FILE NO. 10

Section 5. Persons seeking licenses must pass an examination, and that the examination shall be held twice a year at both Juneau and Anchorage for the convenience of applicants.

Section 6. This section is amended to eliminate a licensure provision for transporters and to assure that a license is valid for at least one full year. Under existing law all licenses expire on December 31st following issuance regardless of when they were issued.

Section 7. An assistant guide license which has not been renewed for four years may not then be renewed until the applicant meets the qualifications for an initial license. Under the existing statute only a two-year grace period is provided.

Section 8. Under existing law the board is required to hold a hearing to consider disciplinary action if it receives complaints from three or more separate parties which a licensee has provided services to. The amendment provides a time period of five years within which these complaints must be received before the board is required to hold a disciplinary hearing. This section is also amended so that the board is no longer obligated to hold a disciplinary hearing when a licensee is merely charged with a violation of federal or state sport fish, game or guide statutes or regulations. Upon a conviction, however, the board is still required to hold a disciplinary hearing.

Section 9. The board is permitted the option of revoking, suspending, or denying renewal of a license if the board finds that the licensee does not meet certain requirements. Under existing law the board was required to revoke the license upon such a finding. This section is also amended to provide that specified disciplinary action must be taken by the board only when a licensee has been convicted of two violations of federal or state sport fish, game or guide statutes or regulations within the past five years. Under current law, two violations trigger mandatory disciplinary action regardless of the time period between the violations.

Section 10. This section is amended to remove reference to a transporter because transporters will no longer be licensed under this act.

Section 11 A reference to a transporter is deleted.

Section 12 A reference to a transporter is deleted.

Section 13 A new duty of the Department of Public Safety shall be the administration of the Guide License and Control Board.

Section 14. June 30, 1984 is set as the termination date for the Guide License and Control Board.

Section 15. This section repeals provisions which are inconsistent with this act.

AS 08.01.010(20) removes the Guide Licensing and Control Board from the list of boards to which Chapter 01 applies, since this board will no longer be administered by the Department of Commerce and Economic Development;

AS 08.03.010(b)(7) repeals the sunset provision for this board;

AS 08.54.100(5) eliminates the board's discretion to set qualifications in addition to those established by statute for licensure of master guides;

AS 08.54.110(12) eliminates the board's discretion in establishing qualifications for registered guide licenses in addition to those established by statute;

AS 08.54.142 repeals the section dealing with licensure of transporters;

AS 08.54.144 repeals the restrictions on transportation of hunters;

AS 08.54.146 repeals the section requiring preparation and filing of transporter reports;

AS 08.54.170(c) eliminates the license fee for a transporter;

AS 08.54.240(5) removes the definition of "transporting" and "activity of transporting";

III. ANALYSIS (See Fiscal Note Preparation Instructions, Section III)  
 Operational funding for the Guide Licensing and Control Board would be required to include the establishment of two positions, an Administrative Assistant I (range 12) and a Clerk-Typist III (range 8) and associated costs. These two positions would be located in Anchorage under the Director of the Fish & Wildlife Protection Division, and would provide administrative and clerical support to the Board. Travel costs are estimated for five members of the Board plus the Administrative Assistant for three meetings (approximately twelve days each) annually. The costs shown for FY81 also include office equipment for the new positions and an audio recording system to be used to document testimony and Board actions in cases of license suspension, revocation, or denial which are litigated. Dollar amounts shown after FY81 include a 7% inflation factor.

If the Board membership is increased, travel costs will be correspondingly higher than the estimates indicated.

The Department currently does not have sufficient clerical staff to adequately administer the Guide Licensing and Control Board.

This position would be responsible for all clerical support to the Board, including transcriptions of Board meetings for use in possible hearings and litigations. At present, some of this work is being accomplished by the Director's staff to the detriment of other duties and obligations. Approximately 15,000 financial remuneration statements submitted by guides annually are currently being filed by professional level investigators, decreasing their time available for program operations.

Some of the functions, in part, are currently being accomplished by the Dept. of Commerce. When the Board is transferred to this Department, however, clerical support will not be transferred. Denial of this position will result in program ineffectiveness, as professional level staff will have to be diverted to clerical work as indicated above.

## House of Representatives

To: Office of the Attorney General  
From: Representative Rick Halford  
Date: March 10, 1980  
Request: Legal Review of the Powers, Duties and Performance of the State Guide Licensing and Control Board

The House Resources Committee is considering the merits of continuation or termination of the Guide Licensing and Control Board under the Sunset review process. Because the Guide Board's mandate and procedures have been the subject of numerous legal questions, it seems appropriate to request that your department review certain issues which are beyond the expertise of Legislative audit.

A substantial portion of the Guide Board's time, since its creation, has been devoted to the development and implementation of a limited entry system under the terminology of "exclusive guide areas". Specific questions include:

- 1) Does the exclusive guide area system comply with the provisions of Article I, Section I of the State Constitution and the further provisions of Article VIII, Section 17 in concept (if carried out properly).
- 2) If the system is conceptually within Constitutional bounds, does the method of implementation used by the Guide Licensing and Control Board comply with all applicable Constitutional and Statutory provisions.

These two questions are basic to the entire area system which has been in place for several years:

- 1) If guide A is cited for guiding in an area assigned to guide B, and guide A is willing to go through the entire legal appeal process, will he win if he is in every other way legal to guide in the area in question?
- 2) Do the broad protections applied to a guide's license in the Herscher case logically extend to the exclusion from using that license under the exclusive areas?

It would also be useful to have copies of all past correspondence between your office and the Department of Public Safety or the Guide Board on this subject.

Attention: Chairman, Brad Bradley

I would like to add my comments on the Guide Licensing and Control Board Public hearing that was held on February 28, 1980.

I am very much in favor of keeping the Guide Board in existence. I think they are doing a very good job. Also, I am against transferring the jurisdiction to the Department of Public Safety. I would also like to see the transportor law dropped.

I would highly recommend the Guide Board come under the Department of Fish and Game.

Sincerely,

Dear Mr. Bradley,

The Marine Mammal Act has affected this island and elsewhere. It also hurts us-Alaskans. For the fact, it has cut down hunting, our source of food supply.

In my belief, as poor as I am, believe that if anyone has a need they should try to get whatever they want. I try to get what I need because it is my need. It shouldn't be any different with anyone else.

If the Guide hunting should begin we would like to run it on our own, in our own way. Others may think that we just give them the trophy they want and let them be on their way. It is not so, the walrus they get is divided amongst the crew-it is not left behind. It is our food.

Most of the boat captains are very much interested in guiding for this also brings money into the families of the crew for there are no employment or occupation here for everyone. I, myself, am for it for it would make me happy to be feeding my family and paying for our bills. I happen to have a large family to feed and clothe.

Thank-you.

Dear Senate Members:

In regard to the subject on the Guide Licensing and Control Board hearing, we wish to make our opinions, suggestions and recommendations known.

There is no doubt in our mind that the Guide Board does have a vital purpose to help properly control and manage the guiding industry, undoubtedly if the board were terminated chaos would arise. It is however evident that the board has not succeeded in properly fulfilling its objectives and unless significant changes are made we would favor its termination.

Its initial purpose was greatly needed however soon after its inception there followed continued inconsistencies in its procedures and policies. In its efforts to try and protect our investment and livelihood it actually has reduced it. We have been treated fairly in some regard and very unjust in others and thus it has been difficult to maintain proper objectives to stabilize our guiding business. More consideration should be given to full time guide operators. They have most invested and the most to lose. Use of areas should be more accurately established. Greater consideration should be given to game population for establishing areas. When areas are "joint use" harvest restrictions should be established between guides so that abuse does not arise out of uncooperativeness.

We are also concerned with the powers that have a dominant force superior to normal court proceedings, violations are not treated in proportion to their severity. Guide laws and regulations are often unclear and ambiguous which need revision. If the D2 legislation remains unresolved we can expect more complications with the increased pressure on the remaining hunting areas. Some guides will infringe on areas by unjust means, creating unbalanced harvest.

*A* We hope that you will recommend that unless the board establishes more positive and consistent policies that a new alternative be found to manage the guiding industry.

Sincerely,

*Dennis Branham*

REF: Guide Licensing  
& Control Board

Dear Senator Bradley,

I was one of the three people who attended the tele-conference this afternoon at Wasilla regarding the hearing on the GUIDE LICENSING & CONTROL BOARD. Unfortunately, I didn't have the packet containing the information on the hearing until arriving at the Wasilla office so I was ill prepared to give any testimony to you over the air.

To begin with, I would like to go on record by stating that I fully support the continuance of the Guide Licensing & Control Board as an appropriate method of maintaining a system of checks & balances pertaining to Guide related activities. I began working for Pinnell & Talifson of Kodiak, Alaska at the age of 18 and was fully in their employ until being drafted and upon my return from Vietnam until the present, I have been working for them on a part time basis, now as a Registered Guide during either the Spring or Fall season. Although I have been a State employee for nearly 12 years, the Guiding Profession still holds a very high priority with me.

During the tele-conference this afternoon, I kept somewhat of a score-card of those who called in their testimony with the result being, approximately 3 to 1 in favor of keeping the Guide Licensing & Control Board. It seemed to me as those opposed, were individuals who for one reason or other, had had a confrontation with the Board. Some of their reasoning as to why they shouldn't be held accountable for their actions, i.e. "minor" violations e.g. snagging fish etc., could, in my opinion, be likened to being "little bit pregnant". Now while I believe that most of us sometime in our lives probably have slipped somewhat, I can hardly believe that it is any excuse to use if brought before such a body as the Guide Licensing Board. I would intend to believe that there was more to it than 'snagging a fish'.

Some other areas of interest to me were the collection of Trophy Fees and Protection. I feel that if Trophy Fees are necessary to be collected, these monies should go towards game management rather than placed into the General Fund. Also, Protection should be of a high priority as it is virtually impossible to have Management without Protection. Lastly, I would like to express my views in regards to Exclusive Areas. It would seem logical that if these areas were broken down into smaller units, there would be more hunting pressure as, more guides equals more hunters equals more hunting equals more pressure in increasingly smaller areas. In spite of seemingly unfairness to those who don't have an exclusive area, by maintaining a larger area, a more ideal conservation practice is effected. (Although there may be exceptions). The "heat" for lack of sufficient hunting areas should be more directed towards the Federal Government's land lock-up rather than the Guide Licensing & Control Board.

I firmly believe at this time that the continuance of the Guide Licensing & Control Board is very vital issue that should be supported by you and your colleagues and wish to thank you for allowing me my input in this matter of mutual concern. I would be very interested in knowing the results of this hearing and ask that you inform me at your convenience. Thank you.

Sincerely,

Mark Jensen - Needs

Better recognition by Senate & House as to the place where guides fit in to Alaska.

Recognize the Committee as part of Alaska -  
4 bills dealing w Guide Licensing which should  
have priority - Mark fees there should be priority.  
Transporter licenses P/B repealed.

Clark Enye

Funding of The Board, a problem: - more funding  
needed to have more meetings & a good rule -  
a problem. - Against it going onto protection division.

Don Harris: Repeal Transporter Licenses.

Hunters closer to areas where they can get licenses.

Phil Driver - Pres. Hunters Association

Problem: Dissemination of what is going on in the  
back areas of the state - more walking to all areas.  
Advisory Board System should be made up to advise  
board of what is going on in the Guide Industry.

Not in favor by transfer to Public Safety - \$1 not \$6  
under 1000.

Against "transporter" law

Guidelines P/B set down as to what funding consists  
of -  
Recind assistant Guide statute - would like  
more than 3 -> quality + bring more guides into

the industry.

A test of phrases or something of class be given to as-  
sistant guides.

Industry is saturated & working guides

Alien thing is one of the biggest plus we have -  
aliens & own guides. We need an alien guide  
law. \* \*

non-resident alien - I was a guide. Had 2 -  
should prevent this.

\* Excess tax on a few guides - a head tax - not Fair  
should be repealed. Pay, tax for founding license & bus-  
ness licenses also.

Dear Representative Osterback and Committee Members,

As a former member of the Guide Board, I have an abiding interest in its success. Any objective study or audit of the Board will show that a lot has been accomplished in the face of adversity. The Board, through its dedicated chairman, has accomplished the near-impossible in straightening out and bringing some degree of professionalism to the guiding business.

Because of this, we are distressed that a more positive report regarding the sunset review did not come out of your committee (House Journal, No. 29, 3-13-80). We are particularly concerned about paragraphs 5 and 5a. Surely the clean bill given the Board by the Division of Legislative Audit and by the Senate Commerce Committee this year warrant better than a one year extension by your committee! What long range plans can be carried out with a restriction like that? What further miracles must the Board perform to be given a pat on the back and encouraged rather than have additional road blocks thrown in the way?

Judging from Representative Rick Halford's request to the AG's office for a legal review of the Board, he may have had an adverse affect on your committee's report. It would appear to us, based on wording in Halford's request, that his personal and family problems with the Board may be coloring his views.

It is rumored in Fairbanks that Representative Halford has had lucrative summer flying contracts for the Game Department. Until this is checked out, we can only question the propriety of such practices by a legislator and wonder about conflict of interest problems--moral, if not legal. Maybe the AG should be asked about this?

The Guide Board needs assistance and encouragement, not unnecessary impediments. Much has been accomplished and much more can be accomplished if the Board is given a chance. It doesn't appear your committee is giving it that chance.

Sincerely,  
Interior Wildlife Assoc.

DIVISION OF OCCUPATIONAL LICENSING

POUCH D - JUNEAU 89811

June 29, 1978

Governor Jay Hammond  
Office of the Governor, State of Alaska  
Juneau, Alaska

Dear Governor Hammond:

Since 1973 I have been chairman of the State Guide Licensing and Control Board. As chairman it has been necessary for me to work closely with the staff in the Licensing Department under the Department of Commerce. Our particular board is handling the correspondence and problems of about 420 registered guides and over 500 assistant guides, plus over 120 Class A guides. There is a wide variety of correspondence to answer. I personally have willingly given generously of my time to see that the questions that come up are properly answered.

My chief reason for writing this letter is to bring to your attention the fact that since my contact with the Department there has been a steady turn-over of help in the Department. The turnover in the guide section has been at the rate of about 1 each year. My observation places the turnover on the other desks representing the other twenty boards at a very similar rate. In all the cases of where the Guide Board had a change of secretarial help the change was related to the workload required and the lack of salary connected with that workload. The amount of time it takes to acquaint a new secretary with the work, and have her assume responsibility of moving the correspondence smoothly, is a major factor in how good, and smoothly, our Board functions. All the girls I have worked with in the Department have been very good and competent. In some cases, however, some have taken more responsibility than others, which certainly brings the workload up to a higher efficiency.

The Administration is now in the process of building up the new budget, and I would sincerely hope the proper agency would evaluate the increased workload that has occurred in the Licensing Division in the last five years, and also a recap of the turn-over of help in this division. If this is recapped I am certain that the rate of turn-over would be many times the state's normal average. That alone should raise some questions that require answers. We are all interested in good government and the way we get it is attention to the state employee problem when needed.

Sincerely yours,

Marcus F. Jensen, Chairman  
Guide Licensing and Control Board

Dear Mr. Osterback,

As one of 10 guides who spontaneously appeared in Fairbanks for the recent Senate Commerce Committee teleconference on the sunset provision for the Guide Board, I want to tell you that we are all disappointed in the lukewarm endorsement for the Board that came out of your committee. When I say "we", I assume the others will be, too, for they all spoke highly of the Board's accomplishments.

Thanks to the Board, a guide can now concentrate on producing a quality hunt instead of trying to out-fox other guides that are vying for the same area. I would also call your attention to the fact that two of the five biggest vacuum cleaning outlaws have been put out of business by the Board.

I particularly feel it is unfair to only recommend a temporary one year extension of the Board while the Department of Law looks for problems. Instead of causing the Board trouble, you should be praising them for accomplishing the near-impossible.

As for paragraph 5b of your report to the House Speaker, it appears your committee is suggesting a special class of citizen be created to accommodate rural residents. While I won't attempt to probe the constitutionality of this, I would remind you that the function of the Board is to upgrade the guiding profession. Guides have to handle a lot of correspondence, contracts and other business functions that cannot be neglected in a profession.

Now having said that, I would point out that the Board bends over backwards to accommodate native people that genuinely want to get into guiding. Examples would be some of the walrus hunters on St. Lawrence Island and muskoxen guides on Nunivak. At the Board's request, I am presently assisting a native guide from Arctic Village to prepare his case for a guiding area. This fellow, whom I helped into the guiding business many years ago, has failed to show up at Board meetings on several occasions when contenders for the area have been greatly inconvenienced by this fact. Still the Board has kept his application open long after it would

have been closed for any white guide. I don't object to this; I think it is good that the Board goes the extra mile, but I fail to see how you can expect them to do more, by any stretch of the imagination.

I sincerely hope you will take these comments as constructive and informative and see your way clear to give the Board greater assistance, for none of the guides I know want to return to the chaos we had prior to the formation of the Guide Board.

Sincerely,

Mr. Don Hostak, Director  
Division of Occupational Licensing  
Department of Commerce and Economics

Dear Don:

Guide Licensing and Control Board proposed program for Fiscal Year 1981:

Three meetings between Juneau, Anchorage, and Fairbanks, from three to four days for each meeting. A possible meeting at Nome or Kotzebue if the Arctic ;guide kprogram moves ahead on schedule.

If the D-2 land bill changes the status of over one hundred guides as to their exclusive guide areas, I think that the Board will be able to handle this work load within the regular three meetings.

I am going to make a line item report, which pretty well identifies the Board's activities during the 1981 FY:

1. Give written and oral guide examinations. Approximately 20 to 25 guides have been taking this exam yearly.
2. The Board would sit as a jury on violation cases presented by the Attorney General's office.
3. Hear petitions from guides on boundary changes.
4. Hear petitions on transfer of guide areas to other ;qualified guides.
5. Hear testimony for Master Guides.
6. Act on proposed guide areas in Game Units 1 through 4.
7. Hear testimony on impact of D-2 land legislation where guide areas are involved.
8. Testify on S.B. 101 and H.B. 405 requiring changes on the Guide statutes.
9. Make survey of Arctic villages to explain Arctic guide programs, which would involve the taking of marine mammals.
10. Finalize the upgrading of Master guide area maps in the Anchorage office.

11. Receive applications for areas from new guides. The Board would open the whole state for six months and give everyone an equal chance to file.
12. Request money for a public address system to be used at our public hearings.

The Guide Board will need very few new regulations. The base has been very well established and proven workable. S.B. 101 has passed the Senate and should pass the House. It would repeal Part C, Line 3 in Sec. 08.54.200. This line made it mandatory that the Board revoke a license if guide was convicted of two violations. The Board has this power under another Section, which does not make it mandatory.

I will let your Department add to this report the expense incurred for our meetings and travel.

Yours very truly

March 13, 1980

The Honorable Clem Tillion  
President of the Senate  
Alaska State Legislature  
Pouch V  
Juneau, Alaska 99811

Dear Mr. President:

Your Senate Commerce Committee has had under consideration for "Sunset" review the Guide Licensing and Control Board pursuant to your referral under AS 44.66.050 and AS 08.03.010.

In accordance with the statutory requirements, a public hearing was held on the review of this Board, at which written and oral testimony was received. Members of the board testified in person or by teleconference. The committee considered the proposed budget for the board for FY 1981 and particularly examined the performance audit of the activities of the board conducted by the Division of Legislative Audit.

Guided, in part, by this performance review the Committee took into consideration the factors required to be considered under AS 44.66.050(c).

In considering the findings and recommendations of the Division of Legislative Audit as they appear on pages 9 through 12 of the Performance Review of the Guide Licensing and Control Board dated July 17, 1979, which is hereby incorporated by reference as though fully set out herein, the Committee makes the following recommendations:

The Committee finds that it would be in the best interest of the people of the state of Alaska for the board to be continued.

The Committee has not yet reached a concise opinion

The Honorable Clem Tillion  
March 13, 1980  
Page 2

regarding the transfer of the Guide Licensing functions to the Department of Public Safety.

The Committee feels that the "transporter laws" are not needed to protect the safety of the public or manage game resources.

The Committee feels it has adequately addressed the recommendations and categories required under AS 44.66.050(d), and recommends that the Guide Licensing and Control Board be continued for another four years, that is, that the repealer with regard to the activities of the board be amended to read June 30, 1984.

A bill will be introduced by the Commerce Committee to implement the recommendations in this report.

Respectfully submitted,

---

Senator Brad Bradley  
Chairman  
Senate Commerce Committee

III. ANALYSIS (See Fiscal Note Preparation Instructions, Section III)

Operational funding for the Guide Licensing and Control Board would be required to include the establishment of two positions, an Administrative Assistant I (range 12) and a Clerk-Typist III (range 8) and associated costs. These two positions would be located in Anchorage under the Director of the Fish & Wildlife Protection Division, and would provide administrative and clerical support to the Board. Travel costs are estimated for five members of the Board plus the Administrative Assistant for three meetings (approximately twelve days each) annually. The costs shown for FY81 also include office equipment for the new positions and an audio recording system to be used to document testimony and Board actions in cases of license suspension, revocation, or denial which are litigated. Dollar amounts shown after FY81 include a 7% inflation factor.

If the Board membership is increased, travel costs will be correspondingly higher than the estimates indicated.

SUBJECT: Section-by-section analysis of SB 574 dealing  
with the Guide Licensing and Control Board  
(Work Order No. 8526)

TO: Senator Brad Bradley  
Chairman, Senate Commerce Committee

FROM: Tamara Brandt Cook *TBC*  
Legislative Counsel

You have requested a section-by-section analysis of Senate Bill 574 entitled "An Act continuing the existence of the Guide License and Control Board and amending the law relating to its powers and responsibilities; and providing for an effective date."

Section 1. The Guide Licensing and Control Board is established in the division of fish and wildlife protection, Department of Public Safety. This amendment ensures that three members of the board will be involved in guiding and that the remaining four members will have no involvement in the guiding business.

Section 2. This amendment provides that members of the board may not be appointed for more than two consecutive terms. Since a term is for three years, a person would have to wait three years before being reappointed to the board after serving two terms. There is no limitation on the total number of terms which a person may serve on the board.

Section 3. The board must elect a chairman and a vice-chairman annually.

Section 4. This section generally increases fees required for licenses to engage in the profession of guiding.

Section 5. Persons seeking licenses must pass an examination, and that the examination shall be held twice a year at both Juneau and Anchorage for the convenience of applicants.

Section 6. This section is amended to eliminate a licensure provision for transporters and to assure that a license is valid for at least one full year. Under existing law all licenses expire on December 31st following issuance regardless of when they were issued.

Section 7. An assistant guide license which has not been renewed for four years may not then be renewed until the applicant meets the qualifications for an initial license. Under the existing statute only a two-year grace period is provided.

Section 8. Under existing law the board is required to hold a hearing to consider disciplinary action if it receives complaints from three or more separate parties which a licensee has provided services to. The amendment provides a time period of five years within which these complaints must be received before the board is required to hold a disciplinary hearing. This section is also amended so that the board is no longer obligated to hold a disciplinary hearing when a licensee is merely charged with a violation of federal or state sport fish, game or guide statutes or regulations. Upon a conviction, however, the board is still required to hold a disciplinary hearing.

Section 9. The board is permitted the option of revoking, suspending, or denying renewal of a license if the board finds that the licensee does not meet certain requirements. Under existing law the board was required to revoke the license upon such a finding. This section is also amended to provide that specified disciplinary action must be taken by the board only when a licensee has been convicted of two violations of federal or state sport fish, game or guide statutes or regulations within the past five years. Under current law, two violations trigger mandatory disciplinary action regardless of the time period between the violations.

Section 10. This section is amended to remove reference to a transporter because transporters will no longer be licensed under this act.

Section 11 A reference to a transporter is deleted.

Section 12 A reference to a transporter is deleted.

Section 13 A new duty of the Department of Public Safety shall be the administration of the Guide License and Control Board.

Section 14. June 30, 1984 is set as the termination date for the Guide License and Control Board.

Section 15. This section repeals provisions which are inconsistent with this act.

AS 08.01.010(20) removes the Guide Licensing and Control Board from the list of boards to which Chapter 01 applies, since this board will no longer be administered by the Department of Commerce and Economic Development;

AS 08.03.010(b)(7) repeals the sunset provision for this board;

AS 08.54.100(5) eliminates the board's discretion to set qualifications in addition to those established by statute for licensure of master guides;

AS 08.54.110(12) eliminates the board's discretion in establishing qualifications for registered guide licenses in addition to those established by statute;

AS 08.54.142 repeals the section dealing with licensure of transporters;

AS 08.54.144 repeals the restrictions on transportation of hunters;

AS 08.54.146 repeals the section requiring preparation and filing of transporter reports;

AS 08.54.170(c) eliminates the license fee for a transporter;

AS 08.54.240(5) removes the definition of "transporting" and "activity of transporting";

AS 16.05.340(e) eliminates fees charged to master guides and registered guides for the taking of specified game animals;

## LEGISLATIVE AFFAIRS AGENCY

MEMORANDUM

October 11, 1979

SUBJECT: Sunset (Work Order Number 7408)

TO: Representative Fred E. Brown

FROM: David T. Walker *DTW*  
Legislative Counsel

You have requested an opinion as to the status of statutory provisions relating to the responsibilities of a board or commission terminated under the provisions of AS 44.66.

I recall discussion of that issue during the hearings and meetings involved with setting up the "sunset" concept and legislation. The legislature intentionally modeled this portion of our law after the Colorado statute (CS 24-34-104). Under this version of sunset the statutory provisions relating to the responsibilities of a board or commission are rendered ineffectual by the termination of the board or commission. It is expected that the legislature would subsequently act to expressly repeal those statutes. The revisor's bill is considered a likely vehicle for that purpose.

Under the sunset concept the legislative committee of reference identifies problems and needs addressed by board and agency programs and evaluates among other things, whether or not continued regulation of the activity is in the public interest. One purpose of sunset legislation is to subject the programs and activities of all agencies, boards and commissions to a regular system of legislative scrutiny. When the investigating committee determines that an agency activity should be modified, or the activity continued but transferred to another agency, it introduces a bill to effect the recommended change. It recommends a measure of deregulation of an activity by doing nothing - allowing the regulating agency to terminate under the terms of AS 44.66.

If, for example, the legislature allowed the Alcoholic Beverage Control Board to terminate and no additional legislation was introduced to transfer responsibilities, etc., I believe a person could sell alcoholic beverages without a license but that it would remain a misdemeanor to sell alcoholic beverages to a person under the age of 19 years.

It is my opinion that statutes which depend upon the exercise of a power of a board or commission for their execution are rendered ineffectual by the termination of that board or commission under AS 44.66.

AVRUM M. GROSS  
ATTORNEY GENERAL

Status of ABC  
Board in 1980

By:  
Rodger W. Pegues  
Assistant Attorney General

You have asked if it is within the scope of the Sunset Law to continue the normal exercise of the powers of the ABC Board at least until March 1980 and then, absent any statutory resurrection, phasing it out.

We believe that you are acting within the scope of the law.

The 1977 Legislature enacted a sunset law for two classes of agencies. §§ 2 and 3, ch. 149, SLA 1977. One section applies to 22 expressly designated professional and occupational licensing boards. It has been codified as AS 08.03.010. The other applies, first, to five expressly designated regulatory commissions and then to certain other agencies. It is codified as AS 44.66.010, 020. The latter, over a period of years, provides for review and potential termination of all state agencies and institutions. \*/ The ABC Board is one of the regulatory agencies specified in AS 44.66.010.

Both provide for "termination" on dates certain, e.g., June 30, 1979, in the case of the ABC Board. Both provide for a terminated agency to "continue in existence until June 30 of the next succeeding year for the purpose of concluding its affairs." Compare AS 08.03.010(c) with AS 44.66.010(b). It is at this point, however, that an apparent distinction arises.

Under AS 08.03.010(c), during its year of continued "existence," the terminated agency's powers expressly remain undiminished. A similar provision does not occur in AS 44.66.010(b). It is silent on the matter. Ordinarily,

when two provisions are enacted together on related matters and are distinguishable in this manner, the distinction is considered to intend a substantial difference, i.e., here, that agencies terminated under AS 44.66.010 do not continue to possess their powers during this closing-out year. There is no reason, however, to perceive such a difference here. The situation is the same for both classes of agencies and for the objects of regulation and public protection. Indeed, AS 08.03.010(d) provides that the provisions of AS 44.66.050 govern the termination of agencies under AS 08.03, a rather persuasive indication that the same rules are to apply to both classes of agencies.

Our conclusion is, therefore, that the difference in wording is inadvertent and that there was no intention to strip the regulatory boards terminated under AS 44.66 of their powers during the year in which they are closing out. If the boards are not resurrected during that last year, then their powers cease to exist, and they cannot -- absent new legislation -- be delegated to the departments in which the boards were located.

08.54.010      SECTION 1. THE GUIDE LICENSING AND CONTROL BOARD IS  
p.1, L.12/14      ESTABLISHED SOLELY IN THE DIVISION OF FISH AND WILDLIFE  
PROTECTION, DEPARTMENT OF PUBLIC SAFETY. CURRENTLY DEPART-  
MENT OF COMMERCE AND ECONOMIC DEVELOPMENT (OCCUPATIONAL  
LICENSING) AND DIVISION OF PUBLIC SAFETY (FISH AND WILDLIFE  
p.1, L.15/20      PROTECTION) HAVE RESPONSIBILITY FOR STAFF SUPPORT. THIS  
AMENDMENT ALSO ENSURES THAT THREE MEMBERS OF THE BOARD WILL  
BE ACTIVELY INVOLVED IN GUIDING AND THE REMAINING FOUR WILL  
HAVE NO INVOLVEMENT IN THE GUIDING BUSINESS.

08.540.020      SECTION 2. PROVIDES THAT MEMBERS OF THE BOARD MAY NOT BE  
p.1, L.28/29      APPOINTED FOR MORE THAN TWO CONSECUTIVE TERMS. A TERM IS  
FOR THREE YEARS.

08.54.030      SECTION 3. THE BOARD MUST ELECT A CHAIRMAN AND A VICE-  
p.2, L.2/5      CHAIRMAN ANNUALLY. THE CHAIRMAN MAY NOT SERVE FOR MORE  
THAN TWO CONSECUTIVE YEARS. ADEQUATE ROTATION WILL ASSURE  
A MORE RESPONSIVE BOARD TO THE PUBLIC INTEREST.

08.54.070(a)      SECTION 4. THIS SECTION GENERALLY INCREASES FEES REQUIRED  
p.2, L.8/11      FOR LICENSES TO ENGAGE IN THE PROFESSION OF GUIDING.

08.54.182      SECTION 5. PERSONS SEEKING LICENSES MUST PASS AN EXAMINATION,  
p.2, L.13/16      AND THAT THE EXAMINATION SHALL BE HELD TWICE A YEAR AT BOTH  
JUNEAU AND ANCHORAGE FOR THE CONVENIENCE OF APPLICANTS.

08.54.190(a)  
p.2, L.18/20

SECTION 6. THIS SECTION IS AMENDED TO ELIMINATE A LICENSE PROVISION FOR TRANSPORTERS AND TO ASSURE THAT A LICENSE IS VALID FOR AT LEAST ONE FULL YEAR. UNDER EXISTING LAW ALL LICENSES EXPIRE ON DECEMBER 31 FOLLOWING ISSUANCE REGARDLESS OF WHEN THEY WERE ISSUED. PERSONNEL IN THE DEPARTMENT OF PUBLIC SAFETY, DIVISION OF FISH AND WILDLIFE PROTECTION, CONSIDER THE "TRANSPORTER LAWS" CONFUSING AND DIFFICULT TO ENFORCE. IN ADDITION, WE FOUND THE INFORMATION AND REPORTS THAT TRANSPORTERS ARE REQUIRED TO FILE ARE NOT BEING USED AND ARE NOT NEEDED TO MANAGE THE GAME RESOURCES OF THE STATE. FURTHERMORE, AIR TRANSPORTERS' FLYING SAFETY QUALIFICATIONS AND AIRCRAFT SAFETY ARE REGULATED BY THE FEDERAL AVIATION ADMINISTRATION.

08.54.190(b)  
p.2, L.24

SECTION 7. AN ASSISTANT GUIDE LICENSE WHICH HAS NOT BEEN RENEWED FOR FOUR YEARS MAY NOT THEN BE RENEWED UNTIL THE APPLICANT MEETS THE QUALIFICATIONS FOR AN INITIAL LICENSE. UNDER THE EXISTING STATUTE ONLY A TWO-YEAR GRACE PERIOD IS PROVIDED.

08.54.200(a)  
p.3, L.2

SECTION 8. UNDER EXISTING LAW THE BOARD IS REQUIRED TO HOLD A HEARING TO CONSIDER DISCIPLINARY ACTION IF IT RECEIVED COMPLAINTS FROM THREE OR MORE SEPARATE PARTIES TO WHICH A LICENSEE HAS PROVIDED SERVICES. THE AMENDMENT PROVIDES A TIME PERIOD OF FIVE YEARS WITHIN WHICH THESE COMPLAINTS MUST BE RECEIVED BEFORE THE BOARD IS REQUIRED TO HOLD A DISCIPLINARY HEARING. THIS SECTION IS ALSO AMENDED

p.3, L.6

SO THAT THE BOARD IS NO LONGER OBLIGATED TO HOLD A DISCIPLINARY HEARING WHEN A LICENSEE IS MERELY CHARGED WITH A VIOLATION OF FEDERAL OR STATE SPORT FISH, GAME OR GUIDE STATUTES OR REGULATIONS. UPON A CONVICTION, HOWEVER, THE BOARD IS STILL REQUIRED TO HOLD A DISCIPLINARY HEARING.

08.54.200(c) SECTION 9. THE BOARD IS PERMITTED THE OPTION OF REVOKING,  
p.3, L.9  
p.3, L.16  
SUSPENDING, OR DENYING RENEWAL OF A LICENSE IF THE BOARD FINDS THAT THE LICENSEE DOES NOT MEET CERTAIN REQUIREMENTS. UNDER EXISTING LAW THE BOARD WAS REQUIRED TO REVOKE THE LICENSE UPON SUCH A FINDING. THIS SECTION IS ALSO AMENDED TO PROVIDE THAT SPECIFIED DISCIPLINARY ACTION MUST BE TAKEN BY THE BOARD ONLY WHEN A LICENSEE HAS BEEN CONVICTED OF TWO VIOLATIONS OF FEDERAL OR STATE SPORT FISH, GAME OR GUIDE STATUTES OR REGULATIONS WITHIN THE PAST FIVE YEARS. UNDER CURRENT LAW, TWO VIOLATIONS TRIGGER MANDATORY DISCIPLINARY ACTION REGARDLESS OF THE TIME PERIOD BETWEEN THE VIOLATIONS.

08.54.210(a)(1) SECTION 10. THIS SECTION IS AMENDED TO REMOVE REFERENCE TO  
p.3, L.20  
A TRANSPORTER BECAUSE TRANSPORTERS WILL NO LONGER BE LICENSED UNDER THIS ACT. SEE SECTION 6.

08.54.210(a)(2) SECTION 11. A REFERENCE TO A TRANSPORTER IS DELETED.  
p.3, L.26

08.54.210(a)(4) SECTION 12. A REFERENCE TO A TRANSPORTER IS DELETED.  
p.4, L.5

44.41.020 SECTION 13. A NEW DUTY OF THE DEPARTMENT OF PUBLIC SAFETY  
p.4, L.11  
SHALL BE THE TOTAL ADMINISTRATIVE STAFF SUPPORT OF THE GUIDE LICENSE AND CONTROL BOARD.

08.03.010(c) SECTION 14. JUNE 30, 1984 IS SET AS THE TERMINATION DATE  
p.4, L.15 FOR THE GUIDE LICENSING AND CONTROL BOARD.

SECTION 15. THIS SECTION REPEALS PROVISIONS WHICH ARE  
INCONSISTENT WITH THIS ACT.

AS 08.01.010(20) REMOVES THE GUIDE LICENSING AND  
CONTROL BOARD FROM THE LIST OF BOARDS TO WHICH CHAPTER  
01 APPLIES, SINCE THIS BOARD WILL NO LONGER BE ADMINIS-  
TERED BY THE DEPARTMENT OF COMMERCE AND ECONOMIC  
DEVELOPMENT;

AS 08.03.010(B)(7) REPEALS THE SUNSET PROVISION FOR  
THIS BOARD;

AS 08.54.100(5) ELIMINATES THE BOARD'S DISCRETION TO  
SET QUALIFICATIONS IN ADDITION TO THOSE ESTABLISHED BY  
STATUTE FOR LICENSURE OF MASTER GUIDES;

AS 08.54.110(12) ELIMINATES THE BOARD'S DISCRETION IN

SECTION 16. THIS ACT TAKES EFFECT IMMEDIATELY.
