The Honorable Frank Ferguson, Chairman
Community and Regional Affairs Committee
Alaska State Senate
Pouch V
Juneau, AK 99811

Dear Senator Ferguson,

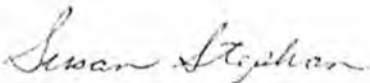

I am writing about House Bill #277, "An Act allowing retirement credit for the unused sick leave of an employee of a political subdivision or public organization participating in the public employees retirement system."

I would solicit your help in bringing this bill to the floor for a vote by the Senate.

School teachers have had this benefit for a number of years, and certainly, public employees are as deserving as school teachers in gaining this benefit. I work in a public school and feel classified employees are as worthy as certified to receive this benefit.

Public employees deserve equity on this issue.

Cordially,

Susan Stephan

The Honorable Frank R. Ferguson, Chairman
Community and Regional Affairs
Alaska State Senate
Fouch V
Juneau, Alaska 99811

Dear Senator Ferguson:

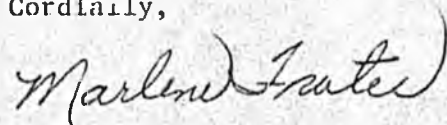

I would like to call your attention to Senate Bill #277, "An Act allowing retirement credit for the unused sick leave of an employee of a political subdivision or public organization participating in the public employees' retirement system."

This bill has been kept from the floor for at least two years, and I would like to ask your help in bringing it to the floor for a vote by the full house.

In the interest of fairness, I believe public employees are as deserving as school teachers in gaining this benefit. You know school teachers have had this benefit for a number of years. I am in the position of working in a public school, yet am designated as "less worthy" of this benefit when compared with teachers.

Public employees deserve equity on this issue.

Cordially,

Marlene Frates

Subject: Senate Bill 236

Dear Frank:

I am a custodian for the Kenai Peninsula School District, at Redoubt Elementary School. In a few years I shall retire from the working class. I have some 80 day of accumulated sick leave coming to me. The way things are now I shall lose this sick leave when I retire. Borough administrators and School administrators and teachers, including my wife, Eunice, who is retired from teaching now, they all will get or have gotten credit into their retirement for their accumulated sick leave, yet we, the classified people of our Borough will not get this, Bill 236, will give this to us.

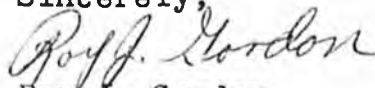

I would like to ask that you do all you can to get this bill out of committee and moving onto the floor for passagay by vote.

Anything you can do along this line will be appreciated.

Might I hear from you on the above matter.

Thank you.

Sincerely,

Roy J. Gordon

Position Paper

SB 236

The treatment of sick leave is an area to be addressed through the collective bargaining process by individual employers; retirement benefits are not. We do not feel it is appropriate for the legislature to force this type of liability on employers in the system through a change in retirement law. Other avenues such as personal leave or various forms of cash pay out are available and can be exercised locally taking into account differences that exist in both practice and philosophy.

The department is opposed to this bill for these reasons and the dangerous precedent it would establish.

State of Alaska

Fiscal Note

SB 236

IV Analysis:

The cost of this bill will be borne entirely by the PERS employers. The individual employer contribution rates will increase on an average of .24% of their PERS payroll.

The total costs to employers who are participating in PERS is expected to be as follows:

<u>FY 84</u>	<u>FY 85</u>	<u>FY 86</u>	<u>FY 87</u>	<u>FY 88</u>
\$767.0	\$828.4	\$894.7	\$966.3	\$1,043.6

If this bill becomes law, the funding ratio in PERS will decrease by .2%.

The total actuarial present value of cost of this bill is \$1,854,000.

April 19, 1983

The Honorable Jalmar Kerttula
President of the Senate
Alaska State Legislature
Pouch V
Juneau, Alaska 99811

Dear Mr. President:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill which provides for legislative approval of a royalty oil contract between the state and Tesoro Alaska Petroleum Company for the sale of Prudhoe Bay royalty oil.

This contract is described in the findings entitled "Proposed Disposition of Royalty Oil, Tesoro Alaska Petroleum Company" issued by the Department of Natural Resources on March 16, 1983. Copies of these findings have been made available to the legislature and the public for review.

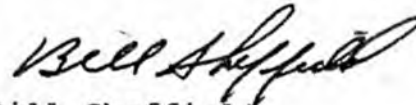

This contract is being submitted for legislative approval for two reasons. First, although this and the previous administration have consistently taken the position that the statutory requirement of legislative approval of royalty oil contracts is unconstitutional (AS 38.06.055), as a matter of comity I respect the legislature's desire to have a direct voice in major disposals of royalty oil. Therefore, this contract contains provisions requiring approval by the legislature before it becomes effective. Second, this bill would ratify the agreement for the sale of oil. This ratification would cure any procedural defect that may have occurred in the process of entering into this contract.

Although we believe that all necessary steps have been taken, the statutes and regulations governing the disposal of royalty oil represent often conflicting desires and goals, both procedural and substantive. For example, even if statutorily requiring legislative approval were constitutional, the present statutes provide, on the one hand, that the legislature is to approve the contract by enacting legislation (AS 38.06.055(a)), but, on the other

Sk 268

hand, they also provide that a report of the Royalty Board "shall be submitted for legislative review at the time of [sic] resolution for legislative approval of a proposed disposition of royalty oil and gas is introduced in the legislature" (AS 38.06.070(c)). Since legislative approval is required anyway as a matter of contract, I believe it only prudent to present this contract for legislative approval and ratification at this time.

Sincerely,

A handwritten signature in cursive script, appearing to read "Bill Sheffield".

Debt-plagued Charter to sell insurance company

Associated Press

Miami — Charter Co. announced it secured a New York investment banking firm to sell its insurance company, with the proceeds going to help pay debts of the the Jacksonville-based conglomerate, officials said.

Company spokeswoman Joanne Stone said Donaldson, Lufkin & Jenrette Inc. would assist in selling the insurance operation to a third party.

"The purpose is ... to protect Charter Security Life (Insurance Co.) and its policyholders from negative publicity directed at Charter, and to use the pro-

ceeds of the sale to reduce existing indebtedness of Charter," Stone said.

Charter Security Life policyholder accounts are unaffected by the action, she said.

A Tennessee newspaper, in its Sunday editions, reported that Charter also planned to sell its oil company to raise cash.

The Nashville Tennessean quoted sources close to the company as saying that the business is planning to adjust financial statements to reflect losses of up to \$30 million over the last three years.

Charter on Friday asked the New York Stock Exchange to suspend trading of its stock after more than 266,000 shares changed hands. The last trade was at \$5.375, off \$1 from Thursday.

The unusual volume of trading was caused by "insiders" who are familiar with alleged problems at Charter, The Tennessean said.

Charter is the controlling stockholder of Nashville's McDowell Enterprises. McDowell earlier this month announced 1983 losses of \$2.1 million, or 89 cents per share, compared with \$1.1 million, or 47 cents per share, lost in 1982.

Kenneth L. Fisher, a money manager in Burlingame, Calif., who owns about 1 percent of the company's stock, said the reason for the trading halt could be the possible sale of Charter's oil refinery in the Bahamas. But another reason might be the reporting of a first-quarter loss in excess of \$4.5 million, Fisher said.

The company blamed reduced earnings from its insurance subsidiary operation for most of the deficit. Charter Security Life two weeks ago announced that redemptions in mid-March outnumbered sales of annuities by 10-to-1.

Charter also Sunday reported that its subsidiary oil operations have experienced an "unanticipated and severe" loss of trade credit during the last two weeks. The company is currently discussing with its lenders means by which the lost trade credit could be replaced.

The Charter Oil Group alone is losing approximately \$25 million per quarter, the newspaper said.

A minority stockholder from Key Biscayne has filed a class action suit in Jacksonville alleging the company attempted to conceal adverse information about Charter's financial condition.

STATE OF ALASKA
OFFICE OF THE GOVERNOR
JUNEAU

SB285

April 29, 1983

The Honorable Jalmar Kerttula
President of the Senate
Alaska State Legislature
Pouch V
Juneau, Alaska 99811

Dear Mr. President:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill which provides for legislative approval of a royalty oil contract between the state and Tesoro Alaska Petroleum Company for the sale of Cook Inlet royalty oil.

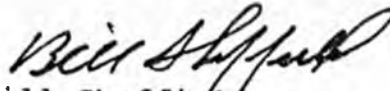

This contract is described in the findings entitled "Proposed Disposition of Royalty Oil, Tesoro Alaska Petroleum Company" issued by the Department of Natural Resources on February 22, 1983. Copies of these findings have been made available to the legislature and the public for review.

This contract is being submitted for legislative approval for two reasons. First, although this and the previous administration have consistently taken the position that the statutory requirement of legislative approval of royalty oil contracts is unconstitutional (AS 38.06.055), as a matter of comity I respect the legislature's desire to have a direct voice in major disposals of royalty oil. Therefore, this contract contains provisions requiring approval by the legislature before it becomes effective. Second, this bill would ratify the agreement for the sale of oil. This ratification would cure any procedural defect that may have occurred in the process of entering into this contract.

Although we believe that all necessary steps have been taken, the statutes and regulations governing the disposal of royalty oil represent often conflicting desires and goals, both procedural and substantive. For example, even if statutorily requiring legislative approval were constitutional, the present statutes provide, on the one hand, that the legislature is to approve the contract by enacting legislation (AS 38.06.055(a)), but, on the other hand, they also provide that a report of the Royalty Board

"shall be submitted for legislative review at the time of [sic] resolution for legislative approval of a proposed disposition of royalty oil and gas is introduced in the legislature" (AS 38.06.070(c)). Since legislative approval is required anyway as a matter of contract, I believe it only prudent to present this contract for legislative approval and ratification at this time.

Sincerely,

A handwritten signature in cursive script, appearing to read "Bill Sheffield".

EXECUTIVE SUITE

BEHIND THE BREAKUP AT CHARTER

Since its birth in the 1960s, Charter Co. has tried its hand at oil, land development, banking, insurance, and even operating the now-defunct *Philadelphia Bulletin*. The resulting mishmash of operations—and confusing financial reporting practices—bewildered Wall Street analysts and scared off big institutional investors. Charter stock now trades at a low price-earnings ratio of 7 and at a 61% discount to the company's \$29 book value.

Now, Charter has announced that it will split itself into separate energy and insurance companies, gambling that investors will find a better-focused approach more appealing.

"Our insurance company happened to be in a business with negative publicity that has hurt the oil company, and the oil operations have confused people who try to look at us as an insurer," says Chief Executive Raymond K. Mason. "This spinoff should end the confusion."

'A REAL TOBOGGAN.' The bid for respectability on Wall Street could backfire on the \$5.7 billion Jacksonville (Fla.) company. Without its large and profitable insurance operations, the parent—to be renamed Charter Oil Co.—will have nowhere to hide should its volatile, low-margin crude-oil marketing and refining businesses run into earnings trouble.

"With today's excess refining capacity, any independent refiner that doesn't have its own crude-oil supplies is not going to be able to sustain good margins," warns Dillard P. Spriggs, president of Petroleum Analysis Ltd. in New York. "Refining, for an independent, can be a real toboggan," Spriggs says.

Under the proposed breakup, holders of each of Charter's 22.8 million shares will receive one share of Charter Financial Co. later this spring. Charter Finan-

cial will own Charter's three insurance units, including the No. 1 issuer of single premium deferred annuities (SPDAs)—annuities that allow purchasers to place lump-sum investments in high-yielding accounts free of taxes until withdrawal. The newly independent Charter Financial will have \$4.5 billion of policies in force and no long-term debt but will issue \$129 million in preferred stock to Charter Oil. The oil company hopes to sell the stock later. Also, about \$100 million in Charter Co. assets will be put on the block prior to restructuring.

After the breakup, it is doubtful whether the "new" Charters will be managed differently than they are now. The companies will share the same three top managers, with Mason continuing as chief executive of both. And investors may not be thrilled with their clearer view of the Charter progeny.

In the wake of the financial collapse of SPDA giant Baldwin United Corp. and concern over Charter Security Life Insurance Co.'s investment portfolio (BW—Nov. 21), Mason says that worried customers have cashed in approximately \$700 million of Charter SPDAs. While the redemption stampede has subsided, new annuity sales are sluggish, and Charter Financial officials concede that the company may never replicate the insurance units' spectacular 540% asset growth since 1980.

ADVERSE PUBLICITY. Charter's core energy business has been a lackluster performer. Last year the energy operations recorded operating profits of \$21 million after write-downs, far short of the heady days of the late 1970s, when Charter earned roughly \$1 million a day on the strength of its huge Bahamian refinery alone. Last year, however, the refinery, owned jointly with Standard Oil Co. of California, operated at only 20% of capacity.

Much of the oil operation's woes had been overshadowed by hefty profits at the insurance units, which earned \$107.3 million in 1983, despite adverse publicity in the latter part of the year. And parent Charter Co.'s 1983 net income of \$61.7 million included \$80.8 million in nonrecurring gains from contract settlements, stock swaps, and inventory adjustments.

Observers agree the future profitability of Charter Oil hinges on how quickly Mason can steer the company from the depressed refining business, which currently accounts for 35% of sales. An energy-related acquisition, possibly financed with proceeds of the planned sale of Charter Financial preferred shares, may be Mason's most expeditious solution. "The oil company will surprise everybody," Mason insists. Given the stiff competition and slim margins for both marketing and refining on the East Coast, Mason will have to be right. (9)

POSITION PAPER

RE: SB 305
SPONSOR: Senator Gilman

Program Effects:

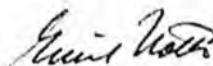

SB 305 would subject additions, revisions, or amendments to the Alaska Coastal Management Program to approval by the Legislature.

Comments:

The Alaska Coastal Management Act and its implementing regulations provide for a lengthy review process by individuals, local Districts, State and Federal agencies, and private entities. The process is intended to gather both public and expert opinion; to assure program compliance with the standards and guidelines of the Alaska Coastal Management Program; and to assure that District and Agency interests and priorities are represented. Typically, a large number of people are party to the review, which culminates in revision to the draft program, and preparation of a concept-approved draft for submittal to the Coastal Policy Council.

The Department feels that current review and approval procedures provide sufficient checks and balances to produce a document which is in the public interest. The additional legislative approval could prove to be time-consuming.

Legislative approval could also result in program amendments and ultimate program approval differing from local objectives. The Department does not support passage of SB 305.

Senator Frank Ferguson
Pouch V.
Juneau, Ak 99811

Dear Legislator;

We would like to take this opportunity to invite you to attend our 6th Annual Conference on Placer Mining. The Conference will take place on March 27-29 at the University of Alaska - Fairbanks.

There are many issues that will have an impact on placer mining. As you know, it is estimated that placer mining accounts for up to \$244 million dollars of the economy of the state of Alaska, which does not include the sale of gold or other materials.

Of particular interest should be the Miners Meeting scheduled for Tuesday, March 27 at 7 P.M. At this time, many issues of current status will be discussed.

I would urge you to attend the Conference if it is possible. If you are unable to do so, I would urge that you send a representative. I have enclosed a copy of the preliminary brochure and registration form. If you have any questions, please call.

Sincerely yours,

Rose Rybachek, Conference Vice-chairman

Dedicated to the development of Alaska's Mineral Resources

"GOLD FEVER" - ALASKA '84
SIXTH ANNUAL CONFERENCE ON ALASKAN PLACER MINING
UNIVERSITY OF ALASKA - FAIRBANKS
MARCH 27 - 29, 1984

School of Mineral Engineering, University of Alaska

SPONSORS

Alaska Miners Association, Inc.

THE CONFERENCE

Papers will be presented on a number of topics, including Placer Geology and Exploration, Concentration and Recovery systems, Case Histories of Arctic Mines, Turbidity and Stream Reclassification. The conference will be held in the University, Fine Arts Concert Hall. There will be an indoor and outdoor Trade Show

PRELIMINARY PROGRAM

TUESDAY, MARCH 27, 1984

6:00 pm Registration, Fine Arts Concert Hall, UAF.
 7:00 pm Miners Meeting, Fine Arts Concert Hall. This informational and strategy session is open to all Conference registrants and AMA members. Resolutions are welcomed.

6:15 pm Reception - Fine Arts Concert Hall.
 7:00 pm Banquet - Wood Center Ballroom.
 Speaker - Honorable Ted Stevens, United States Senator.

WEDNESDAY, MARCH 28, 1984

8:00 am Registration, Coffee and rolls, Fine Arts Concert Hall.
 8:40 am Welcome: Nolan J. Aughenbaugh, Dean, School of Mineral Engineering, UAF; Patrick O'Rourke, Chancellor, University of Alaska-Fairbanks; Bill Allen, Mayor, Fairbanks North Star Borough; Earl Beistline, President, Alaska Miners Association.

THURSDAY, MARCH 29, 1984

7:00 am Mining Districts Breakfast Meeting, Wood Center, Chairman, Don Stein, Director AMA.

MORNING SESSION - Chairman, John Sims, Director, Office of Mineral Development, State of Alaska, Department of Commerce and Economic Development.

9:00 am Placer Potential in the Fairbanks District, Paul Metz, M.I.R.L., University of Alaska-Fairbanks.

 12:00 pm Luncheon - Wood Center Ballroom.
 Speaker - Father Wunnicke, Commissioner, Department of Natural Resources, and the Director of the Division of Mines.

MORNING SESSION - James Madonna, Assistant Professor of Mining Extension, School of Mineral Engineering, University of Alaska-Fairbanks, Director AMA.

9:00 am Recovery Systems, Jack Donkers and Leo Van Der Veen.
 9:30 am Sluice Recovery, Will Godbey, Student, UAF.
 10:00 am Coffee.
 10:15 am Mining and Recovery on Eagle Creek, Douglas Colp, Placer Consultant.
 10:45 am Sediment after Recovery, Dr. Ernest Wolff, Retired Professor, M.I.R.L., UAF, Miner.
 11:15 am Mining at Flat, Alaska, John Miscovich, Miner.
 12:00 pm Luncheon - Wood Center Ballroom.
 Film presentation: Geology of Whitwaterstrand, Africa.

AFTERNOON SESSION - Chairman, Del Ackels, President, Circle Mining District, Miner, Director AMA.

1:30 pm Excavating Frozen Muck in Circle Mining District, Fred Wilkinson, Miner.
 2:00 pm Mining on Deadwood Creek, Circle District, George Horner.
 2:30 pm Mining on Porcupine Creek, Circle District, Helen Warner, Miner.
 3:00 pm Coffee.
 3:15 pm Mining on Olive Creek in the Livelihood District, Ed Montgomery, miner and Roger Mechon, Director AMA.
 3:45 pm Underground Water Laser Technology, Dr. Hugh B. Pate, Miner.

AFTERNOON SESSION - Jeffrey Burton, Mining Engineer, Division of Mining, State of Alaska.

2:00 pm Education and the Mining Industry, James Madonna, Assistant Professor of Mining Extension, School of Mineral Engineering, UAF.
 2:20 pm Stream Reclassification, Joe Cladouhos, Department of Environmental Conservation.
 2:40 pm Stream Classification in the Yukon, Jack Nickel, Water Resources, Yukon Territory.
 3:00 pm Coffee.
 3:15 pm Water Quality Concerns, E.P.A.
 3:35 pm Technical Solution of Turbidity, Dr. David Maneval, School of Mineral Engineering, University of Alaska-Fairbanks.
 3:55 pm Questions and Answers.
 4:15 pm Conference Summary, Earl Beistline, President, AMA.
 5:00 pm Conference Commencement, Wood Center Pub, Refreshments provided by Mining and Transportation Engineering B.V. and Canadian Dredge and Crane, Ltd. Everyone welcome.

REGISTRATION FORM

INFORMATION

Early registration is recommended. Please complete the enclosed registration form and return with your check or money order to: Alaska Miners Association, P.O. Box 73069, Fairbanks, AK 99707. You will receive a confirmation by mail. The Registration Deadline is MARCH 15. Registration will be accepted after March 15 if there is sufficient room at full rate. Refunds will be made if requested by mail prior to March 20. A \$10 processing fee will be withheld from all refunds. Name Badges will be required during all conference sessions. For information about the Trade Show please write: Trade Show Chairman, 504 College Rd., Fairbanks, Alaska 99701.

ACCOMMODATIONS

The Fairbanks Inn is providing Special Conference Rates for those needing lodging.

Fairbanks Inn

1 IN THE SENATE

BY RODEY, DANKWORTH AND KERTTULA

2 SENATE BILL NO. 314

3 IN THE LEGISLATURE OF THE STATE OF ALASKA

4 TWELFTH LEGISLATURE - FIRST SESSION

5 A BILL

6 For an Act entitled: "An Act relating to exemptions from municipal property
7 taxation and from special road assessments; and pro-
8 viding for an effective date."

9 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

10 * Section 1. AS 29.53.020(h) is amended to read:

11 (h) Except as provided in (g) of this section, nothing in (e) -
12 (l) or (k) - (m) of this section affects similar exemptions from proper-
13 ty taxes granted by municipalities on September 10, 1972 or prevents
14 municipalities from granting similar exemptions by ordinance as provided
15 in AS 29.53.025(a).

16 * Sec. 2. AS 29.53. 0 is amended by adding new subsections to read:

17 (k) One motor vehicle owned by a resident 65 years of age or
18 older on January 1 of the assessment year is exempt either from taxation
19 on its assessed value or from the registration tax under AS 28.10.-

20 *411(c). Dept amendment*
21 (l) The state shall reimburse a municipality for tax revenues
22 lost to it under (k) of this section.

23 (m) The Department of Community and Regional Affairs shall adopt
24 regulations to implement the provisions of (g), (k), and (l) of this
25 section.

26 * Sec. 3. AS 29.63.065(a) is amended to read:

27 (a) The real property owned and occupied by a resident 65 years
28 of age or over, or the spouse, widow, widower, or minor heir of the
29 original applicant, on which is located only his permanent abode which

1 is a single-family residence, is exempt from (1) special sewer assess-
2 ments levied by a home rule or general law municipality after
3 September 2, 1975, [AND] (2) special water assessments levied by a home
4 rule or general law municipality after September 2, 1975, and (3)
5 special road assessments levied by a home rule or general law municipal-
6 ity after July 1, 1981. Only one exemption may be granted with respect
7 to the same property, and, if two or more persons are eligible for an
8 exemption with respect to the same property, the parties shall decide
9 between or among themselves which shall receive the benefit of the
10 exemption. No real property may be exempted under this subsection
11 which the municipality determines, after notice and hearing to the
12 parties concerned, has been conveyed to the applicant primarily for the
13 purpose of obtaining the exemption. The determination of the municipal-
14 ity is appealable under AS 44.62.560 - 44.62.570.

15 * Sec. 4. AS 28.10.411(d) is repealed.

16 * Sec. 5. This Act is retroactive to January 1, 1981.

17 * Sec. 6. This Act takes effect immediately in accordance with AS 01.10.-
18 070(c).

Date: March 4, 1982

POSITION PAPER

Requested by: Senate Community and Regional Affairs

Subject: Regarding exemption from property tax and special road assessments.

Departmental Position: Support

Remarks:

Sections 1 and 2 of HB 314 would correct some problems that exist with the current statute. These problems involve the exemption of senior citizens' motor vehicles and state reimbursement to municipalities for that exemption.

There are currently three procedures in practice within the state regarding taxation of motor vehicles. The present statute was written to cover only one of those practices, leaving the other two as problem areas.

In the case where a municipality has opted to have the state collect taxes on motor vehicles for the municipality, the senior citizen is exempt, and the municipality is reimbursed. This is the way the program was intended to work.

One of the problems is in a municipality where a local property tax is levied on motor vehicles. Based on current statute the state reimburses these municipalities. However, Title 29 currently does not allow the municipalities to exempt the seniors, therefore a double payment to a municipality exists.

The second problem is in municipalities that do not tax motor vehicles. Under statute, the state still reimburses these municipalities for revenues they might have lost.

The Department strongly supports the bill but recommends amendment of (1) to read as follows:

- (1) The state shall reimburse a municipality for revenues lost to it under (k) of this section. The payment shall be an amount equal to the tax levied under AS 28.10.431(b) for each vehicle for which a senior citizen exemption form, as prescribed by the Department of Public Safety, is submitted.

Currently, the senior citizens fill out the exemption form when they buy their license plates. That form is forwarded to the Department of Community and Regional Affairs. The affected municipality is reimbursed based on the schedule located in AS 28.10.431(b).

Position Paper
March 4, 1982
Page: 2

The existing language in (1) of HB 314 would require reimbursement based on a local levy. That form of reimbursement would require completion of another form by the Senior, another request by the municipality and an additional payment procedure by the state. The Department would recommend the above amendment in order to continue the current very simple and inexpensive administrative process.

Section 3 of the bill deals with a different program. That program currently defers senior citizens' special assessments for sewer and water improvements for as long as the senior citizen resides on the property.

This section of the bill would expand that program to include special road assessments. As with the sewer and water assessments the large bills for special road assessments places a tremendous burden on the limited budget of many senior citizens. Therefore, the Department supports that language. The attached fiscal note is based on estimations prepared by municipalities.

III. ANALYSIS (See Fiscal Note Preparation Instruction, Section III)

No impact is anticipated from Section 1 and 2 of the bill. Section 3 of bill would require the state to pay special road assessments. Forty-five municipalities were asked to estimate probable impact of the proposed legislation in the respective communities. Only nineteen responses were received and only five of those were able to estimate impact. Based on that limited response it appears that the program would cost approximately \$290,000 if first year. That reimbursement could be handled with existing staff. Subsequent years assume increases of 10% per year.

P.O. Box 3366
Kodiak, AK 99615

Dear John;

Thank you for the Public Opinion Message with the Resolution adopted by the Bayside Volunteer Fire Department supporting Senate Bill 333.

The bill sponsored by Senator Pappy Moss has unfortunately not seen much action in the Senate. It is still in the first committee of referral, the Senate Community and Regional Affairs Committee, waiting to be scheduled for a hearing. You may wish to contact that committee's chairman, Senator Frank Ferguson, and the vice-chairman, Senator Don Bennett to show your support and request that the bill be heard by the committee. I feel it is a good bill and will do what I can to spur its progress. I have sent to Senator Ferguson a copy of your POM and my response to you in hopes of expediting action on this bill.

I appreciate hearing from you and hope that you will contact me again if I can be of further assistance.

Sincerely,

A handwritten signature in cursive script that reads "Fred F. Zharoff".

POSITION PAPER

RE: SB 333

SPONSOR: Senator Moss

COMMENTS: The Department recognizes the need to adequately support fire prevention and suppression and related rescue services. However, there are several flaws in SB 333 which prompts the Department to oppose the bill as written.

In 1980 the State Revenue Sharing program was altered and subsequently expanded. One of the major changes made in the program was the elimination of all per capita categories in favor of a tax equalization formula. In general, block funding under this formula provided substantially greater funding to municipalities than the sum of the per capita categories it replaced. In effect, the State provided a higher level of funding to municipalities and allowed them to decide how the money should be allocated to support local services. SB 333 marks a return to the per capita formula. It does not replace the block grant, but rather adds substantially more aid to the present funding now going to municipalities and unincorporated communities.

Section 1 of the bill significantly increases the per capita amount going to recipients. Under the old State Revenue Sharing formula, municipalities received only \$7.50 per capita adjusted for cost-of-living. This bill provides \$20 per capita.

The major flaw in the bill is the involvement of the State Fire Marshal in the administration of the State Revenue Sharing Program. The bill appears to place responsibility for administration of these grants with the State Fire Marshal, however, the vehicle used to do this is the State Revenue Sharing program which is the responsibility of this Department. Specifically, Section 1, lines 19-21, bases the per capita distribution on population served by the volunteer fire department as determined by the State Fire Marshal.

Within that same chapter, under AS 29.89.060, the responsibility for population is given to this Department. Section 2 of the bill establishes a supplementary grant program that appears to require application to this Department (based on the definition of "department" for this chapter found in AS 29.89.100(1)), however, the application is to be received by the State Fire Marshal and the program is to be administered by that office under the statutory authority of the State Revenue Sharing program. There is another reference to "department" on page 3, line 8 of the bill which appears to require this Department to simply make a payment in the amount determined by the State Fire Marshal. This clouds responsibility for the State Revenue Sharing program by involving the State Fire Marshal in administration of a portion of it.

The Department believes a program of this type, which is intended to assist volunteer fire departments rather than municipalities and unincorporated communities per se, would best be handled as a separate program under a different portion of the statutes. As presented in this bill, the program only serves to confuse the administration of the existing State Revenue Sharing program.

The bill does affect the major entitlement program of the Department, we have computed what we would expect this bill to cost if fully funded. This fiscal note was prepared independently from the State Fire Marshal.

Approved: *Emil Notti*
Emil Notti, Commissioner

Fiscal Note Analysis

Assumptions:

- 1) Number of volunteer fire department in existence in 1980 adjusted for population growth in service area up to July 1, 1983 population.
- 2) Information provided by State Marshall office also followed to provide estimate of grant cost.

No additional operational funding for the Department of Community and Regional Affairs is anticipated.

700 Grants:

AS 29.89.040 (a)(1) -- \$20 capita for persons served by volunteer fire departments:

Boroughs	(11)	6,132,860	
Home Rule/1st Class Cities	(33)	1,830,440	
2nd Class Cities	(99)	760,840	
VFDs in unorganized borough that applied for FY84 funding	(29)	<u>188,460</u>	
		8,912,600	
Less VFDs already funded		<u>94,230</u>	
		8,818,370	(440,919) (persons served)

AS 29.89.040 (a)(2) -- \$5,000 for each operating fire and rescue station

\$5,000 X 250 stations:	<u>1,250,000</u>
Total amount to fully fund	10,068,370

Increase in FY86-88 reflect 5% increase in population and fire station construction.

No fiscal analysis done for the supplementary grant portion of the program since that appears to be a discretionary grant program.

DEPARTMENT OF PUBLIC SAFETY

POSITION PAPER

SB 333 / HB 442

This bill has a major impact on the means which provide for the operation of volunteer fire departments.

It is the policy of this Administration to encourage local governments to determine their own needs and priorities. While the Administration is cognizant of the unresolved problem regarding the development of local government in rural Alaska, we do not believe this bill is a constructive approach to a solution.

Simply put, the bill will place the State in the position of providing fire protection. Planning, decision making and fiscal controls will become a responsibility of the State Fire Marshal.

The bill has the potential of usurping the powers of local political subdivisions as provided by AS 29.48.030, that "municipalities may provide fire protection." The bill will provide financial aid for any volunteer fire department regardless of local jurisdictional authority to operate. It, further, provides that additional unspecified services will be considered for supplementary grant purposes.

Article 1 of AS 18.70 does not provide for the State to control local fire protection groups and services. Yet this bill requires the State Fire Marshal to determine operational objectives and to finance same. Without question, many controls will need to accompany this approach in order to achieve fiscal responsibility.

It is the position of the Department of Public Safety to support Sec. 29.89.040(a) 1, raising the per capita state aid to \$20 in recognition of increased costs.

We do not support the language of Sec. 29.89.040(a) which extends the authority to provide fire protection beyond that of local government.
