

ALASKA LEGISLATURE COMMITTEE FILES 1993-1994 8672

7846 HOUSE JUDICIARY

House Bill 65 - Fiscal Sectional

CSHB 65 (L&C) Section	CSHB 65 (SA) Section and Changes	Department	Brief Description	Discussion of Fiscal Impact	Revenues (including savings)	Cost	Governor's Request for Judiciary Committee Version
39 thru 43	DELETED	Education	Provides for the same 1% loan guarantee fee to be charged on other student loan programs: Memorial Scholarship Loan Program, Teacher Scholarship Loan Program, and Family Education Loan Program.	Total revenue to be generated in FY 94 is 13.0 in corporate receipts	13.0		REINSTATE SECTION FROM L&C VERSION
44	DELETED	Labor	Enables the Department to set fees by regulation for administering examinations and processing applications for special boiler and pressure vessel inspector commissions (currently there is no charge).	Anticipate fee of \$25.00 which will annually generate estimated \$375.00 to general fund.	0.4		REINSTATE SECTION FROM L&C VERSION
45	DELETED	Labor	Amends the Certificates of Fitness chapter by eliminating the current statutory requirement that plumber and electrician certificates are valid for one or three years; gives the department the authority to set time frame by regulation.	No fiscal impact; currently revenues fluctuate due to one or three year renewal. Change to a two year certificate will stabilize program receipts coming to the department.			REINSTATE SECTION FROM L&C VERSION
46	DELETED	Labor	Current statute sets amount of certificate of fitness fees for plumbers and electricians (\$40 for one year/\$75 for three years). This provides the authority to set fees by regulation; charge nonrefundable application and examination fee (currently none).	Anticipate application and exam fee of \$50.00 to generate 118.5 in program receipts. Of this amount, 93.5 is currently authorized in the Governor's FY 94 operating budget. Fiscal note requests additional authorization of 25.0.	25.0	25.0	REINSTATE SECTION FROM L&C VERSION

House Bill 65 - Fiscal Sectional							
CSHB 65 (L&C) Section	CSHB 65 (SA) Section and Changes	Department	Brief Description	Discussion of Fiscal Impact	Revenues (including savings)	Cost	Governor's Request for Judiciary Committee Version
47	37	Public Safety	Alaska Police Standards Council: Amends the Council's "Powers" section by adding the authority to issue regulations to collect fees for processing applications for state certification of police, probation, parole and correctional officers.	Based on issuance of 228 certificates at a charge of \$50.00 each, an estimated 11.4 in general fund program receipts is expected to be generated. The amount is projected to increase by 5% in future years.	11.4		MAINTAIN SECTION
48	DELETED	Lebor	Amends the Employment Agencies statute by increasing the application filing fee for employment agency permits from the current \$10 to \$100. Time frame for issuance was set in regs to annually.	Only eight agencies are currently licensed; fee increase will generate an additional \$720.00.	0.7		REINSTATE SECTION FROM L&C VERSION
49	38	Administration	Amends the "Definition of Program Receipts" statute to exclude money the state receives for administering group insurance programs. Currently AETNA reimburses the state for administering the health insurance program.	The House Finance version of the operating budget includes this fund source shift from general fund/program receipts to Benefit Systems Receipts.	683.0		MAINTAIN SECTION
			This amendment will classify these funds as "Benefit Systems Receipts" instead of the current classification of "general fund/program receipts."				

House Bill 65 - Fiscal Sectional

CSHB 65 (L&C) Section	CSHB 65 (SA) Section and Changes	Department	Brief Description	Discussion of Fiscal Impact	Revenues (including savings)	Cost	Governor's Request for Judiciary Committee Version
50 thru 51	39 thru 40	Administration	Amends State Insurance Catastrophe Reserve Account statute by depositing insurance claim settlements into this account instead of the General Fund (up to the existing \$5 million maximum account balance). Federal government criticized that since federal funds are used to pay risk management premiums, it is appropriate some of the insurance settlements be deposited in the Reserve Account.	No fiscal impact; however will enable compliance with existing federal cost allocation standards. Failure to comply may require state to reimburse some federal funds.			MAINTAIN SECTION
52	41	Natural Resources	Amends the "Parks and Recreational Facilities" chapter concerning the "Duties of the Dept. of Natural Resources" to clarify the department's authority to accept cash or other donations to support state park operations.	No fiscal impact.			MAINTAIN SECTION
53	DELETED	Natural Resources	Amends the "Fees for the use of state park system facilities" by authorizing the department to set fees for day use of state parks, admission to visitor centers, sale of firewood, and a number of other activities.	Installation of estimated 44 fee stations would be phased. Revenue estimate from these fees is reflected in sec. 57 of Labor and Commerce version.			REINSTATE SECTION FROM L&C VERSION

House Bill 65 - Fiscal Sectional

CSHB 65 (L&C) Section	CSHB 65 (SA) Section and Changes	Department	Brief Description	Discussion of Fiscal Impact	Revenues (including savings)	Cost	Governor's Request for Judiciary Committee Version
54	DELETED	Environmental Conservation	Amends "Fees for services" by allowing DEC to charge for a number of activities which it is required to do by law, but for which it does not have the authority to charge fees. Examples are: sanitation permits, pesticide product registration.	Because regulations would have to be adopted, fees would not be collected until FY 95 and projected increased revenues are 700.0. FY 94 cost of implementation is 75.3. This impact is not reflected in FY 94 operating budget.	700.0	75.3	REINSTATE SECTION FROM L&C VERSION
	42	Natural Resources	Currently DNR has the authority to set park use fees by regulation, which it has done. This section takes the existing regulations and places them into the statute. Section 45 repeals the department's authority to promulgate regulations.	Reduces boat launch fees; will result in loss of estimated 50.0 in annual revenues.			DELETE SECTION
	43	Natural Resources	Technical amendment necessary to comply with change in section 42.				DELETE SECTION
	44	Environmental Conservation	Currently DEC has the authority to set fees for some services by regulation. This section places these fees in statute instead of in regulation.				DELETE SECTION

House Bill 65 - Fiscal Sectional							
CSHB 65 (L&C) Section	CSHB 65 (SA) Section and Changes	Department	Brief Description	Discussion of Fiscal Impact	Revenues (including savings)	Cost	Governor's Request for Judiciary Committee Version
55	DELETED	Environmental Conservation	Authorizes DEC to set fees to recover its indirect costs of administering the air quality permit program. This change is required by the Federal government. Currently the department has the authority to cover the direct costs of the program.	Due to start up delays, revenues and expenditures would not be in place until FY 95.	3,747.1	1,882.0	REINSTATE SECTION FROM L&C VERSION
56	45	Administration	Repeals AS 13.26.410 (b) which relates to OPA amendments and charging for public guardian services. Statute currently says the court shall determine the ability to pay.				MAINTAIN SECTION
	45	Administration	Repeals AS 37.05.210(1) which deletes "Uniform Accounting" requirement that DOA shall monthly and annually prepare reports showing the financial condition and monthly transactions of each fund. Outdated; reports are automatically generated.				MAINTAIN SECTION
	45	Natural Resources	Repeals AS 41.21.026(c) which is the department's authority to promulgate regulations to set fees for park use.				DELETE SECTION
57	DELETED	Natural Resources	Establishes a temporary fee schedule for state parks to charge during the time the department is promulgating regulations authorized in section 53 of the Labor and Commerce version.	FY 91 costs of 76.0 includes installing 18 fee collection stations and the design/production of fee collection envelopes and the fee stations. Revenues of 150.0 are estimated in FY 94 and increase in future years.	150.0	76.0	REINSTATE SECTION FROM L&C VERSION

House Bill 65 - Fiscal Sectional

CSHB 65 (L&C) Section	CSHB 65 (SA) Section and Changes	Department	Brief Description	Discussion of Fiscal Impact	Revenues (including savings)	Cost	Governor's Request for Judiciary Committee Version
58	46	Revenue	Provides the time table for implementing the biennial issuance of liquor licenses by the Alcoholic Beverage Control Board.				MAINTAIN SECTION
59	47		Authorizes impacted departments to get an early start in the process of promulgating regulations by not waiting for bill's July 1 effective date to begin the public notice, etc. process.				MAINTAIN SECTION
60	48		Provides that the amendments which authorize OPA to charge fees for public guardians have the effect of amending Alaska Rule of Probate Procedure 16(d) and therefore this statutory change will not require an order of the court.				MAINTAIN SECTION
61 thru 64	49 thru 51		Effective dates				MAINTAIN SECTION

Fiscal Note Analysis for:

Financial Administration of State Government

The Department of Labor is affected by four sections of this bill. Separate fiscal notes have been prepared for each section. Sections 44 through 46 of this bill would allow the department to establish certain fees and certification time periods by regulation. Section 48 would increase an existing fee set by statute.

In anticipation of new fees and fee increases to be set by regulation, a fund source change from general funds to program receipts was included in the department's FY 94 budget submittal. Because the \$93.5 in fee income is reflected in the department's operating budget, it is excluded from this fiscal note.

The net fiscal impact of the sections of this bill (and associated regulations) relevant to this department is the general fund gains \$94.6, and the department gains \$25.0 expenditure authorization to cover the costs of services provided.

Section 44:

This section would allow the department to adopt regulations establishing fees for administering special inspector examinations and processing applications for special boiler and pressure vessel inspector commissions. The department currently performs these functions without charge.

This section of the bill would have no fiscal impact on the department. Regulations establishing a \$25 application and examination fee are anticipated. This would generate approximately \$0.4 annually in receipts to the general fund.

For purposes of calculating fiscal impact, an effective date of July 1, 1993 is assumed.

The net fiscal impact of the sections of this bill (and associated regulations) relevant to this department is the general fund gains \$94.6, and the department gains \$25.0 expenditure authorization to cover the costs of services provided.

Section 45:

Section 45 would give the department the authority to set time periods for certificates of fitness for plumbers and electricians by regulation. This would allow the department to shift from a one- or three-year certificate to two-year certificates. This bill would have no fiscal impact other than stabilizing revenues to the department.

For purposes of calculating fiscal impact, an effective date of July 1, 1993 is assumed.

Fiscal Note Analysis for:

Financial Administration of State Government

The Department of Labor is affected by four sections of this bill. Separate fiscal notes have been prepared for each section. Sections 44 through 46 of this bill would allow the department to establish certain fees and certification time periods by regulation. Section 48 would increase an existing fee set by statute.

In anticipation of new fees and fee increases to be set by regulation, a fund source change from general funds to program receipts was included in the department's FY 94 budget submittal. Because the \$93.5 in fee income is reflected in the department's operating budget, it is excluded from this fiscal note.

The net fiscal impact of the sections of this bill (and associated regulations) relevant to this department is the general fund gains \$94.6, and the department gains \$25.0 expenditure authorization to cover the costs of services provided.

Section 46:

This section would remove an existing fee structure from statute and enable the department to establish by regulation the fees for an application and examination, certificates of fitness, renewal or duplicate certificate for electricians and plumbers.

This section of the bill would have no direct fiscal impact, however, the department anticipates changing the fee structure by regulation. No application/examination fee is currently charged; a \$50 application and examination fee would generate approximately \$23.8 annually in program receipts. This fee reflects the cost of providing these services.

A regulation establishing a \$10 fee for duplicate certificates of fitness would generate approximately \$1.2 annually in program receipts. The \$10 fee reflects the cost of providing the duplicate certificate.

* Regulations establishing a \$160, two-year certificate of fitness fee--with an \$80, one-year certificate of fitness issued for a three year period until the current three-year certificates are phased out--are anticipated. These fee changes are expected to generate \$93.5 annually. The revenue associated with this change is included in the department's operating budget submittal as program receipts. Two points are relevant: 1) the general fund gains \$93.5 and 2) the fiscal note does not reflect the receipt of the revenue because it is in the operating budget.

For purposes of calculating fiscal impact, an effective date of July 1, 1993 is assumed.

Fiscal Note Analysis for:

Financial Administration of State Government

The Department of Labor is affected by four sections of this bill. Separate fiscal notes have been prepared for each section. Sections 44 through 46 of this bill would allow the department to establish certain fees and certification time periods by regulation. Section 48 would increase an existing fee set by statute.

In anticipation of new fees and fee increases to be set by regulation, a fund source change from general funds to program receipts was included in the department's FY 94 budget submittal. Because the \$93.5 in fee income is reflected in the department's operating budget, it is excluded from this fiscal note.

The net fiscal impact of the sections of this bill (and associated regulations) relevant to this department is the general fund gains \$94.6, and the department gains \$25.0 expenditure authorization to cover the costs of services provided.

Section 48:

Section 48 of this bill raises the fee for an employment agency license from \$10 to \$100. This fee has not been increased since 1953. This increase reflects the costs of review performed by the department for these operating permits.

The eight licensed employment agencies operating in the state will pay a total of an additional \$0.7 annually for licensing. The department will continue to absorb the cost of reviewing and issuing these permits and the \$0.7 additional revenue collected will be deposited into the general fund.

For purposes of calculating fiscal impact, an effective date of July 1, 1993 is assumed.

Prepared by: Christine Underwood, Administrative Officer
Division: Division of Information and Administrative Services

Phone: 465-5010
Date: 3/1/93

Approved by Commissioner: Janice Adair, Assistant Commissioner
Agency: Department of Environmental Conservation

Date: 3/1/93

Distribution (by preparer): Legislative Finance, Legislative Sponsor, Requestor, OMB, & Impacted Agency(ies).

Projected Revenues/Program Receipts from expanded authority to collect user fees:

Since these proposals would have to be implemented through the adoption of regulations, there would be no program receipts realized until FY95. In future fiscal years, DEC would like to see a funding source shift from general funds to program receipts.

BRU ENVIRONMENTAL HEALTH

Sanitation Component (#650)

Program receipt authority to collect fees for sanitation permits would generate an estimated 11.6 in revenue. The type of facilities affected include: swimming pools, spas, daycare/preschools, public accommodations, campgrounds, hotel/motels, liquor stores, barber/beauty shops, public toilets, showers, laundromats, and compressed air providers.

Palmer Lab Component (#651)

Revenue from pesticide product registration and drinking water lab certification and training is estimated to be 155.0.

BRU SPILL PREVENTION AND RESPONSE

Program Development Component (#1814)

The Department would be authorized to collect fees from businesses which are required to report information about hazardous substances to the State Emergency Response Commission under SARA Title III [42.U.S.C. 11001-11050]. Projected revenues raised through such a fee structure will depend on its design. The final fee structure would be established by regulation after further study. Estimated program receipts start at 5.0 for FY95 and increase to 15.0 in FY99. Personal services would need an increase in FY94 of 25.7 for a 0.5 FTE, Regulations Specialist II to promulgate the needed regulations under the auspices of the Department's paralegal in the Commissioner's Office.

BRU ENVIRONMENTAL QUALITY

Wastewater and Water Treatment Component (#1426)

Estimated receipt of 37.5 for subdivision plan reviews.

Hazardous Waste Management (#1427)

For the one permit issued, 50.0 is estimated in program receipts. An estimated one or two facility sitings per year would generate approximately 15.0 in revenue.

Water Quality Management Component (#645)

For the 401 permits issued, 30.7 is estimated in program receipts.

Solid Waste Management Component (#1427)

By placing a surcharge on each ton of waste 375.0 in program receipts is expected.

Monitoring and Laboratory Support (#643)

Drinking water certifications would generate 20.2 in program receipts.

OPERATING EXPENDITURES**Commissioner's Office Component (#633)**

A 0.5 FTE Regulations Specialist II (R-16) at a cost of 25.7 for FY94 only, would be needed to develop a fee structure and regulations for the Program Development Component of the SPAR Division. This position would also assist the Division of Environmental Quality in developing their needed regulations. An initial equipment cost of 5.0, .5 in supplies, and 1.0 in contractual services are anticipated position support costs.

Administrative Services Component (#635)

A FTE Accounting Clerk III (R-10) at an annual cost of 36.6 would be necessary to handle billing procedures and collection of the user fees. This position would begin in FY94 to aide in program development and recordkeeping procedures. An initial equipment cost of 5.0, .5 in supplies, and 1.0 in contractual services are anticipated position support costs.

Analysis:

Passage of this legislation will allow the Council to amend their regulations to include a fee schedule for the issuance of police, probation, parole, and correctional officer certificates and police and correctional instructor certificates.

Estimated revenue amounts are based on the Council's issuance of 228 police, probation, parole and correctional officer certificates and police and correctional instruction certificates during FY 92. Charge per certificate is calculated at \$50.00 per certificate and the yearly increase in revenue is based on a 5% population increase and a corresponding increase in number of officers and instructors.

Fiscal Note Analysis for:

"An Act relating to ... establishment of certain fees ..."

The Department of Labor is affected by four sections of this bill. Separate fiscal notes have been prepared for each section. Sections 44 through 46 of this bill would allow the department to establish certain fees and certification time periods by regulation. Section 48 would increase an existing fee set by statute.

In anticipation of new fees and fee increases to be set by regulation, a fund source change from general funds to program receipts was included in the department's FY 94 budget submittal. Because the \$93.5 in fee income is reflected in the department's operating budget, it is excluded from this fiscal note.

The net fiscal impact of the sections of this bill (and associated regulations) relevant to this department is the general fund gains \$94.6, and the department gains \$25.0 expenditure authorization to cover the costs of services provided.

Section 45:

Section 45 would give the department the authority to set time periods for certificates of fitness for plumbers and electricians by regulation. This would allow the department to shift from a one- or three-year certificate to two-year certificates. This bill would have no fiscal impact other than stabilizing revenues to the department.

For purposes of calculating fiscal impact, an effective date of July 1, 1993 is assumed.

Page 2 of 2

Passage of this legislation will allow the Council to amend their regulations to include a fee schedule for the issuance of police, probation, parole, and correctional officer certificates and police and correctional instructor certificates.

Estimated revenue amounts are based on the Council's issuance of 170 non-State employee police, probation, parole and correctional officer certificates and police and correctional instruction certificates during FY 92. Charge per certificate is calculated at \$50.00 per certificate and the yearly increase in revenue is based on a 5% population increase and a corresponding increase in number of officers and instructors.

Fiscal Note Analysis for:

"An Act relating to ... establishment of certain fees ..."

The Department of Labor is affected by four sections of this bill. Separate fiscal notes have been prepared for each section. Sections 44 through 46 of this bill would allow the department to establish certain fees and certification time periods by regulation. Section 48 would increase an existing fee set by statute.

In anticipation of new fees and fee increases to be set by regulation, a fund source change from general funds to program receipts was included in the department's FY 94 budget submittal. Because the \$93.5 in fee income is reflected in the department's operating budget, it is excluded from this fiscal note.

The net fiscal impact of the sections of this bill (and associated regulations) relevant to this department is the general fund gains \$94.6, and the department gains \$25.0 expenditure authorization to cover the costs of services provided.

Section 48:

Section 48 of this bill raises the fee for an employment agency license from \$10 to \$100. This fee has not been increased since 1953. This increase reflects the costs of review performed by the department for these operating permits.

The eight licensed employment agencies operating in the state will pay a total of an additional \$0.7 annually for licensing. The department will continue to absorb the cost of reviewing and issuing these permits and the \$0.7 additional revenue collected will be deposited into the general fund.

For purposes of calculating fiscal impact, an effective date of July 1, 1993 is assumed.

Fiscal Note Analysis for:

"An Act relating to ... establishment of certain fees ..."

The Department of Labor is affected by four sections of this bill. Separate fiscal notes have been prepared for each section. Sections 44 through 46 of this bill would allow the department to establish certain fees and certification time periods by regulation. Section 48 would increase an existing fee set by statute.

In anticipation of new fees and fee increases to be set by regulation, a fund source change from general funds to program receipts was included in the department's FY 94 budget submittal. Because the \$93.5 in fee income is reflected in the department's operating budget, it is excluded from this fiscal note.

The net fiscal impact of the sections of this bill (and associated regulations) relevant to this department is the general fund gains \$94.6, and the department gains \$25.0 expenditure authorization to cover the costs of services provided.

Section 44:

This section would allow the department to adopt regulations establishing fees for administering special inspector examinations and processing applications for special boiler and pressure vessel inspector commissions. The department currently performs these functions without charge.

This section of the bill would have no fiscal impact on the department. Regulations establishing a \$25 application and examination fee is anticipated. This would generate approximately \$0.4 annually in receipts to the general fund.

For purposes of calculating fiscal impact, an effective date of July 1, 1993 is assumed.

Fiscal Note Analysis continuation

An Act relating to the improvement of State financing through reduction of operating costs.

The Division of Family and Youth Services currently pays a direct monthly subsidy to adoptive parents of hard-to-place children. A hard-to-place child is a child who is not likely to be adopted or to obtain a guardian by reason of physical or mental disability, emotional disturbance, recognized high risk of physical or mental disease, age, membership in a sibling group, racial or ethnic factors, or any combination of these.

The monthly subsidy is considered a reimbursement for costs of supporting hard-to-place children. AS 25.23.190 provides for continuation of the subsidy if necessary to assure placement of a hard-to-place child. The subsidy covers many ongoing maintenance costs including, food, shelter, clothing, school supplies, recreation and transportation costs, counseling or other types of therapy, as well as medical costs.

The bill would authorize Alaska to add the Medicaid option to provide medical coverage for state-subsidized adoptive children who are not otherwise eligible for Medicaid. Medicaid would then pay for these children's medical needs eliminating the need for the DFYS payments to cover those medical costs in their subsidies, and accessing federal Medicaid funding available to the state at a 50 percent match rate.

Future subsidy agreements for hard-to-place children will allow for the Medicaid coverage available under the bill. Subsidy agreements already in force, however, do not provide for an offset for the cost of medical care that may be paid under the bill. For this reason the fiscal note only considers the coverage available for future adoptions of hard-to-place children with special medical needs.

The experience under the program shows that the number of new subsidy agreements have begun to lessen. For FY91 new agreements for children with special medical needs totaled 46. After FY92 there have been 14 placements that have special medical needs. The projected number of special needs placements and the associated medical cost is anticipated to show only slight growth in future years.

A December 1992 review of DFYS files established a FY 93 base year average medical cost per child of \$2,400. The current medical inflation rate of 5.5% is assumed to continue. Medical costs for FY94 are calculated to be 35.4. (14 placements x \$2,400 x 1.055 medical inflation rate = \$35,448.) There will be a one time transfer of funding for medical costs associated with subsidized adoptions.

FISCAL NOTE

STATE OF ALASKA
1993 LEGISLATIVE SESSION

BILL NO. 65

ANALYSIS: (continued)

Sec. 33-35, 69: This bill proposes an amendment to the Public Guardian statute that would allow the Commissioner of Administration to establish regulations under which the Office of Public Advocacy could collect fees from the wards and conservatees it serves. No revenue is projected for FY 94 due to the time required to develop and implement regulations. FY 95 - 99 projections are very difficult to do until the fee structure is developed.

Sec. 49 and 64: The purpose of this section is to limit Office of Public Advocacy's statutory mandate to cases where the court appointment is constitutionally required or where it is judged to be particularly crucial to fair adjudication.

Deletion of these Office of Public Advocacy responsibilities would result in a savings of at least \$100.0 in contractual costs, as well as cause a reduction in staff workload, primarily because of elimination of the guardian ad litem appointment required in custody cases.

Prepared By: Charles R. Hosack Phone: 269-5559
 Division: Motor Vehicles Date: 1/13/93
 Approved by Commissioner: *Richard L. Burton* Date: 1/13/93
 Agency: Richard L. Burton, Dept. of Public Safety

Department of Public Safety
Fiscal Note Analysis
Page 2 of 4

This fiscal note will address only those sections that have an impact on the Division of Motor Vehicles. Each section's impact will be addressed separately below and the cover sheet will reflect a summary of the total impact of all sections.

SECTION 50

This is a technical amendment to reflect the current computer technology in use. The Department of Public Safety uses a relational database in the Alaska Public Safety Information Network (APSIN). With this type of database there is no separate file or database that could be called "the vehicle register". The creation of such a list for sale to user has historically been done for more than 20 years and this amendment clarifies this sale as an electronic service. This protects over \$100,000 in revenue from those vendors who argue that this list should be provided at no charge. There is no fiscal since this amendment clarifies the current situation.

SECTION 51

This section allows the Division to design special plates and charge a one-time fee of \$30.00 for their issuance. This is similar to the existing fee structure for personalized plates and these fees would be in addition to the normal registration fees and taxes. This analysis assumes that 10,000 plates would be issued annually.

Contractual cost - 10,000 plates @ \$6	\$60,000
Revenue - 10,000 plate fees @ \$30	\$300,000

SECTION 52

This section would place Alaska in compliance with uniform federal regulatory guidelines for the issuance of handicap plates. These standards limit the plates and the use of special parking places to those persons with mobility handicaps. Current Alaska law allows those with other than mobility handicaps to obtain the plates. Revenue estimates are based on the assumption that 15% or 480 of the 3200 persons with these plates would not qualify and would have to pay regular fees.

Revenue - 480 registrations @ \$35	\$16,800
------------------------------------	----------

Nob
Hrb5

SECTION 53

This amendment closes a loop hole in the current law that allows dealers to misuse the dealer plate and prevents further loss of revenue. Since only one dealer was known to have misused the plates the additional revenue will be negligible.

SECTION 54

This amendment takes away the authority to issue vehicle titles to mobile homes. In almost all cases the mobile homes are permanently mounted in trailer parks and should be classed as real property. A title is usually only required when the mobile home is financed because the banks feel getting a vehicle title is easier than filing a UCC lien or a real property lien. Since the title is optional the division usually cannot guarantee ownership since there is no clear chain of documents normally associated vehicle ownership. There would be a small loss of revenue from the approximately 150 titles issued each year.

Revenue - 150 title and lien fees @ \$10 (\$1,500)

SECTION 55

This amendment improves efficiency by removing ambiguity associated with senior citizen exemptions and eliminating associated problems. Many senior citizens buy and sell several vehicles during the year and try to claim exemptions on each one. The statute only allows one exemption per year. There is no fiscal impact.

SECTION 56

Historically only 25-30% of vehicle owners use the mail to renew vehicle registrations. The remainder, over 300,00, come in person to a DMV office adding to the long lines when there is no need to do so. This section charges an additional \$10 for those who do not use the mail service. This approach was taken over giving a discount to those who use the mail because it is a revenue generator rather than a revenue loss. It places the cost directly on those who are creating the efficiency loss. Even with this incentive it is estimated that 200,000 owners will still come in person to renew their vehicles.

Revenue - 200,000 @ \$10 \$2,000,000

No. 6
HB 65

Department of Public Safety
Fiscal Note Analysis
Page 4 of 4

SECTION 57

Many businesses are registering their vehicles in the non-commercial categories claiming they are not used for business but are used for such things as personal transportation. This eliminates this loop hole and requires them to pay commercial fees. The biggest category affected will be passenger cars and rental vehicles which have been rented for non-commercial transportation. The average difference in registration fees will be \$16 for approximately 25,000 vehicles.

Revenue - 25,000 vehicles @ \$16 \$400,000

SECTION 58

This amendment further clarifies the definition of mobile homes (see related SECTION 54.)

SECTION 70

The repeal of these two statutes in Title 28 will increase revenue. The revenue associated with the repeal of AS 28.10.011(12) has already been covered in Section 55. The repeal of AS 28.10.181(k) will require owner of vehicles registered under the "occasional use" category to pay full fees. The average increase for these vehicle will \$20.

Revenue - 1,757 vehicles @ \$20 \$35,140

HB 65 Bill Analysis

The state park fee program to be funded by this fiscal note consists of the design, construction and installation of fee collection stations at approximately 44 locations in the state park system. Each fee station is estimated to cost \$4,000, including labor, supplies and contractual expenses.

The fee stations would be installed in phases, over a four year period. Eighteen stations would be installed in FY94, and ten stations installed in FY95. Eight stations would be installed in both FY96 and FY97. First year costs include design and production of fee collection envelopes and annual pass decals, as well as design and production of standard drawings and plans for the fee stations. These one-time costs are estimated at \$4,000.

No new positions would be required by this legislation. Additional administrative and management costs would be absorbed by existing staff.

The estimate of revenue to be produced by this bill is based on visitation records for selected park units, as well as financial records for the existing camping fee program. In the fourth year of implementation, this new fee program is expected to generate annual revenues of approximately \$400,000. Potential revenues to the state from this program exceed the state's costs in each of the four year implementation period. In subsequent years, these user fees would help offset increased park maintenance and operating costs as well as possible general fund budget reductions. The net financial effect of this program would be positive, with fee revenues greater than operating costs.

The fiscal note provided by the Division of Parks addresses both sections 63 and 71 of the bill. The fiscal impact of section 71, which provides statutory authority for temporary fees in state parks, is reflected under FY94. The fiscal impact for FY95 and thereafter is in connection with section 63 of the bill, and is based on regulations which will be promulgated during FY94.

Fiscal Note Analysis for:

"An Act relating to ... establishment of certain fees ..."

The Department of Labor is affected by four sections of this bill. Separate fiscal notes have been prepared for each section. Sections 44 through 46 of this bill would allow the department to establish certain fees and certification time periods by regulation. Section 48 would increase an existing fee set by statute.

In anticipation of new fees and fee increases to be set by regulation, a fund source change from general funds to program receipts was included in the department's FY 94 budget submittal. Because the \$93.5 in fee income is reflected in the department's operating budget, it is excluded from this fiscal note.

The net fiscal impact of the sections of this bill (and associated regulations) relevant to this department is the general fund gains \$94.6, and the department gains \$25.0 expenditure authorization to cover the costs of services provided.

Section 46:

This section would remove an existing fee structure from statute and enable the department to establish by regulation the fees for an application and examination, certificate of fitness, renewal or duplicate certificate for electricians and plumbers.

This section of the bill would have no direct fiscal impact, however, the department anticipates changing the fee structure by regulation. No application/examination fee is currently charged; a \$50 application and examination fee would generate approximately \$23.8 annually in program receipts. This fee reflects the cost of providing these services.

A regulation establishing a \$10 fee for duplicate certificates of fitness would generate approximately \$1.2 annually in program receipts. The \$10 fee reflects the cost of providing the duplicate certificate.

* Regulations establishing a \$160, two-year certificate of fitness fee--with an \$80, one-year certificate of fitness issued for a three year period until the current three-year certificates are phased out--are anticipated. These fee changes are expected to generate \$93.5 annually. The revenue associated with this change is included in the department's operating budget submittal as program receipts. Two points are relevant: 1) the general fund gains \$93.5 and 2) the fiscal note does not reflect the receipt of the revenue because it is in the operating budget.

For purposes of calculating fiscal impact, an effective date of July 1, 1993 is assumed.

Fiscal Note Analysis continuation

An Act relating to the improvement of State financing through reduction of operating costs.

The Division of Family and Youth Services currently pays a direct monthly subsidy to adoptive parents of hard-to-place children. A hard-to-place child is a child who is not likely to be adopted or to obtain a guardian by reason of physical or mental disability, emotional disturbance, recognized high risk of physical or mental disease, age, membership in a sibling group, racial or ethnic factors, or any combination of these.

The monthly subsidy is considered a reimbursement for costs of supporting hard-to-place children. AS 25.23.190 provides for continuation of the subsidy if necessary to assure placement of a hard-to-place child. The subsidy covers many ongoing maintenance costs including, food, shelter, clothing, school supplies, recreation and transportation costs, counseling or other types of therapy, as well as medical costs.

The bill would authorize Alaska to add the Medicaid option to provide medical coverage for state-subsidized adoptive children who are not otherwise eligible for Medicaid. Medicaid would then pay for these children's medical needs eliminating the need for the DFYS payments to cover those medical costs in their subsidies, and accessing federal Medicaid funding available to the state at a 50 percent match rate.

Future subsidy agreements for hard-to-place children will allow for the Medicaid coverage available under the bill. Subsidy agreements already in force, however, do not provide for an offset for the cost of medical care that may be paid under the bill. For this reason the fiscal note only considers the coverage available for future adoptions of hard-to-place children with special medical needs.

The experience under the program shows that the number of new subsidy agreements have begun to lessen. For FY91 new agreements for children with special medical needs totaled 46. After FY92 there have been 14 placements that have special medical needs. The projected number of special needs placements and the associated medical cost is anticipated to show only slight growth in future years.

A December 1992 review of DFYS files established a FY 93 base year average medical cost per child of \$2,400. The current medical inflation rate of 5.5% is assumed to continue. These costs for future placement of special medical need children and the federal offset available under the bill are shown in the table on the following page.

Calculation of Medical Costs for New Placements under the Bill
and
Anticipated Federal Revenue to Offset General Fund Spending.

	New Place- ments	X	Base Year Medical Cost	X	Medical Infla- tion Rate	= Annual Medical Costs	÷ 2 =	New Federal Revenue & GF Offset
FY 94	14	X	\$2,400	X	1.055	= \$35,448	÷ 2 =	\$17,724
FY 95	16	X	\$2,400	X	1.055	= \$40,512	÷ 2 =	\$20,256
FY 96	17	X	\$2,400	X	1.055	= \$43,044	÷ 2 =	\$21,522
FY 97	19	X	\$2,400	X	1.055	= \$48,108	÷ 2 =	\$24,054
FY 98	21	X	\$2,400	X	1.055	= \$53,172	÷ 2 =	\$26,586
FY 99	23	X	\$2,400	X	1.055	= \$58,236	÷ 2 =	\$29,118

ATTACHMENT
DEC Analysis Section 66

Title V of the 1990 Clean Air Act(CAA) requires the US Environmental Protection Agency to develop a uniform, nationwide permitting program for selected sources of air contaminants. Congress also directed each state or local air management authority to develop and manage an approvable permit program under the direction of EPA. The executing regulations, presented in 40 CFR Part 70, establish specific criteria for an EPA-approvable local or state permitting program. This permit program (referred to as Title V permits) will provide an improved administrative framework to maintain healthful air in areas currently meeting federal air quality standards and to improve air quality in areas not meeting federal air quality standards.

The CAA mandates that permit fees cover both the direct and indirect costs of the mandated air quality program. Section 66 contains language necessary to the Department for expanded fee collection authority.

The fiscal note reflects additional operating expenses beginning FY95, which level off by FY99. These increased costs will bring in an estimated \$3,747.1 in program receipts in FY95, with the amounts varying until a stabilization point is reached near FY99. It is important to note that the fees collected will not exceed the total operational costs of the expanded air quality program mandated by the Federal CAA.

Based on a Permittee Search Project, between 425 and 450 Alaska sources will be required to obtain a Title V permit. There are currently 175 permitted sources within the State handled by less than 22 staff. Permitting staff will be charged with development and issuance of construction and operating permits. The Compliance Assurance Group is charged with the responsibility of assuring that all permitted sources within the State are in an optimal state of compliance. The Group will perform all facility inspections and reporting activities statewide, and will train inspectors. The Act requires each state to develop a Small Business Assistance Program (SBAP) to help small businesses comply with the complex provisions of the CAA. The primary focus of the SBAP will be to provide technical assistance to non-major sources subject certain provisions of the CAA. The Program Planning and Development Group is slated to review and comment on proposed federal regulations as they may apply to facilities in Alaska, revise Alaska's air quality control regulations as necessary to meet federal requirements, develop procedures to implement Alaska's regulations as well as provide guidance to permit applicants and the public. The Administrative Group will establish and maintain the complex cost recovery and permit fee tracking system. Accounting staff will assess, bill, and collect fees from permitted facilities. The Monitoring/Modeling Group will continue to review the ambient air quality demonstrations of complex permitting activities.

Position Title Regulations Specialist II		No. of Positions 1	Range / Step 16A	Barg. Unit CGU
Time Status .5FTE	Staff Months 6	Location Juneau	Election District H:3 S:B	
TYPE OF EXPENDITURE		Amount	Justification This position is needed to develop a fee structure and regulations for the Program Development Component of the SPAR Division. This position would also assist the Division of Environmental Quality in developing their needed regulations. The position would be limited to 6 months during FY94 and would be working under the auspices of the Department's paralegal in the Commissioner's Office. Unless regulations are developed and adopted, the Department cannot exercise its program receipt authority and collect user fees. An initial expenditure for equipment, supplies and contractual services are anticipated position support costs.

COMMITTEE COPY

Projected Revenues/Program Receipts from expanded authority to collect user fees:

Since these proposals would have to be implemented through the adoption of regulations, there would be no program receipts realized until FY95. In future fiscal years, DEC would like to see a funding source shift from general funds to program receipts.

BRU ENVIRONMENTAL HEALTH

Sanitation Component (#650)

Program receipt authority to collect fees for sanitation permits would generate an estimated 11.6 in revenue. The type of facilities affected include: swimming pools, spas, daycare/preschools, public accommodations, campgrounds, hotel/motels, liquor stores, barber/beauty shops, public toilets, showers, laundromats, and compressed air providers.

Palmer Lab Component (#651)

Revenue from pesticide product registration and drinking water lab certification and training is estimated to be 155.0.

BRU SPILL PREVENTION AND RESPONSE

Program Development Component (#1814)

The Department would be authorized to collect fees from businesses which are required to report information about hazardous substances to the State Emergency Response Commission under SARA Title III [42.U.S.C. 11001-11050]. Projected revenues raised through such a fee structure will depend on its design. The final fee structure would be established by regulation after further study. Estimated program receipts start at 5.0 for FY95 and increase to 15.0 in FY99. **Personal services** would need an increase in FY94 of 25.7 for a 0.5 FTE, **Regulations Specialist II** to promulgate the needed regulations under the auspices of the Department's paralegal in the Commissioner's Office.

BRU ENVIRONMENTAL QUALITY

Wastewater and Water Treatment Component (#1426)

Estimated receipt of 37.5 for subdivision plan reviews.

Hazardous Waste Management (#1427)

For the one permit issued, 50.0 is estimated in program receipts. An estimated one or two facility sitings per year would generate approximately 15.0 in revenue.

Water Quality Management Component (#645)

For the 401 permits issued, 30.7 is estimated in program receipts.

Solid Waste Management Component (#1427)

By placing a surcharge on each ton of waste 375.0 in program receipts is expected.

Monitoring and Laboratory Support (#643)

Drinking water certifications would generate 20.2 in program receipts.

OPERATING EXPENDITURES**Commissioner's Office Component (#633)**

A 0.5 FTE Regulations Specialist II (R-16) at a cost of 25.7 for FY94 only, would be needed to develop a fee structure and regulations for the Program Development Component of the SPAR Division. This position would also assist the Division of Environmental Quality in developing their needed regulations. An initial equipment cost of 5.0, .5 in supplies, and 1.0 in contractual services are anticipated position support costs.

Administrative Services Component (#635)

A FTE Accounting Clerk III (R-10) at an annual cost of 36.6 would be necessary to handle billing procedures and collection of the user fees. This position would begin in FY94 to aide in program development and recordkeeping procedures. An initial equipment cost of 5.0, .5 in supplies, and 1.0 in contractual services are anticipated position support costs.

ANCHORAGE, ALASKA 99510-7001

March 30, 1993

The Honorable Brian Porter
Alaska House of Representatives
State Capital
Juneau, AK 99801

Dear Representative Porter:

Thank you for meeting with me on HB65, the omnibus user fee bill. State park user fees are a small part of this large and complex piece of legislation. For my agency, however, the new fee authority contained in the bill is a very important tool for the future.

This bill adds new categories of park user fees to our existing fee program, begun in 1988. The existing fee program assesses charges for camping, boat launching, sanitary dump stations, commercial use permits, and public use cabins, and now accounts for roughly 25% of our field operating budget.

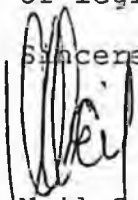

Proposed new categories include 1) sale of firewood, 2) sale of park-related merchandise (film, maps, field guides), 3) use of developed trailheads, picnic sites, and access sites, and 4) interpretive naturalist programs. We estimate that around \$400,000 in revenues will be generated with these fees, which could allow us to maintain services in spite of general fund budget cuts.

The public supports reasonable park user fees, according to a recently completed statewide survey conducted by a professional polling firm. I am attaching results from this survey, showing that **84% of Alaskans support park use fees.**

I need your help in making two modifications to the committee substitute bill now before the House Judiciary Committee. First, the State Affairs Committee removed all the new fee categories. Obviously, we need them restored, using wording from the bill as originally introduced. Second, the State Affairs substitute bill sets the actual fee amounts in law, as opposed to the customary approach of setting fee levels in regulation. I request that you adopt the approach taken in the original bill, which is a temporary fee schedule that would remain in effect until regulations can be adopted.

Thanks again for your interest and assistance with this important piece of legislation.

Sincerely,

Neil G. Johannsen

BRIAN PORTER

Dear Representative Porter:

Thank you for meeting with me on HB65, the Omnibus Fee Bill. As you requested, I am providing you with substitute language for inclusion in the bill. We suggest two changes.

CHANGE 1. SECTION 42 SHOULD BE REMOVED AND REPLACED WITH:

*Section 42. AS 41.21.026(a) is amended to read:

- (a) Notwithstanding (b) of this section, the [THE] department may charge or collect a fee in a park unit for
- (1) rental of public use cabins or other overnight lodging;
 - (2) [OVERNIGHT] use of a developed campsite;
 - (3) special park use permits;
 - (4) competitive and exclusive commercial use permits;
 - (5) noncompetitive and nonexclusive commercial use permits;
 - (6) use of a sewage holding tank dump station;
 - (7) admission to or guided tours of visitor centers and historic sites; [AND]
 - (8) use of an improved boat ramp in a park facility developed principally for boat launching;
 - (9) sale of firewood;
 - (10) sale of merchandise related to public use, enjoyment, and understanding of parks, including maps, plans, and other graphic materials;
 - (11) use of a developed trailhead, access site, or picnic site that has developed parking and restrooms, and use of parking associated with a developed trailhead, access site, or picnic site with developed parking; and

(12) presentation or attendance at programs related to natural or cultural history, outdoor skills or education, or other topics concerned with public use, enjoyment, or understanding of parks.

CHANGE 2. SECTION 67 SHOULD BE REMOVED IN ITS ENTIRETY.

CHANGE 3. A NEW SECTION SHOULD BE ADDED, AS FOLLOWS:

*Section __. TEMPORARY FEES IN STATE PARKS. (a) The following fees apply for the following activities in units of the state park system until the Department of Natural Resources adopts a regulation under AS 41.21.026, as amended by sec. 42 of this Act, that establishes a fee for that activity:

- (1) sale of firewood: \$4 per bundle;
- (2) use of a developed trailhead, access site, or picnic site that has developed parking and restrooms, and use of parking associated with a developed trailhead, access site, or picnic site with developed parking: \$2 per vehicle, or \$25 for an annual pass;
- (3) admission to visitor centers or historic sites: \$1 for each person over 10 years of age;
- (4) presentation at programs related to natural or cultural history, outdoor skills or education, or other topics concerned with public use, enjoyment, or understanding of parks: \$2 for each person over 10 years of age.

(b) The commissioner of natural resources shall notify the revisor of statutes when a regulation is effective that establishes a fee for an activity described in (a) of this section.

Thanks again for your interest and assistance with this important piece of legislation.

Sincerely

Neil G. Johannsen
Director

Chair, House Judiciary Committee
Alaska State Legislature
State Capitol, Room 118
Juneau, Alaska 99801-1182

Dear Representative Porter:

We would appreciate your consideration of amendments to Committee Substitute for House Bill No. 65 (State Affairs) relating to fees charged by various state agencies. Four sections related to the fee authority required by the department for the operation of its programs were deleted from Committee Substitute for House Bill No. 65 (Labor & Commerce) in the House State Affairs Committee.

The sections addressing the department's fee authority are related to the programs in the department's Division of Labor Standards & Safety Mechanical Inspection section. Funding for the division was reduced \$397,000 in the FY '94 operating budget. In addition, \$93,500 was shifted from general funds to program receipts.

Essentially, deleting the sections addressing the department's fee authority means an additional budget cut to the division of \$93,500. In addition to the eight positions deleted in the FY '94 operating budget, the loss of the \$93,500 will mean the loss of an additional inspector position. A 25% reduction in electrical inspections or 50% reductions in plumbing or elevator inspections would be the result of such a reduction.

Four amendments are enclosed for your consideration. The proposed amendments should be the same as the sections related to the Department of Labor that are in the work draft of Committee Substitute for Senate Bill 99 (Judiciary). It is our understanding that the proposed new section 37 is the same as section 45 in the work draft of CSSB 99(JUD); the proposed new section 38 is the same as section 46 in the work draft; the proposed new section 39 is the same as section 47 in the work draft; and the proposed new section 41 is the same as section 49 in the work draft of CSSB 99(JUD).

The Honorable Brian Porter
Page 2

April 5, 1993

Additional language was also to be included in the work draft which allows the department to phase in the one and three year certificates of fitness to two year certificates of fitness over a three year period in order to stabilize revenues. According to Senator Taylor's staff, the work draft of CSSB 99(JUD) should be available tomorrow. We would like to ensure that the language in House Bill No. 65 is the same as the language in Senate Bill No. 99. A copy of the Senate Judiciary Committee work draft will be provided at the earliest possible date.

Thank you for your consideration of my request to address the department's fee authority in Committee Substitute for House Bill No. 65 (State Affairs).

Sincerely,

C.W. Mahlen
Commissioner

HOUSE AMENDMENT

BY: _____

TO: _____ SENATE BILL NO. _____

TO: Page 11, Lines 17 through 20 HOUSE BILL NO. CSHB 65(STA)

Add a new section 37 to read

*Sec. 37. AS 18.60.220 is amended to read:

Sec. 18.60.220. DUTIES OF THE DEPARTMENT OF LABOR.

The Department of Labor shall

(1) have all violators of AS 18.60.180 - 18.60.390 prosecuted;

(2) issue, suspend, or revoke for cause, inspection certificates provided for in AS 18.60.390;

(3) take action necessary for the enforcement of the laws and regulations governing the use of boilers and unfired pressure vessels;

(4) keep a complete record of the type, dimensions, maximum allowable working pressure, age, condition, location, and date of the last recorded internal inspection of boilers and unfired pressure vessels to which AS 18.60.180 - 18.60.390 apply;

(5) adopt regulations establishing reasonable fees for administering special inspector examinations and for processing applications for special inspector commissions; and

(6) do acts necessary to carry out the purposes of AS 18.60.180 - 18.60.390.

and renumber accordingly.

HOUSE AMENDMENT

BY: _____

TO: _____ SENATE BILL NO. _____

TO: Page 11, Lines 21 through 23 HOUSE BILL NO. CSHB 65 (STA)

Add a new section 38 to read

*Sec. 38. AS 18.62.020 is amended to read:

Sec. 18.62.020 APPLICATION FOR AND ISSUANCE OF CERTIFICATE. The department shall issue certificates of fitness, and renewal [VALID FOR ONE YEAR AND] certificates of fitness valid for two [THREE] years. The certificate may [SHALL] be issued only to an individual. An applicant for a certificate shall apply in writing, under oath, on a form prescribed by the department containing

- (1) the name and address of the applicant;
- (2) the applicant's age;
- (3) the applicant's citizenship; and
- (4) [WHETHER THE APPLICANT IS APPLYING FOR A ONE-YEAR OR A THREE-YEAR CERTIFICATE; AND
- (5)] other information relevant to licensing that the department requires.

and renumber accordingly.

H. B. 67 § 5B101

3/15/93

Sandra Baxter
213 Dunkel St.
Fairbanks, Alaska, 99701

"TO WHOM IT MAY CONCERN"

I HAD TO MOVE TO ALASKA TO MAKE IT POSSIBLE FOR MY DAUGHTER TO BE ABLE TO QUALIFY FOR G. R. MED (\$280⁰⁰ DOLLARS A MONTH, TO RECEIVE THE MEDICAL CARE AND OPERATION THAT SHE NEEDED), TO BE ABLE TO GET WELL SO THAT SHE EVENTUALLY WILL BE ABLE TO RETURN TO WORK.

SHE HAS ALWAYS BEEN A HARD WORKER AND IS LOOKING FORWARD TO THE DAY SHE WILL BE ABLE TO RETURN TO WORK, NOT ONLY BECAUSE THERE IS NO WAY THAT SHE CAN LIVE ON \$280⁰⁰ DOLLARS A MONTH AND IS GOING FURTHER INTO DEBT EVERY DAY. SHE IS HAVING TO RELY ON OTHERS FOR THE ROOF OVER HER HEAD, AND LAST BUT NOT LEAST SHE FINDS THE WELFARE OFFICE A VERY DEPRESSING PLACE.

I WOULD REALLY LIKE TO SEE IT MADE POSSIBLE FOR PEOPLE NOT TO HAVE TO RELY ON WELFARE. IN SOME CASES AND SITUATION THIS IS POSSIBLE, BUT IN THE MAJORITY OF SITUATIONS IT ISN'T.

IM SORRY, BUT HB 67 IS TOTALLY UNREALISTIC, FOR THE NEEDY, THE ONES WHO HAVE NOWHERE ELSE TO TURN, HB 67 SEC. 1, (A) THAT IF IT IS DEEMED SUFFICIENT FOR THE CHILD AND RELATIVE TO BE COMPATIBLE FOR DECENCY AND HEALTH, IT IS A TOTAL FARCE. IT ISN'T THAT NOW AND HOW CAN THEY POSSIBLY SAY THAT BY CUTTING IT MORE THAT IT CAN KEEP THE STANDARDS COMPATIBLE FOR DECENCY AND HEALTH. WE ARE ALL LIVING BELOW THE POVERTY LEVEL NOW.

THE GOVERNOR SHOULD TRY MAKING MORE JOBS AVAILABLE TO THE PEOPLE WHO ARE ABLE TO WORK AND MAKE THEIR SITUATIONS BETTER.

Sincerely
Sandra Baxter

To:

Legislature of Alaska
House of Representatives
Inclusive: HB 67, SB 101

Pg 1 of 2

I Donna M. Baxter do hereby contest and oppose HB 67, and SB 101 inclusive. On the grounds that they are inhuman and leave this state open for larceny and malfeasance.

The income loss will be a detriment to local businesses, causing a need to cut down the amount of employees on staff. Thereby creating more unemployed people and less people contributing to the economy.

The direct consequences of HB 67 and SB 101 will be a worse recession than this state has yet been through. New Businesses will not apply to this state for business licenses due to the higher percentage of probable failure. Thus creating less employment opportunities.

There was no formal notification given AFDC and A.P.A. Recipients -
-s Allowing no rebuttal and denying their basic right to be heard.

Two hundred and eighty dollars a month Interior medical assistance usually has to go towards rent because this state will only pay one hundred and twenty dollars a month for G.R. Rental assistance.

A Doctors statement of disability should be enough for qualification of Disability. Stop tying the Doctors hands, when surgery may return someone to work, help those surgeries to proceed.

Solutions to unnecessary overspending:

Stop spending one hundred and eighty six thousand dollars a month on unnecessary paperwork.

Have permanently disabled individuals apply once every six months for all eligible assistance programs. Pending social security.

Have social security pay monthly penalty of ten percent to the state for not handling social security disabilities in a timely manner.

State support of birth control programs, (clinics) for the needy.
Pay the child care units (volunteers) and the cost of living difference for mothers who are working.

Medical Aid Reciepeants should pay a co-payment of five dollars for Doctors visits, and a co-payment of three dollars per prescription.

MAKE Re-education and Job Training a priority.

Put someone in charge of Public Assistance who knows the systems flaws and is willing to implement changes that will result in smaller case loads through time management.

Implement volunteer programs and community service programs

Cut Governor's salary by 25%.

Cut legislative salary by 15%.

Allow less entertainment budget expenses.

Regulate travel expenses.

Implement a luxury tax on those whose salary is over \$65,000 Thousand a year.

Restructure school systems towards positive work goals and needed skills. Fire teachers who have a majority of students failing in there classes.

March 15, 1992

To The Legislature of Alaska
House of Representatives
Concerning HB #67 and SB101

Virginia A. Oeser
213 Dunkel St
Fairbanks, AK 99701

I oppose HB #67 and SB101. I am appalled to know that our State and our Governor has the nerve to even consider oppressing our poor in the State of Alaska. ~~Any further.~~

Families which receive AFDC will not be encouraged to get off AFDC and return to work to become self supporting. These Bills will instead make their survival harder and their living situations more desperate than they are at present. The Amount paid to them by the State is well below the poverty level now. If these proposed cuts are made many of these families will not be able to find housing. Low income housing in Alaska is very limited and the waiting list are very long. In FNSB, there are 3,014 households below the poverty level yet there are only 648 subsidized rental units available. Therefore most of these low income families ~~will~~ have no affordable housing.

Blind, Disabled, and Elderly should not have to lose their Federal Reimbursement for the time they were eligible for SSI but not yet receiving it. I say this because like myself were I was earning \$19,000 yearly. I am now faced with a disability, poverty and bills for previous obligations. The States interim Medical Program is to provide money for Doctors, Medical facilities and procedures not covered by GR medical. It is not income supplementation. And for people such as myself not even 1 week worth of prior income. I went into debt for medical expenses prior to finding out that I was or maybe eligible for APA- and interim medical.

Want to save money?

Try changing some policy practices at the state Public Ass. Office

Thank You
Ms Virginia A. Oeser
