III. ANALYSIS (See Fiscal Note Preparation Instructions, Section III)

This fiscal note enumerates expenses to provide for interim management of the Alaska Permanent Fund. Travel expenses cover travel and per diem to establish and maintain supervision of security transactions, custodial, and reporting services. Contractual services include all of the previously mentioned services plus necessary printing and duplication services and communications. Commodities cover additional use of office supplies.

Without this funding, it would not be possible to invest and provide accounting service on a segregated basis for funds accruing to the Alaska Permanent Fund beginning February 22, 1977. Funds will begin accruing from that date in accordance with Alaska Constitution, Article IX, Section 15 as amended.

The Honorable Hugh Malone
Speaker of the House
Alaska State Legislature
Juneau, Alaska 99811

Dear Mr. Speaker:

Under the authority of art. III, sec. 18 of the Alaska Constitution, and in accordance with AS 24.30.060 (b) and the Uniform Rules of the Alaska State Legislature, I am transmitting a bill to provide for the interim management of the Alaska Permanent Fund. Article IX, sec. 15 of the Alaska Constitution, which becomes effective February 21, 1977, provides that the principal of the fund must be used for income-producing investments specifically designated by law. Therefore, it is necessary to enact legislation setting up the management and investment process for the fund. The attached bill does this on an interim basis, requiring the commissioner of revenue to invest the money until a permanent structure for this investment function is created.

Sincerely,

Jay S. Hammond
Governor
