V. REVOLVING LOAN FUND

# AK FARMERS RE

Whereas, the loan fund has experienced a shortage of capital to lend to developing agriculture in Alaska; be it resolved that the Convention of Alaskan Farmers request the following changes be made:

1. The legislature reinstate the loan funds former ability to sell off some of its loans to the Department of Revenue.
2. The ceiling on the size of the loan fund be removed.
3. The probable impact on the loan fund of each new agricultural land disposal be assessed and then new funds be transferred to the R.L.F. at the time of each new agricultural land disposal.

Whereas, first mortgage rights are not available on Agricultural lands with state clearing loans and land purchase contracts; be it resolved that the Convention of Alaskan Farmers requests the state subordinate this first mortgage position to other agricultural on-farm loans.

Whereas, developing agriculture is a higher than normal risk and the R.L.F. will reflect this by higher than normal bank accepted delinquency; be it resolved the Legislature direct the Legislative Budget and Audit Committee to take this into consideration when making a determination that legislative intent is being carried out.

Whereas, the loan fund board does not appear to be responsive to all areas of the state; be it resolved the Convention of Alaskan Farmers requests the following changes be made:

1. Length of service on the board be established at two years with one half of the board elected each November.
2. The board members be elected by the farmers with (R.L.F.) loans.
3. That no more than one board member be from each soil ~~subdistrict~~ <sup>ASCS County</sup>.
4. A loan applicant have the privilege of personal appearance before the board at the next regularly scheduled meeting after his loan has been rejected.
5. The board establish regularly scheduled monthly meetings at a predetermined time and place, and that at least once each year a regularly scheduled meeting is to be held at the location of each loan office.

Whereas, the loan officers do not appear to be adequately familiar with the farmers' requirements; be it resolved the Convention of Alaskan Farmers requests the following changes:

1. The number of loan officers be increased to adequately service loan applicants and administer each loan in a timely manner.
2. A loan officer is to have regularly scheduled visits to each farming area of the state where a loan office does not exist.

Whereas, the loan fund policy does not appear consistent throughout the state and from year to year; be it resolved the Convention of Alaskan Farmers requests the following:

1. A five year plan be required of each applicant and once approved, the R.L.F. commits to fund that plan if funds are available and if the plan is adhered to.

V. REVOLVING LOAN FUND - PAGE TWO

Whereas, the loan fund has restrictive limits; be it resolved the Convention of Alaskan Farmers recommends that the limits be removed and that each loan request be judged on its own merits.

Whereas, a conflict of interest can occur in any program dispersing public funds; be it resolved the Convention of Alaskan Farmers request the R.L.F. should adopt written policy governing such conflict.

# MEMORANDUM

State of Alaska <sup>MAR 14 1983</sup>

TO: The Honorable Bettye Fahrenkamp  
Alaska State Senate

DATE: March 14, 1983

FILE NO:

TELEPHONE NO

FROM: Sharon L. Barton   
Special Assistant  
Department of Natural Resources

SUBJECT: SB 124 / HB 276

While the Department does not have a big problem with the \$300,000 operating loan limit, we feel that under normal circumstances the \$200,000 is still sufficient. The ARLF Board concurs in this view. As an alternative to raising the maximum, we recommend leaving in the disaster provision of SB 124 and expanding it to authorize the waiving or raising of the \$200,000 maximum in case of a declared area disaster. To accomplish the purpose of this legislation, language should be drafted in such a way that offers relief in the current situation at Delta.

APPENDIX A

STATE OF ALASKA  
DEPARTMENT OF NATURAL RESOURCES  
DIVISION OF AGRICULTURE  
AGRICULTURAL REVOLVING LOAN FUND  
TYPE OF LOANS AND TERMS  
For the Fiscal Year Ended June 30, 1982

Loan Types and Terms

As specified by AS 03.10.030, the following six types of loans are made:

<u>Type</u>	<u>Limit</u>	<u>Current Interest Rate</u>	<u>Terms</u>	<u>Purpose</u>
Short-term	\$200,000	Not addressed	1 year	Operation of farm
Chattel	Total outstanding balance may not exceed \$1,000,000 when added to other loans	(Note 1)	30 years	Animals, equipment
Farm Development			30 years	Land, improvements, buildings
Irrigation			30 years	Irrigation equipment
Farm Product Processing	\$250,000	Not less than 8%	30 years	Processing of agricultural products
Land Clearing	\$250,000	Not less than 8%	20 years	Clear land for planting

Note 1: Chapter 113, SLA 1982, effective June 25, 1982, amended the statutory interest rate to not less than eight percent or more than commercial rate, unless the commercial rate is eight percent or less. The Commissioner may establish interest rates for loans within these statutory guidelines.

- (2) designate agents and delegate its powers to them as necessary;
- (3) adopt rules and regulations necessary to carry out its functions;
- (4) establish amortization plans for repayment of loans, which may include delayed payments of principal and interest for not to exceed five years;
- (5) enter into agreements with private lending institutions, other state agencies or agencies of the federal government, to carry out the purposes of this chapter. (§ 4 ch 122 SLA 1953; am § 1 ch 156 SLA 1955; am § 1 ch 41 SLA 1961; am § 1 ch 113 SLA 1982)

Effect of amendments. — The 1982 inserted "clearing land for agricultural amendment, effective June 25, 1982, purposes" in paragraph (1).

**Sec. 03.10.030. Limitations on loans.** (a) A farm development, chattel, or irrigation loan made under this chapter

- (1) may not exceed a term of 30 years;
- (2) may not, when added to the outstanding balance of other loans made under this chapter, exceed a total outstanding balance of \$1,000,000;
- (3) shall be secured by a real estate or chattel mortgage of any priority, except that the portion of a loan that exceeds \$500,000, when added to prior indebtedness that is secured by the same property, must be secured by a first mortgage;
- (4) shall bear interest at a rate that may not be less than eight percent or more than the commercial rate, unless the commercial rate is eight percent or less; in this paragraph "commercial rate" means the prevailing rate of interest at private lending institutions in the state for loans similar to those referred to in this subsection.
- (b) Repealed by § 72 ch 113 SLA 1982.
- (c) A short term loan, to be amortized within one year, not to exceed \$200,000 to any one borrower may be made for operating purposes.
- (d) Repealed by § 72 ch 113 SLA 1982.
- (e) An installment payment is delinquent unless it is mailed by the borrower on or before the 30th day after the date specified for payment in the loan agreement or unless it is received by the department on or before the 30th day after the date specified for payment in the loan agreement. If an installment payment is delinquent, the director may assess a delinquency penalty. The delinquency penalty shall be an amount equal to seven percent of the delinquent payment, but the combined delinquency penalty and loan interest may not exceed 15 percent.
- (f) A farm product processing loan may not exceed \$250,000. A mortgage which secures a farm product processing loan may be of any priority if the total indebtedness on the real estate, including the secured farm product processing loan, does not exceed \$250,000. A farm product processing loan which, if made, would raise the existing

### Committee on Resources

TO: Senate Resources Committee Members  
FROM: Senate Resources Committee Staff  
RE: Committee Substitute for SB 124,  
Amending the Alaska Agricultural Loan Act  
DATE: March 11, 1983

-----

Attached is a Committee Substitute for SB 124 which will be considered by the Committee at a meeting which will be held Monday, March 14 at 3:00 p.m. in the Beltz Room.

The Committee Substitute contains only the following provisions:

- 1) reduces the terms for chattel loans from 30 years to 7 years maximum;
- 2) increases the maximum short term loan for operating purposes from \$200,000 to \$300,000

The first provision was supported by the Administration and the bill's sponsor as being consistent with the normal life of "chattel". The second provision is intended to provide short-term relief for those farmers who cannot borrow additional monies for seed this spring without exceeding the maximum short-term borrowing limits.

All provisions relating to reduction in interest rates and changes in the composition and operations of the Loan Board were deleted.

It is hoped that final Committee action could be taken on SB 124 at the Monday meeting.

ANALYSIS OF HB 276

- HB 276**
1. The amendment under Section 1, AS 03.10.030 adds except that a chattel loan may not exceed a term of seven years.

This addition makes the statute more consistent with other loaning programs. Chattel mortgages are usually secured by farm equipment and the average life of most equipment is seven years.

2. The amendment under Section 2, AS 03.10.030(c) increases the borrowing capacity of the farmer from \$200,000 to \$300,000.

BACKGROUND OF HB 276

**HB 276**

This bill was introduced at the request of farmer constituents in the Delta area who found inadequacies in Statute AS 03.10.030. In 1981 there was a crop failure - this happens in one of every five years. That year there was a heavy early snow fall that ruined the crop. Also that same year funding of loans for planting was delayed. These incidents prevented many of the farmers from paying back their revolving loans and since the credit limit for loans under this statute was \$200,000 they could not refinance enough to get a crop planted the next year. Some lost as much as \$150,000 due to this bad season. At that time it was impossible for the farmers to get crop insurance. The barley farming was so new that the insurance companies did not have any experience factor to use and so it was unavailable. By increasing the line of credit to \$300,000, the farmers will be able to refinance in the event of an emergency and continue the operation of planting and harvesting. Also this increase in borrowing capacity will enable those farmers who have increased their tillage since 1981 to adequately meet their planting needs.

# STATE OF ALASKA

BILL SHEFFIELD, GOVERNOR

## DEPARTMENT OF NATURAL RESOURCES

OFFICE OF THE COMMISSIONER

POUCH M  
JUNEAU, ALASKA 99811  
PHONE: (907) 465-2400

March 31, 1983

**HB 276**  
The Honorable Richard Shultz  
Alaska State Legislature  
Pouch V  
Juneau, AK 99811

Dear Representative Shultz:

In preparation for the House Resources Committee hearing on HB 276, I would like to offer the following comments on behalf of the Department of Natural Resources:

1. The proposed legislation reduces the term for chattel loans from thirty to ten years. While the Department supported the reduction of term to seven years in SB 124, we believe that fifteen years will exceed the expected useful life of most chattel. Therefore, we would prefer a term of seven years.

2. We support raising the maximum to \$300,000 (as proposed in SB 124) or \$350,000 for operating loans, since that would allow the Board the flexibility to offer larger loans if an operation is large enough to warrant that amount. It should be noted, however, that the \$200,000 maximum represents more than the maximum recommended debt burden for short term monies at the expected level of production on any one farm unit at Delta this year.

If the objective of HB 276 is to offer relief in the current situation at Delta, we would further recommend a disaster provision authorizing the Department to waive or extend the operating limit in times of a declared disaster. The Department is already authorized to waive payments of principal and interest for up to five years.

We will be available to testify on this bill as needed.

Sincerely,

Sharon L. Barton  
Special Assistant  
to the Commissioner

I AM IN RECEIPT OF YOUR LETTER CONVEYING RECOMMENDATIONS MADE BY THE AGRICULTURE TASK FORCE AT THEIR FIRST MEETING. AS YOU KNOW I HAVE ALREADY EXPRESSED SUPPORT OF THE RAISING OF THE LOAN LIMIT AS PROPOSED BY CSSE 124. WITH REGARD TO YOUR URGING SUPPORT OF THE GRAIN RESERVE LEGISLATION, I AM INCREASINGLY PERSUADED THAT SOME MARKET CERTAINTY IS IMPORTANT FOR THE UPCOMING PLANTING SEASONS AND THAT ACTION BE TAKEN PROMPTLY. I WOULD BE WILLING, THEREFORE, TO CONSIDER A ONE YEAR PROGRAM THAT WOULD PROVIDE THE ASSURANCE NEEDED FOR THIS YEARS PLANTING BUT WOULD TERMINATE AFTER ONE YEAR. THIS WILL ALLOW TIME FOR THE TASK FORCE AND THIS ADMINISTRATION TO FORMULATE A LONG TERM AGRICULTURAL POLICY FOR ALASKA. I HAVE INSTRUCTED THE APPROPRIATE COMMISSIONERS AND STATE OFFICIALS TO WORK TOGETHER TO DEVELOP A PROGRAM AND ADVISE ME THIS WEEK WHAT REASONABLE STEPS MIGHT BE TAKEN TO SOLVE THE IMMEDIATE NEEDS OF THE FARMERS.
