Brief Biography

of

Harold M. Brown
Attorney General
State of Alaska

Harold M. Brown was born in Colon, Panama, on October 2, 1940. He grew up primarily in Colebrook, New Hampshire, where he graduated from the Colebrook Academy in 1958. He attended the University of New Hampshire and graduated with a B.A. degree in 1963. He attended law school at Boston University in Boston, Massachusetts, and graduated with an LL.B. degree in 1968.

For two years prior to attending law school, "Hal" toured America as a member of a folksinging group called the Brandywine Singers.

Following graduation from law school he spent one year as an associate with a small Boston law firm and then two years (1969-1971) as a member of the Criminal Division staff of the Department of Attorney General of the Commonwealth of Massachusetts. He left that position to become District Attorney in Ketchikan, Alaska, in August of 1971.

He left the Ketchikan District Attorney's office in 1973 to return to Boston University where he received an advanced law degree in Taxation (LL.M.) in 1974.

He returned to Ketchikan in May of 1974 and practiced law for over 11 years as a partner in what is now the law firm of Ziegler, Cloudy, King, (Brown) and Peterson.

He was a member of the Board of Governors of the Alaska Bar Association from 1982 to 1985, serving as President of the Bar for the 1984-1985 term.

He was appointed Attorney General by Governor Bill Sheffield and took office on July 9, 1985.

Mr. Brown was married to Susan Murphy of North Andover, Massachusetts, on June 20, 1970, and has two children: Molly, age 11, and Katy, age 9.

PURPOSE OF THE REPORT

In accordance with the provisions of Alaska Statutes 24.20.271(i) and 44.60.050 (sunset legislation) an examination of the Alcoholic Beverage Control (ABC) Board was conducted to determine if the Board has been operating in an efficient and effective manner and if the Board should be reestablished.

As required by legislative intent, this report should be considered during the legislative oversight function in determining if the ABC Board should be reestablished. Per the 1984 amendment to AS 44.66.010(A)(1), the Board is scheduled to terminate on June 30, 1986.

The policy and audit approach utilized by the Division of Legislative Audit for Performance Reports can best be described as "audit by exception."

This methodology focuses audit effort on areas of an auditee's operations that have been identified by a preliminary survey as having a high degree of probability for needing improvements.

Therefore, by design, finite audit resources are used to identify where and how improvement can be made and little time is devoted to reviewing well run operations or programs. Consequently, this report highlights those areas needing improvement and does not emphasize those operations and programs that are properly functioning.

ORGANIZATION AND FUNCTION

The Alcoholic Beverage Control Board (hereinafter referred to as the ABC Board or the Board) was established in 1959 by Title 4 of the Alaska Statutes as a regulatory, quasi-judicial agency. The Board is vested with the powers, duties, and responsibilities for the control of alcoholic beverages, including the power to propose and adopt regulations and to hear appeals.

Members are appointed for three-year terms by the Governor and serve at his pleasure subject to confirmation by the Legislature. Membership is limited by statute to five persons (two liquor industry representatives and three non-industry representatives). A director, also appointed by the Governor, serves as executive officer and is responsible for enforcement of Title 4 liquor laws and regulations developed by the Board. Although he is not a member of the Board, the director may cast a tie-breaking vote. Under the direction of the Board, the director may issue, renew, transfer, revoke or suspend licenses or permits.

Title 4 prescribes the type of licenses, fees, and specific activities allowed under each license classification (see schedule of license types and fees in Appendix C). Fees are payable at the time of application. To renew an already existing liquor license, the application must be filed and the corresponding fees paid on or before February 28.

The availability of licenses throughout the State is determined by the population within designated areas. Effective June 6, 1985, one license may be issued for every 3,000 in population or fraction thereof. As of June 30, 1985, a total of 1,679 licenses had been issued (see Appendix B).

The staff of the ABC Board is divided into three major functions: administration, licensing, and enforcement. A brief description of the services provided by those functions follows.

Administration. The director of the ABC Board provides all administrative support needed by the Board including overseeing all staff functions, preparing budget documents, directing the preparation and implementation of administrative and public hearings, and directing special enforcement investigations.

Licensing. The licensing staff currently consists of three full-time employees responsible for issuing and receiving application forms, maintaining records and files for all licenses, collecting fees, issuing all licenses and permits authorized by the Board, and answering inquiries from the general public on routine licensing matters.

REPORT CONCLUSION

Policy Issues

This review contains policy issues raised as a result of our evaluation of various Board practices. The final policy decisions affecting those practices are not within the scope of this review but require legislative consideration. In debating these decisions the legislative oversight committees should take into consideration the findings and recommendations presented in this report, so that the potential impact of the policy changes can be evaluated.

Report Conclusions

Title 4 of the Alaska Statutes established the ABC Board to control the manufacture, barter, possession, and sale of alcoholic beverages in the State in order to protect the public's health, safety, and welfare. We believe that there is a demonstrated need for this control to continue to exist. In order to operate in a more efficient and effective manner, the following recommendations should be implemented.

1. The ABC Board should document the mitigating circumstances and reasons for not pursuing a suspension or revocation of a license.
2. Alaska Statute 04.11.510(c) should be amended to exclude Board participation in informal conferences.
3. The ABC Board should cease the current practice of terminating a license without cause and seek legal advice for clarification of its authority.
4. The ABC Board should improve documentation of its enforcement efforts.
5. The ABC Board should promulgate regulations for the creation of restaurant designation permits and the establishment of fees.
6. The ABC Board should strengthen controls over liquor license stock.

Services provided include: (1) surveillance and inspections of licensed premises, (2) investigations to obtain information to be used in criminal and civil proceedings and investigations into suspected licensing violations, (3) public appearances relating to ABC laws and regulations, and (4) assisting the licensing staff in handling inquiries from the general public.

FINDINGS AND RECOMMENDATIONS

Recommendation No. 1

The ABC Board should document the mitigating circumstances and reasons for not pursuing a suspension or revocation of a license.

Alaska Statute 04.11.370 provides for the suspension or revocation of a license if one or more of the eleven items listed in the provisions exists. Some of the major items listed include: misrepresentation of a material fact on an application; failure of a licensee to correct defects which constitute violations of Title 4; use of the licensed premises as a resort for illegal possessors or users of narcotics, prostitutes, or pimps; and violation by a licensee of Title 4 or a regulation or ordinance adopted under Title 4.

As prosecutor in the adjudication process, the ABC Board's Director is responsible for filing an accusation against a licensee when the facts show that a violation applicable to AS 04.11.370 has occurred. An accusation is a written statement of charges setting out the acts or omissions with which the licensee is charged and specifies the statute which the licensee is alleged to have violated.

Supporting the accusation is evidence gathered by the ABC Board's investigative staff. Investigative activity includes premise inspections, undercover observations, inquiries of licensee's staff and customers, and a review of local police reports.

Once an accusation has been filed by the Director, the ABC Board members have the responsibility of hearing the case and imposing the penalty upon a determination of the licensee's guilt.

Our review of cases requiring Board action showed that most cases resulted in dismissal of the accusation after an informal conference was held with the licensee. In some cases, the dismissal included a stipulation prohibiting any reoccurrences.

It is the ABC Board's position that it is within their discretion to adopt stipulations with remedial actions rather than to impose suspensions and revocations. Although we recognize that stipulations are within the Board's discretion, the files seldom document the mitigating circumstances or provide an explanation of why the Board chose to dismiss the accusation. In all cases, the files should clearly document the reasons for the Board's actions.

Recommendation No. 2

The Legislature should consider amending Alaska Statute 04.11.510(c) to exclude Board participation in informal conferences.

If an accusation is filed by the Director, the licensee is given the option of requesting an informal conference. Per AS 04.11.510(c), the informal conference may be held with the Director or the Board. If not satisfied with the results of the conference, the licensee may request a formal hearing. The ABC Board may delegate full authority to preside over the case to a hearing officer, or it may hear the case with the hearing officer. If the case is heard by the hearing officer, the officer is required to submit a proposed decision to the Board. The Board has the option of adopting the proposed decision or rendering a different one. If the case is heard by the Board and a hearing officer, the Board renders its final decision upon completion of the hearing.

When hearing a case, the Board should be unbiased and impartial. Evidence presented by the Director (the prosecutor) and the licensee (the defendant) should be weighed equally. Only evidence and testimony presented during the hearing may be considered in reaching a final decision. The Board's participation in informal conferences, prior to a formal hearing, may have a negative effect on their independence. No guidelines have been established to address what type of evidence can be submitted or what rules of law should be adhered to in the conferences.

For the most part, informal conferences are held by the Board without counsel to advise them on matters of law. As noted in Recommendation No. 1, Board action to resolve most cases resulted from informal conferences. If a hearing is requested by the disgruntled licensee after an informal conference, the Board runs the risk of having developed a biased opinion prior to the hearing.

To ensure the Board's independence, informal conferences held on pending cases should be limited to the Director. Any stipulations made by the Director and the licensee should be submitted to the Board for review. Board review of the stipulations should include an evaluation of the fairness of the resolution and an analysis of whether the terms are in compliance with statutory requirements. Final Board action should be documented by a motion and vote of the Board at an open meeting.

In addition, all informal conferences should be recorded to document the matters discussed. A brief summary of the discussion and agreements made should be transcribed and maintained in the licensee's file.

Recommendation No. 3

The ABC Board should cease the current practice of terminating a license without cause and seek legal advice for clarification of its authority.

The ABC Board has established an informal policy of requiring a licensee to surrender an existing license upon the issuance of a new license of a different type. For example, the holder of a restaurant/eating place license would be required to surrender that license upon the issuance of a beverage dispensary license for the same premise. The Board's authority to enforce this policy is questionable.

The ABC Board is governed by Title 4 of the Alaska Statutes. Per AS 04.11.070 the Board has the authority to issue, renew, transfer, suspend, or revoke a license. Alaska Statutes 04.11.360 and 04.11.370 list the conditions under which the Board can deny a transfer or revoke a license. The conditions listed primarily address violations by the licensee, actions which are contrary to statute, and actions which are not in the best interest of the public.

Our review of the licenses surrendered per the Board's informal policy showed that none of the conditions listed in AS 04.11.360 and AS 04.11.370 existed. In addition, we found that the Board was inconsistent in its application of the policy. The requirement to surrender a license was only imposed if the existing license was originally issued to the holder by the ABC Board. If the existing license was acquired through a transfer (purchase) then, the licensee was allowed to retain the license or transfer it. In the former case, the licensee was deprived of the privilege to transfer the license whereas in the latter case he was not. Our review disclosed three cases in which the licensee was deprived of the transfer option.

Due to the passage of House Bill 34, the population limits for the issuance of licenses was increased from 1,500 to 3,000. As a result, the license quota for the issuance of new licenses has been capped for most areas in the State. The ownership and transferability of a license is more valuable now than ever before. We noted in our review that one of the three licenses was surrendered in November 1984 under protest. The licensees feel their rights of ownership should not be denied. Although the ABC Board has taken no action on the protest to date, we strongly recommend that the Board obtain an Attorney General's opinion prior to taking action on the matter.
