# Alaska State Legislature

Please enter into the record my testimony to the House Finance  
 committee name  
 committee on Senat 177, dated 4-24-96  
 bill/subject:

The original bill was introduced, so people could carry a handgun for self defense.

Instead it became a money making scheme.

ANY PERSON wanting a permit should take a test, and if they fail. They should then have to take a class to get a permit.

As it stands this bill is in violation of our state Constitution.

We appreciate the effort of the people involved, so this will end up as a reasonable system

Room 423  
State Capitol  
Juneau, Alaska 99801-1182

Dear Senator Green:

Attached is written testimony on behalf of SB 177 and HB 338 (Rep. James's bill) to streamline the process of obtaining a permit to carry a concealed weapon, and to provide for realistic restrictions. I have been unable to deliver this, or any other testimony due to job pressures. Please feel free to share this information and use it any way you see fit. I wish you the best in all your endeavors, and especially with the issue of concealed carry permits.

Sincerely,

Leonard Abel, Ph.D.

## Testimony In Support Of CS For SB 177 (STA) And CS For HB 338

I would like to take this opportunity to address the committee in support of CS For SB 177 (STA) and CS for HB 338. I will attempt to state that support briefly, and as dispassionately as possible. I realize that the issue of firearm possession, in general, is a highly controversial and emotional one, and that concealed weapons, in particular, occasion passionate discussion that is heavily laden with fear and misinformation but most frequently devoid of reasoned analysis.

As simply stated as possible, the effect of CS For SB 177 (STA) and CS for HB 338 would be to allow Alaskans more appropriate access to concealed weapon permits, and with a valid concealed weapon permit, to conduct their daily affairs, discretely armed for personal protection, without inappropriate restrictions as to where the weapon can be carried.

When the original legislation allowing concealed weapon permits appeared likely to pass, a number of amendments were quickly offered which made the permit harder to get. The cost of the permit was placed out of the reach of many working people, time limits to process applications were made too long, the training requirements imposed were excessive, and some of the past offenses which would bar a person from ever having a permit went beyond reason. For example, if you were ever convicted of playing your stereo too loud (AS 11.61.110 (a) (1) (2)), or of "mooning" someone (AS 11.61.110 (a) (7)), you would be considered too dangerous to carry a concealed weapon.

These amendments were not added because of a reasoned analysis of the issue of properly controlling access to concealed weapon permits. The amendments were driven by emotion - a fear of guns and anyone who would wish to carry one. The amendments were a deliberate attempt to allow as few permits as possible to be issued, and make the process of obtaining them as difficult as possible.

CS For SB 177 (STA) and CS for HB 338 would correct some of these problems. The cost of the permit is reduced 50%, bringing it in line with the majority of states that have enacted similar statutes, and that are currently in the process of enacting them. Time limits for processing applications have been shortened, and training requirements are streamlined. Annoying your neighbor with loud rock and roll music will no longer bar you from getting a permit, and the senate bill will not bar you because you "mooned" someone.

The 18th Legislature believed that law-abiding Alaskans should be allowed to carry concealed weapons for personal protection. If that assumption is valid, and I believe it is, the restrictions were illogical. If you do not believe that individuals have the right to carry weapons to protect themselves and their families, then the restrictions are something you are likely to support. However, there should be an honest statement that the opposition to the changes brought about through CS For SB 177 (STA) and CS for HB 338 are opposition to guns, and not to the particulars of these bills.

In addition to the restrictions placed on getting a permit, a number of other amendments were also offered by those opposed to concealed carry permits, which placed so many restrictions on

where the concealed weapon could be carried that a permit holder could not conduct a day's business without repeatedly returning to his home or car, removing the weapon from his person, leaving the weapon to conduct one item of business, going back to get the weapon, etc. The point of a concealed weapon for personal protection is to be able to conduct all daily activities with the weapon available, but not as an item of particular concern. You should be able to largely forget that it is there. Within reason, a law-abiding citizen who passes a criminal background check and has a valid permit should be able to go anywhere with the weapon that he could go without the weapon.

I can legally carry ten dollars and my concealed handgun to the supermarket to buy groceries. I am allowed to protect myself in that instance. However, if I am carrying ten thousand dollars to the bank, I have to leave the only reliable means of self protection at home and risk robbery, and worse. I can legally go to Burger King to eat while carrying my concealed handgun. However, I can not go out to eat at Josephine's in Anchorage with that same weapon, because the restaurant sells liquor by the drink, even if I only have coffee with my meal. CS For SB 177 (STA) and CS for HB 338 would change these situations.

I can carry my concealed weapon to my doctor's office, to my barber shop, to the hardware store, and to many other places of business, but I can't drop my kid off at school, pick my wife up at the airport (even if I'm outside the terminal in the passenger loading area), go onto a ferry, or go to Motor Vehicles to renew my car license tags. CS For SB 177 (STA) and CS for HB 338 would also change these situations. These restrictions were placed upon permit holders because those opposed to concealed carry permits believe that anyone carrying a weapon is a danger to society, despite the evidence to the contrary. The belief is that I would become a danger to bank employees and customers if I conducted my banking while armed. There is no data to support that contention. The evidence suggests that permit holders, as a group, commit far fewer crimes of all types than does the general population. A bank customer would be safer entering a bank which had present a dozen customers with permits, and all armed, than he would be with a dozen randomly selected citizens who were not permit holders.

I wish to repeat something I said earlier. The 18th Legislature believed that law-abiding Alaskans should be allowed to carry concealed weapons for personal protection. Even if you do not agree with their decision, that decision is Alaska law. CS For SB 177 (STA) and CS for HB 338 are pieces of legislation that reaffirm the faith that the 18th Legislature had in the wisdom, stability, and maturity of Alaskans to assume responsibility for their own protection and that of their families. That faith is shown in the removal of emotionally-driven restrictions upon that process. If you accept that persons have a basic right to protect themselves and their families, and if you accept the decision of the 18th Legislature that Alaskans who have a valid permit have the right to carry concealed weapons for that purpose, then you will find nothing of concern in CS For SB 177 (STA) and CS for HB 338, and should approve them. If you take the position that guns, and anyone who carries them, are inherently bad, then you will likely be opposed to this legislation, as a general stand against firearms. I hope that you will look logically and unemotionally at the issues. If you do, I trust you will approve CS For SB 177 (STA) and CS for HB 338.

TESTIMONY -TO HOUSE JUDICIARY COMMITTEE ON SB-177, A BILL TO AMEND THE CONCEALED HANDGUN CARRY PERMIT PROVISIONS.

I support SB-177 and I have only the following comments:

1) To legislators who are inclined to dilute or oppose this legislation, please recognize that persons who are granted permits to carry concealed handguns are law abiding Alaskans, citizens who have demonstrated good citizenship in Alaska and elsewhere. The criminal don't care how law addressed concealed handgun carry. Criminals will carry in schools and banks regardless of the law. If intent on murder or other violations they will carry where and when they please, but the licensed carrier would be restricted from protection of loved ones and self in the same places. It is not logical

2) I respectfully submit that it is offensive to those of us who are solid citizens, who support good citizenship and law enforcement are not trusted by elected officials!

3) I urge the House Judiciary Committee to pass SB-177 to the House floor without amendment.

Thank you for accepting this testimony.

Honorable Members :

The major failing of the recently enacted Concealed Carry law is the outrageous cost to obtain a permit. Out of six friends who had planned to apply for a permit only one has done so due to the high cost.

Thank you,

Ref. SB-177 & HB 338 (Concealed Weapon Permit)  
Page 1 of 2

I begin my residency as a young boy back in the days when my father moved my brother and I (then we as three) from California to Alaska in January of 1960. Since those days there has been many changes since we first relocated to this state.

Growing up here created many memories of my youthful early days in Alaska. From attending elementary schools, high school graduation, college days and which inevitably lead me towards the courtship and marriage of my wife and raising a family. My wife and I have four grown daughters and we now enjoy the title of grandparents and godparents too.

My wife and I both have been long time employee's of righteous employer's striving to create a good example for our children and a solid living home environment for our family and friends.

I am interested in endorsing safe and healthy communities for all people who live or visit our great state. This includes (but not limited to), the elimination of fear of violence in the streets, our homes, our work places or any other everyday location(s) we desire to go.

I would like to say the expenses endured to obtain a concealed handgun permit within the State of Alaska would be to the benefit of the holder, providing, the costs were dramatically and immediately reduced. Unfortunately, still as of today, they are quite expensive since the inception of this permit program was implemented into law.

Due to the administrative "red tape" implemented by the individual(s) and /or agency(s) pursuing to maintain a high maintenance cost for processing each application, I fail to see where there is not a sound conclusive way to remodel and reduce the over all inflated process fees.

If we as United States citizens are experiencing everyday downsizing; cut backs; budgetary restraints; tightening up our belts; etc., and therefore are expected by our leaders to "do more with less resources". So why can't this same principle be applied here?

I as well as many others I'm sure are interested in minimizing costs and keeping these on-going law abiding opportunities available to the people of Alaska.

Those who choose to comply with the law and abide by the law, should not be chastised by over zealous expenditures beyond their reach, but, should be rewarded to share the opportunities granted to them by their elected officials as an incentive to reap the benefits and rewards of choosing to reside in the forty ninth state of the United States of America.

Therefore, I support and urge the both of you respectively to seek a more cost effective way to down size and reduce the overall cost of this concealed weapon bill for the benefit of the citizens of the State of Alaska now under reconsideration.

I thank you for this opportunity to speak out and be heard hopefully to have my vote counted in favor of concealed weapon permit application cost reduction fees to and for the people of the State of Alaska.

Respectfully;

COMMENTS (PUBLIC OPINION) REGARDING HOUSE BILL NO.338 and  
SENATE BILL NO.177

Most of the changes to the existing law that these two bills propose are beneficial. The single exception is Section 7.

The current law specifies the NRA-Personal Protection Course or similar approved course. This course includes, along with safety and handling, a section on local and state laws relating to lethal force and the responsibilities of owning and carrying a firearm. This is a necessary part of the course and should not be omitted. The only group of people that might be exempted from this required training would be civilian law enforcement officers. I was trained in the use of military small arms and I have been involved with the training of security guards. Neither training begins to cover the attitude of care and responsibility or legal knowledge necessary for responsible carry of a firearm for personal protection.

The present course requirements should remain as is. The proposed changes in Sec.7 should be omitted from these bills.

Sincerely,

J. David Longacre

Re: SB 177 "An Act Relating to Permits to Carry Concealed Handguns"

Dear Senator Green:

It appears that Senate Bill 177 fails to make provision for former Alaska Peace Officers. These people who have carried a gun in the line of duty have had the training and are certainly qualified to obtain a permit without the necessity of participating in a training course.

May I suggest that Senate Bill 177, Number 6, page 2, be amended as follows:

6. Presentation of evidence of experience with a handgun, equivalent to any of the courses or classes above through participation in organized shooting competition or military service, or having served as a Alaska Peace Officer.

Sincerely,

North Pole, AK 99705

To All Committee Members:

We are writing in support of HB 338 and SB 177 to revise the standards for issuing Concealed Handgun Permits. Three of our biggest obstacles in obtaining a permit to carry has been the one year residency rule, cost for training and permit fees and the time to attend a class. With the proposed revisions all of these obstacles will be deleted. We will focus on these three issues in our written testimony.

We moved to Alaska in Apr of this year. Mike started his residency in Jan 95 while working in Allakaket and Sandy started her residency in Mar 95 when we started the purchase of our home in Palmer. Since that time we have become aware of the increased crime problems in Mountain View and Spenard, as well as the rest of the greater Anchorage area. Mike's work requires flying in and out of Anchorage at all hours of the day and night. This puts Sandy in a potentially dangerous situation when she drives alone without any legal means of defense against carjacking, drive-by shootings or other crimes which could occur. We feel strongly that Alaskan citizens are being penalized solely because we haven't been living in the state for an arbitrary period of time. We would be better served, as Alaskans, to be able to apply for a permit to carry upon obtaining a legal residence, driver's license and registering to vote. The current Handgun Law does not recognize us as Alaskan residents when in fact we are, under the state laws for voting and obtaining a driver's license and vehicle registration.

One of the big costs for a permit to carry is the requirement for fingerprints. According to Senator Lyda Green's staff, Florida has only had 0.01% of the applicants who applied turn out to be ineligible due to previous felony convictions. Florida does not use fingerprints but uses NCIC computers for criminal background checks. This method is cheaper for both the

applicant and the State/Federal government. Another cost, which is a burden, is the fees for firearms self defense instruction. We strongly concur with the revised requirements instead of the present law. As Hunter Safety Instructors for the State of Alaska from 1979 to 1981 we taught over 300 students. These students were taught the Ten Commandments of firearms safety. The most important of which is to only shoot at a clearly identified target which you intend to shoot (paraphrase). This applies to both a hunting environment as well as a self defense situation. The decision to shoot or don't shoot is a decision which cannot be taken lightly under any circumstances. From personal experience as an instructor there were usually 3-4 students in our classes who were taking the course either because their husband had firearms in the house and the wife was uneasy with firearms, or the student had or was purchasing a firearm for self defense purposes. The revised training requirements will reward those who have already taken firearms training courses by not requiring an additional cost. For those who have not had any firearms training these revisions will help in State-wide firearms safety overall, with minimal cost to the applicant.

The time factor in finding a class which does not interfere with work can be a burden. This may be viewed as a minor point of concern by many, but in reality it can be an irritating factor for someone who wants a carry permit. It becomes even more of an irritant to those of us who have life-long training in firearms use (which we could teach or have taught) but are still required to attend a course under the present law .

We agree with all other proposed changes to HB 338 and SB 177 as they currently appear. We appreciate the chance to testify to this hearing and look forward to a better law which will benefit all Alaskans.

TESTIMONY UNDER 3, 1775 - JUDICIAL HOUSE/ SENATE STATE AFFAIRS  
COMMITTEES ON BILLS TO AMEND THE CONCEALED HANDGUN PROVISIONS -  
HB-338/SB177.

I HAVE BEEN A SHOOTER FOR MORE THAN 30 YRS. AND HAVE CONSISTENTLY SUPPORTED RESPONSIBLE FIREARMS OWNERSHIP AND USE. I SUPPORTED PASSAGE OF HB-351 IN 1994. I ALSO SUPPORT CHANGES TO THE EXISTING LAW BASED PRIMARILY UPON ON THE BELIEF THAT PERMITTING IS EXCESSIVELY COSTLY AND TIME CONSUMING.

1. FINGERPRINTING & BACKGROUND CHECKS: I HAVE NO PERSONAL AVERSION TO BEING FINGERPRINTED OF HAVING MY BACKGROUND CHECKED...

A. BACKGROUND CHECKS, AT LEAST PRELIMINARY CHECKS, CAN BE MADE BY ALASKA AUTHORITIES USING THE FBI NATIONAL COMPUTER SYSTEM. FBI EXTRA CHECK MAY NOT BE NECESSARY. CHECKS SHOULD BE LESS COSTLY AND LESS TIME CONSUMING.

B. FBI FINGERPRINT CHECK SHOULD NOT BE STANDARD PRACTICE BEING USED ONLY IF THERE IS COMPELLING REASON TO QUESTION THE VALIDITY OF AN APPLICANT'S RECORD.

C. UNDER NO CIRCUMSTANCES SHOULD A FEDERAL AGENCY BE ADVISED THAT THE REASON FOR ANY INQUIRIES RELATE TO CONCEALED CARRY PERMITTING OR FIREARM USE. IT IS A STATE PERMIT AND NOT FEDERAL. THE FEDERAL GOVERNMENT HAS NO NEED TO KNOW. THE PRACTICE REPRESENTS AN INTRUSION INTO MY PRIVACY. I WAS, AND REMAIN, ANGRY TO FIND THAT MY FBI FINGERPRINT FORM (FD-259) HAD UNDER REASON FINGERPRINTED: "CONCEALED HANDGUN APPLICANT AS 18.65.700"

2. TRAINING: IT IS RECOGNIZED THAT THE PRESENT TRAINING REQUIREMENT (NRA PERSONAL PROTECTION COURSE) IS BOTH EXPENSIVE AND MAY BE DIFFICULT TO SECURE IN SOME AREAS. I'VE TAKEN IT TWICE. IT IS MY OPINION THAT IT IS ENTIRELY ADEQUATE AND TO BE RECOMMENDED. OTHER COURSES MUST STRESS FIREARMS SAFETY AND HANDLING. NO OTHER TRAINING ADDRESSES INDIVIDUAL RESPONSIBILITY WITH RESPECT TO ALASKA LAW AND THE LEGITIMATE USE OF DEADLY FORCE OR PROVIDES DEMONSTRATED SAFE HANDGUN HANDLING OR PROFICIENCY IN HANDGUN USE. THE DEMONSTRATION OF KNOWLEDGE AND ABILITY NEEDS TO BE PRESERVED.

3 RESTRICTIONS ON CARRY: EXCEPT FOR PERHAPS DRINKING ESTABLISHMENTS, ALL PRIVATELY OWNED. ESTABLISHMENTS SHOULD BE OPEN TO A LICENSED CARRIER UNDER ALASKA STATUTE. ONLY BY VERBAL REQUEST BY A PROPRIETOR OR WITH PROPER SIGNAGE SHOULD A CARRIER BE KEPT FROM SUCH ESTABLISHMENTS. THIS SHOULD APPLY AS WELL TO FINANCIAL INSTITUTIONS.

4. RESTRICTIONS ON QUALIFYING FIREARMS: ANY LEGALLY MANUFACTURED MINIATURE HANDGUNS OR "DERRINGERS" SHOULD QUALIFY AS USEABLE FOR CONCEALED HANDGUN CARRY, IF AN INDIVIDUAL HAS DEMONSTRATED THE SAME PROFICIENCY WITH THEM AS OTHER HANDGUNS.

Senator Green & Representative James

I have given considerable thought to your pending legislation. I feel that the intentions of your legislation is in the best interest of all Alaskans.

However, I believe there is a much larger picture that must be looked at.

I believe that the current program has a very distinct advantage. That advantage is the ability to have reciprocity with 10 other states. At this time there are at least 10 states who have or have pending legislation for concealed carry laws. I feel that all Alaskans as well as all Americans would be very well served to have reciprocal concealed carry laws. I believe that to effect this wide spread reciprocity it is necessary to have the utmost integrity in our concealed carry law. I feel that we must maintain as part of our program the FBI fingerprint check, the 4 hour legal requirement, and the NRA certified instructors.

With the high number of Alaskans that travel to other states that have, or are trying to get, concealed carry laws and Alaska visitors from those states, reciprocity should be a very high priority. At this time there are some states who have legislation that makes reciprocity automatic for those states who recognize their permits. I believe that it would be very simple to give reciprocity to any state that as part of their program required the FBI fingerprint check and the 4 hour legal. This reciprocity could be for a maximum of 90 days for visitors. For anyone becoming a resident who has a permit from one of these states that our current renewal procedure could apply.

I believe that the current bill mandates the Dept. of Public Safety to justify the fee currently being charged for the permit. I have seen several changes recently that would indicate to me that they are trying to streamline their operation and thereby be able to lower the cost of the permit and cut down any delays. I feel that some communication between the legislature and the Dept of Public Safety may accomplish more than legislation in this area.

In conclusion I would ask that you give a lot of thought to what it might take to have reciprocity with as many states as possible, and how we might effect this. I would hope that you might agree that this direction might serve Alaskans better than taking a large part of the integrity out of the current program.

Thank You  
  
Robert Wiseman

Revision F 96

Dept. Affected: Public Safety

The effect of this legislation will be to limit the Program Receipts authority to a maximum of \$65 per initial permit. The cost of providing the required background checks, including the processing of fingerprint checks through the FBI and the State of Alaska by the Alaska Criminal Records & Identification Section, is \$59. Under this bill \$6 per permit is all that the AST Permits Section would have available to process the applications. It should also be noted that if the fingerprinting requirement of current application process is eliminated, holders of Alaska Concealed Handgun Permits would no longer be exempted from the Brady Bill requirements.

The level of funding in this bill would reduce the Concealed Handgun staff from the current 1.5 to less than 30% of one position. The level of funding in this bill will not provide for any other costs such as the printing of new permits. This would result in the issuance of permits quickly becoming backlogged and the backlog growing longer as time progresses. AST could not meet the 30 day time limit to issue permits as required in Section 4 (b) of the bill.

The Alaska Concealed Handgun Permitting process was intended to be self-supporting and not to negatively impact the Division of Alaska State Trooper's basic law enforcement function. Accordingly, AST would only be able to process a very limited number of permits utilizing the estimated \$12,378 that are projected to be available from the limited \$6 per application.

On the following page is a financial summary of the impact on the Detachments Component of the AST BRU and upon the Alaska Criminal Records and Identification component of the DPS Statewide Support BRU.

The effect of this legislation will be to limit the Program Receipts authority to a maximum of \$65 per initial permit. The cost of providing the required background checks, including the processing of fingerprint checks through the FBI and the State of Alaska by the Alaska Criminal Records & Identification Section, is \$59. Under this bill \$6 per permit is all that the AST Permits Section would have available to process the applications. It should also be noted that if the fingerprinting requirement of current application process is eliminated, holders of Alaska Concealed Handgun Permits would no longer be exempted from the Brady Bill requirements.

The level of funding in this bill would reduce the Concealed Handgun staff from the current 1.5 to less than 30% of one position. The level of funding in this bill will not provide for any other costs such as the printing of new permits. This would result in the issuance of permits quickly becoming backlogged and the backlog growing longer as time progresses. AST could not meet the 30 day time limit to issue permits as required in Section 4 (b) of the bill.

The Alaska Concealed Handgun Permitting process was intended to be self-supporting and not to negatively impact the Division of Alaska State Trooper's basic law enforcement function. Accordingly, AST would only be able to process a very limited number of permits utilizing the estimated \$12,378 that are projected to be available from the limited \$6 per application.

Discussions with the Alaska Court System, have indicated that if this legislation is implemented in its current form regarding the removal of the prohibition of carrying concealed weapons into court facilities, the Court System will require the presence of Court Services Officers in every court room, at every hearing and trial. This substantial impact upon the budget of the Alaska State Troopers has not yet been calculated and further study needs to be made on this impact.

On the following page is a financial summary of the impact on the Detachments Component of the AST BRU and upon the Alaska Criminal Records and Identification component of the DPS Statewide Support BRU.

The 2/12/96 work draft version for CSSB 177 ( ) amends Alaska's laws concerning concealed handguns to remove many of the existing places from the list of places where a permitted person is prohibited from possessing a deadly weapon, and to loosen existing concealed handgun eligibility, application, and qualification requirements. The bill will not have a fiscal impact on the Department of Law.

CSSB 177 (JUD) amends Alaska's laws concerning concealed handguns to remove many of the existing places from the list of places where a permitted person is prohibited from possessing a deadly weapon, and to loosen existing concealed handgun eligibility, application, and qualification requirements. The bill will not have a fiscal impact on the Department of Law.
