**Spending Limit – Proposal to the House  
Based on CSHJR 9 (FIN) am**

**Sectional Analysis**

**Section 1. Article IX, Appropriation Limit**

Repeals and replaces the existing Appropriation Limit in Article IX, Section 16 of the Alaska Constitution with the following:

(a) Establishes a moving three-year average as the base for the application of the limit. The intent is to smooth out year-to-year variations to provide a more predictable limit for long-range planning.

The base is tied to actual appropriations, which are generally available two years prior to the fiscal year being considered. Thus the moving average is based on the earliest three of the previous four fiscal years. Each year's limit is computed separately from the previous year limit.

(1) The rate of allowable annual change in the limit is determined by adding the two variables (inflation plus population growth) multiplied by 0.75.

(A) Establishes the average of the Anchorage Consumer Price Index (CPI) as one of the variables for determining the annual change in the spending. Like the base, the CPI used is a three-year average derived from the calendar years corresponding to the fiscal years upon which the base is determined.

(B) Sets the second variable in calculating the change in the spending limit as the average rate of annual population change for the same calendar years as the CPI variable.

(2) Further restricts the rate of allowable change in the limit to be not more than annual growth in personal incomes of state residents.

(b) Provides that the Legislature will implement by law the limit's calculation stipulated in (a).

(c) Allows the limit to be exceeded by:

- Up to two percent through an affirmative vote of two thirds of the members of each house of the legislature; and
- Up to four percent with a three-fourths vote.

- (d) Allows certain appropriations to remain exempt from the base limit calculation:
  - (1) appropriations to the Permanent Fund
  - (2) appropriations of Permanent Fund dividends
  - (3) appropriations for a natural disaster declared by the Governor
  - (4) duplicated expenditures
  - (5) GO and revenue bond proceeds and capital lease financing proceeds
  - (6) GO and revenue bond debt service and capital lease finance obligations
  - (7) federal funds
  - (8) reappropriations
  - (9) reimbursable services agreements and interagency transfers
  - (10) monies held in trust
  - (11) University of Alaska tuition receipts
  - (12) gifts, grants, bequests or contracts
  - (13) deposits to the CBR and reverse sweep of GF accounts
  - (14) dedicated funds
  
- (e) Excludes from the limit's calculation the amount by which the limit was overridden by a supermajority of the legislature as provided in Section 1, Subsection 2 (c) above.

**Section 2. Amends Article XV. Schedule of Transitional Measures.**

- (a) Specifies that the constitutional limit first applies to FY 2006 appropriations and establishes artificial base year limits of \$3.3 billion in FY 04 and \$3.4 billion in FY 05 to feed into the 3 year average for purposes of calculating the FY 06 appropriation limit.
  
- (b) Sets a July 1, 2009 sunset date for the amendment.

**Section 3.**

Provides for the amendment to go before voters in the 2004 general election.

**Spending Limit – Proposal to the Senate  
Based on SCS CSHJR 9 (FIN) (fld S)**

**Sectional Analysis**

**Section 1. Article IX, Appropriation Limit**

Repeals and replaces the existing Appropriation Limit in Article IX, Section 16 of the Alaska Constitution with the following:

*Provides a "no ratchet-down" clause that stipulates if the calculated appropriation limit is less than the previous years' appropriation level, the default limit will be the previous year's appropriation level.*

- (c) Allows the limit to be exceeded by:

STATE OF ALASKA  
OFFICE OF THE GOVERNOR  
JUNEAU

June 21, 2004

The Honorable Gene Therriault  
President of the Senate  
Alaska State Legislature  
State Capitol, Room 111  
Juneau, AK 99801-1182

Dear President Therriault:

Under the authority of article III, section 18, of the Alaska Constitution, I am transmitting a resolution relating to an appropriation or "spending" limit. This resolution gives voters the chance to directly voice their opinion on a spending limit at the ballot box. A spending limit is an integral part of the transition to a long-range fiscal plan for Alaska.

I have used as a model for this resolution the final Senate version of House Joint Resolution 9 (HJR 9), which was rejected by the Senate during the last regular session of the Legislature (SCS CS HJR 9(FIN)(fld S)). This joint resolution differs from SCS CS HJR 9(FIN)(fld S) in that it contains some technical changes that were recommended by the Department of Law. In the list of appropriations excluded from the appropriation limit, references to "state lease debt" have been changed to "capital leases" to more accurately reflect the description of these obligations in governmental accounting. Other technical language changes were made to more clearly provide that the "excluded" appropriations are to be excluded from the appropriation limit itself as well as from calculation of the appropriation limit.

The resolution presents the public with the opportunity to approve a spending limit with "teeth" in it. If approved by the Legislature and passed by the voters, it will control government spending. A leaner and more efficient state government will be produced. Passage of the resolution sends the signal the Legislature has heard the public's message and will allow Alaskans to vote on the issue.

SR 3 honors Senator Frank R. Ferguson and resolves that a commemorative panel be established outside the Senate Finance Committee Room for the listing of Senators who are specially recognized by the Alaska State Senate for the value of their contributions to the Alaska State Legislature. The purchase of the panel will be absorbed within existing budgets. This legislation has zero fiscal impact on the Legislative Affairs Agency.

**Rule 49. Resolutions.** (a) The only type of instrument other than a bill or citation authorized under these Uniform Rules is a resolution. The types and uses of resolutions are as follows:

(1) A simple resolution is a formalized motion passed by one house only and bearing the heading "House Resolution" or "Senate Resolution". It may be used to express the will, wish, view, opinion, sympathy, or request of the house adopting it. The simple resolution shall be used to establish a special committee. It does not require committee referral, three readings, or a roll call vote. Approval of a simple resolution requires a majority vote of the full membership of the house.

(2) A special resolution headed "House Special Resolution" or "Senate Special Resolution" is used only for the purpose of expelling a member under provisions of Sec. 12, Art. II, of the State Constitution. The special resolution requires a referral to the Rules Committee, three readings, and a two-thirds vote of the full membership of the house for approval.

(3) A concurrent resolution is similar to the simple resolution but reflects the will, wish, view or decision of both houses speaking concurrently. It is used particularly to handle the internal business of the legislature, e.g., adjournment of the legislature, suspension and amendment of the Uniform Rules, requesting action of executive agencies and interim committees, and fixing the time and place for joint assemblies. This resolution is also used for establishing joint committees. This resolution does not require committee referral, three readings, or anything other than approval of a majority vote of the full membership of each house unless otherwise required by the rules.

(4) A special concurrent resolution is employed to consider disapproval of an executive order of the governor laid before the legislature under provisions of Sec. 23, Art. III, of the State Constitution. This resolution must be considered by a standing committee of each house and may be adopted by a majority vote of the full membership of the legislature in joint session without recourse to three readings.

(5) A joint resolution is the most formal type of resolution and is adopted by both houses and then signed by the governor as a ministerial formality. The joint resolution is treated in all respects as a bill but it is not subject to veto. It is usually reserved for addressees outside the state. This resolution is used mainly to express the view or wish of the legislature to the President, the Congress or agencies of the United States Government or the governments of other states. It is required for proposing or ratifying amendments to the U. S. Constitution, proposing amendments to the State Constitution under provisions of Sec. 1, Art. XIII, of the State Constitution, and for disapproval of local government boundary changes recommended by the Local Boundary Commission under provisions of Sec. 12, Art. X, of the State Constitution. Approval of a joint resolution requires a majority vote of the full membership of each house.

(b) All resolutions passed by one or both houses are sent to the governor as a matter of information and for permanent filing with the lieutenant governor. The lieutenant governor sends enrolled copies of joint resolutions to the federal and other state officers, agencies and jurisdictions. The transmittal of copies of all other resolutions to designated addressees is the responsibility of the Legislative Affairs Agency.

**Editor's notes.** — This rule was amended by 2001 Legislative Resolve No. 17 (SCS HCR 5/STA), effective April 4, 2001.

**Rule 50. Legislative Citations.** (a) The appropriate instrument for expressing commendation, condolences, appreciation or congratulations to an individual or a group, or to recognize a particular event or occasion, is a "Legislative Citation" approved by both houses. The contents of the citation expressing the sentiment of the legislature will be typed on a special presentation form suitable for framing and bear the signature of the presiding officers.

#### SR 3. Commemorating Senator Ferguson and Other Senators

I introduced SR 3 for two purposes. Senator Ferguson passed away this summer and is revered in the district as one of the state's most skilled legislators. The principal purpose of SR 3 is to give some recognition of Senator Ferguson and his contributions to the state and its citizens.

The second purpose acknowledges that the usual practice of naming committee rooms or other places in the capitol building is limited. The resolution requests that a large plaque be placed in the capitol where Senator Ferguson's name will appear and the names of other distinguished senators can be added in the future.
