House Bill 417

An Act Amending the definition of project in the Act establishing the Alaska Natural Gas Development Authority

House Bill 417 amends the definition of project to include all options for a terminus of the Alaska Natural Gas Pipeline. This specifically identifies Cook Inlet as a possibility for a terminus.

MEMORANDUM

February 3, 2004

SUBJECT: House Bill 417, amending the definition of "project" in the Act establishing the Alaska Natural Gas Development Authority -- sectional analysis (Work Order No. 23-LS1494\A)

TO: Representative Mike Chenault

FROM: Jack Chenoweth
Assistant Revisor of Statistics

Chris Koski has asked for preparation of a sectional analysis for this bill.

The 2002 initiative that establishes the Alaska Natural Gas Development Authority and defines its powers and duties directs the Authority to evaluate and develop a North Slope natural gas pipeline project. The initiative supplies a definition of the term "project" to include delivery of the gas to a point on tidewater on Prince William Sound. **Bill section 1** amends that definition to add the alternative of delivery to tidewater at a point on Cook Inlet.

Bill section 2 gives the measure an immediate effective date.

ANALYSIS: (Attach a separate page if necessary)

**** This legislation would change the responsibility of the Alaska Natural Gas Development Authority from reviewing the economic viability of a gas pipeline from Prudhoe Bay to Valdez and a spur from Glennallen to the Southcentral gas distribution grid to including the review of the economic viability of a gas line to tidewater at a point on Cook Inlet.

Since the Alaska Natural Gas Development Authority is already reviewing the economic viability of a spur to the Southcentral gas distribution grid, it is uncertain if additional funds will be necessary to expand that review to include to tidewater at a point on Cook Inlet.
