### MEMORANDUM

TO: Senate State Affairs Committee Members  
FROM: Senator Pat Pourchot  
RE: Wednesday, April 4 Committee Hearing  
DATE: April 3, 1990

On Wednesday, April 4 at 1:30 p.m. in the Beltz Room the Senate State Affairs Committee will hear the following bills:  
TELECONFERENCE; Anchorage, Mat-Su, Petersburg, Fairbanks, Delta Junction

SB 537, Longevity Bonus Program, efd. SB 537 would phase out the Longevity Bonus Program over a 10-year period. Contrary to previous "stair-stepping" proposals, this bill would "grandfather" a recipient into the program at the amount of the bonus payment for the year in which he/she qualifies. Persons currently receiving \$200 per month would continue to do so for as long as they remain in Alaska.

SCR 52, relating to the leasing of space by the state. Sponsored by Senator Rodey, the resolution encourages state agencies to avoid leasing practices that would cause the construction of substandard commercial structures, practices that are referred to as the "capital lease process" and/or the "design, build, lease back process". In the capital lease process, leases are awarded to the lowest bidder, with no mechanism in place to ensure that facilities are economical to operate and maintain or are responsive to the needs of the agency or the communities. The Committee Substitute passed by House Finance is included in your packet. Senator Rodey requests that the committee consider revising SCR 52 to be identical to CS HCR 52. The CS would establish a State Lease Task Force to study the problems with the Capital Lease process and to submit its findings and recommendations to the governor and legislature by 1/21/91.

SB 399, An Act approving leases of office space by the Department of Administration; and providing for an effective date. This bill would approve the leases of office space, each of which may which may exceed \$1 million in rent, for the following buildings: Juneau: Goldbelt Building, Anchorage: Labor Offices at 33rd Street/Eagle Street and the Law Offices in the Peterson Towers (near the Court Building.)

SB 346, An Act relating to public notice regarding the value of permanent fund dividends; and providing for an effective date. In your packet is the proposed CS, which contains the original language of SB 346, requiring the

Commissioner of Revenue to disclose on Permanent Fund Dividend check stubs the amount of dividends as the result of constitutionally mandated deposits and the amount attributable to legislative appropriations and additional language that requires all deductions from the Dividend Fund be listed on the check stub. A letter of intent would accompany this bill clarifying that all deductions from earnings, i.e. administration costs, oil litigation fees and inflation-proofing amounts be included in the Permanent Fund brochure that is mailed with the PFD checks.
