Note: North Slope Brooks—Range Drainages (Area Z): All Alaskan waters, including drainages, north of the Brooks Range and flowing into the Beaufort and Chukchi seas to the north and east of Point Hope. Does not include Point Hope.

Note: Standard errors were calculated using the bootstrap method. Because the empirical distribution of derived confidence intervals for these estimates is not symmetrical, valid confidence intervals cannot be obtained directly.

Note: Refer to Appendix A3 for common names and species abbreviations.

^a Numbers were reported but species could not be determined, or species were incidental.

ALASKA DEPARTMENT OF FISH AND GAME

2004 Sport Fish Survey

If you have questions about this survey, please call (907) 267-2369, or email us at SFPUB@fishgame.state.ak.us.

Please visit the Department's web site at: <http://www.adfg.state.ak.us/>

Cover art by MacKenzie Bowden, 2nd grade.
Tanaina Elementary School, Wasilla, Alaska. 2003.

We are interested in knowing about your sport and personal use fishing and shellfish harvest experiences in 2004.

Even if you did not fish in 2004, please answer the Questions on page 3.

*Respond only to those areas of Alaska where your household members **sport** fished. Do not include subsistence caught fish.*

Thank-you

INSTRUCTIONS:

Please help reduce costs: For statistical purposes we mail 2 reminders to those who do not respond. You can help reduce costs by replying promptly.

Period covered: January 1 through December 31, 2004.

Who to include: Report your household's sportfishing only. Do not include visiting friends or relatives.

What if your household did not sport fish in 2004? Answer the questions on page 3 and return the survey in the postage-paid envelope so we may avoid mailing you additional 2004 surveys. **Thanks for your assistance!**

What if your household did sport fish in 2004? (1) Read all instructions on this page, (2) review the EXAMPLE below, (3) answer the questions on page 3, (4) refer to the map on page 3 and then complete the pages that cover the areas sport fished, and (5) return the survey in the postage-paid envelope. **Thanks for your assistance!**

What to include: Report all sportfishing, dipnet-caught salmon on dipnetting pages, and shellfish where requested by your household members only.

What to exclude: Do not report commercially caught or subsistence caught fish. A sportfishing guide should not report client information. Do not report fish caught while proxy fishing for someone outside your household. Report only your own household information.

When to reply: Return this form after completing all 2004 sportfishing, including ice fishing. Most people do not ice fish, but if you do, please disregard any reminders received prior to completion of all 2004 sportfishing.

Still have questions? If you have questions about this survey, please call (907) 267-2369 or contact us via email at SFPUB@fishgame.state.ak.us

SPORT ANGLERS LIVING OUTSIDE OF THE UNITED STATES The postage permit that we have for return mail is good only in the United States. However, it is very important that anglers who do not live in the United States return their survey to us. Therefore, we must ask that you supply your own postage in order to return the survey questionnaire. We hope you will consider this as an additional contribution towards sound management of Alaska's sport fisheries.

EXAMPLE: HOW TO RECORD YOUR HOUSEHOLD'S SPORT FISHING.

A man and a woman fished together on 3 trips to the Kenai River. They fished 1 day on each trip and caught a total of 4 silver salmon and kept all 4. The man fished alone for half a day on each of 2 other trips to the Kenai River, but caught nothing. Thus for the Kenai River: Anglers = 2, Trips = 5 (3 by the man and woman together, 2 by the man alone), Days Fished = 8 (5 by the man, 3 by the woman).

① Number of Household Anglers who fished. Do not include visiting friends, relatives, or other party members outside your household.

② Number of Household Trips (a Trip, which may last one or more days, is a visit to a fishing site).

③ Sum of Each Angler's Calendar Days Fished. Count any part of a day as one whole day. If two or more anglers fish the same day, include that day in each angler's sum.

Example: If two household anglers fished the same day, No. Days Fished = 2.

④ For each type of fish, write the total number caught and the number kept by your household. DO NOT INCLUDE FISH HARVESTED UNDER SUBSISTENCE REGULATIONS.
