

ALASKA LEGISLATURE COMMITTEE FILES, 1989-1990 8672

6296 SENATE HEALTH, EDUCATION AND SOCIAL SERVICES

700

1413 HALIBUT POINT
SITKA, ALASKA 99835
FEB. 16, 1990

DEAR HESS COMMITTEE MEMBERS:

I CAN'T IMAGINE WHY ANYONE WOULD NOT SUPPORT HJR 13. WE ALL KNOW THAT THE INCOME FROM OIL REVENUES IS DECLINING WHILE EXPENSES ARE NOT. THIS BILL PROVIDES THE PERFECT OPPORTUNITY TO INVEST IN ALASKA'S MOST IMPORTANT RESOURCE--OUR CHILDREN. BY ASSURING ADEQUATE FUNDING FOR EDUCATION WE HELP TO INSURE A STRONGER FUTURE FOR ALASKA WITH WELL EDUCATED CITIZENS WHO WILL NOT ONLY BE THE LEADERS OF OUR COMMUNITIES TOMORROW, BUT WILL FILL EVERY WALK OF LIFE.

I UNDERSTAND THAT THIS BILL WILL STILL ALLOW A SIZEABLE PERMANENT FUND DIVIDEND TO INDIVIDUALS WHILE ALSO PROVIDING A STABLE AND SECURE SOURCE OF FUNDING FOR EDUCATION. WITHOUT THE EDUCATION FUND WE SURELY FACE INCREASED TAXATION IN SOME FORM TO MEET BUDGETARY NEEDS OF THE FUTURE. LET'S PLAN AHEAD WHILE WE CAN.

IF I DID NOT PLAN IN MY OWN LIFE, I COULD NOT BUY A CAR, A HOUSE, OR SEND MY CHILDREN TO COLLEGE. I WOULD HOPE OUR STATE LEGISLATORS AND CITIZENS WOULD DO THE SAME WITH THESE MONIES THAT WE ALL HOLD IN COMMON. ANYONE WHO FAILS TO SUPPORT HJR 13 CLEARLY DOESN'T UNDERSTAND A SOUND FINANCIAL PLAN AND FISCAL RESPONSIBILITY.

SINCERELY,

MARY S. HARTRICH

Senator Paul Fischer
Pouch V
State Capitol Building
Juneau AK 99811

Dear Senator Paul Fischer:

I am a senior at Seward Jr./Sr. High School and we have currently been discussing the Educational Endowment Proposition. I am for passing this bill because I plan to live in Alaska.

I feel that this will effect us all because we need to stress education for our children so that they may live lives better than our own.

When our oil revenues decline I feel that education will be the first expenditure to be cut. This will mean that we will need additional funds to keep our childrens schooling the best it passibly can be.

Sincerely,
Charles Ostler

Juneau, AK. 99811

Dear Sen. Paul Fischer:

I am a senior at Seward High School. We have been discussing the Education Endowment Fund (EEF); I am in total favor of this proposition.

You see, after I graduate, I am joining the armed forces. Then I plan to settle down and raise a family in Anchorage. The EEF will insure that my children will be provided with an excellent education system. In addition, the EEF will cut the cost of taxes used to pay for schools.

I deeply hope that you will find favor with the EEF and vote for it when the time comes. Thank you for your time.

Sincerely,

Dewain Allen Higbee

Dear Sen. Paul Fischer,

I am a senior at Seward High School and we have been discussing the Educational Endowment. I am very interested in this as I plan to make Alaska my home.

I agree with the Educational Endowment bill. I feel that we should take money out of the permanent fund for the educational program. However, I feel that education is very important and we should take even more money from the permanent fund to put towards education.

I also feel that we should take away the entire Dividend Program and put the money in other areas such as road maintenance, welfare and other social services.

Sincerely,

Amy DuBose

APRIL 18, 1990

Sen. Paul Fischer
Alaska State Legislature
Pouch V
State Capitol Building
Juneau, AK 99811

Dear Mr. Fischer,

I am a senior at Seward High School and our Government class is currently discussing the Education Endowment. I have been accepted and plan to attend the University of Alaska Anchorage in the fall of this year. Since living in Alaska is in my future plans, I feel that the Education Endowment plan will affect me in some way.

I think that the Endowment plan is a good idea and would fully support it if it came up for a vote. Giving up part of our permanent fund for a while to support this Endowment is also a good idea. However, I feel we need to start thinking of ways to make money and not just create a larger and larger deficit. I feel that with this money being built up for education, our taxes could be lower since education would be self-supported. I would appreciate a reply on this matter.

Sincerely yours,

Mr. David Walker

Juneau, AK 99811

Dear Paul:

I am a senior at Seward High School who is very interested in the Educational Endowment proposal. We have been discussing this proposal in my government class and I feel that this will have an affect on me since I plan on living in Alaska for a great deal of my life.

I believe that the Educational Endowment proposal is a good plan because if the money doesn't come out of the permant fund, later on we will have to pay for it with higher taxes.

Hopefully by putting more money into Education we can help our future students as well as ourselves.

I would really appreciate a response on this subject. Thank you.

Sincerely,

Karie Glenn

Dear Senator Paul Fischer,

I'm a senior at Seward High School and we are discussing the Educational Endowment in our government class.

I feel the Educational Endowment is a very good idea and is needed to support our schools in the future. With the oil revenue declining the educational programs will decline with it. Therefore, the educational programs will suffer.

If you have any more information could you please send it to me thank you. Thank you for all of your time.

Sincerely,

Shelly A Winkelman

Dear Paul Fisher:

I am a senior at Seward High School. We are discussing the Education Endowment in our Government class. I support the issue because I believe that the future of this world belongs to the young. If they get the best education possible than the future of the world could be better. This bill gives us the opportunity to fund that education.

I plan to live in Alaska for the rest of my life and would like to see this bill pass.

Sincerely,

Buffy Burden

Dear Sen. Paul Fischer,

I am a concerned senior attending Seward High School. I am very unhappy with the way our education budget is dropping. Since I plan on living in Alaska, I strongly feel that the education endowment would be a safeguard for our young people in the future!!!

Alaska deserves this bill. It won't cost the people of Alaska that much for the education they will receive in the future!!!

It is a fact that our oil revenues are coming to an end. We will have to use the money from the Permanent fund wisely.

I would greatly appreciate it if you would reply it if would reply with your comments on this issue.

Sincerely,

Heather D. Koop

DEAR SENATOR,

MY WIFE AND I HAVE INVESTED OUR CHILDREN'S PERMANENT FUND DIVIDEND CHECKS FOR THEIR EDUCATIONAL ENDOWMENT. AS OF 12-31-89, OUR FIVE YEAR OLD DAUGHTER HAD \$3,085.10 AND OUR NINE YEAR OLD SON HAD \$9,573.85. AT AGE 18, BOTH WILL HAVE ABOUT \$40,000 FOR THEIR COLLEGE EDUCATION. IF GOVERNOR COWPER'S EDUCATIONAL ENDOWMENT WILL DECREASE OUR CHILDREN'S PERMANENT FUND DIVIDEND CHECK, THEN WE OPPOSE IT.

SINCERELY,

Gary Miller

SOUTHEAST ISLAND SCHOOL DISTRICT

RESOLUTION NO. 90-2

Supporting Constitutional Amendment Establishing
Educational Endowment Fund.

WHEREAS, the right to a free education for every child is mandated in Alaska by the State Constitution; and

WHEREAS, the education of our children is the most critical public service provided by the State, and

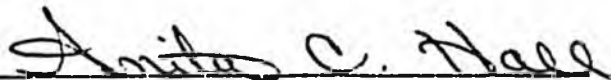

WHEREAS, volatile and unpredictable oil revenues have resulted in decreased State funding for education over the past few years; and

WHEREAS, the fortune of Prudhoe Bay should be shared with Alaskans of the future; and

WHEREAS, the proposed Education Endowment Amendment will assure that funding will be available to fulfill the obligation to our children in the future;

NOW, THEREFORE, BE IT RESOLVED by the Southeast Island School District Board of Education that the Board supports and endorses an amendment to the Constitution of the State of Alaska as proposed by the Governor to allow for the use of Permanent Fund earnings for creation of an Education Endowment Fund.

APPROVED this 21st day of September, 1989.

Board President

Board Clerk

My name is Mike Andrews, I live at 408 Haines Avenue in Fairbanks, I have 4 school age children, I serve on the State Job Training Coordinating Council, and I work in the private sector. I support the Education Endowment and urge your passage to the next committee of referral because Alaskans have the right to make a choice on two issues embodied in this resolution.

The first, and most important, is "Do we want a fund that insures our ability to offer future Alaskans quality education? The second issue is whether citizens or the legislature should decide what purpose Permanent Fund Earnings should be applied to, if at all.

I don't buy the self centered dialogue that the Education Endowment is a "raid on the Permanent Fund." Alaska's constitution gives us the mission of providing for education. At this time the real "raid on the fund" is by the Federal Government when they tax our earnings as a result of accepting the dividend. I know I can't afford higher education for them on a weekly paycheck basis, I can't even be sure I'll be here to provide for them when that time comes. My family is fortunate because our children's dividend can be saved in an interest bearing account for their future education.

Less fortunate Alaskans must use their dividends for immediate needs, and some use their checks to go on vacation. Who will pay for their offspring's education. Most likely taxpayers, through increased property tax, user fees, and an income tax on all of us.

Nor do I believe that a bank account for general education is a license that allows public education "to feed at the public trough." Do those people recall the proud American tradition of public education, where sons and daughters of rich and poor are afforded educational opportunities in our Democracy? The Education Endowment will not insure employees increases in pay and benefits or administrators higher salaries or public entities to misuse funds because each school district has a check and balance system, a school board to oversee those areas, each must meet the Alaska procurement codes, each has a written policy for labor relations with a bargaining process, and each has a group of concerned constituents to watchdog the process.

I would rather save dollars now in a separate account to fuel the "education industry" of our state than have my children taxed to the poorhouse to pay for my grandchild's education. Education is a "clean industry" that has long term involvement with our youth, whose employees have stable jobs at a liveable wage that enhances every community in the state economically and socially.

Beyond the rhetoric attached to any Permanent Fund issue, Alaskans recognize the need for proper stewardship and management of resources for continuing quality education in our state. It is time for you to help us lift our hearts and minds above the "don't touch my permanent fund check" issue. It is time for our communities to find a way to quit stepping past dollars for dimes, where we bash education employees and raise property taxes for short term goals when we have a tremendous "renewable resource" in the Permanent Fund. The Education Endowment is the best of both worlds, secure funding for future education, and we still get a sizeable permanent fund dividend every year.

This is a quality of life issue for the next generation of Alaskans, and I see no more bright horizon for us than finding a way to invest in our children, our human resources, through stable education funding. Your choice is before you. Do you choose to fund education, do you allow citizens to vote on the best use of Permanent Fund earnings. If this resolution dies in your committee, your answer will be crystal clear. Thank you for allowing me to express my opinion.

March 16, 1990

RE: House Joint Resolution No. 13

Chairman Fischer, President Kelly, distinguished committee members:

Business responsibilities may preclude us from being able to be present to personally testify. If we can, we will. However; we consider this issue too important not to speak out when opportunities avail themselves. We are Ralph and Kerry Malone, P.O. Box 75127, Fairbanks 99707. Our physical residence is 133 Carnegie Way, Fairbanks 99709. As long time Alaskans we are concerned about the issue of education, and how our young people are being prepared for the world of work and citizenship. In many ways we feel that our youngsters are ill prepared and the knee-jerk reaction would be to weigh in on the side of the debate that says that supporting the education fund is merely throwing good money after bad. We do not support that view. Rather what we see is that those of us who have been fortunate enough to reside here during periods of relative wealth are all too often unwilling to set aside funds for the good of the residents of tomorrow. We feel it is time to send a different message. That message should be that education is the state's top priority, and if means taking part of the dividends to provide that funding source so be it. We cannot afford to continue this game of Russian roulette, revenue style. If you cannot agree with us on that, then at least afford us the opportunity to let us vote and decide the issue. Please pass this resolution out of your committee and support getting it on the floor of the Senate for a full vote. Many of us want to hold accountable those who will not support our Constitutional right to vote. Thank you for allowing us the opportunity to be heard.

Sincerely,

Kerry Malone

Ralph Malone

Handwritten signatures of Kerry Malone and Ralph Malone. The signature of Kerry Malone is on the left, and the signature of Ralph Malone is on the right, overlapping slightly with Kerry's.

Dear Alaskan Legislator:

We strongly encourage your support in placing the *Education Fund* (HJR 13) on the 1990 statewide election ballot, because we believe it is a sound, long range solution to public school funding needs.

TO: Senator Paul Fischer, Chairman
Health, Education and Social Services Committee

FROM: Representative Mark Boyer *MB*

RE: CS HB 208 (FIN), "An Act relating to loans for half-time students, deferral of loan repayment, and to the Alaska Postsecondary Education Commission; repealing the student financial aid committee; and providing for an effective date."

HJR 83, Urging a change in the allocation formula for federal grant for alcohol, drug abuse, and mental health services.

DATE: March 25, 1990

I ask, Mr. Chairman, that you schedule CS HB 208 (FIN) for a hearing. This piece of legislation broadens the group of persons eligible to receive an Alaska student loan to include certain half-time students. The definition of a half-time student is included in the bill language. This alteration of the student loan program is one of the recommendations presented in the Postsecondary Education Commission's December 1988 report entitled "Student Financial Aid Alternatives".

The typical half-time student in Alaska is 30 years old, is working, may be supporting a family and is seeking higher education to enhance their life and the lives of those around them. Older half-time students who are in state and have precise career goals and are expected to have a default rate lower than the national and state average for younger full-time students. It is not expected that new part-time applicants would compete with full-time applicants for available funds. If that were to develop, the commission could limit a portion of available funds to a percentile of the total as they do for vocational applicants.

Half-time student loans would be allowed only for in-state use and would have the same eligibility requirements as a

full-time loan. The interest rate would be the same for half-time loans at 8%.

This bill realizes the importance of higher education to everyone. I ask that CS HB 208 (FIN) be reviewed in your committee. I am eager to work with the Senate HESS Committee to make the "Part-time Student Loan Bill" most effective. If you have particular concerns about provisions of the bill, I would like to meet with you to discuss amendments or different approaches.

Regarding HJR 83 and its companion bill, SJR 76, I ask that you waive HJR 83 from your committee. SJR 76 is being held in Senate Rules Committee waiting for HJR 83 to be considered. SJR 76 was referred to the Senate Labor and Commerce Committee where it received a vote of 5DP. I ask that you waive HJR 83 from the Senate HESS Committee so it can be reviewed in the same committee as the companion resolution. HJR 83 was amended on the House floor to include language stating that substance abuse among Alaska high school students exceeds the national average and is continuing to increase. Senators Kelly and Sturgulewski have cross-cosponsored this legislation. There is a matter of urgency to my request; the Legislature would like the message conveyed in HJR 83 to reach our representatives in Washington, D.C. as soon as possible. Thank you for your consideration.

cc: Senator Pat Pourchot
Senator Bettye Fahrenkamp
