WORK EXPERIENCE

ALASKA EYE CARE CENTERS
1345 W. 9th Ave. Anchorage, Ak. 99501
Phone # 272-2557
Sept. 1976 to Dec. 1987

I was an apprentice optician and also performed additional duties such as patient scheduling, screening, data entry and familiarization with many third party provider programs. I was promoted to Optical Division Manager and functioned as the buyer for four offices, maintained inventories, prepared operating budgets and supervised the performance of twelve opticians. I scheduled their work assignments and vacations, trained them and arranged for many continuing education seminars.

WESTERN OPTICAL, INC.
3742 Lake Otis Pkwy. Anchorage, AK 99508
Phone# 563-3474
March 1988 to Present

I am a dispensing optician and manage the Northway Mall store. I also help train apprentices and prepare them for management.

SKILLS

DISPENSING- fitting, adjustments, repairs ordering, quality control inventory, and budget control
TESTING- visual fields, auto refractor, fundus camera, non contact tonometer, and lensometer
LAB- ordering, layout, neutralization of Rx's, edging single vision and multifocals lenses, tempering, tinting and repairs

BOARDS AND COMMISSIONS RESUME

GOVERNOR'S OFFICE

INSTRUCTIONS

A separate application is required for each position for which you apply. Complete and specific answers will aid in rapid and accurate processing of your resume. The initial determination of whether you qualify for the position specified will be based on this application.

Please type or print legibly in ink. Forward to the above address. Be sure your answers are true. A willfully false answer may result in your disqualification or removal from office if you are appointed.

Position for which I am applying:

Workers' Compensation Board, Southeastern Panel - Labor Representative

Please list any other Board or Commission on which you serve:

N/A

Name <u>David William Richards</u>		Previous Name applied under N/A
Mailing Address <u>3112 Wildmeadow Lane</u>	Residence Address Same	
City, State and Zip Code <u>Juneau, AK 99803</u>		
Home Telephone <u>(907) 789-5825</u>	Business or Message Telephone 789-9825	

REPORT ADDRESS AND TELEPHONE CHANGES PROMPTLY

AS 39.05.100 requires that a person appointed to a board or commission be a registered voter before the last general election:

Are you a registered voter? YES NO

Voter Registration Number (Optional)

Social Security Number (Optional)

563-48-6911

Have you ever been convicted of a misdemeanor within the past five years or a felony within the past ten years? YES NO

If "YES", explain the circumstances on a separate sheet of paper and attach it to this application. A conviction is not necessarily grounds for disqualification. The number of convictions, nature, recency and relationship to the board position applied for will be evaluated and a determination will be made after a review of all relevant facts.

A policy in the Governor's Office pertaining to boards and commissions is that a member attend at least 75% of the meetings. Are there any circumstances in either your professional or personal life which would prevent you from participating at the required authorized meetings? YES NO

If "YES", explain on a separate sheet of paper and attach to this application. (Missed only one hearing during my tenure as a Board member over past 6 years.)

This position may require that the member travel to either urban or rural (or both) areas. Are there any circumstances which would prevent you from participating? No - I have attended hearings in Anchorage and Fairbanks on many occasions to fill in for absent Board members

CONFLICTS OF INTEREST: Certain Boards and Commissions require full disclosure of personal financial data under AS 39.50.010. If required for the Board or Commission for which you are applying, are you willing to do so? YES NO

Could you or any member of your family be affected financially by decisions to be made by the Board or Commission for which you have applied? YES NO If "YES", explain.

The Office of the Governor will not discriminate against an applicant for a Board or Commission based on Sex, Age, National Origin, Marital Status, Pregnancy, Handicap, Religion or Parenthood.

Frank S. Baxter, CPA
 975 Fritz Cove Road, Juneau, Alaska 99801
 (907) 789-2755

Per
 Larry Peska
 (BOARD OF
 ACCOUNTANCY)

Personal History: I was born April 5, 1940, in Reno, Nevada, Alaska with my parents in 1949. I'm married. My wife and I have three children and eight grandchildren most of whom live in Southeast Alaska.

Military Service: From 1958 to 1962, I served with the United States Air Force, stationed in Alabama and in England. I received an honorable discharge in 1962.

Educations: I graduated from Juneau-Douglas High School with the class of 1958 in May of that year. I attended Oregon State University for one semester, but soon left college to join the service. In 1971, traveling to Corvallis from Juneau with my wife and four of our children, I re-entered Oregon State, and graduated from there, cum laude, in 1973. I received my Bachelor of Science degree in Business Administration, with an emphasis in accounting.

I became a Certified Public Accountant in 1976, licensed to practice in the State of Alaska. I have since become licensed in the State of Washington, also.

Vocations: Before re-entering college in 1971, I worked for various agencies and organizations. In 1968, I traveled over 30,000 miles throughout Alaska conducting a survey of handicapping conditions for the Division of Vocational Rehabilitation. From 1969 to 1971 I worked for the Department of Revenue as a tax auditor.

After returning from college in 1973, I joined the Alaska Division of Legislative Audit. I became Deputy Director in 1974 and Director in 1975. I was also Director of Administration for the State Department of Highways.

When the Department of Transportation and Public Facilities was established in 1977, I resigned to open my own CPA practice and remained a sole practitioner until June of 1978 when I was approached by LeRoy T. Funk, a local CPA whose partner was retiring, about merging our resources. We became Funk, Baxter & Company. Our firm has grown to be the largest public accounting firm in Southeast Alaska. Since merging with Elgee & Rehfeld, CPA's, in November of this year, and becoming Funk, Baxter, Elgee & Rehfeld, CPA's, the firm has grown to six CPA's and seven staff. I serve as managing partner of the firm as well as its computer specialist.

Avocations: In addition to practicing accounting, I have taught some accounting classes for the Business School of the University of Alaska-Southeast, a challenge I thoroughly enjoy.

In the course of my auditing work I travel to many Southeast Alaska towns. This is especially enjoyable because of my love for Alaska and my appreciation of the people with whom I'm privileged to work. In addition, I do as much of my traveling as possible in my own boat, combining work I enjoy with the life I love.

RECEIVED NOV 2 1981

One of the founders of Peratrovich, Nottingham & Drage, Inc., Mr. Peratrovich was born and raised in Alaska and has over 28 years of experience in structural and civil engineering, facility planning and engineering management in Alaska and Washington, working in both government and private sectors. Primary work emphasis has been in the fields of bridge and marine structural design and management of major planning agencies.

Examples of his Alaskan design work include the \$3.5 million Klawock Dock, \$3.5 million Sand Point Dock and 150-ton boat haulout structure at Sand Point, the Alyeska Pipeline Gulkana River Bridge, the \$2 million Tanana River Bulkhead at Nenana, Alaska Ferry System transfer structures and dolphins, and numerous other highway-related structures and marine type facilities. He was Project Manager for a deepwater port study at Sitka and participated in similar studies in the Upper Cook Inlet at Anchorage. He was project manager for design of the State's first deep water draft coal port facility at Seward and design of the first continuous all steel railroad bridge in Alaska over 76th Avenue in Anchorage. He has designed numerous bridges, retaining wall structures, and interchanges in both Washington and Alaska.

Examples of planning and engineering management experience include his former position as the first Director of the State of Alaska's Division of Facility Procurement and Policy, responsible for development of facility procurement procedures and standards, and programming of public facilities. He also directed Alaska's statewide transportation and traffic studies for 3 1/2 years and acted as Assistant to the Project Manager in the study and design phases of the \$172 million West Seattle Freeway Bridge Replacement Project.

Five times his work has been recognized by the James F. Lincoln Arc Welding Foundation for outstanding welded steel design for bridges and marine structures. These include Alaska's first all-steel orthotropic ferry transfer bridge at Cordova; the 400 ft. tied arch pipeline bridge at Gulkana; Alaska's first all-steel marine torsion dolphin at Ketchikan; the concrete and steel logging dock at Klawock and the continuous Span Railroad Bridge over 76th Avenue.

OFFICE OF THE GOVERNOR
 P.O. Box A
 Juneau, Alaska 99811

BOARDS AND COMMISSIONS RESUMÉ

INSTRUCTIONS

A separate application is required for each position for which you apply. Complete and specific answers will aid in rapid and accurate processing of your resumé. The initial determination of whether you qualify for the position specified will be based on this application.

Please type or print legibly in ink. Forward to the above address. Be sure your answers are true. A willfully false answer may result in your disqualification or removal from office if you are appointed.

Position for which I am applying:

Ak. State Board of Barbers and Hairdressers

Please list any other Board or Commission on which you serve:

None

Name Mark D. Evans		Previous Name applied under None
Mailing Address 681 Eighth Ave.	Residence Address Same	
City, State and Zip Code Fairbanks, Ak. 99701		
Home Telephone (907) 456-5432	Business or Message Telephone (907) 451-7576	

REPORT ADDRESS AND TELEPHONE CHANGES PROMPTLY

AS 39.05.100 requires that a person appointed to a board or commission be a registered voter before the last general election:

Are you a registered voter? YES NO

Voter Registration Number (Optional)
2453585

Social Security Number (Optional)
553-94-0315

Have you ever been convicted of a misdemeanor within the past five years or a felony within the past ten years? YES NO

If "YES", explain the circumstances on a separate sheet of paper and attach it to this application. A conviction is not necessarily grounds for disqualification. The number of convictions, nature, recency and relationship to the board position applied for will be evaluated and a determination will be made after a review of all relevant facts.

A policy in the Governor's Office pertaining to boards and commissions is that a member attend at least 75% of the meetings. Are there any circumstances in either your professional or personal life which would prevent you from participating at the required authorized meetings? YES NO

If "YES", explain on a separate sheet of paper and attach to this application.

This position may require that the member travel to either urban or rural (or both) areas. Are there any circumstances which would prevent you from participating? YES NO

CONFLICTS OF INTEREST: Certain Boards and Commissions require full disclosure of personal financial data under AS 39.50.010. If required for the Board or Commission for which you are applying, are you willing to do so? YES NO

Could you or any member of your family be affected financially by decisions to be made by the Board or Commission for which you have applied? YES NO If "YES", explain.

Self and family members currently hold valid Hairdressers Licenses

The Office of the Governor will not discriminate against an applicant for a Board or Commission based on Sex, Age, National Origin, Marital Status, Pregnancy, Handicap, Religion or Parenthood.

MARK .D. EVANS

681 Eighth Avenue
Fairbanks, Alaska, 99701
(907) 456-5432

PROFESSIONAL EXPERIENCE

Technical Skills

Skilled in all types of curved, layered, one length, and precision haircutting; all types of hairstyling including blow drying and iron curling; all types of permanent waving including acid and alkaline waves, bodywaves, spiralwaves, doublewraps, and curly waves; all types of permanent, semi-permanent, and temporary haircolouring, toning, highlighting and bleaching; conditioning, reconditioning, and special treatments; facials and cosmetic application and consultation; theatrical and photographic cosmetics

Skilled in recommendation and sales of mens and womens hair and skin care products.

Supervision and Coordination

Supervised seven full-time hair designers and two part-time receptionists
Organized, promoted, and presented six advanced hair design workshops involving out-of state guest artists and as many as eight local hair salons.

Served as President, River Mall Condominium Association (1987-88)

Assisted in drafting 1984-86 master labor agreement between international union and area contractors.

Participated as union representative during 1984-86 labor contract negotiations

Developed comprehensive three-year union apprentice program, instructed first, second and third year apprentices, and coordinated entire statewide apprenticeship and journeyman upgrade program in Fairbanks, Juneau, and Anchorage.

Served as Fairbanks representative to statewide, Anchorage based labor union (1983-84)

PROFESSIONAL EXPERIENCE (CONT.)

Management

Selected and ordered all equipment and supplies necessary to open and maintain a new six chair full service hair salon

Established and maintained full inventory of hair and skin care retail products

Established appointment system

Established incentive based compensation system on services and retail sales for staff

Introduced salon funded educational reserve fund to ensure employee upgrading and continuing education

Interviewed, hired and terminated artistic and clerical workers

AUG 26 1986

Elaina Sadlier
Rt. 2 Box 73
Ketchikan, Alaska

Phone: 225-4147
225-1782

Resume

Objective: Appointment to the Board of Barbers and Hairdressers.

Education: High School; Anchorage Barber College; presently attending Ketchikan Community College to pick up typing skills and accounting.

Experience: Fifteen years in the retail business. Two years barbering in busy shops. Now co-owner with husband in our own shop providing complete line of tonsorial services.

Personal Background: Forty three years old, married with four adult children.

My husband Joe and I returned to Alaska in 1981. We commercial fished for three years. We decided to become barbers at that time, took out student loans and went to barber college in Anchorage. We both worked for the Anchorage Daily News while attending School. We graduated in February 1985, went before the board and attained our licenses. We worked in the barber shops at Fort Richardson and Elmendorf for a brief period, returned to Ketchikan and worked at the Stedman Barber Shop for a year before opening our own shop the Pioneer Barber and Style.

My husband, being from Juneau originally, and I plan on retiring here and have an active interest in what happens in the state of Alaska and especially our profession. Because we work together as a team I have the time to commit to serving on the board. I am very proud of my profession and interested in keeping the high quality and standards to serve the public. If I am appointed I can promise I will serve with honesty and industrious awareness.

DONALD R. PARKS

JAN 5 1989

Personal

Born: October 4, 1936 - Elmhurst, Illinois
Married: 1959; three children (ages 24, 21 and 17)
Health: Excellent, Height 5'10" Weight 159 lbs.
Residence: 6611 Blackberry, Anchorage, Alaska 99502
Finances: Good Order
Hobbies: Camping and flying as a private pilot

Education

1951-1954 Graduate of Bensenville Community High School
Bensenville, Illinois
1955-1957 U.S. Army Training Schools-Welding and Heavy
Equipment Operator
1959-1962 Washburne Trade School, Chicago, Illinois
Electrical Apprentice (Received Apprentice of
the Year Award first three years)
1967 Chicago Lighting Institute-Electrical Design

Service

1954-1957 U.S. Army-Served in Germany as a welder and
heavy equipment operator. Received outstanding
letter of commendations from superiors.

Employment

January 1959-July 1973
Henry Newgard & Company-Chicago, Illinois

General: Served 1 1/2 years of apprenticeship under an
expert industrial foreman learning control wiring and
installation of industrial conduit systems, distribution
and power systems for Mars Candy Corp. Then spent the
next year for General Mills new food processing plant as
a designer of wiring schematics and working drawings.

After the above mentioned time, which I was also attending
apprenticeship school, was promoted to the office to
become an estimator. Spent 1 year learning takeoffs,
purchasing and handling small jobs to completion. Spent
the following 10 months as a project engineer on a
chocolate plant installation. Responsible for
coordination between owner, equipment manufacturers and
systems designers. Made working drawings, direct work
through a foreman for upwards of 70 electricians and
prepared pay estimates.

Promoted to Chief Estimator in 1970 (annual billing 11 million) with the responsibility of assigning work to other estimators, assembling takeoffs to final closing for bidding, besides running own projects.

Have experience to estimate or negotiate with owners, purchase and oversee construction on the following type projects:

1. Commercial buildings including stores, multi-store complexes, motels and combination office/warehouse buildings.
2. Hospitals including OR, OB, critical and emergency systems.
3. Industrial businesses including control wiring, explosion-proof wiring and power systems.

August 1973 - March 1974
Rogers Electric, Inc.-Anchorage, Alaska

Spent first two months estimating bidding projects and was successful on several large projects including a barracks and warehouse remodel for the G.C. in Kodiak, restaurant and power distribution remodel for Westward Hotel.

The next four months represented Rogers Electric on the B.P. Gathering Center project. This included visiting the project site which at that time, the project had been in moth ball condition for three years without any heat, light or power available. Developed and designed a start-up procedure acceptable to the owner, methods to be employed for inventory and work path for commissioning of complexes. Also negotiated with owner, scope of work, prices and billing procedures. This initial scope of work exceeded 2 million dollars.

April 1974 - April 1975
RAMCO Electric Corp.

Purchased 20% ownership of RAMCO Electric and was elected Vice President. During the year I was with RAMCO, we completed various projects located in the Anchorage and Kenai area ranging up to \$200,000.00.

The following March, the major stockholder, Robert McCausland, wished to relocate out of state and offered to sell his stock to me, which at the same time Redi Electric, Inc. was being formed. I elected to join Redi Electric so RAMCO Electric sold all their equipment and inventory and went out of business.

April 1975 - Present
Redi Electric, Inc.

Having served as President and General Manager since Redi Electric, Inc. started our firm has grown from 1.5 million annual sales to 10 million average with the last 3 years declining to 6 million annually. We employ an average of 60 people with the largest share in the Anchorage area. Besides the normal management duties over-seeing daily transactions, to setting long-range goals, I am involved in construction projects. This involvement includes negotiations, estimating and major purchases along with project management.

Dear Governor Cowper:

I would very much like to serve on the above mentioned board, I have been involved in the plumbing and heating industry since 1947. I served my Apprenticeship in Madison, Wisconsin, received my Journeyman Plumbing License in June of 1954 and my Master Plumbers License in August 1957. I worked at the Trade in the Madison area until coming to Alaska in June of 1965. From 1965 until 1978 I worked for various Anchorage Contractors on projects all over the State of Alaska. In 1978 I purchased International Mechanical, Inc. and have worked on several Bush Schools and other projects in Barrow, McGrath, Dillingham, Bethel, Nome, Cordova, Fairbanks, Adiak, Ekwok and the list goes on.

I served on the Anchorage Mechanical Board for approximately six years, until it was disbanded in 1986, and I'm presently serving on the Municipality of Anchorage Board of Building Regulation Examiners and Appeals.

I am a member of the Anchorage Mechanical Contractors Association, Inc., I served as their President from February 1986 to February 1988.

I will be 59 years old on the 12th of June. My wife, Doris and I will be married 38 years in October and have 9 children, all Alaskan residents, with the exception of our youngest son, who is going to college in Idaho.

Two of my sons are Journeyman Plumbers and are presently employed by me.

Thanks much for your consideration.

Sincerely,

A handwritten signature in cursive script that reads "Raymond G. Carey". The signature is written in dark ink and is positioned above the typed name and title.

Raymond G. Carey,
President

- Extensive coursework and additional training in the area of Health and Wellness, based on the concept of the individual taking more responsibility for his/her own health status.

Other Skills:

Competencies in computer technology, the operation of WANG and IBM PC hardware, various spreadsheet and word processing software, and the ability to apply this knowledge to achieve specific program objectives. Some programming skills.

Other Skills (cont.):

Professional pilot, with commercial and flight instructor certification, basic and advanced ground instructor ratings, single and multi-engine land ratings, single engine seaplane rating, and instrument rating.

PROFESSIONAL WORK EXPERIENCE:

OCT. 1988- Present

State of Alaska, Dept. of Labor, Industrial Hygienist, 675 7th Ave, Section M; FBx (w) 451-2899 9970

July, 1983 to ¹⁹⁸⁷ Present:

President, founder, and Chief Executive Officer of AlaskaWend, Inc., an Alaska corporation dba Wendy's Old-Fashioned Hamburger Restaurants of Fairbanks. Store #1 set a system-wide record for opening week sales and has qualified every year thereafter for the Million Dollar Sales store award.

Partner and co-founder of Denali Management, Inc., a management-consulting firm emphasizing the use of modern management tools to achieve the efficient, effective and profitable operation of the small business enterprise.

July, 1971 to June, 1983:

Served as Regional Health Officer for the Alaska Department of Health and Social Services. This position included responsibility for the administration of all State Public Health programs in the northern half of Alaska, an area of approximately 350,000 square miles and supervision of over fifty employees. Until July, 1980, this also included health inspection activities of all food service establishments in the region. This responsibility was then transferred to another state department. *This position constituted a facet of Veterinary practice.*

September, 1970 to July, 1971:

Assistant City Health Officer, Little Rock, Arkansas City Health Department. Administrative responsibilities included planning and implementation of a department reorganization leading to the consolidation of three local health departments into one metropolitan areawide health department.

June, 1966 to September, 1969:

Director of the Milk and Meat Inspection Divisions of the Little Rock, Arkansas City Health Department. Full administrative responsibilities for a staff of thirteen people. Additional responsibilities for planning and implementation of other facets of environmental health and sanitation programs.

RELEVANT PROGRAM DEVELOPMENT/CONSULTANCIES:

- Program Development Consultant for U.S. Office of Economic Opportunity in the development of a comprehensive rural health care delivery system for a medically underserved area of rural Arkansas.
- Special Assistant to the Western Representative Office of Health Affairs, OEO, with responsibilities including:
 - Development of health care delivery systems for various neighborhood health centers, including the Watts area of Los Angeles and underserved portions of the Bay area, as well as Nome and Bethel, Alaska.
 - Exploring the various legal aspects of health manpower development and utilization, including the development of the village health aide paramedical system utilized in rural Alaska.
- Technical Advisor and Consultant:
 - To MetroPlan, an areawide planning body for central Arkansas, to develop a long-range regional solid waste disposal plan for that area.

-Technical Advisor and Consultant (cont.)

- Environmental Task Force of the areawide Comprehensive Health Planning Council.
- To Fairbanks North Star Borough to assist in the development of a 314-b comprehensive health planning agency and its associated plan document.
- To Governor's State (Alaska) Health Planning Task Force.
- To Anchorage Municipality Health Department concerning rabies prevention and animal control.
- To President's White House Conference on Families, serving as coordinator and Hearings Officer for the Fairbanks hearings.

MAJOR PROFESSIONAL INTERESTS:

1. Organization and delivery of health care with emphasis on rural health care delivery.
2. Advocacy of the concepts of health and wellness and the individual responsibility one has for his or her own health status through the development of positive health habits.

PROFESSIONAL/ BUSINESS ORGANIZATIONS:

- American Public Health Association
- Alaska State Public Health Association
- Delta Omega Public Health Honorary Society
- ★ American Veterinary Medical Association
- ★ Interior Veterinary Medical Association
- American Association of Health, Physical Education and Recreation
- American Fitness and Running Association
- National Federation of Independent Businesses
- Alaska State Chamber of Commerce
- Fairbanks Chamber of Commerce

RELEVANT ACADEMIC/TEACHING EXPERIENCE:

- Teaching Assistant, Veterinary Medicine and Surgery, Oklahoma State University College of Veterinary Medicine
- Assistant Professor. Department of Family and Community Medicine, University of Arkansas School of Medicine
- Faculty Advisor to junior year medical students in the field of Community Medicine, University of Arkansas School of Medicine
- Medical Lecturer and student advisor, University of Alaska WAMI Experiment in Medical Education
- Developed a four year curriculum in Health Planning and Administration for the WAMI Project, University of Alaska. Other courses developed and taught within the WAMI Project included:
 - Medicine, Health and Society
 - Rural Health Care Delivery
 - Public Health Administration
 - Hospital Organization and Management
 - Epidemiology
- Lecturer, University of Alaska Department of Health and Physical Education
- Lecturer, Tanana Valley Community College, Emergency Services Technician curriculum; developed and taught courses in Arctic Wilderness Survival

AFFILIATIONS AND CIVIC ACTIVITIES:

- North Star Borough Board of Education, 1976 to 1983; past president, clerk.
- Association of Alaska School Boards, 1976 to 1983; secretary-treasurer and member of executive board; alternate delegate to National School Boards Association Executive Board.
- Democratic candidate for State Senate seat K in 1984 with endorsements from the National Organization for Women.
- Elected to serve on the North Star Borough Charter Commission.
- Midnight Sun Boy Scout Council, executive board.
- BSA Troop 92, troop committee chairman.

AFFILITATIONS AND CIVIC ACTIVITIES (cont):

- March of Dimes Advisory Council, chairman.
- Fairbanks Crisis Line, executive board.
- Arctic Association for Retarded Children, executive board.
- Community task force on Sickle Cell Anemia, member.
- Special Olympics, executive board.
- 1983 Arctic Winter Games, chairman and coordinator of food and catering components.
- Family Services Agency, executive board.
- Fairbanks Memorial Hospital Foundation, executive board.
- United Way, executive board.
Fairbanks Downtown Rotary Club, Committee Coordinator for Community and Vocational Services; Program Chairman.
- Headstart, executive board.
- Alaska Crippled Children and Adults Association, executive board.
- Fairbanks Family Planning Association, Co-founder, member of executive board.
- Chairman, Committee for the Coordination of Medical Services in Pulaski County, Arkansas; it's stated purpose was to unify the multiple efforts of some 20-25 agencies into a coordinated, focussed effort to qualify for Comprehensive Health Planning (314e) and anti-poverty (OEO) funds for comprehensive health services.

M.A., University of Washington, 1974.

B.A., Fordham University, 1968.

PROFESSIONAL CERTIFICATION

Certified Public Accountant (CPA), State of Alaska

Certified Management Accountant

WORK EXPERIENCE

Anchorage Telephone Utility, Anchorage, Alaska 1989-Present

Controller. In charge of all accounting activity for a regulated local exchange telephone company with assets of \$300 million and annual revenues of \$100 million. I supervise a staff of 25 engaged in general ledger, plant and construction accounting, cost accounting, accounts payable, payroll, accounting for non-regulated operations, revenue accounting and billings to toll carriers. Responsible for interim and annual financial reporting and for representing utility's position to internal and external auditors.

Interpret financial and operating results to management and oversight bodies. Participate as financial expert in management decisions regarding profitability of service offerings, lines of business and investment opportunities; response to regulatory requirements; and overall strategic direction of the utility.

Honchen & Uhlenkott, Inc., Anchorage, Alaska 1983-1989

Public Utility Consultant specializing in preparation of rate cases for submission to the Alaska Public Utilities Commission and support of utilities' position through testimony as an expert witness. Clients include telephone, electric, water, sewer, solid waste and cable television utilities.

The preparation of rate cases requires extensive analysis of historic or projected operating results and the computation of pro forma adjustments to restate data so that it is a reliable indicator of the future. I have performed detailed analyses of revenues, expenses and investment in utility plant; capital structure and financing alternatives; depreciation rates; and most other areas of concern in public utility ratemaking. In preparing rate cases, I worked closely with utility management as well as financial advisors and legal counsel.

Resume of Donald F. May
Page 2

I have supported my financial analysis with written and oral testimony in proceedings before the Alaska Public Utilities Commission. I am recognized as an expert witness in rate and regulatory matters. I have also assisted utilities' attorneys in developing legal briefs and policy positions, and in preparing technical cross-examination of expert witnesses.

I have written, reviewed and revised utility tariffs for telephone, electric, cable television and water utilities in Alaska. This work involved the identification and allocation of common costs, the design of fair and nondiscriminatory rates designed to recover those costs in accordance with sound public policy, and the preparation of tariffs that conformed to the APUC Rules of Practice and Procedure.

In addition I have prepared utility certification requests whereby a utility justifies its fitness, willingness and ability to serve. I have also provided general consulting on regulatory and accounting matters to utility clients.

Coopers and Lybrand, CPA's, Anchorage, Alaska 1981-1983

Staff Accountant through position of Audit Senior for a "Big 8" public accounting firm. Performed audits, financial reviews, tax preparation, and management consulting for a wide variety of clients, with emphasis on public utilities and construction companies. As audit senior, supervised staff accountants in these duties.

Worked extensively for management consulting department, performing systems analysis for a large public utility to assist in automation of customer and plant records. Also provided information systems consulting for several smaller clients.

City of New York, Human Resources Administration, Summer 1980

Special Assistant to Deputy Administrator (Student Intern). Performed organizational and systems analysis.

University of Alaska Justice Center, Anchorage, Alaska 1977-1979

Administrative Manager. In charge of financial and administrative functions for a research and teaching center at the University of Alaska.

MILITARY EXPERIENCE

Commissioned Officer, United States Coast Guard, 1969-1972.

MEMORANDUM

February 20, 1990

TO: Representative Dave Donley, Chairman
House Labor & Commerce Committee

FROM: Representative Ronald Larson, ^{R.L.} CO-chairman
House Finance Committee

SUBJECT: recommendation for Charles "Chuck" Griffin

The consideration of Charles "Chuck" Griffin as the Governor's appointment for the Alaska Board of Public Accountancy was referred to the House Labor & Commerce Committee today. I would like to take this opportunity to give my recommendation for Mr. Griffin's appointment and approval to this position.

Mr. Griffin, like myself, is a resident of the City of Palmer. I have known Chuck for several years, and can attest to his integrity and knowledge. I feel he can offer a great deal of valuable expertise to the Public Accountancy Board.

Thank you for your time and consideration. Please don't hesitate to get in touch with me if you have any questions or comments.

STATE OF ALASKA
 OFFICE OF THE GOVERNOR

BOARDS AND COMMISSIONS RESUME

INSTRUCTIONS

A separate application is required for each position for which you apply. Complete and specific answers will aid in rapid and accurate processing of your resume. The initial determination of whether you qualify for the position specified will be based on this application.

Please type or print legibly in ink. Forward to the above address. Be sure your answers are true. A willfully false answer may result in your disqualification or removal from office if you are appointed.

Position for which I am applying:
 Alaska State Board of Public Accountancy

Please list any other Board or Commission on which you serve:
 PEPS Data Processing Review Board, District 16, Region II, Division of Elections
 (I have served for all primary and general elections since November 1984)

Name Charles R. Griffin		Previous Name applied under N/A
Mailing Address P.O. Box 670		Residence Address Mile 1/2, Bodenbergl Loop Road, Palmer (Butte Area)
City, State and Zip Code Palmer, Alaska 99645		
Home Telephone (907) 745-4421		Business or Message Telephone (907) 745-3239

REPORT ADDRESS AND TELEPHONE CHANGES PROMPTLY

AS 39.05.100 requires that a person appointed to a board or commission be a registered voter before the last general election:

Are you a registered voter? YES NO

Voter Registration Number (Optional) 674938

Social Security Number (Optional) 574-14-2913

Have you ever been convicted of a misdemeanor within the past five years or a felony within the past ten years? YES NO

If "YES", explain the circumstances on a separate sheet of paper and attach it to this application. A conviction is not necessarily grounds for disqualification. The number of convictions, nature, recency and relationship to the board position applied for will be evaluated and a determination will be made after a review of all relevant facts. N/A

A policy in the Governor's Office pertaining to boards and commissions is that a member attend at least 75% of the meetings. Are there any circumstances in either your professional or personal life which would prevent you from participating at the required authorized meetings? YES NO

If "YES", explain on a separate sheet of paper and attach to this application. N/A

This position may require that the member travel to either urban or rural (or both) areas. Are there any circumstances which would prevent you from participating? No

CONFLICTS OF INTEREST: Certain Boards and Commissions require full disclosure of personal financial data under AS 39.50.010. If required for the Board or Commission for which you are applying, are you willing to do so? YES NO Not required for this Board.

Could you or any member of your family be affected financially by decisions to be made by the board or Commission for which you have applied?
 YES NO If "YES", explain. I am a licensed practicing C.P.A. and could be directly or indirect affected by any changes in the licensing Statutes or Regulations. I do not anticipate that any such effect would be substantial or material

A. List any professional licenses, certifications, or registrations and dates obtained that may be used as qualifying criteria:

Certified Public Accountant:

California State Board of Accountancy, Certificate #17963E, issued upon examination and qualification (10/13/72)

Alaska State Board of Public Accountancy, Certificate #280, issued by reciprocity (4/4/73)

I am currently licensed for public practice in both California and Alaska and have complied with all of the continuing professional education requirements to maintain this dual status.

B. List both formal and informal education and training experiences (Use additional paper if necessary)

High School Graduate, Palmer High School, Palmer, Alaska (ranking 11th in class of 55), May 1961

Bachelor of Science Degree - with Distinction, Business Administration with Concentration in Accounting, San Jose State College, San Jose, California, June 1970

In addition, I have annually completed in excess of 40 hours of required continuing professional education through courses sponsored by the American Institute of Certified Public Accountants, Alaska Society of Certified Public Accountants, Matanuska-Susitna College, Alaska Society of Independent Accountants, Alaska Bar Association and other similar organizations.

C. List any community service positions, municipal government positions, state positions held, and list any awards received. These include both compensated and uncompensated positions (for example, president of a service organization or a mayor). Also include length of time served in the positions.

President and Director for the Alaska Society of Certified Public Accountants - 1983 to Date

Member of Council for the American Institute of Certified Public Accountants - 1988-89

Treasurer and Director for the Alaska State Fair, Inc. - 1980 to Date

Treasurer and Director for the Greater Palmer Chamber of Commerce - 1974-77 and 1979-81

(please note greater detail under professional affiliations and other affiliations in the enclosed professional profile.)

D. Employment work history: paid, unpaid or voluntary: (Use additional paper if necessary)

Arthur Young & Company, San Jose, California, Senior Staff Accountant, February 1970-January 1971

Charles R. Griffin, C.P.A., Palmer, Alaska, Sole Practitioner in Public Practice, April 1973 to Date

Matanuska-Susitna Community College (University of Alaska), Palmer, Alaska, Lecturer in Income Tax Accounting, Fall 1973 and Spring 1976

Alaska Society of Certified Public Accountants, Anchorage, Alaska, Discussion Leader in Income Tax Research Seminar, October 1983

(please also see enclosed professional profile.)

The Office of the Governor and the State of Alaska have an Affirmative Action Equal Employment Opportunity Program. To assist in the program, you are asked to voluntarily answer the following questions to provide the information necessary for reporting purposes. Under State and Federal law, the information you provide will not be used to illegally discriminate against you.

Re: Proposed Legislation - Experience rating

The attached work draft (Work Order No. 6-1639A, by Ford, dated 10/2.89) requires insurers who offer medical malpractice or commercial liability insurance to "experience rate" their insureds. Experience rating plans under this provision are subject to standard rate filing requirements under AS 21.39.040-050.

The draft legislation seeks to address current problems with classification and rating for medical providers and other commercial liability insureds by permitting the development of "safe doctor" rates and other rating practices that more fairly distribute the cost of insurance among premium-paying consumers.

2 HOUSE BILL NO.

3 IN THE LEGISLATURE OF THE STATE OF ALASKA

4 SIXTEENTH LEGISLATURE - SECOND SESSION

5 A BILL

6 For an Act entitled: "An Act relating to insurance rates."

7 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

8 * Section 1. AS 21.39 is amended by adding a new section to read:

9 Sec. 21.39.035. MANDATORY EXPERIENCE RATING. In addition to the
10 rate requirements of AS 21.39.030, an insurer who offers malpractice
11 insurance or commercial liability insurance shall develop an experi-
12 ence rating plan and shall apply the experience rating to each person
13 who purchases malpractice insurance or commercial liability insurance.
14 The experience rating plan required under this section is subject to
15 the rate filing requirements of AS 21.39.040 - 21.39.050.

Alexandria, Virginia 22314
(703) 549-8050

attached as Exhibits H1 and H2.

3. Require experience rating

"SAFE Doctor Rates"

Good drivers pay less than bad drivers for auto insurance, and homeowners who are good risks pay less than those who are bad risks. In contrast, in most states, good doctors and bad doctors pay the same rate: a doctor who has been successfully sued for malpractice several times pays the same rate as a doctor who has never had a claim against him. Many other professionals and small businesses also pay a set rate regardless of their individual claims experience, i.e., they are not experience-rated.

By requiring insurance companies to experience-rate all professional and commercial risks, just as they experience-rate drivers and homeowners, states could reduce insurance rates for most insureds. This is particularly true for medical malpractice insurance, since studies have consistently shown that a very small percentage of doctors is responsible for a very large amount of the malpractice. ^{11/} Absent experience rating, therefore, the majority of doctors, who rarely if ever engage in malpractice, subsidize the small minority of doctors who are frequent malpractitioners.

^{11/} See, e.g., Michigan Report on the Liability Crisis at 11 (1985) (19.3% of doctors accounted for 72.2% of claims; 58.1% had no claims); Florida Insurance Commissioner, Closed Claims Study of Medical Malpractice Insurance, 1975-82 (1983) (0.7% of doctors accounted for 24% of claims; one doctor for 31 claims); S. Ferber & B. Sheridan, "Six Cherished Malpractice Myths Put To Rest," 52 Medical Economics 150 (1975) (0.6% of Los Angeles doctors accounted for 30% of all payments).

A bill requiring experience rating is attached as Exhibit I1. Regulations specifying how doctors can be experience rated are attached as Exhibit I2.

3. Establish flex-rating

If insurance companies were fully subject to the antitrust laws, then rate regulation might be unnecessary; the market would determine the proper level of rates. However, because under the McCarran-Ferguson Act insurers may legally fix prices and engage in other anticompetitive activity, regulation of insurance rates is essential.

To allow the market to work as competitively as possible despite McCarran-Ferguson, insurance companies should be permitted to raise or cut their rates without approval by the insurance commissioner within a "zone of reasonableness" - say, 15% above and 15% below the existing rate. Above or below that rate, however, states should not permit a rate to take effect unless and until the insurance commissioner approves the rate. Requiring such prior approval of rates except those within the zone of reasonableness should both smooth out the insurance industry cycle and enhance competition in the industry.

A bill requiring prior approval of insurance rates except those within a zone of reasonableness - so called "flex-rating" - is attached as Exhibit J.

4. Beef up enforcement

It is well-established that state insurance departments

(NY)

EXHIBIT I-1

(e) The superintendent shall by regulation establish reasonable standards for rating plans (including experience rating plans, schedule rating plans, individual risk premium modification plans and expense reduction plans) designed to modify rates in the development of premiums for individual risks insured in a property/casualty market. Such standards shall permit recognition of expected differences in loss or expense characteristics, and shall be designed so that such plans are reasonable and equitable in their application, and are not unfairly discriminatory, violative of public policy or otherwise contrary to the best interests of the people of this state. Such standards shall not prevent the

development of new or innovative rating methods which otherwise comply with this article. Such rating plans shall be filed or rerefiled by insurers in compliance with the regulation. The superintendent shall review such plans, and may without a hearing disapprove a plan that does not comply with the regulation. The regulation shall establish maximum debits and credits that may result from the application of a rating plan, shall encourage loss control, safety programs and other methods of risk management, and shall require insurers to maintain documentation of the basis for the debits or credits applied under any plan. Once it has been filed and approved, use of the rating plan shall become mandatory and such plan shall be applied uniformly for eligible risks in a manner that is not unfairly discriminatory.

INSURANCE DEPARTMENT OF THE STATE OF NEW YORK

REGULATION NO. 124

(11 NYCRR 152)

Physicians and Surgeons Professional Insurance Merit
Rating Plan

I, SALVATORE R. CURIALE, First Deputy Superintendent acting on behalf of JAMES P. CORCORAN, Superintendent of Insurance of the State of New York, pursuant to the authority granted by Sections 201, 301 and 2343(d) of the Insurance Law of the State of New York, do hereby promulgate the following Part 152 of Title II of the Official Compilation of Codes, Rules and Regulations (Regulation No. 124), to take effect immediately upon filing with the Secretary of State, to read as follows:

152.1 Preamble

(a) Section 2343(d) of the Insurance Law requires that the Insurance Department promulgate a regulation establishing a Physicians and Surgeons Professional Liability Merit Rating Plan which Regulation was to take effect on January 1, 1986. A merit rating plan is a system of rules for imposing rate surcharges or credits, within the existing class and territory matrix, based upon an individual's past history of claims or disciplinary actions. The plan is intended to produce a more accurate individual premium by using past claim history to predict the likelihood of future claims.

(b) Some insurers currently have a formal merit rating plan, while others impose surcharges and credits on an ad hoc judgmental basis. This regulation establishes a uniform plan for use by all insurers, which supercedes all existing plans. The Department believes it is in the best interests of insurers, physicians, and the public to maintain stability in the rating system by requiring all insured physicians to be experience-rated under the same set of criteria. The plan, which applies to all claims-made and occurrence policies, is intended to be revenue-neutral: i.e., any additional funds generated by surcharges must be offset by a rate discount factor that is applied to the base rates: over the long term and for all insurers within the entire system.

152.2 Definition

As used in this Part:

(a) The term "claim" shall mean written notice or demand upon the insured, including suit, filed by a claimant or other person acting on behalf of the claimant, and received by the insurer, that alleges injuries or damages sustained from an incident. A single incident may result in no more than one chargeable loss for each physician.

b) The term "chargeable loss" shall mean: for claims closed prior to July 1, 1981, the sum of all indemnity payments on any one closed claim must be at least \$15,000; for claims closed or outstanding on or after July 1, 1981, the sum of all indemnity payments on any one closed or outstanding claim must be at least \$30,000.

252.3 Procedures

(a) Evaluation period to be used:

Chargeable losses paid in the ten-year review period and disciplinary actions imposed in the five-year period prior to the latest policy effective date shall be included for evaluation purposes. If, for any claim, the length of time between the occurrence and settlement dates is more than thirteen years, then such claim can no longer be, or become, a chargeable loss even though settlement occurs in the ten year review period. Physicians licensed to practice for less than ten years shall be rated only on their years of practice. In issuing new and renewal policies for the period beginning July 1, 1986, insurers shall use the full ten-year experience period (or less, for physicians licensed less than 10 years). Upon request, physicians, insurers, and managers of insurance programs shall furnish to current insurers claims and disciplinary information necessary to calculate an accurate surcharge. Existing insurers shall request and obtain this information.

(b) Surcharges for disciplinary actions:

The following surcharges shall apply where there has been:

1. Licensing Board disciplinary proceedings within the past five years:
 - i. License revoked in any state: surcharge 100%.
 - ii. License suspended in any state: surcharge 75%.
 - iii. Probation invoked in any state: surcharge 50%.

2. Hospital disciplinary proceedings involving malpractice or incompetency within the past five years (excluding disciplinary proceedings for lateness in recordkeeping and/or lateness in submitting proof of insurance coverage):

i. Privileges revoked by any hospital: surcharge 100%.

ii. Privileges restricted or suspended by any hospital: surcharge 75%.

(c) Assignment of points for Chargeable Losses:

For each chargeable loss, one point shall be assigned.

These "points" generate surcharges according to the following schedule of percentages, which is based on the specialty classifications filed by the Medical Malpractice Insurance Association (Note: these factors will be adjusted periodically as more experience data becomes available):

Surcharge Points	1	2	3	4	5	6	7 or more
1-7 Downstate	<u>0</u>	<u>0</u>	<u>10%</u>	<u>35%</u>	<u>80%</u>	<u>130%</u>	<u>200%</u>
8-14 Downstate	<u>0</u>	<u>10%</u>	<u>35%</u>	<u>70%</u>	<u>110%</u>	<u>150%</u>	<u>200%</u>
1-7 Upstate	<u>0</u>	<u>10%</u>	<u>35%</u>	<u>70%</u>	<u>110%</u>	<u>150%</u>	<u>200%</u>
8-14 Upstate	<u>5%</u>	<u>15%</u>	<u>45%</u>	<u>85%</u>	<u>120%</u>	<u>160%</u>	<u>200%</u>

Surcharges are developed by determining the chargeable losses paid within the evaluation period, adding the number of points for each loss, and multiplying the otherwise applicable premium by 100% plus the surcharge. For example, if a physician's base rate for his class and territory is \$50,000, and he has accumulated seven surcharge points, his premium is:
 $200\% \text{ (surcharge)} + 100\% \text{ (base)} = 300\%$

300% of \$50,000 = \$150,000

Surcharges for disciplinary actions are added to any surcharges generated by chargeable losses. For example, if an upstate Class 10 physician's base rate for his class and territory is \$10,000, and he has accumulated two surcharge points and has had probation invoked in any state, his premium is:

15% (for two points) + 50% (for probation) +100% (base) = 165%
165% of \$10,000 = \$16,500

In no event shall the total surcharge from both chargeable losses and disciplinary actions exceed 200%.

(d) Credits:

Insurers who insure physicians in the first year of practice, or physicians in part-time practice (e.g., semi-retired or in full-time teaching) must file an appropriate rate credit. Any surcharge or credit generated by other provisions of this regulation will apply to the reduced premium. No credits other than those specified in this regulation will be permitted.

(e) Appeals Procedure:

Insurers shall establish and file for approval a mechanism for physicians to (1) appeal the determination of the insurer and (2) explain the circumstances of their chargeable losses or disciplinary procedures. Surcharge "points" shall be waived or reduced by insurers if circumstances indicate that they are not truly predictive of future claims. While the surcharge is

being appealed, the insured must pay the applicable rate for his class and territory including all surcharges (whether or not they are being appealed).

(f) Refund of Surcharge:

Surcharges must be returned if: 1) indemnity payments, which generated the surcharge, are subsequently reduced below the chargeable level, or 2) upon appeal, as outlined in Subsection e above, it is determined that a disciplinary procedure or chargeable loss is not truly predictive of future claims. The method for refund of the surcharge is at the option of the insurer but shall be reasonably prompt and uniform for all its insureds. Surcharges shall be returned for the policy period in which the payment was reduced or the surcharge was successfully appealed and for two prior policy periods, if applicable.

(g) Reclassification of Physician:

If a physician is reclassified from a higher-rated to a lower-rated specialty, "points" assigned for incidents which were not related to the practice of the lower-rated specialty shall not be used for merit rating purposes.

(h) Notice to Insureds:

When a policy has been surcharged under a merit rating plan, insurers are directed to state prominently, either on the declarations page or the premium bill, or on a notice attached to the declarations page or premium bill, the following, or its substantive equivalent:

"Your premium rates are higher than they otherwise would be because, during the measuring experience period which applied to your insurance, you had the following chargeable losses or disciplinary actions under our merit rating plan. This plan has been filed with and approved by the New York Insurance Department pursuant to Regulation No. 124 of the Department. The attached description of our merit rating plan includes a list of events for which we may surcharge you, the circumstances under which surcharges may be removed and refunded, and the procedure you should follow if you wish to appeal this surcharge. We trust this will answer any questions you have concerning your surcharge. If you have any further questions, you may call us at ."

152.4 Alternative Plans:

Subject to the Superintendent's approval, a plan may be submitted which varies in one or more aspects from the rules established in this Part if the unique circumstances of the insurer warrant exceptional treatment, and if credible data supports the proposal. The burden of demonstrating entitlement to a variance shall rest with the insurer. This Regulation is not intended to proscribe an insurer from adopting a retrospective rating plan which is approvable by the Superintendent upon a determination that the plan is not inconsistent with other provisions of this Regulation and is based upon demonstrable actuarial evidence.

152.5 Implementation:

All insurers shall adopt and submit a merit rating plan for approval by the Superintendent, except as hereafter provided, by August 15, 1986, to apply to policies issued or renewed on and after July 1, 1986. The appeals procedure and Notice required by this Part shall be adopted and submitted by August 15, 1986. Following approval of each insurer's merit rating plan, the offsets that must be applied to the base rates in order to insure that these plans are revenue neutral, should be incorporated in all subsequent rate filings. These offsets shall be periodically reviewed by all insurers.

I, SALVATORE R. CURIALE, First Deputy Superintendent acting on behalf of JAMES P. CORCORAN, Superintendent of Insurance of the State of New York, do hereby certify that the foregoing is Regulation 124 (11 NYCRR 152) promulgated by me on June 12, 1986, as a final measure pursuant to the authority granted by Sections 201, 301 and 2343(d) of the Insurance Law.

Pursuant to Section 202(6) of the State Administrative Procedure Act, this regulation was previously promulgated as an Emergency Measure on December 30, 1985, February 28, 1986 and May 2, 1986. Prior notice of this regulation was published in the State Register on January 15, 1986, March 19, 1986 and May 21, 1986 as an emergency measure and on January 15, 1986 as

a proposed agency action. No other publication or other prior notice is required by statute.

Re: Proposed Legislation - Physician classification for medical
malpractice premiums.

The attached work draft (Work Order No. 6-1641A, by Ford, dated 10/2/89) limits insurers to using no more than four classifications for physicians in order to determine medical malpractice liability insurance premiums.

The rationale behind limiting insurers to four categories is outlined in the enclosed excerpt from Robert Hunter's report from the National Insurance Consumers Organizations (NICO).

Currently MICA (Medical Indemnity Corporation of Alaska), Alaska's largest medical malpractice insurer, breaks physicians into seven categories to determine rates. Our second largest insurer, MIEC (Medical Insurance Exchange of California), uses ten.

Included in your files is a House Research Agency report regarding medical malpractice premiums and a more recent Legislative Research Report on some of the anticipated effects of the proposed legislation. We expect testimony from medical providers and medical insurers such as MICA at our November 29 and 30 hearings.

MEMORANDUM

TO: Representative Peter Goll

ATTN: Hayden Kaden

FROM: Karen Oakley^{KO}
Legislative Analyst

RE: Medical Malpractice Premiums Paid by Alaska Doctors
Research Request 89.297

You asked how many doctors are in private practice in rural Alaska communities, and whether these doctors pay more for medical malpractice insurance than do other doctors. You also asked if the federal government pays medical malpractice premiums for the doctors it employs in Alaska.

In summary, there are only a handful of doctors in private practice living in rural Alaska communities. Medical malpractice premiums paid by Alaska doctors depend on the type of medicine practiced and the limits of liability chosen; the location of the practice does not directly affect premium cost. Liability for malpractice by federally-employed doctors is assumed by the federal government.

Geographic Distribution of Alaska Doctors

Currently, there are approximately 825 physicians working in Alaska. The Alaska State Medical Association (ASMA) Directory listed 827 doctors in Alaska in 1987. The Division of Occupational Licensing reported a similar number--833 doctors--with current licenses in August 1988.

Nearly 75 percent of doctors working in Alaska are in private practice. The major government employers of doctors in Alaska are the military, which employs 97 doctors, and the U.S. Public Health Service (PHS) (including the Indian Health Service), which employs 111 doctors. At least some of the PHS doctors are itinerants based in larger communities who travel to remote communities.

In Table 1, the number of doctors in private practice residing in each house election district is presented. We were not able to determine to what extent doctors in private practice provide services to communities other than the community in which the doctor resides. Conceivably, some private doctors living in urban areas travel to rural areas to provide services.

These data indicate that very few doctors in private practice reside in rural areas. Four election districts that are generally considered to be rural (2, 22, 23, and 24) have no resident doctors in private practice.¹ The majority of doctors in private practice reside in Anchorage and Fairbanks (78 percent).

Twenty-four percent of all private doctors are in Family and General Practice. In those election districts with few resident private doctors, those doctors are typically in family practice. Most of the private specialists reside in Anchorage or Fairbanks.

For further information on the geographic distribution of doctors and other health care providers in Alaska, see House Research Memorandum 89.004, which is provided as Attachment A.

Medical Malpractice Premiums Paid by Alaska Doctors

Doctors employed by the federal government are not covered by medical malpractice insurance; instead, the federal government assumes liability for malpractice by its doctors. An individual who is injured by a federal government doctor in the normal course of the doctor's job may sue the federal government under the Federal Tort Claims Act. When the injured individual is successful in their claim against the government, damages are paid from a fund administered by the U.S. Department of Justice. Further information on medical malpractice coverage of federal government doctors is found in House Research Memorandum 87.097 (Attachment B).

Doctors in private practice obtain medical malpractice insurance from insurance companies.² According to the Alaska Division of Insurance Annual Report for FY 88, 22 insurance companies wrote medical malpractice insurance policies for doctors practicing in Alaska in that year. Attachment C, from the report, shows the percent of market share written by each company. A total of \$14.4 million in direct premiums written was reported. Three companies accounted for 92.5 percent of the total dollar value of premiums written. These companies were the Medical Indemnity Corporation of Alaska (MICA), Medical Insurance Exchange of California (MIEC), and the Continental Casualty Company.

¹One election district, Election District 24, has no resident doctors.

²The state does not require proof of insurance from doctors licensed to practice medicine in Alaska, and it is possible that some doctors do not have medical malpractice insurance.
