POSITION PAPER ON THE  
THIRD CLASS BOROUGH  
FORM OF GOVERNMENT

ALASKA DEPARTMENT OF COMMUNITY  
AND REGIONAL AFFAIRS

FEBRUARY 25, 1981

**RECEIVED**  
FEB 26 1981

DEPT. OF COMMUNITY  
AND REGIONAL AFFAIRS

The Alaska Department of Community and Regional Affairs is a proponent of SB 180 and HB 170, which, in part, would preclude the formation of any future third class borough government. This paper supports the Department's contention that the third class borough concept has become outmoded.

This obsolescence stems from the two areas in which the powers of a third class borough differ from those of a second class borough. Unlike a second class borough, a third class borough is not required to carry out planning, platting and zoning. The initial segment of this paper deals with this issue in detail. The second major difference is that a third class borough lacks the capacity to provide any service, other than education and tax assessment/collection, on an areawide basis (i.e. throughout the borough). The second half of the paper addresses this matter.

#### PLANNING, ZONING AND PLATTING

With the exception of the third class borough, Alaska statutes provide each form of municipal government with the capacity to carry out planning, zoning and platting throughout their municipal boundaries. Indeed, recognizing the importance of and the need for such services in areas which typically have attained at least a moderate level of development and activity, the law requires that planning, zoning and platting be undertaken on the municipal level. Comprising such areas are first and second class boroughs and home rule and first class cities located outside first and second class boroughs. Under

such law, municipalities with a population as little as 221 and with a per capita assessed value as low as \$4,454<sup>1</sup> must carry out planning, zoning and platting within their corporate boundaries. While not required to, second class cities may assume the powers of planning, platting and zoning. At least eleven<sup>2</sup> second class cities, one with a population as little as 42<sup>3</sup> residents, have taken on such powers. Other than the Haines Borough, which is the only third class borough in Alaska, no political subdivision of the State with a population of 650 or more<sup>4</sup> lacks planning, zoning and platting on the municipal level.

Regulations have been adopted which require that an area which is proposed to be incorporated as any class of borough meet minimum objective standards\*. When compared to like components of those existing municipalities which are required to provide local planning, platting and zoning, it becomes clear that any future borough will have a level of development and activity as to warrant such services on a mandatory basis. These standards<sup>5</sup> include provisions which require that the territory proposed for incorporation as a borough:

---

\* While the regulations were adopted by the Commissioner of the Alaska Department of Community and Regional Affairs on September 2, 1980, the regulations have not yet become effective under the provisions of the Administrative Procedure Act.

- a. Have a per capita assessed value of at least \$19,074.<sup>6</sup>
- b. Have a population of at least 1,000 residents.
- c. Include at least two separate communities.
- d. Include all of one or more Regional Education Attendance Areas, unless the Local Boundary Commission determines that the territory can otherwise meet the standards for borough incorporation.

By examining the only third class borough in the State the argument for borough planning, zoning and platting on a mandatory basis is reinforced. The Haines Borough has a population of 1,924<sup>7</sup> and a per capita assessed value of \$30,831.<sup>8</sup> This area has been in the past and continues to be the subject of a series of very intensive planning efforts. Literally hundreds of thousands of dollars have been committed toward the development of a use plan and classification system (i.e. zoning) for vast areas within the borough. Borough residents, recognizing the importance and impact of such planning and zoning, have become involved in surprising numbers in the planning process.<sup>9</sup>

The Haines Borough itself has long been planning in a de facto manner, as is evidenced by the following:

- a. The Borough Assembly routinely reviews and comments upon issues such as State tideland lease applications.
- b. The Haines Borough recently selected some 2,800 acres of land under its municipal land entitlement, a process which involved a considerable planning and classification effort by the Borough staff and an ad hoc Borough committee.
- c. In 1980, the Haines Borough partially financed a lobbying effort in the nation's capital in an effort to

influence federal land use legislation.

- d. The Haines Borough is a member of the Haines Coalition, an organization comprised of citizens and entities which was formed for the purpose of participating in the planning process being carried out in the Haines area by the State.
- e. The Haines Borough was a party to a recent lawsuit which attempted to block timber cutting on State lands.

Yet despite the recognized need for and importance of planning, as well as the Borough's role in de facto planning the residents of the Borough have not supported any proposal for their government to assume planning powers, even on a service area basis. The responsibilities for such planning, while having been avoided for the most part by the Haines Borough, have been carried out largely by the State and the City of Haines.<sup>11</sup>

Because planning, platting and zoning are necessary within organized boroughs, and in order to properly place the responsibility for such activities, the Department has assumed the position expressed in this paper.

Adding to the Department's concern in this matter is the current interpretation of a third class borough's capacity to provide certain services, other than education and taxing, on an areawide basis. This issue is dealt with in the remainder of this paper.

#### CAPACITY OF A THIRD CLASS BOROUGH TO PROVIDE AREAWIDE SERVICES

It is over this issue that the Department is joined by the Alaska Municipal League in its desire to bring about the

elimination of the third class borough form of government. The Alaska Municipal League's opposition to a third class borough is based on its determination that such a government is not general purpose in nature.<sup>12</sup> That determination, of course, stems from the view that a third class borough can provide only two services on an areawide basis, education and tax assessment/collection.

The following statutory provisions (cited in part, with parenthetical material added for clarification) deal with a third class borough's capacity to provide services. AS 29.41.010 states, "Areawide exercise of powers (by a third class borough) other than education and tax assessment and collection is not authorized...". AS 29.63.090 states "(a third class borough) may exercise the powers granted a first class city by general law but the exercise of the powers must be approved by a majority of the qualified voters residing within the service area...". AS 29.48.030 lists the services which may be provided by a first class city which include, "streets, sidewalks, libraries, visual or performing arts centers, museums and recreational facilities."

Current interpretation of the State law, however, views a third class borough as having the capacity to provide a number of services on an areawide basis which include a library, a museum, tennis courts, a cultural facility center, and swimming pool, all under the guise of "education".<sup>13</sup> In addition, a third class borough is considered to have the power to provide

recreational trails, parking lots, sidewalks and roads built  
with Local Service Roads and Trails funds.<sup>14</sup> These same views  
hold that the voters of a third class borough need not  
authorize the exercise of such powers. The third class Haines  
Borough currently provides nearly all of the above services on  
an areawide basis, and is doing so without voter approval.<sup>15</sup>

#### SUMMARY

In conclusion, the Department feels that no borough government  
which will incorporate in the future can legitimately exclude  
planning, platting and zoning from its functions. Further, it  
is apparent that current laws do not insure the restrictive  
reins commonly thought to be held upon their government by the  
citizens of a third class borough. For these reasons the  
Department supports legislation which would eliminate the third  
class borough form of government.

SB180

February 25, 1981

Senator Donald E. Gilman  
Chairman Community and Regional Affairs Committee  
Pouch V  
State Capitol  
Juneau, Ak. 99811

Dear Senator Gilman,

In your review of Senate Bill 180 calling for revisions to Title 29, the Haines Borough would like you to consider our position as outlined in Resolution #184 regarding the third class borough revisions. We are adamantly opposed to the portion of the legislation which provides for the elimination of the formation of any future third class boroughs and repeal of the third class borough statutes. Although there seem to be provisions in the language of the bill which will "Grandfather" the Haines Borough, the repeal of the laws which govern us will result in our inability years hence to modify or clarify the third class borough statutes. In addition, the elimination of our laws from Title 29 will frustrate borough administration by separating the source of our laws from the source of laws which govern all other municipalities in the state of Alaska. The relegation of our laws to the "archives" will impede the function of local government. We hope that you will see these objections as being paramount in retaining the third class borough statutes.

There is a petition enclosed which contains 556 signatures of Haines Borough residents who organized to object to last session's Senate Bill 354 and House Bill 584, identical bills which provided for the elimination of the third class borough statutes with no provision to "Grandfather" the Haines Borough. We submit this petition to you now as evidence of the strong feeling in Haines against any state legislation mandating the elimination of our form of local government.

We hope that with this supportive documentation in hand, your final recommendations for changes to Senate Bill 180 will include retention of the third class borough statutes, as well as the revisions as outlined in our Resolution.

Sincerely,

*RE Henderson*

## HAINES BOROUGH RESOLUTION NO. 184

A RESOLUTION OF THE HAINES BOROUGH OPPOSING THE REPEAL OF ALASKA STATUTES GOVERNING A THIRD CLASS BOROUGH AND REQUESTING THE ALASKA STATE LEGISLATURE TO AMEND EXISTING LAWS TO CLARIFY CERTAIN AMBIGUITIES REGARDING THE THIRD CLASS BOROUGH:

WHEREAS, the Title 29 Revision Commission formed under Senate Concurrent Resolution No. 66 was charged to consider the experience gained in local government since the previous Municipal Code revision in 1972; and

WHEREAS, experience shows that a third class borough is a viable form of government without insurmountable difficulties; and

WHEREAS, experience shows that the difficulties that the only third class borough in the State of Alaska has encountered can be assuaged by some revisions of statutes and that the difficulties are not such as to warrant eradication of the third class borough form of government; and

WHEREAS, the Haines Borough is a third class borough incorporated as a third class borough since 1968,

WHEREAS, repeal of the statutes governing a third class borough will inhibit the operation of our local government;

BE IT THEREFORE RESOLVED BY THE HAINES BOROUGH ASSEMBLY to request the Alaska State legislature to reverse the decision of the Title 29 Revision Commission to repeal state statutes authorizing the third class borough;

BE IT FURTHER RESOLVED to request the legislature to provide for additions to Title 29 which will indicate that State statute 29.48.010 General Powers is applicable to the third class borough; which will clarify the Commission's revision to the statutes regarding the veto of the borough executive to show that the third class borough mayor does not have the veto power; which will provide for monetary transitional assistance to the third class borough should it choose to up-grade to another class; which will provide for transition from third class borough to home-rule status without the necessity of becoming a second class borough; and to work with legislative counsel to make certain that the revisions to Title 29 do not undermine the existing laws governing third class boroughs.

MEMORANDUM

**TO: Billy Berrier  
Director  
Division of Legal Services**

**FROM: Senator Don Gilman  
Chairman  
Senate Community and Regional  
Affairs Committee**

**Representative Ben Grussendorf  
Chairman  
House Community and Regional  
Affairs Committee**

**RE: Title 29 Revisions**

The Senate and House CRA Committees have received the Title 29 revisions (SB 180 and HB 170). We recognize and appreciate the tremendous amount of work both the interim committee and your staff have put into this bill.

As you no doubt already appreciate, the length and complexity of this legislation will necessitate a great deal of additional work by our respective committees.

We are anxious to begin this task and would be greatly aided if you could supply the Committees with a section-by-section analysis of the bill.

class boroughs. Ted Berns made a motion that the Policy Group go on the record as concurring with the Alaska Municipal League's position that third class boroughs be eliminated. The motion carried. TITLE 29 REVISION COMMISSION  
Policy Advisory Group Meeting

Minutes of November 10 & 11, 1980

The third meeting of the Policy Advisory Group - Title 29 Revision Commission was held November 10 and 11, 1980 in the East Gold Room of the Traveler's Inn, Fairbanks, Alaska. The meeting was called to order by Senator Arliss Sturgulewski, Chairman, at 10:45 a.m.

Present as members of the Policy Advisory Group were: Senator Arliss Sturgulewski, Senator Bob Mulcahy, Senator-elect Charles Parr, Representative Margaret Branson, Ted Berns, Terry Cook, Marilyn Dimmick, Ronald Larson, Gene Moore, Donna Sherby, and Russell Walker. Present as Ex-Officio Members were Palmer McCarter, and Bonnie Hedley from RuralCAP substituting for Phil Smith. The Technical Committee was represented by Ted Berns and Russell Walker as members of both groups, and by Allan Tesche. Present from the staff of Legal Services were Billy G. Berrier, Director and Tamara Brandt Cook, Legislative Counsel.

Guests and members of the public attending were: Stephanie Scott, Haines Borough; Cris Fowler, AOGA; Bob Walker, Exxon; Mike Walleri, Tanana Chiefs; John Arney, Haines Borough; Bob Juettner, City of McGrath; Michael Tavoliero, City of Saxman; Marie Matsuno, Department of Community and Regional Affairs; Ivan Widom, City of Nome; Lisa Buskirk, Tanana Chiefs; John Halliwill, City of Haines; Tommy Nebel, Ketchikan Borough; Kathy Carssow, Ketchikan Borough; Marvin Yoder, Ketchikan Borough; Tom Blanton, Haines Borough; Jerry Clifton, Haines Borough Assembly; Dan Ogt, Kodiak Island Borough; Shirley Collins, Haines; Jack Carpenter, Sitnasuak Native Corporation; Edward A. Stahla, City of Wrangell; Richard Careaga, City of Unalaska; Robert Flint, Wohlforth & Flint; Jack P. Van Leuven, RainierBank.

There were no presentations by guests or members of the public.

Under Old Business, Palmer McCarter reported on ways of getting materials and information to the public. He said the Department of Community and Regional Affairs was planning newsletter inserts and coordinating with the University of Alaska for a special issue of their newsletter to include an insert concerning the revision of Title 29. Chairman Sturgulewski directed Bonnie Hedley to coordinate information activities with Mr. McCarter and Tamara Cook.

Bonnie Hedley gave a report from RuralCAP on special problems of rural communities. She stated that rural communities have little "hook-up" with state agencies and therefore have little access to programs and money. The legislature never meets as the assembly for the Unorganized Borough. It is felt that there are not enough people in small communities to perform all

the required municipal functions as well as the functions of existing forms of government, such as IRA councils. RuralCAP recommends the recognition of IRA councils. Chairman Sturgulewski directed staff to prepare a memo on these issues.

Mike Walleri presented a new draft of his report entitled "Tribal-State Relations, A New Paradigm for Local Government in Alaska". The chair directed staff to review it.

Chairman Sturgulewski reported attending a meeting of the AVCP in Bethel, and said they were getting funds to do a regional government study. She also reported on attending the AFN convention in Anchorage. The people she talked to questioned parallel governments and duplication of functions in the communities where there were municipal governments as well as traditional governments.

Ginny Chitwood of the Municipal League was stranded in Juneau due to weather and her report was postponed.

Billy Berrier reported what the Commission had done to date. Ted Berns said the Technical Committee planned to present final recommendations to the Policy Group by the 15th of December, 1980.

The Technical Committee presented their proposed drafts for consideration to the Policy Group. Representative Branson moved that the Policy Group accept all recommended changes except those requiring more discussion. The motion was seconded and carried. The following sections were accepted. (Note: There were wording changes in some in the following) Sec. 29.06.010, Sec. 29.06.050, Sec. 29.12.260, 29.15.020, 29.15.050, 29.15.110, 29.65.050, 29.30.010, 29.30.020, 29.30.030, 29.30.050, 29.30.095, 29.30.110, 29.30.120, 29.30.130, 29.30.140, 29.30.150, 29.30.160, 29.30.170, 29.30.180. Sections 29.09.180 and 29.30.040 were sent to subcommittees for study.

The meeting was recessed until 9:00 a.m. 11 November 1980.

At 9:00 a.m. 11 November 1980 the meeting was again called to order in the East Gold Room of the Traveler's Inn, Fairbanks, Alaska. All members of the Policy Advisory Group were in attendance. Members of the public and guests who attended the day before were present and the following people attended as well: Ginny Chitwood, Ex-Officio Member; Gerald Lee Sharp, Title 29 Technical Committee; Richard Garnett, III, Title 29 Technical Committee, David Dye, Department of Community and Regional Affairs; Leo Rasmussen, City of Nome; L.C. Farnen, City of Homer; Kathy Herold, City of Homer; Carol Maser, Anchorage Assembly; Jenny Files, Fort Yukon; and former Mayor Bill Wood, Fairbanks.

Mayor Wood gave the first presentation. He spoke on the need for municipalities to have developmental authority in order

to encourage investments within the cities and boroughs. He submitted a letter from the City of Fairbanks regarding tax incentive programs and referred to Fairbanks ordinance 3906. The Technical Committee was directed to review AS 29.53.025.

John Halliwill, Mayor of Haines spoke in favor of the elimination of Third Class Boroughs.

Bob Juettener, City Manager of McGrath spoke on the problems of communities with small populations supporting the large number of organizations making up municipal government. He recommended an evaluation of second class cities and abolishing those that are not functioning. He suggests that the group providing the best service delivery be chosen as the governing body of a community. He feels the different classifications of cities should be abolished and provisions made for local options concerning the assumption of powers and form of government. He sees a need in the bush for a means of dealing with the executive branch of government, perhaps a regional or sub-regional elected body in the Unorganized Borough.

Ivan Widom, City Manager of Nome said there was a need to regionalize concepts in order to see what is happening in specific areas. He recommends giving communities mechanisms for reaching the state in order to benefit from services offered. Mr. Widom also recommended giving communities the option of choosing their own form of government, such as home rule.

Michael Tavoleiro, City Manager of Saxman spoke next, saying there was no definition of local government, i.e., no expressed definition of eligibility characteristics. He feels that second class cities within an organized borough are disenfranchised from planning powers. He stated also that second class cities should have direct access to federal and state programs instead of being required to go through the borough. Mr. Tavoliero cited the Historical Districts program as an example. He feels that local communities should be allowed more self-sufficiency.

Larry Farnen, City Manager of Homer spoke in reference to 29.48.260. He recommended raising the dollar amount in that section from \$25,000 to \$250,000. He wants cities to have the authority to lease land to beneficial new industry. In reference to planning and zoning powers, Mr. Farnen recommended the statutory language be changed to allow boroughs to assume planning and zoning powers if the cities are not willing to exercise them.

Dan Ogt, Mayor of the Kodiak Island Borough cited AS 29.30.160 saying there was no provision for special elections, and recommended special elections be mandated in the statutes.

Richard Careaga, Planning Director for the City of Unalaska wants more definition/clarification of mandatory powers and duties.

Leo Rasmussen, Mayor of Nome said small government feels that it has lost control of its own destiny. Planning is being taken over by REAAs and SRAAs. He said Nome feels threatened by the possible organization of the Unorganized Borough and he asked for more local autonomy.

Returning to Old Business, the Policy Group continued its review of the recommended drafting changes submitted by the Technical Committee. Sec. 29.30.210 was reviewed. James Kohler moved to not accept the drafted change but to retain the current language. Charles Parr amended the motion, and it carried. The chair directed staff to clarify the wording of the current statute and resubmit it at the next meeting of the Policy Group. Secs. 29.30.220, 29.30.225, 29.30.230, 29.30.240, 29.30.250, 29.30.260, 29.30.270, 29.30.280, 29.30.290, 29.30.300, 29.30.310, 29.30.320, were accepted with no changes or some wording changes. 29.30.330 was sent back to the Technical Committee for redrafting.

Two subcommittees were formed and are to give reports at the next meeting on AS 29.09.180 Organization Grants (Chair-McCarter) and AS 29.30.040 Voter Qualifications (Chair-Dimmick).

Two sections of Title 29 considered obsolete were discussed. The Policy Group will recommend the repeal of the sections on Involvement of Young People in Local Government and the repeal of the sections on Development Cities.

The dates of the next meeting of the Policy Advisory Group were set for 15, 16, and 17 December, 1980 in Anchorage.

Staff is to review the definition of "petitioner".

The meeting was adjourned at 4:30 p.m.
