Sec. 29.53.095. Reevaluation. A systematic reevaluation of taxable real and personal property undertaken by the assessor, whether of specific areas in which real property is located or of specific classes of real or personal property to be assessed, shall be made only in accordance with a resolution or other act of the assembly directing a systematic reevaluation of all taxable property within the borough over the shortest period of time practicable, as determined by the assembly and fixed in the resolution or other act of the assembly. (§ 2 ch 118 SLA 1972)

Sec. 29.53.100. Assessment roll. (a) The assessor shall prepare an annual assessment roll. The roll contains

- (1) a description of all taxable property;
- (2) the assessed value of all taxable property;
- (3) the names and addresses of persons with property subject to assessment and taxation.

(b) The assessor may list real property by any description that may be made certain. Real property is assessed to the owner of record as shown in the records of the district recorder, who shall at least monthly provide the assessor a copy of each recorded change of ownership showing the name and mailing address of the owner and the name and mailing address of the party recording the change of ownership. Other persons having an interest in the property may be listed on the assessment records with the owner. The person in whose name property is listed as owner is conclusively presumed to be the legal owner of record. If the property owner is unknown, the property may be assessed to "unknown owner." No assessment is invalidated by a mistake, omission or error in the name of the owner, if the property is correctly described.

EXPLANATION

As entitlements have been determined for all municipalities and volunteer fire departments participating in the FY 79 State Revenue Sharing Program, the Department is in a better position to estimate grant monies needed to fully fund the FY 80 Program.

The impact of the alternative method of making construction aid payments (5% of the construction cost if it is higher than \$2,500 per bed) was not fully anticipated when projections were made for the FY 79 Program. The \$634.9 needed in addition to restoration of the vetoed \$1,743.0 can be exclusively attributed to payments made under the 5% method. For example, the Municipality of Anchorage would have received approximately \$947,500 under the \$2,500 per bed method. At 5% of the construction cost, the FY 79 construction aid entitlement for Anchorage was \$1,959,543.

Five cities and volunteer fire departments did not meet the November 1, 1978 deadline for submission of revenue sharing applications. These applicants will be eligible for the FY 80 Program, and it is certain that all or most of them will meet the FY 80 reporting deadline.

Although Statewide projections of Alaska's population do not show any increase, there is movement within the State, as evidenced by special censuses conducted by the U. S. Census Bureau. This means that those communities experiencing growth will request a population increase, while those that may actually decline will not show any decrease. Unless a special census is conducted by the U. S. Census Bureau, we cannot arbitrarily reduce the populations of communities where we think there has been a decline. Generally, our population figures are higher than those prepared by other sources. By requiring detailed estimates from applicants, it is believed we can keep increases to a minimum; and, as a result, provide more accurate estimates of the populations in Alaskan municipalities.

Beginning January 1, 1979, Anchorage extended Police Protection to Eagle River and Chugiak. This in itself entitles the Municipality to approximately \$180,000 in additional State shared revenue in FY 80. The City and Borough of Juneau is planning to build an alcoholism treatment facility and will probably be receiving \$35,000 for construction aid. The Boroughs continue to create new Fire Service Areas and most municipalities are continually increasing road maintenance mileage. An approximate breakdown of service increases follows:

\$180.0	Police Protection for Municipality of Anchorage
166.4	New Road Mileage @ Current Rate
50.0	New Fire Service Areas
86.8	Various increases in services by all classes of cities including Land Use Planning, Water Pollution Control, Health Facilities, etc.
35.0	Construction Aid for City & Borough of Juneau
<u>\$518.2</u>	

Participation in the State Revenue Sharing Program increases every year. It is the Department's goal that every eligible applicant participate in this program. Approximately 20 volunteer fire departments and 19 municipalities did not participate this year. It is anticipated that half of these will participate in the FY 80 Program. The populations of these applicants are generally low and few services are being provided by the cities. A breakdown of this request is:

10 VFD's @ \$500 ea.	= \$ 5,000
10 Cities @ \$5,000 ea.	= <u>\$50,000</u>
	<u>\$55,000</u>

The implications of the new definition of "total project cost" are difficult to evaluate at this point. However, it appears that construction aid payments would increase substantially and possibly even double. In fact, \$2,373.8 is the total amount currently being paid to the major recipients of construction aid. Doubling current payments is the best estimate the Department can provide at this time. If this costly definition were repealed by July 1, 1979, \$2,373.8 should be deleted from the agency's request. If the expanded definition is not repealed and no funds are appropriated to cover it, all municipalities and volunteer fire departments will be paying a portion of hospital construction costs in Anchorage and Fairbanks through a low proration factor.

HB 919 has been adequately planned for by restoring the vetoed amount and adding \$634.9 to arrive at full funding for FY 79.

Chapter 18. State Aid to Local Governments.

Article

2. Aid for School Construction (§§ 43.18.100 — 43.18.135)

Article 1. Aid for Miscellaneous Municipal Purposes.

Section

- 10. State aid to local governments
- 20. Local tax levy reduction

Sec. 43.18.010. State aid to local governments.

(j) If construction of a facility began after January 1, 1968 and state matching aid for construction approved for payment to the local government or other facility sponsor constitutes less than 25 per cent of the total project cost, the state shall pay to the local government or other facility sponsor each fiscal year a sum equal to \$2,500 a bed for the maximum number of beds provided for in the construction design of the facility or five per cent of the total project cost, whichever is greater. State aid provided for in this subsection shall continue until the local government or other facility sponsor has received an amount which, combined with state matching money for construction of the facility, equals 25 per cent of the total project cost. No funds received for construction shall be used for any other purpose.

(k) A city or borough may not receive state shared revenue based on the population residing on that portion of a military reservation annexed to a city or borough after January 1, 1973, except as provided in this subsection. If a military reservation is located within a city or borough, the city or borough is limited in its entitlement to state shared revenue, based on the population residing on the reservation, as follows: 50 per cent of the amount paid per capita for police protection under (a)(1) of this section; 25 per cent of the amount paid per capita for parks and recreation under (a)(5) of this section; and 50 per cent of the amount paid per capita for transportation facilities or services under (a)(6) of this section.

(l) For the purposes of (j) of this section, "total project cost" includes, in addition to costs directly related to the project, the sum total of all costs of financing and carrying out the project. These include, but are not limited to, the costs of all necessary studies, surveys, plans and specifications, architectural, engineering or other special services, acquisition of real property, site preparation and development, purchase, construction, reconstruction and improvement of real property and the acquisition of machinery and equipment as may be necessary in connection with the project; an allocable portion of the administrative

Effect of amendments.

The first 1978 amendment added subsection (l).

The second 1978 amendment, effective July 1, 1978, added "or five per cent of the total project cost, whichever is greater" to the end of the first sentence of subsection (j).

As the rest of the section was not affected by the amendment, it is not set out.

Editor's note. — Subsection (k) is set out above to correct a typographical error in the main pamphlet.

Sec. 43.18.030. Local tax levy reduction. (a) The intent of §§ 10—100 of this chapter in authorizing state aid for educational purposes and municipal services is that municipalities which levy taxes reduce those levies in reasonable proportion to the amount of state aid received by the municipality for a given fiscal year.

(b) If the municipality levies and collects real or personal property taxes, the governing body shall furnish the following notice with tax statements mailed for the fiscal year for which aid is received under AS 14.17 and §§ 10—100 of this chapter:

"NOTICE TO TAXPAYER

(C) a hospital may not receive payment under both (A) and (B) of this paragraph;

(3) \$1,000 per bed to an organized borough or city outside an organized borough in which a health facility is operated for each bed actually used for patient care, limited to the number of beds provided for in the construction design of the health facility, or \$4,000 per health facility as the local government may determine;

(4) funds received by a municipality under (1) or (3) of this subsection shall be used for expenses of health services or operation and maintenance of facilities as the municipality determines;

(5) before funds may be distributed under this subsection, the commissioner of health and social services shall certify to the distributing agency that any accumulation of assets by non-profit corporations or other recipients under this subsection are dedicated irrevocably to a public purpose.

(i) In (h) and (j) of this section

(1) "hospital" means a licensed hospital determined by the Department of Health and Social Services to be a general hospital; the term excludes facilities operated or wholly supported by the state or the federal government;

(2) "health facility" means public health centers, maternity homes and community mental health centers, facilities for the mentally or physically handicapped, nursing homes and convalescent centers which are licensed, when required, by the state under AS 18.20.010 - 18.20.130 and are owned or operated or both by a local government or by a non-profit corporation or other non-profit sponsor; the term excludes facilities operated or wholly supported by the state or the federal government.

(j) If construction of a facility began after January 1, 1968 and state matching aid for construction approved for payment to the local government or other facility sponsor constitutes less than 25 percent of the total project cost, the state shall pay to the local government or other facility sponsor each fiscal year a sum equal to \$2,500 a bed for the maximum number of beds provided for in the construction design of the facility. State aid provided for in this subsection shall continue until the local government or other facility sponsor has received an amount which, combined with state matching money for construction of the facility, equals 25 percent of the total project cost. No funds received for construction shall be used for any other purpose.

(k) A city or borough may not receive state shared revenue based on the population residing on that portion of a military reservation annexed to a city or borough after January 1, 1973, except as provided in this subsection. If a military reservation is located within a city or borough, the city or borough is limited in its entitlement to state shared revenue, based on the population residing on the reservation, as follows: 50 percent of the amount paid per capita for police protection under (a) (1) of this section; 25 percent of the amount paid per capita for parks and recreation under (a) (5) of this section; and 50 percent of the amount paid per capita for transportation facilities or services under (a) (6) of this section.

Sec. 43.18.012. AREA COST-OF-LIVING DIFFERENTIAL. (a) State payments to a city or an organized borough or to an unorganized borough volunteer fire department under sec. 10 of this chapter shall reflect area cost-of-living differentials. Amounts distributed shall be based upon the sum of per capita, per mile and per bed or facility grants due each city or organized borough or volunteer fire department multiplied by the appropriate area cost-of-living differential. The area cost-of-living differential for each city and organized borough or volunteer fire department shall be determined annually by election district under the provisions of AS 39.27.030; however, the area cost-of-living differential to be applied shall not result in an amount to be distributed less than the base allocation.

(b) The election districts used in (a) of this section are those designated by the proclamation of reapportionment and redistricting of December 7, 1961, and retained for the house of representatives by proclamation of the governor, September 3, 1965.

Sec. 43.18.020. CONSTRUCTION AND IMPLEMENTATION OF CHAPTER. (a) This chapter may not be construed so as to create a debt of the state.

(b) The special municipal services account is established. Funds to carry out the provisions of sec. 10 of this chapter may be appropriated annually by the legislature to the account. If amounts in the account are insufficient for the purpose of each local government's or other recipient's share authorized under sec. 10 of this chapter, such funds as are available shall be distributed pro rata among eligible local governments and other recipients.

(c) Money in the special municipal services account which, at the end of the fiscal year for which the money is appropriated, exceeds the amount required for the allocations authorized in this chapter reverts to the general fund.

Sec. 43.18.030. LOCAL TAX LEVY REDUCTION. (a) The intent of this chapter in authorizing state aid for municipal purposes is that local governments which levy property taxes reduce those levies in reasonable proportion to the amount of state aid received by a local government for a given fiscal year.

(b) The governing body shall furnish the following notice with tax statements mailed for the fiscal year for which aid is received under this chapter:

"NOTICE TO TAXPAYER

For the current fiscal year the (city) (borough) has been allocated the following amount of state aid for school and municipal purposes under the Public School Foundation Program (Alaska Statutes 14.17) and the revenue-sharing provisions of Alaska Statutes 43.18:

SCHOOL AID	\$
AID BASED ON MUNICIPAL SERVICES FURNISHED (fire protection, police protection, air or water pollution control, land use planning, road main- tenance, parks and recreation, transportation facilities and services, hospital operation)	\$
TOTAL AID	\$

The millage equivalent of this state aid, based on the present dollar value of a mill in the municipality, is _____ mills."

Sec. 43.18.040. REGULATIONS. The Department of Community and Regional Affairs shall adopt regulations necessary to carry out the purposes of secs. 10 - 99 of this chapter. The regulations shall include minimum standards required to qualify a municipality for grants for each service and provisions for a performance report adequate to demonstrate to the department that each service for which credit

was allowed was actually performed by the municipality, at least at the prescribed minimum level.

Sec. 43.18.045. UNIFICATION, MERGER OR CONSOLIDATION OF MUNICIPALITIES. If a borough and the cities within the borough merge, consolidate or unify in accordance with AS 29.68, the amount of revenue sharing to which the successor municipality is entitled shall be computed for the first year and each year thereafter as if the merger, consolidation or unification had not occurred, and the successor municipality shall receive not less than the amount so computed.

2 HOUSE BILL NO. 192

3 IN THE LEGISLATURE OF THE STATE OF ALASKA

4 ELEVENTH LEGISLATURE - FIRST SESSION

5 A BILL

6 For an Act entitled: "An Act providing for equalization of the tax resources
7 of municipalities, continuing a portion of the program
8 of state aid for municipal purposes, and providing for
9 minimum entitlements; and providing for an effective
10 date."

11 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

12 * Section 1. PURPOSE. It is the purpose of this Act to

13 (1) improve the revenue raising and distribution system for the
14 benefit of residents of home rule and general law municipalities by providing
15 for more equitable allocation of financial resources among municipalities to
16 improve their fiscal capacities; and

17 (2) assure that no municipality suffers impoverishment of neces-
18 sary public services, relative to other municipalities, because of the chance
19 location of taxable wealth in the state.

20 * Sec. 2. AS 29 is amended by adding a new chapter to read:

21 CHAPTER 88. MUNICIPAL TAX RESOURCE EQUALIZATION.

22 Sec. 29.88.010. STATE EQUALIZATION OF TAX RESOURCES FOR LOCAL
23 GOVERNMENT SERVICES. (a) During each fiscal year the state shall
24 compute an equalization entitle ment for local government services pro-
25 vided by a taxing unit.

26 (b) The equalization entitlement computed for each taxing unit is
27 based on the population, relative ability to generate revenue, and local
28 tax burden of the taxing unit and is determined by the application of
29 the formula

1 Entitlement = P x R

2 where P = population, and

3 R = millage rate equivalent, determined by dividing the
4 sum of the locally generated revenue of the taxing unit by one-tenth
5 of one per cent (0.1) of the full and true value of assessed property
6 of the taxing unit determined under AS 29.88.020(d); however, the pro-
7 perty value used under this subsection may not be less than 15 per cent
8 of the statewide average per capita full and true assessed property
9 value.

10 (c) For purposes of this section, locally generated revenue

11 (1) includes,

12 (A) the actual revenue derived from the levy and collec-
13 tion of local taxes in the taxing unit for local government ser-
14 vices during the preceding fiscal year of the taxing unit;

15 (B) motor vehicle payments received by the municipality
16 during the preceding fiscal year under AS 28.10.431;

17 (C) revenue from fees, rentals, leases, penalties,
18 licenses or permits received during the preceding fiscal year by
19 the municipality for a function or service over which it has con-
20 trol, including revenues derived from parks and recreation ser-
21 vices, mass transit, offstreet parking, and garbage and solid waste
22 disposal services; and

23 (D) special assessments received during the preceding
24 fiscal year;

25 (2) excludes,

26 (A) revenue derived from the levy and collection of
27 municipal taxes and appropriated for the operating expenses and
28 debt service of utilities;

29 (B) revenue from interest earned on investments and from

1 the sale and lease of land or equipment; and

2 (C) all other revenue from whatever service derived.

3 Sec. 29.88.015. DETERMINATION OF POPULATION. (a) For purposes of
4 this chapter, the population of a taxing unit shall be determined annu-
5 ally by the latest figures of the United States Bureau of the Census or
6 other population data which, in the judgment of the department, is
7 reliable.

8 (b) The population of the taxing unit includes the population of
9 any military reservation which is a part of the taxing unit.

10 Sec. 29.88.020. DETERMINATION OF MILLAGE RATE EQUIVALENT. (a)
11 The department may require a municipality to return a certification,
12 signed by the municipal treasurer or manager and the mayor, which pro-
13 vides an estimate of the locally generated revenue received by the
14 municipality during the preceding fiscal year.

15 (b) Not later than October 15 of each year, the department shall
16 make an initial determination of the millage rate equivalent of each
17 taxing unit which will be used as the basis for computation and distri-
18 bution of equalization entitlements for the fiscal year under this
19 chapter. The department shall make the determinations based upon the
20 certification returned by the municipality under (a) of this section.

21 (c) At the earliest possible date, but not later than December 15
22 of each year, the department shall make a final determination of the
23 millage rate equivalent of each taxing unit which will be used as the
24 basis for computation and distribution of equalization entitlements
25 under this chapter. The department shall make the determinations based
26 upon all audits, financial statements and other financial reports pre-
27 pared and submitted by the municipality. The department shall adjust to
28 the locally generated revenue reported by municipalities to exclude the
29 portion of the municipal revenue-generating effort claimed by the muni-

1 ciproality which does not qualify for inclusion in or recognition as
2 locally generated revenue for local government purposes under AS 29.88.-
3 010(c)(1). The adjustment shall be made by deducting an amount equal to
4 the department's estimate of revenue which is not recognized for those
5 purposes.

6 (d) The full and true assessed property value shall be determined
7 by the department in the manner provided for the computation of state
8 aid to education under AS 14.17.140. In addition to the computation for
9 municipalities which levy and collect a property tax, the department
10 shall determine an estimated full and true assessed property value for

11 (1) each municipality which is a school district and which
12 does not levy and collect a property tax; and

13 (2) each second class city in which the population of the
14 city equals or exceeds 750 persons; however, a computation may not be
15 required under this paragraph more often than once during a period of
16 three successive calendar years; and

17 (3) all other second class cities, by determining the average
18 per capita full and true assessed property value of all cities having a
19 population of less than 750 in which an assessment is completed by a
20 municipality or for which a determination is not made under (1) or (2)
21 of this subsection.

22 (e) The department shall annually compute a statewide average per
23 capita full and true assessed property value.

24 Sec. 29.88.025. REPORTS. No payment may be made to a municipality
25 under AS 29.88 until the municipality has first submitted its certifi-
26 cate of estimated revenue and its financial report to the department for
27 the fiscal year preceding the year for which the equalization entitle-
28 ment is sought, together with a budget for the municipality's current
29 fiscal year. The financial report shall include a listing of general

1 revenue collected from taxes levied and assessed by the municipality and
2 any other revenue which, in the opinion of the municipal officials, is
3 eligible for inclusion in computations of the locally-generated revenue
4 of the taxing unit.

5 Sec. 29.88.030. LIMITATION ON COMPUTATION AND USE OF PAYMENTS.

6 (a) An equalization entitlement generated by the general tax levy of a
7 taxing unit may be expended only for legally authorized expenditures of
8 that taxing unit, but up to 15 per cent of the payment of an equaliza-
9 tion entitlement determined with reference to the areawide locally-
10 generated revenue of a municipality may be expended by the municipality
11 at the discretion of its assembly or council.

12 (b) An equalization entitlement determined with reference to
13 revenue other than revenue obtained from the levy and collection of
14 taxes may be used for areawide or nonareawide purposes, at the discre-
15 tion of the assembly or council.

16 Sec. 29.88.035. TAX EQUALIZATION ACCOUNT. The tax equalization
17 account is established. Funds to carry out the provisions of this
18 chapter shall be allocated by the department to the account. The amount
19 allocated to the account shall be fully distributed by the department as
20 payments to municipalities for the purpose of fulfilling each municipal-
21 ity's share authorized under AS 29.88.010, and the amount allocated to
22 the account shall be distributed by the department pro rata among eli-
23 gible municipalities.

24 Sec. 29.88.040. ADMINISTRATION. (a) The department may adopt
25 regulations necessary to implement the provisions of this chapter. The
26 regulations shall include, among other provisions, (1) procedures and
27 filing dates for submitting financial reports; (2) procedures for ob-
28 taining information required to compute and determine the municipality's
29 millage rate equivalent; and (3) procedures by which the department

1 shall notify a municipality in writing of the reasons for a proposed
2 disallowance or adjustment of any factor bearing upon the determination
3 of the municipality's entitlement and by which the municipality will be
4 provided reasonable time in which to respond or to challenge the depart-
5 ment's determination.

6 (b) The department shall make reasonable efforts to advise and
7 assist municipalities in collecting information and completing reports
8 necessary for the determination of entitlements under this chapter.

9 (c) The department shall, by regulation, classify for inclusion or
10 exclusion as a component of a municipality's millage rate equivalent
11 under AS 29.88.010, any tax revenue appropriated for a utility not
12 included in the definition set out in AS 29.88.045(4).

13 Sec. 29.88.045. DEFINITIONS. In this chapter

25 CHAPTER 89. STATE AID FOR MISCELLANEOUS

26 MUNICIPAL PURPOSES.

27 Sec. 29.89.005. REVENUE SHARING PAYABLE. In addition to the en-
28 titlements under AS 29.88, during each fiscal year the state shall pay
29 aid to a municipality or other eligible recipient which has the power to

1 provide the services described in this chapter and exercises the power
2 in the manner required by this chapter.

3 Sec. 29.89.010. STATE AID TO MUNICIPALITIES FOR ROADS. (a) The
4 state shall pay to a municipality which has power to provide for road
5 maintenance and exercises that power, a sum equal to \$2,500 a mile for
6 each mile of road, street or highway maintained by the local government,
7 excluding (1) the official state highway system, (2) roads, streets or
8 highways not dedicated to public use, (3) roads, streets or highways
9 maintained under the local service road program (AS 19.30.111 - 19.30.-
10 251), and (4) alleyways, in accordance with regulations adopted by the
11 Department of Transportation and Public Facilities. No payments may be
12 made for maintenance of roads not used by automotive equipment.

13 (b) Frozen waterways and connections from inhabited areas to
14 waterways which may be safely used for public transportation by auto-
15 motive equipment and are so used during a portion of a year are eligible
16 for payments of \$1,500 per mile if the waterways and connections are
17 maintained during the period of use by a municipality or combination of
18 municipalities. The Department of Community and Regional Affairs, after
19 consultation with the Department of Transportation and Public Facili-
20 ties, shall determine which waterways and connections qualify and, where
21 the waterways or connections lie outside the corporate limits of a
22 municipality, which municipalities shall receive the payments under this
23 subsection unless the municipalities involved have agreed in writing to
24 a particular distribution.

25 Sec. 29.89.015. STATE AID TO MUNICIPALITIES AND OTHER ELIGIBLE
26 RECIPIENTS FOR HEALTH FACILITIES AND HOSPITALS. (a) The state shall
27 pay

28 (1) to a municipality which has the power to provide hospital
29 facilities and services and which exercises that power, \$1,000 per bed

1 for each bed actually used for patient care, limited to the number of
2 beds provided for in the construction design of the hospital, or \$75,000
3 a hospital for those hospitals with 10 or more beds, or \$25,000 a hos-

10 municipality first certifies to the department that the nonprofit hos-

18 as the directors of the hospital determine;

19 (3) to a municipality in which a health facility is operated,
20 \$1,000 per bed for each bed actually used for patient care, limited to
21 the number of beds provided for in the construction design of the health
22 facility, or \$4,000 per health facility as the municipality may deter-
23 mine.

24 (b) A hospital may not receive payment under both (a)(1) and
25 (a)(2) of this section.

26 (c) Funds received by a municipality under (a)(3) of this section
27 shall be used for expenses of health services or operation and mainte-
28 nance of health facilities as the municipality may determine.

29 (d) Before funds may be distributed under this section, the com-

1 missioner of health and social services shall certify to the distri-
2 bute agency that any accumulation of assets by nonprofit corporations
3 or other recipients under this section are dedicated irrevocably to a
4 public purpose.

5 Sec. 29.89.020. STATE AID FOR HOSPITAL CONSTRUCTION. (a) If con-
6 struction of a facility began after January 1, 1968, and state matching
7 aid for construction approved for payment to the municipality or other
8 facility sponsor constitutes less than 25 per cent of the total project
9 cost, the state shall pay to the municipality or other facility sponsor
10 each fiscal year a sum equal to \$2,500 a bed for the maximum number of
11 beds provided for in the construction design of the facility or five per
12 cent of the total project cost, whichever is greater. State aid pro-
13 vided for in this section shall continue until the municipality or other
14 facility sponsor has received an amount which, combined with state
15 matching money for construction of the facility, equals 25 per cent of
16 the total project cost. No funds received for construction shall be
17 used for any other purpose.

18 (b) In this section, "total project cost" includes, in addition to
19 costs directly related to the project, the total of all costs of
20 financing and carrying out the project. These include, but are not
21 limited to, the costs of all necessary studies, surveys, plans and
22 specifications, architectural, engineering or other special services,
23 acquisition of real property, site preparation and development, pur-
24 chase, construction, reconstruction and improvement of real property,

4 Sec. 29.89.025. STATE AID TO VOLUNTEER FIRE DEPARTMENTS IN THE UN-
5 ORGANIZED BOROUGH. (a) The state shall pay to a volunteer fire depart-

7 an organized borough or a city a sum for protection purposes equal to
8 \$7.50 per capita for the population served by the department, as deter-
9 mined by the state fire marshal.

10 (b) Grants shall be made as set out in (a) of this section to
11 facilitate the organization of volunteer fire departments in an area not
12 in an organized borough or a city, upon application of the proposed fire
13 protection group to the state fire marshal and approval of applications
14 according to standards of organization and service prescribed by regula-
15 tions promulgated by the state fire marshal.

16 (c) In this section, "fire protection" includes, but is not limi-

25 Sec. 29.89.035. AREA COST-OF-LIVING DIFFERENTIAL. (a) State pay-
26 ments to a municipality or other eligible recipient under AS 29.89.010
27 and AS 29.89.015 shall reflect area cost-of-living differentials.
28 Amounts distributed shall be based upon the sum of per capita, per mile
29 and per bed or facility grants due each municipality or other recipient

1 multiplied by the appropriate area cost-of-living differential. The
2 area cost-of-living differential for each recipient shall be determined
3 annually by election district under the provisions of AS 39.27.030;
4 however, the area cost-of-living differential to be applied shall not
5 result in an amount to be distributed less than the base allocation.

6 (b) The election districts used in (a) of this section are those
7 designated by the proclamation of reapportionment and redistricting of
8 December 7, 1961, and retained for the house of representatives by
9 proclamation of the governor September 3, 1965.

10 Sec. 29.89.040. MISCELLANEOUS SERVICES ACCOUNT. The miscellaneous
11 services account is established. Funds to carry out the provisions of
12 this chapter shall be allocated by the department to the account in
13 accordance with AS 29.90.010. If amounts in the account are insuffi-
14 cient for the purpose of each municipality's or other recipient's share
15 authorized under this chapter, the amounts which are available shall be
16 distributed pro rata among eligible municipalities and other recipients.

17 Sec. 29.89.045. REGULATIONS. The Department of Community and
18 Regional Affairs shall adopt regulations necessary to carry out the
19 purposes of this chapter. The regulations shall include minimum stan-
20 dards required to qualify a municipality for grants for each service and
21 provisions for a performance report adequate to demonstrate to the
22 department that each service for which credit was allowed was actually
23 performed by the municipality, at least at the prescribed minimum level.

24 Sec. 29.89.050. DEFINITIONS. In this chapter

25 (1) "health facility" means public health centers, maternity
26 homes and community mental health centers, facilities for the mentally
27 or physically handicapped, nursing homes and convalescent centers which
28 are licensed, when required, by the state under AS 18.20.010 - 18.20.130
29 and are owned or operated or both by a municipality or by a nonprofit

1 corporation or other nonprofit sponsor; the term excludes facilities
2 operated or wholly supported by the state or the federal government;

3 (2) "hospital" means a licensed hospital determined by the
4 Department of Health and Social Services to be a general hospital; the
5 term excludes facilities operated or wholly supported by the state or
6 the federal government.

7 * Sec. 4. AS 29 is amended by adding a new chapter to read:

8 CHAPTER 90. ADMINISTRATION OF MUNICIPAL

9 FINANCIAL ASSISTANCE PROGRAMS.

10 Sec. 29.90.010. ALLOCATION AND DISTRIBUTION. (a) The Department
11 of Community and Regional Affairs shall allocate funds appropriated to
12 the accounts established in AS 29.88 and AS 29.89 in amounts determined
13 by the legislature. Money in the miscellaneous services account estab-
14 lished in AS 29.89.040 which exceeds the amount required to fully fund
15 distributions authorized by AS 29.89 shall be reallocated to the tax
16 equalization account established in AS 29.88.035 and distributed ac-
17 cording to the provisions of AS 29.88.

18 (b) Payments under AS 29.90.020 and AS 29.88 shall equal the
19 amount allocated to the equalization account (AS 29.88.035), adjusted in
20 accordance with this section. Payments under AS 29.90.020 and AS 29.88
21 shall be adjusted by proration in accordance with this subsection.
22 Adjustments shall be determined by prorating amounts payable under AS
23 29.90.020 and amounts payable under AS 29.88 by a factor which, when
24 applied, reduces all payments in equal proportion so that payments under
25 AS 29.90.020 and payments under AS 29.88 total the amount allocated to
26 the account established in AS 29.88.035, adjusted in accordance with
27 this section.

28 Sec. 29.90.020. QUALIFICATION FOR MINIMUM ENTITLEMENT. (a) A
29 municipality qualifying for an entitlement under AS 29.88 or AS 29.89

1 shall receive a minimum payment of \$25,000 plus an area cost-of-living
2 differential for each fiscal year if:

3 (1) the municipality has conducted a regular election under
4 AS 29.28.010 - 29.28.050 during the fiscal year preceding the year for
5 which payment of an entitlement is authorized and has reported the re-
6 sults of the election to the commissioner of the Department of Community
7 and Regional Affairs;

8 (2) regular council meetings are held in the municipality in
9 accordance with the requirements of AS 29.23.210 during the fiscal year
10 preceding the year for which payment of an entitlement is authorized and
11 a record of the proceedings is maintained;

12 (3) a municipal budget has been adopted for the fiscal year
13 during which payment of an entitlement is authorized and an audit or
14 financial statement, as applicable, for the preceding fiscal year has
15 been prepared and furnished to the Department of Community and Regional
16 Affairs in accordance with AS 29.23.560(a); and

17 (4) local ordinances adopted by the governing body of the
18 municipality have been codified in accordance with AS 29.48.180.

19 (b) The area cost-of-living differential of each municipality
20 payable under this section shall be determined annually by election
21 district under the provisions of AS 39.27.030. However, except as
22 provided in AS 29.90.010(b), application of the area cost-of-living
23 differential may not result in an amount which is less than the minimum
24 entitlement determined under (a) of this section. For purposes of this
25 subsection, the election districts used are those designated by the
26 proclamation of reapportionment and redistricting of December 7, 1961,
27 and retained for the house of representatives by proclamation of the
28 governor September 3, 1965.

29 (c) The department shall pay to each municipality eligible to

1 receive payment of a minimum entitlement under this section an amount
2 equal to the difference between the minimum entitlement determined under
3 (a) and (b) of this section and the sum of the amounts determined as
4 payable for the same fiscal year under AS 29.88 and AS 29.89, except
5 that a payment may be prorated and reduced under AS 29.90.010(b).

6 (d) If payments are required under this section, the payments
7 shall be made from the funds allocated to the equalization ac-
8 count established in AS 29.88.035.

9 * Sec. 5. AS 29.23.560(a)(3) is amended to read:

10 (3) tax assessment and tax levy figures as requested;

11 * Sec. 6. AS 29.23.560(a) is amended by adding new paragraphs to read:

12 (5) a copy of the current annual budget of the municipality;

14 rized in the municipality, together with the municipality's estimate of
15 the revenues lost to it by operation of each of the exemptions.

16 * Sec. 7. AS 29.23.560(b) is amended to read:

17 (b) Compliance with the provisions of this section is a prerequi-
18 site to receipt of municipal tax resource equalization assistance under

20 AS 29.89 [STATE-SHARED REVENUES UNDER AS 43.18]. The Department of
21 Community and Regional Affairs [STATE] shall withhold annual allocations
22 under those chapters [THAT CHAPTER] in the event of noncompliance until
23 such time as the report requirements are met [COMPLIED WITH].

24 * Sec. 8. AS 29.73 is amended by adding a new section to read:
