III. ANALYSIS (See Fiscal Note Preparation Instructions, Section III)

Authority for home rule or general law municipalities to issue revenue bonds will potentially saturate the market for these issues and bring all tax exempt revenue bonding under critical scrutiny by the United States Treasury. Such issues would further be in direct competition with similar state issues. It is further questionable that home rule or general law municipalities could market such debt at favorable rates on an individual basis and as such could potentially require state assistance at some time in the future.

331 (Homeowners) times \$558 (average senior citizen saving) = 184,698
 117 (Renters) times \$184 (average senior citizen renter reimbursement) = 21,528

III. ANALYSIS (See Fiscal Note Preparation Instructions, Section III)

The only information available from the Federal Veterans Administration was that there are approximately 200 veterans disabled 40% or more within the State. We have estimated based on total 200 being over 50% and that 3/4 of those are homeowners and 1/4 are renters.

150 homeowners @ \$553 (average senior citizen homeowner savings) = \$83,700

50 renters @ \$184 (average senior citizen renters reimbursement) = 9,200

Total \$92,900

Additional cost is for forms printing, processing and refunds processing.

SENATE JOURNAL

ALASKA STATE LEGISLATURE

ELEVENTH LEGISLATURE - FIRST SESSION

JUNEAU, ALASKA

Tuesday

April 10, 1979

Eighty-sixth Day

Pursuant to adjournment, the Senate was called to order by President Tillion at 10:02 a.m.

The roll call showed eighteen members present. Senators Ray and Sackett were absent.

The prayer was offered by the Chaplain, Pastor John Lenker of the Church of the Nazarene. Senator Kerttula moved and asked unanimous consent that the prayer be spread in the journal. Without objection, it was so ordered and the prayer appears as follows:

"Almighty God of all:

We recognize Your touch in the tiny spring blossoms, in the beautiful snowcapped mountains that surround this valley, in the myriad of stars that stud the vast expanse of the universe. We come to You with a sense of awe, but also with the knowledge that You are not only the great Creator, but also the Father of mankind, our Heavenly Father, aware and concerned with the affairs of men. May on this day, the wisdom and purpose of God direct the minds in making decisions which this Senate shall be called upon to make.

Help us in the spirit of our Lord's prayer to say, 'Our Father, which art in heaven, Hallowed be Thy name. Thy Kingdom come, Thy will be done on earth as it is in heaven. Give us this day our daily bread, and forgive us our trespasses as we forgive those who trespass against us. Lead us not into temptation but deliver us from evil, for Thine is the kingdom, and the power, and the glory, forever'.

Amen."

The committee further attaches a letter of recommendation to the Judiciary Committee. Senator Hackney, Chairman and Senators Ferguson, Sturgulewski, Fahrenkamp and Colletta signed "do pass if amended."

SENATE BILL NO. 65 was referred to the Judiciary Committee.

Letter of recommendations to the Judiciary Committee accompanying the above bill follows:

April 9, 1979

Robert Ziegler, Chairman
Senate Judiciary Committee
Alaska State Legislature
Pouch V
Juneau, Alaska 99811

Dear Chairman Ziegler,

The Senate Health, Education and Social Services Committee, in its review of SB 65, has red flagged the following sections of SB 65 for close examination by the Senate Judiciary Committee: sections 14 - 18.

Section 14 would require that an individual claiming exemption from the provisions of this bill would bear the burden of proof in proving his exemption. This Committee requests that Judiciary address the constitutionality of placing the burden of proof on the claimant as opposed to placing the burden of proof on the state to prove that the individual is not exempt.

Section 15 divides controlled substances into five categories similar to categories established under federal law. However, the classification format that the state intends to adopt through this bill, i.e. Class A, Class B, etc., varies from the federal government's in that the federal government's format is based on a numerical system of classification, i.e. Schedule I, Schedule II, etc. In order to avoid problems that might surface as a result of using dissimilar classification formats, this Committee requests that Judiciary consider the merits of adopting a system of classification that will coincide with the classification format used by the federal government.

Sections 16, 17, and 18. This Committee requests that
 Judiciary take a look at the conformity between the penalty
 sections of this bill and the penalties prescribed for similar
 offenses in the Alaska Criminal Code. SB
65

Sincerely,

 Glenn Hackney
 Chairman

53

 man and Senators Hohman, Tillion and Sumner signed "do pass
