SECTIONAL ANALYSIS

Senate Bill 59

"An Act relating to school construction grants and major maintenance grants to school districts; providing for school district participation in the cost of school construction and major maintenance; creating a major maintenance grant fund; and providing for an effective date."

Section 1 provides that the department may not award a school construction or major maintenance grant under AS 14.11 to a municipality that is a school district or a REAA that is not in compliance with the insurance requirements of AS 14.03.050(a).

Section 2 extends the duties of the Department of Education under AS 14.07.020(a)(11) to include review of major maintenance projects.

Section 3 establishes a major maintenance grant fund in the general fund through legislative appropriations for school major maintenance.

- School districts must provide a percentage share of the project costs to receive a major maintenance grant.
- A city or borough school district's participating share is calculated by dividing the value of taxable real and personal property described in AS 14.17.025(a)(1) by the district average daily membership (ADM), defined in AS 14.17.250 to establish the district's full value ADM.
- The higher the full value ADM the higher will be the district participating share ranging from 5 percent to 40 percent.
- The city or borough school district participating share will increase 5 percent for each of the school years that began in 1994, 1995, and 1996 to a total of 15 percent.
- The participating share for a REAA will be one percent of the grant commencing the school year that begins in 1994, and increases by 1.4 percent in each of the school years that begin in 1995 and 1996.

- The REAA's participating share may be satisfied by federal or local money, locally contributed labor, material, or equipment, or other sources providing that the grant under AS 14.11 may not be a source of the share.
- If a REAA can demonstrate in writing that it is unable to provide the participating share, or that the requirement will jeopardize receipt of federal assistance, the Commissioner may waive all or a portion of the participating share.

Section 4 amends the section on grant applications to reflect the new major maintenance grant fund and eliminates the reference to school construction.

Section 5 substitutes capital improvement project for the term construction in reference to grants under AS 14.11.013(a).

Section 6 amends AS 14.11.013(b) to substitute the term capital improvement project for construction and by eliminating the term school construction.

Section 7 eliminates the term school construction in reference to approval of a grant application.

- Provides that the grants will be approved only to the extent that money is available in the appropriate fund.

Section 8 eliminates the term school construction under grant conditions for a municipality that is a school district or a REAA.

- Clarifies that applicants for a grant under AS 14.11.017 must meet department criteria if the grant is for school construction.
- Clarifies that grant conditions include major maintenance projects as appropriate in the area.
- In other subsections of the grant conditions, eliminates the terms school construction and constructions, and adds the terms project and appropriate, to conform to the new major maintenance grant section.

- Adds a new subsection to allow the department by regulation to establish time periods for establishing costs of school construction.

Section 9 eliminates the term school construction from grant appropriation under AS 14.11.019 and substitutes the terms capital improvement project for construction.

Section 10 changes the definitional section.

- Defines "capital improvement project" to mean to school construction or major maintenance.
- Defines "grant" to mean a grant for school construction or major maintenance.
- Clarifies that "major maintenance" means a project described in AS 14.11.013(a)(1)(C) or (D).
- Defines "school construction" to mean a project described in AS 14.11.013(a)(1)(A), (B), (E), (F), or (G).

Section 11 allows that changes made by this Act apply to grants awarded under AS 14.11.005 - 019 after June 30, 1993.

Section 12 provides an effective date.

STATE OF ALASKA
OFFICE OF THE GOVERNOR
JUNEAU

and

January 22, 1993

The Honorable Rick Halford
President of the Senate
Alaska State Legislature
State Capitol
Juneau, AK 99801-1182

Dear President Halford:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill that changes the existing school construction grant program in AS 14.11. During 1992 the facilities committee of Alaska 2000 discussed the existing method of allocating school construction grants. This bill, if enacted into law, divides grants under the program into two categories, provides a separate fund for each of the categories, and requires school districts to provide a participating share in order to obtain a grant.

The main thrust of the bill is to separate grants under the existing program into two categories -- grants for school construction and grants for major maintenance of school facilities -- and to create a separate grant fund for the major maintenance projects. Major maintenance projects are those necessary to protect the structure of existing school facilities or to correct building code deficiencies that require major repair or rehabilitation in order for the facility to continue to be used for the educational program.

Existing AS 14.11.005 creates the school construction grant fund; this bill adds a major maintenance grant fund. Legislative appropriations for the two different types of school facility projects will go into the appropriate fund and will be subject to the existing grant procedures in AS 14.11. The bill makes amendments to those grant procedures to acknowledge the separate categories. The bill also makes conforming amendments to AS 14.03.150(c) and AS 14.07.020(a)(11). Separation of the two types of projects allows separate prioritization of projects, and should result in an improved planning and funding process.

The bill also adds a requirement that, in order to receive a school construction or major maintenance grant, a school district must provide a participating share of the project cost. The participating share for a city or borough school district is based on the full and true value of the taxable real and personal property in the

The Honorable Rick Halford
January 22, 1993
Page 2

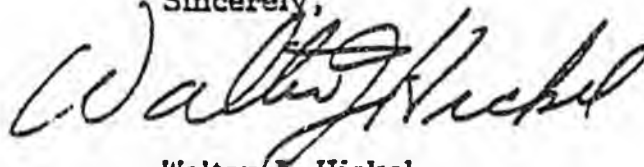

district as of a certain date, and on the district's average daily membership (ADM). A district with a relatively higher property value per ADM will have a relatively higher percentage participating share. City and borough school districts will be required to provide a participating share beginning with grants awarded in fiscal year 1994.

A regional educational attendance area (REAA) participating share is a set percentage of the project cost, although the commissioner of education is authorized to waive all or a portion of the required participating share under certain circumstances. Under the bill, REAAs will not be subject to the requirement for a participating share until fiscal year 1995.

In addition, the bill adds a new subsection to AS 14.11.017. Existing AS 14.11.017 (b) authorizes use of grant money under the program to pay the cost of certain activities even if the costs were incurred before the grant application was approved, the grant was awarded, or money was appropriated for the grant. New AS 14.11.017(c) would clarify that the Department of Education can establish the time period in which those activities must have occurred in order to be paid under the grant.

These changes in the way the school construction grant program operates should improve the educational environment of our students and increase the responsibility of school districts in planning for, requesting, and using grant money for school facilities. I urge your early and favorable consideration of this important legislation.

Sincerely,

Walter G. Hickel
Governor

FISCAL NOTE _____

"An Act providing that a school district will participate in the school construction grant program; creating a school major maintenance account; and providing for an effective date."

This bill will facilitate the construction of more school facilities than would be possible with an equal appropriation under the current procedure. It is likely this will result in a greater number of grant requests inasmuch as the possibility of having a project funded will be greatly increased. The increased number of grants and grant awards will place an additional clerical burden upon the facilities section. Along with the increased clerical burden will be the responsibility to evaluate a greater number of grant proposals and to ensure that proper matching funds have been identified for each proposal. This bill establishes a major maintenance account to fund projects that will prolong the life of a facility or provide necessary code upgrades. This will require extensive on-site reviews.

It is anticipated that facilities administrators from a cross section of school districts will be invited to participate in the development of standards for school maintenance programs. It is anticipated that such standards will be included in either regulations governing application for major maintenance grants, or the grant agreement itself. Funds for the development of standards are requested in the contractual line.

Two additional positions are necessary to ensure grant awards and management are consistent with this legislation. Personal services costs are assumed to increase 3% per year after the first year. Equipment cost are \$18.0 the first year and \$3.0 for replacement thereafter.

Funding for the CIP Overhead and Associated Costs component will be based upon a percentage charge from the school construction grant account, school major maintenance account, and inter-agency receipts originating from the Alaska debt retirement fund. For this fiscal note, funding is CIP Receipts derived proportionally from the school construction grant account and the school major maintenance account appropriations.

**KENAI PENINSULA BOROUGH
MAYOR'S OFFICE**

DON GILMAN
MAYOR

FAX MEMORANDUM

TO: State Legislators
FROM: Don Gilman, Borough Mayor *Don Gilman*
DATE: April 13, 1993
SUBJECT: Matching Grant Program for School Construction and Major Maintenance Projects

As stated in earlier position papers, the Kenai Peninsula Borough supports legislation which will provide a State matching grant program for school construction and major maintenance projects. It is our understanding that the program currently being considered by the Senate requires that the Borough/School District must provide a percentage share of the project cost. Under this program, the Kenai Peninsula Borough could receive up to \$11.25 million, with a participating share of 30%. Projects that would be considered for use of these grant funds would be the top two priorities as established by the KPBS School Board; these projects being:

- | | | |
|----|--------------------|------------------|
| 1. | Tustumena Addition | \$ 3,850,000 |
| 2. | Kenai Elementary | <u>7,400,000</u> |

State Share at 70% - \$11,250,000

SB 60
**"An Act making appropriations for construction
and major maintenance of schools"**

Grants for School Construction

- Section 1 of this legislation appropriates \$107,688,000 to the school construction grant fund to finance life, health, and safety construction projects in our public schools which are necessary to avert imminent dangers, and projects for un-housed students.

Grants for Major Maintenance

- Section 2 of this legislation appropriates \$42,312,000 to a major maintenance grant fund to finance costs of certain repairs to many of our public schools.

SECTIONAL ANALYSIS

Senate Bill 60

"An Act making appropriations for construction and major maintenance of schools; and providing for an effective date."

Section 1 appropriates \$107,688,000 from the earnings reserve account to the school construction grant fund and allocates payments to school districts and REAAs subject to grant conditions.

- Provides a listing of the school districts and REAA's, the purpose, and the allocation amount.

Section 2 appropriates \$42,312,000 from the earnings reserve account to the major maintenance grant fund and allocates payments to school districts and REAAs subject to grant conditions.

- Provides a listing of the school districts and REAAs, the purpose, and the allocation amount.

Section 3 provides that appropriations under the Act are for capital projects and are subject to the provisions of AS 37.25.020 relating to unexpended balances of appropriations for capital projects.

Section 4 provides for an effective date for sections one and three of this Act.

Section 5 provides that section two takes effect on the effective date of an Act creating a major maintenance grant fund in AS 14.11.

WALTER J. HICKEL
GOVERNOR

STATE OF ALASKA
OFFICE OF THE GOVERNOR
JUNEAU

1 and January 22, 1993

The Honorable Rick Halford
President of the Senate
Alaska State Legislature
State Capitol
Juneau, AK 99801-1182

Dear President Halford:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill making \$150,000,000 in capital appropriations for construction and major maintenance of Alaska's public schools.

Section 1 of the bill appropriates \$107,688,000 to the school construction grant fund to finance life, health, and safety construction projects in our public schools which are necessary to avert imminent danger. These appropriations will fulfill the existing backlog of this category of needs, plus fund several other essential capital projects to help meet projected student enrollment increases in the near future.

Section 2 of the bill appropriates \$42,312,000 to a major maintenance grant fund to finance costs of certain repairs to many of our public schools. These appropriations are cost-effective because making repairs now can often avoid major rebuilding or construction costs later. Also, some of the projects may make the schools more energy efficient, which will likely have long-term energy savings for the state.

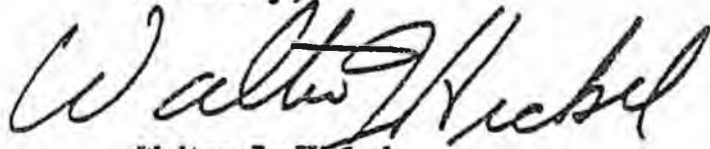

The appropriation amounts in both secs. 1 and 2 of the bill assume that the local community will financially participate in each project in order to fully fund it. Requiring a local community participating share should allow limited state dollars to go farther in financing capital needs in our public schools. Such a requirement also may increase local community interest in the size, design, and cost of the overall project and in prioritizing the project against other community needs for state funding.

The need for additional capital money has been supported by the state Board of Education. I urge support, as well, for these important projects.

The Honorable Rick Halford
January 22, 1993
Page 2

Finally, while some may question the use of the earnings reserve account in the permanent fund for these projects, I can see no higher use for this money than to improve our public schools in order to provide quality educational facilities for our children. Alaska's children deserve the finest to help them learn to their greatest capacities.

Sincerely,

A handwritten signature in cursive script, reading "Walter J. Hickel". The signature is written in dark ink and is positioned above the printed name and title.

Walter J. Hickel
Governor

MEMORANDUM

DATE: January 14, 1993

TO: Harry Gamble
Department of Education

FROM: Jim Kelly 
Research & Liaison Officer

SUBJECT: **Analysis of the Impact of Making Certain
Changes to the Current Use of Fund Income**

Attached are two financial projections prepared by the Alaska Permanent Fund Corporation at your request.

Financial Projection #1: This is the status quo case as of November 30, 1992. It provides the benchmark against which to compare and contrast any changes to current law.

Financial Projection #2: This projection makes the following changes to the status quo: (1) in fiscal 1993 and 94, \$150 million is appropriated from the Fund's earnings reserve account to the General Fund; and (2) in fiscal 1995 and 96, \$100 million is appropriated.

This analysis concerns itself with the following impacts on the Permanent Fund:

- * How would the changes affect the growth of Fund principal?
- * How would they affect the level of Fund net income produced in the future?

- * How would they affect total dividend distributions (in millions), and the amounts of annual per capita dividends?
- * How would they affect inflation-proofing transfers?
- * How would they affect amounts available for distribution to the General Fund.

To provide analysis-at-a-glance, the impacts for the fiscal years 1993, 2000, 2005 and 2010 are pulled off the projection sheets and juxtaposed below

	Status Quo <i>(in millions)</i>	Projection #2 <i>(in millions)</i>
Fund Principal Balance		
June 30, 1993:	\$12,324	\$12,324
June 30, 2000:	19,540	19,540
June 30, 2005:	26,638	25,819
June 30, 2010:	34,211	33,170
Annual Net Income		
Fiscal 1993:	\$1,073	\$1,073
Fiscal 2000:	1,802	1,745
Fiscal 2005:	2,386	2,313
Fiscal 2010:	3,072	2,978
Dividend Distribution		
Fiscal 1993:	\$ 517	\$ 517
Fiscal 2000:	807	781
Fiscal 2005:	1,127	1,091
Fiscal 2010:	1,464	1,420

Status Quo
(in millions)

Projection #2
(in millions)

Per Capita Dividends

1993:	\$ 922	\$ 922
2000:	1,233	1,191
2005:	1,552	1,502
2010:	1,849	1,791

Inflation-Proofing Transfers

Fiscal 1993:	\$ 365	\$ 365
Fiscal 2000:	1,106	1,106
Fiscal 2005:	1,260	1,221
Fiscal 2010	1,607	1,559

Distributions to the General Fund

Fiscal 1993:	-0-	\$150
Fiscal 2000:	-0-	-0-
Fiscal 2005:	-0-	-0-
Fiscal 2010:	-0-	-0-

Compared to the status quo, the most noticeable effects of adoption of the changes depicted in **Projection #2** would be as follows:

- * *Fund principal* would be the same in 2000, \$819 million smaller in 2005, and \$1.041 billion smaller in 2010.
- * *Net income* would be \$57 million smaller in 2000, \$73 million smaller in 2005, and \$94 million smaller in 2010.
- * The *dividend distribution* would be \$26 million smaller in 2000, \$36 million smaller in 2005, and \$44 million smaller in 2010.
- * *Per capita dividends* would be \$42.00 smaller in 2000, \$50.00 smaller in 2005, and \$58.00 in 2010. (Note: Dividends would be

the same in fiscal 1993, \$2.00 smaller in 1994, \$7.00 smaller in 1995, \$14.00 smaller in 1996 and \$22.00 smaller in 1997.)

- * The *inflation-proofing transfer* would be the same in 2000, \$39 million smaller in 2005, and \$48 million smaller in 2010.
- * The *distribution to the General Fund* would be \$150 million larger in 1993, and the same in 2000, 2005, and 2010. (Note: Distributions to the General Fund would be \$150 million larger in 1994, \$100 million larger in 1995 and \$100 million larger in 1996.)

For Your Information: These projections are based on a certain set of basic assumptions; the numbers shown on these sheets would change if different assumptions were used. The assumptions used in the preparation of each projection are listed at the bottom of each projection sheet, and explained herein.

It is the Corporation's policy to use conservative assumptions wherever possible. Thus, the Fund's long-term rate of return is projected to average 3% per year after inflation; long-term inflation is projected to average 6% per year; and the assumptions for future dedicated State oil revenues are taken from the Department of Revenue's most recent "low case" forecast. The population assumptions used in the computation of future per capita dividend payments are derived from the Middle Series of the Department of Labor's "Population Projections" dated November 1991.

PLEASE NOTE THAT THE CORPORATION NEITHER SUPPORTS NOR OPPOSES ANY PROPOSED CHANGES TO THE CURRENT USE OF FUND EARNINGS, EXCEPT AS THEY MAY RELATE TO THE PROPER EXERCISE OF THE TRUSTEES' FIDUCIARY RESPONSIBILITIES AS REQUIRED UNDER THE PRUDENT INVESTOR RULE.

\$150 MILLION APPROPRIATED FROM THE EARNINGS RESERVE ACCOUNT TO GENERAL FUND IN FISCAL 93-94; \$100 MILLION IN FISCAL 95-96.

Department of Education
Public School Construction / Major Maintenance Funding Plan
Fiscal Years 1994 - 1997
January 21, 1993

FISCAL YEAR 1994-1997
CAPITAL IMPROVEMENT PROGRAM BUDGET PROPOSAL

- * SEEKS \$520 MILLION IN FUNDING FOR CONSTRUCTION AND MAJOR MAINTENANCE OF PUBLIC SCHOOLS, BASED ON PRIORITIZED NEED
- * SPREADS DOLLARS BETWEEN URBAN AND RURAL COMMUNITIES
- * FUNDS ALL PRIORITY 1 LIFE/HEALTH/SAFETY AND FINAL PRE-HB37 CARRY OVER PROJECTS, 20% OF THE PRIORITY 2 UN-HOUSED STUDENT PROJECTS, ALL OF THE PRIORITY 3 PROTECTION OF STRUCTURE PROJECTS AND HALF OF THE PRIORITY 4 CODE UPGRADE PROJECTS IN FY94
- * ESTABLISHES A MAJOR MAINTENANCE FUND IN FY94, INCREASING EMPHASIS ON PREVENTIVE MAINTENANCE
- * FUNDS AN AVERAGE OF 1,600 JOBS EACH YEAR, DISTRIBUTED THROUGH OUT THE STATE
- * CARRIES BROAD PUBLIC, ASSOCIATION AND SPECIAL INTEREST GROUP SUPPORT
- * SATISFIES THE MOST PRESSING EDUCATIONAL NEEDS AND PROMOTES LOCAL EMPLOYMENT AND ECONOMIC DEVELOPMENT
- * INCREASES THE LOCAL SHARE OVER A FOUR YEAR TIME PERIOD TO PARALLEL THE MATCHING GRANT PROGRAM
- * DEVELOPS REVISED FUNDING CATEGORIES FOR ALL PROJECTS AND ESTABLISHES CONSTRUCTION STANDARDS PRIOR TO FY95 FUNDING CYCLE

PUBLIC SCHOOL CONSTRUCTION / MAJOR MAINTENANCE FUNDING PLAN, FY 1994 - 1997

Annual Project Classification Amount Funded in Thousands of Dollars
January 21, 1993

MAYOR**POSITION PAPER**
KENAI PENINSULA BOROUGH
SB 59 & SB 60
School Construction Grants
2/2/93**Senator Steve Reiger & Members of Senate HESS Committee:**

The Kenai Peninsula Borough Assembly has not taken a position on SB 59 & SB 60. However, the Assembly has consistently been on record as supporting matching grant programs with the local match requirement of 30% or less. The following comments are from the Kenai Peninsula Borough Administration and I believe generally reflect the feelings of both the Assembly and School Board.

1. The Kenai Peninsula Borough supports the concepts embodied in SB 59 with the following exceptions:
 - A. The percentage of participation should be fixed; i.e. 15%, 30%, etc. instead of a sliding scale from 30% up to 55%. The simpler the program the easier it is to explain to voters when they are asked to approve bonds for school construction. The program which was in place for many years was a reimbursement program which was not fixed. Communities could never, with certainty, tell voters how much the school projects were going to cost. We do not object to an ability to pay schedule.
 - B. The construction grant fund and the major maintenance grant fund make imminent sense. The use of current HB 37 criteria does not. It is our feeling that the priority process, the plan review and approval process, and the design criteria from which the state will pay should all be revisited and the HB 37 evaluation process should be scrapped.

SB 59 & SB 60

2/2/93

Page 2

2. The Kenai Peninsula Borough supports SB 60 if a decision has been reached by the administration and legislature that school construction programs should be achieved with use of cash instead of bonds. It is our opinion that there is not enough money in regular general fund revenues and various other fund balances to carry out a \$600 million program over a four year period without using the undistributed income account. It further is our opinion that, if the undistributed income account is going to be used for anything, education construction is probably a preferred area for expenditure.

Mr. Chairman, if we can be of assistance to you or your staff on this important matter, please feel free to call upon us.

SENATE BILL 60 - CAPITAL CONSTRUCTION FOR SCHOOLS

We have reviewed SB 60 and have met with Commissioner Covey and the Governor's staff regarding this bill. In concept we like the legislation, but would recommend the following changes.

1. We agree with local participation by municipalities and REAA's based on their ability to pay. However, the local share should be a fixed rate - eliminate the three year sliding scale increase of 5 percent per year.
2. Change the projects criteria to make unhoused students a much higher priority.
3. If the legislature chooses not to use the undistributed permanent fund dividend earnings and substitutes state general obligations bonds as an alternative, make sure the state floats its bonds through the Alaska Bond Bank Authority based on the states bond rating. With this scenario, municipalities would only bond for their portion and pay the state - not the other way around. This would free up municipal bond capacity for other crucial projects.
4. Change the legislation to define "a school" then set standards for school construction that the state will fund. Any costs beyond the standards set by the state must be borne by the municipality.

DRAFT**CS FOR SENATE BILL NO. 61(HES)****IN THE LEGISLATURE OF THE STATE OF ALASKA****EIGHTEENTH LEGISLATURE - FIRST SESSION****BY THE SENATE HEALTH, EDUCATION AND SOCIAL SERVICES COMMITTEE**

Offered:

Referred:

Sponsor(s): **SENATE RULES COMMITTEE BY REQUEST OF THE GOVERNOR****A BILL****FOR AN ACT ENTITLED**

1 "An Act relating to goals for public education and student performance, to grants
2 for improving school performance, to school district advisory boards, and to
3 establishment of charter schools; and providing for an effective date."

4 **BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:**

5 * Section 1. PURPOSE. The purpose of this Act is to

6 (1) implement certain recommendations of Alaska 2000, a comprehensive
7 statewide effort of Alaskans to improve the state's education system for the future;

8 (2) establish goals for public education in the state; it is not the purpose of this
9 Act to recommend a specific curriculum or to diminish the right of each school district to
10 establish a curriculum in that school district;

11 (3) build a state education system with the flexibility to be more responsive
12 to the needs of students and society;

13 (4) set high expectations and tailor educational standards to meet the diverse
14 needs of Alaska's children;

1 (5) change the state education system so that Alaska educators can do their
2 very best and so that the best educators are teaching in our schools;

3 (6) provide increased opportunity for our children to achieve higher educational
4 performance; and

5 (7) structure our education system to facilitate accomplishment of national,
6 state, and local goals for the education of Alaska's children.

7 * Sec. 2. AS 14.03.015 is repealed and reenacted to read:

8 Sec. 14.03.015. MISSION FOR PUBLIC EDUCATION. The mission of the
9 public school system is to help ensure that all students succeed in their education and
10 work, shape worthwhile and satisfying lives, exemplify the best values of society and
11 their respective cultures, and be effective in improving the character and quality of the
12 world about them. It is the joint responsibility of students, parents, schools, and the
13 community to achieve the mission described in this section.

14 * Sec. 3. AS 14.03 is amended by adding a new section to read:

15 Sec. 14.03.017. GOALS FOR STUDENT PERFORMANCE. The public
16 school system shall be operated with the recognition that all students can learn. The
17 goal of the system is to develop successful students. A successful student will
18 graduate and the process of learning should include the following:

19 (1) a working knowledge of science, language arts, social studies,
20 mathematics, physical education and health, and fine arts;

21 (2) the ability to think logically and critically including the ability to

22 (A) think clearly about new information and ideas;

23 (B) solve problems through different ways of questioning and
24 analysis;

25 (C) be open to new ideas and be curious about the world and
26 self;

27 (D) demonstrate the skills needed to make good decisions;

28 (E) understand and use mathematical and scientific ideas;

29 (F) demonstrate good study skills and habits;

30 (G) access, process, and integrate information;

31 (H) evaluate and improve ideas through discussions with other

1 people;

2 (I) read, understand, and apply written information faced in
3 daily life;

4 (3) an acceptance of personal responsibility for sustaining a person
5 economically including the critical skills, competencies, values, and attitudes to be
6 successful in work, whether of a cash or subsistence nature, including the ability to

7 (A) be confident, able, and prepared for opportunities in the
8 local, national, and international workplace;

9 (B) understand the value of and necessity for lifelong learning,
10 including the ability to teach oneself new skills to adjust to a changing
11 workplace;

12 (C) show initiative, dependability, punctuality, and to strive for
13 accuracy and efficiency on the job;

14 (D) willingly accept advice, supervision, and criticism and to
15 be a good team member in the workplace;

16 (E) be safety conscious;

17 (F) be a critical consumer with skills for making informed
18 choices;

19 (G) recognize how success in school relates to a person's future;

20 (4) the ability to communicate effectively including the ability to

21 (A) talk about feelings, ideas, and concepts with clarity;

22 (B) be a good listener;

23 (C) read, understand, and respond to written information faced

24 in daily life;

25 (D) appreciate the value of reading as a lifelong activity;

26 (E) write well for a variety of purposes and audiences;

27 (F) demonstrate understanding and openness in group settings;

28 (5) the ability to discover and nurture creative talents including the

29 ability to

30 (A) appreciate the world around us;

31 (B) take part in activities that cut across fields of study;

- 1 (C) understand our world and its past, present, and future and
2 be able to express this understanding in a variety of ways and with different
3 media;
- 4 (D) respect and encourage the creative talents of individuals and
5 groups;
- 6 (E) demonstrate the knowledge and skills needed to express
7 ideas in literature, visual arts, music, dance, and drama;
- 8 (6) knowledge of how to develop positive self-esteem including the
9 ability to
- 10 (A) know how to set and achieve personal goals;
- 11 (B) be confident, assertive, and flexible;
- 12 (C) demonstrate an appreciation for one's own personal talents
13 and strengths;
- 14 (D) form satisfying relationships with others based on respect,
15 trust, cooperation, mutual understanding, compassion, and appreciation of
16 cultural differences;
- 17 (7) the ability to master essential vocational technological skills
18 including the ability to
- 19 (A) communicate and compete in the global market with
20 computers, video, audio, and other technologies;
- 21 (B) use technology to gather, analyze, and evaluate information
22 and opinions;
- 23 (C) critically evaluate information presented in the mass media;
- 24 (D) use computers to process and organize information;
- 25 (E) understand the overall purpose of equipment and the proper
26 procedures for setup and operation;
- 27 (8) the ability to understand the values of health and fitness including
28 the ability to
- 29 (A) understand the skills and apply the knowledge needed to
30 promote physical and mental health;
- 31 (B) respond constructively to life's social, environmental, and

1 physical challenges;

2 (9) knowledge of the values of responsible citizenship including the
3 ability to

4 (A) understand and participate in the democratic process;

5 (B) achieve the values, knowledge, and ethical behaviors needed
6 to participate in a democratic society;

7 (C) learn to recognize and appreciate the contribution of peoples
8 from other countries and cultures;

9 (D) be aware of and appreciate languages other than English;

10 (E) achieve skills in leadership, cooperation, communication,
11 and social responsibility;

12 (F) understand one's relationship to the environment and be
13 committed to the wise use of resources;

14 (G) know effective parenting skills to nurture healthy growth
15 and development in others;

16 (H) understand the past.

17 * Sec. 4. AS 14.03.125(a) is amended to read:

18 (a) The fund for the improvement of school performance is created as an
19 account in the general fund. The fund shall be used by the commissioner to make
20 grants to a district located in the state for the purpose of improving public school
21 performance. The fund consists of money appropriated by the legislature, including
22 appropriations from the earnings of the public school trust fund established under
23 AS 37.14.110. The commissioner shall annually determine the amount requested for
24 grants under this section and shall include the amount in the department's budget
25 request.

26 * Sec. 5. AS 14.03.125(b) is amended to read:

27 (b) A governing body, district advisory board, or nonprofit organization located
28 in the state, or a teacher or principal employed by a public school in the state, may
29 apply for a grant [OF UP TO \$50,000] to improve school performance by submitting
30 an application to the commissioner.

31 * Sec. 6. AS 14.03.125(c) is amended to read:

1 (c) A grant may be awarded to the same grantee in consecutive fiscal years,
2 but may not be awarded to the same grantee for more than three [TWO] fiscal years
3 within a five-year period.

4 * Sec. 7. AS 14.03.125 is amended by adding a new subsection to read:

5 (f) The board shall adopt regulations concerning grants and grant award
6 procedures under this section.

7 * Sec. 8. AS 14.12.035 is repealed and reenacted to read:

8 Sec. 14.12.035. ADVISORY BOARDS IN SCHOOL DISTRICTS. (a) A city
9 or borough school district board shall establish an advisory board at each school in
10 each community within the district if the community has more than 50 permanent
11 residents. The school district board shall set standards for the manner of selection and
12 organization of the advisory boards, and, in a manner consistent with (b) of this
13 section, shall prescribe advisory board powers and duties. The following are exempt
14 from the requirements of this section:

15 (1) a school district that has only one school and has a school board;

16 or

17 (2) a school in which there is an existing parent advisory group.

18 (b) An advisory board shall advise the school district board on any matter
19 concerning schools in the district in which the advisory board is established.

20 (c) The commissioner may allow an advisory board to serve more than one
21 school upon request by a school district board.

22 * Sec. 9. ESTABLISHMENT OF CHARTER SCHOOLS. (a) A charter school may be
23 established as provided under secs. 9 - 16 of this Act upon the approval of the local school
24 board and the state Board of Education of an application for a charter school. The state Board
25 of Education may not approve more than 20 charter schools to operate in the state at any one
26 time.

27 (b) Each local school board shall prescribe an application procedure for the
28 establishment of a charter school in that school district. The application procedure must
29 include provisions for an academic policy committee consisting of faculty and parents of the
30 school and a proposed form for a contract between a charter school and the local school board,
31 setting out the contract elements required under sec. 10(c) of this Act.

1 (c) A local school board shall forward to the state Board of Education applications for
2 a charter school that have been approved or denied.

3 * Sec. 10. ORGANIZATION AND OPERATION OF A CHARTER SCHOOL. (a) A
4 charter school operates as a school in the local school district except that the charter school
5 (1) is exempt from the local school district's textbook, program, curriculum, and scheduling
6 requirements, and (2) operates under the charter school's annual program budget as set out in
7 the contract between the local school board and the charter school. The charter school is
8 exempt from other local school district requirements if exemption is authorized by the local
9 school board in the contract.

10 (b) The charter school shall

11 (1) keep financial records of the charter school;

12 (2) oversee the operation of the charter school to ensure that the terms of the
13 contract required by (c) of this section are being met; and

14 (3) meet regularly with teachers of the charter school to review, evaluate, and
15 improve operations of the charter school.

16 (c) A charter school shall operate under a contract between the charter school and the
17 local school board. A contract must contain the following provisions:

18 (1) description of the educational program;

19 (2) specific levels of achievement for the education program;

20 (3) admission policies and procedures;

21 (4) administrative policies;

22 (5) statement of the charter school's funding allocation from the local school
23 board and costs assignable to the charter school program budget;

24 (6) method by which the charter school will account for receipts and
25 expenditures;

26 (7) location and description of the facility;

27 (8) name of the teacher, or teachers, who, by agreement between the charter
28 school and the teacher, will teach in the charter school;

29 (9) teacher-to-student ratio;

30 (10) number of students served;

31 (11) the term of the contract, not to exceed a term of three years;

1 (12) a termination clause providing that the contract may be terminated by the
2 local school board for the failure of the charter school to meet educational achievement goals
3 or fiscal management standards, or for other good cause;

4 (13) a statement that the charter school will comply with all state and federal
5 requirements for receipt and use of public money;

6 (14) other requirements or exemptions agreed upon by the charter school and
7 the local school board.

8 * Sec. 11. FUNDING FOR CHARTER SCHOOL. (a) A local school board shall provide
9 an approved charter school with an annual program budget. The budget shall be not less than
10 the amount generated by the students enrolled in the charter school less administrative costs
11 retained by the local school district, determined by applying the indirect cost rate approved
12 by the Department of Education. The "amount generated by students enrolled in the charter
13 school" is to be determined in the same manner as it would be for a student enrolled in any
14 other public school in that school district.

15 (b) The program budget of a charter school is to be used for operating expenses of
16 the educational program of the charter school, including purchasing textbooks, classroom
17 materials, and instructional aids.

18 (c) The charter school shall provide all financial and accounting information requested
19 by the local school board or the Department of Education, and shall cooperate with the local
20 school district or the department in complying with the requirement of AS 14.17.190.

21 * Sec. 12. ADMISSION. (a) The program of a charter school may be designed to serve

22 (1) students within an age group or grade level; or

23 (2) students who will benefit from a particular teaching method or curriculum.

24 (b) A charter school shall enroll all eligible students who submit a timely application,
25 unless the number of those applications exceeds the capacity of the program, class, grade
26 level, or building. In the event of an excess of those applications, the charter school and the
27 local school board shall attempt to accommodate all of those applicants by considering
28 providing additional classroom space and assigning additional teachers from the district to the
29 charter school. If it is not possible to accommodate all eligible students who submit a timely
30 application, students must be accepted by random drawing. A school board may not require
31 a student to attend a charter school.

1 (c) In addition to other requirements of law, a charter school may not discriminate in
2 selection of students on the basis of intelligence, achievement, aptitude, religion, or athletic
3 ability.

4 * Sec. 13. TEACHER TRANSFERS, EVALUATIONS, AND NEGOTIATED
5 AGREEMENTS. (a) A teacher may not be assigned to teach in a charter school unless the
6 teacher consents to the assignment.

7 (b) All provisions of an existing negotiated agreement or collective bargaining
8 agreement applicable to a teacher or employee of a district shall apply to that teacher or
9 employee if employed at a charter school in that district, unless the district and the bargaining
10 unit representing the teacher or employee agree to an exemption.

11 (c) A teacher in a charter school must be evaluated in an equivalent manner as all
12 other teachers in the district, except that if there is no administrator assigned to the charter
13 school, the local school board, with the agreement of the ~~permanent~~ charter school board, shall
14 designate a school district administrator in that district to evaluate a teacher in a charter
15 school.

16 * Sec. 14. CONTRACTS; DURATION. A contract for a charter school may be for a term
17 of no more than three years and may not extend beyond July 1, 1999. No more than one
18 contract for a particular charter school may be entered into under secs. 9 - 16 of this Act.

19 * Sec. 15. REGULATIONS. The state Board of Education may adopt regulations
20 necessary to implement secs. 9 - 16 of this Act.

21 * Sec. 16. DEFINITIONS. In secs. 9 - 16 of this Act,

22 (1) "academic policy committee" means the group designated to supervise the
23 academic operation of a charter school and to ensure the fulfillment of the mission of a charter
24 school;

25 (2) "charter school" means a school established under secs. 9 - 16 of this Act;

26 (3) "local school board" means a borough or city school board or a regional
27 school board;

28 (4) "parent" means a biological, adoptive, or foster parent, or an adult who acts
29 as guardian of a child and makes decisions related to the child's safety, education, and
30 welfare;

31 (5) "parent advisory group" means a group that is recognized by the school as

1 representative of those parents having children attending that school, that has regular meetings,
2 and in which membership is open to all parents within that school's attendance area;

3 (6) "teacher" means a person who serves a school district in a teaching,
4 counseling, or administrative capacity and is required to be certificated in order to hold the
5 position.

6 * Sec. 17. Sections 9 - 16 of this Act are repealed.

7 * Sec. 18. TRANSITION. Notwithstanding secs. 20 and 21 of this Act, the state Board
8 of Education may proceed to adopt regulations necessary to implement this Act. The
9 regulations take effect under AS 44.62 (Administrative Procedure Act), but not before the
10 respective effective date of the relevant section or sections of this Act.

11 * Sec. 19. Section 18 of this Act takes effect immediately under AS 01.10.070(c).

12 * Sec. 20. Sections 1 - 16 of this Act take effect July 1, 1993.

13 * Sec. 21. Section 17 of this Act takes effect July 1, 1996.

SB 61

"An Act implementing certain recommendations of Alaska 2000"

Increase the School Term

- For the school year beginning in 1994, the number of days in the school term is increased from 180 to 183.
- The added school days will increase by three days in 1995, 1996, and 1997, and increase by four days in 1998 and 1999.
- The cumulative effect of these changes is to increase the existing school term by 20 days by the year 2000.

Flexibility in Funding Grants for School Improvement

- If public school performance will be enhanced and improved, school districts and other entities may be eligible for a grant from the "Fund for the Improvement of School Performance".
- Earnings from the "Public School Trust Fund" (established under AS 37.14.110) may be appropriated to the "Fund for the Improvement of School Performance".

Establishment of Advisory School Boards

- Advisory school boards will be mandated in city and borough school districts as they are required for REAAs.
- An advisory school board will be under the direction of the local school board and may serve more than one school upon approval of the Commissioner.

Establishment of a Tenure Review Committee

- The local school board shall appoint a local tenure review committee composed of five to nine members to minimally include: two parents, two teachers, and one student over 16.
- The review committee will consider the teacher's request for tenure, along with the teacher's evaluations, supervisor's recommendations, and other material the teacher considers informative regarding the request for tenure.

Establishment of a Tenure Review Committee cont.

- The committee will vote on each request as to whether it is in the best interest of the district's students to recommend tenure.
- The local school board will consider the local tenure review committee's recommendation, and will make the final decision regarding the granting of tenure.

Establishment of Charter Schools

- The charter school concept is established as a pilot project for 3 years.
- A charter school, approved by the local school board and the State Board of Education, operates as a school in the local district. The school, however, is exempt from local textbook, program, curriculum and scheduling requirements.
- A charter school operates under its own annual program budget. The funding level is the same as other public schools in the district.
- A charter school may be designed to serve students within an age group, grade level, or students who will benefit from a particular teaching method/curriculum. In the event of an excess of applications, students will be accepted by random drawing.
- The State Board of Education may not approve more than 40 charter schools to operate at any one time.

Sectional Analysis

Senate Bill 61

"An Act implementing certain recommendations of Alaska 2000"

Section 1 sets out the purposes of the Act.

Section 2 increases the school term by three days.

- Increases the number of days in the school term from 180 to 183.
- Increases from 150 to 153 the minimum school term the Commissioner can approve for a district abating asbestos health hazards.
- Increases from 160 to 163 the minimum school term the Commissioner can approve due to necessity or to the submission of another acceptable plan.
- Changes the standard for an acceptable, alternate, shorter school term from a plan based on equivalent instructional hours to a plan under which students receive the educational equivalent of a regular 183 day term.
- This section takes effect July 1, 1994, in order to give districts time to prepare for the increases.

Section 3 provides additional, subsequent increases.

- Increase the school terms referred to in section 2 by three days in each of the school years that begin in 1995, 1996, and 1997, and increases the terms by four days in the school years that begin in 1998 and 1999.
- The cumulative effect of sections 2 and 3 is to increase the existing terms by 20 days by the year 2000.

Sections 4-7 amend AS 14.03.125 to provide flexibility in funding grants for school improvement.

Section 4

- Permits the fund for the improvement of school performance to include appropriations from the earnings of the public school trust fund. (Established under AS 37.14.110.)
- Permits grants to be awarded to entities other than school districts, if the grant will nonetheless benefit or improve school performance.

Section 5 removes the existing \$50,000 cap on grants.

Section 6 permits grants to be awarded to the same grantee for up to three fiscal years within a five-year period.

Section 7 requires the board to adopt regulations setting out grant award procedures.

Section 8 mandates that city and borough school districts establish advisory school boards under AS 14.12.035. Advisory boards are already required for REAA's.

- They are required at each school in a community within a district if the community has 50 or more permanent residents.
- A school district with only one school and a school board is exempt.
- The school district board shall set standards and prescribe the power and duties of the advisory board.
- Upon request by a school district the commissioner may allow an advisory board to serve more than one school.

Sections 9-11 amend AS 14.20 by repealing and reenacting AS 14.20.150 and enacting new sections that require a committee evaluation and recommendation before a teacher is granted tenure.

Section 9 provides that teachers acquire tenure after

- applying for tenure;
- being employed continuously for two full school years and reemployed for a third consecutive year;
- being considered for tenure by a local tenure review committee; and
- being approved for tenure by the local school board.
- Teachers hired before July 1, 1993 and continuously employed by a district acquire tenure rights under the existing scheme.

Section 10 sets out the process for applying for tenure.

- A teacher submits a request to the superintendent along with evaluations, supervisor's recommendations, and other material the teacher considers informative regarding the request for tenure.
- The Superintendent forwards copies to the local school board and the local tenure review committee.
- Failure to acquire tenure will not affect an existing contract between the teacher and the district.
- Teachers may reapply for tenure 120 days after a school board's disapproval for tenure.

Section 10 also requires districts to appoint local tenure review committees.

- The committees are composed of five to nine members and serve at the pleasure of the school board.
- Members shall include two parents, two teachers, and one student over 16. Remaining members shall
