Prepared By: Mike Maher Phone: 465-2800
 Division: Commissioner's Office Date: 1/24/92
 Approved by Commissioner: *M. Maher* JC Jerry Covey
 Agency: Education Date: 1/24/92

This bill would fully fund the Department's current CIP priority list. The Department questions whether or not priority 5, 6, and 7 truly reflect the needs of districts. In some cases projects may be simply a "wish list".

The cost of school construction could increase sharply due to the impact of this amount of money becoming available at this time. Affected school districts would have to change their staffing pattern very rapidly.

These two additional positions would be necessary to handle the additional work load produced by this amount of money being made available all at once. These positions would be phased out over a four to five year period.

These positions would consist of a project assistant, range 16 and a clerk typist III, range 8. The project assistant would perform the same duties as the existing project assistant. Mainly setting up the individual grants, collecting all regional information, setting up the files and overseeing the payment schedules. The clerk typist would maintain all files, records and handle all correspondence for the entire program.

Funds for these positions would come from CIP receipts generated from the bond funds.

Date: January 14, 1992

Subject: Request to hear HB 390, HB 391 and HJR 59

I am requesting that HB 390, HB 391 and HJR 59 be scheduled for a hearing by the House HESS Committee at your earlier convenience.

This three bill package will put two initiatives on the November 1992 ballot. One is HB 390, an act providing for the issuance of general obligation bonds of approximately \$759 million for the purpose of paying the school construction costs identified by the Department of Education in its FY 93 capital projects list- categories one through seven.

The second initiative is HJR 59, which proposes an amendment to the State's Constitution creating a school construction debt retirement fund for the purpose of paying off the bonds issued through HB 390. This "dedicated fund" is similar to the one proposed by Governor Hickel in HJR 38 in that it takes a portion of the revenue received from mineral royalties and places it in a special fund to pay debt costs. The difference between HJR 38 and HJR 59 is that my proposed resolution funds only school related projects and the special fund would sunset once the debt is paid.

HB 391, an act relating to reimbursement of school construction bonds, is an essential third component of the school construction package. This bill would pay all outstanding municipal school construction debt. The purpose here is to even the playing field, so to speak, between municipalities with no debt because of 100% state support and those municipalities that have incurred debt.

We must deal with the problems facing rural districts as they relate to fire/life/safety issues as well as urban districts which face serious overcrowding and unhoused student needs. The two needs will never be met through the normal capital budget process. The package I propose approaches the issues comprehensively and I look forward to the lively educational opportunity the issue presents.

A BILL

FOR AN ACT ENTITLED

1 "An Act providing for the issuance of general obligation bonds in the amount of
2 \$313,575,557 for the purpose of paying the cost of acquiring, constructing, reconstructing,
3 and equipping public schools; and providing for an effective date."

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

5 * Section 1. For the purpose of paying the cost of acquiring, constructing, reconstructing, and
6 equipping public schools general obligation bonds of the state in the principal amount of not more than
7 \$313,575,557 shall be issued and sold as provided under sec. 3 of this Act. The full faith, credit, and
8 resources of the state are pledged to the payment of the principal of and interest and redemption
9 premium, if any, on the bonds. The bonds shall be issued under the provisions of AS 37.15 as those
10 provisions read at the time of issuance.

11 * Sec. 2. If the issuance of the bonds is authorized by the qualified voters of the state, a special fund
12 of the state to be known as the "1992 public school construction fund" shall be established, to which
13 shall be credited the proceeds of the sale of the bonds described in sec. 1 of this Act except for the
14 accrued interest and premiums.

1 * Sec. 3. (a) Subject to the provisions of (b) and (c) of this section, the amount of \$313,575,557 is
 2 appropriated from the "1992 public school construction fund" to the Department of Education to pay the
 3 state's share of the cost of the following school construction projects:

23 (b) The bonds authorized under sec. 1 of this Act shall be sold and issued by the State Bond
 24 Committee upon approval by the Department of Education of a public school project in

25 (1) a rural educational attendance area or in an Indian reserve formed under 43 U.S.C.
 26 1618(a) for which there is sufficient unused allocation under (a) of this section;

27 (2) a municipality for which there is sufficient unused allocation under (a) of this section,
 28 and

29 (A) upon determination by the State Bond Committee that the municipality
 30 requesting the sale and issuance of bonds has money available to pay the municipal matching
 31 cost of the public school project in an amount required under (a) of this section; and

1 (B) if the municipal matching money required under (A) of this paragraph is
2 available on or before July 1, 1997.

3 (c) The legislature may by law add additional school projects described under sec. 1 of this Act
4 or reallocate funds between projects described in (a) of this section.

5 * Sec. 4. If the issuance of the bonds is authorized by the qualified voters of the state, the amount
6 of \$1,116,742 or as much of that amount as is found necessary is appropriated from the general fund
7 of the state to the state bond committee to carry out the provisions of this Act and to pay expenses
8 incident to the sale and issuance of the bonds authorized in this Act. The amounts expended from the
9 appropriation authorized by this section shall be reimbursed to the general fund from the proceeds of the
10 sale of the bonds authorized by this Act.

11 * Sec. 5. The unexpended and unobligated balance of the appropriation made in sec. 3 of this Act
12 lapses under AS 37.25.020 and is appropriated to the state bond committee to redeem bonds sold under
13 this Act. The amounts expended from the general fund to pay the principal, interest, and redemption
14 premium on bonds issued under this Act shall be reimbursed to the general fund from the appropriation
15 made under this section to the extent that the money is not needed to redeem the bonds.

16 * Sec. 6. The question whether the bonds authorized in this Act are to be issued shall be submitted
17 to the qualified voters of the state at the next general election and shall read substantially as follows:

18 P R O P O S I T I O N

19 State General Obligation Public School Construction

20 Bonds \$313,575,557

21 Shall the State of Alaska issue its general obligation bonds in the principal
22 amount of not more than \$313,575,557 for the purpose of acquiring,
23 constructing, reconstructing, and equipping public schools?

24 Bonds Yes []

25 Bonds No []

26 * Sec. 7. This Act takes effect immediately under AS 01.10.070(c).

STATE-WIDE SCHOOL CONSTRUCTION PROPOSAL

- **HB 390**
- **HB 391**
- **HJR 59**

HB 390

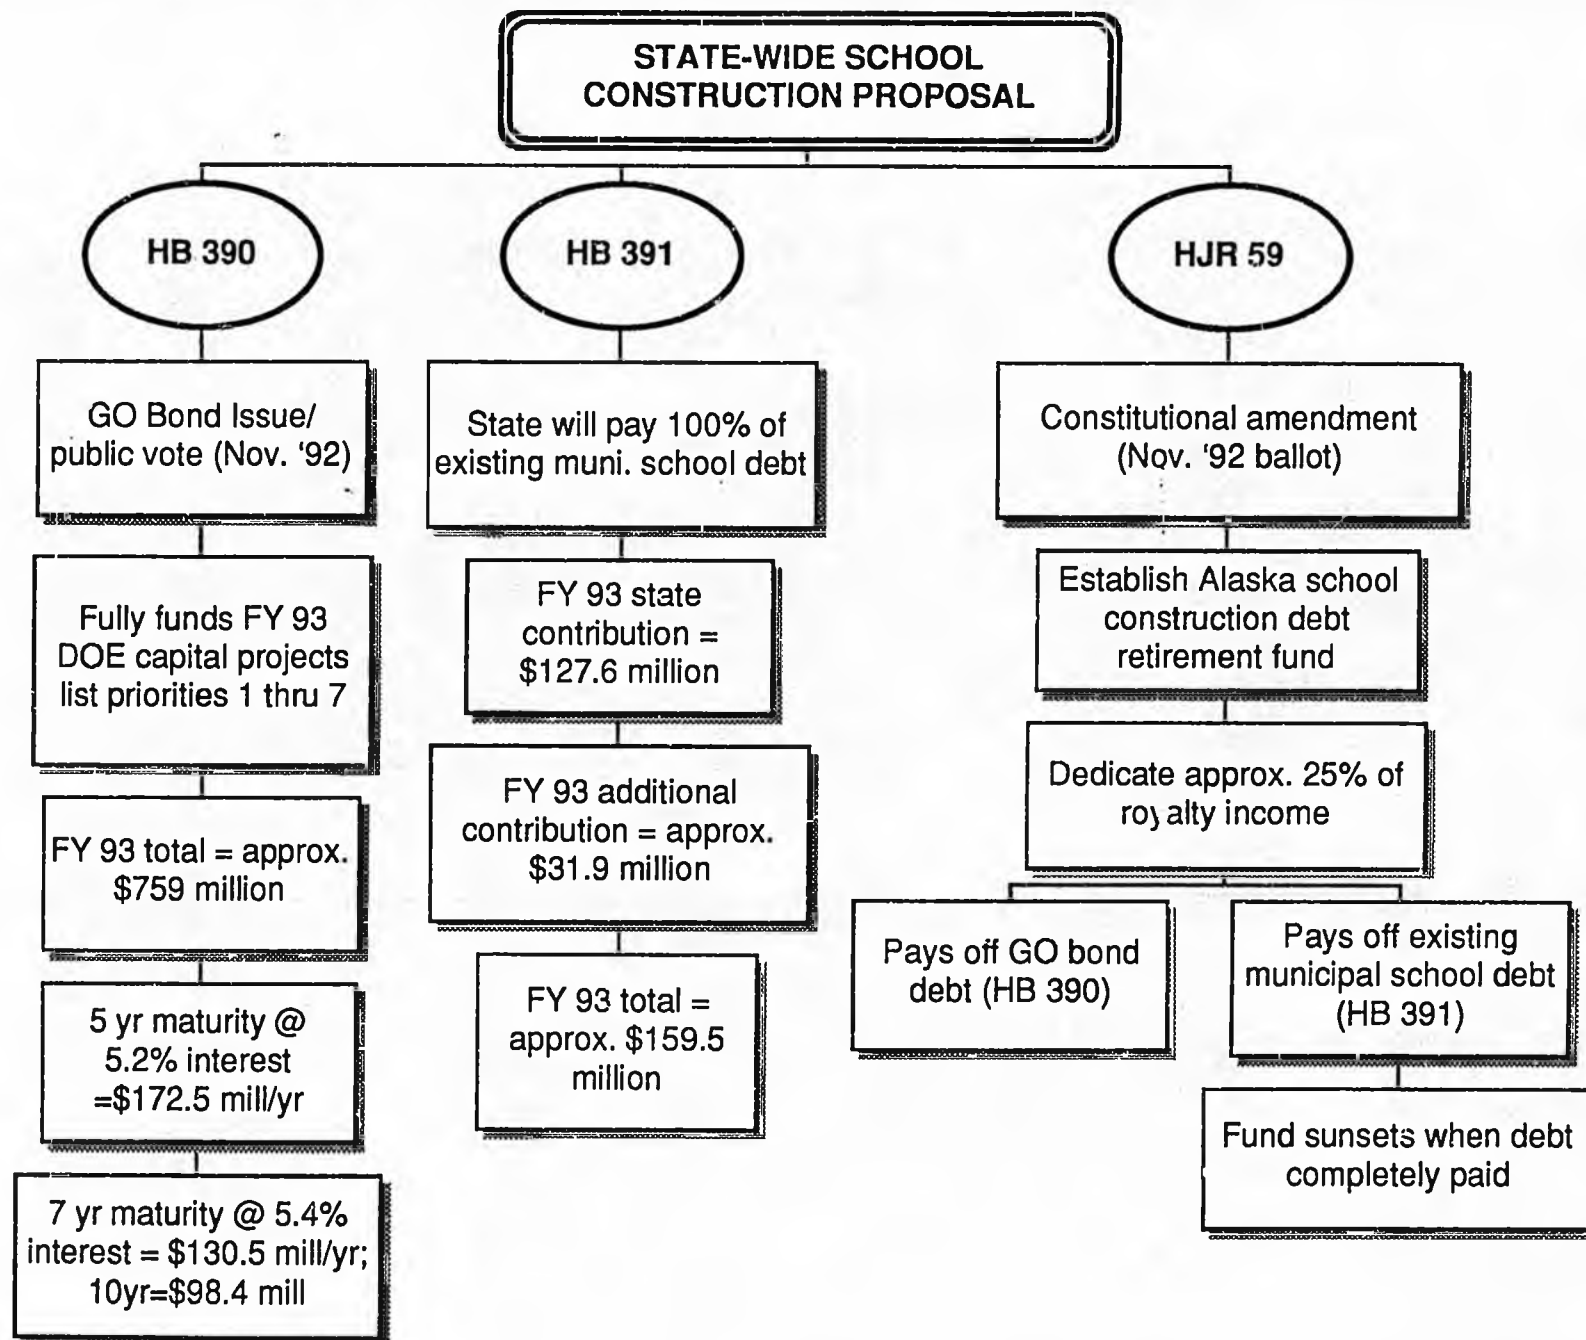

- GO Bond Issue/ public vote (Nov. '92)
 - Fully funds FY 93 DOE capital projects list priorities 1 thru 7
 - FY 93 total = approx. \$759 million
 - 5 yr maturity @ 5.2% interest =\$172.5 mill/yr
 - 7 yr maturity @ 5.4% interest = \$130.5 mill/yr;
 - 10yr=\$98.4 mill

HB 391

- State will pay 100% of existing muni. school debt
- FY 93 state contribution = \$127.6 million
 - FY 93 additional contribution = approx. \$31.9 million
 - FY 93 total = approx. \$159.5 million

HJR 59

- Constitutional amendment (Nov. '92 ballot)
 - Establish Alaska school construction debt retirement fund
 - Dedicate approx. 25% of royalty income
 - Pays off GO bond debt (HB 390)
 - Pays off existing municipal school debt (HB 391)
 - Fund sunsets when debt completely paid

Rep. Mark Boyer

State-wide School Construction Proposal

— HB 390, HB 391, HJR 59 —

HB 390, HB 391 and HJR 59 create a mechanism to guarantee the construction of badly needed schools throughout Alaska. The problem with the current system of financing school construction projects is that many of the needed school projects will not be built.

The needs of rural areas of the state are great, as many older BIA and Molly Hootch schools need major repair or total replacement. Furthermore, the urban school districts' needs for unhoused students are not rising to the top of the Department of Education's priority list. The needs of the school districts trying to meet larger student enrollment will not, in the short-term, be accommodated by the existing capital budget process.

This three bill package will put two initiatives on the November 1992 ballot. One is HB 390, an act providing for the issuance of general obligation bonds of about \$759 million for paying the school construction costs identified by the Department of Education in its FY 93 capital projects list-priorities one through seven.

The second initiative is HJR 59, which proposes an amendment to the State's Constitution creating a school construction debt retirement fund for paying off the bonds issued through HB 390. This "dedicated fund" is similar to the one proposed by Governor Hickel in HJR 38 because it takes a portion of the revenue received from mineral royalties and places it in a special fund to pay debt costs. The difference between HJR 38 and HJR 59 is that my proposed resolution funds only school related projects and the special fund would sunset once the debt is paid.

HB 391, an act relating to reimbursement of school construction bonds, is an essential third component of the school construction package. This bill would pay all outstanding municipal school construction debt. The purpose here is to even the playing field, so to speak, between municipalities with no debt because of 100% state support and those municipalities that have incurred debt.

We must deal with the problems facing rural districts as they relate to fire/life/safety issues and urban districts which face serious overcrowding and unhoused student needs. The two needs will never be met through the normal capital budget process. The state-wide school construction package approaches these issues comprehensively.

HB

3911

HB 391 "An Act relating to reimbursement of school construction bonds; and provding for an effective date."

Subject: Request to hear HB 390, HB 391 and HJR 59

I am requesting that HB 390, HB 391 and HJR 59 be scheduled for a hearing by the House HESS Committee at your earlier convenience.

This three bill package will put two initiatives on the November 1992 ballot. One is HB 390, an act providing for the issuance of general obligation bonds of approximately \$759 million for the purpose of paying the school construction costs identified by the Department of Education in its FY 93 capital projects list- categories one through seven.

The second initiative is HJR 59, which proposes an amendment to the State's Constitution creating a school construction debt retirement fund for the purpose of paying off the bonds issued through HB 390. This "dedicated fund" is similar to the one proposed by Governor Hickel in HJR 38 in that it takes a portion of the revenue received from mineral royalties and places it in a special fund to pay debt costs. The difference between HJR 38 and HJR 59 is that my proposed resolution funds only school related projects and the special fund would sunset once the debt is paid.

HB 391, an act relating to reimbursement of school construction bonds, is an essential third component of the school construction package. This bill would pay all outstanding municipal school construction debt. The purpose here is to even the playing field, so to speak, between municipalities with no debt because of 100% state support and those municipalities that have incurred debt.

We must deal with the problems facing rural districts as they relate to fire/life/safety issues as well as urban districts which face serious overcrowding and unhoused student needs. The two needs will never be met through the normal capital budget process. The package I propose approaches the issues comprehensively and I look forward to the lively educational opportunity the issue presents.

State-wide School Construction Proposal

— HB 390, HB 391, HJR 59 —

HB 390, HB 391 and HJR 59 create a mechanism to guarantee the construction of badly needed schools throughout Alaska. The problem with the current system of financing school construction projects is that many of the needed school projects will not be built.

The needs of rural areas of the state are great, as many older BIA and Molly Hootch schools need major repair or total replacement. Furthermore, the urban school districts' needs for unhoused students are not rising to the top of the Department of Education's priority list. The needs of the school districts trying to meet larger student enrollment will not, in the short-term, be accommodated by the existing capital budget process.

This three bill package will put two initiatives on the November 1992 ballot. One is HB 390, an act providing for the issuance of general obligation bonds of about \$759 million for paying the school construction costs identified by the Department of Education in its FY 93 capital projects list-priorities one through seven.

The second initiative is HJR 59, which proposes an amendment to the State's Constitution creating a school construction debt retirement fund for paying off the bonds issued through HB 390. This "dedicated fund" is similar to the one proposed by Governor Hickel in HJR 38 because it takes a portion of the revenue received from mineral royalties and places it in a special fund to pay debt costs. The difference between HJR 38 and HJR 59 is that my proposed resolution funds only school related projects and the special fund would sunset once the debt is paid.

HB 391, an act relating to reimbursement of school construction bonds, is an essential third component of the school construction package. This bill would pay all outstanding municipal school construction debt. The purpose here is to even the playing field, so to speak, between municipalities with no debt because of 100% state support and those municipalities that have incurred debt.

We must deal with the problems facing rural districts as they relate to fire/life/safety issues and urban districts which face serious overcrowding and unhoused student needs. The two needs will never be met through the normal capital budget process. The state-wide school construction package approaches these issues comprehensively.

MEMORANDUM

To: Rep. Lincoln, Co-chair
Rep. Carney, Co-chair
House Health, Education, and
Social Services Committee

From: Rep. Mackie, Sponsor

Re: A proposed committee substitute for HB 393, proxy hunting and fishing.

Attached for your review is a blank CS for HB 393. I believe it addresses the helpful suggestions and concerns expressed at a January 27 subcommittee meeting. This meeting also had active participation from several divisions of the Department of Fish and Game and the Department of Public Safety.

There are six major considerations incorporated into the CS. A detailed description of these changes is provided in the memorandum from legislative counsel. Briefly, they can be described as follows:

1. At the suggestion of the drafter, existing statutes pertaining to hunting and fishing by blind and disabled Alaskans are consolidated into the CS to provide a more consistent and organized presentation throughout.
2. The Board of Fisheries and Board of Game are given specific authority to regulate seasons, areas, species, et. al. of proxy hunting and fishing. Page 2, line 13.

3. In addition to possession of the resident's license or permit, possession of the individual's written approval to proxy hunt or fish has been extended to all cases. This feature is particularly supported by fish and game enforcement. Page 2, line 20 and 29.

4. The proxy hunter or fisherman can only harvest for one bag or catch limit at any particular time. This eliminates the possibility of one person hunting or fishing for many people at the same time. Page 3, line 10.

5. The responsibility for making reports of proxy harvests is specifically assigned to the hunter or fisherman. Page 3, line 17.

6. The CS specifies that proxy harvested fish and game must be delivered to the Alaskan whose permit or license was used. Page 3, line 19.

I appreciate your attention to this legislation and welcome your comments on the proposed CS. I hope it merits your favorable recommendation for a HESS committee substitute.

MEMORANDUM

January 30, 1992

SUBJECT: Draft CSHB 393 (); Relating to the taking of fish or game by proxy and to special fish and game licenses

TO: Representative Jerry Mackie

FROM: George Utermohle *GU*
Legislative Counsel

This memorandum accompanies the draft CSHB 393 () that you requested.

The draft Committee Substitute consolidates existing laws relating to the taking of fish or game by proxy and to special fish and game licenses with the provisions proposed by the original bill, HB 393. The draft Committee Substitute also incorporates changes to HB 393 that were adopted by the HESS committee and addresses the comments of the Department of Public Safety.

Section 1 of the bill adds a new section to AS 16.05, consolidating provisions relating to special licenses or permits for a person who is blind, a person with physical disabilities, or a person who 60 years of age or older.

Under current law (AS 16.05.405(b)), a person who is blind can obtain a special hunting license indicating that the licensee is blind. The draft Committee Substitute maintains this privilege to receive a special hunting license, but does not extend it to include a special fishing license or fishing permits.

Under current law (AS 16.05.340(f)), a person with physical disabilities can obtain a certificate that the bearer is a person with physical disabilities. This certificate is to be carried in conjunction with a hunting license when the licensee is participating in a hunt for persons with physical disabilities. The draft Committee Substitute eliminates the need for a special certificate by providing for issuance of a resident hunting license, resident sport fishing license, resident subsistence fishing permit, or resident personal use fishing permit that indicates that the licensee or permittee is a person with physical disabilities.

The draft Committee Substitute also provides for issuance of a resident hunting license, resident sport fishing license, resident subsistence fishing permit, or resident personal use fishing permit that indicates that the licensee or permittee is a person who is 60 years of age or older. This provision allows a person who is 60 years of age or older to obtain a special resident hunting license or resident sport fishing license if the person wanted to pay the usual license fee, but does not prevent the person from qualifying for the exemption from the resident hunting or sport fishing licensing requirement under AS 16.05.400(b).

By providing for the issuance of special licenses and permits, it will be easier for the Department of Public Safety to police the taking of fish and game by proxy by eliminating the need for the enforcement officers in the field to determine whether the person for whom the fish or game is being taken is qualified to benefit under AS 16.05.405, as amended by sec. 2 of the bill.

Section 2 of the bill repeals and reenacts AS 16.05.405. AS 16.05.405 currently provides for the taking of certain game species by proxy for a person who is blind. The draft Committee Substitute rewrites AS 16.05.405 so that the requirements for taking of fish or game by proxy are virtually uniform regardless of whether the fish or game is taken for a person who is blind, a person with physical disabilities, or a person who is 60 years of age or older.

Subsection (a) provides that the taking of fish and game by proxy is subject to regulations adopted by the Board of Fisheries or the Board of Game.

Subsection (b) provides that a resident who holds a valid hunting license may take game on behalf of a person who is blind, a person with physical disabilities, or a person who is 60 years of age or older if the resident possesses (1) a document signed by the person for whom the game is to be taken which states that the resident possesses the person's hunting license or permanent identification card in order to take game on behalf of the person and (2) the person's resident hunting license or permanent identification card.

Subsection (c) provides that a resident who holds a valid noncommercial fishing license may take fish on behalf of a person with physical disabilities or a person who is 60 years of age or older if the resident possesses (1) a document signed by the person for whom the fish is to be taken which states that the resident possesses the person's fishing license, fishing permit, or permanent identification card in order to take fish on behalf of the person and (2) the person's resident sport fishing license, resident subsistence or personal use fishing permit, or permanent identification card.

This subsection does not provide for the taking of fish by proxy for a person who is blind because the existing provisions of law do not provide for the taking of fish by proxy for a person who is blind.

Subsection (d) provides that a resident who takes fish or game by proxy shall do so as though the resident was the person for whom the resident is taking the fish or game.

Subsection (e) provides that a resident who takes or attempts to take fish or game on behalf of another person may not engage in fishing or hunting for himself or a third person while the resident possesses the person's license, permit, identification card and the person's signed document or while the resident possesses fish or game taken on behalf of another person. This subsection does not require physical possession of the license, permit, identification card, signed document, or fish or game, but merely custody and control of the license, permit, identification card, signed document, or fish or game, in order to bar the resident from engaging in hunting or fishing for himself or a third party.

Subsection (f) requires the resident who takes fish or game on behalf of another person to submit reports as required by the commissioner of fish and game, to deliver fish or game within a reasonable time to the person on whose behalf it was taken, and to retain documents authorizing the taking of fish or game by proxy until the fish or game is delivered to the appropriate person.

Section 3 of the bill repeals AS 16.05.340(f) which provides for the issuance of a certificate to a person with physical disabilities. AS 16.05.340(f) is no longer needed as the result of Sec. 16.05.403(b), as added by sec. 1 of the draft Committee Substitute.

Violations of the provisions of AS 16.05.403 and 16.05.405, as enacted by secs. 1 and 2 of the draft Committee Substitute, are misdemeanors punishable under AS 16.05.430(a)^{1/} by a penalty not to exceed six months imprisonment, or a fine of not more than \$1,000, or both.

If I may be of further assistance, please advise.

GU:lmb
92-016.lmb

^{1/} AS 16.05.430(a) states:

(a) Except as provided in AS 16.05.420(b), a person who violates AS 16.05.330 - 16.05.420 or a regulation adopted under AS 16.05.330 - 16.05.420 is guilty of a misdemeanor and upon conviction is punishable by a fine of not more than \$1,000, or by imprisonment for not more than six months, or by both.

A BILL

FOR AN ACT ENTITLED

1 "An Act relating to the taking of fish or game by proxy for a person who is blind, for
2 a person with physical disabilities, or for a person who is 60 years of age or older; and
3 relating to licenses and permits for a person who is blind, for a person with physical
4 disabilities, or for a person who is 60 years of age or older."

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

6 * Section 1. AS 16.05 is amended by adding a new section to read:

7 Sec. 16.05.403. SPECIAL LICENSES AND PERMITS. (a) A resident hunting license
8 indicating that the purchaser is blind may be obtained from the department upon payment of the
9 fee prescribed in AS 16.05.340 and upon presentation of either an affidavit of the applicant
10 stating that the applicant cannot distinguish light from darkness or an affidavit signed by a
11 licensed physician or a licensed optometrist stating that the applicant's central visual acuity does
12 not exceed 20/200 in the better eye with correcting lenses or that the applicant's widest diameter
13 of visual field subtends an angle no greater than 20 degrees.

14 (b) A resident with physical disabilities may obtain from the department upon payment

1 of the fee prescribed in AS 16.05.330 - 16.05.430 and upon submission of satisfactory proof of
2 physical disabilities a resident hunting license, a resident sport fishing license, a resident
3 subsistence fishing permit, or a resident personal use fishing permit indicating that the purchaser
4 is a person with physical disabilities.

5 (c) A resident who is 60 years of age or older may obtain from the department upon
6 payment of the fee prescribed in AS 16.05.330 - 16.05.430 and upon submission of satisfactory
7 proof of age a resident hunting license, a resident sport fishing license, a resident subsistence
8 fishing permit, or a resident personal use fishing permit indicating that the purchaser is a person
9 who is 60 years of age or older. This subsection does not limit the right of a resident person
10 who is 60 years of age or older to claim an exemption from hunting or sport fishing license
11 requirements under AS 16.05.400(b).

12 * Sec. 2. AS 16.05.405 is repealed and reenacted to read:

13 Sec. 16.05.405. TAKING FISH AND GAME BY PROXY. (a) Subject to regulations
14 adopted by the Board of Fisheries or the Board of Game to implement this section, including
15 regulations relating to seasons, areas, methods and means, and species, a resident may take fish
16 or game on behalf of another person under this section.

17 (b) Notwithstanding AS 16.05.420(c), a resident holding a valid resident hunting license
18 may take game on behalf of a person who is blind, a person with physical disabilities, or a
19 person who is 60 years of age or older if the resident possesses

20 (1) a document signed by the person on whose behalf the game is taken, stating
21 that the resident possesses the person's hunting license or permanent identification card in order
22 to take game on behalf of that person; and

23 (2) the person's

24 (A) resident hunting license issued under AS 16.05.403; or

25 (B) permanent identification card issued under AS 16.05.400(b).

26 (c) Notwithstanding AS 16.05.420(c), a resident holding a valid noncommercial fishing
27 license may take fish on behalf of a person with physical disabilities or a person who is 60 years
28 of age or older if the resident possesses

29 (1) a document signed by the person on whose behalf the fish is taken, stating that
30 the resident possesses the person's sport fishing license, subsistence fishing permit, personal use
31 fishing permit, or permanent identification card in order to take fish on behalf of that person; and

- 1 (2) the person's
- 2 (A) resident sport fishing license issued under AS 16.05.403;
- 3 (B) resident subsistence fishing permit issued under AS 16.05.403;
- 4 (C) resident personal use fishing permit issued under AS 16.05.403; or
- 5 (D) permanent identification card issued under AS 16.05.400(b).
- 6 (d) A resident who takes fish or game on behalf of another person under this section
- 7 may, subject to applicable regulations of the Board of Fisheries or the Board of Game, take the
- 8 fish or game only under those conditions as would apply to the other person if the other person
- 9 took the fish or game personally.
- 10 (e) A resident who takes, or attempts to take, fish or game on behalf of another person
- 11 under this section may not engage in fishing or hunting for the resident's use or on behalf of a
- 12 third person if the resident has possession of
- 13 (1) the person's license, permit, or identification card and the person's signed
- 14 document under (b)(1) or (c)(1) of this section; or
- 15 (2) fish or game taken on behalf of another person.
- 16 (f) A resident who takes fish or game on behalf of another person under this section shall
- 17 (1) complete reports relating to the taking of the fish or game as required by the
- 18 commissioner of fish and game under AS 16.05.370;
- 19 (2) deliver fish and game taken to the person on whose behalf the fish or game
- 20 was taken within a reasonable time after the fish or game is taken;
- 21 (3) retain the license or permit and the signed document required under (b)(1) or
- 22 (c)(1) of this section of the person on whose behalf the fish or game is taken until the fish or
- 23 game is delivered to that person.
- 24 * Sec. 3. AS 16.05.340(f) is repealed.

12 not exceed 20/200 in the better eye with correcting lenses or that the applicant's widest diameter
13 of visual field subtends an angle no greater than 20 degrees.

14 (b) A resident who is a person with physical disabilities may obtain from the department

1 upon payment of the fee prescribed in AS 16.05.330 - 16.05.430 and upon submission of
2 satisfactory proof of physical disabilities a resident hunting license, a resident sport fishing
3 license, a resident subsistence fishing permit, or a resident personal use fishing permit indicating
4 that the purchaser is a person with physical disabilities.

5 (c) A resident who is 60 years of age or older may obtain from the department upon
6 payment of the fee prescribed in AS 16.05.330 - 16.05.430 and upon submission of satisfactory
7 proof of age a resident hunting license, a resident sport fishing license, a resident subsistence
8 fishing permit, or a resident personal use fishing permit indicating that the purchaser is a person
9 who is 60 years of age or older. This subsection does not limit the right of a resident person
10 who is 60 years of age or older to claim an exemption from hunting or sport fishing license
11 requirements under AS 16.05.400(b).

12 * Sec. 2. AS 16.05.405 is repealed and reenacted to read:

13 Sec. 16.05.405. TAKING FISH AND GAME BY PROXY. (a) Subject to regulations
14 adopted by the Board of Fisheries or the Board of Game to implement this section, including
15 regulations relating to seasons, areas, methods and means, and species, a resident may take fish
16 or game on behalf of another person under this section.

17 (b) Notwithstanding AS 16.05.420(c), a resident holding a valid resident hunting license
18 may take game on behalf of a person who is blind, a person with physical disabilities, or a
19 person who is 60 years of age or older if the resident possesses on the resident's person

20 (1) a document signed by the person on whose behalf the game is taken, stating
21 that the resident possesses the person's hunting license or permanent identification card in order
22 to take game on behalf of that person; and

23 (2) the person's

24 (A) resident hunting license issued under AS 16.05.403 or permanent
25 identification card issued under AS 16.05.400(b); and

26 (B) harvest ticket, tag, stamp, or other document required by law as a
27 condition of taking the game being hunted.

28 (c) Notwithstanding AS 16.05.420(c), a resident holding a valid noncommercial fishing
29 license may take fish on behalf of a person with physical disabilities or a person who is 60 years
30 of age or older if the resident possesses on the resident's person

31 (1) a document signed by the person on whose behalf the fish is taken, stating that

1 the resident possesses the person's sport fishing license, subsistence fishing permit, personal use
2 fishing permit, or permanent identification card in order to take fish on behalf of that person; and

3 (2) the person's

4 (A) resident sport fishing license issued under AS 16.05.403 or permanent
5 identification card issued under AS 16.05.400(b);

6 (B) resident subsistence fishing permit issued under AS 16.05.403; or

7 (C) resident personal use fishing permit issued under AS 16.05.403.

8 (d) A resident who takes fish or game on behalf of another person under this section
9 may, subject to applicable regulations of the Board of Fisheries or the Board of Game, take the
10 fish or game only under those conditions that would apply to the other person if the other person
11 took the fish or game personally.

12 (e) A resident who takes, or attempts to take, fish or game on behalf of a person under
13 this section may not engage in fishing or hunting for the resident's use or on behalf of a third
14 person if the resident has possession of

15 (1) the person's license, permit, or identification card and the person's signed
16 document under (b)(1) or (c)(1) of this section; or

17 (2) fish or game taken on behalf of another person.

18 (f) A resident who takes fish or game on behalf of another person under this section shall

19 (1) complete reports relating to the taking of the fish or game as required by the
20 commissioner of fish and game under AS 16.05.370;

21 (2) deliver all parts of fish and game removed from the field to the person on
22 whose behalf the fish or game was taken within a reasonable time after the fish or game is taken;

23 (3) retain the license or permit and the signed document required under (b)(1) or
24 (c)(1) of this section of the person on whose behalf the fish or game is taken until the fish or
25 game is delivered to that person.

26 * Sec. 3. AS 16.05.340(f) is repealed.

SECTIONAL ANALYSIS

of
HB 393

HB 393 adds a new section 16.05.405 to existing law which will allow the proxy harvesting of fish and game resources for the benefit of disabled and senior citizen Alaskans. 16.05.405 has the following provisions:

Subsection (a) provides that an Alaskan resident with a valid hunting license may also hunt in behalf of a disabled Alaskan resident who is licensed for subsistence or sport hunting. The resident hunting must have the disabled person's license in possession.

Subsection (b) provides that an Alaskan resident with a valid fishing license may also fish in behalf of a disabled Alaskan resident who is licensed for subsistence or personal use fishing. The resident fishing must have the disabled person's license in possession.

Subsection (c) allows the Department of Fish and Game to establish appropriate hunting and fishing licenses indicating the purchaser is physically disabled for purposes of this section.

Subsection (d) provides that an Alaskan resident with a valid hunting license may also hunt in behalf of an Alaskan resident 60 years or older who is licensed or otherwise permitted to hunt under AS 16.05.400 (b). The resident hunting must have the older Alaskan's license or identification card issued under AS 16.05.400 (b) in possession. In addition, the hunter must have in possession the older Alaskan's signed authorization to hunt in his or her behalf.

Subsection (e) provides that an Alaskan resident with a valid fishing license may also fish in behalf of an Alaskan resident 60 years or older who is licensed or otherwise permitted to fish under AS 16.05.400 (b). The resident fishing must have the older Alaskan's license or identification card issued under AS 16.05.400 (b) in possession. In addition, the person fishing must have in possession the older Alaskan's signed authorization to fish in his or her behalf.

sectional analysis

Subsection (f) provides that a resident who hunts or fishes in behalf of another person under this section must comply with all rules and regulations that would apply to the disabled person's or older Alaskan's taking of fish and game resources.

STATEMENT ON HB 393

BY

REP. JERRY MACKIE

I introduced HB 393 to correct a long standing situation that exists particularly in the rural areas of Alaska. This situation occurs when an Alaskan who is dependent on fish and game resources is unable to harvest those resources because of infirmities associated with advancing age or other disabilities. Oftentimes a family member, friend, or neighbor will illegally supply these individuals with fish and game resources as a purely humanitarian service.

HB 393 would allow proxy hunting and fishing in behalf of senior Alaskan citizens, 60 years or older, and Alaskan residents with physical disabilities. Its enactment will legalize an activity that I believe is prevalent and necessary for many senior and disabled Alaskans. HB 393 is patterned after existing law allowing proxy hunting on behalf of the blind, AS 16.05.405.

It is my intention that all other regulations governing the manner and means of taking and their enforcement will apply to proxy harvesting.

Re: House Bill 412 regarding mandatory coverage
by health insurers for infertility treatment

Dear Rep. Lincoln:

I understand your Committee is considering a bill which would mandate infertility coverage by health insurance companies operating in Alaska. My husband and I have resided in Alaska since 1984. We have been trying to have a child throughout our 10-year marriage.

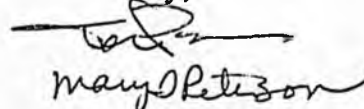

We would like to see the House pass this bill. Since June 1990, we have spent in excess of \$28,000 on infertility treatment for four in-vitro fertilization attempts. This is just for the medical care. We have also spent a small fortune on fertility pharmaceuticals here in Alaska, approximately \$4,200. Since our treatment has taken us out of state to the University of Minnesota and to Redondo Beach, California, we have incurred approximately \$11,000.00 in travel and lodging expenses. Nothing has been covered by our health insurer, Blue Cross of Washington & Alaska (except for a miscarriage after our first in vitro try in December 1990 - approximately \$300.) This also does not include the lost wages I incur every time I have to leave Alaska for the 10-14-day procedure.

We are attaching a listing of our medical billings since 1990 so you can see how incredibly expensive it has been, especially when you factor in that these treatments are available nowhere in the State of Alaska, and treatment must be sought Outside. The grand total for our infertility bills (excluding lost wages) has been \$44,629.66. (My accompanying cost sheets have been detailed for income tax purposes.)

We have considered adoption also, and last summer had arranged a private adoption which fell through when the biological parents changed their minds. Private adoption is also an expensive, time-consuming experience. We don't know what the alternatives are for a hardworking, middle-class Alaskan couple to have a family, but extending insurance coverage to cover infertility treatment would be a small step in that direction.

Thank you for your consideration of our letter.

Sincerely,

Tom & Mary Peterson

MAY - 1 REC'D

April 22, 1992

Honorable Georgianna Lincoln
Alaska State Legislature
State Capitol
Juneau, AK 99801-1182

Re: House Bill 412

Dear representative Lincoln:

I was extremely pleased to find House Bill 412 (sponsored by Representatives Niilo Koponen and Max Gruenberg) in the legislative forefront in the State of Alaska again this year. I am also pleased with the progress this bill has made thus far through Committee in the State Legislature. As you know, the fiscal impact of this bill on insurers and self-insured in the State of Alaska would remain fairly insignificant. It states previously mandating coverage for the treatment of infertility, the per-family per-month increase has been consistently less than 60 cents per month. It is also my understanding that the impact on cost for State employees was calculated to be approximately 15 cents per month, per Representative Koponen's office.

As a specialist in infertility practice, treatment and therapy, I find the impact of this disease to be enormous, significantly impacting the couple's general health, marriage, extended family relationships, job performance, social interactions, and emotional health. The disease of infertility affects approximately one in five to one in ten couples of child-bearing age in the State of Alaska. Most importantly, with treatment, accurate diagnosis is now possible for over 90% of all patients afflicted with this disorder. Approximately 70% of couples can expect a successful therapeutic outcome, i.e. pregnancy.

It is important to note that many of the diagnoses and conditions which affect infertility patients would normally be treated, even if the couple were not attempting to conceive; for example, endometriosis therapy. While this disorder is completely covered if the patient is not attempting to conceive, the diagnosis of infertility frequently allows insurers to discriminate arbitrarily against these patients and deny appropriate coverage.

Re: House Bill 412

Page Two

April 22, 1992

The treatment of infertility is not an elective condition. It is a serious and often times debilitating illness with serious health risks often associated with underlying disease, including ectopic pregnancy, cancer risks, and numerous other complications.

Children conceived in a relationship challenged by the hurdle of infertility, treatment and therapy are almost always provided with an excellent home, a loving relationship, and a stable environment in which they may be reared to provide enormous contributions to society. Less than 5% of the couples treated in my practice require advanced medical technology in the form of in vitro fertilization for treatment of their fertility disorders. The restrictions and the guidelines provided for in the bill sponsored by Representatives Koponen and Gruenberg provide excellent, reasonable guidelines, restrictions and limitations with regard to these considerations for the benefit of the insurer.

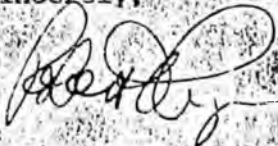

Numerous Legislators and Legislatures in states throughout the United States have enacted laws providing for adequate benefits for the treatment of infertility, establishing this as a priority, as is pregnancy in our society.

I have had the opportunity to treat Legislative couples within the State of Alaska whose lives have also been impacted by this disease process.

This legislation is humane, pro-family, and pro-life. I commend the sponsors of this bill for their public awareness, thoughtfulness, and responsibility in offering this bill for your support. As the father of two children and a physician to many of those who cannot achieve pregnancy, I hope and pray that the Legislature in the State of Alaska will see in its wisdom to adopt legislation requiring insurers to give those couples who desire pregnancy an equal chance to share the joys and experiences which I have had the blessing to receive.

Thank you for your consideration of this matter and your support.

Sincerely,

Robert G. Thompson, MD, FACOG
Reproductive Surgeon

COMMENTS BY GORDON E. EVANS
ON BEHALF OF HEALTH INSURANCE ASSOCIATION OF AMERICA
at
House Labor and Commerce Committee
Hearing on House Bill 412
April 16, 1992

My name is Gordon Evans and I represent the Health Insurance Association of America ("HIAA"), which is a national, voluntary trade association of 300 private health insurance companies which provide health insurance for over 95 million Americans. Blue Cross and Blue Shield are not HIAA members.

HIAA is opposed to House Bill 412. Infertility is an unfortunate condition. For some people it is even a tragic event. However, insurance coverage for infertility should not be mandated merely because there is a difficulty for some persons to achieve pregnancy. Despite the advances in the technology associated with infertility treatment in recent years, requiring insurance coverage of these procedures is just not good public policy -- particularly in light of increased public concern over health care costs.

We strongly oppose mandated coverage for infertility treatment for the following reasons:

- At least part of the problem our member companies have with HB 412 is that what it seeks to do flies in the face of traditional insurance policy coverages. Generally, health insurance policies provide coverage for medically necessary treatments and not for procedures which are considered to be elective and where there is no necessity for medical treatment.

Infertility treatment is not really treatment of an illness or injury. Rather it is an elective procedure.

● Mandating coverage of an elective procedure is contrary to the continuing efforts on the part of consumer groups, labor, business, health insurers, and local, state and federal government bodies to contain health care costs. When state law requires the coverage of certain benefits, whether they are wanted or not, the cost of those benefits becomes a non-negotiable item. The employee must take them, the employer must buy them, and the carrier must sell them -- even if nobody or only a few want them. The amount of money thus committed by law is unavailable to pay for other benefits which employees may want much more and which employers may feel are more important.

● Passage of such a mandate would increase health care costs for employers, employees, and other consumers while benefitting only a very small segment of the population. As with all mandates, this mandate would deny consumers the right to purchase coverages that conform with their values and with their ability to pay.

● Cost-wise, in vitro fertilization procedures are extraordinarily expensive, particularly since, in most cases, multiple attempts are required to achieve pregnancy and live birth. Tests and treatments involved in the multi-step procedure can cost between \$2,000 and \$8,000 per procedure.

• These procedures are not always successful. Success rates differ among facilities performing in vitro fertilization, but the average success rate is estimated at approximately 25 percent. Thus, considering the cost of each procedure and the number of procedures required before successful pregnancy is achieved, the cost per couple could reach between \$22,000 and \$35,000 for the procedures alone.

• Mandates such as those included in HB 412 create benefits through a political process rather than a technical process that balances clinical and financial needs. At a time when the marketplace is involved in cost containment activities, it is disturbing and counter productive for the Legislature to foster cost increases by mandating health care benefits.
