Colorado	Connecticut	Florida	Guam	Hawaii	Illinois	Iowa	Maine	Massachusetts	Michigan	Minnesota	Montana	Nebraska	New Hampshire	New Jersey	Oregon	Texas	Washington	Wisconsin
PERCENTAGE	1	1	1	.5		1	.5	.5	1	1	1	1	1	1	.5	1.5	2	1	.5	.2
EXPENDITURE	•	•	•	•		•	•	•	•	•	•	•	•	•	•	•	•	•	•	•
ADMINISTRATIVE AGENCY																				
BUILDINGS INCLUDED																				
ELIGIBLE ART																				
SELECTION PROCESS																				
TYPES OF ACQUISITIONS																				
CALCULATION & USE OF FUNDS																				
ARTISTS																				
MISCELLANEOUS																				

- Percent of Construction/Remodeling Costs
- Mandatory
- Optional
- State Arts Agency
- Public Works or General Services Dept.
- Finance Department
- Other State Agency
- Specifies Administrative Agency Duties
- New Buildings
- Remodeling Projects
- Existing Buildings
- More Specific Building Types Named
- Law Applies Only When Bldg. Costs Exceed Min.
- Excludes Specific Construction
- Broad Unspecific Definition
- Broad Specific Definition
- No Definition of Art
- Excludes Landscaping, Ornaments
- Established by Statute
- Established by Agency Rules
- Established by Law and Agency
- Unspecified
- Selection Committee Members Named
- Selection Process has Two or More Tiers
- Requires Comment by Public or Bldg. Occupants
- Selection Committee Expenses Reimbursed
- Commissions and Purchases
- Commissions Only
- Unspecified
- State Gets Title to Art
- Specifies Which Project Costs are Included
- Art Funds Allocated for a Specific Project
- Art Funds May be Used for Other Buildings
- Private and/or Federal Funds May be Used
- Priority to State's Artists
- Artists Retain Specific Rights
- Expresses Legislative Intent
- Public Display of Art Required
- Addresses Maintenance/Repair
- Art May be Displayed in Other Buildings
- Authorizes Administrative Agency Regulations

Note: New Jersey's law allows up to 1 1/2 %

LETTER OF AGREEMENT
BETWEEN
THE STATE OF ALASKA DEPARTMENT OF
TRANSPORTATION AND PUBLIC FACILITIES

AND

THE ALASKA STATE COUNCIL ON THE ARTS

This Agreement, shall become effective upon execution by the State of Alaska, Department of Transportation and Public Facilities (hereinafter called the Department) and the Alaska State Council on the Arts (hereinafter called the Council). The Agreement shall terminate upon completion of paragraph 9 on page two, of this Agreement.

The Department's coordinator for this Agreement is the Commissioner of the Department or his designee. The Council's coordinator for this Agreement is the Executive Director of the Council. Each party agrees to notify the other party in writing of any change in the coordinator.

Whereas a percentage of funds have been identified by the Legislature, under AS 35.27 for the project as described in Appendix A of this Agreement and whereas the Council has submitted a notice to the Department requesting that the Council be allowed to assume all responsibility for the planning and construction of the project described in Appendix A (hereinafter also referred to as "the project"), the parties mutually agree as follows:

1. The Council agrees to assume all responsibilities heretofore held by the Department relating to the planning and construction of the project, excepting those responsibilities retained by the Department and described in Appendix B, which is hereby incorporated and made a part of this Agreement.
2. The Council agrees to comply with all applicable codes, statutes, and regulations of the State of Alaska.
3. The Council shall coordinate, administer, and notify all applicable parties of meetings and reviews and obtain all necessary written approvals from all effected agencies.

4. Prior to final acceptance of the project, the Council has the duty of providing for and overseeing all safety orders, precautions, and programs necessary to ensure the reasonable safety for the planning and construction of the project. In this connection, the Council shall take reasonable precautions for the safety of all project employees and all other persons whom the project might affect, and shall inspect all work and materials incorporated into the project, and all property and associated improvements at the project site.

5. At the time of final acceptance, the responsibility for the maintenance and operation of the project shall be borne by the Client Agency which is in substantial control of the completed facility.

6. The Council shall forward copies of the Artwork procurement documents to the Department for approval. If anything in these documents conflicts with the project described in Appendix A or is found to be in violation of any statute, code, or regulation, the Council will be notified that existing payments of project funds allocated to that specific location are in jeopardy and will be rescinded by the Department unless those conflicting aspects are corrected within a reasonable period of time as noted in the written notification.

7. The Council shall submit a quarterly status and expenditure report to the Department. The report shall address the expenditures and progress status of each individual facility within the overall scope of the project.

8. The Council, upon completion of each individual facility listed within the scope of the project, shall provide the Department with a final expenditure report, certified by the Council's coordinator, of all costs incurred in the accomplishment of the project.

9. The Council, upon completion of the entire project, shall have performed an independent audit according to Appendix C. The audit shall be performed and delivered to the Department within 120 days of the end of the calendar year in which the project was completed. The Department retains the right to audit the project any time within three (3) years upon written notice to the Council. All project records shall be maintained by the Council for three (3) years after the date of the project audit.

10. If, through any cause, the Council shall fail to fulfill in a timely manner its obligations under this Agreement, or if the Council shall violate any of the covenants or stipulations of this Agreement and if, after notification by the Department of such failure or violation, the Council fails to take proper corrective action within a reasonable time, the Department shall thereupon have the right to terminate this Agreement by giving written notice to the Council of such termination and specifying the effective date thereof. Such written notice shall be given at least fifteen (15) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, reports, construction materials, and any work completed by the Council, or its contract artists, described under this Agreement shall, at the option of the Department become the Department's property and the Council shall be entitled to receive just and equitable compensation for any satisfactory work completed. Notwithstanding the above, the Council shall not be relieved of any liability to the Department for damages sustained by the Department by virtue of any breach of the Agreement by the Council, and the Department may withhold any payments to the Council for the purpose of setoff until such time as the exact amount of damages due the Department from the Council is determined.

11. The Council may appeal, to the Commissioner of the Department of Transportation and Public Facilities, the Department's determination that Council is in violation of this contract or that it has failed to fulfill its responsibilities in a timely and proper manner. Such an appeal must be made within ten (10) days of the date the Council is notified of the Department's decision to terminate the contract. Pending resolution of the appeal, no work will proceed on the project. The Commissioner's decision shall be final.

12. If, due to changed circumstances, the Department or the Council wishes to terminate this Agreement prior to its completion, the initiating party shall notify the other party in writing of its reasons for requesting the early termination. This request must be made at least fifteen (15) days prior to the proposed termination date. If both parties agree that it is in their mutual best interests to terminate this Agreement early, all finished or unfinished documents and other materials as described in Paragraph 12 above shall, at the option of the Department, become the Department's property. If the Agreement is terminated as provided herein, the Council shall only be reimbursed for actual expenses

which were incurred by the Council during the Agreement period and which are directly attributable to the Council's performance of this Agreement. The Department shall also reimburse the Council for any costs properly incurred by the Council in honoring convenience termination clauses in its Agreements with its contractors as long as these clauses conform to the standard convenience termination clause used by the Department for similar type contracts.

13. This Agreement shall be governed by the laws of the State of Alaska.

14. In the event the Council subcontracts any work covered by this Agreement, the Council shall require compliance by its subcontractors with AS 36.05.010, AS 36.05.040, and AS 36.10.010. In addition, the Council shall require compliance with all Federal, State, and local laws, regulations and ordinances relating to civil rights.

15. To the extent the Council itself performs any work covered by this Agreement, the Council agrees to comply with all laws, regulations, and ordinances referred to in Paragraph 14, above.

16. The Council shall ensure that none of the funds paid under this Agreement will be used for the purpose of lobbying activities before the Alaska State Legislature.

17. Unless changed by prior written notice, any notices required by this Agreement must be sent to the following addresses:

Department: Commissioner
Department of Transportation and
Public Facilities
Pouch Z (MS 2500)
Juneau, Alaska 99811

Council: Executive Director
Alaska State Council on the Arts
619 Warehouse Ave, Suite 220
Anchorage, Alaska 99501

18. This Agreement may not be assigned by the Council without written consent of the Department.

19. The failure of the Department to insist in any one or more instances upon strict performance by the Council of any provision or covenant in this Agreement may not be considered as a waiver or relinquishment of the provision or covenant for the future. The waiver by the Department of any provision or covenant of this Agreement cannot be enforced or relied upon by the Council unless the waiver is in writing and signed on behalf of the Department.

20. Modifications or written amendments to this agreement can only be made by written mutual consent by both the Department and the Council.

Winston D. Gray Executive Director 1-21-86
Authorized Signature for the Council Title Date

 Commissioner 2/4/86
Authorized Signature for the Department Title Date

LETTER OF AGREEMENT
APPENDIX "A"

Project Description

For the purposes of this letter of Agreement it shall be mutually understood that the scope of the project shall consist of the procurement of Artwork, the design and construction of any required support facilities, and the administrative duties associated therewith, all as required to meet the legislative requirements of AS 35.27, Art Works in Public Buildings and Facilities.

To accomplish this goal the Department delegates to the Council the authority to enter into contracts with "selected" artists. Said "selected" artists shall be selected by the architect for the Department with the approval of the Department, after consultation with the Alaska State Council on the Arts and the principal user of the public buildings or facilities. In addition the Department shall provide a monetary funding in the amount as designated in the following section, to cover procurement costs, administrative fees (not directly accountable to the design of the Artwork) and the costs of associated support facilities. The legislative mandated 1% portion of the appropriation shall be spent solely on the acquisition of the actual Artwork or when required the design and construction of the support facilities necessary to accommodate the Artwork.

Project Funding

The Department shall provide to the Council funding equivalent to the following:

1.3% times the construction cost of the eligible building or facility.

Where: (a) "the construction cost" shall consist of an amount equal to the anticipated contract price with all additive alternates and available contingencies for change orders, (b) "eligible building and facilities" shall include all buildings and facilities meeting both the criteria of AS 35.27 and AS 44.27 and receiving legislative funding during fiscal year 1986.

Funding shall be made available to the Council within thirty days following the date on which the contract with the Architect/Engineer was executed. However, in no case shall such funding occur later than the first submittal of schematic drawings. When eligible funding for further construction (not anticipated in item (2) above) becomes available after the initial payment, such funds shall be provided to the Council within thirty days after receipt by the Department.

LETTER OF AGREEMENT
APPENDIX "B"

Department Authority and Responsibilities

Under the terms of this agreement the Department shall retain the following rights and duties.

(1) The Department shall establish funding qualifications on each individual construction project separately.

(2) Shall consult with the Council and the Client Agency to determine their desires for the inclusion of works of Art.

(3) Shall make the final determination--and notify the affected parties--of the method by which the legislative mandated 1% funds will be used. Such methods including:

- a. incorporation of Artwork into the facility to the extent of the total eligible funds, or
- b. deposit of the funds to the "Art in Public Places Fund", or
- c. a suitable combination of the above.

(4) Shall have the opportunity to actively participate as a member (not facilitator) of the selection committee.

(5) Shall grant final approval of all contracts awarded to selected artist.

(6) Shall provide the ultimate decision with respect to all matters involving modifications to the facility's design which may arise from the incorporation of the Artwork.

(7) Shall administer the "Artwork related" services of the Professional Services Agreement as executed between the Department of Transportation and Public Facilities and the facility's Design Professional of Record.

Changes to this document must be made in accordance with item 20 page four of the Letter of Agreement.

ANALYSIS: (Attach a separate page if necessary)

Based on the attached analysis a reduction in the amount of funds for artwork of 1/2% could provide additional construction funds in the amounts indicated.

STATEMENT OF ANALYSIS RE:
An act relating to Art in Public Places

Assumptions made:

- (1) It has been assumed that language changes to section AS 35.27.020(c) (lines 12 and 13) will not change the current legal opinion excluding federal funds from the artwork requirements.
- (2) Based on anticipated construction activities of \$30 million net savings would result as follows:

\$30,000,000	(current eligible projects)
X .005	(reduced % for artwork)
\$ 150,000	(additional project funds)
X 1.30	(factor for artwork administrative costs)
\$ 195,000	(total of additional available monies)

Due to unpredictability of the future CIP program this same amount has been assumed into the budgets for FY 90 through 94.

Original sponsors: Hanley, Zawacki,
and Leman

1 IN THE HOUSE BY THE TRANSPORTATION COMMITTEE
2 SENATE CS FOR CS FOR HOUSE BILL NO. 3 (Transportation.)
3 IN THE LEGISLATURE OF THE STATE OF ALASKA
4 SIXTEENTH LEGISLATURE - FIRST SESSION

5 A BILL

6 For an Act entitled: "An Act relating to art in public places; and provid-
7 ing for an effective date."

8 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

9 * Section 1. AS 35.27.020(c) is amended to read:

10 (c) One [AT LEAST ONE] percent or, in the case of a rural school
11 facility, [AT LEAST] one-half of one percent of the construction cost
12 of a building or facility, up to a total of \$50,000 on any one proj-
13 ect, shall [APPROVED FOR CONSTRUCTION BY THE LEGISLATURE AFTER
14 SEPTEMBER 1, 1977, WILL] be reserved for the following purposes: the
15 design, construction, mounting and administration of works of art in a
16 school, office building, court building, vessel of the marine highway
17 system, or other building or facility that [WHICH] is subject to
18 substantial public use. If the building is a school or post-secondary
19 educational facility, the selection committee established under
20 AS 35.27.021 may use part of the money reserved under this subsection
21 for an artist-in-residence program to produce a permanent piece of
22 visual art. All administrative costs, including those of the depart-
23 ment, associated with the art project shall be paid from the money
24 reserved under this subsection.

25 * Sec. 2. AS 35.27.020(d) is amended to read:

26 (a) a building or facility with an estimated construction cost
27 of less than \$250,000 is exempt from the requirements of this chapter
28 unless inclusion of works of art in the design and construction of the
29 building or facility is specifically authorized by the department.

1 The authorization may not be granted unless the building or facility
2 is subject to substantial public use or the works of art will have
3 substantial public visibility.

4 * Sec. 3. AS 35.27.020(g) is amended to read:

5 (g) Each selection committee established under AS 35.27.021 [THE
6 ARCHITECT, SUPERINTENDENT, DEPARTMENT, AND THE ALASKA STATE COUNCIL ON

7 THE ARTS] shall encourage the use of sta. cultural resources in these

8 art works and shall select [THE SELECTION OF ALASKA RESIDENT] artists

9 for the commission of these art works who are residents of the state

10 under AS 01.10.055. A work of art shall be identified by a permanent

11 plaque installed on or near the work of art. The plaque must contain

12 the name or title of the work of art, the name of the artist, and the

13 year of completion.

14 * Sec. 4. AS 35.27 is amended by adding a new section to read:

15 Sec. 35.27.021. SELECTION OF ART. (a) The artist who executes

16 a work of art for a public school shall be selected by a majority vote

17 of a committee, with the approval of the school board. The committee

18 shall be composed of the superintendent or principal, one represen-

19 tative from the school district staff, and three members of the public

20 who reside in the community where the school is located. The presi-

21 dent of the school board or a designee shall provide reasonable public

22 notice that public member seats on the committee are available. The

23 school board shall select the representative from the school district

24 and the members of the public. The committee may consult with the

25 Alaska State Council on the Arts, the architect, and the project

26 manager administering the facility construction project.

27 (b) Except as provided in (a) of this section, an artist who

28 executes a work of art for buildings and facilities shall be selected

29 by a majority vote of a committee convened by the project manager

1 administering the facility construction. The committee shall be
2 composed of the architect, the project manager, a designee of the
3 Alaska State Council on the Arts, a designee of the principal user of
4 the public building or facility, and three members of the public who
5 reside in the community where the building is located. To select the
6 public members, the department shall advertise for applicants by
7 appropriate public notice. The four named committee members shall
8 select the three public members from the applicants.

9 (c) All meetings of a selection committee under (a) or (b) of
10 this section are subject to the public meeting and notice requirements
11 of AS 44.62.310.

12 * Sec. 5. AS 44.27.060(b) is amended to read:

13 (b) The commissioner of a department responsible for the design
14 and construction of a building or facility shall deposit into the art
15 in public places fund one percent or, in the case of a rural school
16 facility, one-half of one percent of the construction cost of the [A]
17 building or facility, up to a total of \$50,000 on any one project, if
18 the building or facility is exempt from the requirements of AS 35.27.
19 and the exemption is because

20 (1) the estimated construction cost of the building or
21 facility is less than \$250,000; or

22 (2) the building or facility is not designed for substan-
23 tial public use.

24 * Sec. 6. AS 44.27.060(c) is repealed and reenacted to read:

25 (c) The council shall use the money in the art in public places
26 fund for artists-in-residence programs to produce permanent pieces of
27 visual art or for the purchase of Alaskan artifact antiquities or
28 original Alaskan fine art for display for the public in state build-
29 ings.

- 1 * Sec. 7. AS 44.27.060 is amended by adding a new subsection to read:
2 (e) The council shall, within one year of the effective date of
3 this Act, adopt regulations implementing this section.
- 4 * Sec. 8. AS 35.27.020(e) and 35.27.020(f) are repealed.
- 5 * Sec. 9. The amendments made by this Act do not apply to the construc-
6 tion of a building or facility if, before the effective date of this Act,
7 a request for proposal or an invitation to bid has been issued in order to
8 meet the art requirements under this chapter for the building or facility.
- 9 * Sec. 10. This Act takes effect immediately under AS 01.10.070(c).

LEGISLATIVE AFFAIRS AGENCY

MEMORANDUM

May 4, 1989

SUBJECT: Sectional analysis of SCS CSHB 3(Trans)
TO: Representative Alyce Hanley
FROM: Pamela Finley *PF*
Assistant Revisor

You have requested a sectional analysis of the above described bill.

As a preliminary matter, note that a sectional analysis or summary of a bill should not be considered an authoritative interpretation of the bill and the bill itself is the best statement of its contents.

Section 1 limits the amount that must be reserved for works of art from the construction cost of certain buildings and facilities. The limit is \$50,000 for any one project. This bill section also provides that all administrative costs associated with the art project are to be paid from the money reserved. Finally, the section authorizes part of the money to be spent for an artist-in-residence program to produce a permanent piece of visual art if the project is a school or post-secondary educational facility.

Section 2 prevents the Department of Transportation and Public Facilities from authorizing the inclusion of works of art in a building or facility with an estimated construction cost of less than \$250,000 unless the building or facility is subject to substantial public use or the work of art will have substantial public visibility.

Section 3 requires the selection committee established under sec. 4 to encourage the use of state cultural resources for the art works required by AS 35.27. The section also requires the selection committee to select state resident artists for the art works, a provision which may be unconstitutional. Finally, the section requires the art work to be identified by a plaque.

Representative Alyce Hanley

Page 2

May 4, 1989

Section 4 Sec. 35.27.021(a) establishes the procedures for the selection of the artists for art works required by AS 35.27 for a public school. It establishes a committee to make the selection.

Sec. 35.27.021(b) establishes the procedures for the selection of the artists for art works required by AS 35.27 for projects that are not public schools. It establishes a committee to make the selection.

Sec. 35.27.021(c) requires meetings of the selection committee to comply with the public meeting and notice requirements of AS 44.62.310.

Section 5 amends the art in public places fund (AS 44.27.-060), which is administered by the state arts council and contains a percentage of the construction cost of certain public buildings that are exempt from the requirements of AS 35.27. The amendment adds the same \$50,000 limit that was added in bill section 1, and clarifies that in this section, as in AS 35.27.020, the percentage to be withheld in the case of rural schools is one-half of one percent.

Section 6 provides that the arts council shall use the art in public places fund for artists-in-residence programs to produce permanent pieces of visual art or for the purchase of Alaskan artifact antiquities or original Alaskan fine art for public display in state buildings.

Section 7 requires the arts council to adopt regulations implementing the art in public places fund statute within one year of the effective date of the act.

Section 8 repeals AS 35.27.020(e) and (f), which govern selection of art works and have been replaced by the amendments in bill section 4.

Section 9 indicates that the Act does not apply to projects for which a request for proposal or invitation to bid has been issued before the effective date of the Act in order to meet the art requirements. As explained below, this section needs a technical amendment.

Section 10 gives the Act an immediate effective date.

Representative Alyce Hanley
Page 2.1
May 4, 1989

Necessary Technical Amendments

For technical reasons, in bill section 9, the applicability section, "this chapter" should be deleted and "AS 35.27 or AS 44.27.060" should be inserted. "This chapter" does not refer to anything and the art requirements are imposed by AS 35.27 and AS 44.27.060.
