SPONSOR STATEMENT

HJR 11 -- ENDORSING A.N.W.R. LEASING

**Offered before the
House Special Committee on Oil and Gas
February 16, 1999**

HJR 11 encourages the United States Congress to pass legislation for oil and gas exploration, development and production on the coastal plain of the Arctic National Wildlife Refuge. A similar resolution in support of the opening of A.N.W.R. has received strong support in the past. In addition, it is strongly supported by the North Slope Borough and the majority of Alaskans.

The coastal plain of the Arctic National Wildlife Refuge contains an estimated 10 billion barrels of recoverable oil. Development of this resource will help Alaska offset its declining oil revenues and reduce our country's reliance on imported oil. It would bring us many jobs for Alaskans and help restore the declining employment in the oil industry. In addition, it would positively impact the number of jobs available to workforces in many other states.

Copies of this resolution will be sent to the President, Vice-President, all members of the House and Senate serving in the 106th US Congress, and the Secretary of the Interior. I am hopeful that the current legislature will be willing to re-enforce our previous support for developing A.N.W.R by passing this resolution. Thank you.

ADJOURNMENT

- ARE THERE ANY FURTHER QUESTIONS OR COMMENTS FROM THE COMMITTEE MEMBERS?
- THE NEXT OIL AND GAS MEETING IS SCHEDULED FOR THURSDAY, FEB. 18 AND WE WILL HAVE A PRESENTATION FROM BP
- WITHOUT OBJECTION, MEETING ADJOURNED [GAVEL DOWN]

The goal of this committee remains to ^{stimulate} ~~the~~ and facilitate the Oil and Gas Industry

To that end, and I emphatically reiterate to that end --- N.S. Natural Gas must be brought to market // a plan to ~~the~~ accomplish this task is ~~the~~ co-assessing, and should be forthcoming in legislative form within a relatively short period of

time.

I hope that after careful consideration this committee, and the legislature ~~the~~ in whole, will enthusiastically support this plan ---

For it is no less important to Alaska's future than the opening of ANWAR.
