The following materials were delivered to the Legislative Reference Library in the Fall of 1983 by the staff of Senator Bettye Fahrenkamp. These files are the result of a periodic "weeding" by staff of oil and gas committee ongoing files. Please refer to SCOMM #13 and SCOMM #14 for previous files on this subject. Also, a history of committees dealing with oil and gas is included with this information folder.

Tapes of some committee hearings are available.
