CONCEPTUAL AMENDMENT

TO: CS SB 291 (FIN) Version L

BY: SENATOR LEMAN & WARD

Make the lapse date for Section 6 DEPARTMENT OF NATURAL RESOURCES
reappropriation for Kenai Peninsula wildfire risk reduction June 30, 2004.

JUSTIFICATION: One of the concerns I've heard is that this project needs to be
accomplished timely. The lapse provision under Section 12 is for the life of the project,
meaning (according to drafter George Utermohle) that if it takes the department 20 years
to do the project, then absent another reappropriation of the same money, the project
could continue until completed.

It is likely the department's intent to accomplish this project quickly, and I'd like to
augment that intent with a specific lapse date to ensure the wildfire risk reduction is
accomplished soon.

COMMITTEE SUBSTITUTE FOR SENATE BILL 291 (Fin)

March 27, 2002

An Act making supplemental and other appropriations; amending appropriations; and providing for an effective date

Section 1:

\$6,829.77 GF to the Alaska Court System, Commission on Judicial Conduct for FY 01 legal fees (this is the same amount and funding source as contained in the original SB 291)

Section 2: (Section 2(a) of SB 291)

\$25,000 statutory designated program receipts to the Alaska Science & Technology Foundation for research contracts (this is the same amount and funding source as contained in the original SB 291)

Section 3: (Section 3 of SB 291)

\$172,200 GF to the Department of Corrections to replace failed water well and pump at the Palmer Correctional Center (the funding source was changed from Northern Tobacco Securitization Fund earnings to general fund; the requested amount remains unchanged)

Section 4: (Section 4(a) of SB 291)

Medicaid Services: The total amount requested is included in the supplemental; however, the allocation of funds was changed from the original SB 291 as follows:

General Fund:	\$4,570,000 GF (down from \$12,710,000 in SB 291);
Federal Funds:	\$114,760,500 (up from \$106,618,000 in SB 291);
Statutory Designated Program Receipts:	\$23,903,300 SDPR (same as requested in SB 291)

The general fund amount represents the actual general fund match used to pay FY 01 claims. The balance of the GF in the original SB 291 was an estimate of the match required for the rest of FY 02. The department is working on strategies to reduce the required GF match and a lower amount may be possible. The total amount of spending authority covers provider claims and allows the department to initiate the "fair share" program for FY 02.

Section 5:

\$1,438,500 GF to the Alaska Marine Highway System Fund (this is one-half of the amount requested in SB 291)

Section 6 (Section 7 of SB 291)

Reappropriation of \$310,100 from the Kalgin Island II, Caribou Hills, South Ninilchik-Dome View and South Ninilchick Block timber sales in the Kenai Peninsula now to be used for Kenai Peninsula Wildfire Risk.

Section 7 (Section 8 of SB 291)

\$25,000 to the Office of the Governor, Division of Elections for costs of statewide primary official election pamphlets.

Section 8 (Section 9(a) of SB 291)

Appropriates 3.5% of the PCE Endowment balance as of 2/1/01 for the FY 02 PCE program, approximately \$3,531,100. (This is one-half of what was in SB 291).

Section 9(a)(1) – 9(a)(4) (Section 10(a)(1) – 10(a)(4) of SB 291)

\$267,200 GF to pay for rental space and other costs for four DOT&PF maintenance stations (these sections are the same as contained in the original SB 291)

Section 10

\$2,000,000 GF to the Department of Community and Economic Development to be used as a grant to the Alaska Travel Industry Association for marketing efforts to mitigate the economic effects from the September 11, 2001 terrorist attacks.

Section 11(a)

Appropriates \$800,000 University Receipts (Natural Resources Fund) for the Lena Point Fisheries & Ocean Sciences Facility (this is the same as contained in the original SB 291)

Section 11(b)

Renames the scope of the U of A Biomedical Facilities/Classroom Renovations/Housing Safety Upgrades/Pool Replacement to include HVAC Piping Replacement Phases 1-4 (this is the same as contained in the original SB 291)

Section 12

Specifies that the appropriations to the Marine Highway System Fund (Section 5) and the Power Cost Equalization Fund (Section 8) are fund capitalizations and do not lapse.

Specifies that the appropriations to the Department of Corrections (Section 3), Natural Resources (Section 6) and University (Section 10(a)) are for capital projects and lapse under AS 37.25.020.

General Funds = \$8,479,700 (down from \$19,848,400 in SB 291)

Federal Funds = \$114,760,500 (up from \$106,618,000 in SB 291)

Other Funds = \$28,259,400 (down from \$33,289,100 in SB 291)

SB 291 Sections Deleted from Committee Substitute

- **Section 2(b):** \$234,000 GF to the Division of International Trade & Development to replace unrealized earnings.
- **Section 4(b):** \$2,529,600 GF for subsidized adoptions and guardianship. This request will be considered with the foster care request contained in SB 292. Subsidized adoptions are funded in the same BRU as Foster care and the BRU has sufficient funds to allow the department to cover subsidized adoptions until the regular supplemental is passed.
- **Section 6:** \$100,000 GF to DMV&A for disaster planning and control. During last year's budget discussion, the department stated the division could operate 7/24/365 with the \$200,000 it received and that if additional funds were needed the shortfall could be made up from excess dollars within the BRU.
- **Section 9(b) and 9(c):** \$1,100,000 to pay PCE in full for the balance of FY 02.
- **Section 9(d):** Reduces PCE's FY 02 authorization by \$56,800 and appropriates the same amount to pay FY01 unpaid grant obligations.
- **Section 10(b):** \$456,800 of Bond Earnings from the Northern Tobacco Securitization Corporation for design costs of the Chandalar maintenance station. The project is anticipated to cost \$3,895,200 GF and \$840,000 FAA federal funding in addition to the design costs. This year's capital budget has \$1,000,000 for Chandalar snow removal equipment and building replacement. The back-up for the project references further funding in SB 262, which requires certificate of participation legislation to be passed. Given the lack of requested funding for the remainder of the project, this doesn't appear to be a fast-track need.
- **Section 10(e):** Project scope change from West Douglas Highway Extension to Gastineau Channel Second Crossing

**Session 2002 – Supplemental Budget Issues
For AEA**

#	ISSUE	COMMENTS	UP-DATED
1	PCE FY 2001 - \$56,751.06	Due the increased cost of fuel oil during FY2001, AEA estimated a pro rata reduction of the Power Cost Equalization Program. Based on this estimate, a 26% reduction was enacted in June of 2001; however, AEA was unable to make payment on \$56,751 worth of grant obligations. This request will allow the program to make payment on its final FY2001 obligations. Failure to pass this supplemental request means that AEA will not meet its FY2001 obligations. AEA's pro rata reduction for FY2002 accounts for this FY2001 requirement, but without approval of this supplemental the required obligations for FY2001 will remain unpaid. This supplemental needs an immediate effective date in order to resolve the inequity.	2/12/02
2	PCE FY 2002 – Endowment \$7,062 million	In SLA 2000, Chapter 60 was passed which dealt with various energy funds and the sale of the 4 Dam pool. Sec 14 provided for funding to be appropriated from the newly created Power Cost Equalization Endowment Fund. However, this was inadvertently missed during the FY 2002 budget process. The capitalization of the fund is required to support the FY2002 PCE program's appropriation, and this supplemental request corrects that oversight. Failure to pass this supplemental request will result in a shortfall in the PCE fund and the program's inability to fully meet its remaining FY 2002 obligations estimated to be \$8.7 million. This supplemental needs an immediate effective date because of the pending fund shortfall.	2/12/02
3	PCE FY 2002 – \$1.1 million	With the continued high cost of fuel in rural areas, the Power Cost Equalization Program has been unable to fully meet its obligations throughout FY 2002. As a result, the PCE program has prorated its obligations to the utilities. This appropriation to the fund, combined with the request for increased authorization, will allow the program to fully meet the anticipated FY 2002 obligations for the period of March to June 2002. Failure to pass this supplemental request will result in continued proration of the program for the remainder of FY 2002. This supplemental needs a March 1, 2002, effective date in order to prevent proration to continue from March to June.	2/12/02
4	PCE FY 2001 – 23.0 FY 2002 – 86.1	Dept. of Revenue mgmt fee is incorrectly funded by the PCE fund; correction requested to have it paid from the Endowment	2/12/02
5	PPF Capitalization of fund - \$4.9 million	The Denali Commission has approved \$4,900,000 in loans that are to be issued through the Power Project Fund. Loans would be made for projects selected for financing under the Alaska Energy Cost Reduction Program. A recent solicitation under the Program resulted in identifying 15 cost-effective hydroelectric, heat recovery, electrical line extension, and diesel efficiency projects. This supplemental request allows the power project fund to receive the federal funding and grant the loans. The effective date for this supplemental request is May 1, 2002.	2/12/02
