Dear Mr. Roberge:

Please air this 30 second public service announcement on your Kodiak circuit as soon as possible. I have selected a schedule for Friday, Saturday, and Tuesday. Those nights with the following time slots are my first choice:

Friday--Channel 2  
9 - 11 p.m.

Saturday--Channel 4  
8 - 10 p.m.

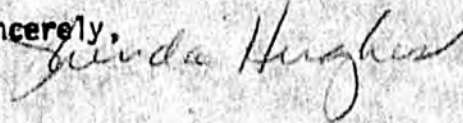

Tuesday--Channel 2  
6 - 8 p.m.

Friday--Channel 4  
7 - 8 p.m.

Tuesday--Channel 4  
7 - 9 p.m.

In case the tape doesn't arrive by Friday, use Tuesday time slots for a Monday, Tuesday, Wednesday schedule. If you have any questions, please contact Mike Doogan or myself at our Anchorage office. Please bill us. Thank you.

Sincerely,

Public Service Director:

The House Permanent Fund Committee is trying to find out what Alaskans want to do with the Permanent Fund. We have published an informational booklet/questionnaire that we would like as many as people as possible to read and answer. We are trying to reach a greater number of people by using these public service spots. We would appreciate your cooperation in airing the spot as often as possible through the months of September and October. If you have any questions, please contact Mike Doogan or myself at our Anchorage office.

Sincerely,

Sherida Hughes

Mr. Fradley:

At your convenience, I would like to look over the stock footage you have on hand of the trans-Alaska pipeline. The Permanent Fund Committee is considering some ideas for public service commercials dealing with our goals and need for public input in the decision-making process. The basic idea we want to get across and why we might want to use pipeline footage is to impress on people the impermanence of non-renewable resources and the potential permanence of the permanent fund. I will contact you later concerning specific arrangements for viewing the film.

Thank you,

Clark:

Here's a draft press release on my hiring. I inted to distribute it to the Times, News, Advocate, Journal of Commerce and AP.

It's short and sweet. Do you want to add anything?

*No, this is great*
