D2 Committee Conference Room  
1016 W. 6th

Continuation of meeting with Anchorage Municipality Health Dept. regarding "protective custody." See attached list for participants.

"Direction" for discussion during this meeting should be toward the public inebriate problem. Specific questioning should include soliciting facts to support or negate particular aspects of this one problem area:

- .....If protective custody is needed, what specific harm or danger currently exists without this custody provision? Is protective custody a ruse designed only to eliminate an eyesore; or is there a greater danger of potential abuse in selective enforcement and too great a latitude of interpretation in the hands of enforcement personnel?
- .....What statistics are presented to quantify the public inebriate problem? What portion of the total alcoholic population is the public inebriate?
- .....How much money currently being spent is devoted to the public inebriate? What portion is this to the total dollars being spent in alcoholism programs?
- .....What costs are accruing to society by the public inebriate? Compare with costs from other alcoholics such as employment, time loss, DWI, medical, etc.
- .....Distinguish and describe public inebriate programs from other ("middle class," "working," "housewife," DWI, etc.) alcohol programs.

McGrath is a regional center (Tanana Subregion) for a number of surrounding villages on the Yukon and Kuskokwim Rivers. These include Shagaluk, Anvik, Grayling, Red Devil, Sleetmute, Stoney River, Medfra, Nikolai, Telida, Takotna, and others. Some of these are "problem" villages due to violence and binge drinking.

Dear Senator Colletta,

Thank you for your letter of July 15th, and thank you for your concern about the alcoholism. I am writing to you, because I need your help in this. I would like for the intoxicating liquor to stop coming into our village or better service from our police. I know its up to the city councilman to do this job, but it always seem like they can't do it. We have been trying to get a new local police, but never happens. The police we have now never does anything with the intoxicated persons. In fact he disappears during the drinking binge and while a fight is going on, even if the police might know about it, he does not go break it up. Like last night for exsample, a bunch of young men were fighting, and that police didn't show up as always. It might be the fact that our local police is old and may be scared of the drunks. They have tried to hire two young men to be police, but I don't know what happened.

Just last month a young guy in his twenties drowned while he was intoxicated. He was boat-riding with two other intoxicated persons and when he fell off the boat, he was not rescued. I really don't know the whole story but people kept repeating that the incident was not checked till about one hour later, I mean after it happened. It happened that the persons who said that the person fell in the water were not believed, probably because the persons reporting it were intoxicated. But, if liquor was not involved, this probably wouldn't have happeded.

I ask this question, will the counsils, (myself too) wait till more people die from drinking before they decided to do something?

Some older people are concerned too, so they tell me. One woman came to me this morning and asked me if there was some way to stop the guys from ordering liquor. I told her that I was writing to you, but I know that its up to the city counsils to do the job of stopping the liquor from coming into our village. A lot of older people agreed at the meeting we had one time, that it would be best if it was done. But it hasn't been done. There were some people against the idea, mainly drinkers.

The drinkers are getting more violent as they drink. But I will bring up the subject the next time we are havang our monthly meeting, that is the first Monday of next ~~xxxxx~~ month.

I wrote to you about this so you can see that I am still concerned about it. Any suggestions from you will be appreciated. Thank-you.

Sincerely,  
Flora S. Jack

Mike Colletta  
Special Committee on Alcoholism  
1026 West 6th Avenue  
Anchorage, Alaska 99501

Dear Mr. Colletta:

I have read your letter to Mr. Bruce Bartlett concerning the public hearings throughout Alaska on alcohol, alcohol abuse and the treatment of alcoholism. Mr. Bartlett is no longer with the City of Bethel.

The City does consider alcohol abuse a high priority. Under local public works projects, the construction of an alcohol treatment center is considered as the City's top priority.

Depending on when and where your committee will be holding hearings, the City would be interested in providing testimony.

Sincerely,

Lyman Hoffman, City Manager

Re: Proposed Alcoholism Legislation

Dear Mike:

I wanted to suggest an area which your interim committee to study alcoholism might investigate.

As you are aware, Bethel has been "dry" for the past several years. It might be interesting for your committee to investigate Bethel on its before and after situation in regard to the affects that being dry has had on Bethel. For instance I am told by the City Manager, Lyman Woodman, that ~~alcohol related deaths~~ ~~dropped from 15 to 2 per year~~ since the City has been dry. He also informed me that some people from UCLC came to Bethel to make a ~~study of the town~~ in that regard but that they ~~never processed their raw data~~. You might try to find out what happened to the data they collected and even ask them to complete their study.

Another item that should be pursued is the duties of the Alcoholic Beverage Control Board. Alaska Statute § 04.05.010 states that one of the Board's duties is as follows:

"The Board shall meet at least once each year in each of the four judicial districts to ~~study, reconsider, and~~ ~~modify existing agency rules and re-~~ ~~gulations in the light of current local~~ ~~problems.~~"

To my knowledge the Board has limited its actions to simply issuing or denying new liquor licenses. This most important charge has been neglected. The Board

Mr. Mike Colletta  
August 16, 1977  
Page Two

should be admonished to pursue its duties and to prepare reports and proposed legislation for the State Legislature.

As I have stated before the problems that alcohol has created in Alaska are manifold and demand high priority attention from the legislature. I hope that your interim committee will do its utmost to come up with innovative and clear solutions to this problem.

Best Regards,

  
George A. Dickson

11 owed that creditor. The board shall determine those debts and taxes  
12 which must be paid or for which satisfactory security must be given

21 the required inspections of those facilities. The standards for  
22 private facilities may [SHALL] concern only the health conditions to  
23 be met and standards of treatment to be afforded patients, but

25 assure responsible processing of state contract and grant-in-aid  
26 funds.

5 facility shall file with the office on request, data, statistics,  
6 schedules, and information which the office reasonably requires under  
7 (a) of this section. If a licensed [AN APPROVED] public or private  
8 treatment facility, [THAT] without good cause, fails to furnish any

10 fraudulent returns of them, its license shall be suspended or revoked  
11 [REMOVED FROM THE LIST OF APPROVED TREATMENT FACILITIES].

12 (e) The coordinator, after holding a hearing under the provisions  
13 of the Administrative Procedure Act (AS 44.62), may suspend, revoke,  
14 limit, restrict, or refuse to grant a license [AN APPROVAL] for  
15 treatment facility, for failure to meet the [ITS] standards established  
16 by the department.

17 (f) Upon petition of the office and after a hearing held upon  
18 reasonable notice to the facility, the district court may issue a  
19 warrant to an officer or employee of the office authorizing him to  
20 enter and inspect at reasonable times, and examine the books and  
21 accounts of any licensed [AN APPROVED] public or private alcoholism,  
22 drug addiction, or drug abuse treatment facility refusing to consent  
23 to inspection or examination by the office or which the office has  
24 reasonable cause to believe is operating in violation of this chapter.

25 \* Sec. 16. AS 47.37.150 is amended to read:

26 Sec. 47.37.150. ACCEPTANCE FOR TREATMENT. The department [CO-  
27 ORDINATOR] shall adopt [PROMULGATE] regulations for the admission of  
28 persons into the treatment program, considering available treatment  
29 resources and facilities, for the purpose of early and effective

1 treatment of alcoholics, [AND] intoxicated persons, drug addicts, and  
2 drug abusers. In establishing the regulations, the department [CO-  
3 ORDINATOR] shall be guided by the following standards:

4 (1) if possible a patient shall be treated on a voluntary  
5 rather than an involuntary basis;

6 (2) a patient shall be initially assigned or transferred to  
7 outpatient or intermediate treatment, unless he is found to require  
8 inpatient treatment;

9 (3) a person shall not be denied treatment solely because  
10 he has withdrawn from treatment against medical advice on a prior  
11 occasion or because he has relapsed after earlier treatment;

12 (4) an individualized treatment plan shall be prepared and  
13 maintained on a current basis for each patient;

14 (5) provision shall be made for a continuum of coordinated  
15 treatment services, so that a person who leaves a facility or a form  
16 of treatment will utilize other appropriate treatment and facilities.

17 \* Sec. 17. AS 47.37.160 is amended to read:

18 Sec. 47.37.160. VOLUNTARY TREATMENT OF ALCOHOLICS AND DRUG  
19 ADDICTS. (a) An alcoholic, drug addict, or drug abuser may volun-  
20 tarily apply for treatment directly to a licensed [AN APPROVED] public  
21 or private treatment facility.

22 (b) Subject to regulations adopted [PROMULGATED] by the department  
23 [COORDINATOR], the administrator in charge of a licensed [AN APPROVED]  
24 public or private treatment facility may determine who shall be admit-  
25 ted for treatment. If a person is refused admission to a licensed [AN  
26 APPROVED] public or private treatment facility, the administrator  
27 shall [, IF POSSIBLE,] refer the person to another licensed [APPROVED]  
28 public or private treatment facility.

29 (c) When a patient receiving inpatient care leaves a licensed

1 [AN APPROVED] public or private treatment facility, he shall be encour-  
2 aged to consent to appropriate outpatient or intermediate treatment.  
3 If it appears to the administrator in charge of the treatment facility  
4 that the patient is an alcoholic or drug addict who requires help, the  
5 facility administrator [OFFICE] shall arrange for assistance in obtain-  
6 ing supportive services and residential facilities.

7 (d) Except for diagnosis and referral, alcoholism treatment  
8 programs shall be separate and distinct from treatment programs for  
9 drug addicts. There may be integrated inpatient programs for the  
10 treatment of alcoholics and cross-addicted persons, and there may be  
11 integrated prevention programs for all forms of substance abuse. No  
12 person addicted to an opium derivative may be treated except at a  
13 licensed drug addiction treatment center. All federal and state laws  
14 and regulations relating to requirements for methadone maintenance for  
15 persons addicted to an opium derivative shall be strictly adhered to  
16 by all drug addiction treatment facilities operated or funded by the  
17 office.

18 \* Sec. 18. AS 47.37.170(a) is amended to read:

19 (a) An intoxicated person may come voluntarily to a licensed [AN  
20 APPROVED] public or private alcoholism treatment facility for emergency  
21 treatment. A person who appears to be intoxicated in a public place  
22 and to be in need of help or a person who appears to be intoxicated in  
23 or upon a licensed premise where intoxicating liquors are sold or  
24 consumed who refuses to leave upon being requested to leave by the  
25 owner, an employee or a peace officer may be taken into protective  
26 custody and assisted by a peace officer or a member of the emergency  
27 service patrol to his home, a licensed [AN APPROVED] public treatment  
28 facility, a licensed [AN APPROVED] private treatment facility, or  
29 another appropriate health facility. If all of the preceding facilities

1 including the person's home, are determined to be unavailable, a  
2 person taken into protective custody and assisted under this subsection  
3 may be taken to a state or municipal detention facility in the area.

4 \* Sec. 19. AS 47.37.170(b) is amended to read:

5 (b) A person who appears to be incapacitated by alcohol in a  
6 public place shall be taken into protective custody by a peace officer  
7 or a member of the emergency service patrol and immediately brought to  
8 a licensed [AN APPROVED] public treatment facility, a licensed [AN  
9 APPROVED] private treatment facility, or another appropriate health  
10 facility or service for emergency medical treatment. If no treatment  
11 facility or emergency medical service is available, a person who  
12 appears to be incapacitated by alcohol in a public place shall be  
13 taken to a state or municipal detention facility in the area, if that  
14 appears necessary for the protection of the person's health or safety.

15 \* Sec. 20. AS 47.37.170(c) is amended to read:

16 (c) A person who voluntarily appears or is brought to a licensed  
17 [AN APPROVED] public or private treatment facility shall be examined  
18 by a licensed physician within 24 hours [AS SOON AS POSSIBLE]. After  
19 the examination, he may be admitted as a patient or referred to another  
20 health facility. The licensed [APPROVED] public or private treatment  
21 facility which refers him shall arrange for his transportation.

22 \* Sec. 21. AS 47.37.170(d) is amended to read:

23 (d) No person who, after medical examination, is found to be  
24 incapacitated by alcohol at the time of his admission or to have  
25 become incapacitated at any time after his admission, may be detained  
26 at a facility after he is no longer incapacitated by alcohol. No  
27 person may be detained at a facility if he remains incapacitated by  
28 alcohol for more than 72 [48] hours after admission as a patient,  
29 unless he is committed under secs. [SEC.] 180 or 190 of this chapter.

1           Sec. 47.37.180. EMERGENCY DETENTION AND COMMITMENT. (a) An  
2 intoxicated person who [(1)] has threatened, attempted to inflict, or  
3 inflicted physical harm on another may be charged under an appropriate  
4 criminal statute, taken into custody, and transported to a state or  
5 municipal detention facility. A person who [OR IS LIKELY TO INFLICT  
6 PHYSICAL HARM ON ANOTHER UNLESS COMMITTED, OR (2)] is incapacitated by  
7 alcohol, may be committed to a licensed [AN APPROVED] public or private  
8 alcoholism treatment facility for emergency treatment. A refusal to  
9 undergo treatment does not constitute evidence of lack of judgment as  
10 to the need for treatment.

11           (b) The certifying physician, spouse, guardian, or relative of  
12 the person to be committed, or any other responsible person, may make  
13 a written application for commitment under this section, directed to  
14 the administrator of the licensed [APPROVED] public or private alcohol  
15 ism treatment facility. The application shall state facts to support  
16 the need for emergency treatment and be accompanied by a physician's  
17 certificate supporting the need for emergency treatment and stating  
18 that the physician has examined the person sought to be committed  
19 within two days before the certificate's date.

20           (c) Upon approval of the application by the administrator in  
21 charge of the facility, the person may be brought to the facility by a  
22 peace officer, a health officer, a member of the emergency service  
23 patrol, the applicant for commitment, the patient's spouse, the  
24 patient's guardian, or any other interested person. The person shall  
25 be retained at the facility to which he was admitted, or transferred  
26 to another appropriate public or private treatment facility, until  
27 discharged under (e) of this section. [HOWEVER, NO PERSON MAY BE DE-  
28 TAINED UNDER THIS SECTION FOR MORE THAN 48 HOURS UNLESS A DISTRICT OR  
29 SUPERIOR COURT JUDGE HAS REVIEWED AND APPROVED THE COMMITMENT APPLICA-

1 TION.]

2 (c) The administrator in charge of a licensed [AN APPROVED]  
3 public or private treatment facility may refuse an application if in  
4 his opinion the application and certificate fail to sustain the  
5 grounds for commitment.

6 (e) When on the advice of his medical staff the administrator  
7 determines that the grounds for commitment no longer exist, he shall  
8 discharge a person committed under this section. No person committed  
9 under this section may be detained in a treatment facility for more  
10 than five days. If a petition for involuntary commitment under sec.  
11 190 of this chapter has been filed within the five days and the admini-  
12 strator in charge of a licensed [AN APPROVED] public or private treat-  
13 ment facility finds that grounds for emergency commitment still exist,  
14 he may detain the person until the petition has been heard and deter-  
15 mined, but no longer than 10 days after filing the petition.

16 (f) A copy of the written application for commitment and of the  
17 physician's certificate, and a written explanation of the person's  
18 [PERSONS'] right to legal counsel, shall be given to the person within  
19 24 hours after commitment by the administrator, who shall provide a  
20 reasonable opportunity for the person to consult with legal counsel.

21 \* Sec. 27. AS 47.37.190(a) is amended to read:

22 (a) After a hearing initiated by petition of his spouse or  
23 guardian, a relative, the certifying physician, or the administrator  
24 in charge of a licensed [AN APPROVED] public or private treatment  
25 facility, a person may be committed to the custody of an appropriate  
26 licensed private or public alcoholism treatment agency [THE OFFICE] by  
27 the superior court. The petition shall allege that the person is an  
28 alcoholic who habitually lacks self-control in using alcoholic beverages,  
29 or [AND THAT HE (1) HAS THREATENED, ATTEMPTED TO INFLICT, OR INFLICTED

1 PHYSICAL HARM ON ANOTHER AND] that unless committed is likely to  
2 inflict physical harm on himself or another,[;] or [(2)] is incapaci-  
3 tated by alcohol. A refusal to undergo treatment does not constitute  
4 evidence of lack of judgment as to need for treatment. The petition  
5 shall be accompanied by a certificate of a licensed physician who has  
6 examined the person within two days before submission of the petition,  
7 unless the person whose commitment is sought has refused to submit to  
8 a medical examination, in which case the fact of refusal shall be  
9 alleged in the petition. The certificate shall set out the physician's  
10 findings in support of the allegations of the petition.

11 \* Sec. 28. AS 47.37.190(b) is amended to read:

12 (b) After the petition is filed, the court shall fix a date for  
13 a hearing no later than 10 days after the date the petition was  
14 filed. A copy of the petition and of the notice of the hearing,  
15 including the date fixed by the court, shall be served on (1) the  
16 petitioner; (2) the person whose commitment is sought; (3) the next of  
17 kin of the person whose commitment is sought; (4) the administrator in  
18 charge of the licensed [APPROVED] public or private treatment facility  
19 in which the committed person has been committed for emergency care,  
20 and any other person the court considers appropriate. A copy of the  
21 petition and certificate shall be delivered to each person notified.

22 \* Sec. 29. AS 47.37.200(a) is amended to read:

23 (a) At the hearing required under sec. 190(b) of this chapter,  
24 the court or the jury, if requested under sec. 190(c) of this chapter,  
25 shall hear all relevant testimony, including, if possible, the testi-  
26 mony of at least one licensed physician who has examined the person  
27 whose commitment is sought. The person whose commitment is sought  
28 shall be present unless the court believes that his presence is likely  
29 to be injurious to him, in which case the court shall appoint a guardian

1 ad litem to represent him throughout the proceeding. The court may  
2 examine the person in open court, or if advisable, examine him out of  
3 court. If the person has refused to be examined by a licensed physi-  
4 cian, he shall be given an opportunity to request examination by a  
5 court-appointed licensed physician. If he fails to request a medical  
6 examination and there is sufficient evidence to believe that the  
7 allegations of the petition are true, or if the court believes that  
8 more medical evidence is necessary, the court may issue a temporary  
9 order committing him to a licensed public or private treatment facility  
10 in which he is being held under sec. 170 of this chapter [THE OFFICE]  
11 for a period of not more than five days for purposes of a diagnostic  
12 examination.

13 \* Sec. 30. AS 47.37.200(b) is amended to read:

14 (b) If after hearing all relevant evidence, including the results  
15 of any diagnostic examination by the licensed public or private treat-  
16 ment facility [OFFICE], the court or the jury finds that grounds for  
17 involuntary commitment have been clearly established, the court shall  
18 issue an order of commitment to the licensed facility [OFFICE]. No  
19 court may order the commitment of a person except to a licensed public  
20 or private treatment facility which [UNLESS IT DETERMINES THAT THE  
21 OFFICE] is able to provide adequate and appropriate treatment for him.

22 \* Sec. 31. AS 47.37.200(c) is amended to read:

23 (c) A person committed under secs. 190 - 200 of this chapter  
24 shall remain in the custody of the licensed facility [OFFICE] for  
25 treatment for a period of up to 30 days. At the end of the 30-day  
26 period, he shall be discharged automatically unless the facility  
27 administrator or physician [OFFICE], before the expiration of the  
28 period, obtains a court order for his recommitment upon the grounds  
29 set out in sec. 190(a) of this chapter for a further period of up to

1 90 days. If a person has been committed because he is an alcoholic  
2 likely to inflict physical harm on himself or another, the facility  
3 administrator or physician [OFFICE] shall apply for recommitment if  
4 after examination it is determined that the likelihood still exists.

5 \* Sec. 32. AS 47.37.200(d) is amended to read:

6 (d) A person recommitment under (c) of this section who has not  
7 been discharged by the facility [OFFICE] before the end of the 90-day  
8 period shall be discharged at the expiration of that period unless the  
9 facility administrator or physician [OFFICE], before expiration of the  
10 period, obtains a court order on the grounds set out in sec. 190(a) of  
11 this chapter for recommitment for a further period not to exceed 90  
12 days. If a person has been committed because he is an alcoholic  
13 likely to inflict physical harm on himself or another, the facility  
14 administrator or physician [OFFICE] shall apply for recommitment if  
15 after examination it is determined that the likelihood still exists.  
16 No more than two recommitment orders may be permitted under (c) and  
17 (d) of this section.

18 \* Sec. 33. AS 47.37.200(f) is amended to read:

12 \* Sec. 44. AS 47.37 is amended by adding new sections to read:

13 ARTICLE 2. GRANTS-IN-AID.

14 Sec. 47.37.300. POWERS AND DUTIES OF DEPARTMENT. The department  
15 shall:

16 (1) administer a community grant-in-aid program for alcoho-  
17 lism and drug abuse;

18 (2) submit an annual report concerning the grant-in-aid  
19 program within 10 days after the convening of the legislature in each  
20 regular session.

21 Sec. 47.37.310. GRANT-IN-AID PROGRAM. (a) A profit-making  
22 corporation, a non-profit corporation, a city or borough government,  
23 or other political subdivision of the state, or combination of these,  
24 is eligible for grant-in-aid funds under this section. Applications  
25 shall be sent to the department.

26 (b) The department shall award grants under this section with  
27 the advice of the advisory board on alcoholism and drug abuse, in the  
28 interest of providing or developing a comprehensive program of preven-  
29 tion, treatment, and rehabilitation for alcoholics, intoxicated persons,

1 (13) "drug addict" means a person addicted to opium deriva-  
2 tives;

3 (14) "drug abuser" means a person who is addicted to or

11 has been affected by the use of alcohol or other drugs.

12 \* Sec. 44. AS 47.37 is amended by adding new sections to read:

13 ARTICLE 2. GRANTS-IN-AID.

14 Sec. 47.37.300. POWERS AND DUTIES OF DEPARTMENT. The department  
15 shall:

16 (1) administer a community grant-in-aid program for alcoho-  
17 lism and drug abuse;

18 (2) submit an annual report concerning the grant-in-aid  
19 program within 10 days after the convening of the legislature in each  
20 regular session.

21 Sec. 47.37.310. GRANT-IN-AID PROGRAM. (a) A profit-making  
22 corporation, a non-profit corporation, a city or borough government,  
23 or other political subdivision of the state, or combination of these,  
24 is eligible for grant-in-aid funds under this section. Applications  
25 shall be sent to the department.

26 (b) The department shall award grants under this section with  
27 the advice of the advisory board on alcoholism and drug abuse, in the  
28 interest of providing or developing a comprehensive program of preven-  
29 tion, treatment, and rehabilitation for alcoholics, intoxicated persons,

1 drug addicts, and drug abusers. Separate budgets shall be appropriated  
2 for alcoholism and drug addiction treatment and rehabilitation programs.  
3 Grants will be awarded on a competitive basis. In considering applica-  
4 tions for grants the department shall, if all other factors are equal,  
5 give preference to applicants in political subdivisions which devote  
6 local government revenues generated by the sale of intoxicating liquor  
7 to the treatment of alcoholism. The department shall consider the  
8 amount of money that is available for all applications and whether an  
9 application would contribute to the wise development of a comprehensive  
10 program.

11 (c) Grants shall be awarded in a ratio of 75 per cent state  
12 money to 25 per cent community money except that in communities desig-  
13 nated as poverty areas the ratio is 90 per cent state money to 10 per  
14 cent community money, for the purposes of providing staff and limited  
15 improvement or renovation of facilities for detoxification or inter-  
16 mediate care. The office may require up to a 50 per cent community  
17 match for the purchase or new construction of facilities. No grant  
18 for improving, renovating, purchasing or constructing may exceed  
19 \$50,000 except when there is a lack of applicants for available money  
20 and then only with the approval of the advisory board on alcoholism  
21 and drug abuse. The department is not required to award all money  
22 available under this program, or the full percentages specified in  
23 this subsection, when another source of money is available, or could  
24 reasonably be made available to the applicant.

25 (d) Money used by the applicant to qualify for state money may  
26 be from any other source than the state. The cost of developing an  
27 application is not reimbursable from the grant. All community match  
28 contributions to grants shall be in the form of cash.

29 (e) No program is eligible for funding under this section

1 unless it conforms to the standards adopted by the office under the  
2 provisions of sec. 140(a) of this chapter, or in the case of a new  
3 program, the office determines that the program will be able to conform  
4 to those standards within a period of time to be specified in the  
5 initial grant agreement.

6 (f) In order for programs to be eligible for funding under this  
7 section they must be able to demonstrate successful collection of  
8 patient fees for services at a rate and proportion to be established  
9 by the office.

10 Sec. 47.37.320. GRANT-IN-AID PROGRAM REGULATIONS. The department  
11 shall adopt regulations necessary to implement sec. 310 of this chapter.  
12 The regulations shall provide for the method of application, the time  
13 for consideration of the applications, the processing of applications,  
14 the type of record keeping, the requirements for reporting the progress  
15 and statistics regarding the program, the notification of the applicant  
16 as to the action taken on the application, and the issuance of licenses  
17 for facilities receiving grants-in-aid under sec. 310 of this chapter.  
18 The department shall also establish the necessary forms of application  
19 and may adopt other regulations considered necessary to meet the  
20 requirements of health and safety and the orderly administration of  
21 the grant-in-aid program.

22 Sec. 47.37.330. JUDICIAL NOTICE. The superior courts of this  
23 state may take judicial notice of the fact that an alcoholic or drug  
24 addict is suffering from an illness and is in need of proper medical,  
25 advisory, or rehabilitative treatment.

26 Sec. 47.37.340. DEFINITIONS. In secs. 300 - 350 of this chapter,  
27 "poverty area" means an area in which 15 per cent or more of the  
28 population, based on the 1970 census data, is under 125 per cent of  
29 the Community Services Administration poverty guidelines.

1 \* Sec. 45. AS 44.29.100 - 44.29.150 and AS 47.30.470 - 47.30.500 are  
2 repealed.

# INJUN BULL

First one FREE!

## We're Back

WHOW! The summer sure went fast (for me anyway.) Swimming was sure a relief after all that hot weather. People from the Campfire Girls were here to teach more kids to swim and dive. Now the temperature has gone down. The leaves are getting yellow and the nights are getting cooler and it is time once again to bring you the best in Yukon news-- Holy Cross High School once again presents INJUN BULL. For the second year we are still doing our own thing to bring you Holy Cross's and other news at its best. This year we hope to keep your winter warm and your brain going with our paper.

## Pothead Policy

As everyone knows, school has begun. School always brings new changes and new ideas. Some are good and some are not so good. For this school year, the journalism class has decided to take it easy. That means we shall try to be more aware of the state laws concerning journalism. One government regulation regarding papers is about the Pothead column. It means that whenever someone writes in to Pothead, the person's name has to be submitted along with his/her letter. For example, if you write to Pothead about advice on a certain guy that you have a crush on, you can still sign the letter "I've got a crush", but you must also include your real name too. Your name will not be printed, but it will be kept filed

away. This is just in case something pops up and we have to know who wrote what. If you do not include your real name, the letter cannot be printed. We shall not write your real name unless you want us to print it. If you have any questions or suggestions, feel free to drop by during our journalism class which is held at 1 PM daily, or drop a letter in the Pothead box down at the post office.

Please feel free to write to Pothead about anything that you wish. Perhaps you have a comment to make on a Pothead letter you read. If you want a little advice or want to share some with us, just drop us a letter. PLEASE BE SURE TO INCLUDE YOUR NAME.

WE'D REALLY LIKE TO HEAR FROM YOU!!!

## AVEC BURNS

IT was Friday, August 26, 1977. Another day and for the second time within a year Holy Cross's power plant burned down. The fire started around 12 noon. The fire was believed caused by a short in the wires from the AVEC plant that burned down last fall. Now the town is getting electricity from the school's power plant. It is not yet known when Holy Cross will start running under AVEC power again.

Gregory Demientieff's buildings are still under construction. These buildings are still under construction. Mike Demientieff made a storage house to keep his goods too.

Luke Demientieff's has built a lodge. He has one apartment and he can change it into a bunk room. Each room has about three beds. He has two bathrooms and one shower room. In the front he has a kitchen and a place for people to stay if they have no other place. The lodge isn't for hunters.

MIKE GREER

Mike Greer teaches in the elementary school. When I asked why he came to Alaska, he said: "I wanted a change to something different than that of the lower 48. I didn't choose to teach elementary school, it just happened. Much of my life is not planned. High school never interested me as much as elementary teaching. Many interesting things happened to me since entering teaching. For example, the summer months offer an opportunity for a person to do most anything. Besides college, summer courses, I've sailed several summers with U.S. Merchant Marines, and have had various businesses. Music--A friend showed us how easy it was to play an instrument. The surprise was on me. I enjoyed it. Most of my summer was spent in Oregon, although I did some traveling with Sandra and Phillip."

## WATERGATE / 1974

On September 7th the high school students of Holy Cross had nominations for the student council. Some of the students were very reluctant to run for any office. After nominations, we had a hand vote. The results are below:

President, Deacon Wasky  
Vice President: Sergie Edwards  
Secretary: Daisy Turner  
Sgt. of Arms: Floyd Demientieff  
Activity Director: Munsee Demientieff

The student council had a meeting with the students about school policy. We (the students) were suppose to get together and try to set up the policy so that we would all be satisfied with it. The policy includes such stuff as smoking, cuts, tardies, etc. But something just didn't work out at the meeting. It's not entirely the council's fault. Some of the students were just goofing off. I guess some of the students were not pleased with the results of the meeting or with the council. I decided to ask a few students how they felt toward the whole thing.

I am not really satisfied with the student council. I have nothing against the officers personally, but I really think we should re-elect. I hate the way we voted and I am sorry I didn't speak up in the beginning. I don't think I could do a better job as president, than the present one, but a few things need improvement. No school council can function to the best of its' ability without the support of the students themselves. That goes for the village council and the school board too. They cannot function to the best of their ability without support from the people.

in while in office and what their plans are.  
That way we can vote more effectively.

Some opinions on the matter are below.

Deacon, the president of our school council, is planning to have dances, basketball and entertainment. Mr. Rossman told Deacon that we could help them with the Halloween carnival. Deacon will be meeting with the rest of the student council whenever he wants to bring something up or if any of the students have a complaint.

Deacon wanted to run for President just to see if he could beat the other guy. When he told me this I was shocked and asked if that was the only reason. He said no, he had some ideas concerning school. When asked how he felt about a re-election, Deacon said that he would resign if there was to be a re-election. He would not run again if there was a re-election for he doesn't think he'll be reelected.

How do you feel about the present student council? Are you satisfied with the way it is working? If not, what do you think should be done?

Joe Edwards: Yeah, it's OK. But they should change lunch to one hour, instead of a half hour.

Pat Edwards: No. They should get more involved.

David Whitley: No. We should plan money raising activities.

Sugar Gregory: I am not satisfied with the president.

Ernie Peters: No, I am not. It should be changed.

Jenny Edwards: No.

David Demiantieff: I guess so. They didn't work yet.

Harvey Turner: I am not satisfied.

Duck Turner: I don't think that the election was held fairly. The students should elect someone that they think can do the job, so then they won't complain about the outcome of the elections.

Kenny Richards: Yeah, they are working good enough.

Dame O' Dell: I think the rules and regulations they came up with are good.

Verna Pleasure: I'm not totally satisfied. I think we need to talk with them and let them know what is expected of them. Many of them don't know what their responsibilities are.

Joe E.: It's all right, no re-election.

Pat E.: It's a stupid way. Yeah for re-elect

David W.: It was horrible. Yeah for re-elect

Sugar: No. way. Yeah for re-election.

Ernie: It was a bum way. Yeah, I guess we need a re-election.

Jenny: No way.

David D.: No. No re-election.

Harvey: We should have voted by paper ballot. Yes, re-elect.

Kenny R.: Yes, it's better than writing for president.

Deana: I don't think it was the best way to elect someone. Students should have voted by secret ballot. I think if there is dissatisfaction, there should be a re-election.

Verna: It doesn't matter to me.

Why do you think most students declined when nominated for an office?

Joe: They were scared I guess.

Ernie: They don't want to be on it.

Jenny: They don't feel like being on it.

Pat: I don't know.

Dave W.: Too much stress on free time and school work.

Sugar: I don't know. Maybe they don't want the responsibility.

David D.: I don't know.

Harvey: Because we voted open handed.

Kenny: I guess they don't want to be on it.

Deana: I don't know, maybe they didn't want the responsibility.

Verna: I don't think they want the responsibility of having to be serious about an office. They are a little shy and afraid they might lose.

Do you think the people who are running for an office should campaign? What I mean is-- give a couple of speeches on what the plan to do while in office? That would be mainly for the president's office.

Joe: --

Kenny: Yeah

David D.: Yeah

Jenny: Yeah

Daisy: Yeah

Floyd: Yeah, I guess so.

Deacon: Yup, they should give a speech.

Sugar: Sure

David: That'll be cool.

The time was 4:45 AM. Rudolf Crendix was ready to start on his journey through a dangerous and thrilling adventure. He did not expect it to HAPPEN. Crendix had packed all of his gear, including a .308 Winchester, which he had never fired because he ak had just bought it. Pulling the pack sack on his back, Crendix reached for a .357 magnum, taking it along for emergency in case he should lose his rifle. Opening the door, Crendix turned around to check for any last minute changes. He thought everything was all packed-up in his pack so he departed from his cabin. The journey averaged up to 50 miles through grizzly country.

Grizzlies are not very friendly, especially when you have to walk smack into a bunch of them in a stream filled with spawning salmon. It's more than difficult to get past them without disturbing the peace and quiet. I don't think I'll call it quiet when a big, mean, old grizzly fights over a little, itty, bitty, piece of fish.

Rudolf Crendix didn't know that he had to go through a ~~mass~~ bunch of them, but he did know that he had to cross a stream. As he was walking along trying to talk to himself, (not succeeding), Crendix decided to whistle a tune. Crendix was still whistling when his foot hit something, but what? Crendix stumbled, got up, looked around... to find the thing. Down on the ground, near the bushes, lay a grizzly cub. Crendix was frightened, but he knew he must keep calm and not panic. If there was a cub, the mother must be somewhere near...

Looking around he saw nothing, the pounding of his heart made him more frightened though. Crendix got his 308 ~~WE~~ Winchester, pulled the bolt back, then pushed it back letting the shell into the barrel. Back in the woods there was a horse growl, sticks began breaking, and out of the woods came a mad and dangerous sow. She had smelled the ~~man~~ scent of man and was coming to protect her cub. The cub had taken refuge inside of an hollow log. Crendix raised his gun and fired in the air. Still the crazed grizzly charged. Carefully and steadily Crendix raised his gun, took aim and placed the lead on the bears head. Slowly his trigger finger pulled back... BANG! BOOM! BAM! Three shots were fired, the echoing noise shaking the fores

the echoing noise shaking the forest inhabitant. About ten feet ahead of him lay one dead grizzly... very still and very dead indeed. Crendix wiped the sweat off his forehead and sighed in relief. He sat down to think about the situation. What could he do with a motherless cub? The cub was much too small to depend on itself. He decided to take it along with him until he hit a village. So Crendix and his little companion traveled on...!

## H.S. NEWS

A few days ago the high school students voted for Officers. The officers are Deacon Wasky, President, Sergie Edwards, Vice President, Daisy Turner, Secretary, Floyd Demientieff, Sgt. of Arms, and Munsee Demientieff, Activity Director. After the voting was over, we began to make rules to follow through the year. The first was a no smoking rule--no smoking by the building. The second was no vandalizing the building. After that was settled, we decided what should be done if we caught someone disobeying our rules. We decided that if someone was caught smoking by the building, we will cut off one of their breaks. If they vandalize the building and break something, they must pay for the damage or prove it was an accident. If we catch someone fighting, they will have to leave the building for the day. The officers had a meeting discussing some rules that we should change around after the meeting. The first meeting students said parents do not have to know if they didn't attend school. We decided that wasn't right, so all you folks out there will be notified if your child has not been in the building and has cut one of his/her classes.

We want to thank you for letting us use this building for our high school. We will do our best to keep things in order. All you people out there will be hearing from IANJUN HULL every Friday (hopefully).

# WHAT'S HAPPENING!

What's happening? Anvik and Grayling are coming here!! Well, from what I hear Anvik and Grayling High School students are supposed to come down September 23rd. They will be here for three days. They will be staying at the high school or at the houses of relatives. The things we have planned for them are dances, basketball, volleyball, kickball and more. Concerning food--we already have that taken care of! All they have to worry about is sleeping bags and extra change.

# ALCOHOL ABUSE AND RECOMMENDATIONS FOR IMPROVEMENT

1. Increase ratio of population to number of liquor package stores and bars to five thousand. In order to slow down the wild fire growth of retail business of the industry. Increase the cost of license to double what it is now.

2. <sup>(a)</sup> Rewrite the law which allows a package license with a grocery store to include a stipulation that the grocery store must be self-sustaining. Many small rural grocers will admit that without the package store they could not exist.

(b) The law that grants a license to a gasoline station such as "Big Boy" is a disgrace. A combination of the three most needs of the consumer, which one of these is it that holds the other? The package store of course. Eliminate this law.

3. The liquor industry has a large labor force in both "Wholesale" and "Retail." Nevertheless the concentration of long hours for retail business is too much. I believe

3. cont. the Industry and Labor must shoulder part of the blame for Alcohol Abuse. State wide laws should be passed to establish a one shift a day, and six days a week for all Bars, Night Clubs, and Package stores. Ten hour shifts 12 noon to 12 midnight. This could be like this: This could another four hrs could be added after closing for time to clear up and air out the smelly establishments.

4. Advertising should be restricted. Some of the Industry ads are repulsive, and not in the best taste for children.

5. Over half of the litter of our Roads and Highways is caused by the drinking public. I believe the Bars and Package stores should bear their share of the burden to eliminate the drinking mess. Other forms of litter caused by other sources should be dealt with also.

6. I believe more heavier fines and strictly punishment should be meted out to the following, drunk driving, drinking in public, drunken brawls, and any other forms law-breaking caused by intoxication. No bail, No reduction of fines.

went. The Police blotter is a living testimony to what Alcohol Abuse is about.

7. The drinking of Alcohol beverage and hard liquor is a luxury to the thousands in Alaska who are. A severe to the Alcoholics. If it is legally possible strong tariff should be imposed for all imported strong inter-state tax on all alcohol beverage and hard liquor.

8. I believe Alaska should be the first state to pass a law to put on every bottle of hard liquor, Alcohol beverage and wine: the inscription, "Warning": "The use of this beverage can be addictive." Why this warning? Medical Science has proven, that only small amounts of Alcohol taken by a pregnant woman can cause birth defects.

To me there is no half measure to conquer Alcohol Abuse, We all are guilty. What must be done to combat A.A.; is nothing less than revolutionary. Every body must recognize that A.A. is a social blight. Yes even those procrastinators; our state Legislature.

TO: Mike Colletta's Special Legislative Committee on Alcoholism

FROM: Grace Lincoln, and Winnie Reeve, Coordinator/Instructors  
Community Health Aide Program

SUBJECT: The problems in alcoholism in the NANA Region.

The problems perceived in alcoholism could be improved by (1) implementing the alcohol education sitting in the National Council on Alcoholism - Alaska Region (NCAA-AR) offices because of the lack of funding. The alcohol education of the young children is imperative for a long range goal. (2) It also implements a broad sweep approach to the village alcohol problems by implementing a regional alcoholism program - regional to localize or focus in on home surroundings as opposed to removing the person involved to a strange locality for treatment and sending him back to the same situation.

In order to do this, a strong community based committee is desirable to support proposed programs and to monitor and improve skills by continuing education. A program modeled after the Community Health Aide Program with skills levels would surface until that time when the goals initiated by the Cultural Heritage Program in concert with a structured recreational facility to be used as an alternative to alcohol abuse.

This may be an ambitious goal but it is necessary to go forward and finally do something about our number one problem.

- Writing about Alcoholism in our Village -

Kivalina has about 208 population, and about 5-8 people who drink Everytime when they have the alcohol, (but not alcoholics) As healthaides we are very happy that we don't have a Bar in our Village other wise our Village would have one great problem. But if we had a problem. we'd then Push it over to Problem board, then they'd take care of it. I think Kivalina is doing good so far.

These figures are not complete. They reflect only patients picked up in Kotzebue who are noticeably intoxicated when Ambulance Crew arrives. No effort was made to really start compiling these figures until May of 1977. Over 50% of our calls are transports from the villages, we have no way of knowing how many of these calls are alcohol related as the time involved in transporting gives them time to sober up. This list does not show injuries caused to sober people by intoxicated ones, or injuries to young children who are not properly supervised because of intoxicated guardians. This list does not show the number of calls canceled because the police take patient to jail before Ambulance Crew arrives.

## SPECIAL COMMITTEE ON ALCOHOLISM AND ALCOHOL RELATED LEGISLATION

Alcoholism is the most devastating drug problem in the United States.

It is reported that there are about 250,000 heroin addicts in the United States, but there are over a million persons addicted to alcoholism, some as young as 12 years old.

Lack of education, lack of a meaningful job, futility, frustration, shame, peer pressures has contributed to the high incidence of drinking, no respecter of social or career levels, young and old, male or female. It is now an American custom.

At the proceedings of the 30th International Congress on Alcoholism and Drug Dependence; the subject - Drinking Habits - Cultural, Drinking Patterns of Native Alaskan Indians, Eskimos, and Aleuts and their drinking habits in 1972.

92% of Natives were drinking when arrested  
64% were Caucasians.  
57% were arrested for alcohol offenses.  
22% were Caucasians.  
Only 12% of Natives had completed high school  
68% of Caucasians completed high school.  
Most Natives had never been married although they'  
had dependents.  
43% Natives occupied space in prisons.  
23% Athabaskan Indian  
15% Aleuts  
17% Southeastern Indian

## POSITION STATEMENT:

NUMBER OF CLIENTS RECEIVING COUNSELING FROM MENTAL HEALTH CENTER WHO HAVE ALCOHOL RELATED PROBLEMS.

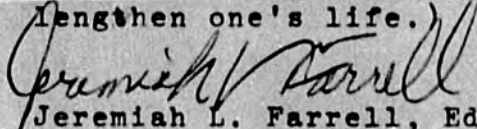

In the past year, approximately from October 1, 1976 to this date, 1977, over fifty per cent of those clients who received counseling assistance from our department had alcohol related problems. (Omitting school children.)

Many of those people could be classified alcoholics in the "true" sense of the word. Others certainly can be considered borderline alcoholics.

From a professional viewpoint, and that is based on over twenty years experience since I received my first college degree, and over ten years since I completed my post-doctoral internship in counseling psychology, I consider the abuse and misuse of alcohol as the major problem in this area.

Further, there is little doubt in my mind, that more funds are necessary to properly address this problem. We cannot expect immediate results when only two people are funded to meet the needs of an area the size of Iowa. Secondly, with the approach of OCS and other growth in this area, more personnel will be needed to adequately meet the needs of this region.

We need at the minimum a two-pronged approach: one, which addresses immediate needs and the other aimed at the prevention of the abuse of alcohol. (Needless to say, this position does not mean that all uses of alcohol are unwise. For instance, some research states that moderate use of alcohol can apparently lengthen one's life.)

## KICY RADIO VOICE OF THE ARCTIC

When Jesus said, "Go and teach all nations," did he include this desolate region of Western Alaska with its scattered population so isolated by cold and vast distances?

Yes, he did. And KICY is vital to this mission.

To spread the Word of God in the cold and desolate regions of Western Alaska is no easy thing. The tiny villages are separated not only by the severe uncertain weather, but by the vast distances between them.

For the handful of missionaries heroically attempting Christian witness in this area, the spirit indeed was willing but the communications were weak to impossible.

Radio communications appeared to be the obvious answer to the frustrations of flesh and blood missionaries, so in 1956 a radio-telephone communications network was established to link Covenant pastors in remote villages.

This limited usage of radio-telephone communications opened the imagination to the far greater potential of broadcast radio.

On Easter Sunday 1960, KICY began broadcasting the message of hope that Jesus Christ lives that man too might live.

Over an arc sweeping a thousand miles of the west coast of Alaska and across the Bering Strait into Siberia, the call was broadcast and heard: "You are listening to KICY the Voice of the Arctic, in Nome, Alaska!"

The facilities of the infant station were continually improved, with much of the progress resulting from fund-

raising projects by Covenant Sunday schools, youth groups and churches.

In 1970 Covenant Friends of World Mission invested \$14,455 in a new addition, providing expanded offices, engineering and record library space, a new heating system, and a prayer chapel.

Besides receiving funds, KICY has been the recipient of thousands of hours of volunteer assistance.

Students, skilled workers, craftsmen, electronic experts, secretaries... a constant stream, some with the support of North Park College or a home church... have come in the short summer

months or even for the winter to help in the work that needs to be done.

Many come back again and again, afflicted with "Alaska fever"; and many have returned after college as permanent staff.

Although KICY is a commercial broadcast station and accepts advertising consistent with its Christian purpose, advertising revenue is limited by a poor economy and minimum competition.

Thus, operating costs above income are underwritten by the Arctic Broadcasting Association, a subsidiary of the Department of Home Mission of the Evangelical Covenant Church of America.

Also cooperating are the Alaska Yearly Meeting of Friends, the American Lutheran Church and the Alaska District Council of the Assemblies of God.

### Programming

The Christian aim is central, though religious programs constitute only 25% of air time.

Convinced that the cause of Christ can best be served by serving the people of the area, KICY regularly consults representatives of Nome and outlying villages to help ascertain the listening needs and desires of the area.

**Local issues** are the topics of aired discussions with community leaders or call-in type programs.

**Public service** programs providing household and child-care helps, job opportunities, health information and community announcements help to keep the area informed.

**News** is especially important to isolated people. As an Associated Press and ABC Network affiliate, KICY offers national and worldwide news and commentary.

**Affiliation with the Alaska Broadcasting System** provides similar coverage on the state scene and an aggressive effort by the staff results in excellent news coverage.

Telephone-taping of a village reporter provides a news link with the villages and "Ptarmigan Telegraph" is a favorite inter-village communication feature.

**Weather information** is especially important to bush pilots flying in adverse conditions and over hazardous terrain, to hunters plying the icy waters of the Bering Sea, or villagers traveling via snowmobile or dog team.

Accurate and frequent weather information can be a matter of life and death.

**Religious programs** popular in the "Lower 48" are also popular in Alaska: "Hour of Decision," "Lutheran Hour," "Unshackled," "Night Sounds," "Back to the Bible."

**Eskimo broadcasts** such as the "Eskimo Hour" featuring the testimonies, music and messages of Eskimo Christians are the most popular of all.

**Drama, music and sports** all help to please an audience composed of all ages, and educational, cultural, and ethnic backgrounds.

**Russian gospel programs** aimed at reaching Russian-speaking listeners in Western Alaska, as well as Eastern Siberia, are the latest addition to KICY's outreach.

## The Future?

The future looks good... although KICY now is competing with other radio signals for listeners who for eleven years listened exclusively to KICY.

However, many listeners still prefer the variety of programs, the in-depth news and the easy listening music of KICY.

According to station manager, Ralph Fondell, "Alaska now stands on the threshold of explosive development due to oil findings and potential mining activity."

The future is bright with opportunity for KICY to present Christ in a positive manner as the

answer to the needs of the people of the Arctic.

Pray for wisdom for a possible power increase to enhance this outreach.

How can you help in this outreach of the Covenant? Write to the Department of Home Mission, 5101 N. Francisco, Chicago 60625, or directly to KICY, Box 820, Nome, Alaska 99762, for suggestions as to projects and services which you or your group might support.

Your gift toward programming (\$24 buys an hour) is welcome. All gifts are tax deductible, as KICY is a non-profit organization.

The volunteer program presents an opportunity to give of yourself, or if you can't go, perhaps you could make it possible for an Eskimo youth to volunteer.

KICY needs the informed support and continued interest of all of you.

INVESTIGATION OF COMMUNITY AND CONSULTATIONS ON COMMUNITY PROBLEMS

The proposed low-power FM station will serve only Nome. The nearest village, Teller, is located about 80 miles up the coast from Nome and will be out of range of the FM signal.

In order to determine the make-up of Nome, Arctic Broadcasting Association has made an investigation of its economic, governmental, social and religious composition. The results of this study reveal the following information:

The population of Nome is over 2,500 persons with about 80% Eskimo or part Eskimo. Because all of the Eskimo population has originally moved from small villages in Western Alaska, there has been a real acculturation problem. Most of the Eskimo children have been raised in homes where the Eskimo dialects are frequently the only language spoken. Thus a bilingual problem exists in the primary and elementary grades of school. Only a handful of other minority groups exists, including Indian and Black. Present enrollment in kindergarten through 8th grade is 570.

Nome is a first-class city and has for the past nine years been governed by the city council-city manager form of government with a mayor and six council members. The utility and school boards are both elected boards. The city of Nome charges a 3% city sales tax.

Nome continues to be a depressed area with a very high rate of unemployment, now estimated at 5-6%, highest in the state. Nome has the highest cost of living in the nation with food prices about 80% over Seattle prices. The high cost of living is partially due to high air freight and barge shipping costs. No food, clothes, construction materials or fuel is locally produced. One source estimates \$10,000 as an average liveable income necessary for a family of four.

Although Nome was a booming gold-rush town at the turn of the century with a population of 12,500 increasing to 20,000, the population has now dwindled to 2,500 and Nome is now a small town supported by the tourist industry and welfare. At present about 230 cases or family units are reported on welfare. Alaska Airlines owns three of the four hotels and one of the two restaurants. Approximately 10,000 tourists visited Nome during the past twelve months. There are four gift and artifact shops as well as the normal complement of stores and businesses. Nome has two radio stations and Cable TV. Nome has a twenty-four bed hospital with three doctors, two private dentists and an out-patient clinic. Three bush airlines serve the villages and Wien Air Alaska provides daily jet service with Fairbanks and Anchorage.

Fifty new low income houses were built in 1971 all hooked up to the new water-sewer system. Electricity is generated by diesel units. Spring water is piped into Nome and hauled to homes not

on City water, about one-half of the homes. A city sanitary service serves an equal number not hooked up to the sewer line. A feasibility study is being made on building a port facility at Nome to lower the high cost of shipping. Presently, freight from ocean-going barges has to be lightered in smaller barges to the receiving dock.

Nome is the trade, transportation, communication, and legal jurisdiction center for Northwest Alaska. The Superior and District Courts, State Police, State Jail, State Welfare and numerous other State and Federal agencies headquarter in Nome. The Bureau of Indian Affairs and unorganized Borough School District, which share in the operation of all the village schools of the area, also have offices in Nome. The Federal Aviation Agency, National Weather Service, State Department of Highways, and First Scout Battalion of the Alaska Army National Guard are also stationed here and employ some local citizens and bring in employees from other areas.

Nome has a number of civic, fraternal and service organizations, ie: Rotary Club, Lion's Club, Chamber of Commerce, Masonic Lodge, P.T.A., Nome Education Association, Ministerial Association, Boy Scouts, Girl Scouts, Four-H, Nome Woman's Club, Mother's Club, Nome Arts Council, American Legion, Beta Sigma Phi, Arctic Native Brotherhood, Pioneers of Alaska, etc. However, many of these organizations include the same people and a vast number of Nome's residents belong to no group.

Nome has churches, eleven, total, ie: American Lutheran, Rev. James Pearson; Evangelical Covenant, Rev. Norman Crider; United Methodist, Rev. John Shaffer; Nazarene, Rev. Larry Hahn; Assembly of God, Pastor Roger Davis; Bible Baptist, Rev. Bob Hillyer; Southern Baptist, Rev. Paul Seal; Catholic, Rev. James Poole S.J.; Plymouth Brethern, Everett Bachelder; as well as Mormon and Bahai. Nome also has eight bars and liquor stores and one roadhouse outside the City Limits. The competition in the liquor business contributes much to the conclusion indicated in the following survey.

Considerable construction has been undertaken during the past three building seasons. A new elementary school building was built and moved into in January of 1974. A new two-story state office building and a new community college building were completed in 1974. Several small apartment complexes, as well as many new homes are in a state of construction. Twenty-five new homes were built for the King Island Village residents to replace housing destroyed by a severe storm one year ago. Still, adequate housing is one of the principal needs of the area, where a high percentage of the dwellings are substandard.

Continued exploration for minerals and oil is underway. Lost River Mining Corp. has spent well over a million dollars in exploration

80 miles northwest of Nome during the past few years. The company is projecting for a minimum of twenty years and is now working on an environmental impact statement. Alaska Gold Company is reviving gold mining in the Nome area with the increase of the price of gold on the market. One dredge was in operation last summer. They are projecting for a minimum of 25 years of operation and employment of about 300 during the peak. This employment is seasonal but the greatest potential of any single employer. The Alaska oil pipeline construction is offering job opportunities to qualified personnel. Many local unemployed are not trained and do not have the incentive to work.

The Alaska Native Claims settlement has brought changes to the area. We are witnessing the emergence of many Eskimo leaders, who have leadership roles in the Native Corporations that have been formed. The Bering Straits Native Corporation is one of the twelve regional corporations and is headquartered in Nome. The Sitnasuak Native Corporation is the Nome village profit-making corporation and is now in the process of investing the \$1,690,000 for its stockholders, who are the native residents of Nome. The amount of available settlement money by 1985 will be between \$12,000,000 and \$15,000,000. The King Island Native Corporation, composed of former King Island Eskimos most of whom now reside in the new King Island Village, also is in the process of investing their share of stockholders' allotments. Plans are to build a new village at Cape Wooley, about 50 miles west of Nome, and most of the King Island Eskimos plan to move to that site. King Island Village includes about 150 people who have moved within the past 15 years from King Island, now deserted. They have their own village council although still incorporated within Nome. The Bering Straits Native Corporation, which is the regional corporation administering funds to each of the villages in the region, has a total of \$10,000,000 now and will have hopefully by 1985 \$90,000,000 to administer and invest in the entire region. This includes the funds for each of the village corporations. This impact alone should help the economic picture of the area.

Nome High School and Beltz Regional High School were merged three years ago although the first year of the merger proved to be a disaster with several contributing factors. Major problems have been overcome and conditions have stabilized considerably.

In 1973 the dormitory was closed and now approximately 165 students are staying in boarding homes in Nome. Total enrollment at Nome-Beltz is about 380.

The high rate of drinking and suicide, some incidence of drugs, lack of recreational activities, and unemployment for young people are the result of the tremendous cultural change that is being forced on this area. Both a Teen Center and a Walk-in Center managed by teens and adults are attempting to meet some of the

needs. Several local churches are also involved in youth programs. There is presently an organized recreation program sponsored by the Nome Community Center. The Center also sponsors a local program for the elderly with both recreation and transportation and they provide one meal a day for elderly people.

Norton Sound Health Corporation, a non-profit arm of Bering Straits Native Corporation, is coordinating the health programs of the area. They have added a psychiatrist and several counsellors to their staff to hopefully combat some of the problems contributing to the high rate of alcoholism and suicide. The court system estimates that 95-100% of all court cases in northwest Alaska involve alcohol. Nome allegedly has the highest suicide rate in the nation. Plans are now for a new 24 bed hospital to be built in Nome at a cost exceeding \$18,000,000. Norton Sound Health Corporation has introduced a program for the 20-60 year age group, where they can meet for social activities.

Each member of the staff will be encouraged to become involved in the community resulting in each becoming aware of community problems and needs.

In order to ascertain the specific community problems of Nome, Manager Ralph V. Fondell and Assistant Manager David DeVries have personally interviewed 30 community leaders, of which 57% were Eskimo and 17% women. Although the predominant leadership in Nome is Caucasian, Eskimo leadership is slowly emerging. Details of these interviews follow:

If the adoption decree is not granted, the court will place the child according to his best interests. This may include the petitioner.

Page 10

An adopted child may not inherit from his natural parents unless it is so stated that he will inherit in the adoption decree. LAA indicated that this provision will take precedence over the probate code in cases of conflict.

Page 12, line 21

Those signing a relinquishment will also receive notice that they have a right to change their minds.

Page 13, line 7

Termination of parental rights has been consolidated insofar as the proceeding and grounds required are concerned.

The committee adopted two amendments on page 1. On line 13, the phrase "although one is a minor" was deleted. On line 20, the conjunction "or" was added at the end of the sentence.

Senator Silides raised the question of adding medical expenses to the subsidy payments in the case of subsidized adoptions. If the subsidies are provided to encourage the adoption of hard to place children, some of whom are handicapped, then the special care required to deal with the handicap should be paid for also. Current foster payments do not include this. After discussion, it was decided that this would better be the subject of a separate bill. If it were added to this bill, fiscal implications would be added along with it. At this stage of the session, another committee referral might be fatal to the bill's passage.

It was reported out of committee with a "Do Pass" recommendation, Senators Poland and Silides signing without recommendation.

SENATE JUDICIARY COMMITTEE

Present: Senators Ziegler, Meland, Rettig  
Don Magnuson, Alaska Retail Association  
Absent: Senators Poland and Silides

HB 749 -- concealment of merchandise

A committee substitute was prepared placing the language of this bill in Title 9 rather than in Title 11. The last paragraph of the bill providing for parents' liability for the acts of their children was amended out on the Senate floor, and it is also out of the committee substitute.

Senator Ziegler signed "Do Pass", and all others signed without recommendation.

HB 778 - Commission on Administration of Justice

The House bill had replaced the Commissioner of Health and Social Services with the director of the division of corrections on this commission. Because he is also responsible for the division of mental health and the probation office, the commissioner felt that he should also be on the commission. The Senate HESS committee amended the bill to place him back on the commission. All Judiciary members agreed with this concept and signed "Do Pass".

SCSHB 646 - jurisdiction of superior court/certain children

The original House bill has been replaced with a HESS committee substitute which contains the original bill plus the provisions of Senate Bill 310, aid to families with dependant children. 310 is in House Finance and does not appear to be moving, so this method is being used to get the AFDC provisions passed. No action was taken on the bill by Judiciary. Members were provided with copies of the bill and asked to study it for a future meeting.

Bruce Steadman  
Box 723  
Bethel, Alaska 99559

With respect to ~~Mr~~<sup>Judge</sup> Cook's  
remarks, I concern that  
Alcohol can be a seriously  
dangerous drug

And I totally agree with Mr  
Butcain that one answer  
is People helping People - ways  
should be looked into for rewarding  
such efforts.

I'd like to use an expression which I feel more closely describes the problem of Alcohol Abuse

Social Alcoholism or Alcohol Abuse

The abuse of the beverage, alcohol, by politicians, government agencies, do-gooders, and plain ole people.

Let me begin by suggesting that we are individualizing and partializing, not to mention scapegoating. In our human service and treatment programs with the result of ~~scaping~~ making them useless; a waste of effort, money, and hot air.

Its <sup>similar to</sup> ~~like~~ blaming child abuse on children, juvenile delinquency on juveniles, and Rape on a dark alley.

Shoveling alcoholics or alcohol abusers <sup>into treatment programs</sup> or declaring war on a bottle of booze has to my knowledge in the history of alcohol never helped to cure the problem. Maybe its helped a politician spend money, a gov't agency justify its existence, or helped a college graduate get a job. But has it ever put a stop to the human misery that causes one to drink ~~excessively~~ excessively.

(2)

Its true that in my work in social services programs for the past ten years, most of the severe family problems that have come to my attention involved some use or abuse of alcohol. So did the use of a Television set. But two items occurring together does not always imply that one or the other is the cause.

What I see happening in this Region, or the whole state, for that matter, is widespread social dysfunction. A massive problem based on human errors and weaknesses. This is not solved by scapegoating a bottle of booze; voting dry, raising the price, or pumping money into narrow treatment programs.

Making Alcohol hard to get in this town, Region or State, just makes it all the more fun to get. Raising the price ~~and~~ just makes it more appealing. It makes it more of a social problem in that its use is more secretive and hard to treat and more of a drain on a dysfunctional

Family because of its expense. Not to mention making it more inviting to those who will capitalize on it illegally - does anyone recall prohibition?

But so what? If you effectively eliminate the word and the substance from this area, you wouldn't solve the problem, you'd have as many social ~~and~~ individual disturbances, as many heartaches - just in a different cloak. How can one believe that by removing alcohol, or putting it in the closet, will remove the human heartache that causes its use?

Our problems here ~~are~~ boredom, uselessness, profiteering, exploitation, destruction of long held values and <sup>role</sup> prescriptions of how and what people do; <sup>inadequate</sup> housing, unemployment, illness, inadequate socialization, meaningless education, <sup>and</sup> agency and individual power trips.

Alcohol is not a cause nor a solution. At its height of destruction, its a medical problem. Too much of anything will get you sick <sup>or crazy</sup>.

(4)

A statewide war on alcohol or a specialized treatment facility - a token to prove we care, to prove that we're good leaders or good human beings won't help.

I have no easy solutions of the type you'll want to hear. I have but one suggestion - quit blaming an inanimate object for your problems; quit focusing on token, specialized, bandaide solutions. Turn ~~over~~ <sup>to</sup> your own self - your own values - your own actions - talk about real people problems. Get together - be brave - talk about honest solutions.

Rather than study the correlation between alcohol use and cirrhosis of the liver, why not study the factors or conditions causing its consumption.

Don't spend time and money on alcohol - that makes you no different than the alcohol user.

5

Yes, I believe we have Social Alcoholism  
It leads to cirrhosis of society. From  
the politicians and heads of gov't agencies  
to the depressed and drunken father,

We ~~are~~ all have tunnel vision - going  
blind from blaming the wrong item.
