POSITION PAPER

RE: CSSB 65 (Finance)

SPONSORS: Senator Kerttula

The Department strongly supports the Committee Substitute for Senate Bill 65 (Finance), an Act relating to housing loan programs. The following provides a section-by-section analysis to substantiate our support.

Section 1

Section 1 brings the State statute back into accordance with the Federal government's formal recognition of Regional Native Housing Authorities for the purposes of funding. A 1984 amendment to AS 18.55.996, which was effective July 1, 1984, substituted "Inupiat Housing Authority" for "Alaska Native Association." During implementation of this amendment, the housing authority found that the federal agency, Housing and Urban Development (HUD), would not recognize the new name, as they had formally recognized NANA as the Regional Native Housing Authority. This provision in CSSB 65 (Finance) returns AS 18.55.996 to its form prior to 1984, and again allows conformity to the Federal regulations.

Section 2

Section 2 enables the transfer of the urban Nonconforming Housing Loan Program from the Housing Assistance Division of the Department of Community and Regional Affairs to the Alaska Housing Finance Corporation. Through the transfer, this provision would bring all urban housing loan programs under the jurisdiction and administration of the AHFC. The Department considers this consolidation of programs important for more efficient administration of housing loan programs, for both the Department and the AHFC.

Section 3

Section 3 anticipates declining State revenues by including interest in the calculation for repayment on loans. We believe this provision will reduce the need for large general fund appropriations to the Housing Assistance Loan Fund in the future.

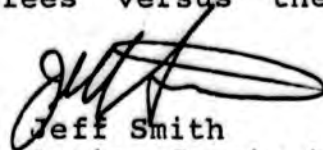

Section 4

Section 4 repeals the existing definitions for the purposes of rural housing loans, bringing the definitions back to their original form as enacted by the legislature in 1982. This section bases the criteria for "rural" on population figures and on inaccessibility by road or rail to Anchorage or Fairbanks. This definition does not differentiate between incorporated or unincorporated communities. It would also enable "suburbs" of non-rural communities to be included in the program, if there are population figures for the "suburb" alone, ie., Saxman, outside of Ketchikan, has a separate population of 343 people. Further, under Section 4, the term "community" could include as many people as 4,500 and as few as one. In this instance, isolated rural homes would be able to participate in the rural housing loan program.

Section 5

This section repeals AS 44.47.385 and AS 44.47.460(d). With the transfer of the nonconforming program to the AHFC, there is no longer a need for the regional allocations provided by AS 44.47.385 for the nonconforming program.

Under AS 44.47.460(d), the Housing Assistance Division of the Department of Community and Regional Affairs is obligated to pay a portion of the higher service fees for loans made for nonconforming housing. To date, the Division has never allowed homes to have the higher service fees, simply because money was never appropriated to HAD to supplement the fees. The Division has negotiated agreements with seller/servicers that provide for 1/2 percent service fees versus the AHFC 3/8 percent service fees.

LETTER OF INTENT

HOUSE SPECIAL COMMITTEE ON STATE LOANS

HCS CS SB 65 (Loans)

It is the intent of the Legislature that the Department of Community and Regional Affairs, Housing Assistance Division, and the Alaska Housing Finance Corporation work together to provide housing loans under the Nonconforming Housing program. It is further the intent of the Legislature that the agencies work together to make a recommendation for the second session of the Fourteenth Legislature, concerning which communities in the state should be classified as "rural" and served by DC&RA and which communities should be classified as "urban" and served by AHFC. In making this recommendation, the agencies shall consider the programmatic effects of such classifications as well as the practical problems of access to urban banks. In defining "rural" for the purposes of this legislation, it is not the intent of the legislature to make this specific definition apply to or set a precedent for other programs.
