1255 SCRA LOCAL BOUNDARY COMM. REPORT - SHARED TAXES PROC

# STATE OF ALASKA

JAY S. HAMMOND, GOVERNOR

## DEPT. OF COMMUNITY & REGIONAL AFFAIRS

DIVISION OF LOCAL GOVERNMENT ASSISTANCE

POUCH B  
JUNEAU, ALASKA 99811

January 14, 1982

The Honorable Don Gilman, Chairman  
C & RA Committee  
Alaska State Senate  
and  
The Honorable Patrick O'Connell, Chairman  
C & RA Committee  
Alaska State House of Representatives  
Pouch V  
Juneau, Alaska 99811

Gentleman:

RE: PROPOSED JOINT COMMITTEE HEARINGS ON LBC RECOMMENDATIONS - SECOND SESSION

During this week three reports will be transmitted to the President of the Senate and the Speaker of the House concerning annexations approved by the Local Boundary Commission in the City of Nome, the City of Kodiak, and the Kodiak Island Borough. Those reports will undoubtedly be referred to your respective committees for review of the Local Boundary Commission actions and to permit the possible introduction of a resolution to disapprove any or all of the annexations.

Concerning the annexations in the City of Kodiak and the Kodiak Island Borough, to the best of my knowledge there is no controversy surrounding these two annexations and I would be surprised if there is any interest in introducing a resolution to disapprove either of these annexations. Concerning the Nome annexation, which was disapproved by both Houses of the Legislature last year, it appears that, despite the fact that the major objectors to the annexation last year (i.e. Alaska Gold Company and Icy View) did not object this year there were some objections expressed to the proposed annexation during the Local Boundary Commission hearing and I presume those same interests will approach the Legislature requesting that a resolution be introduced to disapprove the annexation in Nome.

The Honorable Don Gilman  
The Honorable Patrick O'Connell  
January 14, 1982  
Page 2

On behalf of the Local Boundary Commission, we would like to request a joint hearing of the Senate and House Community and Regional Affairs Committees during which time the Local Boundary Commission would be available to answer questions concerning any of the three annexation actions and during which, the committees might well wish to hear testimony from others in the State who support or object to the annexations approved by the Local Boundary Commission. More specifically, the Local Boundary Commission, because of scheduling conflicts with its members, has requested that any joint hearing be scheduled during the first two weeks of February 1982.

On behalf of the Local Boundary Commission, your early consideration of this request will be appreciated.

Sincerely,

Lee McAnerney  
Commissioner

Mr. Ted Berns  
Pouch 6-650  
Anchorage, AK 99502

Dear Mr. Berns:

Enclosed are the Minutes for the Title 29 Revision Committee Policy Advisory Group meeting of August 27 and 28, 1980. Also enclosed is a copy of SB 565, a letter from Representative Nels Anderson of Dillingham to Mr. Palmer McCarter, and a letter from Robert S. Juettner, City Administrator of McGrath, to Senator Sturgulewski.

The dates for the next meeting of the Policy Advisory Group have been set for the 29th and 30th of September, 1980. The meeting will be held in Anchorage at the Legislative Information Office, 1024 West 6th Avenue. It will begin at 9:00 am in the conference room on the second floor.

Please let me know if there is anything I can do to assist you regarding this or any other of our meetings. I will be happy to make travel or hotel reservations, and send or bring copies of information you would like to have. My telephone number in Juneau is 465-3809, or you can call 465-3867.

Sincerely,

Melissa Aber Fouse  
Secretary, Title 29 Commission

TITLE 29 REVISION COMMITTEE  
Policy Advisory Group Meeting

Minutes of August 27 & 28 1980

The first meeting of the Policy Advisory Group of the Title 29 Revision Committee was held August 27, 1980 in the Conference Room of the Legislative Information Office, 1024 6th Avenue, Anchorage, Alaska. The meeting was called to order by Billy G. Berrier, Director of the Division of Legal Services at 9:00 am.

Present were: Ted Berns, Terry Cook, Marilyn Dimmick, James Kohler, Gene Moore, Donna Sherby, Jonathan Solomon, Russell W. Walker, Ronald Larson, Senator Arliss Sturgulewski, Senator Bob Mulcahy, Representative Margaret Branson, Representative Charles H. Parr as members of the Policy Group. Also present were Phil Smith and Mr. Palmer McCarter, Ex Officio Members of the Policy Advisory Group. Allan E. Tesche attended representing the Technical Committee. Ted Berns and Russell Walker are also members of the Technical Committee. Mike Walleri of the Tanana Chiefs Conference, Inc., and Glen Svendsen, Administrative Assistant to the Senate Community and Regional Affairs Committee were present. Billy Berrier and Tamara Cook were present representing the Division of Legal Services, Legislative Affairs. Tam Cook explained that Ginny Chitwood from the Alaska Municipal League could not be present but would attend future meetings as an Ex Officio member.

The first order of business was the selection of a chairman for the committee. Nominations were opened and Senator Sturgulewski was nominated by Representative Parr. The nomination was seconded and Senator Sturgulewski was elected Chairman by acclamation.

Mr. Berrier spoke on the role of the Technical Revision Committee and asked for an appointment of a group. A motion to set up a Technical Revision Group was made by Representative Branson. The motion was seconded and carried. The Technical Revision Committee members will be Ted Berns, Richard Garnett, III; John Messenger, Jim Nordale, JoAnne Stanley, Gerald Lee Sharp, Allan Tesche, and Russell Walker.

The Ex Officio members were introduced and there was discussion as to their role. It was agreed that they should sit at the table and take part in the discussion. Palmer McCarter spoke about the role of Community and Regional Affairs. He said that there would be a representative of C&RA at every meeting, either he or Patrick Poland would attend. Mr. McCarter also presented a letter from the Local Boundary Commission requesting the statutes regarding Development cities be left in Title 29 but improved. Phil Smith spoke on the concerns of RuralCAP regarding the impact of government on villages and rural areas.

Representative Parr suggested directions for the Policy Committee: 1.) greater self determination and latitude for local governments; and 2.) that elected officials should be able to understand Title 29 without the help of attorneys. Senator Sturgulewski agreed that Title 29 needed clarification.

The members present of the Technical Committee met briefly and Ted Berns, as spokesman, gave a report regarding the ideas they discussed. The group recommended that Title 29 be broken down into three sections.

1. The first section to be general provisions applying to all local government.

2. The second section to be delineation of procedures and additional limits on specific forms of government.

3. The third section to be directory provisions to be used unless the local government adopts ordinances of their own.

It was decided that the Technical Committee should attempt to reorganize Title 29 along these lines and present a draft at the next meeting.

Mike Walleri, Village Government Specialist, Tanana Chiefs Conference, Inc., spoke, saying he would like a simplification of government.

A list of items pertaining to Title 29 included in the preliminary draft of the Alaska Municipal League 1981 policy statement was handed out.

Future meeting dates and places were discussed. None were decided upon.

The kinds of things applicable to all municipalities were discussed, such as incorporation, dissolution, boundary changes, classification of government, extraterritorial powers, merger/consolidation, revenue, taxation, bonding, and intergovernmental relations.

Protection of people in service areas who are not represented by local government, such as persons living outside city limits, was discussed.

The meeting recessed at 4:00 pm.

The meeting was called to order the second day at 9:00 am., Chairman Sturgulewski presiding. In addition to the persons present at the first day's meeting, Chris Johnson of House Research and Nels Franklin from near Dillingham were present, and introduced by Chairman Sturgulewski.

Ted Berns gave a recap of the first days meeting.

Terry Cook was appointed repository of ridiculous laws.

Senator Mulcahy spoke on the problem of getting information, drafts, and policy issues to all municipalities within the time constraints. Phil Smith suggested a teleconference and said that he would be presenting material at the Alaska Federation of Natives Convention (23-25 October 1980, in Anchorage). It was decided that the problem of getting materials and information to the public would be an agenda item at the next meeting. Palmer McCarter, Phil Smith, and Ginny Chitwood of the Alaska Municipal League were appointed to a committee to research this problem and make recommendations.

Melissa Fouse was introduced as the new secretary to the Title 29 Revision Committee.

As part of the reorganization of Title 29, there was discussion as to which statutes belonged in which category.

Representative Parr wants a uniform provision on executive session. There was discussion on executive sessions.

The question of retaining present categories of government was raised and discussed. Ted Berns suggested only two classes of boroughs and home rule, pointing out that there are no first class boroughs.

The question of development cities was raised and discussed. Should we retain, restructure, or eliminate development cities?

There was discussion on the third category. If a municipality chooses to follow procedures, should they be required to follow all of them?

Senator Mulcahy's legislation regarding the recognition of village governments was discussed. Copies of HB 192 are to be mailed to committee members.

There was discussion of persons representing committee members being allowed to vote. Mr. Berrier had reservations based on the appointment of the members of the commission according to resolution. It was decided that persons filling in for committee members be allowed to take part in the discussion, but would not be allowed to vote.

The meeting was adjourned at 12:00 pm.

Respectfully submitted,

  
Melissa Aber Fouse

TITLE 29 REVISION COMMISSION  
Policy Advisory Group Meeting

Minutes of September 29 & 30, 1980

The second meeting of the Policy Advisory Group of the Title 29 Revision Commission was held September 29, 1980 in Courtroom K of the Alaska Court System Building, 303 K Street, Anchorage, Alaska. The meeting was called to order by Senator Arliss Sturgulewski, Chairman, at 9:00 a.m.

Present as members of the Policy Group were: Senator Arliss Sturgulewski, Representative Charles H. Parr, Ronald Larson, Russell W. Walker, Marilyn Dimmick, Donna Sherby, Jonathan Solomon, James Kohler, Ted Berns, and Dennis Sheldon representing Terry Cook. Ex-Officio members present were Ginny Chitwood and Phil Smith. Richard Garnett, III was there as a member of the Technical Committee. Ted Berns and Russell Walker are members of both the Policy Group and the Technical Group. Present from the staff of Legal Services were Jack Chenowith and Tamara Cook.

There to make presentations to the Policy Group were C. Demming Cowles, Deputy Commissioner of the Department of Environmental Conservation; David Dye, Planner for the Department of Community and Regional Affairs; Dr. Fred McGinnis, Deputy Commissioner of the Department of Health and Social Services; Stephanie Scott, representing the Haines Borough Assembly; and Mike Walleri representing Tanana Chiefs, Inc.

Guests and members of the public attending were: Stuart Bowdoin, Bristol Bay Borough; Gary Bradford, Bristol Bay Borough, Glen Svendsen, Administrative Assistant, Senate Community and Regional Affairs Committee; Cris Fowler, AOGA Regulatory Reform Committee; Ray Menninger from Haines; Jim Bennett, researcher for AVCP (Calista Corporation); Ellen Greenburg, and Emily Larson.

After the meeting was called to order and guests introduced themselves, Commissioner Cowles began the presentations. He spoke regarding the functions of the Department of Environmental Conservation which could be locally done and raised policy questions about whether state or local government should be in charge of the following functions:

1. Water system and sewage disposal inspections.
2. Subdivision review of on-site sanitation capabilities.
3. Basic sanitation inspections of restaurants, hotels, etc.

4. Clean up of small oil spills.
5. The issuing of oily waste burn permits and surface oiling permits.
6. Litter control.
7. Vehicular emissions control.

Changes to Title 29 would have to be made to allow for delegation of these powers. Commissioner Cowles suggested that the statutes could make it optional for small communities to assume these powers and provide for state reimbursement, because money for communities to perform these services is a problem.

Stephanie Scott representing the Haines Borough Assembly spoke next. The borough of Haines would like a clarification of the powers of third class boroughs. She reported that the Borough Chairman had the following recommendations to make:

1. Rewrite 29.48.260(e) to relieve procedural requirements under Libby vs. Dillingham.
2. Include inventories as optional exemptions from personal property taxation.

Ms. Scott stated there would be teleconference facilities available in Haines December 1, and there was a great deal of local interest in participating in a teleconference with the Policy Group.

David Dye, Planner III for the Department of Community and Regional Affairs made these recommendations from his division:

1. The law should be amended to allow municipal land exchanges with individuals. Municipal expansion land in some cases is located too far from the community to be used for municipal expansion. The definition of "municipal purpose" should be clarified.
2. Subsection (c) of 29.48.260 sets out two procedural requirements for land disposal. Mr. Dye recommends that lottery be added as an equitable way of disposing of land which is not based on wealth.
3. The provision for voter ratification of disposal of land valued at more than \$25,000.00 should be changed to reflect current land values. A more realistic figure would be 50,000.00 to 100,000.00 dollars.

4. Subsection (d) of 29.48.260 exempts lands derived from the state from procedural requirements. C&RA suggests that exemption turn on the purpose of disposal, not the source of the land.

5. Under ANCSA, people who have occupied land after December 18, 1971 do not receive title to that land. C&RA would like a preference right for occupiers of land after that date to allow them to purchase land without having to bid.

6. Mr. Dye would like a definition of "official map".

7. The wording of AS 29.23.090 should be changed to substitute "land use regulation" for "zoning".

8. C&RA suggests that rather than a platting waiver provision, the section include a "short plat" provision to allow for additional platting requirements if the land were subsequently re-subdivided.

9. AS 29.33.070(b)(2) allows boroughs to delegate planning and zoning to cities. The Department of Community and Regional Affairs believes in consistent area-wide planning and wants only the delegation of enforcement and administration of planning.

10. The sections regarding Development Cities should be deleted.

Mike Walleri of Tanana Chiefs, Inc. spoke regarding municipal lands disposal and the need for preference to occupiers of land regarding purchasing rights. This should, however, be subject to the municipality's sanction of the use of the land. Mr. Walleri recommends a waiver of the requirements for land payments to the municipality, or that the state assist buyers in paying for the land. Tanana Chiefs would support a lottery system if the preference rights and waiver of payments to municipalities were included. Mr. Walleri spoke in favor of integrating traditional native governments into the municipal system, possibly through recognition by the state of the status of native governments as local state governments.

Dr. Fred McGinnis of the Department of Health and Social services told us that his department recommends the delegation of health powers to municipalities. If municipalities were to take over the providing of services, the DHSS would still receive federal funding, would disburse the funds, would audit programs, supervise, and be responsible to the federal government for the administration of the programs. He emphasized that these powers should be optional rather than mandatory, and that in the absence of local government being able to take over the function of health services, a local contractor could provide them.

After the presentations, the committee considered Old Business. Phil Smith gave a report on the conclusions of the Information Dissemination Committee. Their recommendations are: take advantage of scheduled meetings and conventions being held by interested groups; put inserts in newsletters; buy space in newspapers; and use the teleconference network. Mr. Smith reported that the Alaska Federation of Natives Convention will be making a room available for us at the Sheraton. Chairman Sturgulewski said a member of each group should be available to attend the AFN Convention. She also directed the Department of Community and Regional Affairs to prepare an article on the Title 29 revision project for newsletters.

Ted Berns gave a report from the Technical Committee. He explained the draft index of Title 29, saying the reorganization had been done by subject matter. Mr. Berns told the Policy Group that the Technical Group was now ready to start drafting and the group had broken up into smaller groups to work on specific changes.

Chairman Sturgulewski said the Policy Group would like justification of all drafted changes in the form of memos pointing out the pluses and minuses of each change.

Ted Berns suggested that the Policy Group go through the index section by section and determine policy questions.

The Policy Group reviewed the index until recessing at 4:30.

The meeting was called to order 30 September 1980 at 9:00 a.m. by Chairman Sturgulewski. With the exception of Bob Lohr sitting in for Phil Smith, the same members were present. Guests were: Bob Walker of Exxon; Cris Fowler of the AOGA Regulatory Reform Committee; David Dye from the Department of Community and Regional Affairs; Stephanie Scott, Ray Menninger, and Vivian Menninger from the Haines Borough; Glen Svendsen, Administrative Assistant to the Senate Community and Regional Affairs Committee; and Mike Walleri, Tanana Chiefs, Inc.

The Policy Group continued their review of the Title 29 index and the Technical Group was directed to make recommendations regarding the following:

1. AS 29.13.100. Review and make recommendations as to the limitations of home rule powers.
2. Edit the whole of Title 29 so that definitions are consistent.
3. List those procedures which can be handled by ordinances.

4. Prepare drafts to change prohibitions on powers.
5. Draft changes to the statute regarding initiative and referendum.
6. Draft provisions for emergency situations arising from the lack of a quorum.
7. Redraft statute enabling budget actions to take place other than by ordinance. Enable an individual municipality to set it's own limits.
8. Make recommendations regarding whether first class boroughs should be eliminated and consider the impact of this step.
9. Find out whether second class boroughs would still be able to implement a similar program if the statute about the Involvement of Young People in Local Government were to be deleted.

Chairman Sturgulewski directed that the Local Boundary Commission and Alen Tesche be invited to make a presentation in defense of retaining the statutes regarding Development Cities.

Ron Larson moved the Policy Group retain the 3-year residency requirement for candidates for municipal office. The motion was seconded, Jim Kohler raised a point of order. The motion carried.

Marilyn Dimmick moved that the wording of the grounds for recall be deleted. The motion was seconded. Ron Larson moved to table the motion. Larson's motion failed. Ted Berns moved to postpone the motion until the next meeting. The motion for postponement passed.

Bob Lohr of RuralCAP was directed to come back with specific recommendations for the Technical Group regarding small communities and their problems.

The meeting was adjourned at 4:00 p.m.

Respectfully submitted,

Melissa Aber Fouse  
Secretary

TITLE 29 REVISION COMMISSION  
Policy Advisory Group Meeting

Minutes of November 10 & 11, 1980

The third meeting of the Policy Advisory Group - Title 29 Revision Commission was held November 10 and 11, 1980 in the East Gold Room of the Traveler's Inn, Fairbanks, Alaska. The meeting was called to order by Senator Arliss Sturgulewski, Chairman, at 10:45 a.m.

Present as members of the Policy Advisory Group were: Senator Arliss Sturgulewski, Senator Bob Mulcahy, Senator-elect Charles Parr, Representative Margaret Branson, Ted Berns, Terry Cook, Marilyn Dimmick, Ronald Larson, Gene Moore, Donna Sherby, and Russell Walker. Present as Ex-Officio Members were Palmer McCarter, and Bonnie Hedley from RuralCAP substituting for Phil Smith. The Technical Committee was represented by Ted Berns and Russell Walker as members of both groups, and by Allan Tesche. Present from the staff of Legal Services were Billy G. Berrier, Director and Tamara Brandt Cook, Legislative Counsel.

Guests and members of the public attending were: Stephanie Scott, Haines Borough; Cris Fowler, AOGA; Bob Walker, Exxon; Mike Walleri, Tanana Chiefs; John Arney, Haines Borough; Bob Juettner, City of McGrath; Michael Tavoliero, City of Saxman; Marie Matsuno, Department of Community and Regional Affairs; Ivan Widom, City of Nome; Lisa Buskirk, Tanana Chiefs; John Halliwill, City of Haines; Tommy Nebel, Ketchikan Borough; Kathy Carssow, Ketchikan Borough; Marvin Yoder, Ketchikan Borough; Tom Blanton, Haines Borough; Jerry Clifton, Haines Borough Assembly; Dan Ogt, Kodiak Island Borough; Shirley Collins, Haines; Jack Carpenter, Sitnasuak Native Corporation; Edward A. Stahla, City of Wrangell; Richard Careaga, City of Unalaska; Robert Flint, Wohlforth & Flint; Jack P. Van Leuven, RainierBank.

There were no presentations by guests or members of the public.

Under Old Business, Palmer McCarter reported on ways of getting materials and information to the public. He said the Department of Community and Regional Affairs was planning newsletter inserts and coordinating with the University of Alaska for a special issue of their newsletter to include an insert concerning the revision of Title 29. Chairman Sturgulewski directed Bonnie Hedley to coordinate information activities with Mr. McCarter and Tamara Cook.

Bonnie Hedley gave a report from RuralCAP on special problems of rural communities. She stated that rural communities have little "hook-up" with state agencies and therefore have little access to programs and money. The legislature never meets as the assembly for the Unorganized Borough. It is felt that there are not enough people in small communities to perform all

Minutes of Meeting  
Policy Advisory Group  
10 & 11 Nov 80

the required municipal functions as well as the functions of existing forms of government, such as IRA councils. RuralCAP recommends the recognition of IRA council. Chairman Sturgulewski directed staff to prepare a memo on these issues.

Mike Walleri presented a new draft of his report entitled "Tribal-State Relations, A New Paradigm for Local Government in Alaska". The chair directed staff to review it.

Chairman Sturgulewski reported attending a meeting of the AVCP in Bethel, and said they were getting funds to do a regional government study. She also reported on attending the AFN convention in Anchorage. The people she talked to questioned parallel governments and duplication of functions in the communities where there were municipal governments as well as traditional governments.

Ginny Chitwood of the Municipal League was stranded in Juneau due to weather and her report was postponed.

Billy Berrier reported what the Commission had done to date. Ted Berns said the Technical Committee planned to present final recommendations to the Policy Group by the 15th of December, 1980.

The Technical Committee presented their proposed drafts for consideration to the Policy Group. Representative Branson moved that the Policy Group accept all recommended changes except those requiring more discussion. The motion was seconded and carried. The following sections were accepted. (Note: There were wording changes in some in the following) Sec. 29.06.010, Sec. 29.06.050, Sec. 29.12.260, 29.15.020, 29.15.050, 29.15.110, 29.65.050, 29.30.010, 29.30.020, 29.30.030, 29.30.050, 29.30.095, 29.30.110, 29.30.120, 29.30.130, 29.30.140, 29.30.150, 29.30.160, 29.30.170, 29.30.180. Sections 29.09.180 and 29.30.040 were sent to subcommittees for study.

The meeting was recessed until 9:00 a.m. 11 November 1980.

At 9:00 a.m. 11 November 1980 the meeting was again called to order in the East Gold Room of the Traveler's Inn, Fairbanks, Alaska. All members of the Policy Advisory Group were in attendance. Members of the public and guests who attended the day before were present and the following people attended as well: Ginny Chitwood, Ex-Officio Member; Gerald Lee Sharp, Title 29 Technical Committee; Richard Garnett, III, Title 29 Technical Committee, David Dye, Department of Community and Regional Affairs; Leo Rasmussen, City of Nome; L.C. Farnen, City of Homer; Kathy Herold, City of Homer; Carol Maser, Anchorage Assembly; Jenny Files, Fort Yukon; and former Mayor Bill Wood, Fairbanks.

Mayor Wood gave the first presentation. He spoke on the need for municipalities to have developmental authority in order

to encourage investments within the cities and boroughs. He submitted a letter from the City of Fairbanks regarding tax incentive programs and referred to Fairbanks ordinance 3906. The Technical Committee was directed to review AS 29.53.025.

John Halliwill, Mayor of Haines spoke in favor of the elimination of Third Class Boroughs.

Bob Juettener, City Manager of McGrath spoke on the problems of communities with small populations supporting the large number of organizations making up municipal government. He recommended an evaluation of second class cities and abolishing those that are not functioning. He suggests that the group providing the best service delivery be chosen as the governing body of a community. He feels the different classifications of cities should be abolished and provisions made for local options concerning the assumption of powers and form of government. He sees a need in the bush for a means of dealing with the executive branch of government, perhaps a regional or sub-regional elected body in the Unorganized Borough.

Ivan Widom, City Manager of Nome said there was a need to regionalize concepts in order to see what is happening in specific areas. He recommends giving communities mechanisms for reaching the state in order to benefit from services offered. Mr. Widom also recommended giving communities the option of choosing their own form of government, such as home rule.

Michael Tavoleiro, City Manager of Saxman spoke next, saying there was no definition of local government, i.e., no expressed definition of eligibility characteristics. He feels that second class cities within an organized borough are disenfranchised from planning powers. He stated also that second class cities should have direct access to federal and state programs instead of being required to go through the borough. Mr. Tavoliero cited the Historical Districts program as an example. He feels that local communities should be allowed more self-sufficiency.

Larry Farnen, City Manager of Homer spoke in reference to 29.48.260. He recommended raising the dollar amount in that section from \$25,000 to \$250,000. He wants cities to have the authority to lease land to beneficial new industry. In reference to planning and zoning powers, Mr. Farnen recommended the statutory language be changed to allow boroughs to assume planning and zoning powers if the cities are not willing to exercise them.

Dan Ogt, Mayor of the Kodiak Island Borough cited AS 29.30.160 saying there was no provision for special elections, and recommended special elections be mandated in the statutes.

Richard Careaga, Planning Director for the City of Unalaska wants more definition/clarification of mandatory powers and duties.

Leo Rasmussen, Mayor of Nome said small government feels that it has lost control of its own destiny. Planning is being taken over by REAAs and SRAAs. He said Nome feels threatened by the possible organization of the Unorganized Borough and he asked for more local autonomy.

Returning to Old Business, the Policy Group continued its review of the recommended drafting changes submitted by the Technical Committee. Sec. 29.30.210 was reviewed. James Kohler moved to not accept the drafted change but to retain the current language. Charles Parr amended the motion, and it carried. The chair directed staff to clarify the wording of the current statute and resubmit it at the next meeting of the Policy Group. Secs. 29.30.220, 29.30.225, 29.30.230, 29.30.240, 29.30.250, 29.30.260, 29.30.270, 29.30.280, 29.30.290, 29.30.300, 29.30.310, 29.30.320, were accepted with no changes or some wording changes. 29.30.330 was sent back to the Technical Committee for redrafting.

Two subcommittees were formed and are to give reports at the next meeting on AS 29.09.180 Organization Grants (Chair-McCarter) and AS 29.30.040 Voter Qualifications (Chair-Dimmick).

Two sections of Title 29 considered obsolete were discussed. The Policy Group will recommend the repeal of the sections on Involvement of Young People in Local Government and the repeal of the sections on Development Cities.

The dates of the next meeting of the Policy Advisory Group were set for 15, 16, and 17 December, 1980 in Anchorage.

Staff is to review the definition of "petitioner".

The meeting was adjourned at 4:30 p.m.

Respectfully submitted,

Melissa Aber rouse  
Secretary, Title 29 Commission

**CATEGORY:** DEVE'OPMENT  
**PROGRAM:** COMMUNITY DEVELOPMENT

**AGENCY:** REVENUE  
**BRU (s):** SHARED TAXES

The Shared Taxes BRU assists local governments through the sharing of revenue generated from numerous state taxes.

The Shared Taxes BRU is charged with the responsibility of administering, in an accurate and timely manner, shared revenue accounts with local city and borough governments. Specified percentages of revenue generated within local municipal boundaries are returned to the local units in accordance with statutory provisions. The various shared taxes are Municipal Assistance, Aviation Fuel, Fisheries, Telephone and Electric Coop, Liquor License, and Amusement and Gaming License.

In FY 81, distribution of revenues amounted to \$16,670,000. The Governor's budget for the FY 82 includes full funding of the Municipal Assistance Statute at \$92,000.0. Total distribution for all revenues and taxes will be \$99,115.0.

Costs associated with administration of this program are budgeted within the Administration and Support BRU, General Government Category, within the Department of Revenue.

Phone Contact for more information:

**CATEGORY:** DEVELOPMENT  
**PROGRAM:** COMMUNITY DEVELOPMENT

**AGENCY:** REVENUE  
**BRU (S):** SHARED TAXES

The Shared Taxes BRU assists local governments through the sharing of revenue generated from numerous state taxes.

The Shared Taxes BRU is charged with the responsibility of administering, in an accurate and timely manner, shared revenue accounts with local city and borough governments. Specified percentages of revenue generated within local municipal boundaries are returned to the local units in accordance with statutory provisions. The various shared taxes are Municipal Assistance, Aviation Fuel, Fisheries, Telephone and Electric Coop, Liquor License, and Amusement and Gaming License.

In FY 81, distribution of revenues amounted to \$16,670,000. The Governor's budget for the FY 82 includes full funding of the Municipal Assistance Statute at \$92,000.0. Total distribution for all revenues and taxes will be \$99,115.0.

Costs associated with administration of this program are budgeted within the Administration and Support BRU, General Government Category, within the Department of Revenue.

29 TOTAL CITIES

30 TOTAL BOROUGHS

32 GRAND TOTAL

## OVERVIEW

The final count of the State's population as of April 1, 1980, was 400,481, according to figures released recently by the U.S. Bureau of the Census.

There is a total of 20,702 persons living outside cities in the State's single unorganized borough. This represents about 5.2% or 1 in 20 Alaskans. Of this total, some 17,010 persons live in 101 census designated places in the unorganized borough with 25 or more residents. The remaining 3,692 were enumerated in CDP's with 24 or fewer residents or in places lacking a sufficient population density to be considered CDP's.

Included among the 101 CDP's in the unorganized borough are 63 Native village governments with a combined population of 7,619.

The table below illustrates how the State's population of 400,481 is distributed by political units.

TABLE 1  
DISTRIBUTION OF STATE POPULATION

	<u>Boroughs</u>	<u>Unorg. Borough</u>	<u>Total</u>
Cities	257,238	54,192	311,430
Unincorporated Places	68,369	20,702*	89,051
Total	325,607	74,892	400,481**

\* Includes 17,010 in 101 CDP's of 25 or more people, including <sup>63</sup> NVG's with a combined total of ~~8,753~~ 7,619.

\*\*379,779 Alaskans live in a city or borough; 20,702 live in unincorporated areas of the unorganized borough.

Table 2, which follows on the next page, shows the incorporated and unincorporated population of census areas (including boroughs) and the number of CDP's and cities located therein. Unincorporated means not part of a city. This figure is obtained by adding up the population of all cities in each census area and subtracting it from the total population.

According to Table 2, most of the 101 CDP's in the unorganized borough are concentrated in several census areas: Yukon-Koyukuk, 24; Dillingham, 15; Valdez-Cordova, 14; Bethel, 13; S.E. Fairbanks, 11; and Aleutian Islands, 10.

NATIVE VILLAGE GOVERNMENTS  
WITH A POPULATION OF 25 OR MORE

There are 70 NVG's of 25 or more persons in Alaska with a total population of 8,753. NVG's are tribal governing entities recognized by the United States Government under the Alaska Native Claims Settlement Act(ANCSA). They are not, however, incorporated cities organized under, or recognized by, the laws or Constitu- tion of the State of Alaska.

TABLE 3

DISTRIBUTION OF NVG POPULATION

	<u>No. of Places</u>	<u>Total Population</u>
Native Village Governments	70	8,753
In boroughs	7	1,134
In unorganized borough	63	7,619

With regard to the unorganized borough, some 63 of the 101 CDP's (unincorporated communities) are NVG's. NVG's account for three-fifths of the number of CDP's in the unorganized borough and 45% of the population.

U.S. Representative

The State Congressional Districts

Race. Counts of the population by race as well as Spanish origin in this report are provisional. Final counts for race as well as Spanish origin will be determined after the sample data have been processed. The sample counts will first appear in *Characteristics of the Population, General Social and Economic Characteristics, PC80-1-C* reports.

Information on race was obtained through self-identification; therefore, the data represent self-classification by people according to the race with which they identify themselves. Population counts in this report are shown for five racial groups: White, Black, American Indian, Eskimo, and Aleut; Asian and Pacific Islander; and other.

The category "White" includes persons who indicated their race as White, as well as persons who did not classify themselves in one of the specific race categories listed on the questionnaire but entered a response suggesting European origin such as German, Italian, or Polish. (In the 1950 census, persons who did not classify themselves in one of the specific race categories but reported entries such as Cuban, Puerto Rican, Mexican, or Dominican were included in the "Other" race category; in the 1970 census, most of those persons were included in the "White" category.)

The category "Black" includes persons who indicated their race as Black or Negro, as well as persons who did not classify themselves in one of the specific race categories listed on the questionnaire but reported entries such as Jamaican, Black Puerto Rican, West Indian, Haitian, or Nigerian.

The category "American Indian, Eskimo, and Aleut" includes persons who classified themselves as such in one of the specific race categories. In addition, persons who did not report themselves in one of the specific race categories but reported the name of an Indian tribe were classified as American Indian.

The category "Asian and Pacific Islander" includes persons who indicated their race as Japanese, Chinese, Filipino, Korean, Asian Indian, Vietnamese, Hawaiian, Guamanian, or Samoan. Persons who did not classify themselves in one of the specific race categories but reported entries indicating one of the nine categories listed above were classified accordingly. For example, reported entries of Nipponese and Japanese American were classified as Japanese; entries of Taiwanese and Cantonese as Chinese, etc.

The category "Other" includes Asian and Pacific Islander groups not identified separately (e.g., Cambodian, Indochinese, Pakistani, Indonesian, Fiji Islander) and other races not included in the specific categories listed on the questionnaire. (Asian and Pacific Islander groups in the "Other" category in 100 percent tabulations are included in the category "Asian and Pacific Islander" in sample tabulations.)

Spanish origin. As noted above, counts of the population by Spanish origin in this report are provisional. Final counts for Spanish origin will be determined after the sample data have been processed. The sample counts will first appear in the PC80-1-C reports.

Persons of Spanish origin or descent are those who classified themselves in one of the specific Spanish origin categories listed on the questionnaire—Mexican, Puerto Rican, or Cuban—as well as those who indicated that they were of other Spanish/Hispanic origin. Persons reporting "other Spanish/Hispanic" origin are those whose origins are from Spain or the Spanish-speaking countries of Central or South America, or they are Spanish origin persons identifying themselves generally as Spanish, Spanish American, Hispano, Latino, etc. Origin or descent can be traced as the ancestry, nationality group, lineage, or country in which the person or person's parents or ancestors were born before their arrival in the United States. Persons of Spanish origin may be of any race.

Housing units. A housing unit is a house, an apartment, a group of rooms, or a single room, occupied as separate living quarters, or if vacant, intended for occupancy. Separate living quarters are those in which the occupants live and eat separately from other persons in the building and have direct access from the outside of the building or through a common hall. The occupants may be a single family, one person living alone, two or more families living together, or any other group of related or unrelated persons who share living arrangements. Both occupied and vacant housing units are included in the housing inventory, except that tents, caves, boats, vans, and the like are included only if they are occupied. Vacant mobile homes are included, provided they are intended for occupancy on the site where they stand. Vacant mobile homes on dealers' sales lots, at the factory, or in storage yards are excluded from the housing inventory.

Symbols used in tables. A dash "-" represents zero or a percent which rounds to less than 0.1. The symbol "INA" means not available, and three dots "..." means not applicable. For areas established since 1970, three dots "..." is shown in place of the 1970 population and housing unit figures and the 1970-80 percent change. A minus sign preceding a figure denotes decrease. The prefix "r" indicates that the count has been revised since publication of 1970 census reports.

A dagger "†" next to a geographic area indicates that the characteristics for 70 percent or more of the persons included in the 1980 census count for the area were substituted. Substitutions occurred during the computer processing of the census data when there was evidence of the existence of persons but no data for these persons. In these instances, characteristics of other enumerated persons were substituted. A more detailed discussion of substitution will be found in *Characteristics of the Population, General Population Characteristics, PC80-1-B* reports.

The 1980 figures in this publication are subject to change pending the outcome of the census lawsuits during with the census counts.

These "proof" tables and text will be superseded by the formal publication, 1980 Census of Population and Housing, Final Population and Housing Unit Counts, series HC80-V.

 46 unincorp. places (10,171 pop.) in unorganized borough

400,331 Total

POPULATION CHANGES, BOROUGH, CITIES, AND PLACES

Table 4 compares the 1980 preliminary population figures with the 1970 census results for boroughs, cities, and places. Results are listed in alphabetical order to aid the reader in finding the population of a particular location. The reader will notice that some boroughs, cities or places which show a preliminary 1980 census count do not have a comparable 1970 census figure. We assume that a comparison could not be easily made because of a boundary change between the two census periods.

• VFD's receiving revenue sharing

SUPPLEMENTAL APPROPRIATION TO FULLY FUND  
FY1981 STATE REVENUE SHARING AND MUNICIPAL ASSISTANCE

The following shows FY1981 State Revenue Sharing and Municipal Assistance at the full funding level due Alaskan municipalities per existing State Statutes and the level actually appropriated:

	<u>State Revenue Sharing</u>	<u>Municipal Assistance</u>
Fully Funded	\$51,900,000	\$56,500,000
Amount Appropriated	<u>-33,500,000</u>	<u>-11,400,000</u>
Shortfall	\$18,400,000	\$45,100,000

Senate Bill No. 125 provides for a supplemental appropriation to fully fund the shortfalls.

The following is an estimate of the additional funding for Anchorage if SB 125 is passed.

Municipal Assistance	\$20,764,400
State Revenue Sharing*	<u>4,558,800</u>
	\$25,323,200

\* excluding hospital construction and hospital pass-through funding

The reverse shows the impact on Anchorage 1981 mill levies of the supplemental appropriation to fully fund State FY1981 State Revenue Sharing and Municipal Assistance. The impacts assume that the legislation is passed in sufficient time to affect 1981 mill levies and that the additional revenues are allocated to the service areas (funds) in the same percentages of the total State Revenue Sharing and Municipal Assistance revenues as allocated to each service area in the Approved 1981 budget.

PREPARED BY: THE DEPARTMENT OF MANAGEMENT AND BUDGET  
MUNICIPALITY OF ANCHORAGE

IMPACT ON ANCHORAGE 1981 MILL LEVIES OF SUPPLEMENTAL APPROPRIATION  
TO FULLY FUND STATE FY1981 STATE REVENUE SHARING AND MUNICIPAL ASSISTANCE

<u>Taxing District</u>	<u>1981 Approved Budget</u>	<u>With FY1981 Supplemental</u>	<u>Mill Levy Decrease</u>
Anchorage (former city)	12.48 mills	8.58 mills	3.90 mills
Hillside/Rabbit Creek	8.55 mills	6.34 mills	2.21 mills
Spenard/Muldoon/ Sand Lake/Oceanview	13.03 mills	9.13 mills	3.90 mills
Girdwood	6.74 mills	4.55 mills	2.19 mills
Glen Alps	13.09 mills	10.18 mills	2.91 mills
Eagle River	9.90 mills	6.88 mills	3.02 mills
Chugiak	9.45 mills	6.43 mills	3.02 mills
Eagle River/Chugiak Valley	8.45 mills	5.99 mills	2.46 mills
Other Outside BowI	5.61 mills	4.40 mills	1.21 mills

Note: The above mill rates include a 3.93 mill levy for the Anchorage School District (same mill levy as in 1980).

SUPPLEMENTAL APPROPRIATION (STATE TOTAL):

Municipal Assistance	\$45.1 million
State Revenue Sharing	<u>18.4 million</u>
	\$63.5 million
