9 * Section 1. AS 39.20 is amended by adding a new section to read:

10 Sec. 39.20.095. SALARY LIMIT FOR CERTAIN PUBLIC EMPLOYEES. (a)
11 Notwithstanding the provisions of the Public Employment Relations Act

Governor's transmittal letter dated January 23:

Dear Senator Bennett:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill that confers on the Department of Commerce and Economic Development the power to make grants of state money for purposes authorized by law. The department has been advised by the attorney general that its authority over, and administration of, grants could be improved if specific statutory authority for those purposes is enacted. This authorization would confer the power to implement the grants by administrative regulation. Too often grants are awarded without specific standards in place to assure performance of the grant agreement or fairness to persons seeking to obtain state financial assistance.

I hope that the legislature will view this bill favorably. It is time that a concerted effort is made to account for each dollar that is given out to achieve public purposes. Unless we provide for more formality in these transactions, it will be difficult to assure that the intent of the legislature is met.

Sincerely,

Bill Sheffield
Governor

SB 91

SENATE BILL NO. 91 by the Rules Committee by request of the Governor, entitled:

"An Act relating to recovery of medical assistance expenses; and providing for an effective date."

was read the first time and referred to the State Affairs Committee, the Health, Education and Social Services Committee and the Finance Committee.

Fiscal note from Division of Medical Assistance appears in Supplement No. 7.

Governor's transmittal letter dated January 23:

Dear Senator Bennett:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill relating to subrogation. The bill establishes, for the Department of Health and Social Services, a statutory right to subrogation in cases in which the department provides medical assistance for which a third party is liable.

SB 91 cont'd

Current Alaska statutes are silent on the department's right to recover medical assistance expenses when it is determined that a third party is liable for those expenses. Almost every claim by the department for reimbursement has been challenged, and, absent a statutory basis for such claims, time-consuming and expensive legal proceedings have been required to obtain reimbursement. Consequently, the department has had to expend excessive amounts of money or forego reimbursement in many cases. The department estimates that at least several hundred thousand dollars every year would be saved if this bill were enacted.

Additionally, the bill provides that the department will reimburse a recipient of medical assistance, in accordance with the rules of court, for the attorney fees incurred in establishing third party liability for the medical assistance provided.

In the interest of fairness and efficiency, I urge your prompt and favorable consideration of this bill.

Sincerely,

Bill Sheffield
Governor

SB 92

SENATE BILL NO. 92 by the Rules Committee by request of the Governor, entitled:

"An Act relating to benefits under the supplemental benefits system; and providing for an effective date."

was read the first time and referred to the Health, Education and Social Services Committee and the Finance Committee.

Fiscal note from Division of Retirement and Benefits appears in Supplement No. 7.

Governor's transmittal letter dated January 23:

Dear Senator Bennett:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill relating to benefits under the supplemental benefits system (SBS) established by AS 39.30. The bill would allow the vast majority of employees voluntarily to defer and "tax shelter" additional compensation by raising the maximum limit on SBS contributions to approximately 18 percent of all compensation, rather than the 12.26 percent of the Social Security wage base that is currently allowed. This would be accomplished by converting the State of Alaska Supplemental Annuity Plan to a plan under sec. 401(k) of the Internal Revenue Code.

SB 92 cont'd

Sections 1 and 2 of the bill amend AS 39.30 to permit voluntary contributions in addition to the current 12.26 percent of employer contributions. Sections 3 and 4 amend AS 39.30 to allow the addition of new benefits through the adoption of administrative regulations.

All changes to the supplemental annuity plan must be approved by the Internal Revenue Service to protect the tax exempt features of the plan. Sections 4 and 5 of the bill permit the plan administrator to submit appropriate amendments to the Internal Revenue Service, and make implementation of the law contingent on a favorable ruling by that federal agency.

These amendments will offer employees the advantage of tax sheltering additional deferrals of wages and will provide the state greater flexibility in tailoring benefit programs.

Sincerely,

Bill Sheffield
Governor

SB 93

SENATE BILL NO. 93 by the Rules Committee by request of the Governor, entitled:

"An Act relating to obtaining information from financial institutions concerning applicants for and recipients of public assistance; and providing for an effective date."

was read the first time and referred to the Health, Education and Social Services Committee and the Finance Committee.

Fiscal note from Division of Public Assistance appears in Supplement No. 7.

Governor's transmittal letter dated January 23:

Dear Senator Bennett:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill relating to obtaining information from financial institutions concerning applicants for or recipients of public assistance. This bill would allow the Department of Health and Social Services to conduct computer match-ups of bank records and its own records to confirm that applicants' or recipients' assets do not exceed those permitted under the various assistance programs.

SB 93 cont'd

The Department of Health and Social Services estimates that substantial sums could be saved if this bill is enacted. Savings would lie both in preventing improper distributions and in reducing or eliminating federal fiscal sanctions for excessive error rates.

Sincerely,

Bill Sheffield
Governor

A BILL

6 For an Act entitled: "An Act prohibiting salaries for certain employees
7 from exceeding the governor's salary; and providing
8 for an effective date."

9 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

10 * Section 1. AS 37.05 is amended by adding a new section to read:

11 Sec. 37.05.330. LIMITATIONS ON CERTAIN GRANTS. (a) A state
12 agency may not grant state money to an organization or entity to which
13 this section applies unless the organization or entity agrees to
14 comply with the salary limit established in AS 39.20.095 during the
15 life of the grant. If an organization or entity violates an agreement
16 to comply with AS 39.20.095, it shall return any state money it has
17 received for that year and shall be ineligible to receive further
18 funding under the grant.

19 (b) This section applies to grants to a person, organization, or
20 entity that received at least 50 percent of its annual budget from the
21 state treasury during the previous fiscal year or that projects that
22 it will receive at least 50 percent of its budget from the state
23 treasury during the current fiscal year.

24 (c) When an amount is appropriated or allocated as a grant under
25 AS 37.05.316, 37.05.317, or 37.05.318, the department responsible for
26 administering the grant shall notify the person or entity named as
27 recipient of the requirements of this section. The department shall
28 request the person, organization, or entity to file its agreement to
29 comply with AS 39.20.095 if the person, organization, or entity meets

1 the requirements of (b) of this section. If the department is re-
2 questing proposals from other qualified persons, organizations, or
3 entities under AS 37.05.316 or 37.05.317, the department shall also
4 notify them of the requirements of this section. The department shall
5 request them to file an agreement to comply with AS 39.20.095 if they
6 meet the requirements of (b) of this section.

7 (d) In this section "state" has the meaning given in AS 39.20.-
8 095.

9 * Sec. 2. AS 39.20 is amended by adding a new section to read:

10 Sec. 39.20.095. SALARY LIMIT FOR CERTAIN PUBLIC EMPLOYEES. (a)
11 Notwithstanding the provisions of the Public Employment Relations Act
12 (AS 23.40) and AS 14.20.550 - 14.20.610, the state may not pay an
13 officer or employee a basic salary that is greater than the salary of
14 the governor set out in AS 39.20.010.

15 (b) For purposes of this section,

16 (1) "basic salary" is a person's salary including cost-of-
17 living adjustments, geographical differentials, length-of-service
18 increases, and adjustments in the nature of incentive, performance,
19 and year-end bonuses, but not including overtime compensation, hazard-
20 ous duty pay, travel per diem, or travel allowances;

21 (2) "state" includes the executive, legislative, and judi-
22 cial branches of state government; the University of Alaska; school
23 boards; political subdivisions of the state, including municipalities;
24 and state instrumentalities, boards, commissions, and authorities if
25 the instrumentality, board, commission, or authority receives at least
26 50 percent of its yearly budget from the state treasury.

27 * Sec. 3. AS 42.40.110 is amended by adding a new subsection to read:

28 (c) If the corporation receives at least 50 percent of its
29 yearly budget by direct appropriation or grant from the state

1 treasury, the board may not fix a basic salary for the chief executive
2 officer or approve basic salaries for other executive officers that
3 exceed the basic salary of the governor set out in AS 39.20.010. For
4 purposes of this subsection, "basic salary" has the meaning given in
5 AS 39.20.095.

6 * Sec. 4. Nothing in this Act terminates or modifies a collective
7 bargaining agreement or other contract if the agreement or contract is in
8 effect on the effective date of this Act. However, the state may not renew
9 or extend a contract after the effective date of this Act unless the con-
10 tract complies with this Act.

11 * Sec. 5. Nothing in this Act infringes on the independence of the
12 University of Alaska except the provisions of secs. 1 and 2 that impose a
13 salary limit on employees of certain state grant recipients and on certain
14 public employees.

6 For an Act entitled: "An Act relating to calculation of the cost-of-living
7 and pay step differentials for the compensation and
8 retirement benefits of certain public employees;
9 classification system; limiting the state's power to
10 change the cost to the state of compensation for
11 certain positions; and providing for an effective
12 date."

13 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

14 * Section 1. AS 23.40 is amended by adding a new section to read:

15 Sec. 23.40.075. ITEMS NOT SUBJECT TO BARGAINING. The parties
16 may not negotiate terms contrary to the limitations on state personnel
17 actions under AS 37.07.085 or on pay step differential calculations
18 under AS 39.27.020(d).

19 * Sec. 2. AS 37.07 is amended by adding new sections to read:

20 Sec. 37.07.085. LIMITATIONS ON STATE PERSONNEL ACTIONS. (a)

21 Unless the budget specifically provides or the legislature approves,
22 the state may not

23 (1) reclassify a position to a higher salary range after
24 September 1, 1985 unless the reclassification is consistent with
25 policies established in AS 39.25.150(1) for a position classification
26 plan;

27 (2) change the salary range of a job class unless the
28 change is required to comply with AS 18.80.220(a)(5), AS 39.25.010 or
29 39.25.150(2); or

1 (3) promote a person to the next step of a flexibly staffed
2 position if the person was first hired in the flexibly-staffed posi-
3 tion after the effective date of this section.

4 (b) In this section, "state" means the executive, legislative
5 and judicial branches of state government and includes the University
6 of Alaska.

7 Sec. 37.07.087. LISTING OF PERMANENT POSITIONS. (a) On or
8 before September 15 of each year, each department shall deliver to the
9 division of budget review in the Office of Management and Budget a
10 list of permanent positions in the department on July 31 of that year.
11 The list shall include for each position the position control number
12 (PCN), title, salary range, pay step, location, time status, bargain-
13 ing unit if any, and position funding source. A department shall
14 remove from the list a PCN that is not funded and shall revise the
15 listing of other PCN's to be consistent with the positions authorized
16 in the budget. The department shall report to the legislature each
17 year the positions removed from its list.

18 (b) After conforming the list of permanent positions to the
19 budget, a department may not establish a new permanent PCN or change
20 the salary range, pay step, location, or time status of an existing
21 PCN unless the division of budget review concurs.

22 (c) A department shall maintain the master list of the depart-
23 ment's positions as an automated position accounting control system
24 file in accordance with instructions from the Office of Management and
25 Budget.

26 * Sec. 3. AS 39.25.010(b) is amended to read:

27 (b) The merit principle of employment includes the following:

29 basis of their relative ability, knowledge, and skills, including open

1 consideration of qualified applicants for initial appointment;

2 (2) regular integrated salary programs based on the nature
3 of the work performed;

4 (3) retention of employees with permanent status on the
5 basis of the adequacy of their performance, reasonable efforts of
6 temporary duration for correction in inadequate performance, and
7 separation for cause;

8 (4) equal treatment of applicants and employees with regard
9 only to consideration within the merit principles of employment; [AND]

10 (5) selection and retention of an employee's position
11 secure from political influences; and

12 (6) classification and pay plans designed to provide pay

14 sex and determining job worth for all job classifications based on a
15 single set of criteria.

16 * Sec. 4. AS 39.27.020 is amended by adding a new subsection to read:

17 (d) If an employee's basic annual salary is no more than
18 \$30,000, the pay step differential shall be calculated using the
19 employee's basic salary. If the employee's basic annual salary is
20 greater than \$30,000, then the employee's pay step differential shall
21 be calculated on the differential for a basic salary of \$30,000.

22 * Sec. 5. AS 39.35 is amended by adding a new section to read:

23 Sec. 39.35.675. INCLUSION OF COST-OF-LIVING DIFFERENTIALS IN

25 to the system based on compensation including a cost-of-living differ-
26 ential.

27 (b) The amount of a cost-of-living differential may not be in-
28 cluded in the employee's compensation for purposes of calculating
29 benefits paid under this chapter unless the employee has received a

1 cost-of-living differential in a comparable amount or of at least that
2 many steps for at least 50 percent of the employee's credited service.

3 (c) When an employee receives a benefit, and if the employee's
4 compensation for purposes of calculating the benefit does not include
5 a cost-of-living differential, then the administrator shall refund to
6 the employee the amount of contributions the employee made based on
7 the differential.

8 (d) In this section "cost-of-living differential" means an
9 adjustment to salary based on the cost of living in the geographic
10 region where the employee works and includes a pay step differential
11 under AS 39.27.020.

12 * Sec. 6. AS 39.35.680(8) is amended to read:

16 that is actually used by the employee, the amount by which the em-
17 ployee's wages are reduced under AS 39.30.150(c), and any amount
18 deferred under an employer-sponsored deferred compensation plan, but
19 does not include retirement benefits, welfare benefits, per diem,
20 expense allowances, workers' compensation payments or payments for

7 * Sec. 10. Nothing in this Act terminates or modifies a collective
8 bargaining agreement in existence on the effective date contained in
9 sec. 13 of this Act.

10 * Sec. 11. If any provision of this Act, or the application thereof to
11 any person or circumstance is held invalid, the remainder of this Act and
12 the application to other persons or circumstances shall not be affected
13 thereby.

9 * Section 1. AS 23.40.210 is amended to read:

10 Sec. 23.40.210. AGREEMENT. Upon the completion of negotiations
11 between an organization and a public employer, if a settlement is
12 reached, the employer shall reduce it to writing in the form of an
13 agreement. The agreement may include a term for which it will remain
14 in effect, not to exceed three years. The agreement shall include a
15 pay plan designed to provide for a cost-of-living differential between
16 the salaries paid employees residing in the state and employees resid-
17 ing outside the state. The cost-of-living differential or other
18 geographic cost-of-living adjustment may not be considered part of the
19 basic salary for purposes of calculating overtime compensation or
20 other salary adjustments. The plan shall provide that the salaries
21 paid, as of August 26, 1977, to employees residing outside the state
22 shall remain unchanged until the difference between those salaries and
23 the salaries paid employees residing in the state reflects the differ-
24 ence between the cost of living in Alaska and living in Seattle,
25 Washington. The agreement shall include a grievance procedure which
26 shall have binding arbitration as its final step. Either party to the
27 agreement has a right of action to enforce the agreement by petition

29 * Sec. 2. AS 39.27.020 is amended by adding a new subsection to read:

1 (d) If an employee's basic annual salary is no more than

5 be calculated on the differential for a basic salary of \$30,000.

6 * Sec. 3. AS 39.27 is amended by adding a new section to read:

24 the employee the amount of contributions the employee made based on
25 the differential.

MEMORANDUM

April 1, 1985

SUBJECT: CSSB 207 (Finance) (Geographical
Differentials)

TO: Senator John Sackett
Co-Chair, Senate Finance Committee

FROM: Teresa B. Cramer *TBC*
Legislative Counsel

You have asked for suggestions for changing the geographical differential provisions in section 2 of CSSB 207 (Finance). Two approaches occurred to me.

The first approach is similar to the current provision in the bill.

(a) A person whose basic salary is \$30,000 or less (or any other amount) receives the pay step differential set out in AS 39.27.020.

(b) A person whose basic salary exceeds that amount receives a differential equal to the amount set out in statute less one-half (or any other fraction) the value of the last step in the differential.

This formula should apply only to differentials equal to or greater than one. For positions in other states, to which a minus six differential applies, the formula should be changed so that positions paid more than \$30,000 have the value of an additional half step subtracted from their salaries.

This approach could be used to establish a three-tiered system by setting two cut-off points (for example, a basic salary of \$30,000 or less, a basic salary greater than \$30,000 but less than \$40,000, and a basic salary equal to or greater than \$40,000) and two fractional values (for example, two-thirds of the final step for employees paid

Senator John Sackett
April 1, 1985
page 2

\$30,000 - \$40,000 and one-third of the final step for employees paid \$40,000 or more).

The second approach would be a more radical change to the current system. The legislature could establish a specific value for a pay step differential. For example, the pay step between Range 15A (\$2410) and 15B (\$2498) as set out in AS 39.27.011 is \$88. Using that amount as the value of a pay step differential, an employee who lives in election district 12 (which has a pay step differential of 7 under AS 39.27.020) would receive a differential of \$616 per month regardless of the salary range at which the employee was paid. This approach would increase the differential paid to persons in the lower salary ranges and decrease the differential paid to persons in the higher salary ranges.

The collective bargaining agreements for the General Government Unit and the Supervisory Unit of the Alaska Public Employees Association contain detailed provisions for geographic differentials. The terms of the contracts cannot be amended by legislative action, and therefore a statutory change would not apply to employees within those units until the expiration of the contracts. I have not reviewed the terms of other collective bargaining agreements to determine whether they address this issue.

As discussed in my memorandum of March 13, 1985, section 2 of the committee substitute raises constitutional questions relating to legislative infringement of administrative powers of the executive and judicial branches and of the University of Alaska.

Sections 3 and 4 of the committee substitute raise equal protection questions. Employees who worked 50% of the time in locations which received a geographical differential may claim the geographical differential as part of their salaries and therefore receive higher retirement benefits than employees who received geographical differentials for less than 50% of their employment. The difference cannot be justified on the basis of the cost of living in the retired person's current place of residence, since payment does not depend on where the retired person lives.

If I may be of further assistance, please advise.

LEGISLATIVE AFFAIRS AGENCY

MEMORANDUM

April 26, 1985

SUBJECT: Sectional analysis of CSSB 207 (Fin)
TO: Representative Katie Hurley
Chair, House State Affairs Committee
FROM: Teresa B. Cramer *TBC*
Legislative Counsel

You have asked for a sectional analysis of CSSB 207 (Fin), relating to certain kinds of compensation for public employees.

Section 1 prohibits the state and employee bargaining organizations representing state employees from entering a collective bargaining contract that is contrary to the terms of sections 2 or 4 of the bill.

Section 2 forbids the state, including the executive, legislative, judicial branches and the University of Alaska, from making changes to positions, job classes, or salaries as listed in the section. The regulation of employment practices may be viewed as a legislative infringement on the power of the governor and the chief justice of the Supreme Court to administer those branches of government and the power of the board of regents to administer the University of Alaska. See memo to the Senate Finance Committee dated March 13, 1985, discussion of section 6.

Section 37.07.087 requires departments to provide information on PCN's to the Office of Management and Budget and to revise that information based on current budget authorization. The departments may not change the list unless the division of budget review in OMB concurs.

Section 3 includes determination of job worth based on a single set of criteria within the merit principle of employment.

Representative Katie Hurley
April 26, 1985
Page 2

Section 4 limits the amount that an employee may receive as a pay step differential. The maximum differential would be calculated on a basic salary of \$30,000.

Sections 5 and 6 require an employee to make contributions to the Public Employment Retirement System based on the employee's entire compensation including a cost-of-living differential. However, the employee's benefits will be based on the entire compensation only if the employee received a comparable cost-of-living differential for at least 50 percent of the employee's credited service. If the employee does not receive benefits based on salary including cost-of-living differentials, then the division must refund the amount of contributions the employee made for the differentials. These sections raise equal protection questions. (See memo to the Senate Finance Committee April 1, 1985.)

Section 7 requires that the legislature review geographic pay step differentials after release of a state study on the subject.

Section 8 requires the division of budget review in OMB to develop a master position control system that can match permanent positions against the state's master payroll record.

Section 9 provides that the amendments to the Public Employees' Retirement System only apply to members first hired after the effective date of the sections amending the PERS. (January 1, 1987 -- see section 12)

Section 10 provides that the bill does not terminate or modify a collective bargaining agreement that was in effect on the effective date established in section 13.

Section 11 is a severability clause consistent with AS 01.10.030 which applies to all laws passed by the legislature unless it is specifically exempted.

Section 12 is an effective date for sections 5, 6, and 9.

Section 13 provides that the bill, except for sections 5, 6, and 9, takes effect immediately.

If I may be of further assistance, please advise.

MEMORANDUM

TO: Representative Katie Hurley

FROM: Employees Political Information Committee

SUBJECT: Senate Bill 207 - Changes to the Geographic
Differential System

DATE: April 23, 1985

The Employees Political Information Committee, the political action arm of the Alaska Public Employees Association, is opposed to Senate Bill 207. It not only discriminates against employees working and living in rural areas, it impinges upon and erodes the concept of collective bargaining.

This legislation defeats the intent of the negotiated geographic differential system. The differentials were implemented in the first collective bargaining contract in 1974 to compensate for the high cost of living in certain areas of the state. The system was established to equalize the purchasing power of the wages earned by the state employees no matter in what area they live. If this bill passes, it automatically curtails negotiations surrounding geographic differential and negates a collective bargaining precedent that was set in 1974.

Limiting the geographic adjustment for the first \$30,000 of salary

This would affect employees in range 10 and above. Unlike employees working in urban areas, they would be unable to maintain their current living standards. The system was designed to increase an employee's salary in an amount equal to the difference in living cost between Anchorage and the worksite location. If the differential is limited to a portion of salary, the result will be pay adjustment equal to less than the difference of living cost.

Side Effects on Communities

The reduction of current salaries in the rural areas would have an effect on the economy of the community itself. If the buying power of the state employee is cut, then business in the communities would have to anticipate a decline in their revenues at a time when growth in Alaska is the key phrase of the Administration.

Geographic Differential Study underway

The state is currently conducting a geographic differential study to determine the validity of the current schedule. The report on the study will possibly be released sometime next month. It would seem appropriate and prudent to read the report before contemplating changes to the system.

Differential not calculated for retirement purposes

The legislation proposes that the differential not be included for the purpose of calculating retirement benefits unless the employee has received a differential in a comparable amount, or, of at least that many steps for at least 50 percent of the employee's credited service. This will create two classes of beneficiaries and will pose considerable problems in the administration of funds. These proposed changes will be challenged as they establish residency requirements for retirement benefits not unlike the longevity bonus program which the courts have rejected unconstitutional.

Legislative approval on classification, ranges and flexing

This will undoubtedly be challenged as an unconstitutional intrusion by the legislature on the administrative powers of the executive branch, the court system and the university.

Dear Representative Hurley:

On behalf of the Employees Political Information Committee (EPIC), I wish to bring to your attention the attached position paper pertaining to Senate Bill 207.

As you know this legislation deals with changes to the geographic differential compensation system for public employees working in rural areas.

EPIC, APEA's political action arm, is opposed to SB 207. The committee respectfully urges you to consider the ramifications to collective bargaining that this bill evokes and to support the public employees in their opposition to it.

Sincerely,

9 * Section 1. PURPOSE. Because the state's revenue is expected to
10 decline at a steady rate exceeding 10 percent a year for the next several

Dear VSalutationV:

I appreciate your writing to me to express your opinion about proposed pay increases to legislators. The pay raises for legislators comes under Senate Bill #294. This bill proposes a modest increase in legislators' annual salary to cover annual cost-of-living increases. When it reached the House State Affairs Committee, which I chair, a lengthy debated ensued over what was equitable pay for a legislator.

Currently, a legislator is paid at a Range 10, which means he gets the same pay as a Secretary I, Legislative Page, Library Assistant II, or Supply Technician I. In other words, he gets less for the work he is doing annually than his own office staff. This inequity is partially made up for by the fact that he gets \$80 per diem to cover all his living expenses, which includes room and board, stamps, envelopes, phone calls, etc. while the legislature is in session.

What the House State Affairs Committee essentially voted unanimously to do was to eliminate this inequity in pay. Since the highest paid member of the Legislative Affairs Agency working directly for the legislators is paid at a range 22 in pay, it was felt appropriate to pay a legislator at at least a range 22 (roughly \$46,000 a year), so that they would be at least getting more pay than anyone working for them. This jump in pay was for the most part cancelled out by elimination of the \$80 per diem, so that a legislator under the new proposed legislation has to pay all his operating expenses, both at the capitol and at home, out of his own salary, which should make for wiser spending on his part. So you see, what came across in the press as sounding like a huge pay raise for the legislators was, in fact, not really a pay raise so much as a different way of paying them that made better sense.

Now you may believe that a short session would be cheaper under the present system because it would mean fewer days of per diem payments, but that overlooks the fact that being a legislator is essentially a year-around job. Do not think for a minute that once the legislature adjourns, the legislators do no more work until the beginning of the next session. There are many phone calls, constituent requests, mail to answer, meetings to attend, conferences, interim committees, and the

like that are a continual, year-around effort. There is no such thing as a part-time legislator any more. In fact, it is my considered opinion that eliminating per diem and making legislators have to pay session expenses out of their own pockets will help to ensure a shorter session!

Further, it was felt by the Committee that by making the position at a reasonable salaried level, it would make running for and becoming a legislator something that would be accessible to the general public. The system as it stands now practically requires a legislator to have a large independent income, meaning that the average man cannot easily afford to become a legislator. This legislation would help to change that, at no appreciable extra cost to the public.

Additionally, as far as the reasonableness of the raise is concerned, keep in mind that a Range 22 is considerably less than many people in the other two branches of government receive. In the executive branch, the Governor gets paid at range 30, Step F, Commissioners in the range 28, Step E, Deputy Commissioners in the range 28, Division Directors in the range of 24 to 26, and it is not until you get down to Section Chiefs at a range 19-23 (with the most typical being at a range 22), that you get into a pay range that is comparable to that being proposed for the legislators.

A range 22 in the executive branch is at the same level as, for example, the Deputy Director of Tourism, the State Alcoholism Program Coordinator, a state Fish Culturalist, an Assistant State Fire Marshall, a Building Maintenance Manager, or a State Supply Officer V.

In the judicial branch of government, Supreme Court Justices get a range 30 salary, Court of Appeals judges are at a range 29, Superior Court Justices at a range 28, District Court judges at a range 26, Clerks of the Appellate Court at a range 25, Area Trial Court Administrators at a range 24, and it is not until you get down to the level of local Committing Magistrates that you have a comparable range 22 in the state judicial system (just one step above local Coroners at a range 21).

In the judicial system statewide, there are, by my count, at least 60 people who are receiving pay at a range exceeding a range 22; another 16 are at a range 22. In the executive branch of government statewide, exact figures are harder to come by by pay ranges, but just counting those who earn in excess of \$50,000 a year (roughly a range 23 or above), there are currently over 1,084 people in the executive branch making more money than that proposed for legislators.

These figures listed above do not include University of Alaska employees or state ferry system workers; otherwise the figure would be higher on the order of additional hundreds of people. Also, keep in mind that all of the above judicial and executive employees get per diem expenses when they travel.

Considering the fact that legislators are not asking for per diem, and are asked to pay many of their operating expenses out of their salaries, unlike executive and judicial branch employees, we have come to the

conclusion that the pay "raise" or pay "change" we are proposing is hardly exorbitant. I hope you will agree.

I apologize for the length of this letter, but felt it was important to go into some detail explaining my position on this issue. I appreciate your interest and concern in writing to me about this. Please do not hesitate to contact me again if you have questions or need assistance.

Sincerely yours,
