DEAR ALASKAN:

THE SENATE COMMITTEE ON THE PERMANENT FUND AND THE SENATE EMPLOYMENT RESOURCES AND OPPORTUNITIES COMMITTEE HAVE BEEN ASSIGNED THE RESPONSIBILITY FOR PROVIDING INFORMATION TO THE ALASKA STATE SENATE CONCERNING THE ALASKA PERMANENT FUND AND EMPLOYMENT OPPORTUNITIES IN ALASKA. PUBLIC HEARINGS HAVE BEEN HELD, AND MORE ARE SCHEDULED. IN ADDITION, THE SENATE COMMITTEES HAVE INTRODUCED THE "PERSONAL HEARING-IN-THE-HOME" PROGRAM TO BE CERTAIN TO INCLUDE THE VIEWS OF ALASKANS WHO MAY NOT HAVE BEEN ABLE TO ATTEND THE PUBLIC HEARINGS. THIS "PERSONAL HEARING" IS IMPORTANT--YOUR VIEWS WILL BE INCLUDED ALONG WITH THOSE EXPRESSED AT THE PUBLIC HEARINGS.

BACKGROUND:

IN 1976, VOTERS IN ALASKA APPROVED A CONSTITUTIONAL AMENDMENT WHICH REQUIRES THAT AT LEAST 25% OF THE STATE'S INCOME FROM CERTAIN NON-RENEWABLE RESOURCES MUST BE SET ASIDE IN AN ALASKAN "PERMANENT FUND". THE AMENDMENT SPECIFIES THAT THE PERMANENT FUND PRINCIPAL MUST ONLY BE USED FOR INCOME PRODUCING INVESTMENTS, HOWEVER THE EARNINGS FROM THOSE INVESTMENTS MAY BE USED FOR ANYTHING THE STATE LEGISLATURE DETERMINES.

WHEN CONSIDERING POSSIBLE USES OF THE PERMANENT FUND, IT SHOULD BE REMEMBERED THAT ALASKA'S GENERAL FUND (WHICH PAYS FOR EXISTING STATE GOVERNMENT) WILL CONTINUE TO RECEIVE INCOME FROM THE USUAL SOURCES-- PERSONAL TAXES, BUSINESS TAXES, AND THE NON-RENEWABLE RESOURCE INCOME WHICH IS NOT PLACED IN THE PERMANENT FUND.

THE PURPOSE OF THIS "PERSONAL HEARING-IN-THE-HOME" IS TO RECEIVE YOUR COMMENTS AND SUGGESTIONS CONCERNING:

- (A) WHAT ARE DESIRABLE ACTIVITIES FOR THE PERMANENT FUND
- (B) WHAT ARE WAYS THE PRINCIPAL OF THE PERMANENT FUND SHOULD BE USED
- (C) WHAT ARE WAYS THE EARNINGS (INTEREST) OF THE PERMANENT FUND SHOULD BE USED

AND

- (D) WHAT SHOULD BE DONE ABOUT ALASKA'S HIGH RATE OF UNEMPLOYMENT

THANK YOU,

THE SENATE COMMITTEE ON THE PERMANENT FUND
THE SENATE EMPLOYMENT RESOURCES AND
OPPORTUNITIES COMMITTEE

1. In your opinion, why do you feel the Permanent Fund was established?

2. As far as basic management principles are concerned, do you feel the Permanent Fund principal should be used directly for such things as low-interest loans for community development, fisheries enhancement, etc., or do you feel the principal should be invested in bank accounts and high-grade securities, with only the earnings (interest) used for community development loans, fisheries enhancement, etc.?

- Use Permanent Fund principal directly..... ()1
- Use Permanent Fund earnings..... ()2
- Don't use any part of Permanent Fund..... ()3

Concerning investment of the Permanent Fund principal (which must be income producing), there has been a suggestion that at least 40% must be invested in high-grade securities (not stocks), and up to 30% may be invested in Alaska development loans, with the remaining 30% available for community development projects and private dwellings

What is your recommendation?

- 3. (a) Percentage required to be invested in high-grade securities and bank accounts..... %
- 4. (b) Percentage available for Alaska development loans..... %
- 5. (c) Percentage available for community development projects and private dwellings..... %
- 6. (d) Other _____ %

7. Rather than using Permanent Fund money directly for state loan programs, there has been a suggestion to use the Permanent Fund earnings to guarantee an Alaskan Revenue Bond Fund program. With the Permanent Fund earnings guaranteeing repayment, Alaska would be able to sell the bonds at a low interest rate (5-6%), then use the money received from the bond sale for the loan programs--the Permanent Fund principal is never used.

Do you favor or oppose an Alaskan Revenue Bond Fund program?

- Favor..... ()1
- Oppose..... ()2

8. Do you feel there is a shortage of money available for borrowing by businesses in Alaska?

- Yes..... ()1
- No..... ()2

9. (If "yes", where should additional money come from?)

- Permanent Fund principal..... ()1

12. Regarding loans from the Permanent Fund, do you feel the money should be made available through Alaska's banks and financial institutions, or should State loaning offices be used?
- Banks and financial institutions..... ()1
 State loaning offices..... ()2
13. While some people have expressed concern that a large amount of the Permanent Fund will be lost through bad investments and poor management, other people say it will most likely be managed safely and wisely. What do you think?
- Large amount will be lost..... ()1
 Will be managed safely and wisely..... ()2
14. If additional money were available at current interest rates, either through private financial institutions or state loans, would you borrow more?
- Yes..... ()1
 No..... ()2
15. If private investors and financial institutions consider certain business ventures to be "questionable" or "too risky", should money from the Permanent Fund be made available to help finance those ventures?
- Yes..... ()1
 No..... ()2

Many people have said that one of the main purposes of the Permanent Fund should be to broaden the economic base of Alaska by developing renewable resource industries such as fishing and timber. Other people have said they oppose further development of Alaska's fisheries and timber resources. What do you think, should we increase the usage and yield of our timber and fishing resources?

| 19. From your personal point-of-view, do you think the average Alaskan will be better off, or worse off because of the Permanent Fund? | | |
| | Better..... ()1 | Worse..... ()2 |
| 20. Do you feel we should use the Permanent Fund for things Alaskans need now, or should we wait and use it for things Alaskans need at some future time? | | |
| | Use it now..... ()1 | Wait until later.. ()2 |
| 21. What rate of interest do you feel the State should charge for loans made from the Permanent Fund? | | ___ % |

22. We would appreciate any comments you may have regarding the use (or non-use) of the Alaska Permanent Fund.

The former article consisted of §§ 14.40.750 — 14.40.849, and derived from ch. 112, SLA 1968, and ch. 230, SLA 1970. Former AS 14.40.830 had been previously repealed by § 14, ch. 230, SLA 1970.

Sec. 14.40.751. Loan and tuition funds created. (a) There is created a scholarship revolving loan fund. The 1975 amendment, effective June 5, 1975, and retroactive to February 3, 1975, substituted "unobligated" for "unexpended" in subsection (c).

 - (B) a graduate of a high school, or scheduled for graduation from a high school within six months, with sufficient credits to be admitted to a career education program or to an accredited college or university. (§ 1 ch 98 SLA 1971)

Sec. 14.40.767. Selection criteria. In selecting from among the eligible students those students who will be awarded loans the selection committee shall take into consideration the following items:

- (1) the student's financial needs;
- (2) entering freshmen who are graduates of Alaska high schools or who are graduates of a high school outside the state if their Alaskan residency has been continuous;
- (3) personal recommendations from the student's instructors, employers, and others familiar with his abilities;
- (4) the student's record of achievement. (§ 1 ch 98 SLA 1971)

Sec. 14.40.769. Discrimination prohibited. The student loan program shall be carried out without regard to the race, creed, sex, color, ancestry, national origin, or membership in fraternal or political organizations of the student applying for the loan. (§ 1 ch 98 SLA 1971)

Sec. 14.40.771. Enforceability of certain contracts with minors. A written obligation entered into by a minor at least 16 years of age, evidencing a loan or other assistance received by him from any person for the purpose of furthering his education in a career education program or an institution of higher learning, is enforceable against the

(§ 1 ch 98 SLA 1971)

Sec. 14.40.773. Definitions.

Repealed by § 6 ch 156 SLA 1972, effective July 1, 1972.

Editor's note. — The repealed section derived from § 1 ch. 98, S.L.A. 1971.

Sec. 14.40.776. Tuition grants. (a) The executive secretary of the committee shall award a tuition grant to a student in an amount up to the difference between (1) the cost, in a city where there is both a four-year state university and a four-year private university or in a city where there is both a two-year state community college and a two-year private college, for the operation of the state institution on a full-time student per academic year basis, and (2) the tuition or fees paid by the student at the state institution in those locations, but in no case may the amount exceed \$1,850. The tuition grant paid to a full-time student may not be in an amount that would result in a student paying less in tuition or fees at a private college or university than would be required for a similar enrollment at the state institution in the same city. The grant is to be applied by the student toward his tuition at the private university or college in which he enrolls.

(b) The computation of the cost for the operation of the state institution on a full-time student per academic year basis under (a) of this section may not include construction or capital improvement costs, debt service and expenditures for research and public service functions.

Effect of amendments. — The 1973 amendment substituted "fishing" for "gear" preceding "license" in paragraph (1) and added "and for the purchase of entry permits and gear and the construction and purchase of vessels" to the end of that paragraph of subsection (a).

The 1975 amendment designated the provisions of paragraph (1) of subsection (a) as present subparagraph (A) of that paragraph, and added subparagraph (B).

The 1976 amendment in subsection (a), repealed paragraph (1)(B), which read "permit holders under §§ 400 — 470 of this chapter, for the construction of hatchery facilities."

Editor's note. — Section 13, ch. 105, SLA 1977, effective January 1, 1978, amended paragraph (1)(A) of subsection (a) to read as follows: "(A) individual commercial fishermen who have been state residents for a continuous period of five years and have been state residents for a continuous period of five years and have had a crewmember or commercial fishing license under AS 16.05.480 or a permit under ch. 43 of this title for three years, for the repair, restoration or upgrading of existing vessels and gear, for the purchase of entry permits and gear, and for the construction and purchase of vessels; and".

Sec. 16.10.320. Limitations on loans. A commercial fishing loan may not exceed \$150,000. A loan may not run longer than 15 years or bear interest exceeding seven per cent, and it shall be secured by a first lien and appropriate security agreements, except that a lien in favor of the state is not required for loans guaranteed fully by the federal government under the Federal Ship Financing Act of 1972 (46 U.S.C. secs. 1271 — 1279b; 86 Stat. 909), as amended. In the case of a security agreement given to secure a loan made under secs. 300 — 370 of this chapter and covering a vessel documented under the laws of the United States and so long as the Ship Mortgage Act of 1920 (46 U.S.C. secs. 911 — 984; 41 Stat. 1000), as amended, and the Shipping Act of 1916 (46 U.S.C. secs. 801 — 842; 39 Stat. 728), as amended, remain ambiguous with respect to whether or not a state or state agency qualifies as a citizen of the United States for purposes of those Acts, the first lien requirement of this section may be satisfied by the recordation and endorsement of a first preferred ship mortgage under the Ship Mortgage Act of 1920, and by perfection of a security interest under the Uniform Commercial Code — Secured Transactions (AS 45.05.690 — 45.05.794), if the approval of the Secretary of Commerce is obtained under 46 U.S.C. sec. 839 for the transfer to the department of the interest in a vessel documented under the laws of the United States. In the case of a security agreement given to secure a loan made under secs. 300 — 370 of this chapter and covering a vessel documented under the laws of the United States, the first lien requirement of this section may also be satisfied by use of a trust deed and bond issue under it, if the trustee is a citizen of the United States and obtains a first preferred ship mortgage on the vessel under the Ship Mortgage Act of 1920, and the approval of the Secretary of Commerce is obtained under 46 U.S.C. secs. 839 and 961 for the transfer of the bond or bonds to the department if the trustee is not a trustee approved by the Secretary of Commerce

(b) The commissioner of commerce and economic development may sell or transfer at par value to the Department of Revenue the mortgages, bonds and notes held by the Department of Commerce and Economic Development as security for loans made under this chapter. However, the commissioner of commerce and economic development may not transfer an interest in a vessel documented under the laws of the United States to the Department of Revenue, except as permitted by the Ship Mortgage Act of 1920 (46 U.S.C. secs. 911 — 984; 41 Stat. 1000), as amended, and the Shipping Act of 1916 (46 U.S.C. secs. 801 — 842; 39 Stat. 728), as amended, so long as those two Acts remain ambiguous with respect to whether or not a state or state agency qualifies as a citizen of the United States for purposes of those two Acts. The Department of Revenue, for the fiscal year ending June 30, 1976, shall purchase all the mortgages, bonds and notes offered until the current principal amount of all the mortgages, bonds and notes purchased and held by the Department of Revenue equals \$7,000,000. The Department of Revenue, for the fiscal year ending June 30, 1977, shall purchase all the mortgages, bonds and notes offered until the current principal amount of all the mortgages, bonds and notes purchased and held by the Department of Revenue equals \$9,000,000. (a) A single fisheries enhancement loan may not exceed \$3,000,000 for a hatchery constructed under a permit granted to a qualified regional association which has formed a nonprofit corporation, or to a local nonprofit corporation approved by a qualified regional association. A loan for any other nonprofit hatchery corporation project may not exceed \$300,000.

(b) Loans for the total project costs may be made if the commissioner determines that the applicant has sufficient financial resources to insure the establishment of an equity position in the project equal to 10 per cent of the loan within six years or less, either through an assessment levied under § 530 or § 540 of this chapter or other means approved by the commissioner. For purposes of this subsection, "total project costs" includes planning and construction costs for the facility and the cost of operations for not more than the first six years. The costs for operations shall be loaned on an annual basis.

(c) All loans must be secured by collateral satisfactory to the commissioner, including but not limited to a first deed of trust, assignment of lease and leasehold improvements, sale of surplus fish from the hatchery, or assessments from fishermen levied under §§ 530 — 540 of this chapter.

A request by the qualified regional association shall include a description of compliance with (e) of this section. The commissioner shall determine whether the procedural requirements under (e) of this section were followed and whether the proposed assessment is reasonable. An assessment levied under this

Effect of amendment. — The 1977 amendment rewrote subsection (a), repealed subsection (b), requiring, under certain conditions, consent of the appropriate qualified regional association before the rate of assessment is altered, deleted "before a loan is made" following "collection of the assessment" in subsection (c), rewrote subsection (d), and added subsections (e) and (f).

Editor's note. — Section 18, ch. 154, SLA 1977, provides: "Notification, public meeting and voting procedures instituted before the effective date of this Act that are substantially in compliance with AS 16.10.530 (e) shall be considered to constitute compliance with this Act, and are ratified upon the effective date of this Act."

Sec. 16.10.540. Voluntary assessment on sale of salmon. (a) In place of or in addition to an assessment levied under § 530 of this chapter, an association of persons licensed under AS 16.05.540 — 16.05.600, which consists of at least 51 per cent of the persons so licensed and actively participating in a fishery to be benefited by a hatchery program, may levy and collect an assessment from among its members for the purpose of securing and repaying a loan made under § 510 of this chapter.

(b) Upon satisfactory demonstration to the commissioner that an assessment levied under this section may reasonably be relied upon to secure and repay a loan to be made under § 510 of this chapter, the commissioner may make the loan without requiring an assessment under § 530 of this chapter.

(c) If an assessment made under this section fails to satisfy the payments required on the principal and interest due on the loan the commissioner may negotiate with the regional association to levy an assessment under § 530 of this chapter. (§ 1 ch 190 SLA 1976)

Sec. 16.10.550. Sale or transfer of mortgages and notes. (a) The commissioner may sell or transfer at par value to the Department of Revenue the mortgages and notes held by the department as security for loans made under this chapter. Sec. 18.56.010. Findings and purpose. (a) There exists within the state a serious shortage of decent, safe and sanitary residential housing available at low or moderate prices or rentals to persons of lower and moderate income. There also exist within the state remote, underdeveloped or blighted areas where the development of decent, safe and sanitary housing is necessary to economic growth. These conditions are inimical to the safety, health, welfare and prosperity of the residents of the state and to the sound growth of urban and rural communities.

(b) The legislature finds and declares that private enterprise has not been able to provide, without assistance, an adequate supply of safe and sanitary homes at prices or rents which persons of lower or moderate income can afford, or to achieve rehabilitation of much of the present housing for persons of lower and moderate income, or to provide without assistance the housing necessary to promote the

economic growth of remote, underdeveloped or blighted areas, and that existing state and federal programs are inadequate to meet housing needs of persons of lower and moderate income or of remote, underdeveloped or blighted areas. It is imperative that the supply of housing for persons of lower and moderate income and the housing necessary to promote the economic growth of remote, underdeveloped or blighted areas be increased and that coordination and cooperation among private enterprise, state and local government be encouraged to sponsor, build and rehabilitate residential housing for these persons.

(c) The legislature finds and declares further that, in accomplishing this purpose, the creation of the Alaska Housing Finance Corporation is essential to assist in the acquisition and development of land and the construction, rehabilitation, financing, management, maintenance, sale and rental of dwelling units for persons of lower and moderate income or persons in remote, underdeveloped or blighted areas and that these activities serve a public purpose in benefiting the people of the state. The Alaska Housing Finance Corporation is empowered to act on behalf of the state and its people in serving this public purpose for the benefit of the general public. (§ 1 ch 107 SLA 1971; am § 1 ch 81 SLA 1972)

Effect of amendment. — The 1972 amendment, in subsection (a), inserted "or moderate" in the first sentence, inserted "and moderate" in that sentence, added the second sentence, and substituted "These conditions are" for "This shortage is" at the beginning of the third sentence. In the first sentence of subsection (b), the amendment inserted "and moderate" in three places, inserted "or to provide without assistance the housing necessary to promote the economic growth of remote, underdeveloped or blighted areas," inserted "state and," and inserted "or of

remote, underdeveloped or blighted areas." In the second sentence of subsection (b), the amendment inserted "and moderate" and inserted "and the housing necessary to promote the economic growth of remote, underdeveloped or blighted areas." In the first sentence of subsection (c), the amendment inserted "and moderate" and "or persons in remote, underdeveloped or blighted areas."

(3) purchase or participate in the purchase of mortgage loans made to sponsors, developers, builders, owners and purchasers of residential housing, if the corporation

(A) has given approval before the initial making of the loan and has determined that mortgage loans were, at the time the approval was given, not otherwise available, wholly or in part, from private lenders upon reasonably equivalent terms and conditions, or

(B) has determined that the purchase or participation will result in additional residential housing, taking into account without limitation such factors as reinvestment of the proceeds of the sale in additional mortgage loans, increased availability of mortgage loans insured by the federal government, its agencies or departments, the reduction, if any, of interest payments to be made with respect to mortgage loans, or

The corporation is additionally authorized to exercise the powers enumerated in § 90 of this chapter for the purpose of assisting the financing of the program of veterans' loans for residential housing in accordance with AS 26.15. (§ 7 ch 151 SLA 1975)

Effective date. — Section 11, ch. 151, SLA 1975, makes this section effective on June 19, 1975, in accordance with AS 01.10.070(c).

Sec. 18.56.095. Mortgage insurance. (a) There is another special fund of the state to be known as the "state mortgage insurance fund" (called the "mortgage insurance fund") which shall be completely segregated and set apart from all other funds of the state, and which is a trust fund for the uses and purposes of this section and into and from which money shall be paid as provided in this section. The mortgage insurance fund shall be held by the commissioner of revenue, subject to the power of the commissioner of commerce to enter into and perform agreements with respect to the use of money in the mortgage insurance fund and to pledge, assign or grant interests in the mortgage insurance fund as provided in this section. The commissioner of commerce may enter into agreements with the corporation with respect to the exercise of any power or approval relating to the mortgage insurance fund under this section, including, without limitation, agreements as to the use of money in the mortgage insurance fund, agreements with respect to the terms and conditions upon which payments from the mortgage insurance fund shall be made to the corporation with respect to mortgage loans insured under this section, and agreements regarding the payment of and security for mortgage insurance bonds, and in connection with these agreements the commissioner of commerce may pledge, assign or grant other interests in the mortgage insurance fund to the corporation as may be necessary or appropriate in connection with the insurance of mortgage loans and to provide for the payment of and security for mortgage insurance bonds. Any such agreement or any of the rights of the corporation under the agreement and payments received or to be received under the agreement may be pledged or assigned by the corporation for the benefit of the holders of mortgage insurance bonds.

(b) In addition to any other fees and charges which the corporation may charge on mortgage loans, it may collect or cause to be collected on all mortgage loans made or purchased with the proceeds of the sale of mortgage insurance bonds, either or both a special mortgage loan

insurance commitment fee or a mortgage loan insurance premium. The special mortgage loan insurance commitment fees and special mortgage loan insurance premiums when received shall be deposited in the mortgage insurance fund by the corporation, or by any mortgage loan servicer, trustee, or agent designated by the corporation to receive them, and shall be held, invested and, together with all investment income derived from them, reinvested by the commissioner of revenue in investments authorized under AS 37.10.070(a), subject to any agreement with the corporation under (a) of this section.

(c) If, at any time after receipt by the corporation of a payment from the mortgage insurance fund with respect to a mortgage loan or any portion of the principal and interest and other amounts payable on a mortgage loan, the corporation recovers an amount on the mortgage loan or portion of it from any source other than the mortgage insurance fund, it shall apply the amount recovered in the following order: first to repay the general fund of the state to the extent of appropriations made pursuant to requests made under (f) of this section, and second, to repay the mortgage insurance fund.

(d) A mortgage loan, including a state veterans' loan, may be insured if the loan to value ratio at the time of the insurance loan does not exceed 80 per cent or, if the loan to value ratio does exceed that percentage, if it is federally insured or guaranteed or insured by a qualified mortgage insurance company to the extent of the excess. In addition, a state veterans' loan may be insured if the loan to value ratio does not exceed 90 per cent. The endorsement of the corporation on the mortgage at the time of purchase or acquisition of the mortgage loan is conclusive evidence that the mortgage loan is insured under the provisions of this section. The insurance is payable solely from the mortgage insurance fund.

(e) Mortgage loans may only be insured when the amount in the mortgage insurance fund as a percentage of the sum of all mortgage loans to be insured and all unpaid principal on mortgage loans insured by the corporation, equals or exceeds the fund requirement. As used in this section, the "fund requirement" is calculated as follows as to the following mortgage loans insured by the corporation:

(1) in the case of federally insured or guaranteed mortgage loans, or mortgage loans, including state veterans' loans, insured by a qualified mortgage insurance company or, if not so insured or guaranteed, with a loan to value ratio at the time of the mortgage insurance application less than 80 per cent, the greater of (A) two per cent of the unpaid principal amount of those mortgage loans, or (B) a percentage which the corporation with the approval of the commissioner of commerce determines is actuarially sound for operation of the mortgage insurance fund;

(2) in the case of state veterans' loans not insured by a qualified mortgage insurance company and with a loan to value ratio at the time

of the mortgage insurance application between 80 and 90 per cent, the greater of (A) six per cent of the unpaid principal amount of those state veterans' loans, or (B) a percentage which the corporation with the approval of the commissioner of commerce determines is actuarially sound for the operation of the mortgage insurance fund.

(f) On December 1 of each year the commissioner of commerce shall determine the amount on deposit in the mortgage insurance fund. If the amount in the fund is less than the fund requirement, the commissioner shall request the corporation to transfer from any available funds the amount necessary to restore the mortgage insurance fund to the fund requirement and the corporation shall promptly comply with the request from any funds available subject to agreements with holders of any of its obligations. If sufficient funds are not provided as the result of such requests, the commissioner shall, no later than January 2 of the following year, make and deliver to the governor and to the chairmen of the house and senate finance committees his certificate stating the sum required to restore the fund to the fund requirement and the sum so certified may be appropriated and paid to the fund during the then current state fiscal year. Nothing in this subsection creates a debt or liability of the state.

(g) The commissioner of revenue may sell to the corporation, and the corporation may purchase, state veterans' loans purchased for and held in the general fund on such terms and conditions as the commissioner of revenue and the corporation consider appropriate. When the commissioner of revenue sells any state veterans' loan to the corporation he may cause to be deposited in the mortgage insurance fund from the proceeds of sale an amount not exceeding the lesser of (1) six per cent of the proceeds of sale, or (2) the difference between the amount the commissioner of revenue actually receives on the sale and the amount the commissioner determines would have been received if the state veterans' loans had been sold in the private mortgage market. The determination shall be based on information reasonably available to the commissioner of revenue at the time of sale and is conclusive in determining the amount of the deposit.

(h) As used in this section, unless the context clearly indicates a different meaning:

(1) "loan to value ratio" means the ratio between the principal amount of a mortgage loan and the appraised value, as determined by the corporation, of the residential housing financed by such mortgage loan;

(2) "mortgage insurance bond" means a bond, note or other obligation of the corporation, the proceeds of which are authorized to be expended to purchase or make a mortgage loan insured under this section;

(3) "qualified mortgage insurance company" means a mortgage insurance company satisfactory to the corporation;

(4) "special mortgage loan insurance commitment fee" and "special mortgage loan insurance premium" mean, respectively, a fee of such per

cent of the principal amount of a mortgage loan to be insured under this section, and an annual insurance premium of such per cent of the portion of the unpaid principal amount of a mortgage loan insured under this section which is not federally insured or guaranteed or insured by a private mortgage insurance company, which the corporation with the approval of the commissioner of commerce determines is actuarially sound for the operation of the mortgage insurance fund;

(5) "state veterans' loan" means a mortgage loan for residential housing made in accordance with AS 26.15;

(6) the determination of what is "actuarially sound" with respect to the operation of the mortgage insurance fund shall be based on a consideration of the factors which will provide sufficient revenues for the operation of the fund, without regard to amounts which may have been or may, after the date of determination of actuarial soundness, be appropriated pursuant to (f) of this section, including, without limitation, estimates of future defaults and losses on mortgage loans insured under this section based on actual default and loss experience on those mortgage loans or on similar mortgage loans in Alaska or elsewhere, estimates of recoveries on defaulted or foreclosed mortgage loans based on that experience, the terms and conditions of the mortgage loans insured under this section, estimates of earnings and income of amounts on deposit in the mortgage insurance fund, and any other appropriate factors. (§ 8 ch 151 SLA 1975)

Effective date. — Section 11, ch. 151, SLA 1975, makes this section effective on June 19, 1975, in accordance with AS 01.10.070(c).

Sec. 18.56.125. Capital reserve fund. (a) For the purpose of securing any one or more issues of its obligations, the corporation may establish one or more special funds, called "capital reserve funds", and shall pay into those capital reserve funds (1) any money appropriated and made available by the state for the purpose of any of those funds, (2) any proceeds of the sale of its obligations, to the extent provided in the resolution or resolutions of the corporation authorizing their issuance, and (3) any other money which may be made available to the corporation for the purposes of those funds from any other source. All money held in a capital reserve fund, except as provided in this section, shall be used as required, solely for (1) the payment of the principal of obligations or of the sinking fund payments with respect to those obligations, (2) the purchase or redemption of obligations, (3) the payment of interest on obligations, or (4) the payment of any redemption premium required to be paid when those obligations are redeemed before maturity; however, money in any fund may not be withdrawn from it at any time in an amount which would reduce the amount of that fund to less than the capital reserve requirement set out in (b) of this section, except for the

(16) promote research and development in scientific methods of constructing low-cost residential housing of high durability;

(17) make and execute agreements, contracts and other instruments necessary or convenient in the exercise of the powers and functions of the corporation under this chapter, including contracts with any person, firm, corporation, governmental agency or other entity;

(18) receive, administer and comply with the conditions and requirements respecting any appropriation or gift, grant or donation of property or money;

(19) sue and be sued in its own name;

(20) adopt an official seal;

(21) adopt bylaws for the regulation of its affairs and the conduct of its business and prescribe rules, regulations and policies in connection with the performance of its functions and duties;

(22) employ fiscal consultants, engineers, attorneys, real estate counselors, appraisers and such other consultants and employees as may be required in the judgment of the corporation, and fix and pay their compensation from funds available to the corporation;

(23) do all acts and things necessary, convenient or desirable to carry out the powers expressly granted or necessarily implied in this chapter;

(24) invest or reinvest, subject to its contracts with noteholders and bondholders, any money or funds held by the corporation in any obligations or other securities or investments in which banks or trust companies in the state may legally invest funds held in reserves or sinking funds or any funds not required for immediate disbursement, and in certificates of deposit or time deposits secured by obligations of, or guaranteed by, the state or the United States of America. (§ 1 ch 107 SLA 1971; am § 3 ch 81 SLA 1972)

Effect of amendment. — The 1972 amendment inserted "and moderate" and "or persons located in remote, underdeveloped or blighted areas of the state" in the introductory language, rewrote paragraph (3), inserted "and moderate" and "or owners or purchasers of

residential housing in remote, underdeveloped or blighted areas of the state" in paragraph (4) and added paragraph (24).

Sec. 18.56.100. Housing development fund. (a) There is created a special revolving loan fund to be known as the "housing development fund" to be administered by the corporation as a trust fund separate and distinct from any other money or funds administered by the corporation.

(b) Consistent with § 90 of this chapter, the corporation may make temporary and permanent loans from the housing development fund, at such interest rate or rates as determined by the corporation, and with such security for repayment as is necessary and practicable, to

(3) purchase, make, or participate in the making of mortgage and construction loans which are not federally insured or guaranteed to sponsors, builders, purchasers and developers of land development or residential housing, if the corporation determines that such loans are not otherwise available, wholly or in part, from private lenders upon reasonably equivalent terms and conditions.

(c) To the credit of the housing development fund shall be deposited

(1) grants and contributions to the fund and the proceeds of sale of fund notes; and

(2) all receipts of the corporation on account of repayment of or sale or other disposition of the security for any loans made under (b) of this section.

(d) The corporation may receive and accept from any source whatever any grants or contributions for the housing development fund.

(e) The corporation may provide for the issuance, at one time or from time to time, of housing development fund notes for the purpose of providing funds for the fund. The commissioner of revenue is authorized to purchase fund notes with surplus funds in the state treasury. Before submission of the executive budget to the legislature, the commissioner of revenue shall annually recommend to the governor the anticipated amounts of surplus funds available for purchase of fund notes in the fiscal year encompassed by the budget. In making his recommendation to the governor, the commissioner of revenue shall consider the expenditure and revenue projections contained in the most recent revenue source document prepared for and submitted to the legislature by the administration. If the governor agrees with the recommendation of the commissioner of revenue he shall forward the recommendation to the corporation.

(f) The principal and interest on fund notes is payable solely from the housing development fund. The corporation shall determine the date of the fund notes of each issue, the maturity of the notes, the redemption provisions, if any, including redemption prices, terms and conditions, the form and manner of execution of the notes, including any interest coupons to be attached to them, the denomination and the place of payment of principal and interest, which may be any bank, trust company, or agent, including the purchaser of any fund notes. The fund notes may be issued in coupon or in registered form, or both. The corporation may provide for the registration of any coupon fund notes as to principal or interest, or both, and for the reconversion into coupon fund notes of any fund notes registered as to both principal and interest, and for the exchange of registered and coupon fund notes. The corporation may provide for the replacement of fund notes which are mutilated, destroyed, lost or stolen.

(g) Fund notes shall bear interest at the rate, and shall be sold in the manner and for the price the corporation determines.

(h) If an officer whose signature or a facsimile of whose signature appears on any fund notes or coupons attached to them ceases to be an officer before the delivery of the fund notes or coupons, his signature or facsimile is valid for all purposes as if he had remained in office until delivery.

(i) The proceeds of sale of fund notes shall be used solely for the purposes for which issued and shall be disbursed in the manner and under the restrictions the corporation provides in the resolution authorizing the issuance of the fund notes.

(j) Fund notes may be issued without the consent of any government agency and without any other proceedings or conditions other than those which are specifically required by this chapter and the provisions of the resolution authorizing the issuance of the fund notes.

(k) No loan may be made by the corporation from the housing development fund except in accordance with a written agreement which shall include, but need not be limited to, the following terms and conditions:

(1) the proceeds of loans shall be used only for the purposes for which the loan is made, as provided in the agreement;

(2) the loan shall be repaid in full as provided in the agreement;

(3) all repayments in connection with a loan to defray development costs shall be made concurrent with receipt by the borrower of the proceeds of a construction loan or mortgage loan, or at such other times as the corporation considers reasonably necessary or practicable; and

(4) security for repayment shall be specified and shall be upon terms and conditions as the corporation considers necessary or practicable to insure all repayments. (§ 1 ch 107 SLA 1971; am § 4 ch S1 SLA 1972)

Effect of amendment. — The 1972 amendment inserted "and moderate" in subsection (b)(2). Legislative committee report. — For report on ch. 81, SLA 1972 (CSHB 547), see 1972 House Journal, p. 859.

Sec. 18.56.110. Bonds and notes. (a) The corporation, by resolution, may issue bonds and bond anticipation notes in order to provide funds to carry out and effectuate its purposes.

(b) The principal and interest on these bonds or notes is payable from corporation funds, excluding funds in the housing development fund. Bond anticipation notes may be payable from the proceeds of the sale of bonds or from the proceeds of sale of other bond anticipation notes or, in the event bond or bond anticipation note proceeds are not available, such notes may be paid from other funds or assets of the corporation. Bonds or notes may be additionally secured by a pledge of a grant or contribution from the federal government, or a corporation, association, institution or person, or a pledge of money, income, or revenues of the corporation from any source.

(c) Bonds or bond anticipation notes may be issued in one or more series and shall, however, bear interest at the rate or rates per year or

outside the state as to the pledging or assigning of revenues or funds to which or in which the corporation has any rights or interest; the agreement may further provide for such other rights and remedies exercisable by the trustee as may be proper for the protection of the holders of any bonds or notes of the corporation and not otherwise in violation of law and may provide for the restriction of the rights of an individual holder of bonds or notes of the corporation;

(20) to appoint and provide for the duties and obligations of any paying agent or paying agents, or such other fiduciaries as the resolution may provide within or outside the state;

(21) to limit the rights of the holders of any bonds or notes to enforce any pledge or covenant securing bonds or notes;

(22) to make covenants other than and in addition to the covenants expressly authorized in this section, of like or different character, and to make such covenants to do or refrain from doing such acts and things as may be necessary, or convenient and desirable, in order to better secure bonds or notes or which, in the absolute discretion of the corporation, will tend to make bonds or notes more marketable, notwithstanding that the covenants, acts or things may not be enumerated in this section. (§ 1 ch 107 SLA 1971)

Sec. 18.56.115. Prohibited bidding on bonds and notes. (a) No person who provides fiscal programming or marketing assistance to the corporation in connection with the issuance or sale of the corporation's bonds or bond anticipation notes may bid or negotiate on the bonds or notes.

(b) The sale of bonds or notes of the corporation to a person who is prohibited from bidding on the bonds or notes under (a) of this section is against public policy and the sale is void.

(c) In this section, "person" means an individual, firm, agent, factor, intermediary, partnership, corporation, association, bond house, stockbroker or bond broker. (§ 4 ch 102 SLA 1974)

Sec. 18.56.120. Validity of any pledge. The pledge of assets or revenues of the corporation to the payment of the principal or interest on any obligations of the agency is valid and binding from the time the pledge is made and any such assets or revenues are immediately subject to the lien of the pledge without physical delivery or further act. The lien of any pledge is valid and binding against all parties having claims of any kind in tort, contract or otherwise against the corporation, irrespective of whether those parties have notice of the lien of the pledge. Nothing herein prohibits the corporation from selling assets subject to any pledge, except that any sale may be restricted by the trust agreement or resolution providing for the issuance of the obligations. (§ 1 ch 107 SLA 1971)

Sec. 18.56.130. Remedies. A holder of obligations or coupons attached to them issued under the provisions of this chapter, and a

trustee under any trust agreement or resolution authorizing the issuance of the obligations, except as restricted by a trust agreement or resolution, either at law or in equity, may enforce all rights granted hereunder or under the trust agreement or resolution, or under any other contract executed by the corporation under this chapter, and may enforce and compel the performance of all duties required by this chapter or by the trust agreement or resolution to be performed by the corporation or by any officer of it. (§ 1 ch 107 SLA 1971)

The issuance of the obligations, the maturities and other details of them, the rights of the holders of them, and the rights, duties and obligations of the corporation in respect of them are governed by the provisions of this chapter which relate to the issuance of obligations, insofar as those provisions may be appropriate therefor.

Each obligation issued under this chapter shall contain on its face a statement that the corporation is not obligated to pay it nor the interest on it except from the revenues or assets pledged for it and that neither the faith and credit nor the taxing power of the state or of any political subdivision of the state is pledged to the payment of the principal of or the interest on the obligation.

Effect of amendments. — The 1963 amendment inserted "and (A)" between the words "dishonorable" and "who" and added (B) in subsection (a) (1).

The 1966 amendment inserted "April 6, 1917, and November 11, 1918, and" in subsection (a) (1), substituted "a discharge other than dishonorable" for "an honorable discharge or honorable separation" in

such subsection, and substituted "his discharge was not dishonorable" for "he was not discharged other than honorably" in subsection (a) (2) (D).

The 1968 amendment divided subsection (a) (1) into paragraphs and in the first paragraph thereof inserted "or in a combat zone during any period of armed conflict."

Sec. 26.15.140. Eligibility for benefits under this chapter. No person is eligible for benefits under this chapter if he is eligible under the laws of any other state or territory for a veterans loan or bonus. (§ 44-2-14 ACLA 1949; am § 2 ch 87 SLA 1949; am § 1 ch 137 SLA 1955)

Sec. 26.15.150. Eligibility for bonuses. Qualification for bonuses under this chapter are as follows:

(§ 44-2-14 ACLA 1949; am § 2 ch 87 SLA 1949; am § 1 ch 137 SLA 1955)

Sec. 26.15.160. Extension of chapter to veterans of Korea and Viet Nam. The provisions of this chapter, except those provisions relating to the payment of bonuses, are extended to persons who served other than dishonorably on active duty between June 25, 1950, and January 31, 1955, who served other than dishonorably on active duty between August 4, 1964, and six months after termination of hostilities involving forces of the United States, and to dependents of such persons, subject to the following provisions and eligibility qualifications.

(1) Persons are eligible

(A) who were discharged other than dishonorably from the armed forces of the United States or who were released to a reserve component; and

(B) who at the time of entry into the service were bona fide residents of the territory or State of Alaska and had been residents of the territory or state for not less than one year before their entry into the service; and who have returned to the territory or state within a reasonable length of time after discharge or separation as residents with the intention of remaining in the territory or state; or who, not being bona fide residents of the territory before their entry into the service, have lived in the territory or state for at least 10 years following their release from active military service; and

(C) who served in the armed forces of the United States for 90 days or more, or whose service was for a lesser period because of injury or disability incurred in line of duty, between June 25, 1950, and January 31, 1955, or who served in the armed forces of the United States for 90 days or more or whose service was for a lesser period because of injury or disability incurred in line of duty, between August 4, 1964, and a date to be determined by the legislature which shall be on or about six months after the termination of hostilities involving forces of the United States in Viet Nam.

(2) Persons are eligible who were dependent upon a member of the armed forces or upon a veteran eligible for the benefits of this chapter at the time of the member's or veteran's death if the member or veteran was a resident of the territory for one year before entry into service and died before the cessation of the present national emergency as determined and proclaimed by the governor. Dependents shall be unmarried and the deceased veteran or member of the armed forces shall have been their chief means of support and they shall be either a widow, widower, minor child, or a mother, father, sister or brother incapable of self-support. Dependents shall be residents of the state at the time of application and shall intend to remain residents in the state permanently. (3) No person unless he has lived in the state or territory for at least 10 years following his release from active military service is eligible for the benefits of this section who is eligible for veterans' benefits under the laws of any other state or territory. A World War II veteran who received a bonus under §§ 120 and 150 of this chapter need not repay the bonus in order to qualify under the loan provisions of this section.

(4) For persons otherwise eligible for the benefits under this section, who did not return to the state or territory within one year after separation from the service unless prevented from doing so for medical, educational or other valid purposes approved by the Department of Commerce within one year after separation from the service, an additional requirement of four years' residence in the state or territory before their entry into the service is imposed to entitle them to the benefit provisions of this section. (§ 1 ch 139 SLA 1953; am § 1 ch 19 SLA 1955; am §§ 1, 2 ch 146 SLA 1960; am § 15 ch 2 SLA 1964; am § 5 ch 51 SLA 1966)

Revisor's note.—This section as enacted by § 1, ch. 139, SLA 1953, specified that the end of the period of eligibility for benefits under the act was to be "the cessation of the present national emergency as determined and proclaimed by the governor of Alaska." The determination and proclamation were made on April 11, 1955, that the emergency ended on January 31, 1955, by Governor B. Frank Heintzleman. The date of January 31, 1955, has been substituted in two places in the section for the quoted words.

Cross reference.—See Editor's note to AS 04.15.036.

The 1966 amendment substituted "other than dishonorably" for "honorably" in the first sentence, inserted "who served other than dishonorably on active duty between August 4, 1964, and six months after termination of hostilities involving forces of the United States" in such sentence, and rewrote paragraph (1).

Editor's note. — Section 1, ch. 149, SLA 1977, provides: "The legislature finds that the substantial increase in the number of state agencies, boards and commissions, and the proliferation of rules and regulations which each has adopted have contributed to a public disenchantment with the operation of state government, and that there is need for an effective and

regular system of scrutiny of the programs and activities of all agencies, boards and commissions. The legislature further finds that the establishment of a system for periodic review by the public and the executive and legislative branches of certain state agencies, boards and commissions will help the governor and the legislature to determine the need for the continued existence of each of the agencies, boards and commissions."

Sec. 37.07.120. Definitions. In this chapter

(1) "agency" means a department, officer, institution, board, commission, bureau, division, or other administrative unit forming the state government and includes the Alaska Pioneers' Home and the University of Alaska, but does not include the legislature or the judiciary.

Sec. 37.10.088. Department of Administration authorized to make advances to the University. (a) During any fiscal year the Department of Administration may make advances to the University of Alaska against verified receivables from nonstate sources of the university and upon condition that the university reimburse the fund for these advances from nonstate funds received by the university. The advances may not exceed 80 per cent of the verified nonstate receivables.

(b) The total of advances in any fiscal year may not exceed 10 per cent of the total of nonstate funds appropriated to the university for that fiscal year. The amounts advanced in any fiscal year shall be repaid in full to the department within 90 days following the close of that fiscal year. If the repayment is not made on a timely basis, the department may withhold amounts due from state fund appropriations for the university.

(c) The commissioner of administration shall submit a quarterly report of all advances and reimbursements under this section to the Legislative Budget and Audit Committee.

(f) Investment policy shall be formulated by the commissioner of revenue who shall be advised by a committee appointed by the governor which shall contain representation from the legislature. In formulating investment policy they shall consider maximum income and safety as governed by the prudent-man rule and the benefit to the private and public sectors of the economy in terms of increased housing and commercial credit, stimulated business activity, increased employment, support of the market for state and local bonds, increased public revenue together with the possible inflationary effect of the investment, and (h) and (i) of this section.

(g) The commissioner of revenue, with the consent of the committee, may enter into contracts for services providing investment advice, custody of securities, and execution of transactions, in or out of Alaska.

(h) An investment preference shall be given to (a)(3), (7), (8), (9), (10) and (11) of this section.

(i) The commissioner shall purchase notes and mortgages under (a) of this section at a rate conducive to develop and benefit Alaska and Alaska residents and this rate may be less than the market rate.

(j) In this section

(1) "closing costs" means appraisal costs, legal costs, title insurance, and any other out-of-pocket expenses approved by the commissioner of revenue;

(2) "mortgage" means a pledge or security of particular property for the payment of a debt or the performance of some other obligation, whatever form the transaction may take;

(3) "resident" means a person domiciled in the state;

(4) "securities" means bonds, notes, debentures and all other forms of indebtedness; common stock, preferred stock, and all other forms of equity capital; investments in stocks and equity capital may not exceed $33\frac{1}{3}$ per cent of the unappropriated surplus as of the end of the previous fiscal year. Revisor's note (1970). — In ch. 206, SLA 1970, AS 37.10.070(9) referred to AS 26.10. Since AS 26.10 does not deal with loans and AS 26.15 does, and since the old version of the section referred to AS 26.15, the latter citation has been substituted for the former.

Sec. 37.10.075. Deposit of state funds. (a) When the commissioner of revenue determines that there are funds in the state treasury which are not being used for the purposes provided for in § 70 of this chapter, they may be deposited in financial institutions. Collateral may be required by the commissioner to secure state deposits provided for under this section.

(b) The banks in which state funds are deposited under a time deposit agreement shall pay at least a minimum interest rate to be fixed by the Department of Revenue, and this interest when paid shall be deposited in the general fund or in the other funds which are established by law.

(c) Nothing in this section prohibits the Department of Revenue from depositing the funds which it considers necessary for the proper conduct of the office in solvent banks outside the state under the terms and conditions provided in this section.

(d) The Department of Revenue may deposit funds in banks inside or outside the state in active accounts or on demand deposits without requiring those banks in which the accounts are deposited to pay interest on the deposits. It is the intention of the legislature that the department shall keep active deposits in any bank it considers deserving, and that, to partially compensate the banks for cashing state warrants in their regular course of business, no interest shall be paid on the deposits.

(e) Banks holding state deposits shall, as a condition of retaining those deposits, submit all information concerning the deposits and other relevant matters that may be requested by the commissioner. (§ 2 ch 206 SLA 1970)

Revisor's note (1970). — Parts of AS 43.05.150 appear to have been impliedly repealed by AS 37.10.075, added by § 2, ch. 206, SLA 1970 (FCCS SCS CSSB 402).

Cross reference. — As to accounting for state money and payment to Department of Revenue for deposit in proper fund, see AS 37.10.050.

Sec. 37.10.079. Purchase of bonds. (a) Notwithstanding the provisions of any other law, when the commissioner of revenue determines that there are funds in the state treasury above an amount sufficient to meet current demands, he may invest in general obligation bonds of political subdivisions of the state which meet the standards described in (b) of this section.

(b) The commissioner of revenue may purchase bonds sold by political subdivisions of the state if:

(1) they have been sold in accordance with the terms of the notice of their sale subject only to delivery of the bonds with an approving opinion of bond counsel to the effect that the bonds are valid and legally binding general obligations of the political subdivision and a statement to the effect that no litigation is threatened or pending which affects the validity of the bonds; or

(2) the bond counsel nominated by the issuing political subdivision in connection with the original offer for sale of the bonds certifies

(A) that a lawsuit has been filed or is threatened which challenges the corporate existence of the issuer or its power to issue the bonds or to levy taxes to pay the bonds or otherwise prevents the statement as to litigation referred to in (1) of this subsection,

(B) that as a consequence of the filing of the suit, the bonds cannot be sold or can only be sold at interest rates substantially in excess of the

interest rates the municipality would otherwise reasonably expect to pay, and

(C) [deleted]

(D) that, in his opinion, the municipality is or will be pursuing all available means to establish the validity of the bonds so that the lawsuit will be ultimately determined so as to permit the delivery of the bonds with the statement as to litigation referred to in (1) of this subsection.

(c) The purchase price for the bonds shall be their market value which is the price the commissioner of revenue determines most nearly equals the price the bonds would bear at the time of purchase if the bonds could then be delivered with an unqualified approving opinion of bond counsel as to the legality of the bonds and the other certificates and statements customary in the delivery of bonds of political subdivisions, provided, that this price shall not cause the effective interest rate on any of these bonds to exceed eight per cent per year. Before the purchase of the bonds by the commissioner of revenue, the political subdivision shall agree (1) to pay to the commissioner of revenue, to the extent any appropriation is made available, any loss incurred by the state on resale of the bonds by the state, or (2) if the commissioner of revenue so determines, (A) to repurchase the bonds from the commissioner of revenue at the same price as the bonds were sold to the state at such time as the political subdivision is able to sell and deliver other bonds to provide funds to repurchase the bonds purchased by the state or (B) to exchange the bonds purchased by the commissioner of revenue for bonds thereafter authorized by the political subdivision for the same purposes, bearing the same effective interest rate and issued with the unqualified approving opinion of bond counsel as to the legality of the bonds and the other documents customary in the delivery of bonds by political subdivisions. The commissioner of revenue may resell the bonds purchased from the political subdivision under this section to any purchaser or purchasers, or, in the alternative may resell the bonds to the political subdivision in accordance with the terms and conditions of this subsection. The proceeds of sale shall be paid into the general fund provided that any profit on the resale of the bonds shall be paid to the political subdivision.

(d) As used in this section, the term "commissioner of revenue" means the commissioner of revenue or any other officer, board, commission or committee of the state authorized to invest money of the general fund. (§ 1 ch 207 SLA 1970; am §§ 1-3 ch 112 SLA 1975)

Revisor's note (1970). — To correct a clerical error, the word "or" has been inserted at the end of AS 37.10.079(b)(1), added by ch. 207, SLA 1970 (HCS CSSB 593 am H). See 1970 House Journal, page 1589.

Effect of amendment. — The 1975 amendment substituted "he may" for "up to \$18,365,000 of them may be used to" in

subsection (a), and in paragraph (2) of subsection (b), substituted the language beginning "the bonds cannot be sold" for "the buyer has proper cause to avoid his contract for the purchase of the bonds" at the end of subparagraph (B), deleted subparagraph (C), and inserted the language beginning "municipality is" and

(b) Priority of need for loans under (a) of this section shall be determined by an examination of the value of lands for park and open space purposes if permanently acquired, of the likelihood that the lands will be permanently acquired by exercise of the option, and of the imminence of the risk of loss for park and recreation purposes if options are not obtained.

(c) Loans under (a) of this section shall be conditioned on repayment within 10 years, at an annual interest rate of six per cent.

Sec. 44.58.005. Legislative findings. The legislature finds that

- (1) the rapid growth of municipalities in the state and the incorporation of new municipalities has created a demand for capital improvements which can only be met by these municipalities borrowing money through the issuance of bonds or notes;
- (2) many of these municipalities, although creditworthy, either have not issued bonds or notes or have little outstanding debt;
- (3) the cost of borrowed money to these municipalities is or may be unnecessarily high due to lack of investor familiarity with the municipalities;
- (4) other municipalities in the state pay unnecessarily high borrowing costs because of the distance of the state from capital markets or may find borrowing difficult or impossible because of temporary economic dislocation due to loss of employment or prospective loss of employment.

(§ 1 ch 79 SLA 1975)

Sec. 44.58.010. Legislative policy. (a) It is the policy of the state

- (1) to foster and promote by all reasonable means the provision of adequate capital markets and facilities for borrowing money by municipalities in the state to finance capital improvements or for other authorized purposes, to assist these municipalities in fulfilling their capital needs and requirements by use of borrowed money within statutory interest rate or cost of borrowing limitations, to the greatest extent possible to reduce costs of borrowed money to taxpayers and residents of the state, and equally to encourage continued investor interest in the purchase of bonds or notes of municipalities as sound and preferred securities for investment;
- (2) to encourage municipalities to continue their independent undertakings and financing of capital improvements and other authorized purposes and to assist them by making capital funds available at reduced interest costs for orderly financing of capital

improvements and other purposes especially during periods of restricted credit or money supply, particularly for those municipalities not otherwise able to borrow for capital needs.

(b) The legislature further declares that

(1) the exercise of the powers of the state in the interest of its municipalities is required to further and implement the policies declared in (a) of this section by authorizing the creation of a state bond bank authority as a body corporate and politic that will have full powers to borrow money and to issue its bonds and notes to make capital funds available for borrowing by municipalities and by granting broad powers to the bond bank authority to carry out the declared policies which are in the public interest of the state and its taxpayers and residents;

(2) state funds should be applied or authorized to be paid to a state bond bank authority only to provide adequate assurance and security to the holders of the bonds or notes of the bond bank authority;

(3) the bond bank authority should conduct its operations to provide the lowest rates in terms of borrowing to municipalities as is consistent with a self-supporting operation with no expectation of subsidization with state funds. The legislature does not intend that the bond bank authority be utilized as a means to finance municipalities beyond their capability to meet repayment schedules and debt service requirements of bonds or notes. (§ 1 ch 79 SLA 1975)

Sec. 44.58.020. Municipal Bond Bank Authority. There is created the Alaska Municipal Bond Bank Authority. The authority is a public corporation of the state. The corporation is an instrumentality of the state within the Department of Revenue but has a legal existence independent of and separate from the state and has continuing succession until its existence is terminated by law. The exercise by the authority of the powers conferred by this chapter is considered an essential governmental function of the state. (§ 1 ch 79 SLA 1975)

Sec. 44.58.030. Membership and vacancies. The bond bank authority consists of the following five directors: The commissioner of revenue, the commissioner of community and regional affairs, who shall each be a director ex officio with voting privileges, and three directors appointed by the governor. The appointment of each director other than the commissioner of revenue and the commissioner of community and regional affairs is subject to confirmation by the legislature. The three directors appointed by the governor serve at his pleasure for four-year terms. They must be residents of the state and qualified voters at the time of appointment and shall comply with the requirements of AS 39.50 (conflict of interest). The directors first appointed shall have terms of two, three and four years respectively. Each director shall hold office for the term of his appointment and until his successor has been appointed and qualified. A director is eligible for reappointment. A vacancy in a directorship occurring other than by expiration of term shall be filled in

addition to its staff of regular employees, the bond bank authority may contract for and engage the services of the bond counsel, consultants, experts, and financial advisors the bond bank authority considers necessary for the purpose of developing information, or conducting studies, investigations, hearings or other proceedings. (§ 1 ch 79 SLA 1975)

Sec. 44.58.080. Powers of bond bank authority. The bond bank authority may

- (1) sue and be sued;
- (2) adopt and alter an official seal;
- (3) make and enforce bylaws and rules for the conduct of its business and for the use of its services and facilities;
- (4) maintain an office at any place in the state;
- (5) acquire, hold, use and dispose of its income, revenues, funds and money;
- (6) acquire, rent, lease, hold, use and dispose of other personal property for its purposes;
- (7) borrow money and issue its negotiable bonds or notes and provide for and secure their payment, provide for the rights of their holders and purchase, hold and dispose of any of its bonds or notes;
- (8) fix and revise from time to time and charge and collect fees and charges for the use of its services or facilities;
- (9) accept gifts or grants from the United States, or from any governmental unit or person, firm or corporation, carry out the terms or provisions or make agreements with respect to the gifts or grants, and do all things necessary, useful, desirable, or convenient in connection with procuring, accepting or disposing of the gifts or grants;
- (10) do anything authorized by this chapter, through its officers, agents or employees or by contracts with a person;
- (11) make, enter into and enforce all contracts necessary, convenient or desirable for the purposes of the bond bank authority or pertaining to a loan to a political subdivision, a purchase or sale of municipal bonds or other investments, or the performance of its duties and execution of any of its powers under this chapter;
- (12) purchase or hold municipal bonds at prices and in a manner the bond bank authority considers advisable, and sell municipal bonds acquired or held by it at prices without relation to cost and in a manner the bond bank authority considers advisable;
- (13) invest funds or money of the bond bank authority not required at the time of investment for loan to political subdivisions for the purchase of municipal bonds, in the same manner as permitted for investment of funds belonging to the state, except as otherwise provided in this chapter;
- (14) prescribe the form of application or procedure required of a political subdivision for a loan or purchase of its municipal bonds, fix the terms and conditions of the loan or purchase, and enter into agreements with political subdivisions with respect to loans or purchases;

sell or dispose of municipal bonds or other investments or to make loans to political subdivisions or to establish and collect fees or other charges convenient or necessary to produce sufficient revenues to meet the expenses of operation of the bond bank authority and to fulfill the terms of any agreement made with the holders of its bonds or notes or in any way impair the rights or remedies of the holders of the bonds or notes until the bonds or notes, together with the interest on the bonds or notes, and interest on unpaid installments of interest, and all costs and expenses in connection with an action or proceeding by or on behalf of the holders, are fully met, paid and discharged. (§ 1 ch 79 SLA 1975)

Sec. 44.58.140. Negotiability of bonds or notes. Notwithstanding other provisions of law, a bond or note issued under this chapter is fully negotiable for all purposes of the Uniform Commercial Code (AS 45.05), and a holder or owner of a bond or note, or of a coupon appurtenant to it, by accepting the bond, note or coupon is conclusively considered to have agreed that the bond, note or coupon is fully negotiable for all purposes of the Uniform Commercial Code. (§ 1 ch 79 SLA 1975)

Sec. 44.58.150. Bonds or notes as legal investments. Notwithstanding the restrictions of any other law, all banks, trust companies, savings banks and institutions, building and loan associations, savings and loan associations, investment companies, and other persons carrying on a banking business, all insurance companies, insurance associations, and other persons carrying on an insurance business, and all executors, administrators, guardians, trustees and other fiduciaries, may legally invest sinking funds, money or other funds belonging to them or within their control in bonds or notes issued under this chapter. (§ 1 ch 79 SLA 1975)

Sec. 44.58.160. Tax exemption. All property of the bond bank authority is public property devoted to an essential public and governmental function and purpose and is exempt from all taxes and special assessments of the state or a political subdivision of the state. All bonds or notes issued under this chapter are issued by a body corporate and public of this state and for an essential public and governmental purpose and the bonds and notes, and the interest and income on and from the bonds and notes, and all fees, charges, funds, revenues, income and other money pledged or available to pay or secure the payment of the bonds or notes, or interest on the bonds or notes, are exempt from taxation except for transfer, inheritance and estate taxes. (§ 1 ch 79 SLA 1975)

Sec. 44.58.170. Loans to political subdivisions. (a) The bond bank authority, to carry out the purposes and policies of this chapter, may lend money to municipalities through the purchase by the bond bank authority of municipal bonds of municipalities. Notwithstanding a home rule charter provision requiring public sale by a municipality of its

municipal bonds, a municipality may sell its municipal bonds to the bond bank authority at a negotiated, private sale. The bond bank authority, for this purpose, may issue its bonds and notes payable solely from the revenues or funds available to the bond bank authority for such payment and may otherwise assist municipalities as provided in this chapter.

(b) Notwithstanding any provision of law, to the extent that any department or agency of the state is the custodian of money payable to a municipality, at any time after written notice to the department or agency head from the bond bank authority that the municipality is in default on the payment of principal or interest on municipal bonds of the municipality then held or owned by the bond bank authority, the department or agency shall withhold the payment of that money from that municipality and pay over the money to the bond bank authority for the purpose of paying principal of and interest on bonds of the bond bank authority. (§ 1 ch 79 SLA 1975; am § 2 ch 56 SLA 1976)

Cross reference. — As to the authority of municipal instrumentalities to issue obligations for specified purposes, see AS 29.59.010.

Effect of amendment. — The 1976 amendment added the present second sentence of subsection (c), and in subsection (b), substituted "Notwithstanding any provision of law, to the extent that any department or agency of the state" for "To the extent that the commissioner of revenue" at the beginning of the subsection, substituted "the

department or agency head" for "him" and "department or agency" for "commissioner of revenue" near the middle of the subsection, and substituted all of the language beginning "and pay over the money" for "until the amount of the principal or interest then due and unpaid has been paid to the bond bank authority, or until the commissioner of revenue has been advised that arrangements, satisfactory to the bond bank authority, have been made for the payment of the principal and interest" at the end of the subsection.

Sec. 44.58.180. Issuance of bonds and notes. (a) The bond bank authority may issue its bonds or notes in principal amounts that it considers necessary to provide funds for any purposes under this chapter, including

- (1) the purchase of municipal bonds;
- (2) the making of loans through the purchase of municipal bonds;
- (3) the payment, funding or refunding of the principal of, or interest or redemption premiums on, bonds or notes issued by it whether the bonds or notes or interest to be funded or refunded have or have not become due;
- (4) the establishment or increase of reserves to secure or to pay bonds or notes or interest on bonds or notes and all other costs or expenses of the bond bank authority incident to and necessary or convenient to carry out its corporate purposes and powers.

(b) Except as otherwise provided in this chapter or by the bond bank authority, every issue of bonds or notes shall be general obligations payable out of the revenues or funds of the bond bank authority, subject only to agreements with the holders of particular bonds or notes pledging a particular revenue or fund. Bonds or notes may be

Additionally secured by a pledge of a grant or contributions from the United States or the state or a political subdivision or a person, firm or corporation, or a pledge of income or revenues, funds or money of the bond bank authority from any source whatsoever.

(c) Notwithstanding the provisions of (a) and (b) of this section, the total amount of bond bank authority bonds and notes outstanding at any one time, except bonds or notes issued to fund or refund bonds or notes, may not exceed \$150,000,000.

(d) In deciding to purchase municipal bonds of a municipality, the bond bank authority shall give preference to the municipalities referred to in § 5 of this chapter. In addition, the following, listed in order of preference, are preferred purposes of the municipal bonds that may be considered by the bond bank authority for purchase: schools, waste water treatment facilities, fire protection and public safety facilities, public health facilities and public transportation facilities. (§ 1 ch 79 SLA 1975)

Sec. 44.58.190. Form of issuance. Bonds or notes of the bond bank authority shall be authorized by resolution of the bond bank authority and may be issued in one or more series and shall bear the date, mature at the time, bear interest at the rate of interest each year or within a maximum rate, be in the denomination, be in the form, either coupon or registered, carry the conversion or registration privileges, have the rank or priority, be executed in the manner, be payable from the sources in the medium of payment at the place inside or outside the state, and be subject to the terms of redemption, with or without premium, as the resolution of the bond bank authority provides. (§ 1 ch 79 SLA 1975)

Sec. 44.58.200. Sale price. Bonds or notes of the bond bank authority may be sold at public or private sale at the price the bond bank authority determines. (§ 1 ch 79 SLA 1975)

The bond bank authority may from time to time issue its notes under this chapter and pay and retire or fund or refund the notes from proceeds of bonds or of other notes, or from other funds or money of the bond bank authority available for that purpose in accordance with a contract between the bond bank authority and the holders of the notes. (§ 1 ch 79 SLA 1975)

Sec. 44.58.220. Terms of agreement with the bondholder or noteholder. In a resolution of the bond bank authority authorizing or relating to the issuance of bonds or notes, the bond bank authority, in order to secure the payment of the bonds or notes and in addition to its other powers, may covenant and contract with the holders of the bonds or notes

(1) to pledge to a payment or purpose all or a part of its revenues to which its right then exists or may thereafter come into existence, and the money derived from the revenues, and the proceeds of any bonds or notes;

(2) to covenant against pledging all or a part of its revenues, or against permitting or suffering a lien on those revenues or its property;

(3) to covenant as to the use and disposition of payments of principal or interest received by the bond bank authority on municipal bonds or other investments held by the bond bank authority;

(14) to establish the procedure, if any, by which the terms of a contract or covenant with or for the benefit of the holders of bonds or notes may be amended or abrogated, the amount of bonds or notes the holders of which must consent to amendment or abrogation, and the manner in which the consent may be given;

(17) to provide for the rights and liabilities, powers and duties arising upon the breach of any covenant, condition or obligation and to prescribe the events of default and the terms and conditions upon which any or all of the bonds, notes or other obligation of the bond bank authority become or may be declared due and payable before maturity and the terms and conditions upon which the declaration and its consequences may be waived;

(18) to vest in a trustee inside or outside the state such property, rights, powers and duties in trust as the bond authority may determine, which may include any of the rights, powers and duties of a trustee appointed by the holders of the bonds or notes, and to limit or abrogate the right of the holders of the bonds or notes of the bond bank authority to appoint a trustee under this chapter or limit the rights, powers and duties of the trustee;

(19) to pay the costs or expenses incident to the enforcement of the bonds or notes or of the resolution or of a covenant or agreement of the bond bank authority with the holders of its bonds or notes;

(20) to agree with a corporate trustee which may be a trust company or bank having the powers of a trust company inside or outside the state, as to the pledging or assigning of revenues or funds in which the bond bank authority has a right or interest, and may further provide for such other rights and remedies exercisable by the trustee as may be proper for the protection of the holders of bonds or notes of the bond bank authority and not otherwise in violation of law, and the agreement may also provide for the restriction of the rights of an individual holder of bonds or notes of the bond bank authority;

(21) to appoint and to provide for the duties and obligations of a paying agent or paying agents, or other fiduciaries as the resolution may provide inside or outside the state;

(22) to limit the rights of the holders of bonds or notes to enforce a pledge or covenant securing bonds or notes; and

(23) to make covenants other than and in addition to the covenants expressly authorized in this section, of like or different character, and to make covenants to do or refrain from doing acts and things as may be necessary, or convenient and desirable, in order to better secure bonds or notes or which, in the absolute discretion of the bond bank authority, will tend to make bonds or notes more marketable, notwithstanding that the covenants, acts or things may not be enumerated in this section. (§ 1 ch 79 SLA 1975)

Sec. 44.58.230. Purchase and disposition of own obligations. The bond bank authority may purchase bonds or notes of the bond bank authority out of its funds or money available for the purchase of its own bonds and notes. The bond bank authority may hold, cancel or resell the bonds or notes subject to and in accordance with agreements with holders of its bonds or notes. (§ 1 ch 79 SLA 1975)

Sec. 44.58.240. Bond anticipation notes. Notwithstanding any law applicable to a municipality as to the period for temporary financing of a public improvement or purpose by issuance of its notes in anticipation of the issuance of permanent bonds or as to the renewal of bond anticipation notes, the bond bank authority may purchase and the municipality may issue bond anticipation notes and may renew them from time to time; however, the bond anticipation notes, including renewals, shall mature in such amounts and in such years not exceeding five years from the date of the original issuance as is agreed between the bond bank authority and the municipality. In connection with the transaction and purchase of bond anticipation notes, the bond bank authority may by agreement with the municipality impose any terms, conditions and limitations as in its opinion are proper for the purposes and security of the bond bank authority and the holders of its bonds or notes. The failure of a municipality to comply with the agreement constitutes a failure of the municipality to pay principal of and interest on the bonds or notes, and the bond bank authority shall enforce all rights, remedies, and provisions of law as it has under this chapter or are elsewhere provided. (§ 1 ch 79 SLA 1975)

Sec. 44.58.250. Documentation. All municipal bonds purchased, held or owned by the bond bank authority, upon delivery to the bond bank authority, must be accompanied by all documentation required by the authority. (§ 1 ch 79 SLA 1975)

Sec. 44.58.260. Presumption of validity. After issuance, all bonds or notes of the bond bank authority shall be conclusively presumed to be fully authorized and issued under the laws of the state, and a person or a municipality is estopped from questioning their authorization, sale, issuance, execution or delivery by the bond bank authority. (§ 1 ch 79 SLA 1975)

Sec. 44.58.270. Reserve fund. (a) The bond bank authority shall establish and maintain a special fund called the "Alaska municipal bond bank authority reserve fund" in which there shall be deposited or transferred

(1) all money appropriated by the legislature for the purpose of the fund in accordance with the provisions of (g) of this section;

(2) all proceeds of bonds required to be deposited in the fund by terms of a contract between the bond bank authority and its bondholders or a resolution of the bond bank authority with respect to the proceeds of bonds;

(3) all other money appropriated by the legislature to the reserve fund; and

(4) any other money or funds of the bond bank authority which it decides to deposit in the fund.

and principal of bonds of the bond bank authority as the interest and principal become due and payable and for the retirement of bonds; and the money may not be withdrawn if a withdrawal would reduce the amount in the reserve fund to an amount less than the required debt service reserve except for payment of interest then due and payable on bonds and the principal of bonds then maturing and payable and for the retirement of bonds in accordance with the terms of a contract between the bond bank authority and its bondholders and for which payments of other money of the bond bank authority is not then available. As used in this subsection, "required debt service reserve" means, as of the date of computation, the amount required to be on deposit in the reserve fund as provided by resolution of the bond bank authority.

(c) Money in the reserve fund in excess of the required debt service reserve as defined in (b) of this section, whether by reason of investment or otherwise, may be withdrawn at any time by the bond bank authority and transferred to another fund or account of the bond bank authority subject to the provision of (h) of this section.

(d) Money in the reserve fund may be invested in the same manner and on the same conditions as permitted for investment of funds belonging to the state or held in the treasury under AS 37.10.070; however, the authority may agree with the bondholders to further limit these investments.

(e) For purposes of valuation, investments in the reserve fund shall be valued at par or if purchased at less than par, at cost unless otherwise provided by resolution of the bond bank authority. Valuation on a particular date shall include the amount of interest then earned or accrued to that date on the money or investments in the reserve fund.

(f) Notwithstanding any other provision of this chapter, no bonds may be issued by the bond bank authority unless there is in the reserve fund the required debt service reserve for all bonds then issued and outstanding and for the bonds to be issued; however, the bond bank authority may satisfy this requirement by depositing as much of the proceeds of the bonds to be issued, upon their issuance, as is needed to meet the required debt service reserve. The bond bank authority may at any time issue its bonds or notes for the purpose of increasing the amount in the reserve fund to the required debt service reserve, or to meet whatever higher or additional reserve that may be fixed by the bond bank authority with respect to the fund.

(g) In order to assure the maintenance of the required debt service reserve in the reserve fund, the legislature may appropriate annually to the bond bank authority for deposit in the fund the sum, certified by the chairman of the bond bank authority to the governor and to the legislature, that is necessary to restore the fund to an amount equal to the required debt service reserve. The chairman annually, before January 30, shall make and deliver to the governor and to the legislature his certificate stating the sum required to restore the fund to that

amount, and the sum so certified may be appropriated and paid to the bond bank authority during the then current state fiscal year. Nothing in this subsection creates a debt or liability of the state.

(h) All amounts received on account of money appropriated to the reserve fund referred to in (a)(3) of this section shall be held and applied in accordance with (b) of this section; however, at the end of each fiscal year, if the amount in the reserve fund is in excess of the required debt service reserve, any amount representing earnings or income received on account of money appropriated to the reserve fund which exceeds the operating expenses of the authority for that fiscal year shall be transferred to the general fund of the state. (§ 1 ch 79 SLA 1975; am § 3 ch 56 SLA 1976)

Effect of amendment. — The 1976 amendment inserted "if the amount in the reserve fund is in excess of the required debt service reserve" and "which exceeds the operating expenses of the authority for that fiscal year" in subsection (h).

Sec. 44.58.280. Additional funds and accounts. The bond bank authority may establish additional reserves or other funds or accounts as may be, in its discretion, necessary, desirable, or convenient to further the accomplishment of its purposes or to comply with the provisions of any of its agreements or resolutions. (§ 1 ch 79 SLA 1975)

Sec. 44.58.290. Application of funds. Money or investments in a fund or account of the bond bank authority established or held for bonds, notes, indebtedness or liability to be paid, funded, or refunded by issuance of bonds or notes, unless the resolution authorizing the bonds or notes provides otherwise, shall be applied to the payment or retirement of the bonds, notes, indebtedness or liability, and to no other purpose. (§ 1 ch 79 SLA 1975)

Sec. 44.58.300. Rights of holders paramount. In order to carry out its purpose under this chapter of making loans to municipalities by purchase of the municipal bonds of those municipalities and by receipt of its income from service charges and from payments of interest on the maturing principal of municipal bonds purchased and held by it, and in order to produce revenues or income to the bond bank authority sufficient at all times to meet its costs and expenses of operation under this chapter and to pay the principal of and interest on its outstanding bonds and notes when due, the bond bank authority must at all times, and to the greatest extent possible, plan to issue its bonds and notes and lend money to political subdivisions so that the purpose is achieved without in any way jeopardizing any rights of the holders of bonds or notes of the bond bank authority or affecting other matters under this chapter. (§ 1 ch 79 SLA 1975)

Sec. 44.58.310. Default in payment. If the bond bank authority defaults in the payment of principal or interest on an issue of notes or

Sec. 44.58.390. Cooperation by government agencies. All officers, departments, boards, agencies, divisions and commissions of the state shall render services to the bond bank authority that are within the area of their respective governmental functions and that may be requested by the bond bank authority and must comply promptly with any reasonable request by the bond bank authority relating to making of a study or review as to desirability, need, cost or expense, or financial feasibility with respect to a public project, purpose or improvement, or the financial or fiscal responsibility or ability of a political subdivision making application for loan to the bond bank authority and for the purchase by the bond bank authority of municipal bonds to be issued by that municipality. The cost and expense of a service requested by the bond bank authority, at the request of the officer, department, board, agency, division or commission rendering the service, shall be paid by the bond bank authority. (§ 1 ch 79 SLA 1975)
