

ALASKA LEGISLATURE

HOUSE and SENATE FINANCE COMMITTEE FILES,

1993-1994

1113

197

is equipped with dual controls a door shall be installed at each control position.

175.209. Chassis.

(a) Condition of chassis. All items of chassis shall be in safe operating condition as described in Subchapters E - H and J and this subchapter.

(b) Bumpers. Vehicles specified under this subchapter shall be equipped with front and rear bumpers securely attached to chassis.

(1) Some part of horizontal bumper of passenger vehicle and all street rods shall fall within 12-20 inches above ground level.

(2) Some part of horizontal bumper of trucks shall fall within 16-30 inches above ground level.

(c) Scrub Line. Vehicles specified under this subchapter shall meet minimum scrub line requirements. See Chart 5.

(1) Scrub Line is an imaginary surface created if lines were drawn from bottom of wheel rim on one side to bottom of tire on other side. When lines are drawn from both sides, an "X" under the vehicle suspension is created. No suspension or chassis component shall be below top portion of this imaginary "X".

(2) Only exhaust systems and sheet metal may extend below the scrub line.

175.210. Unconventional operator location.

Any vehicle described under this subchapter designed to operate from an unconventional location shall have all controls and switches listed below positioned so they may be conveniently operated from each operator location.

Steering wheel	Gear shift
Brake controls	Windshield wiper controls
Speedometer	Headlamp and taillamp control
Turn signal control	Defroster control
Hazard warning light control	Horn or warning device activator

175.211. Inspection.

All vehicles shall be inspected by a certified inspection mechanic to insure vehicle conforms to Vehicle Code and this title prior to titling. The vehicle owner shall not be the inspecting mechanic. Certificates of inspection shall not be issued upon initial inspection. After title and registration has been issued, inspection station shall reinspect vehicle to make certain vehicle still complies with this chapter and only then shall certificate of inspection be issued. Failure to follow proper inspection procedures in either of the two above inspections will be reasonable grounds to suspend the station and mechanic under Subchapter D (relating to schedule of penalties and suspensions official inspection stations and certified mechanics).

175.220. inspection procedure.

(a) External inspection. An external inspection shall be performed as follows:

(1) Check windshield and **REJECT IF** any of the following apply:

(i) Windshield is less than 7 inches in vertical height on street rods.

(ii) Windshield is less than 12 inches in vertical height on reconstructed and specially constructed vehicles.

(iii) Windshield and side windows or openings do not allow driver minimum outward horizontal vision capability of 90 degrees from each side of vertical plane passing through fore and aft centerline of vehicle.

(iv) Range of vision is interrupted by window framing exceeding 2 inches in width and windshield door post support areas exceeding 4 inches in width.

(v) Obstructions except windshield wiper components of more than 2 inches upward into horizontally projected vision area of the windshield is found.

(2) Check fenders and **REJECT IF** any of the following apply:

(i) Fenders do not cover entire tire tread width of tire that comes in contact with road surface.

(ii) Front tire tread circumference coverage is less than 15 degrees.

(iii) Rear tire tread circumference coverage is less than 75 degrees.

(3) Check bumpers and **REJECT IF** any of the following apply:

(i) Front or rear bumper is missing.

(ii) Some part of horizontal bumper does not fall within 12-20 inches above ground level on street rods, specially constructed vehicles, and reconstructed passenger vehicles.

(4) Check lights and **REJECT IF** vehicle does not have operating hazard warning lamps capable of being seen and distinguished during night time operations at distance of 500 feet.

(b) Internal inspection. An internal inspection shall be performed as follows:

(1) Check mirrors and **REJECT IF** mirrors for unconventional operator location are insufficient to view front and both sides and rear of vehicle for distance not less than 200 feet.

(2) Check unconventional operation location and **REJECT IF** all major controls and switches are not conveniently located for use by driver while in unconventional operating position.

(c) Under the hood inspection. An under the hood inspection shall be performed as follows:

(1) Check hood and **REJECT IF** street rod hood does not cover top of entire engine compartment.

(2) Check brake system and **REJECT IF** any of the following apply:

(i) Dual service brake system is not installed when original system was modified.

(ii) Dual service brake system is not installed on vehicles with rear tires exceeding 9 inches in width.

(d) Beneath the vehicle inspection. A beneath the vehicle inspection shall be performed as follows:

(1) Inspect tires and **REJECT IF** any of the following apply:

(i) Front tires measure less than 5 inches in width on street rods.

(ii) Rear tires exceed 9 inches in width and the vehicle is not equipped with dual service brake system.

(2) Inspect scrub line and **REJECT IF** any of the following chassis and suspension components are below scrub line:

(i) Frame.

(ii) Axle.

(iii) Axle housing.

(iv) Lower control bar.

(v) Shock mounts.

(vi) Crossmembers.

(vii) Torsion bar.

(viii) Radius rods.

(ix) Spindle arms.

(x) Steering components.

(xi) Brake components.

(xii) Spring perch bolts.

In the year of Our Lord one thousand
nine hundred and ninety-two

AN ACT

relative to the registration and equipment standards of motor
vehicles known as street rods.

Be it Enacted by the Senate and House of Represen-
tatives in General Court convened:

1 1 New Section; Definition; Street Rod. Amend RSA 259 by inserting
2 after section 106 the following new section:

3 259:106-a Street Rod. "Street rod" shall mean a vehicle, the body and
4 frame of which were manufactured prior to the year 1949 and which has been
5 modified for safe road use, or a replica thereof which has also been
6 modified for safe road use. For purposes of this section, the word
7 "modified" means, but is not limited to, a material alteration of the
8 drive-train, improved suspension, improved or enhanced brake system or
9 alteration of the body which may be chopped, channelled, sectioned, filled
10 or otherwise changed dimensionally from the original manufactured body.

11 2 New Sections; Number Plates for Vehicles Registered as Street Rods;
12 Vehicle Identification Numbers. Amend RSA 261 by inserting after section
13 89-a the following new sections:

14 261:89-b Number Plates for Vehicles Registered as Street Rods.

15 I. The director is hereby authorized to design and to issue under
16 such rules, as he shall deem appropriate, special plates to be used on
17 motor vehicles registered as street rods. Such plates shall be in lieu of

1 verifying that the subject vehicle is in fact a street rod as defined in
2 RSA 259:106-a.

3 II. A special fee in the amount of \$25 shall be paid for the
4 certificate of verification. This special fee shall be in addition to the
5 fee required for a vanity plate, the regular motor vehicle registration fee
6 as prescribed by law for the particular vehicle being registered, and any
7 number plate manufacturing fee or fees otherwise required by law for the
8 particular vehicle. All special fees collected shall be paid to the state
9 treasurer and credited to the driver training fund established in
10 RSA 263:52.

11 III. The certificate of verification required by this section shall
12 be documented by an instrument designed and issued by the director. Any
13 authorized highway enforcement officer or any individual who is authorized
14 by the director to perform motor vehicle inspections provided by RSA 266:1,
15 V is hereby authorized to perform the verification and certification
16 required by this section.

17 IV. Pursuant to RSA 261:75, a vehicle duly registered as a street
18 rod shall be issued one number plate of the design as set forth in this
19 section. Such plate shall be attached in a conspicuous place on the rear
20 of the vehicle.

21 259:89-c Vehicle Identification Number for Street Rods. The vehicle
22 identification number or "VIN" for a street rod shall be the number stamped
23 on the frame of the vehicle, or if no such number, as established pursuant
24 to RSA 261:22, I.

25 3 New Subdivision; Equipment Required of Street Rods. Amend RSA 266 by

1 adding after section 112 the following new subdivision:

2 Street Rods

3 266:113 Equipment Required of Street Rods.

4 I. A vehicle registered as a street rod shall be equipped as
5 prescribed by RSA 266 and state of New Hampshire official inspection
6 station rules adopted pursuant to RSA 541-A, as they may be applicable to
7 vehicles whose model year is prior to the year 1949.

8 II. Notwithstanding paragraph I, street rods shall be equipped with
9 the following:

- 10 (a) Hydraulic service brakes on all wheels.
- 11 (b) Sealed beam or halogen headlamps.
- 12 (c) Seat belts for all passengers.
- 13 (d) Turn signal lamps and switch.
- 14 (e) Safety glass or Lexan.
- 15 (f) Electric or vacuum windshield wiper located in front of the
16 driver.
- 17 (g) Parking brake operating on at least 2 wheels on the same axle.

18 III. Notwithstanding the requirements of this section, bumpers,
19 fenders, ~~and~~ hoods, ^{blue dot taillights} shall be optional equipment. Exhaust systems
20 discharging along the side of the vehicle shall be allowed, provided the
21 exhaust discharge point is to the rear of the rear edge of the front door
22 and such system shall exit exhaust gas away from the vehicle.

23 IV. The ground clearance for a street rod shall be such that the
24 vehicle shall be able to be in motion and functional while on its 4 rims on
25 a flat surface, and no part of the suspension, steering or chassis shall

1 touch that surface.

2 4 Effective Date. This act shall take effect January 1, 1993.

Anchorage, Alaska 99509

Re: Summer "Street Rod" Schedule

Dear Mr. Graham,

Thank you for your recent letter regarding the Midnight Sun Street Rod Association's summer activity schedule. In your letter you also indicated any one of the Association's cars could be enroute to or from an event on public streets.

The issue your Association has presented to Mr. Dyson regarding the operation of street rods on public streets without fenders is still in the preliminary stages of recommendation and review. Until the "fender" issue is completely and legally resolved, your Street Rod Association should be aware that any of your members' vehicles observed operating on public streets, and not properly equipped in compliance with current State and local Ordinances, may be stopped and cited accordingly. In order to provide equal and fair traffic enforcement throughout the Municipality of Anchorage, we cannot lawfully permit your members' vehicles to operate on public streets outside the provisions of the current laws.

The Anchorage Police Department and the Alaska State Troopers recommend that any vehicle not properly equipped be transported in or on a trailer to and from any events or activities.

I have attached a recent letter from the Alaska State Troopers regarding your Associations question concerning the operation of fenderless street rods for your review.

Hopefully this matter will be resolved equably. Until then, thank you for your Association's cooperation and understanding.

Sincerely,

Kevin M. O'Leary
Chief of Police

Dear Chief O'Leary,

In reference to Fred Dyson's letter to you dated March 20, 1991 concerning our modified automobiles, I am enclosing a list of summer activities that any one of the cars could be in route to or returning from. Although some of the activities are pre-planned, we do have many impromptu events in the evenings and weekends.

Our organization greatly appreciates the positive communication that has transpired between you and Mr. Dyson.

If you have any further questions please feel free to contact me anytime at (HM) 694-2023 or (WK) 561-1188.

Sincerely,
 MSSRA

Chief Kevin O'Leary
Anchorage Police Department
P.O. Box 196650
Anchorage, Alaska 99519-6650

Dear ^{Kevin} ~~Chief~~ O'Leary:

We received your correspondence in reference to the highway operation of "Hot Rods", and researched the appropriate administrative codes and statutes which apply to fenders.

13AAC 04.227(a)(b) applies to steering assembly, wheel alignment and body condition of motor vehicles. The administrative code includes removal of fenders and the vehicle in question was originally manufactured with fenders, therefore fenders would be required regardless of how it has been modified. In addition, 13AAC 04.265 addresses antispray device which implies a motor vehicle must have a device which effectively reduces the wheel spray of water or other substance to the rear of the vehicle. Alaska Statute, (AS)28.35.253 states "a person may not drive a motor vehicle on a highway unless the vehicle is equipped with fenders, mud flaps, or other anti-spray devices adequate to prevent the vehicle from being a hazard to other users of the highway."

With the current administrative codes, Alaska Statutes, and laws per the Federal Standards which apply to motor vehicles, we oppose any changes to allow the operation of a "Hot Rod" without the appropriate equipment.

I have attached a copy of our administrative codes and statutes which apply to the issue. If you need any further assistance or comments you may contact myself or Corporal Brad Brown.

Sincerely,

Major John R. Murphy
Acting Director

Attachment.

cc: Richard L. Burton, Commissioner, DPS
Corporal Brad Brown, AST

13 AAC 04.227. STEERING ASSEMBLY, WHEEL ALIGNMENT AND BODY CONDITION. (a) No vehicle may be driven upon a highway or a vehicular way or area with loose or defective wheels or steering assembly which constitutes a hazard.

(b) No vehicle may be driven upon a highway or vehicular way or area with sharp protuberances, or with fenders, bumpers or other equipment removed, and which may endanger persons or other objects. (Eff. 6/28/79, Register 70)

Authority: AS 28.05.011

13 AAC 04.265. ANTISPRAV DEVICE. (a) No person may drive a motor vehicle unless it has a device which effectively reduces the wheel spray or splash of water or other substance to the rear of the vehicle.

(b) The device required in (a) of this section must be installed and maintained so that the device placed behind a wheel extends downward to a distance of 14 inches from the surface of the ground when the vehicle is standing on level ground. (In effect before 7/28/59; am 12/15/61, Register 3; am 8/10/66, Register 22; am 12/31/69, Register 31; am 6/28/79, Register 70)

Chief Kevin O'Leary
Anchorage Police Department
P.O. Box 196650
Anchorage, Alaska 99519-6650

Dear Chief O'Leary:

As shown in the information package I gave you, many states have made provisions in their vehicle code for modified automobiles and vintage cars. Of particular concern is the fender requirement and the removed equipment.

Because the Municipality must follow State law, you have passed this package over to the State Troopers for a recommendation. You and I agreed that State law must be changed before we deal with it on a local level.

While we wait for State action, would you please instruct your officers to not enforce these particular provisions until the State has taken action. Principally, I am interested in the very well maintained show cars that are involved in fair weather parades, tours, etc. As you know, the local automobile clubs are very supportive of many local community events and I do not want those activities restricted this summer.

Thank you for your assistance.

Sincerely,

Fred Dyson
Assemblyman

SENATE BILL NO. 48

IN THE LEGISLATURE OF THE STATE OF ALASKA

EIGHTEENTH LEGISLATURE - FIRST SESSION

BY THE SENATE RULES COMMITTEE BY REQUEST OF THE GOVERNOR

Introduced: 1/15/93
 Referred: CRA, HES, FIN
 Funding Information: General Fund \$90,000
 Other Funds -0-
 \$90,000

A BILL

FOR AN ACT ENTITLED

1 "An Act making a supplemental appropriation for certain elections for regional
 2 educational attendance area school boards and coastal resource service area
 3 boards; and providing for an effective date."

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

5 * Section 1. The sum of \$90,000 is appropriated from the general fund to the Office of
 6 the Governor, division of elections, to pay for the costs of the March 2, 1993 election for
 7 regional educational attendance area school boards and coastal resource service area boards
 8 for the fiscal year ending June 30, 1993.

9 * Sec. 2. This Act takes effect immediately under AS 01.10.070(c).

WALTER J. HICKEL
GOVERNOR

STATE OF ALASKA
OFFICE OF THE GOVERNOR
JUNEAU

January 15, 1993

The Honorable Rick Halford
President of the Senate
Alaska State Legislature
State Capitol
Juneau, AK 99801-1182

Dear President Halford:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill making a supplemental appropriation for \$90,000 to the Office of the Governor, Division of Elections, to conduct the March 2, 1993 election for regional educational attendance area school boards and coastal resource service area boards.

The division of elections is required by statute to conduct elections for the regional educational attendance area school boards and coastal resources service area boards. The next election is set by court order for March 2, 1993.

Due to unanticipated expenses this year regarding reapportionment matters, the division of elections has run out of money to conduct the election. In order to properly conduct the elections and pay for printing and distribution of the ballot and necessary material, this supplemental appropriation must be enacted into law no later than February 1, 1993. Absentee balloting for the election is scheduled to begin February 15, 1993.

Without this supplemental appropriation, this important state election is in jeopardy. The state also could suffer adverse consequences with the federal government concerning compliance with the Federal Voting Rights Act. Finally and most importantly, the people of Alaska could be deprived of their statutory right to elected representation on these boards if the election cannot be held due to a lack of funding.

I urge your prompt consideration and passage of this important legislation.

Sincerely,

A handwritten signature in cursive script that reads "Walter J. Hickel".

Walter J. Hickel
Governor

SENATOR TIM KELLY

SPONSOR STATEMENT & ANALYSIS FOR SB 49:

"RELATING TO THE FILING OF CAMPAIGN FINANCE REPORTS"

This legislation makes some long needed adjustments to our campaign reporting laws, the major feature of which is closing the two-day reporting gap (Sec. 2, page 2, line 13).

The law, since its inception in 1974, has contained an inadvertent two-day gap which occurs between the seven day pre-election report and the 24 hour reports. The reporting period for the 7 day pre-election report ends three days prior to the report due date. The 24 hour reports for contributions which exceed \$250 do not begin until 7 days prior to the election. Thus, contributions exceeding \$250 received the 9th and 8th days before the election are not reported until the 10 day post election report. This has the effect of obscuring the public's right to know.

In addition, SB 44 would change the deadline for filing year-end campaign reports from December 31st to February 15th (Sec. 1, page 2, line 7). In recognition of the impracticality of the December 31st deadline, the Alaska Public Office Commission (APOC) has allowed year-end reports to be filed on January 15th, well after the statutory date, for several years. The February 15th deadline would allow candidates and groups the use of December bank statements, and provide a longer time period to prepare a year-end report.

This legislation was introduced in the 17th Legislature and, after passage in the House, passed the Senate Ethics Reform and Judiciary Committees. APOC had previously requested the following amendments which have been included in SB 44:

1) In Section 1, on page 1, lines 8-14, new language clarifies the scope of the year-end report. The year-end reporting period starts with the most recent report filed or with the beginning of the campaign, whichever is later. The reporting period ends with the previous calendar year, i.e. on December 31.

2) In Section 1, on page 2, lines 8-10, the filing of zero reports are made mandatory. This allows APOC to monitor report filing and notify filers if no report is received. More importantly, mandatory filing would help avoid the problem of discovering at a later date that a report should have been filed and that a significant fine has accrued.

POSITION PAPER

APOC

HB 86

"An Act relating to the date for filing of year-end campaign finance reports."

This bill extends the deadline for year-end campaign disclosure reports from December 31 of each year to February 15 of the following year. This will allow candidates and groups the use of January bank statements and a longer time period to prepare a year-end report.

The Alaska Public Offices Commission has reviewed HB 86. This bill impacts the campaign disclosure law, AS 15.13 which the commission administers. The commission supports this legislation. The one month delay in year-end campaign disclosure report availability to the public is offset by more complete and accurate reports. (By APOC regulation 2 AAC 50.390, fines are not assessed until after January 16.)

The commission would like to request three additional changes to the legislation.

Amendment 1

The first clarifies the scope of the February 15 (year-end) report. The year-end reporting period starts with the most recent report filed or with the beginning of the campaign, whichever is later. The reporting period ends with the previous calendar year, not on February 12. This allows six weeks to fill out and file year-end reports.

Section 1, lines 6 and 7 ". . . day covered by the most recent

previous report[,] (or i) If it is a first report, it shall cover all contributions received and expenditures made before three days before the due date of the report. If it is a report due February 15, it shall cover the period beginning on the last day covered by the most recent previous report or the beginning of the campaign, whichever is later, and ending with February 22 of the prior year. The report shall be filed . . .".

Amendment 2

The second would make zero year-end reports mandatory. This would allow APOC to monitor report filing and notify filers if no report is received. Currently, reports are filed only if activity has taken place since the last report. Filing a zero activity report is optional. APOC has no way of knowing and subsequently reminding a candidate or group whether a report should be filed. Requiring zero reports will avoid the problem of discovering at a later date that a report should have been filed and a significant fine has accrued.

Section 1, lines 13 and 14 "(4) February 15 [December 31 of each year for expenditures and contributions received which were not reported that year]."

When read in conjunction with 2 AAC 50.332(a), this change makes it clear that zero year-end reports are mandatory.

Amendment 3

The third suggestion involves a separate issue. Currently the statute is worded such that an inadvertent two day reporting gap occurs between the seven day pre-election reports and the 24 hour reports. Contributions over \$250 that should be reported during

the week before the election are not reported until the 10 day post-election report.

Amend AS 15.13.110(b) to read:

(b) Each contribution or expenditure that [which] exceeds \$250 and that [which] is made within nine days [one week] of the election shall be reported to the commission by date, amount, and contributor or recipient within 24 hours of receipt or expenditure by candidate or campaign treasurer.

Since this last request changes the twenty four hour report filing, the title should be amended to delete "year-end".

REPORTING DATES

WALTER J. HICKEL
GOVERNOR

STATE OF ALASKA
OFFICE OF THE GOVERNOR
JUNEAU

SB 50

January 15, 1993

The Honorable Rick Halford
President of the Senate
Alaska State Legislature
State Capitol
Juneau, AK 99801-1182

Dear President Halford:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting legislation making appropriations for capital projects for fiscal year 1994.

As with my proposed operating budget, the capital budget focuses on government meeting its basic and traditional responsibilities to its citizens. To this end, my capital budget provides over \$42 million for water and sewer projects throughout Alaska. We must continue to build upon this Administration's unprecedented financial commitment to protecting the health of every Alaskan.

Funding for education facilities is also one of the state's basic responsibilities to its citizens. My capital budget provides over \$44 million for educational facilities, and includes \$19 million for the University of Alaska and another \$25 million in funding for the top priorities in our K-12 system.

Another area of emphasis is protecting our state's assets. For too long our buildings, roads and facilities have been left without repair. It is time we step up to our responsibilities and provide some of the funding necessary to get this job done. I will be introducing other legislation that will further meet these responsibilities by providing additional funding for the University of Alaska and our K-12 education system.

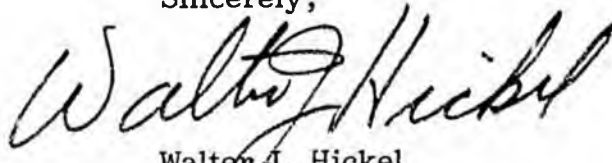

The demands of our criminal justice system can also be seen in the capital budget. Our correctional system facilities can no longer physically absorb the burdens of an increasing prison population and this budget includes \$10 million for the correctional system. Completion of the Anchorage Court House will also be possible with the \$21.5 million proposed.

The Honorable Rick Halford
January 15, 1993
Page 2

The capital needs of the state far exceed the level of funding I have proposed. I am hopeful this legislation provides a road map of how we can continue to make progress in meeting our responsibilities to the state and Alaskans. Toward this end, I look forward to working with the legislature.

Additional information pertaining to the appropriations requested in this bill are being furnished to the legislature by my Office of Management and Budget.

Sincerely,

A handwritten signature in cursive script, reading "Walter J. Hickel". The signature is written in dark ink and is positioned above the printed name.

Walter J. Hickel
Governor

SENATE FINANCE COMMITTEE REPORT

DATE: 1/15/93

FURTHER:

Date of 5-Day Notice: _____
