NATIONAL HIGHWAY SYSTEM TRANSPORTATION NEEDS AND PRIORITIES

Priority	Highway	Location	Name	Description	Cost Estimate
3		Anchorage	TE: Minnesota Drive: Campbell Creek Sedimentation Basin	Construct a sedimentation basin to provide treatment of road runoff prior to discharge into Campbell Creek.	1,500,000
3		Anchorage	Tudor Road/New Soward Highway Right Turn Safety Improvement	Increase the right turn radius to allow for a higher turn speed.	215,000
3		Anchorage	Tudor Road: Minnesota Drive-36th Avenue	Rotomill and repave Tudor Road from Minnesota Drive to 36th Avenue.	7,000,000
3		Central Region	Aroawide Moose-Vehicle Accident Mitigation and Safety Improvements	Implement the recommendations of the department's report "A Mitigation Plan for Moose-Vehicle Accidents on Alaska's Rural Highways." These recommendations include warning signs, public awareness signing, and clearing. Warning signs are to be installed at high accident locations. Existing warning signs are to be removed at low accident locations, or those locations not ranked along the routes listed. Warning signs and special signs are intended to be used in conjunction with media releases of the general information developed by the department's research.	740,000
3		Central Region	Railroad Grade Crossing Surface Safety Improvements	Reconstruct crossings, providing rubberized surfaces and/or paving the approaches at several locations in the region. The crossings identified in project have been costly to maintain in recent years due to the poor condition of the crossing surface and, in the case of gravel roads, the intrusion of gravel into the rails at the crossing. Project is intended to lower maintenance costs while providing a desirable and safe riding surface for motorists.	1,160,000
3		Fairbanks	Airport Way/Washington Street Intersection	Construct a new intersection between University Avenue and Market Street near Washington Street. The Market Street intersection has become congested due to new business developments.	6,400,000
3		Juneau	Lemon Valley Access	Preliminary engineering, design, and construction of new intersection with Egan Drive, between Vanderbilt Hill and Yandukin intersections, plus a new segment of road connecting Egan Drive with the upper Lemon Creek Valley commercial-industrial area.	7,000,000
3		Kenai	Konai Spur Road: MP 0-2.8	Repave the existing five lanes from the Sterling Highway junction to Knight Drive. From Knight Drive to Choechako Drive, an urban five-lane facility will be constructed. From Choechako Drive to Sports Lake Road, a rural five-lane facility will be constructed. From Sports Lake Road to Mooring Drive, the road will taper to two lanes. At Mooring Drive, the project will connect with a recently completed project.	9,500,000

NATIONAL HIGHWAY SYSTEM TRANSPORTATION NEEDS AND PRIORITIES

Priority	Highway	Location	Name	Description	Cost Estimate
3		Konai	Konai Spur Road: MP 10-25	Resurface Konai Spur Road MP 10-25.	3,200,000
3		Various	Destination and Distance Signing	Improve destination and distance signing for Interstates and primary arterials designated on the NHS. Major roadway features relating to destination and distancing signing as part of this program include: a) review and modification to designated control cities for destination signing, and; b) review of existing destination, distance, regulatory, and warning signs for conversion to metric units.	750,000
3	Glenn Highway		South Eagle River Access Interchange	Construct a new interchange at Eagle River Loop Road and Hiland Drive, a new interchange at the Eagle River Loop Road extension and the Glenn Highway, and a 1.5-mile road to connect the two interchanges.	12,000,000
3	Glenn Highway	Anchorage	Muldoon Road-Hiland Road Lighting Safety Improvements	Relocate existing lighting back from the edge of the highway to offset standards. Conduit will be installed at new wiring locations.	2,190,000
3	Glenn Highway	Anchorage	Weigh Stations Facilities Upgrade	Upgrade weigh station facilities on the Glenn Highway in the Anchorage area.	500,000
3	Glenn Highway	Anchorage	Weigh Stations Relocation	Relocate the existing weigh stations south on the Glenn Highway to a site between the new armory and the Fort Richardson interchange. Includes weigh-in-motion equipment and a weights and measures building. The site development will also include a vehicle inspection building to be run by the troopers.	6,000,000
3	Haines Highway	Haines	"Y" Intersection to Airport Road	Rehabilitate roadway.	4,500,000
3	Marine Highway		Fleetwide Asbestos Abatement	Remove the remaining asbestos from the vessels of the AMHS.	7,000,000
3	Marine Highway		Fleetwide Lead Paint Abatement	Removing all red lead primer and lead-based paint from the AMHS fleet. All exterior surfaces will be sandblasted to remove lead-based paint and repainted to meet current codes.	7,500,000
3	Marine Highway		Fleetwide Lounge Conversion	Convert the bar area of the vessels to lounges which can be used for pizza and espresso service or conference areas.	7,000,000
3	Marine Highway		M/V Columbia Galley	Modify the galley, dining room, cafeteria, lounges and other public spaces.	3,200,000
3	Marine Highway		M/V Columbia Lifeboat/Liferails	Add lifeboats, rescue boats, liferafts and escape chutes and other equipment required by Safety of Life at Sea (SOLAS) regulations.	3,250,000

NATIONAL HIGHWAY SYSTEM TRANSPORTATION NEEDS AND PRIORITIES

Priority	Highway	Location	Name	Description	Cost Estimate
3	Marine Highway		M/V LoConte Auxiliary/Main Repower	Replace the main engines, auxiliaries, switchboard, engineers control station and electrical distribution.	3,135,000
3	Marine Highway		M/V Malaspina DayBoat Conversion	Preliminary engineering and construction for modifications to all spaces on the cabin deck, boat deck, and navigation deck. Install NVIC-required sprinkler system, smoke detection and fire alarm system and fire door indicator system. Replace various deck machineries and navigation equipment.	32,315,000
3	Marine Highway		M/V Malaspina Main Deck and Auxiliary Systems	Replacement of the main propulsion train (engines, reduction gears, shafting, bearings, propellers, control and alarm system, new engineer operating station, bridge and bridge wing control consoles, now related piping systems and ancillary equipment structural fire protection self-closing doors to machinery spaces). Includes bow thruster refurbishment, replacement of main deck stool and shell plate and elevator refurbishment.	12,500,000
3	Marine Highway		M/V Malaspina NVIC and Door Modifications	Safety of Life at Sea (SOLAS)-required lifesaving equipment, new vehicle loading doors and monitoring equipment, NVIC (Navigation and Vessel Inspection Circular)-required main deck vent system modifications, structural fire protection, galley exhaust fire extinguishing system and self-contained emergency lighting.	4,345,000
3	Marine Highway		M/V Tustumena Car Elevator Overhaul	Major overhaul of the car elevator and cargo handling equipment.	1,500,000
3	Marine Highway		M/V Tustumena Navigation Equipment and Electronics	Replace the bridge electronics and navigation equipment.	2,500,000
3	Marine Highway		Passenger Accommodation Upgrade	Upgrade the staterooms on the AMHS vessels.	6,000,000
3	Marine Highway		Shoreside Facilities Condition Survey and Master Plan	Provide a reconnaissance report outlining the work required to extend the usefulness of the shoreside facilities through the next 20 years.	800,000
3	Parks Highway		MP 52-58 Rehabilitation	Relocate utilities, acquire right-of-way and rehabilitate from MP 52-57 (Big Lake Road to Houston), widen the highway shoulders, resurface the highway, and make minor safety and geometric improvements. Construct a grade-separated railroad crossing at MP 56.5. Rehabilitate the bridge over the Little Susitna River.	7,500,000
3	Parks Highway		MP 58-66 Rehabilitation	Rehabilitate from Houston to MP 66.5 (just south of White's Crossing). Widen the highway to 40 feet and resurface the highway. Includes minor geometric and safety improvements.	11,750,000

NATIONAL HIGHWAY SYSTEM TRANSPORTATION NEEDS AND PRIORITIES

Priority	Highway	Location	Name	Description	Cost Estimate
3	Parks Highway		MP 66-72 Rehabilitation	Rehabilitate from White's Crossing (MP 66.5) to just north of the Willow Creek Bridge (MP 72). Widen the highway to a 40-foot surface, resurface the highway, and make minor safety and geometric improvements. Construct a highway overpass over the Alaska Railroad at White's Corner (MP 66.6). Rehabilitate the Willow Creek Bridge which will be brought up to current width, seismic and loading standards.	12,250,000
3	Parks Highway		MP 72-83 Rehabilitation	Rotomil and repave two inches from shoulder to shoulder. Apply thermoplastic striping.	9,200,000
3	Parks Highway		Nenana Canyon Safety/Access Improvements	Design and construct safety and access improvements between milepoints 238 and 240. Improvements may include: improved sight distances, consolidated vehicle access points, consolidated pedestrian crossing points, separated bicycle and pedestrian facilities, frontage roads and additional traffic control devices.	2,900,000
3	Parks Highway		Su-Valley High School Intersection	Provide turn lanes and illumination at the Su-Valley High School driveway and Talkoetna Road on the Parks Highway.	675,000
3	Seward Highway		MP 25-36 Surface Rehabilitation	Rotomil and repave two inches from shoulder to shoulder. Apply thermoplastic striping.	3,000,000
3	Seward Highway		MP 65-75 Surface Rehabilitation	Resurface from Bertha Creek (MP 65) to Ingram Creek (MP 75).	3,000,000
3	Seward Highway		MP 7-104 Surface Rehabilitation	Rotomil and repave two inches from shoulder to shoulder. Apply thermoplastic striping.	2,200,000
3	Seward Highway	Anchorage	36th Avenue Intersection Capacity Improvement	Construct a capacity improvement in the northbound direction on the New Seward Highway at 36th Avenue. The existing right turn lane will be extended on the New Seward Highway; the turn radius may be increased.	270,000
3	Seward Highway	Anchorage	36th Avenue to 5th/6th Avenue Rehabilitation	Rotomil and repave road surface.	3,500,000
3	Seward Highway	Anchorage	36th Avenue to Potter Valley Road Rehabilitation	Pavement rehabilitation.	6,800,000
3	Seward Highway	Anchorage	Potter Valley Road Intersection Capacity Improvement	Construct a capacity improvement for southbound traffic on the New Seward Highway at Potter Valley Road. Widen the highway to accommodate a protected left-turn lane.	430,000
3	Sterling Highway		MP 57.5-71 Surface Rehabilitation	Resurface from the Sportsman's Landing (MP 57) to Egumen Lake (MP 71).	3,000,000

NATIONAL HIGHWAY SYSTEM TRANSPORTATION NEEDS AND PRIORITIES

Priority	Highway	Location	Name	Description	Cost Estimate
3	Storling Highway		MP 157-169 Rehabilitation	Reconstruct between Anchor Point (MP 157) and the top of Homer Hill (MP 169). Construct an improved two-lane highway paralleling the alignment of the existing highway. The facility will be designed to allow two additional lanes to be added at a future date.	15,980,000
3	Storling Highway	Ninilchik	Ninilchik River Bridge Curve Safety Improvements	Construct warning lights and signs to slow traffic approaching the curve/bridge.	60,000

COMMUNITY TRANSPORTATION PROGRAM
PROJECTS SCHEDULED FOR CONSTRUCTION IN 1996

Highway	Borough	Location	Name	Description	Cost Estimate
	City & Borough of Sitka	Sitka	Sawmill Creek Road: Left Turn Lane	Widening of Sawmill Creek Road for the addition of a left turn lane into Jarvis Street.	300,000
	City & Borough of Yakutat	Yakutat	Bayview Drive Retaining Wall and Guardrail	Install retaining wall and guardrail.	600,000
	Fairbanks North Star		Chona Hot Springs Road: MP 0-7 Reconstruction	Major reconstruction between Old Steese Highway and Nordale Road. Includes widening, reduction of grades and strengthened embankment.	15,500,000
	Fairbanks North Star	Fairbanks	Holmes Road Drainage Improvements	Ditching, culverts and other drainage improvements.	300,000
	Haines	Haines	Klukwan Road	Rehabilitation of main street including drainage, embankment and surfacing with bituminous surface treatment.	500,000
	Kenai Peninsula	Homor	Lake Street	Rehabilitation of Lake Street, drainage improvements, installation of street lights, channelization and signalization at key intersections, and pedestrian/bike paths or sidewalks.	850,000
	Kenai Peninsula	Homor	Pioneer Avenue/Lake Street Intersection Safety Improvements	Project will include an intersection control beacon, additional stop signing, and possibly an eastbound raised median.	105,000
	Kenai Peninsula	Kenai	Coltonwood Lane Bridge Replacement	Replace the bridge (#1701) over the north fork of Anchor River. The project will also realign the approaches to the bridge as needed. The existing bridge has a sufficiency rating of 51 and is 41 feet long by 10.3 feet wide.	650,000
	Kenai Peninsula	Kenai	Fort Kenay Mission Street	Enhance the City of Kenai's Mission Street area by upgrading to urban street standards approximately 800 feet of 2-lane roadway. The work will include excavation, backfill for curb and gutter paving, pedestrian walkways, parking, surface drainage, and landscaping as necessary to improve access to the Russian Orthodox Church which is on the National Historical Register. The project will improve Mission Street between Overland Avenue and Alaska Avenue adjacent to Fort Kenay, the Russian Orthodox Rectory, Russian Orthodox Church and other historic buildings.	295,000
	Kenai Peninsula	Kenai	Kenai Spur Road/Island Lake Road Sight Distance Safety Improvements	Lower the grade of the vertical curve approximately 2-4 feet to improve the sight distance at the intersection, now intersection illumination, and advance intersection signing.	405,000

**COMMUNITY TRANSPORTATION PROGRAM
PROJECTS SCHEDULED FOR CONSTRUCTION IN 1996**

Highway	Borough	Location	Name	Description	Cost Estimate
	Kenai Peninsula	Kenai	Kenai Spur Road/Sruth Miller Loop Road Intersection Safety Improvoment	Reduce the approach grade on Miller Loop Road and provide a landing for stopped vehicles.	39,000
	Kenai Peninsula	Soldotna	Kalifornsky Beach Road: MP 16.4-22.4	Rehabilitate six miles of road between Bridge Access Road (MP 16.4) and the Sterling Highway Intersection (MP 22.4). Resurface, provide widening, and channelization at intersections as needed. Improve drainage as appropriate. The need for signalization at West Poppy Lane will be examined. Project will incorporate an HSIP project at Gaswell Road intersection. A separate pathway is planned.	2,500,000
	Ketchikan Gateway	Ketchikan	Herring Bay Bridge	Repaint.	200,000
	Ketchikan Gateway	Ketchikan	South Tongass Highway: Ketchikan Creek Bridge	Cleaning, restoration, new lighting, new widened concrete sidewalks, metal railing, and repainting.	300,000
	Kodiak Island	Kodiak	Chiniak Highway: Hazard Removal (Kalsin Hill)	Rehabilitate a portion of the Chiniak Highway at Kalsin Hill for approximately 3000 feet and replace several culverts. This is a rural section of gravel road with no separated pathway.	1,000,000
	Kodiak Island	Kodiak	Otmeloi Way/Rezanof Drive East Intersection and Safety Improvoment	Realign the Otmeloi Drive approach to Rezanof Drive to reduce the approach grade, improve the intersection sight distance, and flatten the horizontal curve approaching the stop bar. This will be accomplished by moving the intersection to the east approximately 150-260 feet within existing Rezanof Drive east right of way. This intersection will be one of the main access points to the proposed North Star Elementary School which is scheduled to open in 1995 or 1996.	106,000
	Kodiak Island	Kodiak	Rezanof 'Y' Intersection	Construct intersection improvements on Rezanof Drive at the 'Y' intersection. These improvements will provide enhanced vehicle turning movements. Relocate an existing storm drain into the right-of-way. This two-lane urban roadway has existing pedestrian facilities.	1,200,000
	Kodiak Island	Kodiak	Rezanof Drive East/Abercrombie Park Road Safety Improvoment	Improve the sight distance by cutting back the rock embankment and removing trees and brush within the right-of-way. The earthen mound in the northwest quadrant will also be removed.	85,000
	Kodiak Island	Kodiak	Rezanof Drive East/Monashka Bay Road Safety Improvoment	Improve the sight distance and signing on a portion of Rezanof Drive East and Monashka Bay Road.	47,000
