STATE OF ALASKA  
OFFICE OF THE GOVERNOR  
JUNEAU

March 11, 1994

The Honorable Rick Halford  
President of the Senate  
Alaska State Legislature  
State Capitol  
Juneau, AK 99801-1182

357

Dear Mr. President:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill relating to certain study, publication, and reporting requirements by and to state agencies. The bill would eliminate certain reports and amend the frequency with which other reports are required to be made. The bill also relates to certain fees for reports by and to certain state agencies.

The bill would streamline the administration of state government by repealing the requirement for certain reports that study has revealed are unnecessary or duplicative. Additional efficiencies can be gained by changing the mandatory reporting period for certain other reports from annual to biennial in specified situations. All of these changes are primarily designed as cost-saving or efficiency measures. None of the changes would reduce the flow of information necessary to the effective execution of governmental responsibilities or the monitoring of executive branch activities by the legislature or the public.

Finally, some of the reports duplicate information already submitted as part of the state budget process. Savings will result through more efficient use of state personnel formerly assigned to the production of these reports.

This bill is good for efficient government, and I urge your consideration and support of it.

Sincerely,

A handwritten signature in black ink that reads "Walter J. Hickel".

Walter J. Hickel  
Governor

Section 29. of the proposed legislation, impacts AIDEA, under AS 44.88.210, REPORTS AND PUBLICATIONS. The amendments under Sec.29 of the proposed legislation should not be included in a bill going to the Legislature for introduction. As the Alaska Industrial Development and Export Authority is a public corporation of the State of Alaska having outstanding and ongoing fiduciary responsibilities, the reporting requirements under AS 44.88.210, should remain as currently established. Specifically, because AIDEA is required under certain legal and financial contractual agreements such as bond covenants, and to other outside entities, such as bond rating agencies, to annually publish an audited financial statement, the Authority's statement of investments and other pertinent financial information, the proposed amendments to AS 44.88.210 are not recommended. Continuing to report on an annual basis would not provide for a fiscal impact.

The elimination of the Museum Collections Advisory Committee will relieve four museum staff members of about 700 hours of preparatory and meeting time. The Museum has lost 40% of its staff since FY86; it desperately needs these hours to meet basic service needs.

<b>Streamlining State Government - Sectional - HB531/SB358</b>			
<b>Section</b>	<b>Department</b>	<b>Brief Description</b>	<b>Notes</b>
1 thru 3	Natural Resources	Eliminates references to the Milk Control Advisory Board within the Division of Agriculture and makes a few technical changes	Board expenses have not been funded; Board only met a few times in 25 years; Sec. 11 eliminates Board; the last meeting of this board was held in 1980
4 thru 6	Education	Eliminates references to the Museum Collections Advisory Committee and provides the commissioner of the department with the authority to approve acquisitions and dispositions of museum items	This will free staff time to provide other basic services within the museum; Sec. 11 eliminates Committee
7 thru 9	Corrections	Authorizes the Parole Board to delegate to one of its members the authority to establish special conditions of mandatory parole	Allows the board to continue its practice of not noticing and convening a full board meeting for these purposes
10	Labor	Authorizes the Department of Labor to appoint arbitrators in railroad labor relations cases	This would allow the continued use of no cost mediators from the Federal Mediation and Conciliation Service for contract negotiations
11	Natural Resources	Repeals sections 03.17.020, 03.17.030, and 03.17.100(1) to eliminate the Milk Control Advisory Board	Board expenses have not been funded; Board only met a few times in 25 years; the last meeting of this board was held in 1980
11	Education	Repeals sections 14.07.058 and 14.07.059 to eliminate the Alaska School Activities Association; eliminates the state entity that duplicates the activities of an existing non-profit corporation	The department will promulgate regulations to allow school districts to continue to contract with ASAA, Inc. (a non-profit organization) for services
11	Education	Repeals sections 14.57.020, 14.57.030, 14.57.040, 14.57.060, 14.57.070, 14.57.080, and 37.14.530(b)(2) to eliminate the Museum Collections Advisory Committee	This will free staff time for other basic services
11	Natural Resources	Repeals sections 38.95.100, 38.95.110, 38.95.120, 38.95.130, and 38.95.140 to eliminate the Steering Council for Alaska Lands	This council was established in response to federal regulations which expired in 1990
11	Governor	Repeals sections 44.19.101, 44.19.102, 44.19.103, 44.19.104 and 44.19.105 to eliminate the Rural Affairs Commission and 44.47.050(a)(15) deletes its reference under DC&RA statute	No appointments have been made to this commission since 1976

**BILL NO:** CSSB 358(STA)

**DATE:** April 11, 1994

**TITLE:** Eliminate Some Multimember  
Bodies

**CONTACT:** Arbe Williams  
465-2700

Two sections in Committee Substitute for Senate Bill No. 358 (State Affairs) affect Department of Labor operations. Section 7 of the bill would increase the number of panels of the Alaska Workers' Compensation Board from five to six. Section 14 of the bill would amend AS 42.40.850(c) to remove the provision that a mediator of a labor dispute between the railroad and a bargaining unit representative must serve as the arbitrator at a later time if the parties are forced to interest arbitration.

The amendment to the Alaska Workers' Compensation Act in Section 7 of the bill would make two additional Board members (one from industry and one from labor) available in the southcentral area to handle the workload. In Anchorage, where most of the hearings occur, board members often meet for one or two full days in hearings each month and deliberate one to two days following the hearings, in addition to time spent reviewing and signing legal documents. This substantial commitment of time generally leads to problems in scheduling hearings and issuing decisions.

This amendment is part of the solution to a critical situation. In 1983, the Department of Law settled a class action suit against the State for failing to issue Board Decision & Orders (D&O's) timely. That settlement cost the State \$250,000. Today, staff have been reduced to a level below that in 1983 and, though we are issuing more D&O's than in 1983, forty-four D&O's were issued beyond the 30-day statutory deadline. We believe that a class action law suit is eminent. Increasing the availability of Board members to process Decision & Orders would contribute to meeting our statutory obligations.

Section 14 of the bill would amend the Alaska Railroad labor relations laws which are administered by the Alaska Labor Relations Agency. AS 42.40.850(c) addresses the procedure for resolving a labor impasse if a labor organization representing a unit of Alaska Railroad Corporation employees has engaged in a work stoppage that has been enjoined by the court. If the labor organization and the railroad remain deadlocked, they are required by the provisions of AS 42.40.850(c) to submit their dispute to the person who earlier had mediated the parties' dispute. That person would then serve as an arbitrator with the power to fashion a labor agreement for the parties

The mediation services of the Federal Mediation and Conciliation Services (FMCS) are available, free of charge, to mediate labor disputes between the railroad and their bargaining unit representatives. However, under the FMCS charter, FMCS mediators may not serve as interest arbitrators. If FMCS believes that its mediator may be required to serve as an arbitrator, it may not refer one.

**POSITION PAPER/Department of Labor**

The appointment of mediators other than through the Federal Mediation and Conciliation Services would increase the administrative costs of the Alaska Labor Relations Agency, which serves as the railroad labor relations agency, because the Alaska Labor Relations Agency would be required to arrange a mediation referral service. In addition the costs of the mediator would have to be paid by the parties to the dispute. FMCS mediators are very experienced in mediating railroad labor disputes and there is no charge for their services.

The Department of Labor supports Senate Bill No. 358 and urges passage this legislative session. Expanding the Alaska Workers' Compensation Board members would not increase costs; the amendment as proposed in Section 7 would only increase the availability of members to meet our statutory obligations. Removing the requirement that a mediator in railroad labor relations cases later serve as arbitrator as proposed in Section 14 would provide for an efficient and effective tool in resolving such cases.

Commissioner

### **CSSB 358(STA) Sectional Analysis**

*Sections 1 through 3...Eliminates references to the Milk Control Advisory Board within the Division of Agriculture and makes a few technical changes. (Board expenses have not been funded; Board only met a few times in 25 years; Sec. 11 eliminates Board; the last meeting of this board was held in 1980.)*

*Sections 4 through 6...Allows the the Museum Collections Advisory Committee to meet by teleconference; raises the dollar amount (from \$1,000 to \$5,000) on transactions which require the approval of the committee; clarifies that the role of the committee is regarding museum acquisition and disposition policies.*

*Section 7...Adds one 3-member Southcentral panel to the Workers' Compensation Board. This makes more members available to meet (although only 3 members are needed to comprise a panel: one labor member, one industry member, and the Commissionr of Labor, so there is no fiscal impact). This will allow the Department to produce their decision and orders more timely.*

*Sections 8 through 13...Authorizes the Parole Board to delegate to one of its members the authority to establish special conditions of mandatory parole. (Allows the board to continue its practice of not noticing and convening a full board meeting for these purposes.) Setting of special or supplemental conditions of parole, in mandatory parole cases, has traditionally been done by a single member, subject to the parolee's right of appeal to the full board. The changes proposed in Section 7 through 9 clarify the legality of this practice. By delegating this responsibility to one member the remaining four members are relieved of the task of reviewing approximately 500 case files each year. As a safeguard, this system of setting conditions provides the parolee with an immediate appeal to a majority of the members if the parolee objects to any of the conditions set by one member*

*Section 14...Authorizes the Department of Labor to appoint arbitrators in railroad labor relations cases. This would allow the continued use of no cost mediators from the Federal Mediation and Conciliation Service (FMCS) for contract negotiations. This bill removes the provision that a mediator of a labor dispute between the railroad and a bargaining unit representative must serve as the arbitrator at the time the parties are forced to interest arbitration. Currently the department utilizes mediators at no costs through FMCS. FMCS has a rule that their mediators cannot be arbitrators in the same negotiations.*

*Section 15...Repeals certain sections (AS 03.17.020, 03.17.030, 03,17.100(1)) in order to eliminate the Milk Control Advisory Board. (Sections 1 through 3 eliminate other references to the board and make technical changes.)*

*Section 15...Repeals sections 14.07.058 and 14.07.059 to eliminate the Alaska School Activities Association; eliminates the state entity that duplicates the activities of an existing non-profit corporation. These statutes have been in disuse since 1986. Since 1986, when articles of incorporation were filed under the name of ASAA, Inc., two distinct legal entities have existed: the statutory ASAA, which fell into disuse, and ASAA, Inc., a non-profit organization which has promoted and governed interscholastic activities in the state. This section eliminates the statutory ASAA and removes the state from potential liability for ASAA, Inc. in the future.*

*Section 15...Repeals several statutes (AS 38.95.100, 38.95.110, 38.95.120, 38.95.130, 38.95.140) in order to eliminate the Steering Council for Alaska Lands. The council was established in response to federal regulations which expired in 1990.*

*Section 15...Repeals several statutes ((AS 44.19.101, 44.19.102, 44.19.103, 44.19.104, 44.19.105, 44.47.050(a)) in order to eliminate the Rural Affairs Commission. No appointments have been made to this commission since 1976.*

*Section 15...Repeals several statutes ((AS 39.05.060(a), 44.19.123, 44.19.124, 44.19.125, 44.19.126, 44.19.130) in order to eliminate the Governor's Commission on the Involvement of Young People in Government. No appointments have been made to this commission since 1974.*

*Section 15...Repeals several statutes (AS 44.19.181, 44.19.182, 44.19.183, 44.19.184, 44.19.185, 44.19.186, 44.19.187, 44.19.188) in order to eliminate the Yukon Taiya Commission. The last activity of this commission was noted in the 1976 Governor's Boards and Commission records.*

*Section 15...Repeals several statutes (AS 44.46.030, 44.46.040, 44.46.050) in order to eliminate the Environmental Advisory Board. The last activity of this board was in 1980.*

*Section 15...Repeals statutes (AS 44.82) in order to eliminate the Gas Pipeline Financing Authority. The last plan for this authority was disapproved by the legislature in January 1980.*

*Section 15...Repeals statutes (AS 44.99.010) in order to eliminate the Alaska Manpower Services Council. This council was replaced by the Job Training Council in 1983.*

*Section 16...Retroactively to January 1, 1986, and notwithstanding AS 33.16.050 and 33.16.150 as they are currently written, states that one parole board member may impose special conditions in mandatory parole cases. Prisoners or parolees aggrieved by such decisions may appeal to the board for a change in the special conditions of their mandatory parole.*

*Section 17...Makes sections 8 through 13 and 16 regarding the Parole Board retroactive to January 1, 1986.*

*Section 18...Effective dates.*

*The Honorable Rick Halford  
President of the Senate  
Alaska State Legislature  
State Capitol  
Juneau, AK 99801-1182*

*Dear Mr. President:*

*Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill relating to the existence and functions of certain multimember state bodies, including boards, councils, commissions, associations, or authorities.*

*The bill contains several proposals recommended by my Administration to eliminate certain multimember state bodies, including the milk advisory board, the Alaska School Activities Association, the Steering Council for Alaska Lands, the Rural Affairs Commission, the Governor's Commission on the Involvement of Young People in Government, the Yukon-Taiya Commission, and the environmental advisory board. Several of these bodies have not been funded by the legislature, have not met in a number of years, or do not have members appointed. Also, the State Museum Collections Advisory Committee is proposed for deletion as an efficiency measure. The functions of the committee to oversee collection acquisitions can be adequately handled by Department of Education staff. It is good public policy to delete references to these bodies in the statutes since they are, in essence, not functioning bodies or their duties can be absorbed by other state agencies as a cost-saving or efficiency measure.*

*The bill additionally clarifies the parole board's authority to delegate to a single member of the board the authority to establish special conditions of mandatory parole. This will expressly authorize the parole board to continue its longstanding past practice of not noticing and convening a full board meeting to save costs of operation of the parole system.*

*Finally, the bill amends the Alaska Labor Relations Agency's authority to select arbitrators in railroad labor relations cases. The bill sets out the role of the agency in designating arbitrators. This clarification should make the appointment process easier and more cost effective for the agency to administer.*

The Honorable Rick Halford  
March 11, 1994

*This bill represents a step forward in eliminating certain multimember state bodies as an efficiency measure or to reduce the size or costs of state government.*

*I urge your support of this important bill.*

VIA FAX TO 465-3756

Dear Senator Kelly:

Thank you for scheduling Senate Bill 359 for consideration at 1:30 on March 29, 1994.

This Bill makes certain technical amendments to AS 37.23 which permits cities and boroughs to place funds into an investment pool in order to preserve principal, enhance yield, provide liquidity and secure professional funds management.

Currently one such pool exists--The Alaska Municipal League Investment Pool. At February 28, 1994 twenty-seven cities and boroughs had joined the Pool and it contained \$33,282,962.

**Section 1** of the Bill clarifies 37.23.020 to permit the purchase of floating rate securities, provided there is an annual rate reset. This section also clarifies language at 37.23.020(3)(A) to permit the purchase of Yankee securities when the parent of a US branch bank is rated "A" or higher. (The Pool currently invests in these securities.)

**Section 2** is a new section 37.23.035 which explicitly authorizes the lending of securities provided collateral is received.

**Section 3** removes the restriction which limits the amount of bank paper held at the 30% level.

The adoption of this legislation will clarify actions now being taken and authorize actions which will permit the enhancement of yield to Pool participants. These changes comport with concepts embodied in prudent investor rules adhered to by similar entities.

No State of Alaska funds are involved, there is no fiscal note.

Department of Revenue has reviewed this legislation and concurs with it.

This Bill is identical to House Bill 450 which has passed House State Affairs and House Finance and resides in House Rules.

I will be pleased to testify on Tuesday via teleconference.

Please contact me if you have any questions.

Sincerely,

Dave Rose, Financial Adviser

FROM: David A. Rose,  Financial Advisor

SUBJECT: Investment Policy

We have reviewed the Pool's Investment Policy as set forth by Pool Resolution and Alaska Statutes 37.23.

Our review of the above, in light of current market practices and conventions, indicates that Pool performance could be enhanced by several technical changes. These changes would put the Pool on a level playing field with competing money market funds.

The attached, marked up copy of the statute, sets forth the recommended changes. The proposed changes have been coordinated with the Commissioner of Revenue and language recommended by the Commissioner has been utilized. Thus, there is full agreement as to verbiage. A copy of the Commissioner's letter is attached to this memorandum.

Technical changes are as follows:

- 37.23.020 is clarified to permit the purchase of floating rate securities, provided there is an annual rate reset.
- 37.23.020 (3)(A) is clarified to explicitly permit the purchase of Yankee securities when the parent of a US branch bank is rated "A" or higher. The Pool currently invests in these securities.
- A new section 37.23.035 is added to explicitly authorize securities lending provided collateral is provided and income from securities lending benefits Pool participants.
- 37.23.040 (2) is deleted to permit the holding of larger quantities of bank issued securities.

The above four changes do not subject the Pool to extraordinary risk and they comport with concepts embodied in prudent investor rules adhered to by similar funds and

institutions.

I urge the AMLIP Board to (1) authorize these changes (2) pursue their adoption by the state legislature and (3) amend Pool investment policy upon amendment of statute.

Dear Dave:

I applaud your efforts to seek legislative approval for the participants of the Alaska Municipal League Investment Pool to participate in securities lending. The Department of Revenue has a securities lending program. This fully collateralized vehicle has been very successful and added a considerable amount of income to the funds.

After reading your proposed language authorizing securities lending in the statutes, I have two observations. The language would allow for "adequate collateralization or indemnification, or both." While indemnification is important, being fully collateralized at all times is a critical component to a successful securities lending program; the proposed language makes collateralization optional. Also, you may find being indemnified may reduce your split of the lending proceeds and eliminate potential lending candidates that are prohibited from indemnification.

My other observation is a small one. Part of the last sentence in the proposed language states "and shall serve to increase investment pool net yield." I realize insuring that the participants in the pool receive the proceeds from a lending program is important, but adding to the yield may be inconsistent with AIMR standards for computing performance measurement.

With those observations in mind, the following language may be worth your consideration:

37.23.035.5 SECURITIES LENDING. Securities held by an investment pool may be loaned provided such securities are fully collateralized and collateral is safekept by a party independent of the borrowers. Collateral must meet institutional and prudent investor standards. All pool proceeds from securities lending shall inure to the benefit of investment pool participants.

I concur with the other proposed language changes to the statutes. Those changes should give the pool participants greater flexibility within very prudent standards.

David A. Rose

### Senate Bill 360 Sponsor Statement

"An Act amending the medical assistance and community developmental disabilities grants appropriations in sec. 38, ch. 65, SLA 1993; and providing for an effective date." (Companion: HB 529)

In the FY 94 budget, the governor requested and the legislature authorized the transfer of \$1.6 million from the Community Developmental Disabilities Grant appropriation to the Medical Assistance appropriation.

Project CHOICE, a waiver program, was to finance care for individuals whose care was previously funded through Developmental Disabilities (DD) grants. The DD grants were in the budget of Medical Assistance division. The transfer of responsibility and the associated funding totaled \$1.6 million.

Implementation of Project CHOICE was substantially delayed and only \$400,000 of the \$1.6 million has been used in FY 94.

At the beginning of FY 94, DD grantees were instructed by the Department of Health and Social Services to spend their grants as though \$1.6 million had not been removed from the grant line. The department assumed each grantee would receive a corresponding payment from waiver benefits. When implementation of the waiver program was delayed, the grantees did not receive the anticipated waiver revenue, which necessitated this fund transfer.

This bill has a zero-net General Fund impact. It restores \$1.2 million to the Developmental Disabilities grant line from the Medical Assistance budget in order that grantees can complete their FY 94 operations.

This bill addresses SB 288/HB 455 Supplemental Appropriations, Sec. 22 as a separate item.

### MEMORANDUM

**DATE:** February 28, 1994  
**TO:** Janet Clarke  
**FROM:** Representative Mark Hanley  
**SUBJECT:** FY94 Supplemental and DD Grantees

-----

As we continue to deliberate on the FY94 supplemental, I have perceived strong support for Section 22, the delete-add language for the DD grant line. I expect that language to pass.

The grantees have been contacting me regarding a cash-flow problem which will arise due to the timing of the supplemental. The combination of the 10% reduction for the waiver transfer, and the hold-back money (approx. 10%?) would equal about two and a half months of operational funding. Do you agree with this cash-flow analysis?

When do you normally disburse the hold-back money?

Could the hold-back money be disbursed on 4/1/94, substituting the waiver money as the hold-back?

Once the supplemental bill passes both houses, and assuming the Governor supports the delete-add language, how many days until the Department can disburse money to the grantees?

I feel confident that the delete-add language to restore money to the DD grants will pass the Legislature. However, I am worried about the timing.

I would appreciate a written response to these questions as soon as possible.

Thank you.

Dear Senator Pearce:

Attached is information to justify SB 360 "An Act amending the medical assistance and community developmental disabilities grants appropriations in sec. 38, ch. 65, 1993; and providing for an effective date". Originally the Governor had requested this delete/add supplemental in section 22 of SB 288.

Senate Bill 360 amends the FY94 operating appropriation bill to transfer funds back to the Developmental Disabilities Grant component from the Medicaid Waiver component. This net zero delete/add supplemental is necessary due to delays in the Medicaid Waiver program and because the two components are in two separate appropriations with the Department of Health and Social Services Budget.

The Department supports SB 360 and urges its passage.

Sincerely,

  
Janet Clarke  
Director

House of Representatives  
Room 515

Dear Representative Hanley:

In response to your questions concerning Section 22 of the supplemental bill, I offer the following:

1. Our calculations show that we spend approximately \$1.5 million per month for Developmental Disability grant programs. The combination of the hold-back money and the 10% reduction would equal one and one-half months of operational funding.
2. Normally the hold-back money is disbursed upon submission and approval of the fourth quarter cumulative fiscal report from an agency. The final report is due 30 days at the end of the grant period (July 30).
3. The hold-back money, approximately \$443,500, can be disbursed on April 1, 1994, in fact our plan is to do just that.
4. To process the normal budget transactions through the Office and Management and Budget and other accounting documents would take at least one week. In addition, grantees will have to submit a budget revision to add the funds to their grant award. An average grant revision is fully processed in approximately six days. Much of this work can be done in advance to limit processing time.

The Department is also confident that this section will pass. Please let us know if there is any other assistance we can provide for a successful conclusion to this matter.

Sincerely,

  
Janet Clarke  
Director

## B. ANALYSIS INFORMATION

### 1. Explanation of Need and Legal Obligations

Five hundred ninety-three (593) client months are currently not funded in the Community Developmental Disabilities Grants BRU. This translates into a budget shortfall of \$1,248.9. Those funds were shifted from DMHDD to DMA through a transfer of \$1,644.5 in FY 94 budget. This transfer was to cover the State cost for two Medicaid waiver programs. The amount of transfer was determined by cost projections based on serving individuals from July of 1993 through June of 1994. This money was transferred from the DD community grants component with the anticipation that it would be recovered by DD grantees billing DMA for services rendered. However, regulations were completed later than expected. As a result, 593 client months are left unfunded in the Community Developmental Disabilities Grants BRU.

### 2. Impact on the Project if Supplemental is Not Funded

The budget shortfall will result in a major reduction of services to the developmentally disabled population (individuals that are incapable of self-care) across the State. There will be thirty (30) private not-for-profit agencies that will have to make decisions to remove from service enough consumers to equal the reduction in their direct service grant award. This means contacting families and explaining that the family will now have to come get their son, daughter, aunt, uncle, mother or father and take them back into their home, as State cannot provide residential, respite care, supported living, supported employment, foster care and or shared care. In many cases consumers that are being served residentially no longer have any family to return to or the family no longer has the capacity to allow them to return. Without these direct services being provided daily by the not-for-profit agency many of these consumers will be on the street to be victimized.

This shortfall in-turn will impact individual agency's ability to maintain needed staff to continue to serve the remaining consumers. Additionally, this will reduce the potential ability to serve any future consumers that will be funded by the Medicaid Waiver program. The trickle-down effect of this loss of direct service staff will further the loss of permanent and part-time employment in many of the 172 communities around the State, where developmental disabilities services are provided. Many of these communities already experience severe unemployment levels. The loss of the spendable income in each of the communities impacts the supporting business, which includes the ability to pay for lease space, utilities, food services, medical supports and emergency service capacity for future

disabled consumers.

However, some of the larger not-for-profit agencies may be able to garner funding from other resources to continue to serve some consumers. The ability of the agencies to do so is not known as DMHDD is already the payor-of-last resort for these services.

### 3. Date by Which Supplemental Funding is Needed

April 1, 1994

### 4. Impact on Personal Services and Positions

This supplemental request will have no impact on state personal services and positions. The impact on the agencies personal services and positions will be tremendous. Virtually every agency who provides direct services to individuals experiencing a developmental disability will be impacted.

### 3. Explanation on how expenditure projections are formulated

In FY 94, the Division of Mental Health and Developmental Disabilities transferred \$1,644.6 to the Division of Medical Assistance as state match for the Medicaid waiver program. This money was taken from the DD community grants component with the anticipation that it would be recovered by DD grantees billing DMA for services rendered. Due to delays in completing the regulation process, the Medicaid waiver program was implemented as scheduled. The regulations were effective December 20, 1993, and implementation of the waiver program commenced. Thus, the DD grantees were not able to bill for services rendered July through December as projected. Subsequently, 593 client months at an average of \$2,106 per month are unbudgeted. Therefore, this request is to cover the cost of those months currently unbudgeted. The total request is \$1,248.9.
