PETITION FOR STUDENT HOUSING

TO: The Honorable Jay Hammond, Governor, State of Alaska  
 The Honorable Terry Miller, Lt. Governor, State of Alaska  
 The Alaska State Legislature  
 President Jay Barton, University of Alaska  
 The University Board of Regents

WE, THE UNDERSIGNED, believe that student housing at UNIVERSITY OF ALASKA, ANCHORAGE campus, is long overdue, desperately needed, and should be a major priority in the State's Fiscal Year '83 budget.

At the present time, we are forced to obtain rental units in a strained Anchorage rental market. The lack of adequate student housing adds a great deal to the cost of education and adds a burden to a student's budget.

We fully support funding for student housing at the University of Alaska's Anchorage campus and request your assistance in obtaining the needed funds.

We fully support funding for student housing at the University of Alaska's Anchorage campus and request your assistance in obtaining the needed funds.

PETITION FOR STUDENT HOUSING

TO: The Honorable Jay Hammond, Governor, State of Alaska  
The Honorable Terry Miller, Lt. Governor, State of Alaska  
The Alaska State Legislature  
President Jay Barton, University of Alaska  
The University Board of Regents

WE, THE UNDERSIGNED, believe that student housing at UNIVERSITY OF ALASKA, ANCHORAGE campus, is long overdue, desperately needed, and should be a major priority in the State's Fiscal Year '83 budget.

At the present time, we are forced to obtain rental units in a strained Anchorage rental market. The lack of adequate student housing adds a great deal to the cost of education and adds a burden to a student's budget.

We fully support funding for student housing at the University of Alaska's Anchorage campus and request your assistance in obtaining the needed funds.

Dear Legislator:

The enclosed booklet describes additions and alterations which the Greater Fairbanks Memorial Hospital Foundation is proposing for Fairbanks Memorial Hospital in the coming year. As you can ascertain from the enclosed information, our hospital is currently operating at a very high occupancy rate. Because of the long period involved in construction of hospital facilities, it is imperative that we start construction as soon as possible.

It is the hope of the Foundation that you will help our community in expanding our hospital through a grant for the proposed hospital construction. By supporting this project, you will be able to assure that our community citizens will continue to be afforded the lowest cost of health care in the state, while at the same time assuring them of the highest quality. We as a Foundation are behind this project 100% and are hoping that you are as well.

Please let us know should you have any questions in regards to this request. We feel it is of the utmost urgency that we receive funding this year.

Thank you for your consideration.
