**** (f) No exemption may be granted under (e) of this section except upon written application

for the exemption on a form prescribed by the state assessor for use by local assessors. The claimant must file the application no later than January 15 or a date provided by ordinance which is not later than March 31, of the assessment year for which the exemption is sought, but during the same year the governing body of the municipality for good cause shown may waive the claimant's failure to make timely application for exemption for that year and authorize the assessor to accept the application as if timely filed. The claimant must file a separate application for each assessment year in which the exemption is sought. If an application is filed within the required time and is approved by the assessor, he shall allow an exemption in accordance with the provisions of this section. If a claimant whose failure to file by January 15 or a date provided by ordinance which is not later than March 31, of the assessment year has been waived as provided in this subsection and the application for exemption is approved, the amount of tax which the claimant may have already paid for the assessment year with respect to the property exempted shall be refunded to him. The assessor may at any time require proof in the form he considers necessary of the right and amount of an exemption claimed under this section.

(g) The state shall reimburse a borough or city, as appropriate for the real property tax revenues lost to it by the operation of (e) of this section. However, reimbursement will be made to a borough or city for revenue lost to it only to the extent that the loss exceeds an exemption which was granted by the borough or city, or which upon proper application by an individual would have been granted by the borough or city, under AS 29.53.025(a).

(h) Except as provided in (g) of this section, nothing in (e) - (i) of this section affects similar exemptions from property taxes granted by municipalities on September 10, 1972 or prevents municipalities from granting similar exemptions by ordinance as provided in AS 29.53.025.

(i) In (e) - (i) of this section the term "real property" includes but is not limited to mobile homes, whether classified as real or personal property for municipal tax purposes.

(j) Two percent of the assessed value of a structure is exempt from taxation if the structure contains a fire protection system approved under AS 19.70.081, in operating condition, and incorporated as a fixture or part of the structure. The exemption granted by this subsection is limited to

(1) an amount equal to two percent of the value of the structure based on the assessment for 1981, if the fire protection system is a fixture of the structure on January 1, 1981; or

(2) an amount equal to two percent of the value of the structure based on the assessment as of January 1 of the year immediately following the installation of the fire protection system if the fire protection system becomes a fixture of the structure after January 1, 1981.

Sec. 29.45.040. PROPERTY TAX EQUIVALENCY PAYMENTS. (a) A resident of the state 65 years of age or older who rents a permanent place of abode is eligible for tax equivalency payments from the state through the Department of Community and Regional Affairs.

(b) For purposes of determining payments to eligible persons, the department shall calculate a property tax equivalent percentage for each home rule or general law municipality which levies a general property tax at the rate of one percent per mil. The property tax equivalent percentage applied to the annual rent charged to the applicant equals the property tax equivalency payment payable under this section.

(c) To obtain tax equivalency payments the eligible resident must apply to the department for payment for the preceding year by January 15 of each year on forms and in the manner prescribed by the department. Each applicant shall submit with the application rental receipts or, if rental

receipts are not available, other evidence satisfactory to the department for determination of the fact of payment of rent and the amount paid.

(d) If two or more persons occupy a residence as tenants, not all of whom are eligible for tax equivalency payments under this section, the assessor shall determine equitable partial payments to be made to the eligible tenants. However, tax equivalency payments to an eligible applicant may not be reduced because the spouse is less than 65 years of age. If all occupants in a residence are eligible for tax equivalency payments under this section, the occupants shall decide between and among themselves which shall receive payment.

Sec. 29.45.050. (Sec. 29.53.025.) OPTIONAL EXEMPTIONS AND EXCLUSIONS. (a) Municipalities may exclude or exempt or partially exempt residential property from taxation by ordinance ratified by the voters at a regular or special election. An exclusion or exemption authorized by this section may not exceed $10,000 for any one residence.

(b) Municipalities may by ordinance

(2) classify and exempt from taxation

**** (A) Repeal.

(B) the property of an organization not organized for business or profit-making purposes and used exclusively for community purposes, provided that income derived from rental of such property does not exceed the actual cost to the owner of the use by the renter; and

(C) historic sites, buildings and monuments;

(D) land of a nonprofit organization used for agricultural purposes if rights to subdivide the land are conveyed to the state and the

conveyance includes a covenant restricting use of the land to agricultural purposes only; rights conveyed to the state under this subparagraph may be conveyed by the state only in accordance with AS 38.05.069(c).

(c) The provisions of (a) of this section notwithstanding,

(1) a home rule or first or second class borough may, by ordinance, adjust its property tax structure in whole or in part to the property tax structure of a city within it, including but not limited to, excluding personal property from taxation, establishing exemptions, and extending the redemption period;

(2) a home rule or first class city shall have the same power to grant exemptions or exclude property from borough taxes that it has as to city taxes, provided that the exemptions or exclusions have been adopted as to city taxes and further provided that the city appropriate to the borough sufficient money to equal revenues lost by the borough because of the exemptions or exclusions, the amount to be determined annually by the assembly without weighted voting.

(3) a home rule or general law city within an organized borough may, by ordinance, adjust its property tax structure in whole or in part to the property tax structure of the borough, including but not limited to exempting or partially exempting property from taxation.

(d) Exemptions or exclusions from property tax which have been granted by home rule municipalities in addition to exemptions authorized or required by law, and which are in effect on September 10, 1972 and not later withdrawn, are not affected by this Act.

(e) Municipalities may by ordinance classify and exempt or partially exempt from taxation privately owned land, wet land and water areas for which a scenic, conservation, or public recreation use easement is granted to a governmental body. To be eligible for a tax exemption, or

partial exemption, the easement must be in perpetuity. However, the easement is automatically terminated before an eminent domain taking of fee simple title or less than fee simple title to the property so that the property owner is compensated at a rate which does not reflect the easement grant.

(f) A municipality may by ordinance exempt from taxation all or any part of the increase in assessed value of improvements to real property if an increase in assessed value is direcly attributable to alteration of the natural features of the land or new maintenance, repair or renovation of an existing structure and if the alteration, maintenance, repair or renovation, when completed, enhances the exterior appearance or aesthetic quality of the land or structure. No exemption may be allowed under this subsection for the construction of an improvement to a structure if the principal purpose of the improvement is to increase the amount of space for occupancy or nonresidential use within the structure or for the alteration of land as a consequence of construction activity. An exemption provided in this subsection may continue for up to four years from the date the improvement is completed or from the date of approval for the exemption by the local assessor, whichever is later.

(g) A municipality may by ordinance exempt from taxation all or any part of the increase in assessed value of improvements to a single family dwelling if the principal purpose of the improvement is to increase the amount of space for occupancy. An exemption provided in this subsection may continue for up to two years from the date the improvement is completed or from the date of approval of an application for the exemption by the local assessor, whichever is later.

****Sec. 29.45.060. MINING CLAIMS. Repeal.

Sec. 29.45.070. FARM OR AGRICULTURAL LANDS. (a) Farm use lands included in a farm unit and not dedicated or being used for nonfarm purposes shall be assessed on the basis of full and true value for farm use, and shall not be

assessed as if subdivided or used for some other nonfarm purpose. The assessor shall maintain records valuing the farm use land for both full and true value and farm use value. Should the farm use land be sold, leased, or otherwise disposed of for uses incompatible with farm use or be converted to a use incompatible with farm use by the owner, the owner is liable to pay an amount equal to the additional tax at the current mill levy together with eight percent interest for the preceding seven years, as though the land had not been assessed for farm use purposes. Payment by the owner shall be made to the state to the extent of its reimbursement for revenue loss under (e) of this section for the preceeding seven years. The balance of the payment shall be made to the city or borough.

(b) An owner of farm use land must, to secure the assessment, make application to the assessor before May 15 of each year in which the assessment is desired. The application shall be made upon forms prescribed by the state assessor for the use of the local assessor and shall include information which may reasonably be required to determine the entitlement of the applicant. If the farm use land is leased for farm use purposes, the applicant shall furnish to the assessor a copy of the lease bearing the signatures of both lessee and lessor along with the completed application. The applicant shall furnish the assessor a copy of the lease covering the period for which the exemption is requested.

(c) In this section "farm use" means the use of land for raising and harvesting crops or for the feeding, breeding and management of livestock or for dairying or another agricultural use for profit or any combination thereof. To be farm use land, the owner or the lessee must be actively engaged in farming the land, and derive at least 10 per cent of his yearly gross income from the farm use land. The provisions of this section do not apply to land respecting which the owner has granted, and has outstanding, a lease or option to buy the surface rights. A property owner wishing to file

for farm use classification having no history of farm-related income may submit a declaration of intent at the time of filing the application with the assessor setting out the intended use of the land and the anticipated percentage of income. An applicant using this procedure shall file with the assessor before February 1 of the following year a notarized statement of the percentage of gross income attributable to the farm use land. Failure to make the filing required in this subsection forfeits the exemption.

(d) In the event of a crop failure by an act of God the previous year, the owner or lessee may submit an affidavit affirming that 10 percent of his gross income for the past three years was from farming.

(e) Subject to legislative appropriations for the purpose, the state shall reimburse a borough or city, as appropriate, for the real property tax revenues lost to it by the operation of this section.

Sec. 29.45.080. MOBILE HOMES. Mobile homes, trailers, house trailers, trailer coaches and similar property used or intended to be used for residential office or commercial purposes and attached to the land or connected to water, gas, electric or sewage facilities are classed as real property for tax purposes except where expressly classified as personal property by ordinance. This section does not apply to house trailers and mobile homes which are unoccupied and held for sale by persons engaged in the business of selling mobile homes.

Sec. 29.45.090. TAX ON OIL AND GAS PRODUCTION AND PIPELINE PROPERTY. (a) A municipality may levy and collect taxes on taxable property taxable under AS 43.56 only by using one of the methods set out in (b) or (c) of this section.

(b) A municipality may levy and collect a tax on the full and true value of taxable property taxable under AS 43.56 as valued by the Department of Revenue at a rate not to exceed that which produces an amount

of revenue from the total municipal property tax equivalent to $1,500 a year for each person residing within its boundaries.

(c) A municipality may levy and collect a tax on the full and true value of that portion of taxable property taxable under AS 43.56 as assessed by the Department of Revenue which value, when combined with the value of property otherwise taxable by the municipality, does not exceed the product of 225 percent of the average per capita assessed full and true value of property in the state multiplied by the number of residents of the taxing municipality. For purposes of this subsection the average per capita assessed full and true value of property in the state shall be calculated without regard to the assessed value of taxable property under AS 43.58.

(d) By February 1 of each assessment year a taxing municipality must inform the Department of Revenue which method of taxation the municipality will use.

(e) For purposes of this section, population shall be determined by the commissioner of community and regional affairs based on the latest statistics of the United States Bureau of the Census or on other reliable population data, and shall advise each municipality of its population as so determined by January 15 of each year.

Sec. 29.45.100. TAX LIMITATION. (a) No municipality may levy and tax for any purpose in excess of three percent of the assessed valuation of property within the municipality in any one year.

**** (b) No municipality, or combination of municipalities occupying the same geographical area, in whole or in part, may levy taxes (1) which will result in tax revenues from all sources exceeding $1,500 a year for each person residing within their boundaries or (2) upon values which, when combined with the value of property otherwise taxable by the municipality, exceed the product of 225 percent of the average per capita assessed full and true value of property in the state multiplied by the number of

residents of the taxing municipality. If two or more municipalities occupying the same geographical area, in whole or in part, attempt to levy a tax (1) the combined levy of which would result in tax revenues from all sources exceeding $1,500 a year for each person residing within their boundaries or (2) upon value which, when combined with the value of property otherwise taxable by the municipality, exceed the product of 225 per cent of the average per capita assessed full and true value of property in the state multiplied by the number of residents of the taxing municipality, the commissioner of community and regional affairs shall apportion the lawful levy and equitably divide these revenues on the basis of need, services performed and other considerations in the public interest. For the purpose of this subsection population shall be determined by the commissioner of community and regional affairs based on the latest statistics of the United States Bureau of the Census or on other reliable population data. For purposes of this subsection the average per capita assessed full and true value of property in the state shall be calculated without regard to the assessed value of taxable property under AS 43.58.

Sec. 29.45.110. NO LIMITATIONS ON TAXES TO PAY BONDS. The limitations provided for in Sec. 45 or 50 of this chapter do not apply to taxes levied or pledged to pay or secure the payment of the principal and interest on bonds. Taxes to pay or secure the payment of principal and interest on bonds may be levied without limitation as to rate or amount, regardless of whether the bonds are in default or in danger of default.

Sec. 29.45.120. FULL AND TRUE VALUE. (a) The assessor shall assess property at its full and true value as of January 1 of the assessment year, except as provided in this section and Secs. 30, 35 and 160 of this chapter. The full and true value is the estimated price which the property would bring in an open market and under the then prevailing

market conditions in a sale between a willing seller and a willing buyer both conversant with the property and with prevailing general price levels.

(b) Assessment of business inventories may be based on the average monthly method of assessment rather than the value existing on January 1. The method used to assess business inventories shall be prescribed by the borough assembly.

(c) In the case of cessation of business during the tax year, the assembly may provide for reassessment of business inventories using the average monthly method of assessment for the tax year rather than the value existing on January 1 of the tax year, and for reduction and refund of taxes. In enacting an ordinance authorized by this section, the assembly may prescribe procedures, restrictions, and conditions of assessing or reassessing business inventories and of remitting or refunding taxes.

Sec. 29.45.130. RETURNS. (a) The assembly may require every person having ownership or control of or an interest in property to submit a return in the form prescribed by the assessor, based on property values existing on January 1, except as otherwise provided in this chapter.

(b) The assessor may, by written notice, require a person to provide additional information within 30 days.

Sec. 29.45.140. INDEPENDENT INVESTIGATION. (a) The assessor is not bound to accept a return as correct. He may make an independent investigation of property returned or of taxable property upon which no return has been filed. In either case, the assessor may make his own valuation of the taxable property, which is prima facie evidence.

**** (b) For investigation, the assessor or his agent may enter any premise during reasonable hours and may examine property on the premises. He may examine all property records involved. A person shall, upon request, furnish to the assessor or his agent every facility and assistance for the investigation. The assessor may seek a court order to compel entry and production of records.

(c) An assessor may examine a person on oath. Upon request, the person shall present himself for examination by the assessor.

****Sec. 29.45.150. STATEMENT. A person who knowingly fails to file a statement required by ordinance or who knowingly makes a false affidavit to a statement required by a tax ordinance relative to the amount, location, kind or value of property subject to taxation with intent to evade the taxation, is guilty of a class B misdemeanor.

Sec. 29.45.160. REEVALUATION. A systematic reevaluation of taxable real and personal property undertaken by the assessor, whether of specific areas in which real property is located or of specific classes of real or personal property to be assessed, shall be made only in accordance with a resolution or other act of the assembly directing a systematic reevaluation of all taxable property within the borough over the shortest period of time practicable, as determined by the assembly and fixed in the resolution or other act of the assembly.

Sec. 29.45.170. ASSESSMENT ROLL. (a) The assessor shall prepare an annual assessment roll. The roll contains

(1) a description of all taxable property;

(2) the assessed value of all taxable property;

(3) the names and addresses of persons with property subject to assessment and taxation.

(b) The assessor may list real property by any description that may be made certain. Real property is assessed to the owner of record as shown in the records of the district recorder, who shall at least monthly provide the assessor a copy of each recorded change of ownership showing the name and mailing address of the owner and the name and mailing address of the party recording the change of ownership. Other persons having an interest in the property may be listed on the assessment records with the owner. The person in whose name property is listed as owner is conclusively presumed to

be the legal owner of record. If the property owner is unknown, the property may be assessed to "unknown owner." No assessment is invalidated by a mistake, omission or error in the name of the owner, if the property is correctly described.

Sec. 29.45.180. ASSESSMENT NOTICE. (a) The assessor shall give every person named in the assessment roll a notice of assessment, showing the assessed value of his property. On each notice is printed a brief summary of the dates when taxes are payable, delinquent and subject to penalty and interest, and the dates when the board of equalization will sit.

(b) Sufficient assessment notice is given if mailed by first class mail 30 days before the equalization hearings. If the address is not known to the assessor, the notice may be addressed to the person at the post office nearest the property. Notice is effective on the date of mailing.

Sec. 29.45.190. CORRECTIONS. (a) A person receiving an assessment notice shall advise the assessor of errors or ommissions in the assessment of his property. The assessor may correct errors or ommissions in the roll before the board of equalization hearing.

(b) If errors found in the preparation of the assessment roll are adjusted, the assessor shall mail a corrected notice allowing 30 days for appeal to the board.

Sec. 29.45.200. APPEAL. (a) A person whose name appears on the assessment roll or his agent or assigns may appeal to the board of equalization for relief from an alleged error in valuation not adjusted by the assessor to the taxpayer's satisfaction.

(b) The appellant shall, within 30 days from the date of mailing of notice of assessment, submit to the assessor a written appeal specifying grounds in the form which the board may require. Otherwise, the right of appeal ceases unless the board finds that the taxpayer was unable to comply.

(c) The assessor shall notify appellants by mail of the time and place of their hearing.

(d) The assessor shall prepare for use by the board a summary of assessment data relating to each assessment which is appealed.

(e) A city may appeal an assessment to the board of equalization in the same manner as a taxpayer. Within five days after receipt of the appeal, the assessor shall notify the person whose property assessment is being appealed by the city.

****Sec. 29.45.210. BOARD OF EQUALIZATION. (a) The assembly sits as a board of equalization for the purpose of hearing an appeal from a determination of the assessor, or it may delegate this authority to one or more boards appointed by it. An appointed board may be composed of not less than three persons, who may be members of the assembly, municipal residents, or a combination of assembly members and residents. The assembly shall be ordinance establish the qualifications for membership.

(b) The board is governed in its proceedings by rules adopted by ordinance which are consistent with general rules of administrative procedure. The board may alter an assessment of a lot or parcel only pursuant to an appeal filed as the the particular lot or parcel.

(c) Notwithstanding other provisions in this section, a determination of the assessor as to whether property is taxable under law shall be appealed directly to the superior court.

Sec. 29.45.220. HEARING. (a) If an appellant fails to appear, the board of equalization may proceed with the hearing in his absence.

(b) The appellant bears the burden of proof.

**** (c) The only grounds for adjustment are proof of unequal, excessive, improper, or undervaluation based on facts which are stated in a valid written appeal or proven at the appeal hearing. If a valuation is found to be too low, the board of equalization may raise the assessment.

(d) The board shall certify its actions to the assessor within seven days.

**** (e) Except as to supplementary assessments, the assessor shall enter the changes and certify the final assessment roll by June 1.

**** (f) An appellant or the assessor may appeal the board's determination to the superior court as provided by rules of court applicable to appeals from the decisions of administrative agencies. Appeals are heard on the record established at the hearing before the board of equalization.

Sec. 29.45.230. SUPPLEMENTARY ASSESSMENT ROLLS. The assessor shall include property omitted from the assessment roll on a supplementary roll, using the procedures set out in this chapter for the original roll.

Sec. 29.45.240. TAX ADJUSTMENTS ON PROPERTY AFFECTED BY A NATURAL DISASTER. (a) The assembly may provide for reassessment and reduction of taxes for property destroyed, damaged, or otherwise reduced in value as a result of a natural disaster.

(b) A reassessment may be made by the assessor only upon the receipt of a sworn statement of the taxpayer that his losses exceed $1,000. A reduction of taxes may be made only on losses in excess of $1,000 for the remainder of the year following the disaster. Upon reassessment, the borough shall recompute this tax and refund taxes which have already been paid.

(c) The borough shall make notice of assessment or reassessment and shall hold an equalization hearing as provided in this chapter, except that a notice of appeal is filed with the board of equalization within 10 days after notice of assessment is given to the person appealing. Otherwise, the right of appeal ceases unless the board finds that the taxpayer is unable to comply.

(d) In enacting an ordinance or resolution authorized by this section, the assembly may, consistent with this section, prescribe

procedures, restrictions and conditions of assessing or reassessing property and of remitting, refunding or forgiving taxes.

**** (e) In this section "disaster" means a major disaster declared by the President of the United States under the provisions of the Federal Disaster Act of 1950, Title 42, United States Code, sec. 1855-1855g, or other federal law, or a disaster declared by the governor under AS 26.23.010 26.23.110.

Sec. 29.45.250. TAX LEVY AND RATE. ****(a) The power granted to the assembly to assess, levy and collect a general property tax shall be exercised by means of a general ordinance. The rate of levy, the date of equalization and the date when taxes become delinquent shall be fixed by resolution.

(b) The assembly shall annually determine the rate of levy before June 15. By July 1 the tax collector shall mail tax statements setting out the levy, dates when taxes are payable and delinquent, and penalties and interest.

Sec. 29.45.260. RATES OF PENALTY AND INTEREST. ****(a) If the taxpayer is required to pay the entire tax on the due date set by the assembly, a penalty not to exceed 20 percent may be added to all delinquent taxes, and interest at the rate of 15 percent a year shall accrue upon all unpaid taxes, not including penalty, from the due date until paid in full. If the taxpayer is given the right to pay the tax in two installments penalty and interest on an unpaid installment accrues from the date the installment becomes due.

(b) If the assembly imposes a penalty for the nonpayment of property taxes when due, or the late return of personal property assessment forms, the rate of penalty or combined rates of penalty may not exceed 10 percent of the tax due on the property concerned.

**** (c) Repeal.

ARTICLE 2. ENFORCEMENT OF TAX LIENS

Sec. 29.45.290. VALIDITY. Certified assessment and tax rolls are valid and binding on all persons, notwithstanding any defect, error, omission or invalidity in the assessment rolls or proceedings pertaining to the assessment roll.

Sec. 29.45.300. TAX LIABILITY. (a) The owner of personal property assessed is personally liable for the amount of taxes assessed against his property. The tax, together with penalty and interest, may be collected in a personal action brought in the name of the borough.

**** (b) Property taxes, together with penalty and interest, are a lien upon the property assessed, and the lien is prior and paramount to all other liens or encumbrances against the property.

Sec. 29.45.310. ENFORCEMENT OF PERSONAL PROPERTY TAX LIENS BY DISTRAINT AND SALE. The lien of personal property taxes may be enforced by distraint and sale of the property. The assembly shall provide the procedure for distraint and sale by ordinance. No seizure, levy or distraint is legal unless demand is first made of the person assessed for the amount of the tax, penalty and interest, and no sale is valid unless made at public auction after 15 days notice is given by posting or publication. The siezure is made by virtue of a warrant issued by the borough clerk to a peace officer. If the property sold is not sufficient to satisfy the tax, penalty and interest, and costs of sale, the warrant may authorize the seizure of other personal property sufficient to satisfy the tax, penalty, interest and costs of sale. If the property is sold for more money than is needed to satisfy the tax, upon presentation of a proper claim, the municipality shall remit the excess to the former record owner. A claim for the excess filed after six months of the date of sale is forever barred.

Sec. 29.45.320. REAL PROPERTY TAX COLLECTION. (a) The borough shall enforce delinquent real property tax liens by annual foreclosure, unless otherwise provided by ordinance.

**** (b) If the tax on property described in AS 29.45.080 or on a taxable interest in tax exempt property is not paid when due, a borough may enforce the tax by a personal action against the delinquent taxpayer brought in the district or superior court, in addition to other remedies available to the borough to enforce the lien.

Sec. 29.45.330. FORECLOSURE LIST. (a) The borough shall

(1) annually present a petition for judgment and a certified copy of the foreclosure list for the previous year's delinquent taxes in the superior court for judgment;

(2) publish the foreclosure list for four consecutive weeks in a newspaper of general circulation distributed within the borough or, if there is no newspaper of general circulation distributed within the borough, post the list at three public places for at least 30 days;

(3) within 10 days after the first publication or posting, mail to the last known owner of each property as his name and address appear on the list a notice advising of the foreclosure proceeding in which a petition for judgment of foreclosure has been filed and describing the property and the amount due as stated on the list.

(b) The list shall be arranged in alphabetical order as to the last name and shall include

(1) the last known owner;

(2) the property description as stated on the assessment roll;

(3) years and amounts of deliquency;

(4) penalty and interest due;

(5) a statement that the list is available for public inspection at the clerk's office;

(6) a statement that the list has been presented to the superior court with a petition for judgment and decree.

(c) Completion of the requirements of (a) of this section constitutes and has the same force and effect as the filing of an individual and separate complaint and service of summons to foreclose a lien against each property described on the foreclosure list.

Sec. 29.45.340. CLEARING DELINQUENCIES. During the publication or posting of the foreclosure list and up to the time of transfer to the borough a person may pay the taxes, together with the penalty, interest and costs. The collector shall note payment on the foreclosure list.

Sec. 29.45.350. LIST TO LIENHOLDER. A holder of a mortgage or other lien on real property may request the clerk to send by certified mail notice of a foreclosure list which includes such real property.

Sec. 29.45.360. GENERAL FORECLOSURE. The borough shall bring one general foreclosure proceeding in rem against the properties included in the list. If the owner is unknown, the property is proceeded against as belonging to "unknown owner." Tax foreclosure proceedings have priority over all other civil proceedings except board of adjustment appeals as provided in AS 29.33.130(e).

Sec. 29.45.370. ANSWER AND OBJECTION. A person having an interest in a tract on the foreclosure list may file an answer within 30 days of the date of last publication, specifying his objection. The court shall make its decision in summary proceedings. The foreclosure list is prima facie evidence that the assessment and levy of the tax is valid and that the tax is unpaid.

Sec. 29.45.380. JUDGEMENT. The court shall in a proper case give judgment and decree that the tax liens be foreclosed. It is a several judgment against and a lien on each parcel.

Sec. 29.45.390. TRANSFER AND APPEAL. (a) Foreclosed properties are transferred to the borough for the lien amount. When answers are filed the court may enter judgment against and order the transfer to the borough of all other properties on the list pending determination of the matters in controversy. The court shall hear and determine the issues raised by the complaint and answers in the same manner and under the same rules as it hears and determines other actions.

(b) The court clerk shall deliver a certified copy of the judgment and decree to the borough clerk. The certified judgment and decree constitutes a transfer to the borough.

(c) The judgment and decree stops objections to it which could have been presented before judgment and decree.

(d) Appeal from a judgment and decree of foreclosure, or from a final order in the proceeding, may be taken in the manner provided for appeals in civil actions.

Sec. 29.45.400. REDEMPTION PERIOD. (a) Properties transferred to the borough are held by the borough for at least one year. During the redemption period a party having an interest in the property may redeem it by paying the lien amount plus penalties, interest and costs, including all costs incurred under Sec. 350(a) of this chapter. Property redeemed is subject to all taxes, assessments, liens and claims as though it had continued in private ownership. Only the amount applicable under the judgment and decree must be paid in order to redeem the property.

**** (b) Repeal.

****Sec. 29.45.410. EFFECT. Receipt of redemption money by the borough releases the judgment obtained under AS 29.45.380. The clerk or his designee shall record the redemption and issue a certificate containing a property description, the redemption amount, and the dates of judgment and decree of foreclosure. The clerk or his designee shall collect the recording fee at

the time or redemption and shall file the certificate with the record as part of the judgment roll.

Sec. 29.45.420. ADDITIONAL LIENS. If a property included in a foreclosure list is removed after payment of delinquencies or redemption by another lienholder, the payment represented by receipt for payment constitutes an additional lien on the property, collectible by the lienholder in the same manner as the original lien.

Sec. 29.45.430. POSSESSION DURING REDEMPTION PERIOD. Foreclosure does not affect the former owner's right to possession during the redemption period. In the event that waste is committed by the former owner, or by anyone acting under his permission or control, the borough may declare an immediate forfeiture of the right to possession.

Sec. 29.45.440. EXPIRATION. ****(a) At least 30 days before the expiration of the redemption period the clerk or his designee shall publish a redemption period expiration notice. The notice shall contain the date of judgment, the date of expiration of the period of redemption and a warning to the effect that all properties ordered sold under the judgment, unless redeemed, shall be deeded to the borough or city immediately on expiration of the period of redemption and that every right or interest of any person in the properties will be forfeited forever to the borough or city. The notice is published once a week for four consecutive weeks in a newspaper of general circulation distributed within the borough. If there is no newspaper of general circulation distributed within the borough, the notice is posted in three public places for at least four consecutive weeks. The clerk shall send a copy of the published notice by certified mail to each record owner of property against which a judgment of foreclosure has been taken and, if the assessed value of the property is more than $100,000, to all holders of mortgages or other liens of record on the property. The notice shall be mailed within five days of the first publication. The mailing shall be

sufficient if mailed to the property owner and to the holder of a mortgage or recorded lien at the last address of record. The right of redemption shall expire 30 days after the date of the first publication notice.

(b) Costs incurred in the determination of holders of mortgages and other liens of record and costs of publication of notice incurred by a municipality under (a) of this section are a lien on the property and may be recovered by the municipality.

Sec. 29.45.450. DEED TO BOROUGH OR CITY. (a) Unredeemed properties in the area of the borough outside cities are deeded to the borough by the clerk of the court. Unredeemed properties within a city are deeded to the city subject to the payment by the city of unpaid borough taxes and costs of foreclosure levied against the property before foreclosure. The deeds shall be recorded in the recording district in which the property is located.

**** (b) Conveyance gives the borough or the city clear title except for prior recorded tax liens of the United States and the state.

(c) If unredeemed property lies within a city and if the city has no immediate public use for the property but the borough does have an immediate public use, the city shall deed the property to the borough. If unredeemed property lies within the borough outside a city and if the borough does not have an immediate public use for the property but the city does have an immediate public use, the borough shall deed the property to the city.

**** (d) No deed is invalid for irregularities, omissions or defects in the proceedings under this chapter unless the former owner has been misled to his injury. After two years from the date of the deed, its validity is conclusively presumed and any claim of the former owner or other person having an interest in the property is forever barred.

Sec. 29.45.460. DISPOSITION AND SALE OF FORECLOSED PROPERTIES. (a) The assembly of a borough or council of a city shall determine by ordinance whether foreclosed property deeded to the municipality under Sec. 360 of

this chapter shall be retained by the municipality for a public purpose. The ordinance shall contain the legal description of the property, the address or a general description of the property sufficient to provide the public with notice of its location, and the name of the last record owner of the property as his name appears on the assessment rolls of the municipality.

(b) Tax-foreclosed properties conveyed to a borough or city by tax foreclosure and not required for a public purpose may be sold. Before the sale of tax-foreclosed property held for a public purpose, the assembly or council, by ordinance, shall determine that a public need does not exist. The ordinance shall contain the information required in (a) of this section.

**** (c) The clerk or his designee shall send a copy of the published notice of hearing of an ordinance to consider a determination required by (a) or (b) of this section by certified mail to the former record owner of the parcel of property which is the subject of the ordinance. The notice shall be mailed within five days of its first publication and shall be sufficient if mailed to the last record owner of the property as his name appears on the assessment rolls of the municipality.

(d) The provisions of (c) of this section do not apply with respect to property which has been held by the municipality for a period of more than 10 years after the close of the redemption period.

Sec. 29.45.470. REPURCHASE BY RECORD OWNER. (a) The record owner at the time of tax foreclosure of property acquired by a borough or city, or his assigns, may, at any time before the sale or contract of sale of the tax-foreclosed property by the borough or city, repurchase the property. The borough or city shall sell the property for the full amount applicable to the property under the judgment and decree, with interest at the rate of eight percent a year from the date of entry of the judgment of foreclosure to the date of repurchase, delinquent taxes assessed and levied as though it had continued in private ownership, and costs of foreclosure and sale,

including, but not limited to, costs of publication of notice and any costs associated with the determination of holders of mortgages and other liens of record under Sec. 350(a) of this chapter.

(b) After adoption of an ordinance providing for the retention of a parcel of tax-foreclosed property by the municipality for a public purpose, the right of the former record owner to repurchase the property ceases.

Sec. 29.45.480. PROCEEDS OF TAX SALE. (a) Upon sale of foreclosed real or personal property the borough or city shall divide the proceeds less cost of collection, between the borough and the city having unpaid taxes against the property. The division is in proportion to the respective municipal taxes against the property at the time of foreclosure.

(b) The former record owner of tax-foreclosed real property which has been held by a municipality for less than 10 years after the close of the redemption period and never designated for a public purpose which is sold at a tax-foreclosure sale is entitled to the portion of the proceeds of the sale which exceeds the amount sufficient to satisfy unpaid taxes, delinquent taxes assessed and levied as if the property had continued in private ownership, penalty, interest and costs of property sold, including costs incurred under Sec. 350(a) of this chapter. If the proceeds of the sale of tax-foreclosed property exceed the total of unpaid and delinquent taxes, penalty, interest, and costs, the borough or city shall provide the former owner of the property written notice advising of the amount of the excess and the manner in which a claim for the balance of the proceeds may be submitted. Notice is sufficient under this subsection if mailed to the former owner at his last address of record. Upon presentation of a proper claim, the municipality shall remit the excess to the former record owner. A claim for the excess filed after six months of the date of sale is forever barred.

Sec. 29.45.490. PAYMENT OF TAXES UPON PUBLIC UTILIZATION. If a city or borough holds or takes title to tax-foreclosed property for a public purpose, the city or borough shall satisfy unpaid taxes and assessments against the property held by other municipalities, with accrued interest but without penalty. If the amount required to satisfy the unpaid taxes and assessments exceeds the assessed valuation of the property, the city or borough shall pay the other municipalities the assessed valuation, which shall be divided between the other municipalities in proportion to their respective taxes and assessments against the property at the time of foreclosure.

****Sec. 29.45.510. REFUND OF TAXES. (a) If a taxpayer pays taxes under protest, he may bring suit in the superior court against the borough for recovery of the taxes. If judgment for recovery is given against the borough, or, if in the absence of suit, it becomes obvious to the assembly that judgment for recovery of the taxes would be obtained if legal proceedings were brough, the borough shall refund the amount of the taxes to the taxpayer with interest at eight percent from the date of payment plus costs.

(b) If, in payment of taxes legally imposed, a remittance by a taxpayer through error or otherwise exceeds the amount due, and the borough, on audit of the account in question, is satisfied that this is the case, the borough shall refund the excess to the taxpayer with interest at 15 percent from the date of payment. A claim for refund filed after one year of the due date of the tax is forever barred.

(c) The assembly may correct manifest clerical errors at anytime.

ARTICLE 3. CITY PROPERTY TAX.

Sec. 29.45.530. POWER OF LEVY. Home rule and first class cities within boroughs may levy a general property tax. A property tax, if levied, shall be levied in the manner provided for borough levies in Sec. 170(a) of this chapter and is subject to Secs. 10-25, 50-55 and 310-350 of this chapter.

The council shall by June 15 of each year present to the borough assembly a statement of the city's rate of levy, unless a different date is agreed upon by the borough and city.

Sec. 29.45.540. LIMITED PROPERTY TAXING POWER FOR SECOND CLASS CITIES. A second class city may by referendum levy real and personal property taxes as provided for first class cities. However, levy by a second class city may not exceed one-half of one percent of the assessed valuation of the property taxed, except that the limit does not apply to a levy necessary to avoid a default upon payment of principal and interest of bonded or other indebtedness which is secured by a pledge to levy ad valorem or other taxes without limit to meet debt payments.

**** Sec. 29.45.545. COMBINING PROPERTY TAX WITH INCORPORATION. A petition for second class city incorporation may request that a property tax proposal be placed in the same ballot. The petition must state the proposed tax rate. The petition may request that incorporation be dependent upon the passage of the property tax proposition. If so, the incorporation proposition fails if the property tax fails.

ARTICLE 4. BOROUGH SALES AND USE TAX

Sec. 29.45.570. SALES AND USE TAX. ****(a) A borough may levy and collect a sales tax not exceeding six percent on sales, rents, and on services made within the borough. The sales tax may apply to any or all of these sources. Exemptions may be granted by ordinance.

(b) A borough levying a sales tax may also by ordinance levy a use tax on the storage, use or consumption of tangible personal property within the borough. The use tax rate must equal the sales tax rate and the use tax shall be levied only upon buyers.

(c) A person who furnishes proof, in the form required by the borough tax collector, that he has paid a sales tax on the source on which a use tax is levied by the borough is required to pay the use tax only to the

extent of the difference between the amount of the sales tax paid and the amount of the use tax levied by the borough. This subsection applies to a sales tax levied in any taxing jurisdiction whether in or outside the state.

**** (d) If the assembly of a home rule or general law borough charges interest on sales taxes not paid when due, the rate of interest may not exceed 15 percent a year upon the delinquent taxes and shall be charged from the due date until paid in full.

**** (e) A borough may provide for the creation, recording, and notice of a lien on real or personal property to secure the payment of a sales or use tax, and for interest, penalties and administration costs in the event of delinquencies. A lien established under this section has the force, priority and duration of a judgment lien.

Sec. 29.45.590. REFERENDUM, ADOPTION AND MODIFICATION. ****(a) A new sales tax or an increase in the rate of levy of a sales tax approved by the assembly by ordinance shall not take effect until ratified by a majority of the voters voting on the question at a regular or special election.

(b) If the proposition receives a majority of the votes cast, the assembly may enact the sales tax or increase the rate of the sales tax as a levy upon buyers, sellers, or both. The sales tax is collected at the time of sale or at the time of payment in credit transactions and transmitted to the borough.

ARTICLE 5. CITY SALES AND USE TAXES

Sec. 29.45.610. POWER OF LEVY. (a) Cities within a borough which levies and collects areawide sales or use taxes ~~for areawide borough functions~~ delete may levy sales or use taxes upon all sources taxed by the borough in the manner provided for boroughs. New sentence (1)

~~Sec. 29.45.620. POWER OF LEVY AND COLLECTION.~~ (b) Cities within a borough which does not levy and collect areawide sales or use taxes ~~for areawide borough functions~~ may levy and collect sales or use taxes in the manner provided for boroughs.

Sec. 29.45.630. COMBINING SALES TAX WITH INCORPORATION. A petition for second class city incorporation may request that a sales tax proposal be placed on the same ballot. The petition must state the proposed tax rate. The petition may request that incorporation be dependent upon the passage of the sales tax proposition. If so, the incorporation proposition fails if the sales tax fails.

COMMENTS FOR CONSIDERATION ON THE PROPOSED CHAPTER 45
ON MUNICIPAL TAXATION

29.45.010. The authority to levy a property tax should be extended to unified municipalities.

29.45.020. The use of the disjunctive in the phrase "real or personal property" implies that a municipality may levy either real or personal property taxes. This conflicts with the requirement set forth in the preceeding section that if a property tax is levied it must be levied on real and personal property.

29.45.020(c). I suggest that an additional clause be added to the last sentence of this subsection which would provide that if DCRA has not notifed a muncipality of the amount it will receive under the equalization and state aid programs at least 30 days prior to the date the municipality gives final approval to its budget, the municipality need not include the mill or tax equivalent attributable to the program and DCRA will not withhold allocations for such failure to provide notice.

29.45.030(a)(3). Shouldn't we add the requirement that property under this section be owned by and used exclusively for the nonprofit religious, charitable, etc?

29.45.030(b)(3). If a lot which is adjacent to the residence of of a pastor is a 10 acre lot and a quarter acre of that lot is used to support the residence, is the entire lot exempt? If not, perhaps the substitution of the word "property" or a similar word for the word "lot" would provide some justification for prorating in such cases. The other alternate would be to make it clear that the entire lot must be used to support the structure in order order to obtain an exemption.

29.45.030(b)(4). Same comment here as above. The exemption probably should not go to any more property then is actually required to meet off-street parking requirements. Either the entire lot should be required and devoted to off-street parking or the language should be changed to indicate that a proration may occur.

29.45.030(c). The reference to section (b) is probably superfluous as the property which is set forth in (b) is merely a definition of property which falls under (a).

29.45.030(j). Although this was just enacted by the Legislature, I would like to see it dropped as personally, I don't think that such tax incentives are significant in causing persons to install fire protection systems. If fire protection systems are needed they should be required by code.

29.45.040. I think we ought to find a different place for this section as it has nothing to do with the levying or collection of taxes.

29.45.050(b)(1). The $5 and $15 tonnage-based tax on vessels should be raised to something that makes it worthwile to administer the tax; that, or the dollar limiation should be deleted to permit municipalities to establish the tax rate per ton.

29.45.060. If patented and unpatented mining claims are to be made exempt then this subject should be dealt with under the exemption section and not a separate section. Also, I do not believe that nonproducing patented mining claims should be exempt from property any more than any other nonproductive, privately owned property is exempt. Also, if mining claims valued at $200 are to much trouble, perhaps raising the value from $200 to $1000 could be considered.

29.45.090(b) and 100(b). Section 90(b) apparently sets a limit from property tax of $1500 per person. Section 100(b) sets a per capita limit in terms of "tax revenues from all sources." The "all sources" phrase is used twice in Section 100(b). The sections should be clarified to indicate whether the limitation is one which looks to all tax revenues or only to property tax revenues.

29.45.110. The references to Sections 45 and 50 in line 19 should be changed to 90 and 100.

29.45.120. The reference to Section 60 should be deleted if mining claims are exempted and moved to the exemption section. Also, would it be worthwhile to attempt to address the method of evaluation of property which is in the jurisdiction for only part of a year and property which is involved in inter-borough and inter-state commerce. CSSB 582 (though not adopted) addressed this matter as to transient aircraft.

29.45.120(b). I suggest this section be rewritten to delete the last sentence and to indicate that a municipality may provide by ordinance for the assessment (valuation) of business inventories based on the average monthly method etc.

29.45.120( ). The method evaluation of a possessory interest in tax exempt property is not addressed in the statutes. While we have a Superior Court case or two which indicate that it is the feeless reversion method, it might not hurt to have this established by statute. Some states go so far as to say that the value of a possessory interest in tax exempt land is the value of the fee. This latter approach is probably much simpler to apply, it might have an equal protection weakness.

29.45.140(b). I suggest dropping the phrase "if refused entry" and adding at the end of the sentence "or production of records."

29.45 150. I suggest we raise the fine to something more in keeping with inflation.

29.45.180(a). I question the wisdom of requiring notice on the assessment notice of a summary of when unlevied taxes are payable delinquent and subject to penalty and interest (all of which is unrelated to the assessment proceedings) but not requiring the inclusion of a date when the Board of Equalization will sit (something very directly related to the assessment proceeding). I think we are asking for more administrative problems by not requiring that the date be set prior to the sending of assessment notices than we would be eliminating to accommodate those assessors and councils or assemblys which can't seem to get their act together well enough to establish a hearing date sometime 45 or so days down the road.

29.45.180(b). I suggest that if in the preceding Section 170 we are going to allow any person having an interest in the property to be listed on the records that it be made clear that notice is sufficient if sent to the record owner, the first person listed as grantee on a multiple grantee deed or if sent to a person designated by such first grantee or record owner.

29.45.210. Should we change the first sentence to read "The assembly, or council of a city outside a borough, sits. . . ." or have we dealt elsewhere with the applicability of these procedures to such cities? In the third line we could delete the word "borough" and I believe we should add the word "it" before the word "may". If we are going to include reference to city councils, there are two additional references to assembly in this section which should be modified appropriately.

29.45.220(and 210). Section 210 speaks to appeals from "determinations" of the assessor. Section 220, however, appears to deal with assessment (value) determinations of the assessor. I suggest we clarify whether or not the Board of Equalization will hear appeals on the assessor's determination of the taxability of property.

29.45.220(e). I suggest that if assessors are concerned over the June 1 certification date applying to supplemental roles that Section (e) be rewritten to delete the reference to June 1 and merely require that the assessor enter the changes and certify the final assessment role immediately upon receipt of certification of the board changes.

29.45.230. I suggest that the assessing officer's suggestion not be included. I would hope that merely because the state assessor requires certain assessment information for reports, revenue sharing, etc. a municipality not be foreclosed from establishing a supplementary assessment role for property which comes to its attention during the latter part of the year. The assessing officer's suggestion would effectively preclude supplemental assessment roles for property which is discovered much later than the first of July.

29.45.250. I suggest that the reference to the date of equalization be deleted so that this may be set by motion. This will also provide a little more flexibility in the event a municipality appoints a board as the board should be the one which sets its date of hearing. As to the rate of levy and the date when taxes become delinquent, I suggest that we change the language to indicate that these may be fixed by ordinance or resolution.

29.45.260(a). The penalty and interest should be raised substantially. I just noticed that in the territorial days, as far back as the 1940's when interest rates and inflation were unbelievably low, the penalty limit for property tax delinquencies was 15% and the interest limit was 12% per year. I'd suggest we shoot for 20% penalty and a 15% interest limit. The penalty and interest appear in several places in Section 260.

29.45.300(a). I suggest that the phrase "assessed against" in line 22 should be "levied on" as property is assessed (valued) while taxes are levied.

29.45.300(b). I suggest that we permit the collection of taxes levied on trailers, mobile homes, etc. which are classed as real property to be collected in either or both an action against the property or a personal action against the owner. By the time the municipality gets around to collecting its delinquencies, the trailer may well have been sold and even removed from the taxing jurisdiction.

29.45.310. Would it be appropriate to stick a tactful reminder in the second sentence of this section that the procedure for distraint and sale include a hearing to which the owner is invited?

29.45.330(b). The reference to Section 40 should be changed to 80. Also, I believe the reference to "leasehold interest in tax exempt property" should be changed to "private interest in tax exempt property" as a leasehold is not the only type of taxable interest in tax exempt property.

29.45.350. I would suggest that this section be changed so that it is clear that failure to notify the lienholder does not defeat any of the rights of the municipality to foreclose on and sell the property. I would also suggest the deletion of the requirement that the notice be sent by certified mail.

29.45.400(a). The reference to Section 350(a) should be 440(a).

29.45.400(b). I think this section should be deleted as it appears to attempt to create a situation whereby a lienholder can carve out an interest in foreclosed property by merely paying his prorata share of the amounts due. If we are going to allow a lienholder to establish an interest in foreclosed property which is not extinguished by sale of the property, why aren't we allowing those persons who have a partial interest in the fee to do the same thing? There is no need for this section. A lienholder who redeems the property by paying the amounts due is given a lien for that amount under Section 420. Section 420 could be changed to make such lien paramount to others.

29.45.410 and 400(a). Section 400(a) provides that redeemed property is still subject to all taxes, assessments, liens, etc. as though it had continued in private ownership but that only the amount set forth in the judgment and decree must be paid in order to redeem the property. Section 410 then provides that upon payment of the redemption money all claims of the municipality are released. This is in conflict with the provision that taxes, assessments, liens, etc. accrue as though the property had continued in private ownership. The release language should be limited to claims which are the subject of the judgment and decree.

29.45.460(a). The reference to Section 360 in line 20 should be to 450.

29.45.460 and 470. I think these two sections ought to be dropped. The owner of the property has had ample opportunity to redeem his property and notice at every turn. There is no reason to allow his existence to create a cloud on property which the municipality may wish to use or later dispose of. If we are going to retain these sections, the interest rate in Section 470 ought to be raised to the same as is established for delinquent taxes and the municipality ought also to be able to collect interest on the taxes which would have been levied and paid had the property remained in private ownership. This interest increment does not appear to be authorized under Section 470.

29.45.480(b). I believe the reference in line 11 to Section 350(a) should be to 440(a).

29.45.510. Would it be worthwhile to add a subsection here or a new section relating to the right of a person who has paid taxes on the wrong property.

29.45.570. I believe the word "or" between the word "sales" and "rents" should be a comma.

29.45.570(d). I suggest the 8% limit on delinquent tax payment is a bit low.

29.45.590(a). I suggest the last two sentences of this section be dropped. I also suggest that subsection (b) be dropped. Perhaps the entire section can be written in a single sentence reading "A new sales tax or an increase in the rate of levy of a sales tax approved by the assembly by ordinance shall not take effect until ratified by a majority of the voters voting on the question of approval at a regular or a special election called for that purpose."

DRAFTED CHANGES RECOMMENDED BY THE TECHNICAL COMMITTEE
06 December 1980

Sec. 29.45.010. GENERAL PROPERTY TAX. A general law or nome rule borough other than a unified municipality, may levy (1) an areawide property tax for areawide functions, and (2) a property tax limited to the area outside cities for functions limited to the area outside cities. A unified municipality may levy areawide and nonareawide property taxes. A tax if levied on real property, personal property, or both must be assessed, levied and collected as provided in this chapter.

EXPLANATION: This section has been clarified as the the fact that a unified municipality may levy both areawide and nonareawide taxes. Limiting the use of areawide taxes to areawide functions and nonareawide taxes to nonareawide functions makes little sense. It is made clear that taxes may be levied on personal and real property or either.

Sec. 29.45.020. TAXPAYER NOTICE. (a) If a municipality levies and collects real ~~and~~ or personal property taxes, or ~~either~~ both, the governing body shall provide the following notice:...

EXPLANATION: The language "real and personal property taxes, or either", was added to conform to 29.45.010.

Sec. 29.45.030. REQUIRED EXEMPTIONS. (a) The following property is exempt from general taxation:

(1) municipal, state or federally owned property, except that a private leasehold, contract, or other interest in the property shall be taxable to the extent of the interest;

(2) household furniture of the head of a family or household; (3) No change (5) No change (6) No change

(4) property of a nonbusiness organization or its auxiliary composed entirely of persons with 90 days or more of active service in the armed forces of the United States whose conditions of service and separation were other than dishonorable;

(b) (3) lots or portions of lots supporting and adjacent to a structure or residence mentioned in (1) or (2) of this subsection which are necessary to convenient use; ← out repeal

Repeal

(c) Property described in (a) or (b) of this section from which income is derived is exempt only if that income is solely from use of the property by nonprofit religious, charitable, hospital or educational groups. If used by nonprofit educational groups, the property is exempt only if used exclusively for classroom space.

(f) No exemption may be granted under (e) of this section except upon written application for the exemption on a form prescribed by the state assessor for use by local assessors. The claimant must file the application no later than January 15 or a date provided by ordinance which is not later than March 31, of the assessment year for which the exemption is sought, ...
...If a claimant whose failure to file by January 15, or a date provided by ordinance which is not later than March 31...

EXPLANATION: Based on Alaska Association of Asessing Officers (AAAO) recommendations:

1. (a)(2): deletes $500 limit on exemption of household furniture.

2. (b)(3): narrows the language so that only portions of lots necessary to convenient use are exempt.

3. (c): clarifies that "exclusively for classroom space" limitations on rental income under (c) only applies to rental use by an "educational group" and does not preclude the exemption when the income is derived from use by nonprofit religious, charitable, or hospital groups.

4. (f): clarifies that filing of a claim for exemption is a requirement for only the senior citizen exemption under (e), and not for the other exemptions addressed in the section. Adds flexibility so that a local government may establish a date later than January 15 for filing for a senior citizen exemption.

Sec. 29.45.050. OPTIONAL EXEMPTIONS AND EXCLUSIONS. (a) No change.

(b) A municipality may by ordinance

(1) classify boats and vessels for the purposes of taxation and may establish the assessed valuation of boats and vessels on the basis of their registered or certificated net tonnage.

(2) classify and exempt from taxation

(A) ... [THE HOUSEHOLD FURNITURE OVER $500 IN VALUE AND THE EFFECTS OF THE HEAD OF A FAMILY OR A HOUSEHOLDER]... (the rest of the subparagraph is left intact.)

EXPLANATION: Eliminates in (b)(1) the $5 and $15 limitations, since with these limits, collecting a tax on boats does not pay administrative costs. Modifies and expands existing (a)(2)(A) relating to optional exemption of household furniture and effects, based on recommendations of AAAO, since assessors currently do not include household furnishings and personal effects of family members.

29.45.060 - Mining Claims - Repeal

Sec. 29.45.100. TAX LIMITATIONS. (a) No change.

(b) No municipality, or combination of municipalities occupying the same geographical area, in whole or in part, may levy taxes (1) which will result in tax revenues from all sources exceeding $1,500 a year for each person residing within their boundaries or (2) upon values which, when combined with the value of property otherwise taxable by the municipality, exceed the product of 225 percent of the average per capita assessed full and true value of property in the state multiplied by the number of residents of the taxing municipality. If two or more municipalities occupying the same geographical area, in whole or in part, attempt to levy a tax (1) the combined levy of which would result in tax revenues from all sources exceeding $1,500 a year for each person residing within their boundaries or (2) upon value which, when combined with the value of the property otherwise taxable by the municipality, exceed the product of 225 percent of the average per capita assessed full and true value of property in the state multiplied by the residents of the taxing municipality, the commissioner of community and regional affairs shall apportion the lawful levy and equitably divide these revenues on the basis of need, services performed and other considerations in the public interest. For the purpose of this subsection, population shall be determined by the commissioner of community and regional affairs based on the latest statistics of the United States bureau of the census or on other reliable population data. For purposes of this subsection the average per capita assessed full and true value of the property in the state shall be calculated without regard to the assessed value of taxable property under AS 43.58.

EXPLANATION: Change requested by AAAO raising $1000 to $1500. No recommendation by the Technical Group.

DRAFTED CHANGES RECOMMENDED BY THE TECHNICAL COMMITTEE

Sec. 29.45.140. INDEPENDENT INVESTIGATION. (a) No change.

(b) For investigation, the assessor or his agent may enter any premise during reasonable hours and may examine property on the premises. He may examine all property records involved. A person shall, upon request, furnish to the assessor or his agent every facility and assistance for the purposes of the investigation. The assessor may seek a court order to compel entry and production of records.

(c) No change

EXPLANATION: It was felt that the assessor ought to be able to seek production of records, as well as to compel entry, whether refused entry or not.

Sec. 29.45.150. PENALTY. A person who knowingly fails to file a statement required by ordinance or who knowingly makes a false affidavit to a statement required by a tax ordinance relative to the amount, location, kind or value of property subject to taxation with intent to evade the taxation is guilty of a class B misdemeanor.

EXPLANATION: This section was changed to classify the misdemeanor to conform with the criminal code. A class B misdemeanor carries a possible fine of $1,000 and term of imprisonment of 90 days, somewhat more severe than existing law.

Sec. 29.45.210. BOARD OF EQUALIZATION. (a) The assembly sits as a board of equalization for the purpose of hearing an appeal from a determination of the assessor, or it may delegate this authority to one or more boards appointed by it. An appointed board may be composed of not less than three persons, who may be members of the assembly, ~~or other~~ municipal residents. The assembly shall by ordinance establish the qualifications for membership.

(b) The board is governed in its proceedings by rules adopted by ordinance which are consistent with general rules of administrative procedure. The board may alter an assessment of a lot or parcel only pursuant to an appeal filed as to the particular lot or parcel.

(c) Nothwithstanding other provisions in this section, a determination of the assessor as to whether property is taxable under law ~~may~~ shall be appealed directly to the superior court.

EXPLANATION: Removes the requirement that the board consist of a number over that required for a quorum of the assembly in favor of requiring not less than three members. Requires that an assessment be altered only as a result of an appeal filed as to the lot in question. Allows a determination of the taxability of property (for example, land held by Indians or in trust for Indians may not be taxable at all under federal law) to be appealed to the superior court.

Sec. 29.45.220. HEARING. (a) No change.

(b) No change.

(c) The only grounds for adjustment ~~is~~ are proof of unequal, excessive, improper, or under valuation based on facts which are stated in a valid written appeal or proven at the appeal hearing. If a valuation is found to be too low, the board of equalization may raise the assessment.

(d) No change.

(e) Except as to supplementary assessments, the assessor shall enter the changes and certify the final assessment roll by June 1.

(f) The appellant or the assessor may appeal the board's determination to the superior court as provided by rules of court applicable to appeals from the decisions of administrative agencies. Appeals are heard on the record established at the hearing before the board of equalization.

EXPLANATION: Change in (c) makes it clear that an assessment can be raised as the result of an appeal. Change in (e) to allow for supplementary assessments after June 1. Change in (f) so that appeals to the superior court will be heard on the record rather than de novo, as is now the case.

Sec. 29.45.240.

(e) In this section "disaster" means a major disaster declared by the President of the United States under the provisions of the Federal Disaster Act of 1950, Title 42, United States Code, sec. 1855-1855g or other federal law, or a disaster declared by the governor under AS 26.23.010-110.

EXPLANATION: Makes provision for special treatment of property affected by a disaster applicable if the governor, as well as the president, declares a disaster.

Sec. 29.45.250. TAX LEVY AND RATE. (a) The power granted to the assembly to assess, levy and collect a general property tax shall be exercised by means of a general ordinance. The rate of levy, the date of equalization and the date when taxes become delinquent shall be fixed by ordinance or resolution.

(b) No change.

EXPLANATION: Allows rate of levy, date of equalization, date of delinquency to be fixed by ordinance as well as resolution.

Sec. 29.45.260. RATES OF PENALTY AND INTEREST. (a) If the taxpayer is required to pay the entire tax on the due date set by the assembly, a penalty not to exceed 20 percent may be added to all delinquent taxes, and interest at the rate of 15 percent a year shall accrue upon all unpaid taxes, not including penalty, from the due date until paid in full. If the taxpayer is given the right to pay the tax in two installments penalty and interest on an unpaid installment accrues from the date the installment becomes due.

(b) No change.

(c) Repeal.

EXPLANATION: The penalty and interest rates are raised, so that people will not deliberately avoid paying taxes due to the high cost of borrowing from other sources. Penalty and interest on an unpaid installment accrues only from the date the installment is due. (c) is repealed as redundant. Since (a) provides for interest and penalty on all types of taxes, there is no need for special treatment of property taxes.

Sec. 29.45.300. TAX LIABILITY. (a) No change.

(b) Property taxes, together with penalty and interest, are a lien upon the property assessed, and the lien is prior and paramount to all other liens or encumbrances against the property.

EXPLANATION: The change makes it clear that a lien exists on personal as well as real property.

Sec. 29.45.310. ENFORCEMENT OF PERSONAL PROPERTY TAX LIENS BY DISTRAINT AND SALE. The lien of personal property taxes may be enforced by distraint and sale of the property. The assembly shall provide the procedure for distraint and sale by ordinance. No seizure, levy or distraint is legal unless demand is first made of the person assessed for the amount of the tax, penalty and interest, and no sale is valid unless made at public auction after 15 days notice given by posting or publication. The seizure is made by virtue of a warrant issued by the borough clerk to a peace officer. If the property sold is not sufficient to satisfy the tax, penalty, interest, and costs of sale, the warrant may authorize the seizure of other personal property sufficient to satisfy the tax, penalty, interest and costs of sale. If the property is sold for more money than is needed to satisfy the tax, upon presentation of a proper claim, the municipality shall remit the excess to the former record owner. A claim for the excess filed after six months of the date of sale is forever barred.

EXPLANATION: Allows the return of excess money received over the amount needed for the tax when property is sold to satisfy a tax lien.

Sec. 29.45.320. REAL PROPERTY TAX COLLECTION. (a) No change.

(b) If the tax on property described in AS 29.45.080 or on a taxable interest in tax exempt property is not paid when due, a borough may enforce the tax by a personal action against the delinquent taxpayer brought in the district or superior court, in addition to other remedies available to the borough to enforce the lien.

EXPLANTION: The word "taxable" is substituted for "leasehold" so that any interest in tax exempt property which can be taxed can be enforced.

Sec. 29.45.400. REDEMPTION PERIOD. (a) No change.

(b) Repeal.

EXPLANATON: (b) is eliminated so that a person holding a lien on only part of a lot or parcel may no longer redeem just that part. This avoids the problem of splitting lots or parcels into what might be illegal subdivisions.

Sec. 29.45.410. EFFECT. Receipt of redemption money by the borough releases the judgment obtained under AS 29.45.380. The clerk or his designee shall record the redemption and issue a certificate containing a property description, the redemption amount, and the dates of judgment and decree of foreclosure. The clerk or his designee shall collect the recording fee at the time of redemption and shall file the certificate with the record as part of the judgment roll.

EXPLANATION: Changed so that all claims of the borough are not released, i.e., improvement assessments. Redemption releases only the judgement obtained for delinquent taxes.

Sec. 29.45.440. EXPIRATION. (a) At least 30 days before the expiration of the redemption period the clerk or his designee shall publish a redemption period expiration notice. The notice shall contain the date of judgment, the date of expiration or the period of redemption and a warning to the effect that all properties ordered sold under the judgment, unless redeemed, shall be deeded to the borough or city immediately in expiration of the period of redemption and that every right or interest of any person in the properties will be forfeited forever to the borough or city. The notice is published once a week for four consecutive weeks in a newspaper of general circulation distributed within the borough. If there is no newspaper of general circulation distributed within the borough, the notice is posted in three public places for at least four consecutive weeks. The clerk shall send a copy of the published notice by certified mail to each record owner of property against which a judgement of foreclosure has been taken and, if the assessed value of the property is more than $100,000, to all holders of mortgages or other liens of record on the property. The notice shall be mailed within five days of the first publication. The mailing shall be sufficient if mailed to the property owner and to the holder of a mortgage or recorded lien at the last address of record. The right of redemption shall expire 30 days after the date of the first publication notice.

(b) No change.

EXPLANATION: Based on recommendation of AAAO; raises assessed value of property which triggers duty of clerk to advise holders of security of judgement of foreclosure. Burden placed on lienholder to protect his interest.

Sec. 29.45.450. DEED TO BOROUGH OR CITY. (a) No change.

(b) Conveyance gives the borough or the city clear title except for prior recorded tax liens of the United States and the state.

(c) No change.

(d) No deed is invalid for irregularities, omissions or defects in the proceedings under this chapter unless the former owner has been misled to his injury. After two years from the date of the deed, its validity is conclusively presumed and any claim of the former owner or other person having an interest in the property is forever barred.

EXPLANATION: (b) changes to clear title except for tax liens. (d) changed to include the interests in property of persons other than the owner within the limitation period. This clears the title.

Sec. 29.45.460. DISPOSITION AND SALE OF FORECLOSED PROPERTIES. (a) No change.

(b) No change.

(c) The clerk or his designee shall send a copy of the published notice of hearing of an ordinance to consider a determination required by (a) or (b) of this section by certified mail to the former record owner of the parcel of property which is the subject of the ordinance. The notice shall be mailed within five days of its first publication and shall be sufficient if mailed to the last record owner of the property as his name appears on the assessment rolls of the municipality.

(d) No change.

EXPLANATION: Language of (a) inserted into last line of (c) for consistency. No substantive change.

29.45.510

Section ~~29.53.390~~. Refund of Taxes and Correction of Clerical Errors. (a) If a taxpayer pays taxes under protest, he may bring suit in the superior court against the borough for recovery of the taxes. If judgment for recovery is given against the borough, or, if in the absence of suit, it becomes obvious to the assembly that judgment for recovery of the taxes would be obtained if legal proceedings were brought, the borough shall refund the amount of the taxes to the taxpayer with interest at eight percent from the date of payment plus costs.

(b) If, in payment of taxes legally imposed, a remittance by a taxpayer through error or otherwise exceeds the amount due, and the borough, on audit of the account in question, is satisfied that this is the case, the borough shall refund the excess to the taxpayer with interest at eight percent from the date of payment. A claim for refund filed after one year of the due date of the tax is forever barred.

(c) The assembly may correct manifest clerical errors at anytime.

Comments: Changes in (a) includes language of section prior to 1972 rewrite and allows assembly to settle or refund without forcing taxpayer to file suit and obtain court judgment.

Sec. 29.45.545. COMBINING PROPERTY TAX WITH INCORPORATION. A petition for second class city incorporation may request that a property tax proposal be placed on the same ballot. The petition must state the proposed tax rate. The petition may request that incorporation be dependent upon the passage of the property tax proposition. If so, the incorporation proposition fails if the property tax fails.

EXPLANATION: This is a new section similar to the provision in 29.45.630 allowing an incorporation petition to be tied to imposition of a sales tax.

29.45.510. RETURN OF TAXES and Correction of Clerical errors
(c) The assembly may correct manifest clerical errors at any time.

Sec. 29.45.570. SALES AND USE TAX. (a) A borough may levy and collect a sales tax not exceeding six percent on sales, rents, and on services made within the borough. The sales tax may apply to any or all of these sources. Exemptions may be granted by ordinance.

(b) No change.

(c) No change.

(d) If the assembly of a home rule or general law borough charges interest on sales taxes not paid when due, the rate of interest may not exceed 15 percent a year upon the delinquent taxes and shall be charged from the due date until paid in full.

new (e) A borough may provide for the creation, recording, and notice of a lien on real or personal property to secure the payment of a sales or use tax, and for interest, penalties and administration costs in the event of delinquencies. A lien established under this section has the force, priority and duration of a judgment lien.

EXPLANATION: (a) changed to make it clear that tax can be levied on sales and rents, not just one or the other. (d) interest rate raised from eight to 15 percent. (e) added to allow liens for the collection of sales and use taxes.

new

Sec. 29.45.590. REFERENDUM, ADOPTION AND MODIFICATION. (a) A new sales tax or an increase in the rate of levy of a sales tax approved by the assembly by ordinance shall not take effect until ratified by a majority of the voters voting on the question at a regular or special election.

(b) uncharged

EXPLANATION: Simplifies the section and eliminates the provision that propositions may be brought only once a year.

Sec. 29.45.610. POWER OF LEVY. (a) A city within a borough which levies and collects a sales or use tax for areawide functions may levy a sales or use tax upon all sources taxed by the borough in the manner provided for a borough and may provide for a lien to secure payment of the tax as provided for a borough.

(b) A city within a borough which does not levy and collect a sale or use tax for areawide functions may levy and collect a sales or use tax in the manner provided for a borough and may provide for a lien to secure payment of the tax as provided for a borough.

Sec. 29.45.620. POWER OF LEVY AND COLLECTION. Repeal

EXPLANATION: Material contained in AS 29.45.620 has been combined into AS 29.45.610. The section has been altered to insure that a city may create a lien to secure payment of a sales and use tax as is recommended in AS 29.45.570 for boroughs.

CHAPTER 45. MUNICIPAL TAXATION

(Chapter 53. MUNICIPAL ASSESSMENT AND TAXATION

Article 1. MUNICIPAL PROPERTY TAX

Sec. 29.45.010. (Sec. 29.53.010.) GENERAL PROPERTY TAX. (a) Home rule and general law boroughs may levy (1) an areawide property tax for areawide functions, and (2) a property tax limited to the area outside cities for functions limited to the area outside cities. A property tax if levied must be assessed, levied and collected on real and personal property as provided in this chapter.

(b) Uni. Mun may levy areawide & non areawide prop. tax.

Sec. 29.45.020. (Sec. 29.73.070) TAXPAYER NOTICE. (a) If a municipality levies and collects real or personal property taxes, the governing body shall provide the following notice:

"NOTICE TO TAXPAYER"

For the current fiscal year the (city)(borough) has been allocated the following amount of state aid for school and municipal purposes under the applicable financial assistance Acts:

PUBLIC SCHOOL FOUNDATION PROGRAM ASSISTANCE (AS 14.17) $

STATE AID FOR RETIREMENT OF SCHOOL CONSTRUCTION DEBT (AS 43.18.100) $

MUNICIPAL TAX RESOURCE EQUALIZATION ASSISTANCE (AS 29.88) $

STATE AID FOR MISCELLANEOUS MUNICIPAL SERVICES (AS 29.89) $

TOTAL AID $

The millage equivalent of this state aid, based on the dollar value of a mill in the municipality during the current assessment year and for the preceding assessment year, is:

	MILLAGE EQUIVALENT	
	PREVIOUS YEAR	THIS YEAR
PUBLIC SCHOOL FOUNDATION PROGRAM ASSISTANCE	....MILLS	....MILLS
STATE AID FOR RETIREMENT OF SCHOOL CONSTRUCTION DEBT	....MILLS	....MILLS
MUNICIPAL TAX RESOURCE EQUALIZATION ASSISTANCE	....MILLS	....MILLS
STATE AID FOR MISCELLANEOUS MUNICIPAL SERVICES	....MILLS	....MILLS
TOTAL MILLAGE EQUIVALENT	....MILLS	....MILLS

Notice shall be provided

(1) by furnishing a copy of the notice with tax statements mailed for the fiscal year for which aid is received; or

(2) by publishing in a newspaper of general circulation within the municipality a copy of the notice once each week for a period of three successive weeks, with publication to occur not later than 45 days after the final adoption of the municipality's budget.

(b) If the municipality levies and collects only a sales tax, the governing body shall provide a notice substantially in the form set out in (a) of this section. In providing notice under this subsection, the council or assembly shall substitute for the millage equivalency its estimate of the equivalent sales tax rate for each of the categories of financial assistance set out in (a) of this section. Notice shall be provided

(1) by publishing in a newspaper of general circulation within the municipality a copy of the notice once each week for a period of three successive weeks, with publication to occur not later than 45 days after the final adoption of the municipality's budget; or

(2) if there is no newspaper of general circulation in the municipality, by posting a copy of the notice for at least 20 days in at least two public places within the municipality, with posting to occur not later than 45 days after the final adoption of the municipality's budget.

(c) Compliance with the provisions of this section is a prerequisite to receipt of municipal tax resource equalization assistance under AS 29.62 (AS 29.88) and state aid for miscellaneous municipal services under AS 29.62 (AS 29.89). The Department of Community and Regional Affairs shall withhold annual allocations under those chapters until municipal officials demonstrate that the requirements of this section have been met.

Sec. 29.45.030. (Sec. 29.53.020.) REQUIRED EXEMPTIONS. (a) The following property is exempt from general taxation:

(1) municipal, state or federally owned property, except that private leaseholds, contracts or other interest in the property shall be taxable to the extent of those interests;

(2) household furniture of the head of a family or a householder not exceeding $500 in value;

(3) property used exclusively for nonprofit religious, charitable, cemetery, hospital or educational purposes;

(4) property of a nonbusiness organization composed entirely of persons with 90 days or more of active service in the armed forces of the United States whose conditions of service and separation were other than dishonorable, or the property of the auxiliary of such organization;

(5) money on deposit;

(6) the real property of certain residents of the state to the extent and subject to the conditions provided in (e) of this section.

(b) "Property used exclusively for religious purposes" includes the following property owned by a religious organization:

(1) the residence of a bishop, pastor, priest, rabbi, minister or religious order of a recognized religious organization;

(2) a structure, its furniture and its fixtures used solely for public worship, charitable purposes, religious administrative offices, religious education or a nonprofit hospital;

(3) lots supporting and adjacent to a structure or residence mentioned in (1) or (2) of this subsection which are necessary to convenient use;

(4) lots required by local ordinance for parking near a structure defined in (2) of this subsection.

(c) Property described in (a) or (b) of this section from which income is derived is exempt only if that income is solely from use of the property by nonprofit religious, charitable, hospital, or educational groups for classroom space.

(d) Laws exempting certain property from execution under the Code of Civil Procedure (AS 09) do not exempt the property from taxes levied and collected by municipalities.

(e) The real property owned and occupied as a permanent place of abode by a resident 65 years of age or over is exempt from taxation of the assessed value of the real property. Only one exemption may be granted with respect to the same property and, if two or more persons are eligible for an exemption with respect to the same property, the parties shall decide between or among themselves which shall receive the benefit of the exemption. No real property may be exempted under this subsection which the assessor determines, after notice and hearing to the parties concerned, has been conveyed to the applicant primarily for the purpose of obtaining the exemption. The determination of the assessor is appealable under AS 44.62.560 and 44.62.570.

(f) No exemption may be granted except upon written application for the exemption on a form prescribed by the state assessor for use by local assessors. The claimant must file the application no later than January 15 of the assessment year for which the exemption is sought, but during the same year the governing body of the municipality for good cause shown may waive the claimant's failure to make timely application for exemption for that year and authorize the assessor to accept the application as if timely filed. The claimant must file a separate application for each assessment year in which the exemption is sought. If an application is filed within the required time and is approved by the assessor, he shall allow an exemption in accordance with the provisions of this section. If a claimant whose failure to file by January 15 of the assessment year has been waived as provided in this subsection and the application for exemption is approved, the amount of tax which the claimant may have already paid for the assessment year with respect to the property exempted shall be refunded to him. The assessor may at any time require proof in the form he considers necessary of the right and amount of an exemption claimed under this section.

(g) The state shall reimburse a borough or city, as appropriate, for the real property tax revenues lost to it by the operation of (e) of this section. However, reimbursement will be made to a borough or city for revenue lost to it only to the extent that the loss exceeds an exemption which was granted by the borough or city, or which upon proper application by an individual would have been granted by the borough or city, under AS 29.53.025(a).

(h) Except as provided in (g) of this section, nothing in (e) - (i) of this section affects similar exemptions from property taxes granted by municipalities on September 10, 1972 or prevents municipalities from granting similar exemptions by ordinance as provided in AS 29.53.025.

(i) In (e) - (i) of this section the term "real property" includes but is not limited to mobile homes, whether classified as real or personal property for municipal tax purposes.

Sec. 29.45.040. (Sec. 29.73.060.) PROPERTY TAX EQUIVALENCY PAYMENTS. (a) A resident of the state 65 years of age or older who rents a permanent place of abode is eligible for tax equivalency payments from the state through the Department of Community and Regional Affairs.

(b) For purposes of determining payments to eligible persons, the department shall calculate a property tax equivalent percentage for each home rule or general law municipality which levies a general property tax at the rate of one percent per mil. The property tax equivalent percentage applied to the annual rent charged to the applicant equals the property tax equivalency payment payable under this section.

(c) To obtain tax equivalency payments the eligible resident must apply to the department for payment for the preceding year by January 15 of each year on forms and in the manner prescribed by the department. Each applicant shall submit with the application rental receipts or, if rental receipts are not available, other evidence satisfactory to the department for determination of the fact of payment of rent and the amount paid.

(d) If two or more persons occupy a residence as tenants, not all of whom are eligible for tax equivalency payments under this section, the assessor shall determine equitable partial payments to be made to the eligible tenants. However, tax equivalency payments to an eligible applicant may not be reduced because the spouse is less than 65 years of age. If all occupants in a residence are eligible for tax equivalency payments under this section, the occupants shall decide between and among themselves which shall receive payment.

Sec. 29.45.050. (Sec. 29.53.025.) OPTIONAL EXEMPTIONS AND EXCLUSIONS. (a) Municipalities may exclude or exempt or partially exempt residential

property from taxation by ordinance ratified by the voters at a regular or special election. An exclusion or exemption authorized by this section may not exceed $10,000 for any one residence.

(b) Municipalities may by ordinance

(1) classify boats and vessels for purposes of taxation and may establish the assessed valuation of boats and vessels on the basis of their registered or certificated net tonnage; a tax based upon a tonnage valuation shall not exceed $5 a year for a boat or vessel of less than five net tons and shall not exceed $15 a year for a boat or vessel of more than five net tons;

(2) classify and exempt from taxation

(A) the household furniture over $500 in value and the effects of the head of a family or a householder; and

(B) the property of an organization not organized for business or profit-making purposes and used exclusively for community purposes, provided that income derived from rental of such property does not exceed the actual cost to the owner of the use by the renter; and

(C) historic sites, buildings and monuments;

(D) land of a nonprofit organization used for agricultural purposes if rights to subdivide the land are conveyed to the state and the conveyance includes a covenant restricting use of the land to agricultural purposes only; rights conveyed to the state under this subparagraph may be conveyed by the state only in accordance with AS 38.05.069(c).

(c) The provisions of (a) of this section notwithstanding,

(1) a home rule or first or second class borough may, by ordinance, adjust its property tax structure in whole or in part to the property tax structure of a city within it, including but not limited to,

WORK DRAFT COPY WORK DRAFT COPY WORK DRAFT COPY

excluding personal property from taxation, establishing exemptions, and extending the redemption period;

(2) a home rule or first class city shall have the same power to grant exemptions or exclude property from borough taxes that it has as to city taxes, provided that the exemptions or exclusions have been adopted as to city taxes and further provided that the city appropriate to the borough sufficient money to equal revenues lost by the borough because of the exemptions or exclusions, the amount to be determined annually by the assembly without weighted voting.

(3) a home rule or general law city within an organized borough may, by ordinance, adjust its property tax structure in whole or in part to the property tax structure of the borough, including but not limited to exempting or partially exempting property from taxation.

(d) Exemptions or exclusions from property tax which have been granted by home rule municipalities in addition to exemptions authorized or required by law, and which are in effect on September 10, 1972 and not later withdrawn, are not affected by this Act.

(e) Municipalities may by ordinance classify and exempt or partially exempt from taxation privately owned land, wet land and water areas for which a scenic, conservation, or public recreation use easement is granted to a governmental body. To be eligible for a tax exemption, or partial exemption, the easement must be in perpetuity. However, the easement is automatically terminated before an eminent domain taking of fee simple title or less than fee simple title to the property so that the property owner is compensated at a rate which does not reflect the easement grant.

(f) A municipality may by ordinance exempt from taxation all or any part of the increase in assessed value of improvements to real property if an increase in assessed value is direcly attributable to alteration of

the natural features of the land or new maintenance, repair or renovation of an existing structure and if the alteration, maintenance, repair or renovation, when completed, enhances the exterior appearance or aesthetic quality of the land or structure. No exemption may be allowed under this subsection for the construction of an improvement to a structure if the principal purpose of the improvement is to increase the amount of space for occupancy or nonresidential use within the structure or for the alteration of land as a consequence of construction activity. An exemption provided in this subsection may continue for up to four years from the date the improvement is completed or from the date of approval for the exemption by the local assessor, whichever is later.

(g) A municipality may by ordinance exempt from taxation all or any part of the increase in assessed value of improvements to a single family dwelling if the principal purpose of the improvement is to increase the amount of space for occupancy. An exemption provided in this subsection may continue for up to two years from the date the improvement is completed or from the date of approval of an application for the exemption by the local assessor, whichever is later.

Sec. 29.45.060. (Sec. 29.53.030.) MINING CLAIMS. The assessed value of an unimproved unpatented mining claim which is not producing, and a nonproducing patented mining claim upon which the improvements originally required for patent have become useless and valueless through depreciation, removal or otherwise, is fixed at $200 for each 20 acres or fraction of 20 acres. If the surface ground of a claim has a separate and independent value for nonmining uses, the real and personal property is assessed at its full and true value.

Sec. 29.45.070. (Sec. 29.53.035.) FARM OR AGRICULTURAL LANDS. (a) Farm use lands included in a farm unit and not dedicated or being used for nonfarm purposes shall be assessed on the basis of full and true value for farm use, and shall not be assessed as if subdivided or used for some other

nonfarm purpose. The assessor shall maintain records valuing the farm use land for both full and true value and farm use value. Should the farm use land be sold, leased, or otherwise disposed of for uses incompatible with farm use or be converted to a use incompatible with farm use by the owner, the owner is liable to pay an amount equal to the additional tax at the current mill levy together with eight percent interest for the preceding seven years, as though the land had not been assessed for farm use purposes. Payment by the owner shall be made to the state to the extent of its reimbursement for revenue loss under (e) of this section for the preceeding seven years. The balance of the payment shall be made to the city or borough.

(b) An owner of farm use land must, to secure the assessment, make application to the assessor before May 15 of each year in which the assessment is desired. The application shall be made upon forms prescribed by the state assessor for the use of the local assessor and shall include information which may reasonably be required to determine the entitlement of the applicant. If the farm use land is leased for farm use purposes, the applicant shall furnish to the assessor a copy of the lease bearing the signatures of both lessee and lessor along with the completed application. The applicant shall furnish the assessor a copy of the lease covering the period for which the exemption is requested.

(c) In this section "farm use" means the use of land for raising and harvesting crops or for the feeding, breeding and management of livestock or for dairying or another agricultural use for profit or any combination thereof. To be farm use land, the owner or the lessee must be actively engaged in farming the land, and derive at least 10 per cent of his yearly gross income from the farm use land. The provisions of this section do not apply to land respecting which the owner has granted, and has outstanding, a lease or option to buy the surface rights. A property owner

wishing to file for farm use classification having no history of farm-related income may submit a declaration of intent at the time of filing the application with the assessor setting out the intended use of the land and the anticipated percentage of income. An applicant using this procedure shall file with the assessor before February 1 of the following year a notarized statement of the percentage of gross income attributable to the farm use land. Failure to make the filing required in this subsection forfeits the exemption.

(d) In the event of a crop failure by an act of God the previous year, the owner or lessee may submit an affidavit affirming that 10 percent of his gross income for the past three years was from farming.

(e) Subject to legislative appropriations for the purpose, the state shall reimburse a borough or city, as appropriate, for the real property tax revenues lost to it by the operation of this section.

Sec. 29.45.080. (Sec. 29.53.040.) MOBILE HOMES. Mobile homes, trailers, house trailers, trailer coaches and similar property used or intended to be used for residential, office or commercial purposes and attached to the land or connected to water, gas, electric or sewage facilities are classed as real property for tax purposes except where expressly classified as personal property by ordinance. This section does not apply to house trailers and mobile homes which are unoccupied and held for sale by persons engaged in the business of selling mobile homes.

Sec. 29.45.090. (Sec. 29.53.045.) TAX ON OIL AND GAS PRODUCTION AND PIPELINE PROPERTY. (a) A municipality may levy and collect taxes on taxable property taxable under AS 43.56 only by using one of the methods set out in (b) or (c) of this section.

(b) A municipality may levy and collect a tax on the full and true value of taxable property taxable under AS 43.56 as valued by the Department of Revenue at a rate not to exceed that which produces an amount

of revenue from the total municipal property tax equivalent to $1,500 a year for each person residing within its boundaries.

(c) A municipality may levy and collect a tax on the full and true value of that portion of taxable property taxable under AS 43.56 as assessed by the Department of Revenue which value, when combined with the value of property otherwise taxable by the municipality, does not exceed the product of 225 percent of the average per capita assessed full and true value of property in the state multiplied by the number of residents of the taxing municipality. For purposes of this subsection the average per capita assessed full and true value of property in the state shall be calculated without regard to the assessed value of taxable property under AS 43.58.

(d) By February 1 of each assessment year a taxing municipality must inform the Department of Revenue which method of taxation the municipality will use.

(e) For purposes of this section, population shall be determined by the commissioner of community and regional affairs based on the latest statistics of the United States Bureau of the Census or on other reliable population data, and shall advise each municipality of its population as so determined by January 15 of each year.

Sec. 29.45.100. (Sec. 29.53.050.) TAX LIMITATION. (a) No municipality may levy and tax for any purpose in excess of three percent of the assessed valuation of property within the municipality in any one year.

(b) No municipality, or combination of municipalities occupying the same geographical area, in whole or in part, may levy taxes (1) which will result in tax revenues from all sources exceeding $1,000 a year for each person residing within their boundaries or (2) upon values which, when combined with the value of property otherwise taxable by the municipality, exceed the product of 225 percent of the average per capita assessed full and true value of property in the state multiplied by the number of

residents of the taxing municipality. If two or more municipalities occupying the same geographical area, in whole or in part, attempt to levy a tax (1) the combined levy of which would result in tax revenues from all sources exceeding $1,000 a year for each person residing within their boundaries or (2) upon value which, when combined with the value of property otherwise taxable by the municipality, exceed the product of 225 per cent of the average per capita assessed full and true value of property in the state multiplied by the number of residents of the taxing municipality, the commissioner of community and regional affairs shall apportion the lawful levy and equitably divide these revenues on the basis of need, services performed and other considerations in the public interest. For the purpose of this subsection, population shall be determined by the commissioner of community and regional affairs based on the latest statistics of the United States Bureau of the Census or on other reliable population data. For purposes of this subsection the average per capita assessed full and true value of property in the state shall be calculated without regard to the assessed value of taxable property under AS 43.58.

Sec. 29.45.110. (Sec. 29.53.055.) NO LIMITATIONS ON TAXES TO PAY BONDS. The limitations provided for in Sec. 45 or 50 of this chapter do not apply to taxes levied or pledged to pay or secure the payment of the principal and interest on bonds. Taxes to pay or secure the payment of principal and interest on bonds may be levied without limitation as to rate or amount, regardless of whether the bonds are in default or in danger of default.

Sec. 29.45.120. (Sec. 29.53.060.) FULL AND TRUE VALUE. (a) The assessor shall assess property at its full and true value as of January 1 of the assessment year, except as provided in this section and Secs. 30, 35 and 160 of this chapter. The full and true value is the estimated price which the property would bring in an open market and under the then prevailing

market conditions in a sale between a willing seller and a willing buyer both conversant with the property and with prevailing general price levels.

(b) Assessment of business inventories may be based on the average monthly method of assessment rather than the value existing on January 1. The method used to assess business inventories shall be prescribed by the borough assembly.

(c) In the case of cessation of business during the tax year, the assembly may provide for reassessment of business inventories using the average monthly method of assessment for the tax year rather than the value existing on January 1 of the tax year, and for reduction and refund of taxes. In enacting an ordinance authorized by this section, the assembly may prescribe procedures, restrictions, and conditions of assessing or reassessing business inventories and of remitting or refunding taxes.

Sec. 29.45.130. (Sec. 29.53.070.) RETURNS. (a) The assembly may require every person having ownership or control of or an interest in property to submit a return in the form prescribed by the assessor, based on property values existing on January 1, except as otherwise provided in this chapter.

(b) The assessor may, by written notice, require a person to provide additional information within 30 days.

Sec. 29.45.140. (Sec. 29.53.080.) INDEPENDENT INVESTIGATION. (a) The assessor is not bound to accept a return as correct. He may make an independent investigation of property returned or of taxable property upon which no return has been filed. In either case, the assessor may make his own valuation of the taxable property, which is prima facie evidence.

(b) For investigation, the assessor or his agent may enter any premise during reasonable hours and may examine property on the premises. He may examine all property records involved. A person shall, upon request, furnish to the assessor or his agent every facility and assistance for the

market conditions in a sale between a willing seller and a willing buyer both conversant with the property and with prevailing general price levels.

(b) Assessment of business inventories may be based on the average monthly method of assessment rather than the value existing on January 1. The method used to assess business inventories shall be prescribed by the borough assembly.

(c) In the case of cessation of business during the tax year, the assembly may provide for reassessment of business inventories using the average monthly method of assessment for the tax year rather than the value existing on January 1 of the tax year, and for reduction and refund of taxes. In enacting an ordinance authorized by this section, the assembly may prescribe procedures, restrictions, and conditions of assessing or reassessing business inventories and of remitting or refunding taxes.

Sec. 29.53.130. (Sec. 29.53.070.) RETURNS. (a) The assembly may require every person having ownership or control of or an interest in property to submit a return in the form prescribed by the assessor, based on properry values existing on January 1, except as otherwise provided in this chapter.

(b) The assessor may, by written notice, require a person to provide additional information within 30 days.

Sec. 29.45.140. (Sec. 29.53.080.) INDEPENDENT INVESTIGATION. (a) The assessor is not bound to accept a return as correct. He may make an independent investigation of property returned or of taxable property upon which no return has been filed. In either case, the assessor may make his own valuation of the taxable property, which is prima facie evidence.

(b) For investigation, the assessor or his agent may enter any premise during reasonable hours and may examine property on the premises. He may examine all property records involved. A person shall, upon request, furnish to the assessor or his agent every facility and assistance for the

purposes of the investigation. If refused entry, the assessor may seek a court order to compel entry.

(c) An assessor may examine a person on oath. Upon request, the person shall present himself for examination by the assessor.

Sec. 29.45.150. (Sec. 29.53.090.) STATEMENT. A person who fails to file a statement required by ordinance or who knowingly makes a false affidavit to a statement required by a tax ordinance relative to the amount, location, kind or value of property subject to taxation with intent to evade the taxation, is guilty of a misdemeanor. Upon conviction, he is punishable by a fine of not more than $500, or by imprisonment for not more than 30 days, or by both, together with costs of prosecution.

Sec. 29.45.160. (Sec. 29.53.095.) REEVALUATION. A systematic reevaluation of taxable real and personal property undertaken by the assessor, whether of specific areas in which real property is located or of specific classes of real or personal property to be assessed, shall be made only in accordance with a resolution or other act of the assembly directing a systematic reevaluation of all taxable property within the borough over the shortest period of time practicable, as determined by the assembly and fixed in the resolution or other act of the assembly.

Sec. 29.45.170. (Sec. 29.53.100.) ASSESSMENT ROLL. (a) The assessor shall prepare an annual assessment roll. The roll contains

(1) a description of all taxable property;

(2) the assessed value of all taxable property;

(3) the names and addresses of persons with property subject to assessment and taxation.

(b) The assessor may list real property by any description that may be made certain. Real property is assessed to the owner of record as shown in the records of the district recorder, who shall at least monthly provide the assessor a copy of each recorded change of ownership showing the

name and mailing address of the owner and the name and mailing address of the party recording the change of ownership. Other persons having an interest in the property may be listed on the assessment records with the owner. The person in whose name property is listed as owner is conclusively presumed to be the legal owner of record. If the property owner is unknown, the property may be assessed to "unknown owner." No assessment is invalidated by a mistake, omission or error in the name of the owner, if the property is correctly described.

Sec. 29.45.180. (Sec. 29.53.110.) ASSESSMENT NOTICE. (a) The assessor shall give every person named in the assessment roll a notice of assessment, showing the assessed value of his property. On each notice is printed a brief summary of the dates when taxes are payable, delinquent and subject to penalty and interest, and the dates when the board of equalization will sit.

(b) Sufficient assessment notice is given if mailed by first class mail 30 days before the equalization hearings. If the address is not known to the assessor, the notice may be addressed to the person at the post office nearest the property. Notice is effective on the date of mailing.

Sec. 29.45.190. (Sec. 29.53.120.) CORRECTIONS. (a) A person receiving an assessment notice shall advise the assessor of errors or ommissions in the assessment of his property. The assessor may correct errors or ommissions in the roll before the board of equalization hearing.

(b) If errors found in the preparation of the assessment roll are adjusted, the assessor shall mail a corrected notice allowing 30 days for appeal to the board.

Sec. 29.45.200. (Sec. 29.53.130.) APPEAL. (a) A person whose name appears on the assessment roll or his agent or assigns may appeal to the board of equalization for relief from an alleged error in valuation not adjusted by the assessor to the taxpayer's satisfaction.

(b) The appellant shall, within 30 days from the date of mailing of notice of assessment, submit to the assessor a written appeal specifying grounds in the form which the board may require. Otherwise, the right of appeal ceases unless the board finds that the taxpayer was unable to comply.

(c) The assessor shall notify appellants by mail of the time and place of their hearing.

(d) The assessor shall prepare for use by the board a summary of assessment data relating to each assessment which is appealed.

(e) A city may appeal an assessment to the board of equalization in the same manner as a taxpayer. Within five days after receipt of the appeal, the assessor shall notify the person whose property assessment is being appealed by the city.

Sec. 29.45.210. (Sec. 29.53.135.) BOARD OF EQUALIZATION. The assembly sits as a board of equalization for the purpose of hearing any appeal from determinations of the borough assessor, or it may delegate this authority to a board appointed by it for that purpose. The board of equalization shall consist of at least that number of members of the assembly over and above the number required for a quorum to transact business. The board is governed in its proceedings by such procedures consistent with general rules of administrative law and the laws governing equalization proceedings as may be adopted by ordinance, including but not limited to quorum and voting requirements. The assembly shall by ordinance adopt rules for the membership and conduct of the board.

Sec. 29.45.220. (Sec. 29.53.140.) HEARING. (a) If an appellant fails to appear, the board of equalization may proceed with the hearing in his absence.

(b) The appellant bears the burden of proof.

(c) The only grounds for adjustment is proof of unequal, excessive or improper valuation based on facts which are stated in a valid written appeal timely filed or proved at the hearing.

(d) The board shall certify its actions to the assessor within seven days.

(e) The assessor shall enter the changes and certify the final assessment roll by June 1.

(f) An appellant may appeal to the superior court for, and is entitled to, trial de novo of the board's action. Either party to the appeal may demand a jury trial.

Sec. 29.45.230. (Sec. 29.53.150.) SUPPLEMENTARY ASSESSMENT ROLLS. The assessor shall include property omitted from the assessment roll on a supplementary roll, using the procedures set out in this chapter for the original roll.

Sec. 29.45.240. (Sec. 29.53.160.) TAX ADJUSTMENTS ON PROPERTY AFFECTED BY A NATURAL DISASTER. (a) The assembly may provide for reassessment and reduction of taxes for property destroyed, damaged, or otherwise reduced in value as a result of a natural disaster.

(b) A reassessment may be made by the assessor only upon the receipt of a sworn statement of the taxpayer that his losses exceed $1,000. A reduction of taxes may be made only on losses in excess of $1,000 for the remainder of the year following the disaster. Upon reassessment, the borough shall recompute this tax and refund taxes which have already been paid.

(c) The borough shall make notice of assessment or reassessment and shall hold an equalization hearing as provided in this chapter, except that a notice of appeal is filed with the board of equalization within 10 days after notice of assessment is given to the person appealing. Otherwise, the right of appeal ceases unless the board finds that the taxpayer is unable to comply.

(d) In enacting an ordinance or resolution authorized by this section, the assembly may, consistent with this section, prescribe

procedures, restrictions and conditions of assessing or reassessing property and of remitting, refunding or forgiving taxes.

(e) In this section "disaster" means a major disaster declared by the President of the United States under the provisions of the Federal Disaster Act of 1950, Title 42, United States Code, sec. 1855-1855g, or other federal law.

Sec. 29.45.250. (Sec. 29.53.170.) TAX LEVY AND RATE. (a) The power granted to the assembly to assess, levy and collect a general property tax shall be exercised by means of general ordinances, but the rate of levy, the date of equalization and the date when taxes become delinquent shall be fixed by resolution.

(b) The assembly shall annually determine the rate of levy before June 15. By July 1 the tax collector shall mail tax statements setting out the levy, dates when taxes are payable and delinquent, and penalties and interest.

Sec. 29.45.260. (Sec. 29.53.180.) RATES OF PENALTY AND INTEREST. (a) If the taxpayer is required to pay the entire tax on the due date set by the assembly, a penalty not to exceed 10 percent may be added to all delinquent taxes, and interest at the rate of eight percent a year shall accrue upon all unpaid taxes, not including penalty, from the due date until paid in full. If the taxpayer is given the right to pay the tax in two installments and the first half is not paid when due, the entire tax becomes delinquent and penalty and interest accrue as follows:

(1) if the first half is paid when due, the second half is payable on the due date fixed by the assembly for the second half and if not paid is delinquent after that date;

(2) a penalty not to exceed eight percent shall be added to all taxes delinquent until the due date fixed for payment of the second half, and interest at the rate of eight percent a year shall be charged on

the whole of the unpaid taxes, not including penalty, from due date until paid in full;

(3) after the due date for the payment of the second half, a total penalty of not more than 10 percent may be added to all delinquent taxes, and interest at the rate of eight percent a year shall accrue upon all unpaid taxes, not including penalties, from due date until date paid in full.

(b) If the assembly imposes a penalty for the nonpayment of property taxes when due, or the late return of personal property assessment forms, the rate of penalty or combined rates of penalty may not exceed 10 percent of the tax due on the property concerned.

(c) If the assembly charges interest on property taxes not paid when due, the rate of interest may not exceed eight percent a year upon the delinquent taxes and shall be charged from the due date until paid in full.

ARTICLE 2. ENFORCEMENT OF TAX LIENS

Sec. 29.45.290. (Sec. 29.53.200.) VALIDITY. Certified assessment and tax rolls are valid and binding on all persons, notwithstanding any defect, error, omission or invalidity in the assessment rolls or proceedings pertaining to the assessment roll.

Sec. 29.45.300. (Sec. 29.53.210.) TAX LIABILITY. (a) The owner of personal property assessed is personally liable for the amount of taxes assessed against his property. The tax, together with penalty and interest, may be collected in a personal action brought in the name of the borough.

(b) Real property taxes, together with penalty and interest, are a lien upon the property assessed, and the lien is prior and paramount to all other liens or encumbrances against the property.

Sec. 29.45.310. (Sec. 29.53.220.) ENFORCEMENT OF PERSONAL PROPERTY TAX LIENS BY DISTRAINT AND SALE. The lien of personal property taxes may be enforced by distraint and sale of the property. The assembly shall provide

the procedure for distraint and sale by ordinance. No seizure, levy or distraint is legal unless demand is first made of the person assessed for the amount of the tax, penalty and interest, and no sale is valid unless made at public auction after 15 days notice given by posting or publication. The seizure is made by virtue of a warrant issued by the borough clerk to a peace officer. If the property sold is not sufficient to satisfy the tax, penalty, interest, and costs of sale, the warrant may authorize the seizure of other personal property sufficient to satisfy the tax, penalty, interest and costs of sale.

Sec. 29.45.320. (Sec. 29.53.230.) REAL PROPERTY TAX COLLECTION. (a) The borough shall enforce delinquent real property tax liens by annual foreclosure, unless otherwise provided by ordinance.

(b) If the tax on property described in Sec. 40 of this chapter or on a leasehold interest in tax exempt property is not paid when due, a borough may enforce the tax by a personal action against the delinquent taxpayer brought in the district or superior court, in addition to other remedies available to the borough to enforce the lien.

Sec. 29.45.330. (Sec. 29.53.240.) FORECLOSURE LIST. (a) The borough shall

(1) annually present a petition for judgment and a certified copy of the foreclosure list for the previous year's delinquent taxes in the superior court for judgment;

(2) publish the foreclosure list for four consecutive weeks in a newspaper of general circulation distributed within the borough or, if there is no newspaper of general circulation distributed within the borough, post the list at three public places for at least 30 days;

(3) within 10 days after the first publication or posting, mail to the last known owner of each property as his name and address appear on the list a notice advising of the foreclosure proceeding in which a

petition for judgment of foreclosure has been filed and describing the property and the amount due as stated on the list.

(b) The list shall be arranged in alphabetical order as to the last name and shall include

(1) the last known owner;

(2) the property description as stated on the assessment roll;

(3) years and amounts of deliquency;

(4) penalty and interest due;

(5) a statement that the list is available for public inspection at the clerk's office;

(6) a statement that the list has been presented to the superior court with a petition for judgment and decree.

(c) Completion of the requirements of (a) of this section constitutes and has the same force and effect as the filing of an individual and separate complaint and service of summons to foreclose a lien against each property described on the foreclosure list.

Sec. 29.45.340. (Sec. 29.53.250.) CLEARING DELINQUENCIES. During the publication or posting of the foreclosure list and up to the time of transfer to the borough a person may pay the taxes, together with the penalty, interest and costs. The collector shall note payment on the foreclosure list.

Sec. 29.45.350. (Sec. 29.53.260.) LIST TO LIENHOLDER. A holder of a mortgage or other lien on real property may request the clerk to send by certified mail notice of a foreclosure list which includes such real property.

Sec. 29.45.360. (Sec. 29.53.270.) GENERAL FORECLOSURE. The borough shall bring one general foreclosure proceeding in rem against the properties included in the list. If the owner is unknown, the property is proceeded

against as belonging to "unknown owner." Tax foreclosure proceedings have priority over all other civil proceedings except board of adjustment appeals as provided in AS 29.33.130(e).

Sec. 29.45.370. (Sec. 29.53.280.) ANSWER AND OBJECTION. A person having an interest in a tract on the foreclosure list may file an answer within 30 days of the date of last publication, specifying his objection. The court shall make its decision in summary proceedings. The foreclosure list is prima facie evidence that the assessment and levy of the tax is valid and that the tax is unpaid.

Sec. 29.45.380. (Sec. 29.53.290.) JUDGEMENT. The court shall in a proper case give judgment and decree that the tax liens be foreclosed. It is a several judgment against and a lien on each parcel.

Sec. 29.45.390. (Sec. 29.53.300.) TRANSFER AND APPEAL. (a) Foreclosed properties are transferred to the borough for the lien amount. When answers are filed the court may enter judgment against and order the transfer to the borough of all other properties on the list pending determination of the matters in controversy. The court shall hear and determine the issues raised by the complaint and answers in the same manner and under the same rules as it hears and determines other actions.

(b) The court clerk shall deliver a certified copy of the judgment and decree to the borough clerk. The certified judgment and decree constitutes a transfer to the borough.

(c) The judgment and decree stops objections to it which could have been presented before judgment and decree.

(d) Appeal from a judgment and decree of foreclosure, or from a final order in the proceeding, may be taken in the manner provided for appeals in civil actions.

Sec. 29.45.400. (Sec. 29.53.310.) REDEMPTION PERIOD. (a) Properties transferred to the borough are held by the borough for at least one year.

During the redemption period a party having an interest in the property may redeem it by paying the lien amount plus penalties, interest and costs, including all costs incurred under Sec. 350(a) of this chapter. Property redeemed is subject to all taxes, assessments, liens and claims as though it had continued in private ownership. Only the amount applicable under the judgment and decree must be paid in order to redeem the property.

(b) A person holding a mortgage or other lien of record covering a part only of a parcel of real property included in the judgment and decree of foreclosure may redeem that part by paying the proportionate amount applicable under the judgment and decree.

Sec. 29.45.410. (Sec. 29.53.320.) EFFECT. Receipt of redemption money by the clerk releases all claims of the borough to the property. The clerk shall record the redemption and issue a certificate containing a property description, the redemption amount, and the dates of judgment and decree of foreclosure. The clerk shall file the certificate with the recorder and collect the recording fee from the person redeeming at the time of redemption. The court clerk shall file the certificate as part of the judgment roll.

Sec. 29.45.420. (Sec. 29.53.330.) ADDITIONAL LIENS. If a property included in a foreclosure list is removed after payment of delinquencies or redemption by another lienholder, the payment represented by receipt for payment constitutes an additional lien on the property, collectible by the lienholder in the same manner as the original lien.

Sec. 29.45.430. (Sec. 29.53.340.) POSSESSION DURING REDEMPTION PERIOD. Foreclosure does not affect the former owner's right to possession during the redemption period. In the event that waste is committed by the former owner, or by anyone acting under his permission or control, the borough may declare an immediate forfeiture of the right to possession.

Sec. 29.45.440. (Sec. 29.53.350.) EXPIRATION. (a) At least 30 days before the expiration of the redemption period the clerk shall publish a redemption period expiration notice. The notice shall contain the date of judgment, the date of expiration of the period of redemption and a warning to the effect that all properties ordered sold under the judgment, unless redeemed, shall be deeded to the borough or city immediately on expiration of the period of redemption and that every right or interest of any person in the properties will be forfeited forever to the borough or city. The notice is published once a week for four consecutive weeks in a newspaper of general circulation distributed within the borough. If there is no newspaper of general circulation distributed within the borough, the notice is posted in three public places for at least four consecutive weeks. The clerk shall send a copy of the published notice by certified mail to each record owner of property against which a judgment of foreclosure has been taken and, if the assessed value of the property is more than $10,000, to all holders of mortgages or other liens of record on the property. The notice shall be mailed within five days of the first publication. The mailing shall be sufficient if mailed to the property owner and to the holder of a mortgage or recorded lien at the last address of record. The right of redemption shall expire 30 days after the date of the first publication notice.

(b) Costs incurred in the determination of holders of mortgages and other liens of record and costs of publication of notice incurred by a municipality under (a) of this section are a lien on the property and may be recovered by the municipality.

Sec. 29.45.450. (Sec. 29.53.360.) DEED TO BOROUGH OR CITY. (a) Unredeemed properties in the area of the borough outside cities are deeded to the borough by the clerk of the court. Unredeemed properties within a city are deeded to the city subject to the payment by the city of unpaid

borough taxes and costs of foreclosure levied against the property before foreclosure. The deeds shall be recorded in the recording district in which the property is located.

(b) Conveyance gives the borough or the city clear title except for prior recorded liens of the United States and the state.

(c) If unredeemed property lies within a city and if the city has no immediate public use for the property but the borough does have an immediate public use, the city shall deed the property to the borough. If unredeemed property lies within the borough outside a city and if the borough does not have an immediate public use for the property but the city does have an immediate public use, the borough shall deed the property to the city.

(d) No deed is invalid for irregularities, omissions or defects, unless the former owner has been misled to his injury. After two years from the date of the deed, its validity is conclusively presumed and any claim of the former owner is forever barred.

Sec. 29.45.460. (Sec. 29.53.370.) DISPOSITION AND SALE OF FORECLOSED PROPERTIES. (a) The assembly of a borough or council of a city shall determine by ordinance whether foreclosed property deeded to the municipality under Sec. 360 of this chapter shall be retained by the municipality for a public purpose. The ordinance shall contain the legal description of the property, the address or a general description of the property sufficient to provide the public with notice of its location, and the name of the last record owner of the property as his name appears on the assessment rolls of the municipality.

(b) Tax-foreclosed properties conveyed to a borough or city by tax foreclosure and not required for a public purpose may be sold. Before the sale of tax-foreclosed property held for a public purpose, the assembly or council, by ordinance, shall determine that a public need does not exist. The ordinance shall contain the information required in (a) of this section.

(c) The clerk shall send a copy of the published notice of hearing of an ordinance to consider a determination required by (a) or (b) of this section by certified mail to the former record owner of the parcel of property which is the subject of the ordinance. The notice shall be mailed within five days of its first publication and shall be sufficient if mailed to the property owner at the last address of record.

(d) The provisions of (c) of this section do not apply with respect to property which has been held by the municipality for a period of more than 10 years after the close of the redemption period.

Sec. 29.45.470. (Sec. 29.53.375.) REPURCHASE BY RECORD OWNER. (a) The record owner at the time of tax foreclosure of property acquired by a borough or city, or his assigns, may, at any time before the sale or contract of sale of the tax-foreclosed property by the borough or city, repurchase the property. The borough or city shall sell the property for the full amount applicable to the property under the judgment and decree, with interest at the rate of eight percent a year from the date of entry of the judgment of foreclosure to the date of repurchase, delinquent taxes assessed and levied as though it had continued in private ownership, and costs of foreclosure and sale, including, but not limited to, costs of publication of notice and any costs associated with the determination of holders of mortgages and other liens of record under Sec. 350(a) of this chapter.

(b) After adoption of an ordinance providing for the retention of a parcel of tax-foreclosed property by the municipality for a public purpose, the right of the former record owner to repurchase the property ceases.

Sec. 29.45.480. (Sec. 29.53.380.) PROCEEDS OF TAX SALE. (a) Upon sale of foreclosed real or personal property the borough or city shall divide the proceeds less cost of collection, between the borough and

the city having unpaid taxes against the property. The division is in proportion to the respe tive municipal taxes against the property at the time of foreclosure.

(b) The former record owner of tax-foreclosed real property which has been held by a municipality for less than 10 years after the lose of the redemption period and never designated for a public purpose which is sold at a tax-foreclosure sale is entitled to the portion of the proceeds of the sale which exceeds the amount sufficient to satisfy unpaid taxes, delinquent taxes assessed and levied as if the property had continued in private ownership, penalty, interest and costs of property sold, including costs inc rred under Sec. 350(a) of this chapter. If the proceeds of the sale of tax-foreclosed property exceed the total of unpaid and delinquent taxes, penalty, interest, and costs, the borough or city shall provide the former owner of the property written notice advising of the amount of the excess and the manner in which a claim for the balance of the proceeds may be submitted. Notice is sufficient under this subsection if mailed to the former owner at his last address of record. Upon presentation of a proper claim, the municipality shall remit the excess to the former record owner. A claim for the excess filed after six months of the date of sale is forever barred.

Sec. 29.45.490. (Sec. 29.53.385.) PAYMENT OF TAXES UPON PUBLIC UTILIZATION. If a city or borough holds or takes title to tax-foreclosed property for a public purpose, the city or borough shall satisfy unpaid taxes and assessments against the property held by other municipalities, with accrued interest but without penalty. If the amount required to satisfy the unpaid taxes and assessments exceeds the assessed valuation of the property, the city or borough shall pay the other municipalities the assessed valuation, which shall be divided between the other municipalities in proportion to their respective taxes and assessments against the property at the time of foreclosure.

Sec. 29.45.510. (Sec. 29.53.390.) REFUND OF TAXES. (a) If a taxpayer pays taxes under protest, he may bring suit in the superior court against the borough for recovery of the taxes. If judgment for recovery is given against the borough, the borough shall refund the amount of the taxes to the taxpayer with interest at eight percent from the date of payment plus costs.

(b) If, in payment of taxes legally imposed, a remittance by a taxpayer through error or otherwise exceeds the amount due, and the borough, on audit of the account in question, is satisfied that this is the case, the borough shall refund the excess to the taxpayer with interest at eight percent from the date of payment. A claim for refund filed after one year of the due date of the tax is forever barred.

A property tax, if levied, shall be levied in the manner provided for borough levies in Sec. 170(a) of this chapter and is subject to Secs. 10-25, 50-55 and 310-350 of this chapter. The council shall by June 15 of each year present to the borough assembly a statement of the city's rate of levy, unless a different date is agreed upon by the borough and city.

Sec. 29.45.540. (Sec. 29.53.410.) LIMITED PROPERTY TAXING POWER FOR SECOND CLASS CITIES. A second class city may by referendum levy real and personal property taxes as provided for first class cities. However, levy by a second class city may not exceed one-half of one percent of the assessed valuation of the property taxed, except that the limit does not apply to a levy necessary to avoid a default upon payment of principal and interest of bonded or other indebtedness which is secured by a pledge to levy ad valorem or other taxes without limit to meet debt payments.

ARTICLE 4. BOROUGH SALES & USE TAX

Sec. 29.45.570. (Sec. 29.53.415.) SALES AND USE TAX. (a) A borough may levy and collect a sales tax not exceeding six percent on sales or

rents, and on services made within the borough. The sales tax may apply to any or all of these sources. Exemptions may be granted by ordinance.

(b) A borough levying a sales tax may also by ordinance levy a use tax on the storage, use or consumption of tangible personal property within the borough. The use tax rate must equal the sales tax rate and the use tax shall be levied only upon buyers.

(c) A person who furnishes proof, in the form required by the borough tax collector, that he has paid a sales tax on the source on which a use tax is levied by the borough is required to pay the use tax only to the extent of the difference between the amount of the sales tax paid and the amount of the use tax levied by the borough. This subsection applies to a sales tax levied in any taxing jurisdiction whether in or outside the state.

(d) If the assembly of a home rule or general law borough charges interest on sales taxes not paid when due, the rate of interest may not exceed ~~eight~~ 15 percent a year upon the delinquent taxes and shall be charged from the due date until paid in full.

Sec. 29.45.590. (Sec. 29.53.420.) REFERENDUM, ADOPTION AND MODIFICATION. (a) The assembly shall hold a referendum vote on the question of enacting a sales tax or increasing the rate of levy of sales taxes. Borough sales tax propositions may be presented only once in any 12-month period. A sales tax proposition may be submitted to the voters at a regular or special election or at a general election of the state.

(b) If the proposition receives a majority of the votes cast, the assembly may enact the sales tax or increase the rate of the sales tax as a levy upon buyers, sellers, or both. The sales tax is collected at the time of sale or at the time of payment in credit transactions and transmitted to the borough.

Sec. 29.45.620. (Sec. 29.53.450.) POWER OF LEVY AND COLLECTION. Cities within a borough which does not levy and collect sales or use taxes for areawide borough functions may levy and collect sales or use taxes in the manner provided for boroughs.

Sec. 29.45.630. (Sec. 29.53.460.) COMBINING SALES TAX WITH INCORPORATION. A petition for second class city incorporation may request that a sales tax proposal be placed on the same ballot. The petition must state the proposed tax rate. The petition may request that incorporation be dependent upon the passage of the sales tax proposition. If so, the incorporation proposition fails if the sales tax fails.

(b) If the municipality levies and collects only a sales tax, the governing body shall provide a notice substantially in the form set out in (a) of this section. In providing notice under this subsection, the council or assembly shall substitute for the millage equivalency its estimate of the equivalent sales tax rate for each of the categories of financial assistance set out in (a) of this section. Notice shall be provided

(1) by publishing in a newspaper of general circulation within the municipality a copy of the notice once each week for a period of three successive weeks, with publication to occur not later than 45 days after the final adoption of the municipality's budget; or

Sec. 29.45.030. Required exemptions. (a) The following property is exempt from general taxation:

(1) municipal, state or federally owned property, except that private leaseholds, contracts or other interest in the property shall be taxable to the extent of those interests;

(2) household furniture of the head of a family or a household [~~not exceeding $500 in value~~];

(3) property used exclusively for nonprofit religious, charitable, cemetery, hospital or educational purposes;

(4) property of a nonbusiness organization composed entirely of persons with 90 days or more of active service in the armed forces of the United States whose conditions of service and separation were other than dishonorable, or the property of the auxiliary of such organization;

(5) money on deposit;

(6) the real property of certain residents of the state to the extent and subject to the conditions provided in (e) of this section.

(7) real property to the extent and subject to the conditions provided in (j) of this section.

(b) "Property used exclusively for religious purposes" includes the following property owned by a religious organization:

(1) the residence of a bishop, pastor, priest, rabbi, minister or religious order of a recognized religious organization.

(2) a structure, its furniture and its fixtures used solely for public worship, charitable purposes, religious administrative offices, religious education or a nonprofit hospital;

of persons there

(3) lots supporting and adjacent to a structure or residence mentioned in (1) or (2) of this subsection which are necessary to convenient use;

(4) lots required by local ordinance for parking near a structure defined in (2) of this subsection.

(c) Property described in (a) or (b) of this section from which income is derived is exempt only if that income is solely from use of the property by nonprofit religious, charitable, hospital or educational groups [for classroom space]. If used by nonprofit educational groups, the property is exempt only if used exclusively for classroom space.

(e) The real property owned and occupied as a permanent place of abode by a resident 65 years of age or over is exempt from taxation of the assessed value of the real property. Only one exemption may be granted with respect to the same property and, if two or more persons are eligible for an exemption with respect to the same property, the parties shall decide between or among themselves which shall receive the benefit of the exemption. No real property may be exempted under this subsection which the assessor determines, after notice and hearing to the parties concerned, has been conveyed to the applicant primarily for the purpose of obtaining the exemption. The determination of the assessor is appealable under AS 44.62.560-44.62.570.

(f) No exemption may be granted under (e) of this section except upon written application for the exemption on a form prescribed by the state assessor for use by local assessors. The claimant must file the application no later than January 15 of the assessment year for which the exemption is sought, but during the same year the governing body of the municipality for good cause shown may waive the claimant's failure to make timely application for the exemption for that year and authorize the assessor to accept the application as if timely filed. The claimant must file a separate application for each assessment year in which the exemption is sought. If an application is filed within the required time and is approved by the assessor, he shall allow an exemption in accordance with the provisions of this section. If a claimant whose failure to file by January 15 of the assessment year has been waived as provided in this subsection and the application for exemption is approved, the amount of tax which the claimant may have already paid for the assessment year with respect to the property exempted shall be refunded to him. The assessor may at any time require proof in the form he considers necessary of the right and amount of an exemption claimed under this section.

or such later date as may be prov. by reg. but not later than March 31.

(g) The state shall reimburse a borough or city, as appropriate, for the real property tax revenues lost to it by the operation of (e) of this section. However, reimbursement will be made to a borough or city for revenue lost to it only to the extent that the loss exceeds an exemption which was granted by the borough or city, or which upon proper application by an individual would have been granted by the borough or city, under sec. 25(a) of this chapter.

(h) Except as provided in (g) of this section, nothing in (e)-(i) of this section affects similar exemptions from property taxes granted by municipalities on September 10, 1972 or prevents municipalities from granting similar exemptions by ordinance as provided in sec. 25 of this chapter.

(i) In (e)-(i) of this section the term "real property" includes but is not limited to mobile homes, whether classified as real or personal property for municipal tax purposes.

(j) Two percent of the assessed value of a structure is exempt from taxation if the structure contains a fire protection system approved under AS 19.70.081, in operating condition, and incorporated as a fixture or part of the structure. The exemption granted by this subsection is limited to

(1) an amount equal to two percent of the value of the structure based on the assessment for 1981, if the fire protection system is a fixture of the structure on January 1, 1981; or

(2) an amount equal to two percent of the value of the structure based on the assessment as of January 1 of the year immediately following the installation of the fire protection system if the fire protection system becomes a fixture of the structure after January 1, 1981.

Formerly: AS 29.53.020

Comments: Based on Alaska Association of Assessing Officers (AAAO) recommendation:

(1) Para. (a)(2): deletes $500 limit on exemption of household furniture;

(2) Para. (c): clarifies that "exclusively for classroom space" limitations on rental income under (c) only applies to rental use by an "educational group" and does not preclude the exemption when the income is derived from use by nonprofit religious, charitable, or hospital groups.

(3) Para. (f): clarifies filing of a claim for exemption is a requirement for only the senior citizen exemption under (e), and not for the other exemptions addressed in the section.

Sec. 29.45.040. (Sec. 29.73.060.) PROPERTY TAX EQUIVALENCY PAYMENTS. (a) A resident of the state 65 years of age or older who rents a permanent place of abode is eligible for tax equivalency payments from the state through the Department of Community and Regional Affairs.

(b) For purposes of determining payments to eligible persons, the department shall calculate a property tax equivalent percentage for each home rule or general law municipality which levies a general property tax at the rate of one percent per mil. The property tax equivalent percentage applied to the annual rent charged to the applicant equals the property tax equivalency payment payable under this section.

(c) To obtain tax equivalency payments the eligible resident must apply to the department for payment for the preceding year by January 15 of each year on forms and in the manner prescribed by the department. Each applicant shall submit with the application rental receipts or, if rental receipts are not available, other evidence satisfactory to the department for determination of the fact of payment of rent and the amount paid.

(d) If two or more persons occupy a residence as tenants, not all of whom are eligible for tax equivalency payments under this section, the assessor shall determine equitable partial payments to be made to the eligible tenants. However, tax equivalency payments to an eligible applicant may not be reduced because the spouse is less than 65 years of age. If all occupants in a residence are eligible for tax equivalency payments under this section, the occupants shall decide between and among themselves which shall receive payment.

Sec. 29.45.050. Optional exemptions and exclusions.

(a) Municipalities may exclude or exempt or partially exempt residential property from taxation by ordinance ratified by the voters at a regular or special election. An exclusion or exemption authorized by this section may not exceed $10,000 for any one residence.

(b) Municipalities may by ordinance

(1) classify boats and vessels for purposes of taxation and may establish the assessed valuation of boats and vessels on the basis of their registered or certificated net tonnage~~, a tax based upon a tonnage valuation shall not exceed $5 a year for a boat or vessel of less than five net tons and shall not exceed $15 a year for a boat or vessel of more than five net tons;~~

Comments: modifies and expands existing (a)(2)(A) relating to optional exemption of household furniture and effects. Based upon recommendation of AAAO since assessors currently do not include household furnishings and personal effects of family members.

Sec. 29.45.060. Mining claims. The assessed value of an unimproved unpatented mining claim which is not producing, and a nonproducing patented mining claim upon which the improvements originally required for patent have become useless and valueless through depreciation, removal ~~or otherwise~~, is exempt [~~fixed at $200 for each 20 acres or fraction of 20 acres~~]. If the surface ground of a claim has a separate and independent value for nonmining uses, the real and personal property is assessed at its full and true value.

Formerly: AS 29.53.030

Comments: Deletes $200 valuation figure. AAAO recommends deletion since administrative costs exceed taxes to be realized in carrying property at $200 figure on roll.

Sec. 29.45.070. (Sec. 29.53.035.) FARM OR AGRICULTURAL LANDS. (a) Farm use lands included in a farm unit and not dedicated or being used for nonfarm purposes shall be assessed on the basis of full and true value for farm use, and shall not be assessed as if subdivided or used for some other

nonfarm purpose. The assessor shall maintain records valuing the farm use land for both full and true value and farm use value. Should the farm use land be sold, leased, or otherwise disposed of for uses incompatible with farm use or be converted to a use incompatible with farm use by the owner, the owner is liable to pay an amount equal to the additional tax at the current mill levy together with eight percent interest for the preceding seven years, as though the land had not been assessed for farm use purposes. Payment by the owner shall be made to the state to the extent of its reimbursement for revenue loss under (e) of this section for the preceeding seven years. The balance of the payment shall be made to the city or borough.

(b) An owner of farm use land must, to secure the assessment, make application to the assessor before May 15 of each year in which the assessment is desired. The application shall be made upon forms prescribed by the state assessor for the use of the local assessor and shall include information which may reasonably be required to determine the entitlement of the applicant. If the farm use land is leased for farm use purposes, the applicant shall furnish to the assessor a copy of the lease bearing the signatures of both lessee and lessor along with the completed application. The applicant shall furnish the assessor a copy of the lease covering the period for which the exemption is requested.

(c) In this section "farm use" means the use of land for raising and harvesting crops or for the feeding, breeding and management of livestock or for dairying or another agricultural use for profit or any combination thereof. To be farm use land, the owner or the lessee must be actively engaged in farming the land, and derive at least 10 per cent of his yearly gross income from the farm use land. The provisions of this section do not apply to land respecting which the owner has granted, and has outstanding, a lease or option to buy the surface rights. A property owner

wishing to file for farm use classification having no history of farm-related income may submit a declaration of intent at the time of filing the application with the assessor setting out the intended use of the land and the anticipated percentage of income. An applicant using this procedure shall file with the assessor before February 1 of the following year a notarized statement of the percentage of gross income attributable to the farm use land. Failure to make the filing required in this subsection forfeits the exemption.

(d) In the event of a crop failure by an act of God the previous year, the owner or lessee may submit an affidavit affirming that 10 percent of his gross income for the past three years was from farming.

(e) Subject to legislative appropriations for the purpose, the state shall reimburse a borough or city, as appropriate, for the real property tax revenues lost to it by the operation of this section.

Sec. 29.45.080. (Sec. 29.53.040.) MOBILE HOMES. Mobile homes, trailers, house trailers, trailer coaches and similar property used or intended to be used for residential, office or commercial purposes and attached to the land or connected to water, gas, electric or sewage facilities are classed as real property for tax purposes except where expressly classified as personal property by ordinance. This section does not apply to house trailers and mobile homes which are unoccupied and held for sale by persons engaged in the business of selling mobile homes.

Sec. 29.45.090. (Sec. 29.53.045.) TAX ON OIL AND GAS PRODUCTION AND PIPELINE PROPERTY. (a) A municipality may levy and collect taxes on taxable property taxable under AS 43.56 only by using one of the methods set out in (b) or (c) of this section.

(b) A municipality may levy and collect a tax on the full and true value of taxable property taxable under AS 43.56 as valued by the Department of Revenue at a rate not to exceed that which produces an amount

of revenue from the total municipal property tax equivalent to $1,500 a year for each person residing within its boundaries.

(c) A municipality may levy and collect a tax on the full and true value of that portion of taxable property taxable under AS 43.56 as assessed by the Department of Revenue which value, when combined with the value of property otherwise taxable by the municipality, does not exceed the product of 225 percent of the average per capita assessed full and true value of property in the state multiplied by the number of residents of the taxing municipality. For purposes of this subsection the average per capita assessed full and true value of property in the state shall be calculated without regard to the assessed value of taxable property under AS 43.58.

(d) By February 1 of each assessment year a taxing municipality must inform the Department of Revenue which method of taxation the municipality will use.

(e) For purposes of this section, population shall be determined by the commissioner of community and regional affairs based on the latest statistics of the United States Bureau of the Census or on other reliable population data, and shall advise each municipality of its population as so determined by January 15 of each year.

Sec. 29.45.100. Tax limitations.

(a) No municipality may levy and tax for any purpose in excess of three percent of the assessed valuation of property within the municipality in any one year.

(b) No municipality, or combination of municipalities occupying the same geographical area, in whole or in part, may levy taxes (1) which will result in tax revenues from all sources exceeding $1,500 [$1,000] a year for each person residing within their boundaries or (2) upon values which, when combined with the value of property otherwise taxable by the municipality, exceed the product of 225 per cent of the average per capita assessed full and true value of property in the state multiplied by the number of residents of the taxing municipality. If two or more municipalities occupying the same geographical area, in whole or in part, attempt to levy a tax (1) the combined levy of which would result in tax revenues from all sources exceeding $1,500 [$1,000] a year for each person residing within their boundaries or (2) upon value which, when combined with the value of property otherwise taxable by the municipality, exceed the product of 225 per cent of the average per capita assessed full and true value of property in the state multiplied by the number of residents of the taxing municipality, the commissioner of community and regional affairs shall apportion the lawful levy and equitably divide these revenues on the basis of need, services performed and other considerations in the public interest. For the purpose of this subsection, population shall be determined by the commissioner or community and regional affairs based on the latest statistics of the United States Bureau of the Census or on other reliable population data. For purposes of this subsection the average per capita assessed full and true value of property in the state shall be calculated without regard to the assessed value of taxable property under AS 43.58.

Sec. 29.45.110. (Sec. 29.53.055.) NO LIMITATIONS ON TAXES TO PAY BONDS. The limitations provided for in Sec. 45 or 50 of this chapter do not apply to taxes levied or pledged to pay or secure the payment of the principal and interest on bonds. Taxes to pay or secure the payment of principal and interest on bonds may be levied without limitation as to rate or amount, regardless of whether the bonds are in default or in danger of default.

Sec. 29.45.120. Full and true value.

(a) The assessor shall value [assess] property at its full and true value as of January 1 of the assessment year, except as provided in this section and sections [illegible], 70 [35] and 240 [160] of this chapter. The full and true value is the estimated price which the property would bring in an open market and under the then prevailing market conditions in a sale between a willing seller and a willing buyer both conversant with the property and with prevailing general price levels.

(b) Assessment of business inventories may be based on the average monthly method of assessment rather than the value existing on January 1. The method used to assess business inventories shall be prescribed by the borough assembly.

(c) In case of cessation of business during the tax year, the assembly may provide for reassessment of business inventories using the average monthly method of assessment for the tax year rather than the value existing on January 1 of the tax year, and for reduction and refund of taxes. In enacting an ordinance authorized by this section, the assembly may prescribe procedures, restrictions, and conditions of assessing or reassessing business inventories and of remitting or refunding taxes.

Sec. 29.53.130. (Sec. 29.53.070.) RETURNS. (a) The assembly may require every person having ownership or control of or an interest in property to submit a return in the form prescribed by the assessor, based on property values existing on January 1, except as otherwise provided in this chapter.

(b) The assessor may, by written notice, require a person to provide additional information within 30 days.

Sec. 29.45.140. (Sec. 29.53.080.) INDEPENDENT INVESTIGATION. (a) The assessor is not bound to accept a return as correct. He may make an independent investigation of property returned or of taxable property upon which no return has been filed. In either case, the assessor may make his own valuation of the taxable property, which is prima facie evidence.

(b) For investigation, the assessor or his agent may enter any premise during reasonable hours and may examine property on the premises. He may examine all property records involved. A person shall, upon request, furnish to the assessor or his agent every facility and assistance for the

purposes of the investigation. ~~If refused entry~~, the assessor may seek a court order to compel entry. Production of records.

Sec. 29.45.160. (Sec. 29.53.095.) REEVALUATION. A systematic reevaluation of taxable real and personal property undertaken by the assessor, whether of specific areas in which real property is located or of specific classes of real or personal property to be assessed, shall be made only in accordance with a resolution or other act of the assembly directing a systematic reevaluation of all taxable property within the borough over the shortest period of time practicable, as determined by the assembly and fixed in the resolution or other act of the assembly.

Sec. 29.45.170. (Sec. 29.53.100.) ASSESSMENT ROLL. (a) The assessor shall prepare an annual assessment roll. The roll contains

(1) a description of all taxable property;

(2) the assessed value of all taxable property;

(3) the names and addresses of persons with property subject to assessment and taxation.

(b) The assessor may list real property by any description that may be made certain. Real property is assessed to the owner of record as shown in the records of the district recorder, who shall at least monthly provide the assessor a copy of each recorded change of ownership showing the

name and mailing address of the owner and the name and mailing address of the party recording the change of ownership. Other persons having an interest in the property may be listed on the assessment records with the owner. The person in whose name property is listed as owner is conclusively presumed to be the legal owner of record. If the property owner is unknown, the property may be assessed to "unknown owner." No assessment is invalidated by a mistake, omission or error in the name of the owner, if the property is correctly described.

Sec. 29.45.180. Assessment notice.

(a) The assessor shall give every person named in the assessment roll a notice of assessment, showing the assessed value of his property. On each notice is printed a brief summary of the dates when taxes are payable, delinquent and subject to penalty and interest, and the dates when the board of equalization will sit.

(b) Sufficient assessment notice is given if mailed by first class mail 30 days before the equalization hearings. If the address is not known to the assessor, the notice may be addressed to the person at the post office nearest the property. Notice is effective on the date of mailing.

EXPLANATION: The language "real and personal property taxes, or either," was added to conform to 29.45.010.

Sec. 29.45.030. REQUIRED EXEMPTIONS. (a) The following property is exempt from general taxation:

(1) municipal, state or federally owned property, except that a private leasehold, contract, or other interest in the property shall be taxable to the extent of the interest;

(2) household furniture of the head of a family or household;

(4) property of a nonbusiness organization or its auxiliary composed entirely of persons with 90 days or more of active service in the armed forces of the United States whose conditions of service and separation were other than dishonorable;

(b) (3) lots or portions of lots supporting and adjacent to a structure or residence mentioned in (1) or (2) of this subsection which are necessary to convenient use;

(c) Property described in (a) or (b) of this section from which income is derived is exempt only if that income is solely from use of the property by nonprofit religious, charibale, hospital or educational groups. If used by nonprofit educational groups, the property is exempt only if used exclusively for classroom space.

(f) No exemption may be granted under (e) of this section except upon written application for the exemption on a form prescribed by the state assessor for use by local assessors. The claimant must file the application no later than January 15 or a date provided by ordinance which is not later than March 31, of the assessment year for which the exemption is sought, ...
...If a claimant whose failure to file by January 15, or a date provided by ordinance which is not later than March 31...

EXPLANATION: Based on Alaska Association of Asessing Officers (AAAO) recommendations:

1. (a)(2): deletes $500 limit on exemption of household furniture.
2. (b)(3): narrows the language so that only portions of lots necessary or convenient use are exempt.

3. (c): clarifies that "exclusively for classroom space" limitations on rental income under (c) only applies to rental use by an "educational group" and does not preclude the exemption when the income is derived from use by nonprofit religious, charitable, or hospital groups.

4. (f): clarifies filing of a claim for exemption is a requirement for only the senior citizen exemption under (e), and not for the other exemptions addressed in the section. Adds flexibility so that a local government may establish a date later than January 15 for filing for a senior citizen exemption.

I think highlighting the changes would speed things up a bit. The policy matters don't like the way it looks & in some cases is silly.

Sec. 29.45.050. OPTIONAL EXEMPTIONS AND EXCLUSIONS. (a) No change

(b) A municipality may by ordinance

(1) classify boats and vessels for the purposes of taxation and may establish the assessed valuation of boats and vessels on the basis of their registered or certificated net tonnage. [~~...~~] ← To hard to look all these up.

(2) classify and exempt from taxation

(A) ... [THE HOUSEHOLD FURNITURE OVER $500 IN VALUE AND THE EFFECTS OF THE HEAD OF A FAMILY OR A HOUSEHOLDER]... (The rest of the Subparagraph is left intact.)

↖ Type in application.

EXPLANATION: Eliminates in (b)(1) the $5 and $15 limitations, since with these limits, collecting a tax on boats does not pay administrative costs. Modifies and expands existing (a)(2)(A) relating to optional exemption of household furniture and effects, based on recommendations of AAAO, since assessors currently do not include household furnishings and personal effects of family members.

Sec. 29.45.140. INDEPENDENT INVESTIGATION. (a) No change.

(b) For investigation, the assessor or his agent may enter any premise during reasonable hours and may examine property on the premises. He may examine all property records involved. A person shall, upon request, furnish to the assessor or his agent every facility and assistance for the purposes of the investigation. The assessor may seek a court order to compel entry and production of records.

EXPLANATION: It was felt that the assessor ought to be able to seek production of records, as well as to compel entry, whether refused entry or not.

Sec. 29.45.150. PENALTY. A person who knowingly fails to file a statement required by ordinance or who knowingly makes a false affidavit to a statement required by a tax ordinance relative to the amount, location, kind or value of property subject to taxation with intent to evade the taxation is guilty of a class B misdemeanor.

EXPLANATION: This section was changed to classify the misdemeanor to conform with the criminal code. A class B misdemeanor carries a possible fine of $1,000 and term of imprisonment of 90 days, somewhat more severe chan existing law.

Sec. 29.45.250. TAX LEVY AND RATE. (a) The power granted to the assembly to assess, levy and collect a general property tax shall be exercised by means of a general ordinance. ~~but~~ The rate of levy, the date of equalization and the date when taxes become delinquent shall be fixed by ordinance or resolution.

(b) No change The assembly shall annually determine the rate of levy on or before June 15. By July 1 the tax collector shall mail tax statements setting out the levy, dates when taxes are payable and delinquent, and penalties and interest.

EXPLANATION: Allows rate of levy, date of equalization, date of delinquency to be fixed by ordinance as well as resolution

Sec. 29.45.260. RATES OF PENALTY AND INTEREST. (a) If the taxpayer is required to pay the entire tax on the due date set by the assembly, a penalty not to exceed 20 percent may be added to all delinquent taxes, and interest at the rate of 15 percent a year shall accrue upon all unpaid taxes, not including penalty, from the due date until paid in full. If the taxpayer is given the right to pay the tax in two installments penalty and interest on an unpaid installment accrues from the date the installment becomes due.

(b) No changes.

(c) Repeal.

EXPLANATION: The penalty and interest rates are raised, so that people will not deliberately avoid paying taxes due to the high cost of borrowing from other sources. Penalty and interest on an unpaid installment accrues only from the date the installment is due. (c) is repealed as redundant. Since (a) provides for interest and penalty on all types of taxes, there is no need for special treatment of property taxes.

Sec. 29.45.210. BOARD OF EQUALIZATION. (a) The assembly sits as a board of equalization for the purpose of hearing an appeal from a determination of the assessor, or it may delegate this authority to one or more boards appointed by it. An appointed board may be composed of not less than three persons, who may be members of the assembly or other municipal residents. The assembly shall by ordinance establish the qualifications for membership.

(b) The board is governed in its proceedings by rules adopted by ordinance which are consistent with general rules of administrative procedure. The board may alter an assessment of a lot or parcel only pursuant to an appeal filed as to the particular lot or parcel.

(c) Nothwithstanding other provisions in this section, a determination of the assessor as to whether property is taxable under law may be appealed directly to the superior court.

EXPLANATION: Removes the requirement that the board consist of a number over that required for a quorum of the assembly in favor of requiring not less than three members. Requires that an assessment be altered only as a result of an appeal filed as to the lot in question. Allows a determination of the taxability of property (for example, land held by Indians or in trust for Indians may not be taxable at all under federal law) to be appealed to the superior court.

Sec. 29.45.240. TAX ADJUSTMENTS ON PROPERTY AFFECTED BY A NATURAL DISASTER. (a) No change.

(b) No change.

(c) No change.

(d) No change.

(e) In this section "disaster" means a major disaster declared by the President of the United States under the provisions of the Federal Disaster Act of 1950, Title 42, United States Code, sec. 1855-1855g or other federal law, or a disaster declared by the governor under AS 26.23.010-110.

EXPLANATION: Makes provision for special treatment of property affected by a disaster applicable if the governor, as well as the president, declares a disaster.

Sec. 29.45.240. TAX ADJUSTMENTS ON PROPERTY AFFECTED BY A NATURAL DISASTER. (a) No change.

(b) No change.

(c) No change.

(d) No change.

(e) In this section "disaster" means a major disaster declared by the President of the United States under the provisions of the Federal Disaster Act of 1950, Title 42, United States Code, sec. 1855-1855g or other federal law, or a disaster declared by the governor under AS 26.23.010-110.

EXPLANATION: Makes provision for special treatment of property affected by a disaster applicable if the governor, as well as the president, declares a disaster.

Sec. 29.45.300. TAX LIABILITY. (a) No change.

(b) Property taxes, together with penalty and interest, are a lien upon the property assessed, and the lien is prior and paramount to all other liens or encumbrances against the property.

EXPLANATION: The change makes it clear that a lien exists on personal as well as real property.

Sec. 29.45.310. ENFORCEMENT OF PERSONAL PROPERTY TAX LIENS BY DISTRAINT AND SALE. The lien of personal property taxes may be enforced by distraint and sale of the property. The assembly shall provide the procedure for distraint and sale by ordinance. No seizure, levy or distraint is legal unless demand is first made of the person assessed for the amount of the tax, penalty and interest, and no sale is valid unless made at public auction after 15 days notice given by posting or publication. The seizure is made by virtue of a warrant issued by the borough clerk to a peace officer. If the property sold is not sufficient to satisfy the tax, penalty, interest, and costs of sale, the warrant may authorize the seizure of other personal property sufficient to satisfy the tax, penalty, interest and costs of sale. If the property is sold for more money than is needed to satisfy the tax, upon presentation of a proper claim, the municipality shall remit the excess to the former record owner. A claim for the excess filed after six months of the date of sale is forever barred.

EXPLANATION: Allows the return of excess money received over the amount needed for the tax when property is sold to satisfy a tax lien.

Sec. 29.45.320. REAL PROPERTY TAX COLLECTION. (a) No change.

(b) If the tax on property described in AS 29.45.080 or on a taxable interest in tax exempt property is not paid when due, a borough may enforce the tax by a personal action against the delinquent taxpayer brought in the district or superior court, in addition to other remedies available to the borough to enforce the lien.

EXPLANTION: The word "taxable" is substituted for "leasehold" so that any interest in tax exempt property which can be taxed can be enforced.

Sec. 29.45.400. REDEMPTION PERIOD. (a) No change.

(b) Repeal.

EXPLANATON: (b) is eliminated so that a person holding a lien on only part of a lot or parcel may no longer redeem just that part. This avoids the problem of splitting lots or parcels into what might be illegal subdivisions.

Sec. 29.45.410. EFFECT. Receipt of redemption money by the borough releases the judgment obtained under AS 29.45.380. The clerk or his designee shall record the redemption and issue a certificate containing a property description, the redemption amount, and the dates of judgment and decree of foreclosure. The clerk or his designee shall collect the recording fee at the time of redemption and shall file the certificate with the record as part of the judgment roll.

EXPLANATION: Changed so that all claims of the borough are not released, i.e., improvement assessments. Redemption releases only the judgement obtained for delinquent taxes.

Sec. 29.45.440. EXPIRATION. (a) At least 30 days before the expiration of the redemption period the clerk or his designee shall publish a redemption period expiration notice. The notice shall contain the date of judgment, the date of expiration or the period of redemption and a warning to the effect that all properties ordered sold under the judgment, unless redeemed, shall be deeded to the borough or city immediately in expiration of the period of redemption and that every right or interest of any person in the properties will be forfeited forever to the borough or city. The notice is published once a week for four consecutive weeks in a newspaper of general circulation distributed within the borough. If there is no newspaper of general circulation distributed within the borough, the notice is posted in three public places for at least four consecutive weeks. The clerk shall send a copy of the published notice by certified mail to each record owner of property against which a judgement of foreclosure has been taken and, if the assessed value of the property is more than $100,000, to all holders of mortgages or other liens of record on the property. The notice shall be mailed within five days of the first publication. The mailing shall be sufficient if mailed to the property owner and to the holder of a mortgage or recorded lien at the last address of record. The right of redemption shall expire 30 days after the date of the first publication notice.

(b) No change.

EXPLANATION: Based on recommendation of AAAO; raises assessed value of property which triggers duty of clerk to advise holders of security of judgement of foreclosure. Burden placed on lienholder to protect his interest.

Sec. 29.45.450. DEED TO BOROUGH OR CITY. (a) No change.

(b) Conveyance gives the borough or the city clear title except for prior recorded tax liens of the United States and the state.

(c) No change.

(d) No deed is invalid for irregularities, omissions or defects in the proceedings under this chapter unless the former owner has been misled to his injury. After two years from the date of the deed, its validity is conclusively presumed and any claim of the former owner or other person having an interest in the property is forever barred.

EXPLANATION: (b) changes to clear title except for tax liens. (d) changed to include the interests in property of persons other than the owner within the limitation period. This clears the title.

Sec. 29.45.460. DISPOSITION AND SALE OF FORECLOSED PROPERTIES. (a) No change.

(b) No change.

(c) The clerk or his designee shall send a copy of the published notice of hearing of an ordinance to consider a determination required by (a) or (b) of this section by certified mail to the former record owner of the parcel of property which is the subject of the ordinance. The notice shall be mailed within five days of its first publication and shall be sufficient if mailed to the last record owner of the property as his name appears on the assessment rolls of the municipality.

(d) No change.

EXPLANATION: Language of (a) inserted into last line of (c) for consistency. No substantive change.

Sec. 29.45.470. REPURCHASE BY RECORD OWNER. (a) The record owner at the time of tax foreclosure of property acquired by a borough or city, or his assigns, may, at any time before the sale or contract of sale of the tax-foreclosed property by the borough or city, repurchase the property. The borough or city shall sell the property for the full amount applicable to the property under the judgment and decree, with interest at the rate of eight percent a year from the date of entry of the judgement of foreclosure to the date of repurchase, delinquent taxes, including penalty and interest assessed and levied as though it had continued in private ownership, and costs of foreclosure and sale, including, but not limited to, costs of publication of notice and any costs associated with the determination of holders of mortgages and other liens of record under Sec. 350 (a) of this chapter.

(b) No change.

EXPLANATION: Makes it clear that penalty and interest on due taxes continue to accumulate until the date of repurchase.

DRAFTED CHANGES RECOMMENDED BY THE TECHNICAL COMMITTEE
06 December 1980

Sec. 29.45.470. REPURCHASE BY RECORD OWNER. (a) The record owner at the time of tax foreclosure of property acquired by a borough or city, or his assigns, may, at any time before the sale or contract of sale of the tax-foreclosed property by the borough or city, repurchase the property. The borough or city shall sell the property for the full amount applicable to the property under the judgment and decree, with interest at the rate of eight percent a year from the date of entry of the judgement of foreclosure to the date of repurchase, delinquent taxes, including penalty and interest assessed and levied as though it had continued in private ownership, and costs of foreclosure and sale, including, but not limited to, costs of publication of notice and any costs associated with the determination of holders of mortgages and other liens of record under Sec. 350 (a) of this chapter.

(b) No change.

EXPLANATION: Makes it clear that penalty and interest on due taxes continue to accumulate until the date of repurchase.

Sec. 29.45.545. COMBINING PROPERTY TAX WITH INCORPORATION. A petition for second class city incorporation may request that a property tax proposal be placed on the same ballot. The petition must state the proposed tax rate. The petition may request that incorporation be dependent upon the passage of the property tax proposition. If so, the incorporation proposition fails if the property tax fails.

EXPLANATION: This is a new section similar to the provision in 29.45.630 allowing an incorporation petition to be tied to imposition of a sales tax.

Sec. 29.45.570. SALES AND USE TAX. (a) A borough may levy and collect a sales tax not exceeding six percent on sales, rents, and on services made within the borough. The sales tax may apply to any or all of these sources. Exemptions may be granted by ordinance.

(b) No change.

(c) No change.

(d) If the assembly of a home rule or general law borough charges interest on sales taxes not paid when due, the rate of interest may not exceed 15 percent a year upon the delinquent taxes and shall be charged from the due date until paid in full.

(e) A borough may provide for the creation, recording, and notice of a lien on real or personal property to secure the payment of a sales or use tax, and for interest, penalties and administration costs in the event of delinquencies. A lien established under this section has the force, priority and duration of a judgment lien.

EXPLANATION: (a) changed to make it clear that tax can be levied on sales and rents, not just one or the other. (d) interest rate raised from eight to 15 percent. (e) added to allow liens for the collection of sales and use taxes.

Sec. 29.45.590. REFERENDUM, ADOPTION AND MODIFICATION. A new sales tax or an increase in the rate of levy of a sales tax approved by the assembly by ordinance shall not take effect until ratified by a majority of the voters voting on the question at a regular or special election.

EXPLANATION: Simplifies the section and eliminates the provision that propositions may be brought only once a year.

Sec. 29.45.610. POWER OF LEVY. (a) A city within a borough which levies and collects a sales or use tax for areawide functions may levy a sales or use tax upon all sources taxed by the borough in the manner provided for a borough and may provide for a lien to secure payment of the tax as provided for a borough.

(b) A city within a borough which does not levy and collect a sales or use tax for areawide functions may levy and collect a sales or use tax in the manner provided for a borough and may provide for a lien to secure payment of the tax as provided for a borough.

Sec. 29.45.620. POWER OF LEVY AND COLLECTION. Repeal.

EXPLANATION: Material contained in AS 29.45.620 has been combined into AS 29.45.610. The section has been altered to insure that a city may create a lien to secure payment of a sales and use tax as is recommended in AS 29.45.570 for boroughs.

Sec. 29.45.220. HEARING. (a) No change.

(b) No change.

(c) The only grounds for adjustment is proof of unequal, excessive, improper, or under valuation based on facts which are stated in a valid written appeal or ~~proved~~ proven at the appeal hearing. If a valuation is found to be too low, the board of equalization may raise the assessment.

(d) No change.

(e) Except as to supplementary assessments, the assessor shall enter the changes and certify the final assessment roll by June 1.

(f) The appellant or the assessor may appeal the board's determination to the superior court as provided by rules of court applicable to appeals from the decisions of administrative agencies. Appeals are heard on the record established at the hearing before the board of equalization.

EXPLANATION: Change in (c) makes it clear that an assessment can be raised as the result of an appeal. Change in (e) to allow for supplementary assessments after June 1. Change in (f) so that appeals to the superior court will be heard on the record rather than de novo, as is now the case.

CHANGE REQUESTED BY AAAO

Sec. 29.45.100. TAX LIMITATIONS. (a) No change.

(b) No municipality, or combination of municipalities occupying the same geographical area, in whole or in part, may levy taxes (1) which will result in tax revenues from all sources exceeding $1,500 a year for each person residing within their boundaries or (2) upon values which, when combined with the value of property otherwise taxable by the municipality, exceed the product of 225 percent of the average per capita assessed full and true value of property in the state multiplied by the number of residents of the taxing municipality. If two or more municipalities occupying the same geographical area, in whole or in part, attempt to levy a tax (1) the combined levy of which would result in tax revenues from all sources exceeding $1,500 a year for each person residing within their boundaries or (2) upon value which, when combined with the value of the property otherwise taxable by the municipality, exceed the product of 225 percent of the average per capita assessed full and true value of property in the state multiplied by the residents of the taxing municipality, the commissioner of community and regional affairs shall apportion the lawful levy and equitably divide these revenues on the basis of need, services performed and other considerations in the public interest. For the purpose of this subsection, population shall be determined by the commissioner of community and regional affairs based on the latest statistics of the United States bureau of the census or on other reliable population data. For purposes of this subsection the average per capita assessed full and true value of the property in the state shall be calculated without regard to the assessed value of taxable property under AS 43.58.

EXPLANATION: Change requested by AAAO. No recommendation by the Technical Group.

Walker

Explanation: This section has been clarified as to the fact that a unified municipality may levy both areawide and nonareawide taxes. Limiting the use of areawide taxes to areawide functions and nonareawide taxes to nonareawide functions makes it little sense. It is made clear that taxes may be levied on personal and real property or either.

A property tax if levied must be assessed, levied and collected on real and personal property or either as provided in this chapter.

(e) The real property owned and occupied as a permanent place of abode by a resident 65 years of age or over is exempt from taxation of the assessed value of the real property. Only one exemption may be granted with respect to the same property and, if two or more persons are eligible for an exemption with respect to the same property, the parties shall decide between or among themselves which shall receive the benefit of the exemption. No real property may be exempted under this subsection which the assessor determines, after notice and hearing to the parties concerned, has been conveyed to the applicant primarily for the purpose of obtaining the exemption. (f) No exemption may be granted under (e) of this section except upon written application for the exemption on a form prescribed by the state assessor for use by local assessors. The claimant must file the application no later than January 15 of the assessment year for which the exemption is sought, but during the same year the governing body of the municipality for good cause shown may waive the claimant's failure to make timely application for the exemption for that year and authorize the assessor to accept the application as if timely filed. The claimant must file a separate application for each assessment year in which the exemption is sought. If an application is filed within the required time and is approved by the assessor, he shall allow an exemption in accordance with the provisions of this section. If a claimant whose failure to file by January 15 of the assessment year has been waived as provided in this subsection and the application for exemption is approved, the amount of tax which the claimant may have already paid for the assessment year with respect to the property exempted shall be refunded to him. The assessor may at any time require proof in the form he considers necessary of the right and amount of an exemption claimed under this section.

~~Formerly~~: AS 29.53.020

Explanation?

~~Comments~~: Based on Alaska Association of Assessing Officers (AAAO) recommendation:

(1) ~~Para~~. (a)(2): deletes $500 limit on exemption of household furniture;

(2) (b)(3) narrows the language so that only portions of lots necessary to convenient use are exempt.

(3) ~~Para~~. (c): clarifies that "exclusively for classroom space" limitations on rental income under (c) only applies to rental use by an "educational group" and does not preclude the exemption when the income is derived from use by nonprofit religious, charitable, or hospital groups.

(3) Para. (f): clarifies filing of a claim for exemption is a requirement for only the senior citizen exemption under (e), and not for the other exemptions addressed in the section. Adds flexibility so that a local government may establish a date later than Jan. 15 for filing for a senior citizen exemption.

Sec. 29.45.040. (Sec. 29.73.060.) PROPERTY TAX EQUIVALENCY PAYMENTS. (a) A resident of the state 65 years of age or older who rents a permanent place of abode is eligible for tax equivalency payments from the state through the Department of Community and Regional Affairs.

(b) For purposes of determining payments to eligible persons, the department shall calculate a property tax equivalent percentage for each home rule or general law municipality which levies a general property tax at the rate of one percent per mil. The property tax equivalent percentage applied to the annual rent charged to the applicant equals the property tax equivalency payment payable under this section.

(c) To obtain tax equivalency payments the eligible resident must apply to the department for payment for the preceding year by January 15 of each year on forms and in the manner prescribed by the department. Each applicant shall submit with the application rental receipts or, if rental receipts are not available, other evidence satisfactory to the department for determination of the fact of payment of rent and the amount paid.

(d) If two or more persons occupy a residence as tenants, not all of whom are eligible for tax equivalency payments under this section, the assessor shall determine equitable partial payments to be made to the eligible tenants. However, tax equivalency payments to an eligible applicant may not be reduced because the spouse is less than 65 years of age. If all occupants in a residence are eligible for tax equivalency payments under this section, the occupants shall decide between and among themselves which shall receive payment.

Sec. 29.45.050. Optional exemptions and exclusions.

(a) No change. Municipalities may exclude or exempt or partially exempt residential property from taxation by ordinance ratified by the voters at a regular or special election. An exclusion or exemption authorized by this section may not exceed $10,000 for any one residence.

(b) Municipalities may by ordinance

Comments: Modifies and expands existing (a)(2)(A) relating to optional exemption of household furniture and effects, based upon recommendation of AAAO, since assessors currently do not include household furnishings and personal effects of family members.

Sec. 29.45.060. Mining claims. The assessed value of an unimproved unpatented mining claim which is not producing, and a nonproducing patented mining claim upon which the improvements originally required for patent have become useless and valueless through depreciation, removal or otherwise, is exempt [fixed at $200 for each 20 acres or fraction of 20 acres]. If the surface ground of a claim has a separate and independent value for nonmining uses, the real and personal property is assessed at its full and true value.

Formerly: AS 29.53.030

Comments: Deletes $200 valuation figure. AAAO recommends deletion since administrative costs exceed taxes to be realized in carrying property at $200 figure on roll.

Sec. 29.45. 70. (Sec. 29.53.035.) FARM OR AGRICULTURAL LANDS. (a) Farm use lands included in a farm unit and not dedicated or being used for nonfarm purposes shall be assessed on the basis of full and true value for farm use, and shall not be assessed as if subdivided or used for some other

nonfarm purpose. The assessor shall maintain records valuing the farm use land for both full and true value and farm use value. Should the farm use land be sold, leased, or otherwise disposed of for uses incompatible with farm use or be converted to a use incompatible with farm use by the owner, the owner is liable to pay an amount equal to the additional tax at the current mill levy together with eight percent interest for the preceding seven years, as though the land had not been assessed for farm use purposes. Payment by the owner shall be made to the state to the extent of its reimbursement for revenue loss under (e) of this section for the preceeding seven years. The balance of the payment shall be made to the city or borough.

(b) An owner of farm use land must, to secure the assessment, make application to the assessor before May 15 of each year in which the assessment is desired. The application shall be made upon forms prescribed by the state assessor for the use of the local assessor and shall include information which may reasonably be required to determine the entitlement of the applicant. If the farm use land is leased for farm use purposes, the applicant shall furnish to the assessor a copy of the lease bearing the signatures of both lessee and lessor along with the completed application. The applicant shall furnish the assessor a copy of the lease covering the period for which the exemption is requested.

(c) In this section "farm use" means the use of land for raising and harvesting crops or for the feeding, breeding and management of livestock or for dairying or another agricultural use for profit or any combination thereof. To be farm use land, the owner or the lessee must be actively engaged in farming the land, and derive at least 10 per cent of his yearly gross income from the farm use land. The provisions of this section do not apply to land respecting which the owner has granted, and has outstanding, a lease or option to buy the surface rights. A property owner

wishing to file for farm use classification having no history of farm-related income may submit a declaration of intent at the time of filing the application with the assessor setting out the intended use of the land and the anticipated percentage of income. An applicant using this procedure shall file with the assessor before February 1 of the following year a notarized statement of the percentage of gross income attributable to the farm use land. Failure to make the filing required in this subsection forfeits the exemption.

(d) In the event of a crop failure by an act of God the previous year, the owner or lessee may submit an affidavit affirming that 10 percent of his gross income for the past three years was from farming.

(e) Subject to legislative appropriations for the purpose, the state shall reimburse a borough or city, as appropriate, for the real property tax revenues lost to it by the operation of this section.

Sec. 29.45.080. (Sec. 29.53.040.) MOBILE HOMES. Mobile homes, trailers, house trailers, trailer coaches and similar property used or intended to be used for residential, office or commercial purposes and attached to the land or connected to water, gas, electric or sewage facilities are classed as real property for tax purposes except where expressly classified as personal property by ordinance. This section does not apply to house trailers and mobile homes which are unoccupied and held for sale by persons engaged in the business of selling mobile homes.

Sec. 29.45.090. (Sec. 29.53.045.) TAX ON OIL AND GAS PRODUCTION AND PIPELINE PROPERTY. (a) A municipality may levy and collect taxes on taxable property taxable under AS 43.56 only by using one of the methods set out in (b) or (c) of this section.

(b) A municipality may levy and collect a tax on the full and true value of taxable property taxable under AS 43.56 as valued by the Department of Revenue at a rate not to exceed that which produces an amount

of revenue from the total municipal property tax equivalent to $1,500 a year for each person residing within its boundaries.

(c) A municipality may levy and collect a tax on the full and true value of that portion of taxable property taxable under AS 43.56 as assessed by the Department of Revenue which value, when combined with the value of property otherwise taxable by the municipality, does not exceed the product of 225 percent of the average per capita assessed full and true value of property in the state multiplied by the number of residents of the taxing municipality. For purposes of this subsection the average per capita assessed full and true value of property in the state shall be calculated without regard to the assessed value of taxable property under AS 43.58.

(d) By February 1 of each assessment year a taxing municipality must inform the Department of Revenue which method of taxation the municipality will use.

(e) For purposes of this section, population shall be determined by the commissioner of community and regional affairs based on the latest statistics of the United States Bureau of the Census or on other reliable population data, and shall advise each municipality of its population as so determined by January 15 of each year.

Sec. 29.45.100. Tax limitations.

(b) No municipality, or combination of municipalities occupying the same geographical area, in whole or in part, may levy taxes (1) which will result in tax revenues from all sources exceeding $1,500 [$1,000] a year for each person residing within their boundaires or (2) upon values which, when combined with the value of property otherwise taxable by the municipality, exceed the product of 225 per cent of the average per capita assessed full and true value of property in the state multiplied by the number of residents of the taxing municipality. If two or more municipalities occupying the same geographical area, in whole or in part, attempt to levy a tax (1) the combined levy of which would result in tax revenues from all sources exceeding $1,500 [$1,000] a year for each person residing within their boundaries or (2) upon value which, when combined with the value of property otherwise taxable by the municipality, exceed the product of 225 per cent of the average per capita assessed full and true value of property in the state multiplied by the number of residents of the taxing municipality, the commissioner of community and regional affairs shall apportion the lawful levy and equitably divide these revenues on the basis of need, services performed and other considerations in the public interest. For the purpose of this subsection, population shall be determined by the commissioner or community and regional affairs based on the latest statistics of the United States Bureau of the Census or on other reliable population data. For purposes of this subsection the average per capita assessed full and true value of property in the state shall be calculated without regard to the assessed value of taxable property under AS 43.58.

Other persons having an interest in the property may be listed on the assessment records with the owner. The person in whose name property is listed as owner is conclusively presumed to be the legal owner of record. If the property owner is unknown, the property may be assessed to "unknown owner." No assessment is invalidated by a mistake, omission or error in the name of the owner, if the property is correctly described.

Sec. 29.45.180. Assessment notice.

(a) The assessor shall give every person named in the assessment roll a notice of assessment, showing the assessed value of his property. On each notice is printed a brief summary of the dates when taxes are payable, delinquent and subject to penalty and interest, and the dates when the board of equalization will sit.

the city having unpaid taxes against the property. The division is in proportion to the respective municipal taxes against the property at the time of foreclosure.

(b) The former record owner of tax-foreclosed real property which has been held by a municipality for less than 10 years after the close of the redemption period and never designated for a public purpose which is sold at a tax-foreclosure sale is entitled to the portion of the proceeds of the sale which exceeds the amount sufficient to satisfy unpaid taxes, delinquent taxes assessed and levied as if the property had continued in private ownership, penalty, interest and costs of property sold, including costs incurred under Sec. 350(a) of this chapter. If the proceeds of the sale of tax-foreclosed property exceed the total of unpaid and delinquent taxes, penalty, interest, and costs, the borough or city shall provide the former owner of the property written notice advising of the amount of the excess and the manner in which a claim for the balance of the proceeds may be submitted. Notice is sufficient under this subsection if mailed to the former owner at his last address of record. If a waiver under this subsection is granted and the application for exemption approved, the amount of any assessment, penalty or interest

(c) The state shall reimburse a home rule or general law municipality for the sewer and water assessment revenues which it would receive but for the operation of this section. Reimbursement under this subsection is a lien in favor of the state against the property exempted to the extent of the assessment against the property exempted. The lien becomes immediately due and payable

The indebtedness of a service area acquired under AS 29.51.410 shall remain the indebtedness of the area which incurred the debt notwithstanding a subsequent court determination that the service area was not validly formed under law or by virtue of a defect in the proceedings creating the service area. All the property within the service area remains subject to taxation to pay the bonded indebtedness.

EXPLANATION: This is a new section. The Alaska Constitution prohibits the establishment of service areas when the function can be performed by a city or another service area. No guidelines have been established, leaving the legality of some service areas in doubt. This provides for the continuation of a debt should a service area subsequently be declared invalid, creating a de facto service area for purposes of the debt. (It may be unconstitutional)

ARTICLE 6. MISCELLANEOUS PROVISIONS

Sec. 29.51.370. (Sec. 29.58.300.) PUBLIC SALE. The municipality shall sell all bonds at a public or private sale as provided by ordinance. No bonds may be sold at less than par value.

Sec. 29.51.380. (Sec. 29.58.310.) INTEREST RATE. No municipal bond or note may bear an interest rate exceeding the contract usury rate of interest provided by law.

Sec. 29.51.390. (Sec. 29.58.315.) BOND ATTORNEYS, BOND AND FINANCIAL CONSULTANTS. The governing body or its designee of a home rule or general law municipality shall be the sole contracting authority for bond attorneys, bond consultants and financial consultants engaged in long range financial planning of the municipality which leads to sale of bonds.

Sec. 29.51.400. (Sec. 29.58.320.) REDEMPTION BEFORE MATURITY. A bond or note may be made subject to redemption before maturity as stated in the authorization or in the bond or note.

Sec. 29.51.410. (Sec. 29.58.340.) BOROUGH INDEBTEDNESS. (a) Boroughs may incur indebtedness

(1) on an areawide basis for areawide functions; or

(2) on a noncity basis for functions performed in the area outside cities only; or

(3) on a service area basis for functions performed in a service area only.

(b) Payment of debt principal and interest as well as other costs shall be limited to the area incurring the debt under (a)(2) or (a)(3) of this section, except that the full faith and credit of the entire borough may be pledged to guarantee payment of principal and interest.

(c) If the bonded debt to be incurred by a borough is an areawide debt, the vote is areawide; if the full faith and credit of the entire borough is pledged for the payment of the debt of the area outside cities or of a service area, an areawide election is held and the proposition must pass both areawide and in the area which will benefit from the improvement; if the bonded indebtedness to be incurred is limited to areas outside cities only or to service areas, the vote is limited to voters in those areas.

(d) The indebtedness of a municipality reclassified under AS 29.08.040 is not affected by reclassification. Not less than all property within a municipality which is reclassified remains subject to taxation to

amortize bonded or other indebtedness affecting the municipality and authorized on the effective date of reclassification.

Sec. 29.51.420. (Sec. 29.58.345.) BONDED INDEBTEDNESS FOR SCHOOL CONSTRUCTION. A home rule city levying property taxes for schools, upon furnishing proof satisfactory to the Department of Education and the Department of Community and Regional Affairs of the needs for school facilities which, if provided, will require the city to exceed limits on authorizing or issuing bonds which may be established by charter, may exceed the limits to the extent necessary to pay costs of school construction. In this section "costs of school construction" means costs as defined in AS 43.18.100(g)(2).

Sec. 29.51.430. (Sec. 29.58.350.) BOND GUARANTEE FUND. (a) To guarantee payment by the state of the principal and interest of bonds issued under the enabling authority of Sec. 345 of this chapter, there is in the Department of Community and Regional Affairs a special fund called the local school bond guarantee fund in which there shall be deposited all money appropriated by the legislature for the purpose of the fund and other money which may be made available for the purpose of the fund from any other source. Money in the fund shall be held and applied solely to further guarantee and provide an additional pledge of payment of all bonds issued under the provisions of Sec. 345 of this chapter. Money shall not be withdrawn from the fund if a withdrawal would reduce the amount in the fund to an amount equal to less than the "maximum debt service reserve" (as defined in this section), except for payment of interest then due and payable on bonds and the principal of bonds then maturing and payable and for the retirement of bonds in accordance with the terms of a contract between the municipality and its bondholders and for the payments on account of which interest or principal or retirement of bonds other money is not then available in accordance with the terms of the contract. In this

section "maximum debt service reserve" means, as of any date of computation, the largest amount of money required by the terms of all contracts between municipalities and their bondholders as to bonds issued under Sec. 345 of this chapter to be raised in any succeeding calendar year for the payment of interest on and maturing principal of outstanding bonds and payments required by the terms of the contracts to sinking funds established for the payment or redemption of the bonds, all calculated on the assumption that bonds will cease to be outstanding after the date of the computation by reason of the payment of bonds at their respective maturities and the payments of the required money to sinking funds and the application of the money in accordance with the terms of the contracts to the retirement of bonds.

(b) Money in the guarantee fund at any time in excess of the maximum debt service reserve, whether by reason of investment or otherwise, may be withdrawn by the department and transferred to the general fund.

(c) Money at any time in the guarantee fund may be invested in any direct obligation of, or obligations as to which principal and interest is guaranteed by, the United States, the state or a political subdivision.

(d) For purposes of valuation, investments in the guarantee fund shall be valued at the lowest of the par value, cost to the authority, or market value of the investments. Valuation on any particular date shall include the amount of interest then earned or accrued to that date on any money or investments in the fund.

(e) Other provisions of this section notwithstanding, no bonds may be issued carrying the guarantee provided in this section unless there is in the guarantee fund the maximum debt service reserve for all bonds then issued and outstanding and the bonds about to be issued, but nothing prevents or precludes a municipality from satisfying the foregoing requirement by depositing so much of the proceeds of the bonds about to be

issued, upon their issuance, as is needed to achieve the maximum debt service reserve.

(f) In order to assure the maintenance of the maximum debt service reserve in the guarantee fund, there is authorized to be appropriated

Sec. 29.51.390. BOND ATTORNEYS, BOND AND FINANCIAL CONSULTANTS. Repeal.

EXPLANATION: This section is repealed as unnecessary since the governing body has control through approving or disapproving the issuance of bonds. Arguably, contracting is an executive function.

DRAFTED CHANGES RECOMMENDED BY TECHNICAL COMMITTEE - 06 DECEMBER 1980

Sec. 29.51.410. BOROUGH INDEBTEDNESS. (a) A borough may incur indebtedness

(1) on an areawide basis for areawide functions; or

(2) on a ~~nonelty~~ basis for functions performed in the area outside cities only; or

(3) on a service area basis for functions performed in a service area only.

(b) Payment of debt principal and interest as well as other costs shall be derived from the area incurring the debt under (a)(2) or (a)(3) ~~of this section~~, except that the full faith and credit of the entire borough may be pledged to guarantee payment of principal and interest.

(c) If the bonded debt to be incurred by a borough is an areawide debt, the vote is areawide; if the full faith and credit of the area outside cities or of a service area, an areawide election is held and the proposition must pass both areawide and in the area which will benefit from the improvement; if the bonded indebtedness to be incurred is limited to areas outside cities only or to service areas, the vote is limited to voters in those areas and the full faith and credit of the area is pledged for the payment of the debt.

Sec. 29.51.420. BONDED INDEBTEDNESS FOR SCHOOL CONSTRUCTION. Repeal.

Sec. 29.51.430. BOND GUARANTEE FUND. Repeal

EXPLANATION: These sections have never been used and appear to serve no useful purpose. They are repealed at the request of the State Assessor.

DRAFTED CHANGES RECOMMENDED BY TECHNICAL COMMITTEE - 06 DECEMBER 1980

Sec. 29.51.440. SERVICE AREA DEBT. The indebtedness of a service area acquired under AS 29.51.410 shall remain the indebtedness of the area which incurred the debt notwithstanding a subsequent court determination that the service area was not validly formed under law or by virtue of a defect in the proceedings creating the service area. All the property within the service area remains subject to taxation to pay the bonded indebtedness.

EXPLANATION: This is a new section. The Alaska Constitution prohibits the establishment of service areas when the function can be performed by a city or another service area. No guidelines have been established, leaving the legality of some service areas in doubt. This provides for the continuation of a debt should a service area subsequently be declared invalid, creating a de facto service area for purposes of the debt.

SEC. 29.58.250. EFFECT OF BONDS. The refunding bonds may take up and refund all or any part of outstanding bonds at or before their maturity or redemption date. The assembly or council may include various series and issues of bonds in a single issue of refunding bonds.

SEC. 29.58.260. NO ELECTION REQUIRED. No election is required to authorize the issuance and sale of refunding bonds. Their issuance may be authorized and all proceedings with reference to them prescribed by ordinance of the assembly or council. However, when it is desirable to use general obligation bonds to refund a revenue bond issue, the governing body shall call an election on the question.

SEC. 29.58.270. PAYMENT OF REFUNDING BONDS. General obligation refunding bonds are payable according to § 180 of this chapter. Revenue refunding bonds are payable according to § 220 of this chapter.

SEC. 29.58.280. SALE. General obligation or revenue refunding bonds may, in the discretion of the assembly or council, be exchanged at par for the bonds being refunded, or may be sold at public or private sale for an amount not less than par and accrued interest. They may be issued and delivered at any time before the date of maturity or redemption of the refunded bonds.

ALTERNATE SEC. 29.58.300. PUBLIC SALE. The municipality shall sell all bonds at a public or private sale as provided by ordinance (NO BONDS MAY BE SOLD AT LESS THAN PAR VALUE).

SEC. 29.58.310. INTEREST RATE. No municipal bond or note may bear an interest rate exceeding the contract usury rate of interest provided by law.

SEC. 29.58.315. BOND ATTORNEYS, BOND AND FINANCIAL CONSULTANTS. The governing body or its designee of a home rule or general law municipality shall be the sole contracting authority for bond attorneys, bond consultants and financial consultants engaged in long-range financial planning of the municipality which leads to sale of bonds.

SEC. 29.58.320. REDEMPTION BEFORE MATURITY. A bond or note may be made subject to redemption before maturity as stated in the authorization or in the bond or note.

SEC. 29.58.340. BOROUGH INDEBTEDNESS. (a) Boroughs may incur indebtedness

(1) on an areawide basis for areawide functions; or

(2) on a noncity basis for functions performed in the area outside cities only; or

(3) on a service area basis for functions performed in a service area only.

(b) Payment of debt principal and interest as well as other costs shall be limited to the area incurring the debt under (a)(2) or (a)(3) of this section, except that the full faith and credit of the entire borough may be pledged to guarantee payment of principal and interest.

(c) If the bonded debt to be incurred by a borough is an areawide debt, the vote is areawide; if the full faith and credit of the entire borough is pledged for the payment of the debt of the area outside cities or of a service area, an areawide election is held and the proposition must pass both areawide and in the area which will benefit from the improvement; if the bonded indebtedness to be incurred is limited to areas outside cities only or to service areas, the vote is limited to voters in those areas.

(d) The indebtedness of a municipality reclassified under AS 29.08.040 is not affected by reclassification. Not less than all property within a municipality which is reclassified remains subject to taxation to amortize bonded or other indebtedness affecting the municipality and authorized on the effective date of reclassification.

SEC. 29.58.345. BONDED INDEBTEDNESS FOR SCHOOL CONSTRUCTION. A home rule city levying property taxes for schools, upon furnishing proof satisfactory to the Department of Education and the Department of Community and Regional Affairs of the needs for school facilities which, if provided, will require the city to exceed limits on authorizing or issuing bonds which may be established by charter, may exceed the limits to the extent necessary to pay costs of school construction. In this section "costs of school construction" means costs as defined in AS 43.18.100(g)(2).

SEC. 29.58.350. BOND GUARANTEE FUND. (a) To guarantee payment by the state of the principal and interest of bonds issued under the enabling authority of § 345 of this chapter, there is in the Department of Community and Regional Affairs a special fund called the local school bond guarantee fund in which there shall be deposited all money appropriated by the legislature for the purpose of the fund and other money which may be made available for the purpose of the fund from any other source. Money in the

fund shall be held and applied solely to further guarantee and provide an additional pledge of payment of all bonds issued under the provisions of § 345 of this chapter. Money shall not be withdrawn from the fund if a withdrawal would reduce the amount in the fund to an amount equal to less than the "maximum debt service reserve" (as defined in this section), except for payment of interest then due and payable on bonds and the principal of bonds then maturing and payable and for the retirement of bonds in accordance with the terms of a contract between the municipality and its bondholders and for the payments on account of which interest or principal or retirement of bonds other money is not then available in accordance with the terms of the contract. In this section "maximum debt service reserve" means, as of any date of computation, the largest amount of money required by the terms of all contracts between municipalities and their bondholders as to bonds issued under § 345 of this chapter to be raised in any succeeding calendar year for the payment of interest on and maturing principal of outstanding bonds and payments required by the terms of the contracts to sinking funds established for the payment or redemption of the bonds, all calculated on the assumption that bonds will cease to be outstanding after the date of the computation by reason of the payment of bonds at their respective maturities and the payments of the required money to sinking funds and the application of the money in accordance with the terms of the contracts to the retirement of bonds.

(b) Money in the guarantee fund at any time in excess of the maximum debt service reserve, whether by reason of investment or otherwise, may be withdrawn by the department and transferred to the general fund.

(c) Money at any time in the guarantee fund may be invested in any direct obligation of, or obligations as to which principal and interest is guaranteed by, the United States, the state or a political subdivision.

(d) For purposes of valuation, investments in the guarantee fund shall be valued at the lowest of the par value, cost to the authority, or market value of the investments. Valuation on any particular date shall include the amount of interest then earned or accrued to that date on any money or investments in the fund.

(e) Other provisions of this section notwithstanding, no bonds may be issued carrying the guarantee provided in this section unless there is in the guarantee fund the maximum debt service reserve for all bonds then issued and outstanding and the bonds about to be issued, but nothing prevents or precludes a municipality from satisfying the foregoing requirement by depositing so much of the proceeds of the bonds about to be issued, upon their issuance, as is needed to achieve the maximum debt service reserve.

(f) In order to assure the maintenance of the maximum debt service reserve in the guarantee fund, there is authorized to be appropriated annually and paid to the authority for deposit in the fund, the sum, if any, that is certified by the commissioner of community and regional affairs to the governor as necessary to restore the fund to an amount equal to the maximum debt service reserve. The chairman shall annually, before December 2, deliver to the governor his certificate stating the sum, if any, required to restore the fund to that amount, and the sum so certified is authorized to be appropriated and paid to the fund during the then current state fiscal year.

(g) Nothing in this section may be considered to cause bonds, payment of which is guaranteed from money in the fund established under this section, to be in any way a debt or liability of the state or any political subdivision of the state other than the political subdivision issuing the bonds, and the bonds, whether or not payable from the maximum debt service reserve created and established under this section, shall not create or constitute an indebtedness, liability or obligation of the state or be or constitute a pledge of the faith and credit of the state.

Dear Ted:

I have reviewed the draft of Chapter 58 of the Municipal Code regarding Municipal Debt. I have a few suggestions as follows:

1. AS 29.58.030. This section was repealed in 1974. I don't know why it should be reenacted.

2. AS 29.58.160(a). Delete "ordinance." Before the last Title 29 revision most communities put bond questions on the ballot by resolution. Since the public has the final say on bonds at the election the additional public hearing that an ordinance provides seems superfluous. The ordinance procedure also causes timing problems due to the two reading requirement. Since small communities often meet only once or twice per month this can be serious.

3. AS 29.58.200. Subsection (a) seems superfluous; given the broad authority of (c). Thus (a) could simply be deleted. I suggest deleting "except taxes" in (c) since a project may need a limited tax backing short of full faith and credit to be marketable. The Palmer Industrial Park bonds were sold by pledging sales tax revenues. Tax increment financing is another possibility. Similarly if (a) is retained "solely" should be deleted.

4. Industrial Development Bonds. General law municipalities should have the authority to issue the IDB's permitted by Section 103(c) of the Internal Revenue Code as well as home mortgage bonds. A new section permitting this is attached.

5. AS 29.58.280 and 29.58.300. Delete "at par" and "for an amount not less than par and accrued interest" from 29.58.280 and use alternate 29.58.300. The ability to sell at less than par can be a useful marketing tool.

6. AS 29.58.310. Delete this section which serves no purpose.

7. AS 29.58.340(c). Add the following sentence at the end: "The full faith and credit of the area voting on the indebtedness is pledged for the payment of the debt." This makes it clear that there can be a service area general obligation bond.

8. AS 29.58.360. Add a new section as follows:

> AS 29.58.360. Service Area Debt. The indebtedness of a service area issued pursuant to §340(a)(3) of this chapter shall remain the indebtedness of the area incurring the debt notwithstanding a subsequent determination by a court that the service area was not validly formed under law or by virtue of a defect in the proceedings creating the service area. Not less than all property within the service area remains subject to taxation to pay the bonded indebtedness.

The Alaska Constitution prohibits the establishment of service areas when the function can be performed by a city or another service area. No guidelines have ever been established, leaving the legality of some areas in doubt. This language provides for the continuation of a debt should such an area subsequently be declared to have violated constitutional standards. In effect it creates a de facto service area for the purpose of the debt.

Very truly yours,

WOHLFORTH & FLINT

Sec. 29.58.200(c) [or(d) if (a) is retained]. A municipality shall have the power to borrow money and to issue bonds or other evidence of indebtedness for the purpose of promoting economic development in and adjacent to the municipality. Such indebtedness may be authorized by the municipality without a vote of the electorate for obligations which are defined as industrial development bonds by the United States Internal Revenue Code, as amended. The municipality may, with respect to the issuance of such debt, acquire, purchase, lease, construction, sell, sublease or otherwise dispose of projects by action of the council or assembly. No bonds or other indebtedness issued by the municipality under this section shall be repayable from taxes levied by the municipality nor be a charge against the general credit of the municipality.

DRAFTED CHANGES RECOMMENDED BY TECHNICAL COMMITTEE - 06 DECEMBER 1980

Sec. 29.51.280. CONSTRUCTION. The prohibitions of AS 37.10.085 shall not apply to the issuance of revenue bonds or the use of proceeds from revenue bonds by a home rule or general law municipality.

EXPLANATION: The following provision is made inapplicable to the use of proceeds from revenue bonds:

Sec. 37.10.085. FINANCIAL AID TO CORPORATIONS BY STATE OR POLITICAL SUBDIVISION. Neither the state nor a political subdivision of the state may

(1) make a subscription to the capital stock of a corporation;

(2) lend its credit for the use of a corporation; or

(3) borrow money for the use of a corporation.

It is felt by bond counsels that this section currently forbids a municipality to use proceeds of revenue bond sales for loans and other expenditures designed to encourage industrial development.

DRAFTED CHANGES RECOMMENDED BY TECHNICAL COMMITTEE - 06 DECEMBER 1980

Sec. 29.51.340. SALE OF REFUNDING BONDS. General obligation refunding bonds or revenue refunding bonds may, at the discretion of the assembly or council, be exchanged for the bonds being refunded, or may be sold at public or private sale. They may be issued and delivered at any time before the date of maturity or redemption of the refunded bonds.

EXPLANATION: It is felt by bond counsels that the flexibility of allowing a refunding bond to be exchanged or sold at other than par value ought to be provided. It is felt that the policy of notifying the public of the value of bonds should not become an hinderance to obtaining the best deals through discounting bonds. It has become difficult to market revenue bonds at par value according to bond counsels.

DRAFTED CHANGES RECOMMENDED BY TECHNICAL COMMITTEE - 06 DECEMBER 1980

Sec. 29.51.370. PUBLIC SALE. Repeal.

EXPLANATION: This section is repealed as redundant since other provis ,ns deal with the sale of bonds.

DRAFTED CHANGES RECOMMENDED BY TECHNICAL COMMITTEE - 06 DECEMBER 1980

Sec. 29.51.390. BOND ATTORNEYS, BOND AND FINANCIAL CONSULTANTS. Repeal.

EXPLANATION: This section is repealed as unnecessary since the governing body has control through approving or disapproving the issuance of bonds. Arguably, contracting is an executive function.

DRAFTED CHANGES RECOMMENDED BY TECHNICAL COMMITTEE - 06 DECEMBER 1980

Sec. 29.51.410. BOROUGH INDEBTEDNESS. (a) A borough may incur indebtedness

(1) on an areawide basis for areawide functions; or

(2) on a noncity basis for functions performed in the area outside cities only; or

(3) on a service area basis for functions performed in a service area only.

(b) Payment of debt principal and interest as well as other costs shall be derived from the area incurring the debt under (a)(2) or (a)(3) of this section, except that the full faith and credit of the entire borough may be pledged to guarantee payment of principal and interest.

(c) If the bonded debt to be incurred by a borough is an areawide debt, the vote is areawide; if the full faith and credit of the area outside cities or of a service area, an areawide election is held and the proposition must pass both areawide and in the area which will benefit from the improvement; if the bonded indebtedness to be incurred is limited to areas outside cities only or to service areas, the vote is limited to voters in those areas and the full faith and credit of the area is pledged for the payment of the debt.

(d) no change.

EXPLANATION: Minor technical clean-up in (a) and (b). Language at the end of (c) added to make it clear that a service area general obligation bond can be issued.

EXPLANATION: These sections have never been used and appear to serve no useful purpose. They are repealed at the request of the State Assessor.

Sec. 29.51.440. SERVICE AREA DEBT. All the property within the service area remains subject to taxation to pay the bonded indebtedness.

EXPLANATION: This is a new section. The Alaska Constitution prohibits the establishment of service areas when the function can be performed by a city or another service area. No guidelines have been established, leaving the legality of some service areas in doubt. This provides for the continuation of a debt should a service area subsequently be declared invalid, creating a de facto service area for purposes of the debt.

Sec. 29.51.250 CONSTRUCTION. The prohibitions of AS 37.10.085 shall not apply to the issuance of revenue bonds or the use of proceeds from revenue bonds by a home rule or general law municipality.

INSERT

(d) As used in this section, the term "commissioner of revenue" means the commissioner of revenue or any other officer, board, commission or committee of the state authorized to invest money of the general fund. (§ 1 ch 207 SLA 1970; am §§ 1 — 3 ch 112 SLA 1975)

Revisor's note (1979). — To correct a clerical error, the word "or" has been inserted at the end of AS 37.10.079(b)(1), added by ch. 207, SLA 1970 (HCS CSSB 593 am H). See 1970 House Journal, page 1589.

Effect of amendment. — The 1975 amendment substituted "he may" for "up to $18,365,000 of them may be used to" in subsection (a), and in paragraph (2) of subsection (b), substituted the language beginning "the bonds cannot be sold" for "the buyer has proper cause to avoid his contract for the purchase of the bonds" at the end of subparagraph (B), deleted subparagraph (C), and inserted the language beginning "municipality is" and ending "so that the" in subparagraph (D). The amendment also so changed subsection (c) that a detailed comparison is impracticable.

Sec. 37.10.080. Sale of bonds held as investments. Bonds purchased by the Department of Revenue for the benefit of the state from funds set apart for a specific purpose may be sold by the Department of Revenue at the terms and conditions which the governor approves, and the money received shall be credited to the fund for which the bonds were purchased. (b) Transfers under (a) of this section may be made only when the commissioner of revenue determines and certifies to the state bond committee that there is in the general fund an amount sufficient to meet current cash expenditure needs of the state.

fund shall be held and applied solely to further guarantee and provide an additional pledge of payment of all bonds issued under the provisions of § 345 of this chapter. Money shall not be withdrawn from the fund if a withdrawal would reduce the amount in the fund to an amount equal to less than the "maximum debt service reserve" (as defined in this section), except for payment of interest then due and payable on bonds and the principal of bonds then maturing and payable and for the retirement of bonds in accordance with the terms of a contract between the municipality and its bondholders and for the payments on account of which interest or principal or retirement of bonds other money is not then available in accordance with the terms of the contract. In this section "maximum debt service reserve" means, as of any date of computation, the largest amount of money required by the terms of all contracts between municipalities and their bondholders as to bonds issued under § 345 of this chapter to be raised in any succeeding calendar year for the payment of interest on and maturing principal of outstanding bonds and payments required by the terms of the contracts to sinking funds established for the payment or redemption of the bonds, all calculated on the assumption that bonds will cease to be outstanding after the date of the computation by reason of the payment of bonds at their respective maturities and the payments of the required money to sinking funds and the application of the money in accordance with the terms of the contracts to the retirement of bonds.

(b) Money in the guarantee fund at any time in excess of the maximum debt service reserve, whether by reason of investment or otherwise, may be withdrawn by the department and transferred to the general fund.

(c) Money at any time in the guarantee fund may be invested in any direct obligation of, or obligations as to which principal and interest is guaranteed by, the United States, the state or a political subdivision.

(d) For purposes of valuation, investments in the guarantee fund shall be valued at the lowest of the par value, cost to the authority, or market value of the investments. Valuation on any particular date shall include the amount of interest then earned or accrued to that date on any money or investments in the fund.

(e) Other provisions of this section notwithstanding, no bonds may be issued carrying the guarantee provided in this section unless there is in the guarantee fund the maximum debt service reserve for all bonds then issued and outstanding and the bonds about to be issued, but nothing prevents or precludes a municipality from satisfying the foregoing requirement by depositing so much of the proceeds of the bonds about to be issued, upon their issuance, as is needed to achieve the maximum debt service reserve.

(f) In order to assure the maintenance of the maximum debt service reserve in the guarantee fund, there is authorized to be appropriated annually and paid to the authority for deposit in the fund, the sum, if any, that is certified by the commissioner of community and regional affairs to the governor as necessary to restore the fund to an amount equal to the maximum debt service reserve. The chairman shall annually, before December 2, deliver to the governor his certificate stating the sum, if any, required to restore the fund to that amount, and the sum so certified is authorized to be appropriated and paid to the fund during the then current state fiscal year.

(g) Nothing in this section may be considered to cause bonds, payment of which is guaranteed from money in the fund established under this section, to be in any way a debt or liability of the state or any political subdivision of the state other than the political subdivision issuing the bonds, and the bonds, whether or not payable from the maximum debt service reserve created and established under this section, shall not create or constitute an indebtedness, liability or obligation of the state or be or constitute a pledge of the faith and credit of the state.

CHAPTER 62. STATE PROGRAMS

(CHAPTER 88. MUNICIPAL TAX RESOURCE EQUALIZATION)

ARTICLE 1. MUNICIPAL TAX RESOURCE EQUALIZATION

Sec. 29.62.010. (Sec. 29.88.010.) STATE EQUALIZATION OF TAX RESOURCES FOR LOCAL GOVERNMENT SERVICES. (a) During each fiscal year the department shall compute an equalization entitlement for local government services provided by a taxing unit.

(b) The equalization entitlement computed for a taxing unit is based on the population, relative ability to generate revenue, and local tax burden of the taxing unit and is determined by the application of the formula

Entitlement = P x R where P = population, and R = millage rate equivalent, determined by dividing the

sum of the locally generated revenue of the taxing unit by one-tenth of one percent (0.1) of the full and true value of assessed property of the taxing unit determined under AS 29.88.020(d); however, the property value used under this subsection may not be less than 15 percent of the statewide average per capita full and true assessed property value.

(c) For purposes of this section, locally generated revenue

(1) includes

(A) the actual revenue derived from the levy and collection of local taxes in the taxing unit for local government services during the preceding fiscal year of the taxing unit;

(B) motor vehicle payments received by the municipality during the preceding fiscal year under AS 28.10.431;

(C) revenue from fees, rentals, leases, penalties, licenses or permits received during the preceding fiscal year by the municipality for a function or service over which it has control, including revenues derived from parks and recreation ser-

vices, mass transit, offstreet parking, and garbage and solid waste disposal services;

(D) special assessments received during the preceding fiscal year; and

(E) payments received by a municipality from a utility which are in place of taxes levied and collected by the municipality;

(2) excludes

(A) revenue derived from the levy and collection of municipal taxes and appropriated for the operating expenses and debt service of utilities;

(B) revenue from interest earned on investments and from the sale and lease of land or equipment; and

(C) all other revenue from whatever service derived.

Sec. 29.62.020. (Sec. 29.88.015.) DETERMINATION OF POPULATION. (a) For purposes of this chapter, the population of a taxing unit shall be determined annually by the latest figures of the United States Bureau of the Census or other population data which, in the judgment of the department, is reliable.

(b) The population of the taxing unit includes the population of any military reservation which is a part of the taxing unit.

Sec. 29.62.030. (Sec. 29.88.020.) DETERMINATION OF MILLAGE RATE EQUIVALENT. (a) The department may require a municipality to return a certification, signed by the municipal treasurer or manager and the mayor, which provides an estimate of the locally generated revenue received by the municipality during the preceding fiscal year.

(b) By October 15 of each year, the department shall make an initial determination of the millage rate equivalent of each taxing unit to be used

for computing and distributing equalization entitlements for the current fiscal year under this chapter. The department shall base the initial determination on the estimates in the certification returned by a municipality under (a) of this section.

(c) As early as possible, but not later than December 15 of each year, the department shall make a final determination of the millage rate equivalent of each taxing unit to use to compute and distribute equalization entitlements under this chapter. The department shall base the determination on audits, financial statements and other financial reports prepared and submitted by a municipality. The department shall adjust the locally generated revenue reported by a municipality to exclude the municipal revenue claimed by the municipality which does not qualify for inclusion in or recognition as locally generated revenue for local government purposes under AS 29.88.010(c)(1). The adjustment shall be made by deducting from total revenue claimed by the municipality the amount of the department's estimate of revenue which is not recognized for local government purposes.

(d) The full and true assessed property value shall be determined by the department in the manner provided for the computation of state aid to education under AS 14.17.140. When the determination of locally generated revenue includes revenue of a utility received under AS 29.88.010(c)(1)(E), the full and true assessed property value shall include the computed assessed value of the utility, determined by dividing the amount of the payment in place of taxes made by the utility by the millage rate which would apply to the utility if the utility were subject to levy and collection of taxes under AS 29.53.

(e) In addition to the computation for municipalities which levy and collect a property tax, the department shall determine an estimated full and true assessed property value under (d) of this section for

(1) each municipality which is a school district and which does not levy and collect a property tax;

(2) each second class city with a population of 750 or more persons; however, a computation is not required under this paragraph more often than once during a period of three successive calendar years; and

(3) all other second class cities, by determining the average per capita full and true assessed property value of all cities having a population of less than 750 persons in which an assessment has been completed by a municipality or for which a determination is not made under (1) or (2) of this subsection.

(f) The department shall annually compute a statewide average per capita full and true assessed property value.

Sec. 29.62.040. (Sec. AS 29.88.025.) REPORTS. A payment of an equalization entitlement may not be made to a municipality under this chapter until the municipality has submitted its certificate of estimated revenue and its finanical report to the department for the fiscal year preceding the year for which the equalization entitlement is sought, together with a budget for the municipality's current fiscal year. The financial report shall include a listing of general revenue collected from taxes levied and assessed by the municipality and any other revenue which, in the opinion of the municipal officials, is eligible for inclusion in computations of the locally generated revenue of the taxing unit.

Sec. 29.62.050. (Sec. 29.88.030.) LIMITATION ON COMPUTATION AND USE OF PAYMENTS. (a) An equalization entitlement generated by the general tax levy of a taxing unit may be used only for authorized expenditures of that taxing unit, but up to 15 percent of the payment of an equalization entitlement generated by areawide revenue of a municipality may be used by the municipality for areawide or nonareawide purposes at the descretion of its assembly or council.

(b) An equalization entitlement determined with reference to revenue other than revenue obtained from the levy and collection of taxes may be used for areawide or nonareawide purposes, at the discretion of the assembly or council.

Sec. 29.62.060. (Sec. 29.88.035.) TAX EQUALIZATION ACCOUNT. The tax equalization account is established. Money to carry out the provisions of this chapter shall be allocated by the department to the account. The amount allocated to the account shall be fully distributed by the department as payments to municipalities to fulfill each municipality's share authorized under AS 29.62.010. (AS 29.88.010.). The amount allocated to the account shall be distributed by the department pro rata among eligible municipalities.

Sec. 29.62.070. (Sec. 29.88.040.) ADMINISTRATION. (a) The department may adopt regulations necessary to implement this chapter. The regulations shall include, among other provisions,

(1) procedures and filing dates for submitting certification and financial reports;

(2) procedures for obtaining information required to compute and determine the municipality's millage rate equivalent; and

(3) procedures by which the department shall notify a municipality in writing of the reasons for a proposed disallowance or adjustment of any factor bearing upon the determination of the municipality's entitlement and by which the municipality will be provided reasonable time in which to respond or to challenge the department's determination.

(b) The department shall make reasonable efforts to advise and assist municipalities in collecting information and completing reports necessary for the determination of entitlements under this chapter.

(c) The department shall, by regulation, classify for inclusion or exclusion as a component of a municipality's millage rate equivalent under AS 29.62.010 (AS 29.88.010) any tax revenue appropriated for a utility not included in the definition set out in AS 29.62.080(4) [(AS 29.88.045(4)].

Sec. 29.62.080. (Sec. 29.88.045.) DEFINITIONS. In this chapter

(1) "department" means the department of Community and Regional Affairs;

(2) "municipality" means a city, borough or unified municipality incorporated under the laws of the state;

The area cost-of-living differential for each recipient shall be determined annually by election district under the provisions of AS 39.27.030. Application of the area cost-of-living differential may not result in distribution of an amount less than the amount of the payment determined without reference to application of this section.

(b) The election districts used to establish area cost-of-living differentials under (a) of this section are those designated by the proclamation of reapportionment and redistricting of December 7, 1961, and retained for the house of representatives by proclamation of the governor September 3, 1965.

Except as provided in AS 29.62.300 (AS 29.95.030), application or the area cost-of-living differential may not result in a payment which is less than the minimum payment determined under (a) of this section. For purposes of this subsection, the election districts used are those designated by the proclamation of reapportionment and redistricting of December 7, 1961, and retained for the house of representatives by proclamation of the governor September 3, 1965.

(c) The Department of Community and Regional Affairs shall pay to each municipality eligible to receive a minimum payment under this section an amount equal to the difference between the minimum payment determined under (a) and (b) of this section and the sum of the amounts payable for the same fiscal year under AS 29.62 (AS 29.88 and AS 29.89).

Sec. 29.65.020. (Sec. 29.18.202.) DETERMINATION OF ENTITLEMENT FOR CITIES. The general grant land entitlement of a city formerly eligible to receive general grant land under the provisions of secs. 190 and 200 of this chapter, as repealed by this act, is 10 percent of the maximum total acreage of vacant, unappropriated, unreserved land within the boundaries of each city at any time between the initial date of eligibility under former secs. 190 and 200 of this chapter and July 1, 1978. Within six months of July 1, 1978, the director shall determine the entitlement for each city eligible to receive general grant land under this section and certify that entitlement to the city.

Sec. 29.65.030. (Sec. 29.18.203.) DETERMINATION OF ENTITLEMENT FOR NEWLY INCORPORATED MUNICIPALITIES. (a) The general grant land entitlement

of a municipality incorporated after July 1, 1978 is 10 percent of the total acreage of vacant, unappropriated, unreserved land within the boundaries of the municipality on the date of incorporation of that municipality.

(b) Within six months of the date of incorporation of a municipality which is incorporated after July 1, 1978, the director shall determine the entitlement of each municipality eligible to receive general grant land under (a) of this section and certify the entitlement to the municipality.

Sec. 29.65.040. (Sec. 29.18.204.) STATUS OF ENTITLEMENTS. (a) After July 1, 1978, general grant land entitlements provided in AS 29.18.201 and 29.18.202 are vested property rights which must be fulfilled as provided in AS 29.18.205 or 29.18.208.

(b) General grant land entitlements provided by AS 29.18.203 are property rights which vest on the date of incorporation of the municipality. The entitlement must be fulfilled as provided in AS 29.18.205.

(c) Land may be selected by a municipality to satisfy a general grant land entitlement under AS 29.18.201 and 29.18.202 at any time before October 1, 1980.

(d) Land may be selected by a municipality to satisfy a general grant land entitlement under AS 29.18.203 at any time within one year after the director certifies the entitlement to the municipality.

(e) The time limitations imposed by (c) and (d) of this section for exercising a vested general grant land entitlement do not apply to

(1) the portion of an entitlement which cannot be satisfied by that date because of a shortage of land suitable for residential, commercial and industrial purposes which is vacant, unappropriated, unreserved land;

(2) payments for land deficiency under AS 29.18.208;

(3) the portion of an entitlement which cannot be satisfied because the land selected by a municipality has been selected by a party entitled to select land owned by the United States or the state; or

(4) the portion of an entitlement which cannot be satisfied because the land nominated for selection by the municipality is not tentatively approved for patent to the state.

Sec. 29.65.050. (Sec. 29.18.205.) FULFILLMENT OF LAND ENTITLEMENTS (a) The acreage of each municipality's land selections under former secs. 190 and 200 of this chapter for which patent has been issued before July 1, 1978 shall be credited toward fulfillment of the entitlement of that municipality.

(b) All approved selections under former secs. 190 and 200 of this chapter for which patent has not been issued to a municipality on July 1, 1978 shall be reviewed by the director within nine months of July 1, 1978. Any approved selection of land which was vacant, unappropriated or unreserved on the date of selection is valid as of the date of the approval under former secs. 190 and 200 of this chapter, and a patent shall be issued to the municipality within three months after approval by the director of a plat of survey. The acreage shall be credited toward fulfillment of the municipality's entitlement. No municipality is entitled to receive patent under this chapter to more than its entitlement determined under secs. 201 - 203 of this chapter. Any prior approval by the director of municipal selections for land which was not vacant, unappropriated or unreserved on the date of selection shall be rescinded, and patent may not be issued except when disposal to a third party by sale or lease has occurred. Transfers of land to municipalities under this chapter are subject to AS 38.05.321. Classification actions as reflected upon the land status records of the Department of Natural Resources are determinative of land classification status for purposes of this chapter.

(c) Repealed by sec. 45 ch 85 SLA 1979.

(d) Repealed by sec. 45 ch 85 SLA 1979.

(e) Repealed by sec. 45 ch 85 SLA 1979.

(f) The director shall approve each selection for patent within nine months of its selection by a municipality, and a patent shall be issued to the municipality for land selected in satisfaction of a general grant land entitlement vested under AS 29.18.201 - 29.18.203 within three months after approval by the director of a plat of survey.

(g) Repealed by sec. 45 ch 85 SLA 1979.

(h) Repealed by sec. 45 ch 85 SLA 1979.

(i) Repealed by sec. 45 ch 85 SLA 1979.

Sec. 29.65.060. (Sec. 29.18.206.) SCHOOL, UNIVERSITY AND MENTAL HEALTH LAND. (a) If an entitlement determined in sec. 201 or 202 of this chapter results in a per capita entitlement for the municipality of less than one and one-half acre, the municipality may select vacant school, university or mental health land within the municipality in partial fulfillment of its land entitlement under this chapter. School, university or mental health land may be selected notwithstanding the fact that these lands are not unappropriated and unreserved within the meaning of this chapter and secs. 190 and 200 of this chapter, repealed by this act, but each selection of school, university or mental health land by a municipality must be vacant, unappropriated, or unreserved land as defined in this chapter, except that it need not be general grant land.

(b) The acreage of school, university or mental health land, if any, within a municipality may not be included in the determination of entitlement under sec. 201 or 202 of this chapter.

(c) Land conveyed under this section will be credited against a municipality's remaining land entitlement under this chapter.

(d) Within six months after approval of a municipal selection of school, university, or mental health land, the director shall identify state general grant land of approximately equal value to the land requested by the municipality, and shall propose the replacement land for the concurrence of the appropriate board. If a proposal by the director is rejected by the board, the director shall meet with the board as often as necessary to determine the type and amount of equal value replacement land that would be required to obtain the board's concurrence, and shall propose the replacement land for consideration by the board. The replacement land shall thereafter be managed for the purposes for which the land selected by the municipality was acquired by the Territory and State of Alaska.

(e) The notice and review provisions of AS 38.05.305 and 38.05.345 are applicable to the designation of other general grant land as school, university or mental health land in replacement of land selected under this section. The provisions of AS 38.50 and AS 38.05.032 do not apply to such designations under this section. The provisions of AS 38.05.030(a), 38.05.030(e), and 38.05.035(a)(13) which require the approval of the respective trust board before disposal of lands by the director do not apply to selections of school, university or mental health land by a municipality under this section.

(f) For purposes of determining the per capita entitlement under (a) of this section, the population of a municipality shall be the population determined by the commissioner of the Department of Community and Regional Affairs under AS 43.18.010 for the program year beginning July 1, 1978 for a municipality whose entitlement is determined under sec. 201 or 202 of this chapter.

Sec. 29.65.070. (Sec. 29.18.207.) SELECTION AND CONVEYANCE PROCEDURE. (a) Repealed by sec. 45 ch 85 SLA 1979.

(b) Repealed by sec. 45 ch 85 SLA 1979.

(c) If land selected by a municipality is unsurveyed at the time of approval, the director shall survey, or may approve the municipality's survey of, the exterior boundaries of an approved selection without interior subdivision, and shall issue patent in terms of the exterior boundary survey. The cost of the survey shall be borne by the municipality. If land selected by a municipality has been surveyed at the time of its selection, the boundaries shall conform to the public land subdivisions established by the approved survey.

(d) The director may approve municipal selections of land which have been tentatively approved or patented to the state by the federal government, but he may not issue patent to a municipality until the land has first been patented to the state. After approval of a selection by the director, but before patent to a municipality, the municipality may execute conditional leases and make conditional sales only with the consent of the director. Conditional sales and conditional leases made before July 1, 1978 do not require the consent of the director.

(e) Nothing in this chapter affects a valid existing claim, location or entry under the laws of the state or the United States whether for homestead, mineral, right-of-way or other purposes. Nothing in this chapter affects the rights of an owner, claimant, locater or entryman to the full use and enjoyment of the land so occupied.

Sec. 29.65.080. (Sec. 29.18.208.) PAYMENT FOR LAND DEFICIENCY. (a) There is established within the general fund the Alaska municipal land account for the following purposes:

(1) providing payment to the boroughs and unified municipalities designated in AS 29.18.201 for a deficiency of land physically suitable for residential, commercial or industrial purposes; or

(2) providing payment to the boroughs and unified municipalities designated in sec. 201 of this chapter for certain general grant lands selected by the state and conveyed to a Native corporation under the provisions of the Alaska Native Claims Settlement Act.

(b) A municipality shall receive payment for its land deficiency from the account established in (a) of this section. A municipality is eligible to receive payment for land deficiency if, after July 1, 1980, the amount of land selected by a municipality which is physically suitable for residential, commercial or industrial purposes amounts to less than one-third acre per capita. Any entitlement under AS 29.18.201 which is less than one-third acre per capita will, for the purposes of this subsection, be considered a land deficiency. An unselected remaining entitlement will, for the purpose of deficiency payment under this subsection, be considered as land physically suitable for residential, commercial or industrial purposes. A municipality eligible under this subsection is entitled to receive a payment for land deficiency equal to $1,000 per acre for a number of acres equal to the difference between one-third of the population of the municipality less the number of acres physically suitable for residential, commercial or industrial purposes which has been selected by the municipality. For the purpose of this subsection, the population of the municipality shall be the population determined in accordance with AS 29.18.206(f). No payment may be made to a municipality under this subsection in excess of $9,000,000.

(c) If a municipality selected vacant, unappropriated, unreserved land on or before December 18, 1971, to which the state had received tentative approval or patent, and such land was also selected by a Native corporation organized under the Alaska Native Claims Settlement Act (P.L. 92-203), and title to that land is ultimately vested in that Native corporation, the municipality may, at its option, request payment for land

deficiency from the account established in (a) of this section. The acceptance of payment under this subsection by a municipality constitutes a relinquishment of any other right, title or claim to the land by that municipality. The total payment to a municipality under this subsection may not exceed $1,000 per acre to a maximum of 8,000 acres.

(d) The governor shall annually submit to the legislature a request for an appropriation to the account for the municipalities which have elected to receive payments under (b) or (c) of this section. The request for appropriation shall distinguish between amounts necessary to make payments for land deficiency under (b) of this section and those required to make payments for land deficiency under (c) of this section.

(e) For purposes of fulfilling entitlements under this section, the legislature is authorized to appropriate

(1) not more than $4,000,000 per fiscal year, and not more than $12,000,000 in total, for the purpose of paying entitlements under (b) of this section;

(2) not more than $1,000,000 per fiscal year, and not more than $8,000,000 in total, for the purpose of paying entitlements under (c) of this section.

(f) If an annual appropriation is not sufficient to meet the amount due to all municipalities which have elected to accept payment for land deficiency under (b) or (c) of this section, the governor shall apportion the appropriation among the municipalities in proportion to the payment calculated for each municipality for that year. When a distribution of payments is made under (c) of this section, the remaining entitlement of a municipality to which payment is made shall be reduced in an amount equal to the number of acres for which payment was received. An appropriation made under this section is in addition to other grants and entitlements authorized to eligible municipalities.

(g) Payments authorized by this section may not be made to a municipality eligible for an entitlement under sec. 202 or 203 of this chapter.

(h) Payments made under this section shall be used by those local governments which levy property taxes to reduce those levies in proportion to the amount of state payments received by a local government for a given fiscal year. The governing body of each local government shall furnish a notice with the tax statement describing the effect on property tax levies of payments received under this section.

Sec. 29.65.090. (Sec. 29.18.209.) AUTHORIZATION FOR LAND EXCHANGES. The director, with the concurrence of the commissioner, and any municipality are authorized to exchange land or interests in land when it is in the public interest. Land or interests in land exchanged under this section must be of approximately equal value, including the non-monetary value of public benefits. Exchange procedures shall comply with applicable law and municipal ordinances. The notice and review provisions of AS 38.05.305 and 38.05.345 are applicable to exchanges of land under this section. The provisions of AS 38.50 do not apply to exchanges of land under this section.

Sec. 29.65.100. (Sec. 29.18.210.) PUBLIC PURPOSE AND EXPANSION NEEDS. (a) Consistent with the best interests of the state, if a municipality does not contain and cannot reasonably acquire sufficient nonfederal land within its boundaries to meet its legitimate needs for public or private settlement or development, it shall be the policy of the state to select federal land reasonably necessary to meet the needs of the municipality and to make the land selected available to the municipality under AS 38.05.315 or (b) of this section.

(b) Where state land is the most logical location for demonstrated municipal expansion for nonpublic settlement and development purposes, and when an exchange of land under sec. 209 of this chapter is not possible or

is not in the public interest, it is the policy of the state to sell or lease the land at public auction. The state may contract with a municipality to act as its agent in an auction of state land under applicable statutes. When a municipality acts as the agent of the state in an auction, the municipality may retain from the proceeds of the auction the expenses which the director determines to be necessary and reasonable.

(c) Nothing in this chapter limits or impairs the authority of the director to transfer land to municipalities, without limit or consideration, for public purposes in accordance with AS 38.05.315. If there is a remaining entitlement of the municipality, land transferred under AS 38.05.315 shall be credited toward fulfillment of the entitlement.

Sec. 29.65.110. (Sec. 29.18.211.) ELECTION OF BENEFITS. (a) A municipality which on July 1, 1978 is engaged in litigation, or which becomes engaged in litigation, regarding a claim to state land under former secs. 190 and 200 of this chapter shall elect either to obtain the benefits provided in secs. 201 -213 of this chapter or to pursue the litigation and thereby waive any claim to entitlement under secs. 201 213 of this chapter. An election shall be made by filing a motion for dismissal with prejudice in the court in which the litigation is pending. If the claim involves a municipality identified in sec. 201 of this chapter, the municipality shall file its motion for dismissal within 60 days of July 1, 1978. If the claim involves a city eligible to receive an entitlement under sec. 202 of this chapter, the city shall file its motion for dismissal within 60 days after receiving the certificate of entitlement provided by the director under sec. 202 of this chapter. Failure of the municipality to file a motion for dismissal during the time period provided in this subsection shall be considered a waiver of entitlement under secs. 201 - 213 of this chapter.

(b) A municipality which was eligible to file land selections under former secs. 190 and 200 of this chapter and which does not enter

into litigation over a claim to rights under those sections before the expiration of the time period within which it could make an election under (a) of this section shall be considered to have elected to receive benefits under secs. 201 - 213 of this chapter and to have waived any claim which might have been raised under former secs. 190 and 200 of this chapter.

(c) The provisions of secs. 201 - 213 of this chapter do not affect the rights, if any, of any party to litigation regarding the former AS 29.18.190 29.18.200 or 29.18.420, which litigation is maintained by a municipality that has elected not to obtain the benefits provided by secs. 201 - 213 of this chapter.

Sec. 29.65.120. (Sec. 29.18.212.) ADMINISTRATION. The commissioner may adopt regulations in accordance with the Administrative Procedure Act (AS 44.62) necessary to carry out the purposes of secs. 201 - 213 of this chapter.

Sec. 29.65.050. FULFILLMENT OF LAND ENTITLEMENTS.

(j) Notwithstanding AS 29.65.010 - 29.65.130, a municipality which is unable to satisfy its entitlement due to a shortage of vacant, unappropriated, unreserved general grant land suitable for residential, commercial or industrial purposes may fulfill its remaining entitlement by selection of other state land which is vacant, unappropriated and unreserved.

NO OBJECTION

EXPLANATION: This added subsection addresses a problem which has come up when a municipality is formed in an area with little vacant state land nearby. This allows a municipality the option of selecting vacant state land which is not general grant land if general grant land is unavailable.

Sec. 37.30.100. PROHIBITED BIDDING ON BONDS. Repeal.

EXPLANATION: It is felt that this section should be repealed because it unduly restricts the selling of bonds. It creates a hardship on the smaller communities who may have only one financial advisor available. The municipality is protected by SEC disclosure requirements and by the fact that a "person" can't buy bonds without permission of the municipality. Also (b) created a cloud on bonds, since there is always a possiblility that they are void if the wrong person provided marketing assistance.

EXPLANATION: The following provision is made inapplicable to the use of proceeds from revenue bonds:

Sec. 37.10.085. FINANCIAL AID TO CORPORATIONS BY STATE OR POLITICAL SUBDIVISION. Neither the state nor a political subdivision of the state may

(1) make a subscription to the capital stock of a corporation;

(2) lend its credit for the use of a corporation; or

(3) borrow money for the use of a corporation.

It is felt by bond counsels that this section currently forbids a municipality to use proceeds of revenue bond sales for loans and other expenditures designed to encourage industrial development.

denominations, maturities, rate or rates of interest, redemption terms, registration privileges, manner of execution, signatures required, purchase price, manner of sale, and ~~all~~ other ~~details of the~~ bonds or notes. If an officer whose signature appears on the bonds or coupons ceases to be an officer before delivery of the bonds, his signature is valid as if he had remained in office until delivery.

Repeal the following provisions--A.S. ~~29.58.220~~, 29.58.170.

Sec. 5. A.S. ~~29.58.200~~ is amended to read:

Sec. 29.58.200. REVENUE BONDS. (a) A municipality ~~of the State~~ may issue revenue bonds for a public enterprise or public corporation of the municipality where the only security is the revenues of the public enterprise or corporation. [A MUNICIPALITY MAY ACQUIRE, CONSTRUCT, IMPROVE AND EQUIP CAPITAL IMPROVEMENTS TO BE OPERATED UPON A REVENUE-PRODUCING BASIS, AND BONDS FOR THESE PURPOSES ARE PAYABLE SOLELY FROM UNPLEDGED REVENUE OF THE PUBLIC FACILITIES FOR WHICH THE BONDS ARE ISSUED.]

DRAFTED CHANGES RECOMMENDED BY TECHNICAL COMMITTEE - 06 DECEMBER 1980

~~Sec. 29.51.370. PUBLIC SALE. Repeal.~~

use John's latest version

EXPLANATION: This section is repealed as redundant since other provisions deal with the sale of bonds.

Sec. 29.45.240.

(e) In this section "disaster" means a major disaster declared by the President of the United States under the provisions of the Federal Disaster Act of 1950, Title 42, United States Code, sec. 1855-1855g or other federal law, or a disaster declared by the governor under AS 26.23.010-110.

EXPLANATION: Makes provision for special treatment of property affected by a disaster applicable if the governor, as well as the president, declares a disaster.

Sec. 29.45.250. TAX LEVY AND RATE. (a) The power granted to the assembly to assess, levy and collect a general property tax shall be exercised by means of a general ordinance. The rate of levy, the date of equalization and the date when taxes become delinquent shall be fixed by ordinance or resolution.

(b) No change.

EXPLANATION: Allows rate of levy, date of equalization, date of delinquency to be fixed by ordinance as well as resolution.

Sec. 29.45.260. RATES OF PENALTY AND INTEREST. (a) If the taxpayer is required to pay the entire tax on the due date set by the assembly, a penalty not to exceed 20 percent may be added to all delinquent taxes, and interest at the rate of 15 percent a year shall accrue upon all unpaid taxes, not including penalty, from the due date until paid in full. If the taxpayer is given the right to pay the tax in two installments penalty and interest on an unpaid installment accrues from the date the installment becomes due.

(b) No change.

(c) Repeal.

EXPLANATION: The penalty and interest rates are raised, so that people will not deliberately avoid paying taxes due to the high cost of borrowing from other sources. Penalty and interest on an unpaid installment accrues only from the date the installment is due. (c) is repealed as redundant. Since (a) provides for interest and penalty on all types of taxes, there is no need for special treatment of property taxes.

OK

Sec. 29.45.300. TAX LIABILITY. (a) No change.

(b) Property taxes, together with penalty and interest, are a lien upon the property assessed, and the lien is prior and paramount to all other liens or encumbrances against the property.

EXPLANATION: The change makes it clear that a lien exists on personal as well as real property.

OK

Sec. 29.45.310. ENFORCEMENT OF PERSONAL PROPERTY TAX LIENS BY DISTRAINT AND SALE. The lien of personal property taxes may be enforced by distraint and sale of the property. The assembly shall provide the procedure for distraint and sale by ordinance. No seizure, levy or distraint is legal unless demand is first made of the person assessed for the amount of the tax, penalty and interest, and no sale is valid unless made at public auction after 15 days notice given by posting or publication. The seizure is made by virtue of a warrant issued by the borough clerk to a peace officer. If the property sold is not sufficient to satisfy the tax, penalty, interest, and costs of sale, the warrant may authorize the seizure of other personal property sufficient to satisfy the tax, penalty, interest and costs of sale. If the property is sold for more money than is needed to satisfy the tax, upon presentation of a proper claim, the municipality shall remit the excess to the former record owner. A claim for the excess filed after six months of the date of sale is forever barred.

EXPLANATION: Allows the return of excess money received over the amount needed for the tax when property is sold to satisfy a tax lien.

Sec. 29.45.320. REAL PROPERTY TAX COLLECTION. (a) No change. OK

(b) If the tax on property described in AS 29.45.080 or on a taxable interest in tax exempt property is not paid when due, a borough may enforce the tax by a personal action against the delinquent taxpayer brought in the district or superior court, in addition to other remedies available to the borough to enforce the lien.

EXPLANTION: The word "taxable" is substituted for "leasehold" so that any interest in tax exempt property which can be taxed can be enforced.

Sec. 29.45.400. REDEMPTION PERIOD. (a) No change.

(b) Repeal.

EXPLANATON: (b) is eliminated so that a person holding a lien on only part of a lot or parcel may no longer redeem just that part. This avoids the problem of splitting lots or parcels into what might be illegal subdivisions.

Sec. 29.45.410. EFFECT. Receipt of redemption money by the borough releases the judgment obtained under AS 29.45.380. The clerk or his designee shall record the redemption and issue a certificate containing a property description, the redemption amount, and the dates of judgment and decree of foreclosure. The clerk or his designee shall collect the recording fee at the time of redemption and shall file the certificate with the record as part of the judgment roll.

EXPLANATION: Changed so that all claims of the borough are not released, i.e., improvement assessments. Redemption releases only the judgement obtained for delinquent taxes.

Sec. 29.45.440. EXPIRATION. (a) At least 30 days before the expiration of the redemption period the clerk or his designee shall publish a redemption period expiration notice. The notice shall contain the date of judgment, the date of expiration or the period of redemption and a warning to the effect that all properties ordered sold under the judgment, unless redeemed, shall be deeded to the borough or city immediately in expiration of the period of redemption and that every right or interest of any person in the properties will be forfeited forever to the borough or city. The notice is published once a week for four consecutive weeks in a newspaper of general circulation distributed within the borough. If there is no newspaper of general circulation distributed within the borough, the notice is posted in three public places for at least four consecutive weeks. The clerk shall send a copy of the published notice by certified mail to each record owner of property against which a judgement of foreclosure has been taken and, if the assessed value of the property is more than $100,000, to all holders of mortgages or other liens of record on the property. The notice shall be mailed within five days of the first publication. The mailing shall be sufficient if mailed to the property owner and to the holder of a mortgage or recorded lien at the last address of record. The right of redemption shall expire 30 days after the date of the first publication notice.

(b) No change.

EXPLANATION: Based on recommendation of AAAO; raises assessed value of property which triggers duty of clerk to advise holders of security of judgement of foreclosure. Burden placed on lienholder to protect his interest.

Sec. 29.45.450. DEED TO BOROUGH OR CITY. (a) No change.

(b) Conveyance gives the borough or the city clear title except for prior recorded tax liens of the United States and the state.

(c) No change.

(d) No deed is invalid for irregularities, omissions or defects in the proceedings under this chapter unless the former owner has been misled to his injury. After two years from the date of the deed, its validity is conclusively presumed and any claim of the former owner or other person having an interest in the property is forever barred.

EXPLANATION: (b) changes to clear title except for tax liens. (d) changed to include the interests in property of persons other than the owner within the limitation period. This clears the title.

Sec. 29.45.460. DISPOSITION AND SALE OF FORECLOSED PROPERTIES.

(a) No change.

(b) No change.

(c) The clerk or his designee shall send a copy of the published notice of hearing of an ordinance to consider a determination required by (a) or (b) of this section by certified mail to the former record owner of the parcel of property which is the subject of the ordinance. The notice shall be mailed within five days of its first publication and shall be sufficient if mailed to the last record owner of the property as his name appears on the assessment rolls of the municipality.

(d) No change.

EXPLANATION: Language of (a) inserted into last line of (c) for consistency. No substantive change.

OK

Sec. 29.45.570. SALES AND USE TAX. (a) A borough may levy and collect a sales tax not exceeding six percent on sales, rents, and on services made within the borough. The sales tax may apply to any or all of these sources. Exemptions may be granted by ordinance.

(b) No change.

(c) No change.

(d) If the assembly of a home rule or general law borough charges interest on sales taxes not paid when due, the rate of interest may not exceed 15 percent a year upon the delinquent taxes and shall be charged from the due date until paid in full.

(e) A borough may provide for the creation, recording, and notice of a lien on real or personal property to secure the payment of a sales or use tax, and for interest, penalties and administration costs in the event of delinquencies. A lien established under this section has the force, priority and duration of a judgment lien.

EXPLANATION: (a) changed to make it clear that tax can be levied on sales and rents, not just one or the other. (d) interest rate raised from eight to 15 percent. (e) added to allow liens for the collection of sales and use taxes.

Sec. 29.45.590. REFERENDUM, ADOPTION AND MODIFICATION (a) A new sales tax or an increase in the rate of levy of a sales tax approved by the assembly by ordinance shall not take effect until ratified by a majority of the voters voting on the question at a regular or special election.

(b) no change.

EXPLANATION: Simplifies the section and eliminates the provision that propositions may be brought only once a year.

Sec. 29.48.010. ASSESSMENT AND PROPOSAL. The assembly or council may assess against the property of a governmental unit and private real property benefited all or a portion of the cost of <u>acquiring, installing,</u> or constructing [OR IMPROVING] capital improvements. The state shall pay an assessment levied, except as otherwise provided by law and subject to its right of protest under AS 29.48.020(a)(8). If a governmental unit other than the state benefited by an <u>improvement</u> [ASSESSMENT] refuses to pay the assessment, it shall be denied the benefit of the improvement. An improvement proposal may be initiated by

(1) petition to the assembly or council of the owners of one-half in value of the property to be benefited or

(2) the assembly or council.

EXPLANATION: This is primarily a technical revision although the language is broadened to make it clear that all costs of capital improvements may be paid for by assessments.

DRAFTED CHANGES RECOMMENDED BY THE TECHNICAL COMMITTEE
06 December 1980

Sec. 29.48.020. PROCEDURE. (a) The assembly or council may prescribe by ordinance the procedures relating to creating special assessment districts, making local improvements, levying and collecting assessments and financing of the improvements [SPECIAL ASSESSMENT PROCEDURE FOR LOCAL IMPROVEMENTS], including and subject to the following:

(1) a [THE] procedure for filing petitions;

(2) no change;

(3) no change'

(4) a resolution or ordinance of the assembly or council determining to proceed or not to proceed with the proposed local improvement;

(5) no change;

(6) published notice of each public hearing required by this section and mailing notice to each [LEGAL OWNER OF] record owner of real property within the special assessment district;

(7) a resolution or ordinance confirming the special assessment roll for the local improvement;

(8) no change;

(b) To the extent that [IF] the assembly or council does not prescribe a procedure for special assessments as permitted by this section, the assembly or council shall comply with the special assessment procedures set out in AS 29.48.030-100.

EXPLANATION: This is primarily a technical revision except that those items required to be done by resolution under existing law may be done by ordinance.

Sec. 29.48.030. Creation of District. [DECISION AND NOTICE]. (a) When an improvement proposal has been filed with the municipal clerk and presented to the assembly or council, the assembly or council shall find by resolution or ordinance whether (1) the improvement requested [REQUEST] is necessary and should be made, and (2) if by petition, the request has sufficient and proper petitioners. The findings of the assembly or council are conclusive.

(b) If the assembly or council approves with the necessary findings [PASSES A RESOLUTION APPROVING] an improvement proposal, it shall develop a proposed improvement plan including the estimate of total cost and amount of the improvement cost to be assessed against each property benefited. This plan is to be filed with the municipal clerk.

(c) The assembly or council shall set a time for public hearing on the improvement plan and the period for filing objections to the plan. The assembly or council shall publish a notice of the hearing and of the period during which objections may be filed at least once a week for four consecutive weeks in a newspaper of general circulation if distributed within the municipality and shall send notice by mail to every record owner of property within the special assessment district.

EXPLANATION: (b) changed to require an estimate of the amount to be assessed to each property rather than an estimate of the percentage of the total cost. (c) requires a period for filing of objections and notice of the period.

DRAFTED CHANGES RECOMMENDED BY THE TECHNICAL COMMITTEE
06 December 1980

Sec. 29.48.040. RECORD OWNER. The person in whose name property is listed on the municipal property tax roll as owner is conclusively presumed to be the legal owner of record. If the owner is unknown, the assessment roll may designate [BE MADE AGAINST] "unknown owner".

EXPLANATION: Technical clean-up. No substantive change.

DRAFTED CHANGES RECOMMENDED BY THE TECHNICAL COMMITTEE
06 December 1980

Sec. 29.48.050. OBJECTIONS AND REVISION. (a) Objections to the improvement plan may be filed during a period of 60 days [NOT LESS THAN 30 NOR MORE THAN 60 DAYS] after publication of notice [ON A DATE SPECIFIED BY THE ASSEMBLY OR COUNCIL]. The assembly or council may by resolution or ordinance approve the plan and order [PROCEED WITH] the improvement subject to the limitation of (b) of this section [IF THE OWNERS OF ONE-HALF IN VALUE OF THE PROPERTY TO BE BENEFITED DO NOT OBJECT IN WRITING].

(b) If objections are made in writing during the period set for objections by the owners of property bearing one-half or more of the estimated cost of the improvement, the assembly or council may not proceed with the improvement unless it revises the plan to meet the objections and the objections are reduced to less than 50 percent. A revised plan shall be approved and adopted as an original plan in accordance with AS 29.48.030.

EXPLANATION: Eliminates option of allowing objections for only 30 days in favor of a 60 day period. Requires objections by property owners under (b) to be in writing.

Sec. 29.48.060. ASSESSMENT ROLL. (a) At any time after project approval, the assembly or council shall assess the authorized percentage of the cost against property within the district [TRACTS] in proportion to benefit received. [ASSESSMENTS MAY NOT EXCEED ACTUAL COSTS.]

(b) The special assessment roll shall contain [CONTAINS] property descriptions, names of record owners [OF RECORD] and assessment amounts.

(c) No change.

EXPLANATION: Technical clean-up only. The last line of (a) is deleted as redundant.

Sec. 29.48.070. HEARING AND SETTLEMENT. After the public hearing, the assembly or council shall correct errors and any inequalities in the roll. If an assessment is increased, a new hearing shall be set and notice mailed, except that a new hearing and notice is not required if all record owners of property subject to the increased assessment consent in writing to the increase. Objections to the increased assessment shall be limited to record owners of property on which the assessment was increased. When the roll is corrected, it shall be confirmed by resolution or ordinance of the assembly or council. [THE CLERK SHALL SO CERTIFY].

EXPLANATION: Provides an opportunity for a new hearing if assessments are increased. Requires the governing body to confirm a new assessment roll.

DRAFTED CHANGES RECOMMENDED BY THE TECHNICAL COMMITTEE
06 December 1980

Sec. 29.48.080. PAYMENT. (a) The assembly or council shall fix times of payment, penalty on delinquent payments and the rate of interest on the unpaid balance of the assessment [INSTALLMENTS AND DELINQUENCY OF ASSESSMENTS. PAYMENT MAY NOT BE REQUIRED SOONER THAN 60 DAYS AFTER ASSESSMENT]. Payment may be in one sum or by installments. [BUT A SUM OR INSTALLMENT MAY NOT EXCEED 25 PERCENT OF THE ASSESSED VALUE OF THE PROPERTY AFFECTED.] If payment is to be in one sum, payment may not be required sooner than 60 days after mailing of the assessment statement. The entire assessment may be prepaid without interest or penalty within 30 days after mailing of the assessment statement; and thereafter the assessment may be prepaid in whole or in part with interest to the payment date. [PENALTY AND INTEREST ARE THE SAME AS FOR REAL PROPERTY TAXES.]

(b) Within 30 days after fixing the time of payment, the municipal clerk shall mail a statement to the owner of record of each property assessed. The statement designates the property, the assessment amount, method of payment, rate of interest on the unpaid balance of the assessment, the time of delinquency, and penalties on delinquent payments.

(c) No change.

(d) No change.

EXPLANATION: Removed the limitation that a payment not exceed 25 percent of the value of property. Allows a period of 30 days for payment without interest.

Sec. 29.48.090. EXEMPTION. (a) No change.

(b) No exemption may be granted under this section except upon written application for the exemption on a form prescribed by the state assessor for use by local assessors and in accordance with the following requirements:

(1) the claimant must file the initial application during the period of time between the date the assessment roll is confirmed [CERTIFIED] and the time of payment fixed by the assembly or council. Within one year of the date the assessment roll is confirmed [CERTIFIED] the assembly or council for good cause shown may waive the claimant's failure to make timely initial application for the exemption and authorize the assessor to accept the application as if timely filed.

The rest of the section is unchanged.

EXPLANATION: Change in (b)(1) to conform to the change in AS 29.48.070 providing that the assessment roll be confirmed by the governing body.

DRAFTED CHANGES RECOMMENDED BY THE TECHNICAL COMMITTEE
06 December 1980

Sec. 29.48.105. ALLOWABLE COSTS. (a) Whenever a special assessment district is created, there may be included in the assessments

(1) all of the cost of acquiring, installing, making or constructing the local improvement;

(2) the costs of all engineering and surveying to be done in connection with creating the district or improvement;

(3) the cost of mailing and publishing of notices;

(4) interest on interim financing;

(5) the cost of legal services and other expenses incurred in the formation of the special assessment district;

(6) The cost of completing the improvement and financing the improvement, including the issuance of any bonds.

(b) The total amount of the assessment roll may not exceed actual costs but actual costs may include reasonable estimates of the costs to be incurred in connection with issuance of any bonds.

EXPLANATION: This s a new section clarifying which costs may be paid for through assessments.

OK-

Sec. 29.48.115. INTERIM FINANCING. (a) The assembly or council may provide by resolution or ordinance for the issuance of notes in payment of the costs of any local improvement project, payable out of special assessments for the improvement. The notes shall bear interest at a rate or rates authorized by the resolution or ordinance and shall be redeemed either in cash or bonds for the improvement project.

(b) All notes issued against assessments shall be claims against the assessments which are prior and superior to a right, lien or claim of a surety upon the bond given to the municipality to secure the performance of its contract for a local improvement project or to secure the payment of persons who have performed work or furnished materials under the contract.

(c) The municipal treasurer may accept notes against special assessments upon conditions prescribed by the assembly or council in payment of

(1) assessments against which the notes were issued in order of priority;

(2) judgments rendered against property owners who have become delinquent in the payment of the assessments; and

(3) certificates of purchase when property has been sold under execution or at tax sale for failure to pay the assessments.

EXPLANATION: This new section has been added at the suggestion of bond counsel because no authorization now exists for interim financing.

Sec. 29.48.120. SPECIAL ASSESSMENT BONDS. (a) No change.

(b) No change.

(c) Before the assembly or council may issue special assessment bonds, it shall establish a guarantee fund and appropriate to the fund annually a sum adequate to cover any deficiency in meeting payments of principal and interest of bonds issued by reason of nonpayment of assessments when due. Money received from actions taken against property for nonpayment of assessments shall be credited to the guarantee fund. [INTEREST ON THE GUARANTEE FUNDS SHALL BE A COST OF THE IMPROVEMENT DISTRICT.]

EXPLANATION: It is felt that the last line of (c) makes no sense. Interest ought to be a credit to the district, if anything.

DRAFTED CHANGES RECOMMENDED BY TECHNICAL COMMITTEE - 06 DECEMBER 1980

Sec. 29.51.280. CONSTRUCTION. The prohibitions of AS 37.10.085 shall not apply to the issuance of revenue bonds or the use of proceeds from revenue bonds by a home rule or general law municipality.

EXPLANATION: The following provision is made inapplicable to the use of proceeds from revenue bonds:

Sec. 37.10.085. FINANCIAL AID TO CORPORATIONS BY STATE OR POLITICAL SUBDIVISION. Neither the state nor a political subdivision of the state may

(1) make a subscription to the capital stock of a corporation;

(2) lend its credit for the use of a corporation; or

(3) borrow money for the use of a corporation.

It is felt by bond counsels that this section currently forbids a municipality to use proceeds of revenue bond sales for loans and other expenditures designed to encourage industrial development.

DRAFTED CHANGES RECOMMENDED BY TECHNICAL COMMITTEE - 06 DECEMBER 1980

Sec. 29.51.340. SALE OF REFUNDING BONDS. General obligation refunding bonds or revenue refunding bonds may, at the discretion of the assembly or council, be exchanged for the bonds being refunded, or may be sold at public or private sale. They may be issued and delivered at any time before the date of maturity or redemption of the refunded bonds.

EXPLANATION: It is felt by bond counsels that the flexibility of allowing a refunding bond to be exchanged or sold at other than par value ought to be provided. It is felt that the policy of notifying the public of the value of bonds should not become an hinderance to obtaining the best deals through discounting bonds. It has become difficult to market revenue bonds at par value according to bond counsels.

Sec. 29.51.370. PUBLIC SALE. Repeal.

DRAFTED CHANGES RECOMMENDED BY TECHNICAL COMMITTEE - 06 DECEMBER 1980

Sec. 29.51.390. BOND ATTORNEYS, BOND AND FINANCIAL CONSULTANTS. OK

Repeal.

EXPLANATION: This section is repealed as unnecessary since the governing body has control through approving or disapproving the issuance of bonds. Arguably, contracting is an executive function.

Sec. 29.51.420. BONDED INDEBTEDNESS FOR SCHOOL CONSTRUCTION. Repeal.

OK

Sec. 29.51.430. BOND GUARANTEE FUND. Repeal

EXPLANATION: These sections have never been used and appear to serve no useful purpose. They are repealed at the request of the State Assessor.

DRAFTED CHANGES RECOMMENDED BY TECHNICAL COMMITTEE - 06 DECEMBER 1980

Sec. 29.51.440. SERVICE AREA DEBT. The indebtedness of a service area acquired under AS 29.51.410 shall remain the indebtedness of the area which incurred the debt notwithstanding a subsequent court determination that the service area was not validly formed under law or by virtue of a defect in the proceedings creating the service area. All the property within the service area remains subject to taxation to pay the bonded indebtedness.

EXPLANATION: This is a new section. The Alaska Constitution prohibits the establishment of service areas when the function can be performed by a city or another service area. No guidelines have been established, leaving the legality of some service areas in doubt. This provides for the continuation of a debt should a service area subsequently be declared invalid, creating a de facto service area for purposes of the debt.

Sec. 29.24.145. TERM OF OFFICE. (a) Assembly and council members are elected for three year terms and until their successors have qualified* unless different terms are prescribed by charter or ordinance.

(b) Except when otherwise required by a change in composition or apportionment, if the term of a member of a legislative body is changed by charter or ordinance the term of an official holding office at the time the change becomes effective is not affected.

(c) The regular term of office begins on the first Monday following certification of the election, unless a different date is prescribed by charter or ordinance.

EXPLANATION: The term of both assembly and council members is combined into one section. Under existing law different terms not exceeding four years may be prescribed. The four year maximum has been eliminated for greater flexibility. The section is no longer mandatory for home rule municipalities.

Sec. 29.24.150. PROCEDURES OF LEGISLATIVE BODIES. (a) The assembly shall elect from among its members a presiding officer and a deputy presiding officer to serve at the pleasure of the members, except that in a borough which has adopted the manager form of government under AS 29.24.550, the mayor serves as presiding officer. In a city the mayor serves as presiding officer. If the presiding officer is not present or disqualifies himself, the deputy presiding officer shall preside.

(b) A municipal legislative body shall hold at least one regular meeting every month, unless otherwise provided by ordinance. [A special meeting may be held at the call of the presiding officer or at least one-third of the members provided a majority of the members are given at least 24 hours oral or written notice and reasonable efforts are made to notify all members. ~~[~~A special meeting may be conducted with less than 24 hours notice if all members are present or if absent members have waived in writing the required notice.] Waiver of notice can be made before or after the special meeting is held. A waiver shall be made a part of the journal for the meeting.

(c) A majority of the total membership of a legislative body authorized by law shall constitute a quorum. A member disqualified by law from voting on a question may be considered present for purposes of constituting a quorum. In the absence of a quorum, any number of members may recess or adjourn the meeting to a later date.

(d) Actions of a legislative body are ~~adopted~~ by a majority of ~~members authorized to vote on the question.~~ All members present shall vote on every question unless they are required to abstain from voting on a question by law. The final vote on every ordinance, resolution or substantive motion shall be recorded "yes" or "no", except that if the vote is unanimous it is necessary only to so state.

(e) A legislative body shall maintain a journal of its official proceedings which shall be a public record.

(f) A legislative body may, consistent with law or charter, determine by ordinance its own rules of procedure and order of business.

Sec. 29.24.150.

EXPLANATION: Combines the procedures to be followed by both assemblies and councils. Allows a special meeting to be held if a majority of members receive actual notice whereas existing law allows for a meeting only if all members receive notice and if an emergency exists. Reference to the fact that meetings are public is deleted because that requirement is contained in AS 29.24.020. A requirement that the journal maintained by the legislative body be public was added in (e). The material concerned with the expulsion of members for committing a corrupt practice was moved to AS 29.23.070.

Sec. 29.24.175. FILLING A VACANCY. If a vacancy occurs in a legislative body, the remaining members shall within ~~30~~ * days, UOPDO, appoint a qualified person to fill the vacancy. If less than * 30 days remain in a term, a vacancy shall not be filled.

(b) Notwithstanding subsection (a), if the membership is reduced to fewer than the number required to constitute a quorum, the remaining members shall within seven days appoint a number of qualified persons to constitute a quorum.

EXPLANATION: Contains material currently found in AS 29.~~23.080~~ 24.170 and 29.23.220. Provides that no appointment shall be made where less than 30 days remain in a term. See Tam's NOTES

EXPLANATION: This new section is derived from AS 29.24.210 and 29.24.390 dealing with the duties of the borough administrator and with the duties of the city manager. Provisions relating to appointment and discipline of municipal employees have been consoldiated into paragraph (1). Paragraph (5) is derived from AS 29.23.140 allowing the manager to exercise care and custody over municipal property. A similar provision does not appear now with reference to the city manager and it is felt that this duty ought to apply. The language of AS 29.23.140(c)(10) relating to construction, maintenance, and operation of roads and public works is felt to be adequately covered by paragraph (3) directing the manager to execute the budget and capital improvement program.

Sec. 29.24.430. OTHER BOARDS AND COMMISSIONS. (a) The assembly or council of a municipality may, by ordinance, establish advisory, administrative, technical, or quasi-judicial boards and commissions.

(b) Members of boards and commissions, except for members of the board of adjustment and assembly members serving on the board of equalization, are appointed by the mayor and confirmed by the assembly or council.

EXPLANATION: This is a new section authorizing the assembly or council to establish boards and commissions.

Sec. 29.24.450. APPOINTMENT. The assembly or council shall appoint a manager by a majority vote of its membership. He is chosen solely on the basis of his executive and administrative qualifications and receives the compensation set by the assembly or council. An elected municipal official may not be appointed manager of the municipality sooner than one year after leaving office, except that, by a vote of three-fourths of its authorized membership, the assembly or council may at any time appoint one of its members or other elected municipal official as manager.

EXPLANATION: The word "officials" in the last line is changed to "official" so that it is clear that a committee of officials may not serve as manager.

Sec. 29.24.480. APPOINTMENT OF OFFICERS. Unless otherwise provided by ordinance, the municipal clerk, attorney, treasurer, and police chief are appointed by the chief administrative officer. Unless otherwise provided by ordinance, officers described in this section serve at the peasure of their appointing authority and, if appointed by the chief administrative officer, must be confirmed by the governing body.

EXPLANATION: This section has been technically redrafted. The only substantive change is that the confirmation of officers appointed by the administrator is not required if an ordinance is adopted directing otherwise. This section determines a method of appointment if none is provided by ordinance.

Sec. 29.24.510. MUNICIPAL TREASURER. (a) Except as provided in AS 14.14.060, the treasurer is the custodian of all municipal funds. He shall keep an itemized account of money received and disbursed. He shall pay money on vouchers drawn against appropriations.

(b) The treasurer shall give bond to the municipality in a sum which the assembly or council directs.

OK

EXPLANATION: Reference to 14.14.060 is added since that section demands that the custodian of *a* centralized treasury containing school money be the borough administrator.

Sec. 29.24.570. ELECTION. Upon receipt of the petition or upon its own motion, the assembly or council shall provide by ordinance or resolution for a vote on the question at the next regular or special election.

Sec. 29.24.620. REPEAL. A municipality may repeal the manager plan in the same manner used for its adoption. Within 60 days after repeal, the assembly or council shall enact provisions for the reorganization of the municipal executive and administrative functions.

OK

EXPLANATION: To allow for notice, 60 days is added. Otherwise this section may not comply with notice requirements for ordinances.

Sec. 29.24.670. SALARIES OF ELECTED OFFICERS. The assembly or council shall by ordinance provide a method of determining the salaries of elected officers. The salary of the mayor may not be reduced during his term of office unless during his term a manager plan is adopted. An elected officer may not receive any other compensation for service to the municipality unless otherwise provided by ordinance. Per diem payments or reimbursements for expenses are not compensation under this section.

EXPLANATON: This change allows a local government the flexibility of establishing a salary commission or other method of determining salaries. Allows the mayor's salary to be reduced to reflect the change in his duties if a manager form of government is adopted. Grants flexibility to a municipality to allow an officer to receive other compensation for service to the municipality. This is important in small communities where the mayor, for example, may be the only electrician in town.

Sec. 29.33.220. EXPENDITURE OF BOROUGH REVENUES. Borough revenues received through taxes levied and collected on an areawide basis by a home rule or general law borough may be expended on general administrative costs and on areawide functions only. Borough revenues received through taxes levied and collected in the area outside cities only may be expended on general administrative costs and functions which render service to the area outside cities only. This section does not apply to a unified municipality.

EXPLANATION: Technical drafting clean-up. The last sentence added to make it clear that areawide/nonareawide distinctions do not apply to unified municipalites.

DRAFTED CHANGES RECOMMENDED BY TECHNICAL COMMITTEE - 06 DECEMBER 1980

@ NO CHANGE.

Sec. 29.42.020. PLANNING COMMISSION. (b) In addition to responsibilities prescribed by ordinance, the planning commission shall OK

(1) prepare and recommend to the assembly a comprehensive plan in accordance with AS 29.42.030 for the systematic and organized development of the borough;

(2) prepare, recommend, and administer measures necessary to implement the comprehensive plan, including measures provided under AS 29.42.040.

EXPLANATION: This section is a shortened version of the existing AS 29.42.020. A major change is the elimination of detailed and unnecessary specifications of the commission's duties in favor of a general statement requiring the commission to prepare and recommend measures necessary to implement the comprehensive plan. The public meetings and public records requirement is eliminated since these requirements would attach in any case. The requirement for a public hearing is eliminated because it is felt that the public is adequately protected; a plan must be adopted by ordinance and is therefore subject to notice and hearing provisions.

DRAFTED CHANGES RECOMMENDED BY TECHNICAL COMMITTEE - 06 DECEMBER 1980

Sec. 29.42.030 COMPREHENSIVE PLAN. (a) No change. DJE

(b) With the recommendations of the planning commission, the assembly shall adopt by ordinance a comprehensive plan. The assembly shall, after receiving the recommendations of the planning commission, periodically undertake an overall review of the plan and update the plan as necessary. OK

EXPLANATION: Subsection (b) is redrafted to eliminate the mandatory two year review requirement and substitute a more flexible review requirement.

DRAFTED CHANGES RECOMMENDED BY TECHNICAL COMMITTEE - 06 DECEMBER 1980

Sec. 29.42.060. ADJUSTMENT PROCEDURE. Repeal

EXPLANATION: A simplified procedure is now provided in the prior section.

Sec. 29.42.070. JUDICIAL REVIEW. (a) The assembly shall provide by ordinance for an appeal by a municipal officer or person aggrieved from a decision of the board of adjustment, hearing officer or other body to the superior court.

(b) An appeal to the superior court under this section is an administrative appeal and the appeal is heard solely on the record established by the board of adjustment, hearing officer or other body. A proceeding under this section has preference over all other civil actions and proceedings.

EXPLANATION: This proposed language makes several important changes in procedures governing administrative appeals to the superior court. The "automatic stay" requirement of is eliminated, allowing parties to follow more customary appellate rules governing injunctions pending appeal; the language makes land use appeals administrative appeals under the Appellate Rules, and eliminates procedural requirements already governed by the Rules of Court.

Sec. 29.42.085. APPLICATION TO STATE AND POLITICAL SUBDIVISIONS. All subdivisions of land made by the state, its agencies, instrumentalities and political subdivisions are subject to this chapter and AS 40.15.200. The platting authority in the area outside cities in the unorganized borough and in third class boroughs is subject to this chapter and to AS 40.15.075.

EXPLANATION: This new section contains cross references to other statutes applicable to subdivisions and platting.

DRAFTED CHANGES RECOMMENDED BY TECHNICAL COMMITTEE - 06 DECEMBER 1980

Sec. 29.42.090. PROCEDURE. (a) The platting board shall approve or disapprove the plat within 60 days of filing or shall return it to the applicant for modification or correction. If the board fails to act, the plat is considered approved and a certificate of approval shall be issued by the board on demand. The applicant for plat approval may consent to the extension of the period for action by the board. The board shall state on its record and in writing to the applicant its reason for disapproval of a plat.

OK

(b) The platting board shall submit an approved plat to the district recorder in compliance with AS 40.15.010 - 40.15.020.

EXPLANATION: The proposed change eliminates submission of preliminary plats for state disposals uder AS 38.05 or 38.08, because the proposed changes in Sec. 29.42.010 requires full state compliance with local ~~capital improvement~~ subdivision requirements.

DRAFTED CHANGES RECOMMENDED BY TECHNICAL COMMITTEE - 06 DECEMBER 1980

Sec. 29.42.100. WAIVER IN CERTAIN CASES. Repeal.

OK

EXPLANATION: A short plat provision is added as AS 29.42.115, making the waiver provision no longer necessary.

Sec. 29.42.115. SHORT PLAT PROCEDURE. (a) Notwithstanding other provisions of this chapter the assembly may by ordinance establish a short or abbreviated plat filing procedure for a plat which will only relocate or vacate lot lines, or subdivide a single tract or lot into not more than four tracts or lots and which will not: OK

(1) deny legal and physical public access to all lots or tracts created or adjacent to the subdivision, or require construction or improvements necessary for access;

(2) alter a dedicated street or right-of-way, or require any dedication other than a dedication needed for an existing right-of-way;

(3) allow a change in the permitted use to which the lot or tract may be devoted;

(4) require the granting of a vacation or a variance from a subdivision regulation.

(b) Regulations may provide for an administrative official to review, consider, and approve short plats with notice, hearing, and other procedure requirements established by the assembly.

EXPLANATION: New section allowing short plat filing under expedited procedures adopted by the assembly so that small subdivisions can be accomplished without unduly complex procedural requirements.

Sec. 29.42.120. PENALTIES. Repeal.

EXPLANATION: Provisions now contained in this section have been moved to a more inclusive section dealing with remedies - AS 29.42.160.

Sec. 29.42.130. ALTERATION OR REPLAT PETITION. No recorded plat may be altered or replatted except by the platting board upon petition of the state, the municipality, a public utility, or the owners of a majority of the land affected by the alteration or replat. No platted street may be vacated, except upon petition of the state, municipality, or a public utility, or owners of the majority of the land fronting the part of the street sought to be vacated. The petition shall be filed with the platting board. It shall be accompanied by a copy of the existing plat showing the proposed alteration or replat.

OK

EXPLANATION: Similar to current language except for a change allowing the state, the municipality or a public utility to initiate a replat petition, as well as property owners. Petitions to vacate streets may be initiated by the state and a public utility, as well as the municipality or property owners.

Sec. 29.45.030. REQUIRED EXEMPTIONS. (a) The following property is exempt from general taxation:

(1) municipal, state or federally owned property, except that a private leasehold, contract, or other interest in the property shall be taxable to the extent of the interest;

(2) household furniture of the head of a family or household;

(4) property of a nonbusiness organization or its auxiliary composed entirely of persons with 90 days or more of active service in the armed forces of the United States whose conditions of service and separation were other than dishonorable;

1. (b) (3) lots or portions of lots supporting and adjacent to a structure or residence mentioned in (1) or (2) of this subsection which are necessary to convenient use;

(c) Property described in (a) or (b) of this section from which income is derived is exempt only if that income is solely from use of the property by nonprofit religious, charitable, hospital or educational groups. If used by nonprofit educational groups, the property is exempt only if used exclusively for classroom space.

(f) No exemption may be granted under (e) of this section except upon written application for the exemption on a form prescribed by the state assessor for use by local assessors. The claimant must file the application no later than January 15 or a date provided by ordinance which is not later than March 31, of the assessment year for which the exemption is sought, ...
...If a claimant whose failure to file by January 15, or a date provided by ordinance which is not later than March 31...

EXPLANATION: Based on Alaska Association of Asessing Officers (AAAO) recommendations:

1. (a)(2): deletes $500 limit on exemption of household furniture.

2. (b)(3): narrows the language so that only portions of lots necessary to corvenient use are exempt.

3. (c): clarifies that "exclusively for classroom space" limitations on rental income under (c) only applies to rental use by an "educational group" and does not preclude the exemption when the income is derived from use by nonprofit religious, charitable, or hospital groups.

4. (f): clarifies that filing of a claim for exemption is a requirement for only the senior citizen exemption under (e), and not for the other exemptions addressed in the section. Adds flexibility so that a local government may establish a date later than January 15 for filing for a senior citizen exemption.

Sec. 29.42.160. REMEDIES. (a) It shall be unlawful for the owner of land located within a subdivision to transfer, sell, offer to sell, or enter into a contract to sell land in a subdivision before a plat of the subdivision has been prepared, approved and recorded in accordance with this chapter or with an ordinance adopted under this chapter. A person convicted of violating a provision of this chapter, a municipal subdivision regulation adopted under this chapter, or a term, condition, or limitation imposed by a municipal platting authority in the exercise of its powers under this chapter is guilty of a misdemeanor and may be punished by a fine not to exceed $1,000.

(b) The municipality or an aggrieved person may institute civil action against a person who violates a provision of this chapter, a municipal subdivision regulation adopted under this chapter, or a term, condition, or limitation imposed by a municipal platting authority.[1] [In addition to injunctive and compensatory relief, [a civil penalty not to exceed $1,000 may be imposed for each violation.] An action to enjoin a violation may be brought notwithstanding the availability of any other remedy.[2]

Sec. 29.42.040. LAND USE REGULATION. (a) In accordance with a comprehensive plan adopted under AS 29.42.030 and in order to implement the plan, the assembly by ordinance as a legislative act, shall adopt or amend provisions governing the use and occupancy of land which may include but are not limited to

(1) zoning regulations restricting the use of land and improvements by geographic districts;

(2) construction, fire and safety codes governing placement, erection and occupancy of structures;

(3) land use permit requirements designed to encourage or discourage specified uses and construction of specified structures, or to minimize unfavorable effects of uses and the construction of structures;

(4) measures to further the goals and objectives of the comprehensive plan.

(b) A variance from a land use regulation adopted under this section shall not be granted if

(1) special conditions which require the variance are caused by the person seeking the variance;

(2) the variance will permit a land use in a district in which that use is prohibited; or

(3) the variance is sought solely to relieve pecuniary hardship or inconvenience.

EXPLANATION: Present law requires implementation of the comprehensive plan through traditional zoning applicable to geographically defined districts, and allows so-called "contract zoning." Although the present Sec. 29.42.040 (b) contains a rather traditional enumeration of the purposes of zoning, the "including but not limited to" preface to that subsection renders the detailed laundry list legally meaningless. The suggested language of AS 29.42.040 preserves the requirement that all land use regulations comply with a comprehensive plan and recites the more important categories of land use regulations available to the borough. Passage of AS 29.42.040 would enable second class boroughs to enact building and fire codes. Material on variances has been moved to the section from AS 29.42.050.

Sec. 29.42.080. PLATTING JURISDICTION AND POWER. (a) By ordinance the assembly shall adopt subdivision requirements which may include but are not limited to the control of

(1) form, size and other aspects of subdivision, dedications, and vacations of land;

(2) dimensions and design of lots or tracts;

(3) street width, arrangement, and rights-of-way, including requirements for public access to lots and installation of street paving, curbs, gutters, sidewalks, sewers, water lines, drainage and other public utility facilities and improvments;

(4) dedication of streets, rights-of-way, public utility easements and areas deemed by the platting ~~authority~~ BOARD necessary for other public uses.

(b) The assembly by ordinance shall establish a platting board to administer subdivision regulations adopted by the borough and perform other duties. The platting board may consist of members of the planning commission or of other municipal bodies, boards and commissions.

EXPLANATION: This proposed change makes the following modifications to existing law: it requires adoption of subdivision regulations by ordinance; allows the platting authority to require dedications; allows the assembly to determine the composition of the platting board; and eliminates the provisions which allow the state of Alaska to ignore capital improvement requirements of local subdivision regulations.

Sec. 29.24.530. PERSONNEL SYSTEM. (a) Except as provided by (b) of this section, all appointments and promotions of municipal employees are made on the basis of merit. The assembly or council may provide for a personnel system and classified service.

(b) By ordinance the governing body may designate* positions which are wholly or partially exempt from the classified service filled by persons who serve at the pleasure of their appointing authority and whose terms of employment are determined by their appointing authority.

EXPLANATION: Subsection (a) is essentially the same as the existing provisions of AS 29.24.690 except that officers are no longer required to be appointed on the basis of merit. Subsection (b) is new; this subsection allows the governing body to designate certain positions as executive positions and exempt persons occupying those positions from the classified service. (8) air pollution control as provided in AS 46.03.140-46.03.240;

9 (~~10~~) municipally owned utilities to the extent not prohibited by 42.05; Walker memo: carries to the extent not otherwise prohibited

10 (~~11~~) any activity affecting the general health, safety, well-being and welfare of its inhabitants.

(b) First and second class boroughs may exercise the powers conferred by (a) of this section only after they have been assumed in the manner required under AS 29.36.090-29.36.130 for areawide exercise or in the manner required under AS 29.36.160-29.36.200 for exercise in the borough area outside cities or are conferred by Sec. 020 of this chapter for exercise in the borough area outside cities. However, as to powers conferred under (a)(3), (6), (7), (8) and (~~9~~) of this section, exercise of the powers areawide or, as to (a)(3), (6) and (~~9~~), in the borough area outside cities is at the option of the borough and is not subject to those restrictions on the acquisition of additional borough powers. Upon adoption of a borough ordinance to provide for areawide exercise of the powers specified, no home rule or general law city within the borough may exercise the powers, unless the borough ordinance provides otherwise or the borough by subsequent ordinance ceases to exercise the power.

7

EXPLANATION: Laundry list shortened to include only those items containing cross-references and those specifically treated under (b). (10) is new. (8) dealing with air pollution control is added to (b) so that the power must be exercised on an areawide basis.

DRAFTED CHANGES RECOMMENDED BY TECHNICAL COMMITTEE - 06 DECEMBER 1980

Sec. 29.42.010. PLANNING, PLATTING, AND LAND USE REGULATION. (a) First and second class boroughs shall provide for planning, platting, and land use regulation on an areawide basis.

(b) The assembly by ordinance may delegate any of its powers and responsibilities under this chapter [to [the] council of] a city within the borough, or to a city board or commission, provided the city first consents by ordinance to the delegation. The assembly may, without first obtaining the consent of the city, revoke any power or responsibility delegated under this section.

1. Walker Recc./CARRIES
MOTION
delete

EXPLANATION: This section is substantially similar to the existing AS 29.42.010. A reference in subsection (a) to "zoning" has been changed to the more flexible term "land use regulation". Subsection (b) has been redrafted to clarify the issue of whether a city's consent is required before delegated powers are revoked by the assembly.

MINORITY RECOMMENDATION:

(c) Notwithstanding the provisions of (b) of this section the functions of planning, platting, and land use regulation within a first class or home rule city located more than 25 miles from the boundary of the borough seat may be assumed and exercised exclusively by that city upon ratification by the qualified voters residing in the city of an ordinance of the city council proposing exercise of those powers by the city.

EXPLANATION: Would allow a first class or home rule city located a distance from the borough seat to take over planning without the consent of the borough.

DRAFTED CHANGES RECOMMENDED BY TECHNICAL COMMITTEE - 06 DECEMBER 1980

Sec. 29.42.050. APPEALS FROM ADMINISTRATIVE DECISIONS. (a) By ordinance the assembly shall provide for an appeal from an administrative decision of a ~~borough~~ municipal employee, board, or commission made in the enforcement, administration, or application of a land use regulation adopted under this chapter. The assembly may provide for an appeal to [a court] board of adjustment, hearing officer, or other body. The assembly shall provide for an appeal from a decision on a request for a variance from the terms of a land use regulation when literal enforcement would deprive a property owner of rights commonly enjoyed by other properties in the district.

(b) By ordinance the assembly may provide for appointment of hearing officers, or for the composition, appointment and terms of office of a board of adjustment or other body established to hear appeals from administrative actions specified in (a) of this section. The assembly may define proper parties, prescribe evidentiary rules, standards of review, and remedies available to the hearing officers, board of adjustment or other body.

EXPLANATION: This section consolidates provisions of existing Sec. 29.42.050. and Sec. 29.42.060. The specific enumeration of the kinds of decisions from which appeals may be taken is eliminated; in its place is a more general requirement allowing appeals from administrative decisions of borough employees or boards made in enforcing or administering land use regulations. New language allows appointment of hearing officers, eliminates redundant public record and meeting requirements, and allows the assembly to define proper parties, evidentary rules, and standards of review rather than following more restrictive rules of the present AS 29.42.060.

Sec. 29.45.010. GENERAL PROPERTY TAX. A general law or home rule borough other than a unified municipality, may levy (1) an areawide property tax for areawide functions, and (2) a property tax limited to the area outside cities for functi ns limited to the area outside cities. A unified municipality may levy areawide and nonareawide property taxes. A tax if levied on real property, personal property, or both must be assessed, levied and collected as provided in this chapter.

EXPLANATION: This section has been clarified as the the fact that a unified municipality may levy both areawide and nonareawide taxes. Limiting the use of areawide taxes to areawide functions and nonareawide taxes to nonareawide functions makes little sense. It is made clear that taxes may be levied on personal and real property or either.

Sec. 29.45.020. TAXPAYER NOTICE. (a) If a municipality levies and collects real and personal property taxes, or either, the governing body shall provide the following notice:...

EXPLANATION: The language "real and personal property taxes, or either", was added to conform to 29.45.010.

Sec. 29.45.050. OPTIONAL EXEMPTIONS AND EXCLUSIONS. (a) No change.

(b) A municipality may by ordinance

(1) classify boats and vessels for the purposes of taxation and may establish the assessed valuation of boats and vessels on the basis of their registered or certificated net tonnage.

(2) classify and exempt from taxation

(A) ... [THE HOUSEHOLD FURNITURE OVER $500 IN VALUE AND THE EFFECTS OF THE HEAD OF A FAMILY OR A HOUSEHOLDER]... (the rest of the subparagraph is left intact.)

EXPLANATION: Eliminates in (b)(1) the $5 and $15 limitations, since with these limits, collecting a tax on boats does not pay administrative costs. Modifies and expands existing (a)(2)(A) relating to optional exemption of household furniture and effects, based on recommendations of AAAO, since assessors currently do not include household furnishings and personal effects of family members.

Sec. 29.45.100. TAX LIMITATIONS. (a) No change.

(b) No municipality, or combination of municipalities occupying the same geographical area, in whole or in part, may levy taxes (1) which will result in tax revenues from al' sources exceeding $1,500 a year for each person residing within their boundaries or (2) upon values which, when combined with the value of property otherwise taxable by the municipality, exceed the product of 225 percent of the average per capita assessed full and true value of property in the state multiplied by the number of residents of the taxing municipality. If two or more municipalities occupying the same geographical area, in whole or in part, attempt to levy a tax (1) the combined levy of which would result in tax revenues from all sources exceeding $1,500 a year for each person residing within their boundaries or (2) upon value which, when combined with the value of the property otherwise taxable by the municipality, exceed the product of 225 percent of the average per capita assessed full and true value of property in the state multiplied by the residents of the taxing municipality, the commissioner of community and regional affairs shall apportion the lawful levy and equitably divide these revenues on the basis of need, services performed and other considerations in the public interest. For the purpose of this subsection, population shall be determined by the commissioner of community and regional affairs based on the latest statistics of the United States bureau of the census or on other reliable population data. For purposes of this subsection the average per capita assessed full and true value of the property in the state shall be calculated without regard to the assessed value of taxable property under AS 43.58.

EXPLANATION: Change requested by AAAO raising $1000 to $1500. No recommendation by the Technical Group.

OK

Sec. 29.45.140. INDEPENDENT INVESTIGATION. (a) No change.

(b) For investigation, the assessor or his agent may enter any premise during reasonable hours and may examine property on the premises. He may examine all property records involved. A person shall, upon request, furnish to the assessor or his agent every facility and assistance for the purposes of the investigation. The assessor may seek a court order to compel entry and production of records.

EXPLANATION: It was felt that the assessor ought to be able to seek production of records, as well as to compel entry, whether refused entry or not.

Sec. 29.45.150. PENALTY. A person who knowingly fails to file a statement required by ordinance or who knowingly makes a false affidavit to a statement required by a tax ordinance relative to the amount, location, kind or value of property subject to taxation with intent to evade the taxation is guilty of a class B misdemeanor.

EXPLANATION: This section was changed to classify the misdemeanor to conform with the criminal code. A class B misdemeanor carries a possible fine of $1,000 and term of imprisonment of 90 days, somewhat more severe than existing law.

Sec. 29.45.220. HEARING. (a) No change.

(b) No change.

(c) The only grounds for adjustment is proof of unequal, excessive, improper, or under valuation based on facts which are stated in a valid written appeal or proven at the appeal hearing. If a valuation is found to be too low, the board of equalization may raise the assessment.

(d) No change.

(e) Except as to supplementary assessments, the assessor shall enter the changes and certify the final assessment roll by June 1.

(f) The appellant or the assessor may appeal the board's determination to the superior court as provided by rules of court applicable to appeals from the decisions of administrative agencies. Appeals are heard on the record established at the hearing before the board of equalization.

EXPLANATION: Change in (c) makes it clear that an assessment can be raised as the result of an appeal. Change in (e) to allow for supplementary assessments after June 1. Change in (f) so that appeals to the superior court will be heard on the record rather than de novo, as is now the case.

CHAPTER 33. MUNICIPAL POWERS AND DUTIES

(CHAPTER 48. POWERS APPLICABLE TO ALL MUNICIPALITIES)

Larson motion: 2ND Article 1. GENERAL POWERS Approved

Sec. 29.33.010 (Sec. 29.48.010.) GENERAL POWERS. ALL Municipalities have the following general powers, subject to other provisions of law:

(1) to establish and prescribe the functions of municipal departments, offices or agencies;

(2) to establish and prescribe salaries for the elected and appointed municipal officers and employees;

(3) to make investigations of the affairs of the municipality and make inquiries into the conduct of a municipal department;

(4) to enter into agreements, including those for cooperative or joint administration of any functions or powers with a local government, with the state, or with the United States;

(5) to require periodic and special reports from a municipal department to be submitted through the municipal executive;

(6) to sue and be sued;

(7) to levy taxes and special assessments and to impose liens for the enforcement thereof;

(8) to enforce ordinances and to prescribe penalties for violations;

(9) to acquire, manage, control, use and dispose of real and personal property, and interests in such property whether or not the property is situated within or outside the municipal boundaries; this power includes the power of a borough to expend, for any purpose authorized by law, money received from the disposal of land in a service area created under [AS 29.63.090(f)];

(10) to acquire membership in organizations which promote legislation for the good of the municipality;

(11) to expend funds for community purposes for the good of the municipality;

(12) to borrow money and issue evidences of indebtedness.

added (13) to regulate the operation and use of its public rights of way, public facilities and services.

Sec. 29.33.020. (Sec. 29.48.037.) EXTRATERRITORIAL JURISDICTION. (a) A municipality may, to the extent otherwise authorized or permitted by law, provide parks, roads (including ice roads), trails, playgrounds, solid and septic waste disposal, wharves, harbors and other marine facilities, emergency medical services, cemeteries, airports, transportation systems and utility services outside its boundaries, and may regulate their use and operation to the extent that the jurisdiction in which they are located does not regulate them. A regulation adopted under this section must state that it applies outside the municipality.

(b) A municipality may adopt ordinances to protect its water supply and watershed and may enforce them outside its boundaries. Before this power may be exercised within the boundaries of another municipality, the approval of that municipality must be given by ordinance. This section applies to general law and home rule municipalities.

Sec. 29.33.030 (Sec. 29.73.020) EMINENT DOMAIN. A home rule or general law municipality may exercise the powers of eminent domain and declaration of taking in the performance of an authorized power or function of the municipality, in accordance with AS 09.55.250-09.55.460.

Sec. 29.33.040. (Sec. 29.48.270.) EMERGENCY DISASTER POWERS. (a) A municipality which is wholly or partially within an area declared by the President or Governor to be a disaster area may participate in and provide for housing and urban renewal and redevelopment in the same manner as a home rule city. The exercise of these powers by a borough is limited to the area outside cities in the borough.

(b) A borough may exercise the powers for a housing or urban renewal and redevelopment project transferred to it by a city located in the borough as provided by AS_____.

(c) Powers granted by this section must be initiated within a period of not more than five years from the date of declaration of a natural disaster by the President or Governor, but these powers may be extended for an additional period of not more than three years.

Sec. 29.33.050. FRANCHISES AND PERMITS. (a) The assembly acting for the area outside cities and the council acting for the area within a city may grant franchises, including exclusive franchise privileges and may grant permits for use of streets and other public places.

(b) No exclusive franchise is valid until it has been ratified by a majority of the qualified voters voting on the question at a regular or special municipal election.

Sec. 29.33.060. (Sec. 29.48.060.) PUBLIC UTILITIES RATES. The assembly acting for the area outside cities and the council acting for the area within a city may regulate, fix, establish and change, as it considers proper, the rates and charges imposed for utilities services given to the municipality or its inhabitants by a utility to the extent that the utility is not regulated under AS 42.05, provided that interest must be paid on any deposit required by the utility. All rates, charges and regulations shall be reasonable and shall permit a fair and reasonable return in invested capital.

Sec. 29.33.070. MUNICIPAL PROPERTY.

The assembly or council shall by ordinance establish a formal procedure for acquisition and disposal of land and interests in land of the municipality. ~~Each disposal of land or an interest in land shall be by ordinance unless the assembly or council finds by resolution that the land or interest in land is without substantial value to the municipality.~~

Sec. 29.33.080. (Sec. 29.48.190.) BUDGET AND CAPITAL PROGRAM. (a) The assembly or council shall establish the manner for the preparation and submission of the budgets and capital programs by the executive. A military reservation within an organized borough is not part of the borough school district until the military mission is terminated or until inclusion in the borough school district is approved by the Department of Education. However, operation of the military reservation schools by the borough school district may be required by the Department of Education under AS 14.14.110. If the military mission of a military reservation terminates or continued management and control by a regional educational attendance area is disapproved by the Department of Education, operation, management and control of schools on military reservation transfers to the borough school district in which the military reservation is located.

Sec. 29.33.170. CITIES WITHIN ORGANIZED BOROUGHS. (a) In addition to the power conferred under Sec. .010, a first or second class city within an organized borough may exercise any power not otherwise prohibited by law. In accordance with Sec. .110, a city may not exercise a power once that power is being exercised by a borough.

(b) Cities outside an organized borough may assess, levy and collect a general property tax and a sales or use tax. A property, sales or use tax if levied must be assessed, levied and collected as provided by Chapter 45 of this title for boroughs.

Cities may, by ordinance, establish, alter and abolish differential tax zones for property taxes for services not provided in the entire city or provided at a different level than provided generally within the city.

(c) Home rule and first class cities outside an organized borough ~~shall~~ constitute city school districts and shall establish, operate and maintain a system of public schools as provided by AS 29.36.040 for boroughs.

(d) Home rule and first class cities outside an organized borough shall, and second class cities outside an organized borough may, provide for land use regulation as provided by AS 29.42.010-.245 for boroughs.

Sec. 29.33.190. ACQUISITION OF ADDITIONAL POWERS. (a) A borough acquires additional powers by holding an election on the question as provided by this section. For acquisition of areawide powers, the election shall be held areawide. For acquisition of powers in the area outside cities the election shall be held in the area outside cities only.

(b) An election under this section may be initiated by a petition signed by a number of voters equal to 15% of the number of votes cast at the preceeding regular election in the area in which the election is to be held or by the assembly. A petition under this section shall be filed with the borough clerk who shall certify to the assembly whether the petition contains sufficient signatures. Upon certification, the assembly shall, at the next regular meeting, order an election on the question to be held

within 60 days of the order. If more than one power, service or facility is proposed, each shall appear separately on the ballot.

(c) In the case of acquisition of additional areawide borough powers, the borough mayor shall certify the election results to the Department of Community and Regional Affairs. The vote on the question of adding an areawide power shall be tabulated in two separate classifications. One shall consist of all votes cast in the home rule and first class cities of the borough. The other shall consist of all votes cast in the remaining borough area. If the majority of the votes cast in each classification is favorable, the borough shall assume the added power within 30 days of certification of the election results. Upon acquisition of an areawide power the borough succeeds to all of the rights, powers and duties of any city or service area with respect to that power. The borough succeeds to claims, franchises and other contractual obligations, liability for bonded and all other indebtedness and to all of the right, title and interest in the real and personal property held by the city or service area for the exercise of the power. The borough assembly may levy and collect special charges, taxes or assessments including interest for the purpose of amortizing bonded indebtedness previously incurred by the city or service area for continuing services in the area. When a city or service area had previously incurred bonded indebtedness, no less than all property that was within the city or service area at the time the bonds were issued shall remain subject to taxation to pay the principal of and interest on the

bond for as long as they remain outstanding. Upon acquisition of additional areawide powers the borough, in consultation with the city or service area personnel, shall arrange for an orderly and equitable transfer of rights, assets, liabilities, powers, duties and other matters related to acquisition of the areawide powers. This subsection applies to home rule and general law cities.

Article 4. CONSTRUCTION OF POWERS

(Chapter 48. Article 5. CONSTRUCTION OF POWERS)

Sec. 29.33.200. (Sec. 29.48.310.) GENERAL CONSTRUCTION. A liberal construction shall be given to all powers and functions of boroughs and cities conferred in this title.

Sec. 29.33.210. (Sec. 29.48.320.) EXTENT OF POWERS. Unless otherwise limited by law, boroughs and cities have and may exercise all powers and functions necessarily or fairly implied in or incident to the object or purpose of all powers and functions conferred in this title.

Sec. 29.33.220. (Sec. 29.48.330.) ENUMERATION OF POWERS. Specific examples within an enumerated power or function conferred upon boroughs or cities in this title are illustrative of the object and not a limitation on or exclusion from the exercise of the power or function.

Is there a ~~present~~ problem w present "liberal construction" language?

Sec. 29.06.010. HOME RULE. A home rule municipality is a municipal corporation and political subdivision. It is a city or an organized borough which has adopted a home rule charter, or it is a municipality unified in accordance with AS 29.12.190 - 29.12.350. A home rule municipality has all the legislative powers not prohibited by law or charter.

Sec. 29.06.030. CLASSES OF GENERAL LAW. General law municipalities are of four classes:

(1) first class boroughs;

(2) second class boroughs;

(3) repeal

(4) first class cities;

(5) second class cities.

Sec. 29.06.040. RECLASSIFICATION. Section unchanged to:

(g) A second class borough may reclassify as a first class borough in the manner provided by AS 29.36.110 - 29.36.130 for the addition of powers by boroughs, except that the petition or proposal requests reclassification instead of requesting addition of powers.

(h) repeal.

(i) repeal.

(j) repeal.

Sec. 29.06.050. TRANSITION. (a) A third class borough existing on the effective date of this act shall continue as a third class borough under the conditions established by law prior to the effective date of this act until it becomes reclassified in accordance with this section.

(b) A third class borough may reclassify as a first or second class borough in the manner provided by AS 29.36.110 - 29.36.130 for the addition of powers by boroughs, except the petition or proposal requests reclassification instead of requesting addition of powers. If reclassification is approved, a school board shall be elected in conformity with AS 14.12 at the next regular election if it occurs within 90 days of the date of the

reclassification election, or at a special election within 90 days of the date of the reclassification election. Expiration dates of terms of members elected at a special election must coincide with the date of the regular election. Until a board is elected and qualified, the assembly continues to serve as the board.

EXPLANATION; Third class boroughs are eliminated. A transition section provides that the existing third class borough retain its status until it is reclassified. The option of allowing the assembly to continue to serve as school board of a borough which is reclassifed from third to first or second class currently contained in AS 29.06.030(i) has been eliminated, so that if the third class borough changes its classification it must elect a school board. (NOTE: This was prepared as a request of the Policy Group to eliminate third class boroughs. If it is approved upon reconsideration, additional technical drafting changes will be required to eliminate references to third class boroughs in other sections.)

Sec. 29.09.180. ORGANIZATIONAL GRANTS. (a) For the purpose of defraying the cost of transition to a municipal form of government and in order to provide for initial government operations, each municipality incorporated after January 1, 1981, or for a second class city reclassified after January 1, 1981, is entitled to an organizational grant of $150,000, except that a municipality which is merged, consolidated, or unified under AS 29.12. is not entitled to an organizational grant.

EXPLANATION: This section is being resubmitted as the recommendation of the Technical Group after considering legislation on the matter proposed by Community and Regional Affairs.

Sec. 29.12.390. POWERS OF A UNIFIED MUNICIPALITY. A municipality organized under AS 29.12.190 - 29.12.390 shall have all the powers

(1) not prohibited it by law or charter;

(2) granted to home rule boroughs.

EXPLANATION: Existing language in (2) is confusing in that the reference to cities may imply a limitation of some sort on the powers of a unified municipality. This is a clearer statement of existing law.

Sec. 29.24.010. CONFLICTS OF INTEREST. Each home rule and general law municipality shall adopt a conflicts of interest ordinance which other provisions of this chapter notwithstanding, includes provision that an officer or employee shall disqualify himself from participating in any official action in which he has a substantial financial interest.

EXPLANATION: The second sentence is deleted as redundant. After considering the alternative proposed by the Policy Group, the Technical Group reasserts its original recommendation. It is felt that a person should not vote on a matter in which he has a substantial financial interest and that disclosure of the interest is not adequate protection for the public.

NOT ADOPTED

Sec. 29.24.170. VACANCIES. The governing body may provide by ordinance the manner in which a vacancy occurs in any elected office except the office of mayor and member of the school board. Unless otherwise provided by ordinance the governing body shall declare an elective office, other than the office of mayor or member of the school board, vacant when the person elected.

(The rest of the section was previously approved by the Policy Group).

EXPLANATION: The Technical Group upon reconsideration recommends that the governing body not be allowed to declare the office of a school board member vacant. Current law allows the members to determine vacancy on the school board.

Sec. 29.24.430. OTHER BOARDS AND COMMISSIONS. The governing body may, by ordinance, establish advisory or quasi-judicial boards and commissions.

EXPLANATION: Upon reconsideration, the Technical Committee would like to limit specific authority to set up boards to exclude administrative boards. In addition, subsection (b) is deleted from the draft which was originally approved by the Policy Group because it is felt that appointment power is adequately included under general separation of powers principles and ought not to be further restricted in an inflexible statute applying to every type of board.

NOT ADOPTED

Sec. 29.24.590. APPOINTMENT. The governing body shall appoint a manager by a majority vote of its membership. He is chosen on the basis of his administrative qualifications and receives the compensation set by the governing body. A member of the governing body may not be appointed manager of the municipality sooner than one year after leaving office except by a vote of three-forths of the authorized membership of the governing body.

EXPLANATION: Upon reconsideration, it is felt that the prohibition against serving as manager ought not to apply to officials other than members of the legislative body. This change would allow the governing body to appoint a municipal official to the office of manager without the one year or super majority restriction.

Sec. 29.24.680. PROHIBITIONS. Repeal.

EXPLANATION: (a) and (b) have been approved for repeal by the Policy Group. Upon reconsideration it is felt that the rest of the section should also be repealed. (c) and (d) were adopted for a specific Juneau problem which no longer exists according to Mr. Lee Sharp.

(12) repeal.

The rest of the section is unchanged.

EXPLANATION: It is felt that (12) should be repealed as redundant because the provision is contained in AS 36.25. (Note: changes to (2), (5), (7), and (8) were previously approved by the Policy Group and the Technical Committee makes no further recommendation with regard to those paragraphs.)

Sec. 29.27.050. CODES OF REGULATION. The governing body may in a single ordinance adopt or amend by reference provisions of a standard published code of regulations. The regular ordinance procedure applies except that neither the ordinance nor its amendments need be distributed to the public or read in full at the hearings. For a period of 15 days before adoption at least five copies of the code must be made available for public inspection at a time and place set out in the hearing notice. Only the adopted ordinance need be printed after adoption. The governing body shall provide for the adopted code to be made available to the public at no more than cost.

EXPLANATION: The Policy Group previously approved changes made to the last line of this section - "The governing body shall provide for the adopted code to be sold or made available at no charge to the public." It is felt that this would be more flexible in that a municipality would also have the option of collecting a fee which represents only a part of the cost.

Sec. 29.27.080. PENALTIES. (a) For the violation of an ordinance the governing body may prescribed penalties not to exceed those imposed for a class B misdemeanor and may require mandatory, nonsuspendable imprisonment not to exceed five days.

(b) The municipality or an aggrieved person may institute a civil action against a person who violates an ordinance. In addition to injunctive and compensatory relief, a civil penalty not to exceed $1,000 may be imposed for each violation. An action to enjoin a violation may be brought notwithstanding the availability of any other remedy. Upon application for injunctive relief and a finding of a violation or a threatened violation, the superior court shall grant the injunction. Every day upon which a violation of an ordinance continues shall constitute a separate violation.

(c) The penalties authorized under this section may be imposed only if copies of the ordinance are made available for distribution to the public at no more than cost.

EXPLANATION: Technical drafting changes with no substantive impact on the section as previously approved by the Policy Group in (a) and (b). Subsection (c) has been changed from the language previously approved so that a municipality has the option of charging less than full cost.

Sec. 29.30.030. ELECTION DATES. (a) ~~The governing body~~ shall give at least 20 days notice of a regular or special election.

(b) The date of a regular election is the first Tuesday of each October unless a different date or interval of years is provided by ordinance.

EXPLANATION: Technical changes. The notice requirement is applied to the regular election as well as the special election.

(a) The municipality shall give at least 20 days notice of a regular or special election.

Sec. 29.30.160. PRESENTATION OF INITIATIVE. (a) Unless substantially the same measure is adopted, when a petition seeks an initiative vote the clerk shall submit the matter to all of the municipal voters at the next regular or special election occuring no sooner than 45 days after certification of the petition.

Other subsections as previously approved.

EXPLANATION: The Technical Committee wishes to reassert its first recommendation that no special election be required in the initiative process. In rejecting this suggestion, the Policy Group appears to have felt that the initiative process should be treated the same as the recall and referendum processes, both of which require a special election if a regular election is not held within a given time period. The Technical committee feels that the initative process, seeking to establish new law, is not as much of an emergency situation as the recall of an official or the repeal of an unpopular law, and therefore that the expense and inconvenience of holding a special election on an initiative ought not to be placed on municipalities.

Sec. 29.30.300. ELECTION NOTICE. At least 20 days notice of an election to recall an official shall be given notwithstanding an ordinance or charter provision to the contrary.

EXPLANATION: It is felt that since a recall must be done at a regular or special election, procedural requirements dealing with election apply so most of this section is eliminated as redundant. The notice provision is necessary to bind home rule municipalities.

Sec. 29.30.330. SUCCESSORS. (a) If an official is recalled from the governing body his office becomes vacant and is filled in accordance with AS 29.24.175.

(b) Nothwithstanding subsection (a), if all members of the governing body are recalled, the governor shall appoint three qualified persons to the governing body. The appointees shall appoint additional members to fill remaining vacancies in accordance with AS 29.24.175.

(c) If all officials are recalled from a school board the governor shall appoint three qualified persons to the school board. The appointees shall appoint additional members to fill remaining vacancies.

(d) A person appointed under (a) - (c) of this section shall serve until a successor is elected and takes office.

(e) If an official is recalled the clerk, without further action by the governing body, shall conduct an election for a successor to fill the unexpired portion of the term. The election shall be held not more than 60 days from the date the recall election is certified, except that if a regular election occurs within 75 days after certification the successor shall be chosen at that election.

(f) Nominations for a successor may be filed until seven days prior to the last date upon which a first notice of the election must be published. Nominations may not be filed before the certification of the recall election.

EXPLANATION: Redrafted at the request of the Policy Group. This would provide that vacancies in a governing body resulting from recall would be filled as any other vacancy, unless all members of the body are recalled, in which case the governor shall appoint members so that local government can continue to function. If all members of a school board are recalled, the governor would have the same power of appointment to that board.

Sec. 29.42.150. DELEGATIONS. The assembly may by ordinance authorize the planning commission and the platting authority to delegate powers to hear and decide cases under this chapter in a manner authorized by the ordinance, including but not limited to delegations to one or more members of the planning commission or platting authority, to other boards or commissions or to a hearing officer designated by the planning commission or platting authority.

EXPLANATION: The Technical Committee originally recommended repeal of this section. Upon reconsideration, it is recommended that it be retained in a slightly redrafted form to insure that there is no question that hearing officers may be used by the planning commission and platting authority to hear individual cases.

Sec. 29.45.610. POWER OF LEVY. (a) A city within a borough which levies and collects areawide sales or use taxes may levy sales or use taxes on all sources taxed by the borough in the manner provided for boroughs, except that the assembly may by ordinance authorize a city to levy and collect sales or use taxes on other sources.

(b) A city within a borough which does not levy and collect areawide sales or use taxes may levy and collect sales or use taxes in the manner provided for boroughs.

Sec. 29.45.620. POWER OF LEVY AND COLLECTION. Repeal.

EXPLANATION: Subsection (a) is altered to allow a city to levy taxes on other sources if authorized by a borough. It is felt that borough authorization should be required since the borough does the collecting and would experience added administrative difficulties if the city and borough tax differ. Subsection (b) contains the material formerly in AS 29.45.620.

Sec. 29.33.200. MUNICIPAL PROPERTIES. (Section as previously approved by the Policy Group with the following new subsection:)

(g) Dedication of streets, rights of way, easements or other areas for public use shall not be construed to require the municipality to maintain, improve or provide for municipal services in the area dedicated and the dedication shall not impose any liability on the municipality for the condition of the area dedicated.

EXPLANATION: Since the municipality may be the recipient of land deeded over by a private person without the muncipality's approval, it is felt that the municipality should not be liable for the condition of property just as the result of dedication. This would not affect the liability of a municipality for the condition of land which it undertakes to improve or maintain.

CHAPTER 03. THE UNORGANIZED BOROUGH.

Sec. 29.03.010. ESTABLISHMENT. Areas of the state which are not within the boundaries of an organized borough constitute a single unorganized borough.

Sec. 29.03.020. SERVICE AREAS. Allowing for maximum local participation, the legislature may establish, alter, or abolish service areas within the unorganized borough to provide special services, which may include but are not limited to schools, utilities, land use regulations and fire protection. A new service area may not be established if the new service can be provided by an existing service area, by incorporation as a city, or by annexation to a city.

CHAPTER 06. CLASSIFICATION OF MUNICIPALITIES.

****Sec. 29.06.010. HOME RULE. A home rule municipality is a municipal corporation and political subdivision. It is a city of the first class or an organized borough which has adopted a home rule charter, or it is a municipality unified in accordance with AS 29.12.190 - 29.12.350. A home rule municipality has all legislative powers not prohibited by law or charter.

Sec. 29.06.020. GENERAL LAW. A general law municipality is a municipal corporation and political subdivision and is an unchartered borough or city. It has legislative powers conferred by law.

Sec 29.06.030. CLASSES OF GENERAL LAW. General law municipalities are of five classes:

(1) first class boroughs;

(2) second class boroughs;

(3) third class boroughs;

(4) first class cities;

(5) second class cities.

Sec. 29.06.040. RECLASSIFICATION. (a) A second class city may be reclassified as a first class city by holding an election on the question as provided in this subsection, if the Department of Community and Regional Affairs determines from the best figures available that the population of the city has reached 400 permanent residents.

(b) An election on the question of reclassification may be initiated in two ways:

(1) a number of voters equal to 15 percent of the number of votes cast in the city at the preceding regular election may file a petition with the council; or

(2) the council may propose reclassification.

(c) The council shall hold at least one public hearing within the

city on the question. The council shall then evaluate the ability of the city to assume first class status and make its findings public.

(d) The council shall, within 30 days after its findings have been made public, order an election to be held on the question. The election shall be held at least 30 days after the order and not later than the next regular election occurring after the 30-day period.

(e) If more than one question is to be voted on at the election, each appears separately on the ballot.

(f) The council shall certify the election results to the Department of Community and Regional Affairs. If the majority of votes cast on the question is favorable, the city shall be considered reclassified to first class status 30 days after certification of the election results.

(g) A second class borough may reclassify as a first class or third class borough, and a third class borough may reclassify as a first class or second class borough, in the manner provided by AS 29.36.110 -29.36.130 for the addition of powers by boroughs, except the petition or proposal requests reclassification instead of requesting addition of powers.

(h) At the time of voting on reclassification of a second class borough to third class status, borough voters in conformity with AS 29.36. shall elect an assembly to serve as the combined assembly and school board of the third class borough if reclassification is approved.

(i) At the time of voting on reclassification of a third class borough to second class or first class status, borough voters shall vote also on the question whether the borough shall upon reclassification retain a combined assembly and school board or a separate assembly and board as otherwise provided for first and second class boroughs. If the majority of votes cast on the question favors retention of the combined assembly and board, the assembly serving at the time of the relassification election

continues to serve as the assembly and board upon voter approval of reclassification and until terms of assemblymen expire as provided before reclassification. If a separate board and assembly are approved at the reclassification election, a school board shall be elected in conformity with AS 14.12 at the next regular municipal election, if it occurs within 90 days of the date of the reclassification election, or otherwise at a special election within that time called by the assembly with expiration dates of terms of members elected at the special election to coincide with the date of the regular municipal election. Until a board is elected and qualified, the assembly continues to serve as the board.

(j) The effective date of reclassification of a borough for which reclassification is approved under (h) of this section is the first day of the borough's fiscal year which begins at least six months after the date on which the reclassification proposition has been approved by the voters.

****Sec. 29.06.050. TRANSITION. Repeal.

CHAPTER 09. INCORPORATION.

ARTICLE 1. REQUIREMENTS.

Sec. 29.09.010. INCORPORATION OF CITIES. (a) A community which meets the following standards may incorporate as a first class city:

(1) the community has 400 or more permanent residents;

(2) the boundaries of the proposed city include all areas necessary to provide municipal services on an efficient scale;

(3) the economy of the community includes the human and financial resources necessary to provide local services; in considering the economy of the community, the Local Boundary Commission shall consider property valuations, economic base, personal income, resource and commercial development, anticipated functions, and the expenses and income of the proposed city, including the ability of the community to generate local revenue;

(4) the population of the community is stable enough to support local government;

(5) there is a demonstrated need for local government.

(b) A community which meets all the standards established in (a) of this section except (a)(1) may incorporate as a second class city.

Sec. 29.09.020. LIMITATIONS ON INCORPORATION OF CITIES. (a) A community within the unorganized borough may not incorporate as a city if the services may be provided by annexation to an existing city.

(b) A community within an organized borough may not incorporate as a city if the services could be provided on an areawide or nonareawide basis by the borough in which it is located or by annexation to an existing city.

Sec. 29.09.030. ORGANIZED BOROUGHS. An area may incorporate as an organized borough if it conforms to the following standards:

(1) the population of the area is interrelated and integrated as to its social, cultural, and economic activities, and is large and stable enough to support organized borough government;

(2) the boundaries of the proposed borough conform generally to natural geography and include all areas necessary for full development of local services;

(3) the economy of the area includes the human and financial resources capable of providing local services; evaluation of an area's economy includes land use, property valuations, total economic base, total personal income, resource and commercial development, anticipated functions, expenses, and income of the proposed borough;

(4) land, water, and air transportation facilities allow the communication and exchange necessary for the development of integrated local government.

ARTICLE 2. PROCEDURES.

Sec. 29.09.060. PETITION. Municipal incorporation is proposed by filing a petition with the Department of Community and Regional Affairs. The petition shall include the following information about the proposed municipality:

(1) class;

(2) name;

(3) boundaries;

*(4) [Effective January 1, 1981] composition and apportionment of the assembly or council;

(5) for a first class borough, a designation of areawide powers to be exercised;

(6) for a second class borough, a designation of areawide and nonareawide powers to be exercised;

(7) maps, documents, and other information required by the Department of Community and Regional Affairs;

(8) for first class city incorporation, the signatures and resident address of 50 permanent resident voters or of 15 percent of the permanent resident voters within the proposed municipality, whichever is greater, based on the number who voted in the area in the last general election;

(9) for second class city incorporation, the signature and resident address of 25 permanent resident voters or of 15 percent of the permanent resident voters within the proposed municipality, whichever is greater, based on the number who voted in the area in the last general election;

(10) for borough incorporation, the signature and resident address of 15 percent of the permanent resident voters in each first class city and 15 percent of voters in the area outside first class cities based on the number who voted in the respective areas in the last general election;

(11) for a city, a designation of the powers proposed by the petitioners to be exercised;

(12) a proposed operating budget for the municipality projecting sources of income and items of expenditure through the first full fiscal year of operation.

Sec. 29.09.070. REVIEW. The Department of Community and Regional Affairs shall review petitions for content and signatures and shall return deficient petitions for correction and completion.

Sec. 29.09.080. INVESTIGATION. (a) If the petition contains the required information and signatures, the Department of Community and Regional Affairs shall investigate the proposal.

(b) The department may combine petitions for incorporation from the same general area.

(c) The department shall hold at least one public hearing in the area proposed for incorporation.

Sec. 29.09.090. REPORT AND HEARING. (a) The Department of Community and Regional Affairs shall report its findings to the Local Boundary Commission with its recommendations regarding the incorporation.

(b) The Local Boundary Commission shall hold at least one public hearing in the area proposed to be incorporated for the purpose of receiving testimony and evidence on the proposal.

Sec. 29.09.100. DECISION ON BOROUGH INCORPORATION. (a) If the Local Boundary Commission determines that a proposed municipality fails to meet the standards for incorporation, it shall reject the petition. If the commission determines that the proposed municipality meets the standards, it shall accept the petition. If the commission determines that the proposed boundaries can be altered to meet the standards, it may alter the boundaries and accept the petition.

(b) A commission decision under this section may be appealed under the Administrative Procedure Act (AS 44.62).

Sec. 29.09.110. INCORPORATION ELECTION. (a) The Local Boundary Commission shall immediately notify the lieutenant governor of its acceptance of an incorporation petition. Within 30 days after notification, the lieutenant governor shall order an election in the proposed municipality to determine whether the voters desire incorporation and, if so, to elect the initial officers in the same election. If incorporation is rejected, no officers are elected. The election is held not less than 30 nor more than 90 days after the date of the election order. The election order must specify the dates during which nomination petitions for election of initial officers may be filed.

(b) An Alaska voter who has been a resident of the area within the proposed municipality for 30 days before the date of the election order may vote.

(c) Areawide borough powers included in the incorporation petition are considered to be part of the incorporation question. In an election for the incorporation of a second class borough, each power to be exercised outside cities only is placed separately on the ballot. Adoption of a nonareawide power requires a majority of the votes cast on the question, and the vote is limited to the voters residing outside cities.

(d) The lieutenant governor shall supervise the election in the general manner prescribed by the Alaska Election Code (AS 15.05 - 15.60). The state shall pay all election costs under this section.

Sec.29.09.120. ELECTION OF INITIAL OFFICERS (a) Repealed by Sec. 4 ch. 23 SLA 1976.

(b) Nominations for initial officers are made by petition. The petition is in the form prescribed by the lieutenant governor and includes the name and address of the nominee and a statement of the nominee that he is qualified under the provisions of this title for the office that he seeks. A person may file for and occupy more than one office, but he may not serve simultaneously as borough mayor and as a member of the borough assembly or as mayor and as a member of the council of a home rule or first class city. Petitions to nominate officers of a second class city must include the signature and resident address of 10 voters in the area of the proposed city. Petitions to nominate elected municipal officers must include the signature and resident address of 50 voters in the area of the proposed municipality, or that area of the proposed municipality from which the officers are to be elected under the composition and apportionment set out in the accepted incorporation petition.

(c) The lieutenant governor shall supervise the election in the general manner prescribed by the Alaska Election Code (AS 15.05 - 15.60). The state shall pay all election costs under (a) - (c) of this section.

(d) The initial elected municipal officials take office on the first Monday following certification of their election.

(e) The initial elected borough assembly and city council members shall determine by lot the length of their terms of office so that a proportionate number of terms expire each year, resulting in staggered terms of office for members subsequently elected.

Sec. 29.09.130. INTEGRATION OF SPECIAL DISTRICTS AND SERVICE AREAS. Service areas in a newly incorporated borough or city shall be integrated into the borough or city within two years after the date of incorporation. On integration the borough or city succeeds to all the rights, powers, duties, assets and liabilities of the service areas. After integration, the borough assembly or city council may exercise within a former service area all of the rights and powers exercised by the service area at the time of integration, and may levy and collect special charges, taxes, or assessments to amortize bonded indebtedness incurred by the service area or by a borough or city as successor to the service area. Upon integration no less than all property in the service area at the time of integration remains subject to taxation to pay the principal of and interest on the bonds. The provisions of this section apply to all organized boroughs whether incorporated or organized before or after September 10, 1972.

Sec. 29.09.140. TRANSITION. (a) The powers and functions exercised by home rule or general law cities and service areas which are succeeded to by a newly incorporated borough or city are exercised by them until the new borough or city assumes the powers and functions, which may not exceed two years after the date of incorporation. Ordinances, rules, resolutions, procedures, and orders in effect before the transfer remain in effect until superseded by the action of the new borough or city.

(b) The borough or city shall give written notice of its assumption of the powers, duties and other items enumerated in Secs. 130-140 of this chapter, to the city, and service area concerned before the assumption. Borough or city officials shall consult with the officials of the city and service area concerned, and arrange an orderly transfer.

(c) After the incorporation of a new borough or city, no service area within it may assume new bonded indebtedness, make any contract, or transfer any assets without the consent of the assembly or council.

Sec. 29.09.150. CHALLENGE OF LEGALITY. No person may challenge the formation of a municipality except within six months of the date of its incorporation.

ARTICLE 03. TRANSITIONAL ASSISTANCE.

Sec. 29.09.180. ORGANIZATION GRANTS. (a) For the purpose of defraying the cost of transition to borough or city government and in order to provide for development and interim governmental operations, each borough and city incorporated after January 1, 1968, or, in the case of a second class city, incorporated or reclassified after January 1, 1968, other than a unified municipality incorporated under the provisions of (AS 29.85), or a municipality otherwise incorporated by consolidation, is entitled to an organization grant equal to $10 for every voter who voted in the borough or city incorporation election. However, each incorporated borough and each first class city incorporated or established by reclassification outside an organized borough is entitled to at least $25,000.

(b) The assembly by ordinance may delegate any of its powers and responsibilities under this chapter to a city within the borough, or to a city board or commission, provided the city first consents by ordinance to the delegation. The assembly may, without first obtaining the consent of the city, revoke any power or responsibility delegated under this section.

Sec. 29.42.020. PLANNING COMMISSION. (a) The borough planning commission consists of five residents unless a greater number is otherwise provided by ordinance. Commission membership shall be apportioned so that the number of members from first class cities reflects the proportion of borough population residing within those cities. Members shall be appointed by the borough executive for a term of three years subject to confirmation by the assembly, except that appointments of members from first class cities are selected from a list of recommendations submitted by the city council. Members first appointed shall draw lots for one, two-and three-year terms. Appointments to fill vacancies are for the unexpired term. The compensation and expenses of the planning commission and its staff are paid as directed by the assembly.

****Sec. 29.42.040. LAND USE REGULATION. (a) In accordance with a comprehensive plan adopted under AS 29.42.030 and in order to implement the plan, the assembly by ordinance as a legislative act, shall adopt or amend provisions governing the use and occupancy of land which may include but are not limited to

(3) measures to further the goals and objectives of the comprehensive plan.

(b) A variance from a land use regulation adopted under this section shall not be granted if

(1) special conditions which require the variance are caused by the person seeking the variance;

(a) By ordinance the assembly shall provide for an appeal from an administrative decision of a municipal employee, board, or commission made in the enforcement, administration, or application of a land use regulation adopted under this chapter. The assembly may provide for an appeal to a court, board of adjustment, hearing officer, or other body. (b) An appeal to the superior court under this section is an administrative appeal and the appeal is heard solely on the record established by the board of adjustment, hearing officer or other body. A proceeding under this section has preference over all other civil actions and proceedings.

****Sec. 29.42.080. PLATTING JURISDICTION AND POWER. (a) By ordinance the assembly shall adopt subdivision requirements which may include but are not limited to the control of

(1) form, size and other aspects of subdivision, dedications, and vacations of land;

If the platting authority fails to act, the plat is considered approved and a certificate of approval shall be issued by the platting authority on demand. The applicant for plat approval may consent to the extension of the period for action by the platting authority. The platting authority shall state on its record and in writing to the applicant its reason for disapproval of a plat.

****Sec. 29.42.115. SHORT PLAT PROCEDURE. (a) Nothwithstanding other provisions of this chapter the assembly may by ordinance establish a short or abbreviated plat filing procedure for a plat which will only relocate or vacate lot lines, or subdivide a single tract or lot into not more than four tracts or lots and which will not:

(1) deny legal and physical public access to all lots or tracts created or adjacent to the subdivision, or require construction or improvements necessary for access;

(2) alter a dedicated street or right-of-way, or require any dedication other than a dedication needed for an existing right-of-way;

(3) allow a change in the permitted use to which the lot or tract may be devoted;

(4) require the granting of a vacation or a variance from a subdivision regulation.

(b) Regulations may provide for an administrative official to review, consider, and approve short plats with notice, hearing, and other procedure requirements established by the assembly.

****Sec. 29.42.120. PENALTIES. Repeal.

****Sec. 29.42.130. ALTERATION OR REPLAT PETITION. No recorded plat may be altered or replatted except by the platting authority upon petition of the state, the municipality, a public utility, or the owners of a majority

of the land affected by the alteration or replat. No platted street may be vacated, except upon petition of the state, municipality, or a public utility, or owners of the majority of the land fronting the part of the street sought to be vacated. The petition shall be filed with the platting authority. It shall be accompanied by a copy of the existing plat showing the proposed alteration or replat.

*Sec. 29.42.140. NOTICE OF HEARING. The platting authority shall fix a time for a hearing on the petition which shall not be more than 60 days after the filing. The platting authority shall publish a notice stating when and by whom the petition was filed, its purpose, and the time and place of the hearing. The notice shall generally describe the alteration or replat sought. The notice shall be published once a week for two consecutive weeks in a newspaper of general circulation in the area. The platting authority shall also mail a copy of the notice to each affected property owner not signing the petition.

*Sec. 29.42.150. HEARING AND DETERMINATION. At the hearing the platting authority shall consider the alteration or replat and make its decision on the merits of the proposal. No vacation of a city street may be made without the consent of the city council. No vacation of a street in the borough area outside cities may be made without the consent of the borough assembly. The assembly or council shall have 30 days from the decision in which to veto the board decision. If no veto is received by the board within the 30-day period, the consent of the city or borough shall be considered to have been given to the vacation.

*Sec. 29.42.160. RECORDING. If the alteration or replat is approved, the revised plat must be recorded by the platting authority and is thereafter the lawful plat.

Sec. 29.42.170. TITLE TO VACATED AREA. (a) The title to the street or other public area vacated on a plat attaches to the lot or lands bordering

on the area in equal proportions, except that if the area was originally dedicated by different persons, original boundary lines shall be adhered to so that the street area which lies on one side of the boundary line shall attach to the abutting property on that side, and the street area which lies on the other side of the boundary line shall attach to the property on that side. The portion of a vacated street which lies within the limits of a platted addition attaches to the lots of the platted addition bordering on the area. If a public square is vacated, the title to it vests in the city if it lies within the city and to the borough if it lies within the borough outside a city. If the property vacated is a lot or tract, title vests in the rightful owner.

(b) If the borough or city acquired the street or other public area vacated for legal consideration or by express dedication to and acceptance by the borough or city other than required subdivision platting, before the final act of vacation the fair market value of the street or public area shall be deposited with the platting authority to be paid over to the borough or city on final vacation.

(c) Provisions of (a) of this section notwithstanding, the council of a second class city located outside an organized borough may vacate those streets, alleys, crossings, sidewalks or other public ways that may have been previously dedicated or established when the council, in its discretion, finds that the streets, alleys, crossings, sidewalks or other public ways are no longer necessary for the public welfare, or when the public welfare will be enhanced by the vacation. If the council determines that all or a portion of the area vacated under this subsection should be devoted to another public purpose, title to the area vacated and held for another public purpose does not vest as provided in (a) of this section but remains in the city.

****Sec. 29.42.180. DELEGATIONS. Repeal.

****Sec. 29.42.190. REMEDIES. (a) It shall be unlawful for the owner of land located within a subdivision to transfer, sell, offer to sell, or enter into a contract to sell land in a subdivision before a plat of the subdivision has been prepared, approved and recorded in accordance with this chapter or with an ordinance adopted under this chapter. It shall be unlawful for a person to record a plat or other document depicting subdivided land in any public recorder's office unless the plat or document has been approved by the municipal authority. A person convicted of violating a provision of this chapter, a municipal subdivision regulation adopted under this chapter, or a term, condition, or limitation imposed by a municipal platting authority in the exercise of its powers under this chpater is guilty of a class B misdemeanor.

(b) The municipality or an aggrieved person may institute civil action against a person who violates a provision of this chapter, a municipal subdivision regulation adopted under this chapter, or a term, condition, or limitation imposed by a municipal platting authority. In addition to injunctive and compensatory relief, a civil penalty not to exceed $1,000 may be imposed for each violation. An action to enjoin a violation may be brought notwithstanding the availability of any other remedy. Upon application for injunctive relief and a finding of a violation or threatened violation, the superior court shall grant the injunction.

(c) Every day upon which an unlawful act or condition continues shall constitute a separate violation.

CHAPTER 45. MUNICIPAL TAXATION

Article 1. MUNICIPAL PROPERTY TAX

****Sec. 29.45.010. GENERAL PROPERTY TAX. A general law or home rule borough other than a unified municipality, may levy (1) an areawide property tax for areawide functions, and (2) a property tax limited to the area outside cities for functions limited to the area outside cities. A tax if levied on real property, personal property, or both must be assessed, levied and collected as provided in this chapter.

****Sec. 29.45.020. TAXPAYER NOTICE. (a) If a municipality levies and collects real or personal property taxes, or both, the governing body shall provide the following notice:

(2) by publishing in a newspaper of general circulation within the municipality a copy of the notice once each week for a period of three successive weeks, with publication to occur not later than 45 days after the final adoption of the municipality's budget.

(b) If the municipality levies and collects only a sales tax, the governing body shall provide a notice substantially in the form set out in (a) of this section. In providing notice under this subsection, the council or assembly shall substitute for the millage equivalency its estimate of the equivalent sales tax rate for each of the categories of financial assistance set out in (a) of this section. Notice shall be provided

(1) by publishing in a newspaper of general circulation within the municipality a copy of the notice once each week for a period of three successive weeks, with publication to occur not later than 45 days after the final adoption of the municipality's budget; or

(2) if there is no newspaper of general circulation in the municipality, by posting a copy of the notice for at least 20 days in at least two public places within the municipality, with posting to occur not later than 45 days after the final adoption of the municipality's budget.

(c) Compliance with the provisions of this section is a prerequisite to receipt of municipal tax resource equalization assistance under AS 29.62 and state aid for miscellaneous municipal services under AS 29.62. The Department of Community and Regional Affairs shall withhold annual allocations under those chapters until municipal officials demonstrate that the requirements of this section have been met.

Sec. 29.45.030. REQUIRED EXEMPTIONS. (a) The following property is exempt from general taxation:

**** (1) municipal, state or federally owned property, except that a private leasehold, contract or other interest in the property shall be taxable to the extent of those interests;

**** (2) household furniture of the head of a family or household;

(3) property used exclusively for nonprofit religious, charitable, cemetery, hospital or educational purposes;

**** (4) property of a nonbusiness organization or its auxiliary composed entirely of persons with 90 days or more of active service in the armed forces of the United States whose conditions of service and separation were other than dishonorable, or the property of the auxiliary of such organization;

(5) money on deposit;

(6) the real property of certain residents of the state to the extent and subject to the conditions provided in (e) of this section.

(b) "Property used exclusively for religious purposes" includes the following property owned by a religious organization:

(c) Property described in (a) or (b) of this section from which income is derived is exempt only if that income is solely from use of the property by nonprofit religious, charitable, hospital, or educational groups. If used by nonprofit educational groups, the property is exempt only if used exclusively for classroom space.

(d) Laws exempting certain property from execution under the Code of Civil Procedure (AS 09) do not exempt the property from taxes levied and collected by municipalities.

(e) The real property owned and occupied as a permanent place of abode by a resident 65 years of age or over is exempt from taxation of the assessed value of the real property. Only one exemption may be granted with respect to the same property and, if two or more persons are eligible for an exemption with respect to the same property, the parties shall decide between or among themselves which shall receive the benefit of the exemption. No real property may be exempted under this subsection which the assessor determines, after notice and hearing to the parties concerned, has been conveyed to the applicant primarily for the purpose of obtaining the exemption. The determination of the assessor is appealable under AS 44.62.560 and 44.62.570.

**** (f) No exemption may be granted under (e) of this section except upon written application

for the exemption on a form prescribed by the state assessor for use by local assessors. The claimant must file the application no later than January 15 or a date provided by ordinance which is not later than March 31, of the assessment year for which the exemption is sought, but during the same year the governing body of the municipality for good cause shown may waive the claimant's failure to make timely application for exemption for that year and authorize the assessor to accept the application as if timely filed. The claimant must file a separate application for each assessment year in which the exemption is sought. If an application is filed within the required time and is approved by the assessor, he shall allow an exemption in accordance with the provisions of this section. If a claimant whose failure to file by January 15 or a date provided by ordinance which is not later than March 31, of the assessment year has been waived as provided in this subsection and the application for exemption is approved, the amount of tax which the claimant may have already paid for the assessment year with respect to the property exempted shall be refunded to him. The assessor may at any time require proof in the form he considers necessary of the right and amount of an exemption claimed under (e) of this section.

(g) The state shall reimburse a borough or city, as appropriate, for the real property tax revenues lost to it by the operation of (e) of this section. However, reimbursement will be made to a borough or city for revenue lost to it only to the extent that the loss exceeds an exemption which was granted by the borough or city, or which upon proper application by an individual would have been granted by the borough or city, under AS 29.53.025(a).

(h) Except as provided in (g) of this section, nothing in (e) - (i) of this section affects similar exemptions from property taxes granted by municipalities on September 10, 1972 or prevents municipalities from granting similar exemptions by ordinance as provided in AS 29.53.025.

(i) In (e) - (i) of this section the term "real property" includes but is not limited to mobile homes, whether classified as real or personal property for municipal tax purposes.

(j) Two percent of the assessed value of a structure is exempt from taxation if the structure contains a fire protection system approved under AS 19.70.081, in operating condition, and incorporated as a fixture or part of the structure. The exemption granted by this subsection is limited to

(1) an amount equal to two percent of the value of the structure based on the assessment for 1981, if the fire protection system is a fixture of the structure on January 1, 1981; or

(2) an amount equal to two percent of the value of the structure based on the assessment as of January 1 of the year immediately following the installation of the fire protection system if the fire protection system becomes a fixture of the structure after January 1, 1981.

Sec. 29.45.040. PROPERTY TAX EQUIVALENCY PAYMENTS. (a) A resident of the state 65 years of age or older who rents a permanent place of abode is eligible for tax equivalency payments from the state through the Department of Community and Regional Affairs.

(b) For purposes of determining payments to eligible persons, the department shall calculate a property tax equivalent percentage for each home rule or general law municipality which levies a general property tax at the rate of one percent per mil. The property tax equivalent percentage applied to the annual rent charged to the applicant equals the property tax equivalency payment payable under this section.

(c) To obtain tax equivalency payments the eligible resident must apply to the department for payment for the preceding year by January 15 of each year on forms and in the manner prescribed by the department. Each applicant shall submit with the application rental receipts or, if rental

receipts are not available, other evidence satisfactory to the department for determination of the fact of payment of rent and the amount paid.

(d) If two or more persons occupy a residence as tenants, not all of whom are eligible for tax equivalency payments under this section, the assessor shall determine equitable partial payments to be made to the eligible tenants. However, tax equivalency payments to an eligible applicant may not be reduced because the spouse is less than 65 years of age. If all occupants in a residence are eligible for tax equivalency payments under this section, the occupants shall decide between and among themselves which shall receive payment.

Sec. 29.45.050. (Sec. 29.53.025.) OPTIONAL EXEMPTIONS AND EXCLUSIONS (a) Municipalities may exclude or exempt or partially exempt residential property from taxation by ordinance ratified by the voters at a regular or special election. An exclusion or exemption authorized by this section may not exceed $10,000 for any one residence.

(2) classify and exempt from taxation

**** (A) Repeal.

(B) the property of an organization not organized for business or profit-making purposes and used exclusively for community purposes, provided that income derived from rental of such property does not exceed the actual cost to the owner of the use by the renter; and

(C) historic sites, buildings and monuments;

(D) land of a nonprofit organization used for agricultural purposes if rights to subdivide the land are conveyed to the state and the

conveyance includes a covenant restricting use of the land to agricultural purposes only; rights conveyed to the state under this subparagraph may be conveyed by the state only in accordance with AS 38.05.069(c).

(c) The provisions of (a) of this section notwithstanding,

(1) a home rule or first or second class borough may, by ordinance, adjust its property tax structure in whole or in part to the property tax structure of a city within it, including but not limited to, excluding personal property from taxation, establishing exemptions, and extending the redemption period;

(2) a home rule or first class city shall have the same power to grant exemptions or exclude property from borough taxes that it has as to city taxes, provided that the exemptions or exclusions have been adopted as to city taxes and further provided that the city appropriate to the borough sufficient money to equal revenues lost by the borough because of the exemptions or exclusions, the amount to be determined annually by the assembly without weighted voting.

(3) a home rule or general law city within an organized borough may, by ordinance, adjust its property tax structure in whole or in part to the property tax structure of the borough, including but not limited to exempting or partially exempting property from taxation.

(d) Exemptions or exclusions from property tax which have been granted by home rule municipalities in addition to exemptions authorized or required by law, and which are in effect on September 10, 1972 and not later withdrawn, are not affected by this Act.

(e) Municipalities may by ordinance classify and exempt or partially exempt from taxation privately owned land, wet land and water areas for which a scenic, conservation, or public recreation use easement is granted to a governmental body. To be eligible for a tax exemption, or

partial exemption, the easement must be in perpetuity. However, the easement is automatically terminated before an eminent domain taking of fee simple title or less than fee simple title to the property so that the property owner is compensated at a rate which does not reflect the easement grant.

(f) A municipality may by ordinance exempt from taxation all or any part of the increase in assessed value of improvements to real property if an increase in assessed value is direcly attributable to alteration of the natural features of the land or new maintenance, repair or renovation of an existing structure and if the alteration, maintenance, repair or renovation, when completed, enhances the exterior appearance or aesthetic quality of the land or structure. No exemption may be allowed under this subsection for the construction of an improvement to a structure if the principal purpose of the improvement is to increase the amount of space for occupancy or nonresidential use within the structure or for the alteration of land as a consequence of construction activity. An exemption provided in this subsection may continue for up to four years from the date the improvement is completed or from the date of approval for the exemption by the local assessor, whichever is later.

(g) A municipality may by ordinance exempt from taxation all or any part of the increase in assessed value of improvements to a single family dwelling if the principal purpose of the improvement is to increase the amount of space for occupancy. An exemption provided in this subsection may continue for up to two years from the date the improvement is completed or from the date of approval of an application for the exemption by the local assessor, whichever is later.

****Sec. 29.45.060. MINING CLAIMS. Repeal.

Sec. 29.45.070. FARM OR AGRICULTURAL LANDS. (a) Farm use lands included in a farm unit and not dedicated or being used for nonfarm purposes shall be assessed on the basis of full and true value for farm use, and shall not be

assessed as if subdivided or used for some other nonfarm purpose. The assessor shall maintain records valuing the farm use land for both full and true value and farm use value. Should the farm use land be sold, leased, or otherwise disposed of for uses incompatible with farm use or be converted to a use incompatible with farm use by the owner, the owner is liable to pay an amount equal to the additional tax at the current mill levy together with eight percent interest for the preceding seven years, as though the land had not been assessed for farm use purposes. Payment by the owner shall be made to the state to the extent of its reimbursement for revenue loss under (e) of this section for the preceeding seven years. The balance of the payment shall be made to the city or borough.

(b) An owner of farm use land must, to secure the assessment, make application to the assessor before May 15 of each year in which the assessment is desired. The application shall be made upon forms prescribed by the state assessor for the use of the local assessor and shall include information which may reasonably be required to determine the entitlement of the applicant. If the farm use land is leased for farm use purposes, the applicant shall furnish to the assessor a copy of the lease bearing the signatures of both lessee and lessor along with the completed application. The applicant shall furnish the assessor a copy of the lease covering the period for which the exemption is requested.

(c) In this section "farm use" means the use of land for raising and harvesting crops or for the feeding, breeding and management of livestock or for dairying or another agricultural use for profit or any combination thereof. To be farm use land, the owner or the lessee must be actively engaged in farming the land, and derive at least 10 per cent of his yearly gross income from the farm use land. The provisions of this section do not apply to land respecting which the owner has granted, and has outstanding, a lease or option to buy the surface rights. A property owner wishing to file

assessed as if subdivided or used for some other nonfarm purpose. The assessor shall maintain records valuing the farm use land for both full and true value and farm use value. Should the farm use land be sold, leased, or otherwise disposed of for uses incompatible with farm use or be converted to a use incompatible with farm use by the owner, the owner is liable to pay an amount equal to the additional tax at the current mill levy together with eight percent interest for the preceding seven years, as though the land had not been assessed for farm use purposes. Payment by the owner shall be made to the state to the extent of its reimbursement for revenue loss under (e) of this section for the preceeding seven years. The balance of the payment shall be made to the city or borough.

(b) An owner of farm use land must, to secure the assessment, make application to the assessor before May 15 of each year in which the assessment is desired. The application shall be made upon forms prescribed by the state assessor for the use of the local assessor and shall include information which may reasonably be required to determine the entitlement of the applicant. If the farm use land is leased for farm use purposes, the applicant shall furnish to the assessor a copy of the lease bearing the signatures of both lessee and lessor along with the completed application. The applicant shall furnish the assessor a copy of the lease covering the period for which the exemption is requested.

(c) In this section "farm use" means the use of land for raising and harvesting crops or for the feeding, breeding and management of livestock or for dairying or another agricultural use for profit or any combination thereof. To be farm use land, the owner or the lessee must be actively engaged in farming the land, and derive at least 10 per cent of his yearly gross income from the farm use land. The provisions of this section do not apply to land respecting which the owner has granted, and has outstanding, a lease or option to buy the surface rights. A property owner wishing to file

for farm use classification having no history of farm-related income may submit a declaration of intent at the time of filing the application with the assessor setting out the intended use of the land and the anticipated percentage of income. An applicant using this procedure shall file with the assessor before February 1 of the following year a notarized statement of the percentage of gross income attributable to the farm use land. Failure to make the filing required in this subsection forfeits the exemption.

(d) In the event of a crop failure by an act of God the previous year, the owner or lessee may submit an affidavit affirming that 10 percent of his gross income for the past three years was from farming.

(e) Subject to legislative appropriations for the purpose, the state shall reimburse a borough or city, as appropriate, for the real property tax revenues lost to it by the operation of this section.

Sec. 29.45.080. MOBILE HOMES. Mobile homes, trailers, house trailers, trailer coaches and similar property used or intended to be used for residential office or commercial purposes and attached to the land or connected to water, gas, electric or sewage facilities are classed as real property for tax purposes except where expressly classified as personal property by ordinance. (b) A municipality may levy and collect a tax on the full and true value of taxable property taxable under AS 43.56 as valued by the Department of Revenue at a rate not to exceed that which produces an amount

of revenue from the total municipal property tax equivalent to $1,500 a year for each person residing within its boundaries.

(c) A municipality may levy and collect a tax on the full and true value of that portion of taxable property taxable under AS 43.56 as assessed by the Department of Revenue which value, when combined with the value of property otherwise taxable by the municipality, does not exceed the product of 225 percent of the average per capita assessed full and true value of property in the state multiplied by the number of residents of the taxing municipality. For purposes of this subsection the average per capita assessed full and true value of property in the state shall be calculated without regard to the assessed value of taxable property under AS 43.58.

(d) By February 1 of each assessment year a taxing municipality must inform the Department of Revenue which method of taxation the municipality will use.

(e) For purposes of this section, population shall be determined by the commissioner of community and regional affairs based on the latest statistics of the United States Bureau of the Census or on other reliable population data, and shall advise each municipality of its population as so determined by January 15 of each year.

Sec. 29.45.100. TAX LIMITATION. (a) No municipality may levy and tax for any purpose in excess of three percent of the assessed valuation of property within the municipality in any one year.

residents of the taxing municipality. If two or more municipalities occupying the same geographical area, in whole or in part, attempt to levy a tax (1) the combined levy of which would result in tax revenues from all sources exceeding $1,500 a year for each person residing within their boundaries or (2) upon value which, when combined with the value of property otherwise taxable by the municipality, exceed the product of 225 per cent of the average per capita assessed full and true value of property in the state multiplied by the number of residents of the taxing municipality, the commissioner of community and regional affairs shall apportion the lawful levy and equitably divide these revenues on the basis of need, services performed and other considerations in the public interest. For the purpose of this subsection population shall be determined by the commissioner of community and regional affairs based on the latest statistics of the United States Bureau of the Census or on other reliable population data. For purposes of this subsection the average per capita assessed full and true value of property in the state shall be calculated without regard to the assessed value of taxable property under AS 43.58.

Sec. 29.45.110. NO LIMITATIONS ON TAXES TO PAY BONDS. The limitations provided for in Sec. 45 or 50 of this chapter do not apply to taxes levied or pledged to pay or secure the payment of the principal and interest on bonds. Taxes to pay or secure the payment of principal and interest on bonds may be levied without limitation as to rate or amount, regardless of whether the bonds are in default or in danger of default.

Sec. 29.45.120. FULL AND TRUE VALUE. (a) The assessor shall assess property at its full and true value as of January 1 of the assessment year, except as provided in this section and Secs. 30, 35 and 160 of this chapter. The full and true value is the estimated price which the property would bring in an open market and under the then prevailing

market conditions in a sale between a willing seller and a willing buyer both conversant with the property and with prevailing general price levels.

(b) Assessment of business inventories may be based on the average monthly method of assessment rather than the value existing on January 1. The method used to assess business inventories shall be prescribed by the borough assembly.

(c) In the case of cessation of business during the tax year, the assembly may provide for reassessment of business inventories using the average monthly method of assessment for the tax year rather than the value existing on January 1 of the tax year, and for reduction and refund of taxes. In enacting an ordinance authorized by this section, the assembly may prescribe procedures, restrictions, and conditions of assessing or reassessing business inventories and of remitting or refunding taxes.

Sec. 29.45.130. RETURNS. (a) The assembly may require every person having ownership or control of or an interest in property to submit a return in the form prescribed by the assessor, based on property values existing on January 1, except as otherwise provided in this chapter.

(b) The assessor may, by written notice, require a person to provide additional information within 30 days.

Sec. 29.45.160. REEVALUATION. A systematic reevaluation of taxable real and personal property undertaken by the assessor, whether of specific areas in which real property is located or of specific classes of real or personal property to be assessed, shall be made only in accordance with a resolution or other act of the assembly directing a systematic reevaluation of all taxable property within the borough over the shortest period of time practicable, as determined by the assembly and fixed in the resolution or other act of the assembly.

Sec. 29.45.170. ASSESSMENT ROLL. (a) The assessor shall prepare an annual assessment roll. The roll contains

(1) a description of all taxable property;

(2) the assessed value of all taxable property;

(3) the names and addresses of persons with property subject to assessment and taxation.

(b) The assessor may list real property by any description that may be made certain. Real property is assessed to the owner of record as shown in the records of the district recorder, who shall at least monthly provide the assessor a copy of each recorded change of ownership showing the name and mailing address of the owner and the name and mailing address of the party recording the change of ownership. Other persons having an interest in the property may be listed on the assessment records with the owner. The person in whose name property is listed as owner is conclusively presumed to

be the legal owner of record. If the property owner is unknown, the property may be assessed to "unknown owner." No assessment is invalidated by a mistake, omission or error in the name of the owner, if the property is correctly described.

Sec. 29.45.180. ASSESSMENT NOTICE. (a) The assessor shall give every person named in the assessment roll a notice of assessment, showing the assessed value of his property. On each notice is printed a brief summary of the dates when taxes are payable, delinquent and subject to penalty and interest, and the dates when the board of equalization will sit.

(b) Sufficient assessment notice is given if mailed by first class mail 30 days before the equalization hearings. If the address is not known to the assessor, the notice may be addressed to the person at the post office nearest the property. Notice is effective on the date of mailing.

Sec. 29.45.190. CORRECTIONS. (a) A person receiving an assessment notice shall advise the assessor of errors or ommissions in the assessment of his property. The assessor may correct errors or ommissions in the roll before the board of equalization hearing.

(b) The appellant shall, within 30 days from the date of mailing of notice of assessment, submit to the assessor a written appeal specifying grounds in the form which the board may require. Otherwise, the right of appeal ceases unless the board finds that the taxpayer was unable to comply.

(c) The assessor shall notify appellants by mail of the time and place of their hearing.

(d) The assessor shall prepare for use by the board a summary of assessment data relating to each assessment which is appealed.

(e) A city may appeal an assessment to the board of equalization in the same manner as a taxpayer. Within five days after receipt of the appeal, the assessor shall notify the person whose property assessment is being appealed by the city.

****Sec. 29.45.210. BOARD OF EQUALIZATION. (a) The assembly sits as a board of equalization for the purpose of hearing an appeal from a determination of the assessor, or it may delegate this authority to one or more boards appointed by it. An appointed board may be composed of not less than three persons, who may be members of the assembly, municipal residents, or a combination of assembly members and residents. The assembly shall be ordinance establish the qualifications for membership.

(b) The board is governed in its proceedings by rules adopted by ordinance which are consistent with general rules of administrative procedure. The board may alter an assessment of a lot or parcel only pursuant to an appeal filed as the the particular lot or parcel.

(c) Notwithstanding other provisions in this section, a determination of the assessor as to whether property is taxable under law shall be appealed directly to the superior court.

Sec. 29.45.220. HEARING. (a) If an appellant fails to appear, the board of equalization may proceed with the hearing in his absence.

(b) The appellant bears the burden of proof.

**** (c) The only grounds for adjustment are proof of unequal excessive, improper, or undervaluation based on facts which are stated in a valid written appeal or proven at the appeal hearing. If a valuation is found to be too low, the board of equalization may raise the assessment.

(d) The board shall certify its actions to the assessor within seven days.

**** (e) Except as to supplementary assessments, the assessor shall enter the changes and certify the final assessment roll by June 1.

**** (f) An appellant or the assessor may appeal the board's determination to the superior court as provided by rules of court applicable to appeals from the decisions of administrative agencies. Appeals are heard on the record established at the hearing before the board of equalization.

Sec. 29.45.230. SUPPLEMENTARY ASSESSMENT ROLLS. The assessor shall include property omitted from the assessment roll on a supplementary roll, using the procedures set out in this chapter for the original roll.

Sec. 29.45.240. TAX ADJUSTMENTS ON PROPERTY AFFECTED BY A NATURAL DISASTER. (a) The assembly may provide for reassessment and reduction of taxes for property destroyed, damaged, or otherwise reduced in value as a result of a natural disaster.

(b) A reassessment may be made by the assessor only upon the receipt of a sworn statement of the taxpayer that his losses exceed $1,000. A reduction of taxes may be made only on losses in excess of $1,000 for the remainder of the year following the disaster. Upon reassessment, the borough shall recompute this tax and refund taxes which have already been paid.

(c) The borough shall make notice of assessment or reassessment and shall hold an equalization hearing as provided in this chapter, except that a notice of appeal is filed with the board of equalization within 10 days after notice of assessment is given to the person appealing. Otherwise, the right of appeal ceases unless the board finds that the taxpayer is unable to comply.

(d) In enacting an ordinance or resolution authorized by this section, the assembly may, consistent with this section, prescribe

procedures, restrictions and conditions of assessing or reassessing property and of remitting, refunding or forgiving taxes.

**** (e) In this section "disaster" means a major disaster declared by the President of the United States under the provisions of the Federal Disaster Act of 1950, Title 42, United States Code, sec. 1855-1855g, or other federal law, or a disaster declared by the governor under AS 26.23.010 26.23.110.

Sec. 29.45.250. TAX LEVY AND RATE. ****(a) The power granted to the assembly to assess, levy and collect a general property tax shall be exercised by means of a general ordinance. The rate of levy, the date of equalization and the date when taxes become delinquent shall be fixed by resolution.

(b) The assembly shall annually determine the rate of levy before June 15. By July 1 the tax collector shall mail tax statements setting out the levy, dates when taxes are payable and delinquent, and penalties and interest.

Sec. 29.45.260. RATES OF PENALTY AND INTEREST. ****(a) If the taxpayer is required to pay the entire tax on the due date set by the assembly, a penalty not to exceed 20 percent may be added to all delinquent taxes, and interest at the rate of 15 percent a year shall accrue upon all unpaid taxes, not including penalty, from the due date until paid in full. **** (c) Repeal.

ARTICLE 2. ENFORCEMENT OF TAX LIENS

Sec. 29.45.290. VALIDITY. Certified assessment and tax rolls are valid and binding on all persons, notwithstanding any defect, error, omission or invalidity in the assessment rolls or proceedings pertaining to the assessment roll.

Sec. 29.45.300. TAX LIABILITY. (a) The owner of personal property assessed is personally liable for the amount of taxes assessed against his property. The tax, together with penalty and interest, may be collected in a personal action brought in the name of the borough.

**** (b) Property taxes, together with penalty and interest, are a lien upon the property assessed, and the lien is prior and paramount to all other liens or encumbrances against the property.

Sec. 29.45.310. ENFORCEMENT OF PERSONAL PROPERTY TAX LIENS BY DISTRAINT AND SALE. The lien of personal property taxes may be enforced by distraint and sale of the property. The assembly shall provide the procedure for distraint and sale by ordinance. No seizure, levy or distraint is legal unless demand is first made of the person assessed for the amount of the tax, penalty and interest, and no sale is valid unless made at public auction after 15 days notice is given by posting or publication. The siezure is made by virtue of a warrant issued by the borough clerk to a peace officer. If the property sold is not sufficient to satisfy the tax, penalty and interest, and costs of sale, the warrant may authorize the seizure of other personal property sufficient to satisfy the tax, penalty, interest and costs of sale. If the property is sold for more money than is needed to satisfy the tax, upon presentation of a proper claim, the municipality shall remit the excess to the former record owner. A claim for the excess filed after six months of the date of sale is forever barred.

Sec. 29.45.320. REAL PROPERTY TAX COLLECTION. (a) The borough shall enforce delinquent real property tax liens by annual foreclosure, unless otherwise provided by ordinance.

**** (b) If the tax on property described in AS 29.45.080 or on a taxable interest in tax exempt property is not paid when due, a borough may enforce the tax by a personal action against the delinquent taxpayer brought in the district or superior court, in addition to other remedies available to the borough to enforce the lien.

Sec. 29.45.330. FORECLOSURE LIST. (a) The borough shall

(1) annually present a petition for judgment and a certified copy of the foreclosure list for the previous year's delinquent taxes in the superior court for judgment;

(2) publish the foreclosure list for four consecutive weeks in a newspaper of general circulation distributed within the borough or, if there is no newspaper of general circulation distributed within the borough, post the list at three public places for at least 30 days;

(3) within 10 days after the first publication or posting, mail to the last known owner of each property as his name and address appear on the list a notice advising of the foreclosure proceeding in which a petition for judgment of foreclosure has been filed and describing the property and the amount due as stated on the list.

(b) The list shall be arranged in alphabetical order as to the last name and shall include

(1) the last known owner;

(2) the property description as stated on the assessment roll;

(3) years and amounts of delinquency;

(4) penalty and interest due;

(5) a statement that the list is available for public inspection at the clerk's office;

(6) a statement that the list has been presented to the superior court with a petition for judgment and decree.

(c) Completion of the requirements of (a) of this section constitutes and has the same force and effect as the filing of an individual and separate complaint and service of summons to foreclose a lien against each property described on the foreclosure list.

Sec. 29.45.340. CLEARING DELINQUENCIES. During the publication or posting of the foreclosure list and up to the time of transfer to the borough a person may pay the taxes, together with the penalty, interest and costs. The collector shall note payment on the foreclosure list.

Sec. 29.45.350. LIST TO LIENHOLDER. A holder of a mortgage or other lien on real property may request the clerk to send by certified mail notice of a foreclosure list which includes such real property.

Sec. 29.45.360. GENERAL FORECLOSURE. The borough shall bring one general foreclosure proceeding in rem against the properties included in the list. If the owner is unknown, the property is proceeded against as belonging to "unknown owner." Tax foreclosure proceedings have priority over all other civil proceedings except board of adjustment appeals as provided in AS 29.33.130(e).

Sec. 29.45.370. ANSWER AND OBJECTION. A person having an interest in a tract on the foreclosure list may file an answer within 30 days of the date of last publication, specifying his objection. The court shall make its decision in summary proceedings. The foreclosure list is prima facie evidence that the assessment and levy of the tax is valid and that the tax is unpaid.

Sec. 29.45.380. JUDGEMENT. The court shall in a proper case give judgment and decree that the tax liens be foreclosed. It is a several judgment against and a lien on each parcel.

Sec. 29.45.390. TRANSFER AND APPEAL. (a) Foreclosed properties are transferred to the borough for the lien amount. When answers are filed the court may enter judgment against and order the transfer to the borough of all other properties on the list pending determination of the matters in controversy. The court shall hear and determine the issues raised by the complaint and answers in the same manner and under the same rules as it hears and determines other actions.

(b) The court clerk shall deliver a certified copy of the judgment and decree to the borough clerk. The certified judgment and decree constitutes a transfer to the borough.

(c) The judgment and decree stops objections to it which could have been presented before judgment and decree.

(d) Appeal from a judgment and decree of foreclosure, or from a final order in the proceeding, may be taken in the manner provided for appeals in civil actions.

Sec. 29.45.400. REDEMPTION PERIOD. (a) Properties transferred to the borough are held by the borough for at least one year. During the redemption period a party having an interest in the property may redeem it by paying the lien amount plus penalties, interest and costs, including all costs incurred under Sec. 350(a) of this chapter. Property redeemed is subject to all taxes, assessments, liens and claims as though it had continued in private ownership. Only the amount applicable under the judgment and decree must be paid in order to redeem the property.

**** (b) Repeal.

****Sec. 29.45.410. EFFECT. Receipt of redemption money by the borough releases the judgment obtained under AS 29.45.380. The clerk or his designee shall record the redemption and issue a certificate containing a property description, the redemption amount, and the dates of judgment and decree of foreclosure. The clerk or his designee shall collect the recording fee at

the time or redemption and shall file the certificate with the record as part of the judgment roll.

Sec. 29.45.420. ADDITIONAL LIENS. If a property included in a foreclosure list is removed after payment of delinquencies or redemption by another lienholder, the payment represented by receipt for payment constitutes an additional lien on the property, collectible by the lienholder in the same manner as the original lien.

Sec. 29.45.430. POSSESSION DURING REDEMPTION PERIOD. Foreclosure does not affect the former owner's right to possession during the redemption period. In the event that waste is committed by the former owner, or by anyone acting under his permission or control, the borough may declare an immediate forfeiture of the right to possession.

Sec. 29.45.440. EXPIRATION. ****(a) At least 30 days before the expiration of the redemption period the clerk or his designee shall publish a redemption period expiration notice. The notice shall contain the date of judgment, the date of expiration of the period of redemption and a warning to the effect that all properties ordered sold under the judgment, unless redeemed, shall be deeded to the borough or city immediately on expiration of the period of redemption and that every right or interest of any person in the properties will be forfeited forever to the borough or city. The notice is published once a week for four consecutive weeks in a newspaper of general circulation distributed within the borough. If there is no newspaper of general circulation distributed within the borough, the notice is posted in three public places for at least four consecutive weeks. The clerk shall send a copy of the published notice by certified mail to each record owner of property against which a judgment of foreclosure has been taken and, if the assessed value of the property is more than $100,000, to all holders of mortgages or other liens of record on the property. The notice shall be mailed within five days of the first publication. The mailing shall be

sufficient if mailed to the property owner and to the holder of a mortgage or recorded lien at the last address of record. The right of redemption shall expire 30 days after the date of the first publication notice.

(b) Costs incurred in the determination of holders of mortgages and other liens of record and costs of publication of notice incurred by a municipality under (a) of this section are a lien on the property and may be recovered by the municipality.

Sec. 29.45.450. DEED TO BOROUGH OR CITY. (a) Unredeemed properties in the area of the borough outside cities are deeded to the borough by the clerk of the court. Unredeemed properties within a city are deeded to the city subject to the payment by the city of unpaid borough taxes and costs of foreclosure levied against the property before foreclosure. The deeds shall be recorded in the recording district in which the property is located.

**** (b) Conveyance gives the borough or the city clear title except for prior recorded tax liens of the United States and the state.

(c) If unredeemed property lies within a city and if the city has no immediate public use for the property but the borough does have an immediate public use, the city shall deed the property to the borough. If unredeemed property lies within the borough outside a city and if the borough does not have an immediate public use for the property but the city does have an immediate public use, the borough shall deed the property to the city.

**** (d) No deed is invalid for irregularities, omissions or defects in the proceedings under this chapter unless the former owner has been misled to his injury. After two years from the date of the deed, its validity is conclusively presumed and any claim of the former owner or other person having an interest in the property is forever barred.

Sec. 29.45.460. DISPOSITION AND SALE OF FORECLOSED PROPERTIES. (a) The assembly of a borough or council of a city shall determine by ordinance whether foreclosed property deeded to the municipality under Sec. 360 of

this chapter shall be retained by the municipality for a public purpose. The ordinance shall contain the legal description of the property, the address or a general description of the property sufficient to provide the public with notice of its location, and the name of the last record owner of the property as his name appears on the assessment rolls of the municipality.

(b) Tax-foreclosed properties conveyed to a borough or city by tax foreclosure and not required for a public purpose may be sold. Before the sale of tax-foreclosed property held for a public purpose, the assembly or council, by ordinance, shall determine that a public need does not exist. The ordinance shall contain the information required in (a) of this section.

**** (c) The clerk or his designee shall send a copy of the published notice of hearing of an ordinance to consider a determination required by (a) or (b) of this section by certified mail to the former record owner of the parcel of property which is the subject of the ordinance. The notice shall be mailed within five days of its first publication and shall be sufficient if mailed to the last record owner of the property as his name appears on the assessment rolls of the municipality.

(d) The provisions of (c) of this section do not apply with respect to property which has been held by the municipality for a period of more than 10 years after the close of the redemption period.

Sec. 29.45.470. REPURCHASE BY RECORD OWNER. (a) The record owner at the time of tax foreclosure of property acquired by a borough or city, or his assigns, may, at any time before the sale or contract of sale of the tax-foreclosed property by the borough or city, repurchase the property. The borough or city shall sell the property for the full amount applicable to the property under the judgment and decree, with interest at the rate of eight percent a year from the date of entry of the judgment of foreclosure to the date of repurchase, delinquent taxes assessed and levied as though it had continued in private ownership, and costs of foreclosure and sale,

Sec. 29.45.490. PAYMENT OF TAXES UPON PUBLIC UTILIZATION. If a city or borough holds or takes title to tax-foreclosed property for a public purpose, the city or borough shall satisfy unpaid taxes and assessments against the property held by other municipalities, with accrued interest but without penalty. If the amount required to satisfy the unpaid taxes and assessments exceeds the assessed valuation of the property, the city or borough shall pay the other municipalities the assessed valuation, which shall be divided between the other municipalities in proportion to their respective taxes and assessments against the property at the time of foreclosure.

****Sec. 29.45.510. REFUND OF TAXES. (a) If a taxpayer pays taxes under protest, he may bring suit in the superior court against the borough for recovery of the taxes. If judgment for recovery is given against the borough or, if in the absence of suit, it becomes obvious to the assembly that judgment for recovery of the taxes would be obtained if legal proceedings were brough, the borough shall refund the amount of the taxes to the taxpayer with interest at eight percent from the date of payment plus costs.

(b) If, in payment of taxes legally imposed, a remittance by a taxpayer through error or otherwise exceeds the amount due, and the borough, on audit of the account in question, is satisfied that this is the case, the borough shall refund the excess to the taxpayer with interest at eight percent from the date of payment. A claim for refund filed after one year of the due date of the tax is forever barred.

(c) The assembly may correct manifest clerical errors at anytime.

ARTICLE 3. CITY PROPERTY TAX.

Sec. 29.45.530. POWER OF LEVY. Home rule and first class cities within boroughs may levy a general property tax. A property tax, if levied, shall be levied in the manner provided for borough levies in Sec. 170(a) of this chapter and is subject to Secs. 10-25, 50-55 and 310-350 of this chapter

However, levy by a second class city may not exceed one-half of one percent of the assessed valuation of the property taxed, except that the limit does not apply to a levy necessary to avoid a default upon payment of principal and interest of bonded or other indebtedness which is secured by a pledge to levy ad valorem or other taxes without limit to meet debt payments.

**** Sec. 29.45.545. COMBINING PROPERTY TAX WITH INCORPORATION. A petition for second class city incorporation may request that a property tax proposal be placed in the same ballot. The petition must state the proposed tax rate. The petition may request that incorporation be dependent upon the passage of the property tax proposition. If so, the incorporation proposition fails if the property tax fails.

ARTICLE 4. BOROUGH SALES AND USE TAX

Sec. 29.45.570. SALES AND USE TAX. ****(a) A borough may levy and collect a sales tax not exceeding six percent on sales, rents, and on services made within the borough. The sales tax may apply to any or all of these sources. Exemptions may be granted by ordinance.

This subsection applies to a sales tax levied in any taxing jurisdiction whether in or outside the state.

Sec. 29.45.590. REFERENDUM, ADOPTION AND MODIFICATION. ****(a) A new sales tax or an increase in the rate of levy of a sales tax approved by the assembly by ordinance shall not take effect until ratified by a majority of the voters voting on the question at a regular or special election.

(b) If the proposition receives a majority of the votes cast, the assembly may enact the sales tax or increase the rate of the sales tax as a levy upon buyers, sellers, or both. The sales tax is collected at the time of sale or at the time of payment in credit transactions and transmitted to the borough.
