EDUCATION: B.S.B. in Accounting, with Distinction
University of Minnesota, 1972

I have been privileged to work closely with the Ahtna people in moving their regional corporation to a point of endowed security. This experience has been formative for my career development and professional education.

Experience makes clear that the opportunity for meaningful cross-cultural financial leadership that I have enjoyed also exists independent of Alaska Native Regional Corporations. The skills I have acquired can be usefully employed by other companies working throughout the world with a different, albeit equally valid approach, to the exciting challenge of cross-cultural management. I am ready for such challenges.

CAREER HISTORY:

TREASURER/CONTROLLER - AHTNA, INC., JANUARY 1983 - PRESENT.

Ahtna, Inc., is one of the twelve Alaskan Native Regional Corporations. It is one of the most profitable of the regional corporations and is the only such corporation to have achieved profitability every year since incorporation.

My association with Ahtna has been central to these efforts. I am responsible for all financial elements of the company including functioning as Chief Operating Officer, in the absence of the President.

More specifically, I:

- Managed the daily accounting and financial reporting requirements;
- Oversaw the financial portfolio;
- Established a Native Heritage Foundation for the Ahtna people;
- Directed the Investment Committee for corporate acquisitions;

- .. Maintained the operation of four subsidiary companies doing \$10M per annum;
- Participated in the development and the management of major corporate/Native joint ventures with responsibilities in excess of \$200M for the construction of the OTH-B radar;
- Worked closely with national tax counsel in the reporting of significant tax considerations on behalf of Ahtna;
- .. Attacked subsidiary financial and management problems as needed with energy and expertise;
- .. Developed a company-wide financial reporting system and installed the necessary computer support; and
- .. Engaged in cross-cultural challenges and exchanges presented by the implementation of the Alaska Native Claims Settlement Act with Native employees, shareholders, officers and directors.

VICE PRESIDENT, FINANCE/ADMINISTRATION, EXECUTONE OF ALASKA, INC., ANCHORAGE, ALASKA, JULY, 1981- NOVEMBER, 1983.

I was responsible for all financial aspects of the company, including the preparation of financial statements, forecasts, cash management, tax returns and supervision of accounting and administrative staff. Designed and implemented accounting, inventory and credit systems.

TREASURER, BRISTOL BAY NATIVE CORPORATION, ANCHORAGE, ALASKA, OCTOBER 1976 - JULY, 1981.

I was responsible for the financial reporting and planning of the company; including financial statement reporting, budgeting and acquisition review. Directly supervised accounting staff. Designed and implemented an FDB system for shareholder accounting.

ASSISTANT CONTROLLER, TESORO-ALASKAN PETROLEUM, ANCHORAGE, ALASKA, MARCH 1976 - OCTOBER 1976.

I Prepared and monitored operating budgets for major departments of the company.
