HOUSE

JUDICIARY

MY NAME IS JAY MASSEY AND MY ADDRESS IS P.O. BOX 429, GIRDWOOD, AK 99587. I'VE LIVED IN ALASKA FOR THE PAST 21 YEARS, AND WAS EMPLOYED BY THE ALASKA DEPARTMENT OF FISH & GAME FOR NINE YEARS. I'M A FORMER MEMBER OF THE ALASKA BOARD OF GAME.

I'M PLEASED TO TESTIFY ON HB 219 BECAUSE I FEEL THIS LEGISLATION IS BADLY NEEDED. GARBAGE DUMPS ACT AS UNNATURAL ATTRACTANTS TO BEARS. BEARS ARE ~~USELESS TO HUMAN PURPOSES~~ ^{opportunistic.} BASICALLY LAZY. MOST OF THEM WOULD PREFER A FREE HANDOUT OVER FORAGING FOR FOOD IN THE WILD. SO IT SHOULD BE NO SURPRISE TO ANYONE THAT A GARBAGE DUMP WILL DRAW IN BEARS FROM ALL DIRECTIONS.

I FEEL HUNTING BROWN/GRIZZLY BEARS SHOULD BE ILLEGAL AT ALL GARBAGE DUMPS IN ALASKA, AND THAT PERHAPS YOU SHOULD CONSIDER EXTENDING THIS PROHIBITION TO BLACK BEARS AS WELL. I HAVE THREE MAJOR CONSIDERATIONS: FIRST IS THAT GARBAGE DUMP BEAR HUNTING CAN ^{have} - AND HAS - HAD A CONSIDERABLE IMPACT ON SOME LOCAL BEAR POPULATIONS. IT'S A VERY EFFICIENT MEANS OF HARVESTING BEARS, ^{and it is easily abused.}

SECONDLY, GARBAGE DUMP BEAR HUNTING ^{is all too often} ~~SOMETIMES HAS~~ ~~LEAD TO~~ ASSOCIATED WITH ILLEGAL HUNTING - HUNTING OUT OF SEASON AND TAKING OVERLIMITS AND SOWS WITH CUBS. I THINK MOST OF THESE ILLEGAL BEARS WOULD NOT HAVE BEEN TAKEN HAD THERE BEEN A FLAT PROHIBITION ON ^{which were} HUNTING FROM GARBAGE DUMPS. I PERSONALLY KNOW OF SEVERAL BEARS TAKEN ILLEGALLY AT SUCH SITES.

MY THIRD OBJECTION TO GARBAGE DUMP HUNTING HAS TO DO WITH THE CONCEPT OF FAIR CHASE HUNTING. IT IS SIMPLY NOT GOOD FOR THE SPORT. IT IS AN UGLY SIDE OF HUNTING AND IT BOTHERS ME PERSONALLY.

Criminaliter /krimanélylödär/. Lat. Criminally. This term is used, in distinction or opposition to the word "civiliter," civilly, to distinguish a criminal liability or prosecution from a civil one.

Criminalization. The rendering of an act criminal and hence punishable by the government in a proceeding in its name.

Criminal justice system. The network of courts and tribunals which deal with criminal law and its enforcement.

Criminal law. The substantive criminal law is that law which for the purpose of preventing harm to society, (a) declares what conduct is criminal, and (b) prescribes the punishment to be imposed for such conduct. It includes the definition of specific offenses and general principles of liability. Substantive criminal laws are commonly codified into criminal or penal codes: e.g. U.S.C.A. Title 18, California Penal Code, Model Penal Code. Compare *Criminal procedure*.

Criminal procedure. Criminal procedure is concerned with the *procedural* steps through which a criminal case passes, commencing with the initial investigation of a crime and concluding with the unconditional release of the offender. Generic term to describe the network of laws and rules which govern the procedural administration of criminal justice, e.g. laws and court rules (e.g. Rules of Criminal Procedure) governing arrest, search and seizure, bail, etc. Compare *Criminal law*. See also *Code of criminal procedure*.

Criminal protector. An accessory after the fact to a felony. *Skelly v. U. S.*, 10th Cir., 76 F.2d 483. One who aids or harbors a felon after the commission of a crime.

Criminal registration. Statutes in certain jurisdictions require that persons who are convicted felons register with the police so that their presence in the community will be known at all times. *Lambert v. California*, 355 U.S. 225, 78 S.Ct. 240, 2 L.Ed.2d 226

MEMORANDUM

To: Rep. Cliff Davidson
Rep. Curt Menard
Co-Chairmen
House Resources Committee

From: Rep. Ben Grussendorf

Date: March 28, 1989

Subject: House Bill 219

Over the past several years, the number of bears killed in and around solid waste disposal facilities - at least in my legislative district - has increased dramatically. The reason is simple: bears are naturally attracted to the waste food found in garbage dumps. The closer these dumps are to the bears' natural habitat, the easier it is for the bears to access them and, not surprisingly, be killed by hunters.

House Bill 219 would prohibit the taking of brown or grizzly bears within one mile of any solid waste disposal facility in Alaska, except in those instances when life or property is directly threatened by the bear. Anyone found guilty of violating the prohibition would be subject to a \$5,000 fine, a jail sentence of up to one year, and the forfeiture of the bear's hide and skull or an additional fine equal to the fair market value of the bear.

I realize that HB 219 is not a cure for the larger problem of improper waste disposal in those areas of rural Alaska where industries such as timber and mining must co-exist with wildlife. Several departments of the state and federal governments have been grappling with that issue for a number of years and have achieved limited success in certain instances. For example, in those areas where industry has been required to install incinerators for waste disposal, the incidence of "problem bears" will decrease. While I applaud and fully endorse the efforts being made to deal with the waste disposal issue, it appears to me that the solutions to those problems are several years down the road. I'm not at all sure that Alaska's brown and grizzly bear populations can stand the wait.

I want to bring to the Committee's attention the fact that the Alaska Board of Game this past week adopted a regulation which prohibits the taking of brown or grizzly bear within one-quarter mile of any solid waste disposal facility located on Admiralty, Baranof or Chichigof Islands. Because these areas are in my legislative district, and are home to a relatively high number of bears, my concern about this issue has been somewhat alleviated. I'm not yet convinced that one-quarter mile is a large enough area of prohibition, but it is a step in the right direction.

The decision of the Board of Game has no effect in other areas of the state. For this reason, I believe it is important for other House members to have a chance to review the issue in light of any concerns about their own districts and as matter of state policy. Attached to this memorandum is a list of those solid waste disposal facilities that have received operating permits from the Department of Environmental Conservation. This should give the Committee members a good indication of the facilities in their own districts that would be affected by the legislation.

Finally, I would urge the Committee to give particular attention to the testimony of Mr. Charles Rice; his research confirmed my suspicions about the high number of bears being taken in my district, and I believe he will be able to shed light on the problem as it relates to other areas of Alaska. A number of supporting documents provided to my office by Mr. Rice are also attached to this memorandum.

My thanks to the Co-Chairmen for granting me the opportunity to bring this matter to the attention of the House Resources Committee.

SEASONS AND BAG LIMITS HAVE CHANGED LITTLE

IN A SPOT CHECK OF ABOUT 10% OF TOTAL DLPS AND AFFIDAVITS FROM PUBLIC SAFETY RECORDS
WE FOUND AT LEAST 12 GRIZZLIES KILLED AT BAIT SITES.

THIS DOES NOT INDICATE THAT THE TOTAL INCREASE IS DUE TO ILLEGAL HARVEST, BUT BEARS WOULD UNDOUBTEDLY BE ATTRACTED TO
MORE POPULATED AREAS DUE TO DIFFICULTY IN HAULING BAIT LONG DISTANCES FROM ROAD, FLOAT OR AIR ACCESS. THIS WILL
ALSO CAUSE MORE HUMAN ENCOUNTERS AND DEFENSE KILLS.

IN AREAS WITH FEW OR NO BLACK BEAR AND DIFFICULT ACCESS, HARVESTS HAVE CHANGED LITTLE. UNITS 13, 14, 15, 16 AND 20
WITH CONVENIENT AND EASY ACCESS, AND BLACK BEARS, HAVE EXPERIENCED FROM 28 TO 135% INCREASES OVER THE FIVE YEARS
PRECEDING THE LEGALIZATION OF BAITING.

Dear Mr. Grussendorf,

I wholeheartedly support your efforts to close sport hunting of brown bears within one mile of designated dumps. In reality, it is a misnomer; one cannot sport hunt at a dump because there is no sport involved. This is hunting at its nadir- there is no planning, stalking or skill involved in taking animals at a dump. Brown bears are an important resource to many people throughout Alaska and the nation. They should be managed wisely and harvested in a fashion which guarantees a high quality hunt. This is especially so when dump hunting appears to be threatening brown bear populations in Southeast.

I urge you to include black and glacier bears in your bill. Dump hunting has no merit and does not deserve to be continued in any form.

This problem would not exist at all if the dumps were properly managed. The bears are attracted to the dumps because there is food there for them. If the people managing the lumber and mining dumps were to be more careful and incinerate their organic wastes, the bears would have little reason to frequent them. I'm not sure if you can do anything about more responsible management of those dumps, but would strongly encourage you to do so if it is possible.

Sincerely,

Larry Landry

Dear Representative Grussendorf,

I grew up in Anchorage and am currently a resident there. I am an avid outdoorsperson and love Alaska for many reasons, one of which is its unique wildlife.

I am pleased to hear that you are writing a bill to close the one mile radius around designated dump and landfill areas to the hunting of brown bears. I encourage you to also prohibit the dumphunting of glacier and black bears.

Not only is dumphunting a poor use of a valuable and unique wildlife resource, but shooting a bear at a dump shows a complete lack of sportsmanship. Tracking an animal and meeting it on its own terms are elements of a "quality hunt." I have no objection to well-managed harvest of animals through hunting, however dumphunting is cruel, unnecessary and irresponsible.

Besides this, bears are attracted to dumps because humans have failed to act responsibly towards our environment and towards the other creatures with whom we live. If we kept our landfills clean and buried our waste, bears would be less likely to forage for food in dump areas and would be less of a threat to human safety.

In addition, Alaska's bear population is sensitive to continued exploitation. A 1979 Alaska Department of Fish and Game report recommended that the harvest of brown bears be cut in half; since then, the harvest has doubled in some areas. We can not afford to stand idle as a species is legally over-hunted.

I support your efforts. I favor at least a one mile radius of protected area around dumps, and the protection of brown, black and glacier bears. Though I am not in your district, when you introduce your bill I will contact my legislators (Red Boucher, Virginia Collins, and Arliss Sturgulewski) and voice my feelings on this issue. I have sent a letter similar to this to the Board of Game.

Sincerely,

Karen Wood

Dear Sirs:

I support the closure of dumps to bear hunting. I am a bear hunter. I also enjoy seeing bears. Many bears are killed at dumps which is not what I call bear hunting, but is a needless waste of a dwindling natural resource. I would like to see stricter rules and penaltys regarding sanitary landfills, but in pursuing this the State must be on guard against other problems (such as the situation in one Southeast community that i'm very familiar with that was required to cover their sanitary landfill, so instead I understand that they now just haul their garbage out to the middle of the bay and dump it overboard.)

Sincerely,

Mr. Kim Turley

Rep. Ben Grussendorf
Alaska House of Representatives

Dear Rep. Grussendorf:

I am writing to thank you for your concern about the hunting of brown bears in the vicinity of garbage dumps. I am not entirely clear whether your bill to prohibit the hunting of bears within one mile of a dump is in conflict with the tradition that has developed of keeping the Legislature out of the province of the Boards of Fish and Game. However, I strongly believe that the Legislature needs to act in this area of an overwhelming threat to our brown bear populations, by one means or another.

The Greens Creek Mine, situated in one of the highest concentrations of brown bears in the world, has avoided problems for bears by strict dumping and littering regulations, strictly enforced, and by burning garbage in a high heat incinerator. Although such methods probably cannot be required of long-time existing villages, the State should require them of all logging camps and new resource-exploitation settlements in brown bear country. Otherwise, with the present rate of road building, logging and mining, we are going to run out of brown bears in your and my lifetimes.

I would particularly like to see the Legislature turn its attention to a portion of the Gulf of Alaska coast between Yakutat and Cordova that is home to a population of especially large-size brown bears. I'm talking about the coast between Icy Bay and Cape Suckling. I believe the bears in this area rival those of Kodiak Island in size, and most important part of their habitat extends from the beach to not very far inland. The State owns large stretches of land along the coast, including the whole stretch between Icy Bay and Cape Yakataga, with possibly some minor exceptions. The State has been selling the timber and a large logging show has been working its way for some years from Icy Bay toward Cape Yakataga, and has clear-cut the area from the beach back in (how far inland I'm not certain) from Icy Bay to at least the White River, with plans to continue onward.

In other words a great swath of once beautiful, pristine coast (exceptionally beautiful coast and exceptionally pristine, the kind of thing that has become exceedingly rare in the world) is being ruined as prime brown bear habitat. I would like to see you request a report on garbage dumping practices there and on the effect on brown bears of the logging activity in that region. I know that the Southeast Alaska Conservation Council has been taking an interest in this area and might be a source of information.

Again, thank you for your interest in the survival of brown bears. This part of the world would be sadly different without them.

Yours truly,

Dear Representative Grussendorf,

I strongly support your concern for the plight of Alaska's overhunted brown bears, and your determination to pass a bill closing dumpsites to hunting of brown bears. I hope that your bill also includes black and glacier bears, for they are vulnerable as well, and it is tragic that we so often merely attempt to correct our environmental blunders without learning from them. It is not only imminent danger of extinction from a range that should entitle wildlife to protection; often by the time such danger is recognized, the future of the population has already been jeopardized by depletion of its gene pool.

I urge you to hold to at least a one-mile radius in dump closure, and to the bill affecting all of Alaska. Thankyou for authoring and introducing this important legislation.

Respectfully,

Cynthia Monroe

P.S. I have sent a similar letter to the Board of Game.

Dear Rep Grussendorf:

It has come to my attention that you are proposing a bill to close all designated dump areas to the hunting of brown bear. I urge you to continue with the endeavor and to expand the bill to include all bears within a three mile limit.

Actually I would like to see the complete closure of all brown and grizzly bear hunting. This species is in short supply all over the State and should be granted a reprieve from the constant and increasing hunting pressure. To my mind its a terrible shame that we kill an animal of this stature "just for fun" and call it sport. Our society is sick.

Please do what you can to end this useless slaughter.

Sincerely

Dear Representative Grussendorf,

I am writing to you about need to clean up dumps in villages and timber camps and to close the dump areas to any kind of sport (or other) hunting.

First, DEC needs clear direction and funding for getting villages and timber camps to clean up their dump sites. Enforcement is also needed - on an ongoing basis! People don't like the dump sites all smelly and spreading who-knows-what-diseases!

Hunting at dump sites isn't hunting - it's target practice! Our game - and in particular all our bears - are being killed off and wasted for the sake of fun and entertainment. I strongly support your legislation to close all designated dump areas to hunting of brown bears within a mile radius. What about polar, glacier and black bears? "Dump bears" are a problem throughout our state. When I lived in Dillingham, folks used to go out to the city dump to watch the bears -- for entertainment. Inevitably, a brown bear would get too close - and end up dead.

I applaud your efforts on behalf of keeping Alaska wild!

Sincerely,

Eleanor Thompson

6 For an Act entitled: "An Act creating preferences in state employment for
7 prisoners of war and for certain rehabilitated veter-
8 ans and prisoners of war; and allowing repeated use
9 of the state employment preference by certain veter-
10 ans and prisoners of war for applications for nonper-
11 manent positions."

12 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

13 * Section 1. AS 39.25.150(19) is repealed and reenacted to read:

14 (19) the granting of employment preference rights, not
15 within the area of promotion, to a veteran or prisoner of war under
16 (b) - (d) of this section;

17 * Sec. 2. AS 39.25.150 is amended by adding new subsections to read:

18 (b) A veteran or prisoner of war who possesses the necessary
19 qualifications for a job classification applied for under this chapter
20 is entitled to a preference under this subsection. In an examination
21 to determine the qualification of applicants for the classified ser-
22 vice under merit system examination, five points shall be added to the
23 passing grade of a veteran, 10 points shall be added to the passing
24 grade of a disabled veteran, or 10 points shall be added to the pass-
25 ing grade of a prisoner of war. A person may receive preference
26 points under only one of these categories. A person who has not
27 received an appointment to a permanent position using a preference
28 under this subsection may use the preference for applications to
29 nonpermanent positions without limitation. Except as provided in (c)

1 of this section, a person who has been appointed, after receiving
2 preference points under this subsection, to a permanent position in
3 the classified service is not entitled to a further hiring preference
4 under this subsection. If a position in the classified service is
5 eliminated, employees shall be released in accordance with rules that
6 give due effect to all factors. If all job qualifications are equal,
7 a veteran or prisoner of war shall be given preference over a person
8 who was not a veteran or prisoner of war and the veteran or prisoner
9 of war shall be kept on the job. This subsection may not be inter-
10 preted to amend the terms of a collective bargaining agreement.

11 (c) A veteran or prisoner of war, who terminated from a position
12 in the classified service because of a service-connected disability,
13 and who has not worked in a permanent position in the classified
14 service for at least two years since the employment ended, and who has
15 been certified by a physician or psychologist, as appropriate, as
16 having suffered from a service-connected disability during the previ-
17 ous state employment and as able to return to work, is entitled to
18 receive a preference under (b) of this section until the person is
19 appointed to a permanent position in the classified service.

20 (d) In this section

21 (1) "disabled veteran" means a veteran who is entitled to
22 compensation under laws administered by the United States Department
23 of Veterans Affairs, or a person who was honorably discharged or
24 released from active duty because of a service-connected disability;

25 (2) "prisoner of war" means a person who has been a prison-
26 er of war during a declared war or other conflict as determined by the
27 Department of Defense under federal regulations;

28 (3) "veteran" means a person with 181 days or more active
29 service in the armed forces of the United States who has been

1 honorably discharged after having served during any period

2 (A) between April 6, 1917, and December 1, 1919,
3 between September 16, 1940, and December 31, 1947, or between
4 June 27, 1950, and October 14, 1976; or

5 (B) in which the person was awarded a campaign badge,
6 expedition medal, the Purple Heart, or an award or decoration for
7 heroism or gallantry in action.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

* Section 1. AS 39.25.150(19) is amended to read:

(19) the granting of employment preference rights to a
veteran [NOT WITHIN THE AREA OF PROMOTION,] when the veteran possesses
the necessary qualifications in the job classification applied for
under this chapter; in an examination to determine the qualification
of applicants for [ENTRANCE INTO] the classified service under merit
system examination, five additional points shall be added to the
passing grade of a veteran and 10 additional points shall be added to
the passing grade of a disabled veteran [, BUT THE ADDITIONAL POINTS
MAY BE USED ONLY THE FIRST TIME THE VETERAN OBTAINS A POSITION IN THE
CLASSIFIED SERVICE]; a preference under this paragraph may be used for
an appointment to only one position; a veteran who has been appointed
to a position in the classified service, whether the position was an
initial appointment or a promotion, and whose veteran's points were
added to the grade in the examination for that position is not enti-
tled to a further hiring preference under this paragraph; if a posi-
tion in the classified service is eliminated, employees shall be

Dear Peter and Max,

I am trying to assist the passage of HB 224, relating to veteran preference rights in state employment.

I would appreciate it if you could schedule a hearing as soon as it is practical for you. If you need me to testify on the bill during the interim, I'm available.

Yours truly,

RE: HOUSE BILL HB - 224

Dear Representative ^{Red}~~Boucher~~:

The American Legion Department of Alaska expresses it's appreciation to you for your help in securing passage of HB 224 from your committee. Sadly, at this point after a due pass from State Affairs the bill has not been taken up yet by the Judiciary committee. Hopefully, by next session the Legislation will move out of Judiciary and onto the Senate for consideration and passage. Anything you can do to move this Legislation along would be much appreciated by the Veterans of this state.

Again, thanks for your concern and assistance. Would that Veterans had more Representatives like you.

Kindest regards,

Warren C. Colver

Dear Mr. Chairman:

Pursuant to your request, I am writing this letter to summarize the Department of Administration's position on HB 224. As you know, that bill proposes to change the preference rights currently available to veterans applying for positions in State service. Currently, veterans are awarded preference points "only the first time the veteran obtains a position in the classified service." HB 224 would add veterans' points to the scores of qualifying veterans even after the veteran enters State service. The effect of such a change is that under HB 224, a veteran could use his points repeatedly to gain entry to State service or to gain an advantage against employee applicants in promotional situations.

I oppose the change proposed by HB 155 for two basic reasons.

First, preferences, by their nature, are contrary to a merit system. Selection from among the most qualified candidates is a basic principle common to all such systems. In Alaska, we have deviated from that principle by granting veterans' points and employee credits. In both cases, up to ten points can be added to the score of an applicant for reasons which are generally unrelated to an applicant's ability to perform the job.

It has been the position of this administration that the State of Alaska should return, as near as possible, to a true merit system. To this end we have secured the elimination of the regulatory basis for employee credits. In addition, several collective bargaining agreements have been negotiated which do not contain a requirement to continue employee credits. It is our goal to eliminate employee credits from use in the State system as soon as it is administratively feasible. Once that is accomplished, the only preference which will remain will be rewarded for service in the armed forces. While I do believe that the current

April 3, 1989

preference is based on sound public policy and should remain in effect, I oppose an expansion or addition of any preference to our current merit system.

A second concern which we have with HB 224 is that it expands the State's preference beyond that which is currently awarded for federal employment. Five or ten points can be awarded to the scores of applicants for federal employment whenever a veteran applicant competes on an open competitive list. In the federal system, the preference is not awarded when competing for promotion. An applicant can, however, use veterans' points whenever he/she is applying for entry in the federal system. In the current State system, the points will be added to the veteran's score until that applicant is appointed to a permanent, full-time position. Once such an appointment is made, the points cannot be reused.

While we oppose any expansion of the current privilege, I would suggest that there is a means of amending the current law so that the privilege awarded by the State system is closely reflective of the privilege awarded by the federal system. Enclosed is a copy of CSSB 56 (L&C) which changes the current statute to allow veterans to receive veterans' points whenever they are applying as a nonemployee applicant.

I trust that this letter clarifies my position on HB 224. If you have any questions, please call.

Sincerely,

David K. F. Otto

IN THE LEGISLATURE OF THE STATE OF ALASKA

4

SIXTEENTH LEGISLATURE - FIRST SESSION

5

A BILL

6 For an Act entitled: "An Act relating to state employment preferences for
7 veterans and for service in the national guard."

8 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

9 * Section 1. AS 39.25.150(19) is amended to read:

10 (19) the granting of employment preference rights to a
11 veteran not within the area of promotion, when the veteran possesses
12 the necessary qualifications in the job classification applied for
13 under this chapter; in an examination to determine the qualification
14 of applicants for entrance into the classified service under merit
15 system examination, five additional points shall be added to the
16 passing grade of a veteran who is not a state employee in a permanent
17 position in the classified service and ten additional points shall be
18 added to the passing grade of a disabled veteran who is not a state
19 employee in a permanent position in the classified service [BUT THE
20 ADDITIONAL POINTS MAY BE USED ONLY THE FIRST TIME THE VETERAN OBTAINS
21 A POSITION IN THE CLASSIFIED SERVICE]; if a position in the classified
22 service is eliminated, employees shall be released in accordance with
23 rules which give due effect to all factors; if all job qualifications
24 are equal, the veteran shall be given preference over the nonveteran
25 and the veteran shall be kept on the job; this paragraph may not be
26 interpreted to amend the terms of a collective bargaining agreement;
27 in this paragraph

28 (A) "veteran" means a person with 181 days or more
29 active service in the armed forces of the United States who has

1 been honorably discharged after having served during any period

2 (i) between April 6, 1917, and December 1, 1919,
3 between September 16, 1940, and December 31, 1947, or between
4 June 27, 1950, and October 14, 1976; or

5 (ii) in which the person was awarded a campaign
6 badge or expedition medal, or the Purple Heart or other award or
7 decoration for heroism or gallantry in action;

8 (B) "disabled veteran" means a veteran who is entitled
9 to compensation under laws administered by the United States
10 Veterans' Administration, or a person who was honorably dis-
11 charged or released from active duty because of a service-con-
12 nected disability;

13 * Sec. 2. AS 39.25.150 is amended by adding a new paragraph to read:

14 (26) the granting of employment preference rights, not
15 within the area of promotion, to a member of the national guard who
16 has not received preference rights as a veteran when the national
17 guard member possesses the necessary qualifications in the job classi-
18 fication applied for under this chapter; in an examination to deter-
19 mine the qualification of applicants for entrance into the classified
20 service under merit system examination, three additional points shall
21 be added to the passing grade of a national guard member who is not a
22 state employee in a permanent position in the classified service and
23 six additional points shall be added to the passing grade of a dis-
24 abled national guard member who is not a state employee in a permanent
25 position in the classified service; if a position in the classified
26 service is eliminated, employees shall be released under rules that
27 give due effect to all factors; if all job qualifications are equal,
28 the national guard member shall be given preference over employees who
29 are not veterans or national guard members and the national guard
