

ALASKA LEGISLATURE COMMITTEE FILES 1995-1996 8672

9078 SENATE TRANSPORTATION 569

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
4	CTP		Yakutat	Yakutat	Post Office Street	Install retaining wall and guardrail, grading and surfacing of existing road, plus construct extension to commercial and residential property.
4	TRAAK		Yakutat	Yakutat	TE: Railroad Trail from the Airport to Situk River.	Convert old railroad roadbed to pedestrian, cyclist, cross country ski facility.
4	CTP		Yakutat	Yakutat	Yakutat Avenue	Reconstruction to correct drainage.
1	NHS	Alaska Highway			MP 1386 to 1398	Reconstruction.
4	TRAAK	Alaska Highway	Unorganized		TE: MP 1264 Chisana River Wayside	Upgrade river access road and boat ramp, build parking area at the Chisana River Bridge, off the Alaska Highway on Northway Road.
4	TRAAK	Alaska Highway	Unorganized		TE: MP 1339 Wayside	Construct a 1/4-mile-long access road from the Alaska Highway near Cathedral Bluffs to the Tanana River. Includes parking areas, sanitary facilities, launch, and informational signs.
4	TRAAK	Alaska Highway	Unorganized		TE: MP 1347 Trailhead	Enlarge Forest Lake trailhead turnout.
1	TRAAK	Alaska Highway	Unorganized		TE: MP 1348 Robertson River Wayside	Construct wayside near the Robertson River Bridge.
4	CTP	Copper River Highway	Unorganized		Completion	Construct approximately 50 miles of road to connect Cordova to the contiguous highway system.
3	CTP	Copper River Highway	Unorganized		Copper River Corridor Restoration	Provide clean-up of debris and materials left over from past construction and maintenance efforts. Recontour and seed disturbed areas.
3	CTP	Copper River Highway	Unorganized		MP 6.5-17 Paving	Repave the Copper River Highway from MP 6.5 to MP 17. Widon to accommodate bikes and pedestrians.
4	TRAAK	Copper River Highway	Unorganized		TE: Copper River Trail	Construct 63-mile trail from Thompson Pass to Copper River Highway and Cordova.
4	TRAAK	Copper River Highway	Unorganized		TE: MP 49 North Mountain Bike Trail	Construct 6 foot wide trail from the Million Dollar Bridge on the Copper River Highway to Chitina, approximately 40 miles

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
4	TRAAK	Copper River Highway	Unorganized		TE: Trestle Restoration	Restore wooden trestles at the Uranatina River, Eskilida River and O'Brien Creek along the Copper River and Northwest Railroad route between the Tasnuna River and Chitina.
3	TRAAK	Copper River Highway	Unorganized	Cordova	TE: MP 5.5 - Bridge/Pedestrian Walkway	Attach pedestrian walkway to east side of bridge at MP 5.5 Copper River Highway.
1	NHS	Dalton Highway			Align Bridges MP 253 and 273	Repair or replace bridges as necessary.
1	NHS	Dalton Highway			MP 0-9	Reconstruction.
1	NHS	Dalton Highway			MP 9-11	Reconstruction.
1	NHS	Dalton Highway			MP 11-18	Reconstruction.
1	NHS	Dalton Highway			MP 22-37	Reconstruction.
1	NHS	Dalton Highway			MP 37-49	Reconstruction.
2	NHS	Dalton Highway			MP 49-56	Reconstruction.
2	NHS	Dalton Highway			MP 56-90	Reconstruction.
1	NHS	Dalton Highway			MP 111-143	Reconstruction.
1	NHS	Dalton Highway			MP 143-174	Reconstruction.
2	NHS	Dalton Highway			MP 209-235	Reconstruction.
1	NHS	Dalton Highway			MP 235-247	Reconstruction.
1	NHS	Dalton Highway			MP 247-274	Reconstruction.
1	NHS	Dalton Highway			MP 274-289	Reconstruction.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
1	NHS	Dalton Highway			MP 289-305	Reconstruction.
1	NHS	Dalton Highway			MP 305-335	Reconstruction.
1	NHS	Dalton Highway			MP 335-359	Reconstruction.
2	NHS	Dalton Highway			MP 415-420	Reconstruction.
2	TRAAK	Dalton Highway	North Slope		MP 275 - Galbraith Lake Campground	Includes recreational vehicle and tent camp sites, parking area, restrooms, kiosk, and well.
2	TRAAK	Dalton Highway	North Slope		TE: Doadhorse Wayside	Construct pullout between mile 384 and Doadhorse. Includes interpretive panels and informational signs.
3	TRAAK	Dalton Highway	North Slope		TE: MP 235 - Upper Dietrich River Wayside	Provide a parking area, restrooms, and trash cans for visitors and commercial vehicles.
3	TRAAK	Dalton Highway	North Slope		TE: MP 252 - Spiko Crook Camp Wayside	Provide safe, adequate parking.
3	TRAAK	Dalton Highway	North Slope		TE: MP 261-265 - Atigun Valley Wayside	Construct parking sites and interpretive panels between MP 261 and 265.
1	TRAAK	Dalton Highway	North Slope		TE: MP 275 - Galbraith Lake Wayside	Includes parking, toilets, picnic tables, and interpretive signs.
2	TRAAK	Dalton Highway	North Slope		TE: MP 286 - Toolik Lake Overlook	Includes parking area and interpretive panels.
3	TRAAK	Dalton Highway	North Slope		TE: MP 348 - Sag River Overlook	Includes an interpretive panel and adequate, safe parking.
3	TRAAK	Dalton Highway	North Slope		TE: MP 395 - Arctic Coastal Plain Wayside	Includes parking areas on both sides of the highway and interpretive panels.
2	TRAAK	Dalton Highway	Unorganized		MP 57 - Yukon Crossing Intermodal Facility	Planning, design and construction of intermodal facilities at the Yukon River boat/barge landing site. Includes access, storage area and parking.
3	TRAAK	Dalton Highway	Unorganized		MP 60 - Campground	Includes recreational vehicle camping area, a tent camping area, parking area, picnic area, activity field and boat launch area.
3	TRAAK	Dalton Highway	Unorganized		MP 115 - Arctic Circle Campground	Include development of RV and tent camping sites, sanitary facilities, picnic tables, and information/interpretation kiosk.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
3	TRAAK	Dalton Highway	Unorganized		MP 135 - Prospect Camp	Includes boat ramp, picnic area, sanitary facilities, an interpretive panel and an informational sign.
4	TRAAK	Dalton Highway	Unorganized		MP 167 Middle Fork Koyukuk River Access	Minor upgrade and culvert crossing.
4	TRAAK	Dalton Highway	Unorganized		MP 188.6 Middle Fork Koyukuk River Access	Improve access road, upgrade and enlarge parking area.
2	TRAAK	Dalton Highway	Unorganized		MP 207 - Bettles River Access	Provide parking spaces and improve access to the Dietrich-Bettles Rivers. Improve access to a back country trail.
3	TRAAK	Dalton Highway	Unorganized		TE: MP 0 - Livengood Pullout	Includes two interpretive panels and sanitary facilities.
3	TRAAK	Dalton Highway	Unorganized		TE: MP 20 - Hess Creek Wayside	Includes two interpretive panels.
1	TRAAK	Dalton Highway	Unorganized		TE: MP 56 - Yukon River Overlook	Includes a parking area, an interpretive trail, viewing deck, and 4 interpretive panels. Across from BLM Visitor Contact Station and private visitor facilities.
1	TRAAK	Dalton Highway	Unorganized		TE: MP 57 - Yukon Crossing Wayside/Interpretive Center	Includes road, parking and interpretive exhibits.
3	TRAAK	Dalton Highway	Unorganized		TE: MP 86 - Yukon Flats Overlook	Includes parking spaces, viewing deck and three interpretive signs.
1	TRAAK	Dalton Highway	Unorganized		TE: MP 132 - Solstice Point Recreation Site	Includes parking for sightseeing, interpretation, and hiking.
1	TRAAK	Dalton Highway	Unorganized		TE: MP 150 - Grayling Lake Wayside	Includes parking space for cars and buses, restrooms, trash cans, and interpretive signs.
2	TRAAK	Dalton Highway	Unorganized		TE: MP 165 - Cathedral Lakes Overlook	Includes parking area and trail to provide a watchable wildlife viewing location.
1	TRAAK	Dalton Highway	Unorganized		TE: MP 175 - Coldfoot Wayside Interpretive Center	Includes parking and interpretive exhibits.
2	TRAAK	Dalton Highway	Unorganized		TE: MP 215 - Arctic Loon Ponds Overlook	Create a parking area to provide watchable wildlife and fishing opportunities.
4	TRAAK	Denali Highway	Denali		TE: MP 115 - Nenana River Viewpoint	Provide parking and signing for a viewing and interpretive site.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
2	TRAAK	Denali Highway	Denali		TE: MP 130 - Information and Orientation Wayside	Construct an information and orientation wayside. This site will provide viewing point of Mt. McKinley and a short trail.
1	CTP	Denali Highway	Matanuska - Susitna		MP 80-104 Resurfacing	Rehabilitation including grading, drainage and surfacing improvements from the Susitna River (MP 80) to Brushkana Creek (MP104). After addition of new surface aggregate the surface will either be paved or calcium chloride will be applied to bind the surface.
2	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 36 - MacLaren Summit Wayside	Provide parking space at the summit and interpretation features.
3	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 37 - MacLaren River Wayside and Trailheads	Expand parking, install trailhead kiosk, information signs, entry sign and interpretation feature. Also includes a viewing platform and short walkway.
3	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 40 - Seven Mile Lake Trail	Construct parking area and trailhead structures; kiosk, entry sign.
3	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 41 - Kettle Lakes Wayside	Construct a parking area, interpretive sign and entry sign.
2	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 42 - Geologic Point of Interest	Provide parking, viewing platform and interpretation feature.
4	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 43 - MacLaren Glacier Wayside	Construct a parking area, a short trail and viewing platform and install entry and interpretive signs.
3	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 44 - MacLaren River Road Trailhead	Construct trailhead facility with kiosk and information sign.
3	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 46 - Geologic Point of Interest and Trailhead	Expand parking, construct a small viewing platform and install signs.
4	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 48 - Wildlife Point of Interest	Construct wayside and interpretive sign regarding beaver.
4	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 50 - Wildlife Point of Interest	Construct wayside to observe waterfowl.
4	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 51 - Moore Camp Trail	Provide trailhead parking and information signs.
4	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 55 - Clear Water Creek Trail	Improve trailhead parking and install sign for trail information.
3	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 59 - Geologic Point of Interest (Eskot)	Expand the parking at this location and install an entry sign, two interpretive signs, and two promontory signs.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
4	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 69 - Osar Creek Trail	Improve trailhead parking and install sign for trail information.
3	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 77 - Geologic Point of Interest (Tadus Slopes)	Construct parking and install interpretive sign, ontry sign and two premonitory signs.
4	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 78 - Windy Creek Trail	Improve trailhead parking. Install sign for trail information plus two premonitory signs.
4	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 79 - Valdez Creek Trailhead and Susitna River Wayside	Includes parking and trailhead features, identification sign, information sign, two premonitory signs, and interpretive site.
3	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 80 - Butte Creek and Snodgrass Lake Trailheads	Includes parking and trailhead features, identification sign, information sign and two premonitory signs.
4	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 80 - Hatchot Lako Trail	Improve trailhead parking. Install signs for trail information and two premonitory signs.
4	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 83 - Valdez Creek Mine Wayside	Convert abandoned materials site into parking area. Include identification sign, interpretive signs and two premonitory signs.
4	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 85 - Denali Viewpoint	Convert abandoned materials site into parking area. The project includes parking, an all purpose trail of 600 yards length, and signing.
4	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 89 - Wildlife Point of Interest	Construct parking area and signs for interproting the wildlife.
3	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 94 - Butte Lake Trailhead	Construct parking area and trailhead improvements. Install identification sign, information sign and two premonitory signs.
4	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 95 - Monahan Flats Trailhead	Construct parking area and trailhead improvements. Install identification sign, information sign and two premonitory signs.
4	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 100 - Jim Grimos Trailhead #1	Construct parking area and trailhead improvements. Install identification sign, information sign and two premonitory signs.
4	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 100 - Jim Grimos Trailhead #2	Construct parking area and trailhead improvements. Install identification sign, information sign and two premonitory signs.
3	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 101 - Botanical Point of Interest/Continental Divide	Construct parking area and install signing for an interpretive turnout.
3	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 105 - Brushkana Creek Trailhead	Parking and trailhead improvements, including identification sign, information sign and two premonitory signs.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
4	TRAAK	Denali Highway	Matanuska - Susitna		TE: MP 110 - Seattle Creek Trailhead	Install parking identification sign, information sign, trailhead features and two premonitory signs.
1	CTP	Denali Highway	Unorganized		MP 21-42 Resurfacing	Rehabilitation including grading, drainage and surfacing improvements and two bridges. This segment extends from the end of the current paving to the McClaron River. After addition of new surface aggregate the surface will either be paved or calcium chloride will be applied to bind the surface.
3	TRAAK	Denali Highway	Unorganized		TE: Denali Highway Interpretive Signs	Construct 2 interpretive kiosks and 20 additional interpretive signs.
3	TRAAK	Denali Highway	Unorganized		TE: MP 6 - Information and Orientation Wayside	Construct information and orientation wayside.
4	TRAAK	Denali Highway	Unorganized		TE: MP 13 - Wrangell Mountain Viewpoint	Improve existing paved turnout. Includes two premonitory signs, an entry sign and interpretive sign, and a short trail.
2	TRAAK	Denali Highway	Unorganized		TE: MP 15 - Tangle Lakes Archaeological District Wayside	Construct wayside with parking and interpretive signs.
3	TRAAK	Denali Highway	Unorganized		TE: MP 17 - Swede Lake Trailhead	Grade abandoned material site, construct kiosk and signing.
4	TRAAK	Denali Highway	Unorganized		TE: MP 22 - Delta National Wild and Scenic River Wayside and Trailhead	Reconstruct area on south side of the highway currently used as a boat launch and campground. Change to a day use only and designate as trailhead for the Delta National Wild and Scenic River the Gulkana National Wild River.
3	TRAAK	Denali Highway	Unorganized		TE: MP 22 - Landmark Gap Wayside	Construct wayside and interpretive signing.
1	TRAAK	Denali Highway	Unorganized		TE: MP 22 - Tangle Lakes/Delta Wild River Trailhead	Construct an information and orientation wayside.
3	TRAAK	Denali Highway	Unorganized		TE: MP 25 - Landmark Gap Trailheads	Includes parking and trailhead improvements for Landmark Gap Trails North and South. Also includes kiosk and signing.
4	TRAAK	Denali Highway	Unorganized		TE: MP 31 - Glacier Lake Trailhead	Increase size of parking area, add a trail kiosk and identification signs.
1	CTP	Edgerton Highway	Unorganized		Rehabilitation	Rehabilitate the 35 mile long Edgerton Highway from the Richardson Highway to Chitina.
4	TRAAK	Edgerton Highway	Unorganized		TE: Bike Path	Construct an 8-mile long pedestrian/bicycle facility along the Edgerton Highway from the Richardson Highway to Kenny Lake.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
1	NHS	Elliott Highway			MP 0-4	Reconstruction.
3	TRAAK	Elliott Highway	Fairbanks North Star		TE: MP 11 - Chatanika Wayside Rehabilitation	Improve the access road, parking area and sanitary facilities and add landscaping and informational kiosks at the Chatanika River Wayside.
4	TRAAK	Elliott Highway	Fairbanks North Star		TE: MP 39 - Grapofruit Rocks Trailhead	Construct 2 highway pull-offs, interpretive and information signs, and trash receptacles; trail enhancement and construction; selective clearing for scenic views.
1	CTP	Elliott Highway	Unorganized		MP 131-137 Reconstruction (Eureka-Baker Creek)	Reconstruction between MP 131 (Eureka Junction) and MP 137 (Baker Creek). Includes reconstruction of the one-lane Baker Creek Bridge at MP 137.
4	TRAAK	Elliott Highway	Unorganized		TE: MP 74-152 Livengood-Manley Scenic Waysides	Construct a wayside on the Elliott Highway between Eureka and Manley including landscaping, parking areas, trails, sanitary facilities and informational and interpretive signs.
4	TRAAK	Elliott Highway	Unorganized		TE: MP 152: Manley Slough Bridge Pedestrian Walkway	Attach a pedestrian walkway to the one-lane Elliott Highway bridge over Manley Slough.
3	NHS	Glenn Highway	Anchorage		South Eagle River Access Interchange	Construct a new interchange at Eagle River Loop Road and Hiland Drive, a new interchange at the Eagle River Loop Road extension and the Glenn Highway, and a 1.5-mile road to connect the two interchanges.
1	NHS	Glenn Highway	Anchorage	Anchorage	Gambell Street to McCarrey Street Reconstruction	Reconstruct from Gambell Street to McCarrey Street, as recommended in the AMATS 1991 long range transportation plan, to meet long-term capacity needs.
3	NHS	Glenn Highway	Anchorage	Anchorage	Muldoon Road-Hiland Road Lighting Safety Improvements	Relocate existing lighting back from the edge of the highway to offset standards. Conduit will be installed at new wiring locations.
3	TRAAK	Glenn Highway	Anchorage	Anchorage	TE: Anchorage Visitors Information Center at Eagle River	Design and construct a new visitors information center adjacent to the Glenn Highway in Eagle River. The center will provide information on local tourist opportunities, traffic and parking, commercial activities, and rest stop facilities.
3	NHS	Glenn Highway	Anchorage	Anchorage	Weigh Stations Facilities Upgrade	Upgrade weigh station facilities on the Glenn Highway in the Anchorage area.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
3	NHS	Glenn Highway	Anchorage	Anchorage	Weigh Stations Relocation	Relocate the existing weigh stations south on the Glenn Highway to a site between the new armory and the Fort Richardson interchange. Includes weigh-in-motion equipment and a weights and measures building. The site development will also include a vehicle inspection building to be run by the troopers.
1	NHS	Glenn Highway	Matanuska - Susitna		Eklutna to Parks Highway Advance Right-of-Way	Purchase right-of-way for the intersection of the Glenn Highway and Parks Highway. This acquisition will preserve right-of-way for future interchanges at the Glenn and Parks Highways and the Parks Highway and Trunk Road.
1	NHS	Glenn Highway	Matanuska - Susitna		MP 53-56 Rehabilitation - Moose Creek Canyon	Rehabilitate from MP 53 to MP 56, including replacement of the Moose Creek Bridge.
1	NHS	Glenn Highway	Matanuska - Susitna		MP 56-60 Rehabilitation - Moose Creek/Sutton	Rehabilitate from the end of recent construction at MP 56 to MP 60.
1	NHS	Glenn Highway	Matanuska - Susitna		MP 60-68 Rehabilitation-Sutton	Rehabilitate from MP 60 to MP 68.
1	NHS	Glenn Highway	Matanuska - Susitna		MP 68-84 Rehabilitation-Chickaloon	Rehabilitate from Kings River (MP 68) to just past Bonnie Lake Road (MP 84). The major realignments will be near Fish Lakes Road (MP 72) and the Chickaloon River (MP 78).
1	NHS	Glenn Highway	Matanuska - Susitna		MP 84-92 Rehabilitation-Long Lake	Rehabilitate and realign from approximately MP 85 (Long Lake) to MP 92 (Cascade). Includes enhancements to Long Lake wayside.
1	NHS	Glenn Highway	Matanuska - Susitna		MP 92-97 Rehabilitation-Hicks Creek	Rehabilitate from MP 92 (1 mile west of the Cascade Maintenance & Operations station) to MP 97 (just east of Hicks Creek). Replace the Hicks Creek Bridge (# 0547).
1	NHS	Glenn Highway	Matanuska - Susitna		MP 97-100 Rehabilitation-Pinochlo Hill	Rehabilitate and realign about 3 miles of the Glenn Highway from just east of Hicks Creek (MP 97) to 100-Mile Lake.
1	NHS	Glenn Highway	Matanuska - Susitna		MP 100-109 Rehabilitation	Rehabilitate from approximately MP 100 to MP 109. Includes widening the roadway and shoulders, installing guardrails, minor realignments and grade improvements. Relocate the Canbou Creek Bridge (# 0548) downstream of its present location.
1	NHS	Glenn Highway	Matanuska - Susitna		MP 109-118 Rehabilitation-Regional Boundary	Rehabilitate from MP 109 to MP 118. The abandoned alignment between MP 115 and 118 will provide access to the Chickaloon-Knik-Neichina Trail. Three pulloffs will be included.
4	TRAAK	Glenn Highway	Matanuska - Susitna		TE: MP 120.5 - Interpretive Site	Purchase 40 acre rock quarry and develop into paleontologic interpretive wayside.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
4	TRAAK	Glenn Highway	Matanuska - Susitna		TE: MP 137 - Little Nelchina Wayside	Improve the access road and parking area at Little Nelchina Rest Stop at MP 137 Glenn Highway.
3	TRAAK	Glenn Highway	Matanuska - Susitna		TE: Knik River Pullout	Improve the Knik River pullout and boat launch on the Glenn Highway.
1	TRAAK	Glenn Highway	Matanuska - Susitna		TE: Matanuska Glacier Scenic Overlook	Improve the existing scenic overlook with pathways, landscaping and viewing decks.
3	TRAAK	Glenn Highway	Matanuska - Susitna		TE: North Anchorage Snowmachine Trail	Construct a continuous snowmachine trail from Anchorage to the Mat-Su Valley.
3	TRAAK	Glenn Highway	Matanuska - Susitna		TE: Palmer Hay Flats State Game Refuge Wayside	Provide two roadside pull-offs for wildlife viewing with parking, viewing decks and interpretation.
3	NHS	Haines Highway	Haines	Haines	*Y* Intersection to Airport Road	Rehabilitate roadway.
1	NHS	Haines Highway	Haines	Haines	Airport Road to Chilkat River Bridge	Design and reconstruction to uniform 36-foot-wide typical section of roadway, providing increased lane width and shoulders, along with minor realignment as needed to provide 55 mph operations. Reconstruct Chilkat River Bridge to current standards.
1	NHS	Haines Highway	Haines	Haines	Big Boulder Creek to North Mackenzie Loop Road	Design and reconstruction to uniform 36-foot-wide typical section of roadway, providing increased lane width and shoulders, along with minor realignment as needed to provide 55 mph operations.
1	NHS	Haines Highway	Haines	Haines	Chilkat River Bridge to Mosquito Lake Road	Design and reconstruction to uniform 36-foot-wide typical section of roadway, providing increased lane width and shoulders, along with minor realignment as needed to provide 55 mph operations.
1	NHS	Haines Highway	Haines	Haines	Ferry Terminal to Junction with Front Street	Design and reconstruction to uniform 36-foot-wide typical section of roadway, providing increased lane width and shoulders, along with minor realignment as needed to provide 55 mph operations.
1	NHS	Haines Highway	Haines	Haines	Mosquito Lake Road to Muncaster Creek	Design and reconstruction to uniform 36-foot-wide typical section of roadway, providing increased lane width and shoulders, along with minor realignment as needed to provide 55 mph operations.
1	NHS	Haines Highway	Haines	Haines	Muncaster Creek to Little Boulder Creek	Design and reconstruction to uniform 36-foot-wide typical section of roadway, providing increased lane width and shoulders, along with minor realignment as needed to provide 55 mph operations.
1	NHS	Haines Highway	Haines	Haines	North Mackenzie Loop Road to Canadian Border	Design and reconstruction to uniform 36-foot-wide typical section of roadway, providing increased lane width and shoulders, along with minor realignment as needed to provide 55 mph operations.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
1	TRAAK	Haines Highway	Haines	Haines	TE: Haines Highway Eagle Viewing Areas/Turnouts	Construct viewing areas, turnouts, and trails between MP19 and MP 21.
2	NHS	Klondike Highway	Unorganized	Skagway	Dyea Road to Canadian Border	Design and construction of snow and avalanche control structures at various locations adjacent to highway in order to reduce maintenance expenses and ensure safety and useability during the winter months.
1	NHS	Marine Highway			Compliance Monitoring and Communications	Design and implement a computer network aboard the vessels of the fleet and connect the vessel computer networks to the established shore computer network using cellular communications. This integrated computer communications network will be used to monitor regulatory compliance, maintenance management, and inventory, and will provide real time communications.
3	NHS	Marine Highway			Fleetwide Asbestos Abatement	Remove the remaining asbestos from the vessels of the AMHS.
3	NHS	Marine Highway			Fleetwide Lead Paint Abatement	Removing all red lead primer and lead-based paint from the AMHS fleet. All exterior surfaces will be sandblasted to remove lead-based paint and repainted to meet current codes.
3	NHS	Marine Highway			Fleetwide Lounge Conversion	Convert the bar area of the vessels to lounges which can be used for pizza and espresso service or conference areas.
2	NHS	Marine Highway			M/V Aurora Auxiliary/Main Repower	Renew ship service generator sets, rebuild main propulsion engines, and their associated structural, electrical and mechanical systems. Upgrade switchboard and power panel components, enlarge EOS, and blast and paint some tanks.
2	NHS	Marine Highway			M/V Aurora Bridge Deck Renovations	Completely renovate the wheelhouse, staterooms (crew), and passageways on the bridge deck. Renew carpet and deck tile, underlayment, bulkhead and ceiling panels, and fixtures. Renew sinks, berths, and lockers. Renew all piping and upgrade ventilation and wiring, as necessary, in affected areas. Update bridge console and modify same to provide better view of forecastle from the conning station. Remove asbestos-containing materials. Renew navigation equipment.
1	NHS	Marine Highway			M/V Aurora Deck Renovation	Preliminary engineering for M/V Aurora deck renovation projects.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
2	NHS	Marine Highway			M/V Aurora Gallery Deck Renovation	Completely renovate the crew's quarters, passageway, and shower, toilet and storage facilities on the gallery deck including removal of carpet and deck tile, underlayment, bulkhead, ceiling panels, sinks, berths, lockers, and fixtures. Renew all piping and upgrade ventilation and wiring, as necessary, in affected spaces. Install vanities in lieu of current sinks. Remove all asbestos-containing materials.
2	NHS	Marine Highway			M/V Aurora Prom Deck Renovation	Completely renovate the upper deck including observation lounge, public restrooms, hospital room, foyer and purser's space, midship lounge, crew and officer messes, galley, coffee shop and lounge. Renew carpet and deck tile, underlayment, bulkhead and ceiling panels and fixtures. Renew all piping and upgrade ventilation and wiring, as necessary. Remove all asbestos-containing materials.
1	NHS	Marine Highway			M/V Aurora Shipboard Waste Handling System	Construct vessel systems that will comply with regulations for handling the volumes and type of solid and liquid wastes produced aboard ship. Includes garbage and trash, petroleum, chemicals, and sewage wastes. Design completed as part of the fleetwide Shipboard Waste Handling System project.
1	NHS	Marine Highway			M/V Aurora SOLAS Compliance Fire Safety	Construct vessel modifications required by new SOLAS (Safety of Life at Sea) fire safety regulations.
1	NHS	Marine Highway			M/V Bartlett Replacement	Construct a new vessel to service Prince William Sound.
1	NHS	Marine Highway			M/V Bartlett SOLAS Compliance Fire Safety	Construct vessel modifications required by new SOLAS (Safety of Life at Sea) fire safety regulations.
3	NHS	Marine Highway			M/V Columbia Galley	Modify the galley, dining room, cafeteria, lounges and other public spaces.
1	NHS	Marine Highway			M/V Columbia Hotel Renovation	Add new cabin spaces, renovate existing cabins, lounges and other public spaces, replace navigation equipment and communication electronics and other machineries.
3	NHS	Marine Highway			M/V Columbia Lifeboat/Liferafts	Add lifeboats, rescue boats, liferafts and escape chutes and other equipment required by Safety of Life at Sea (SOLAS) regulations.
2	NHS	Marine Highway			M/V Columbia Shipboard Waste Handling System	Construct vessel systems that will comply with regulations for handling the volumes and types of solid and liquid wastes produced aboard ship. Includes garbage and trash, petroleum, chemicals, and sewage wastes. Design was completed as part of the fleetwide Shipboard Waste Handling System project.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
1	NHS	Marine Highway			M/V Columbia SOLAS Compliance-Fire Safety	Construct vessel modifications required by new SOLAS (Safety of Life at Sea) regulations.
3	NHS	Marine Highway			M/V LeConte Auxiliary/Main Repower	Replace the main engines, auxiliaries, switchboard, engineers control station and electrical distribution.
2	NHS	Marine Highway			M/V LeConte Deck Renovation	Renovate bridge deck, gallery deck and upper deck.
2	NHS	Marine Highway			M/V LeConte Shipboard Waste Handling System	Construct vessel systems that will comply with regulations for handling the volumes and types of solid and liquid wastes produced aboard ship. Includes garbage and trash, petroleum, chemicals, and sewage wastes. Design completed as part of the fleetwide Shipboard Waste Handling System project.
1	NHS	Marine Highway			M/V LeConte SOLAS Compliance Fire Safety	Construct vessel modifications required by new SOLAS (Safety of Life at Sea) fire safety regulations.
3	NHS	Marine Highway			M/V Malaspina DayBoat Conversion	Preliminary engineering and construction for modifications to all spaces on the cabin deck, boat deck, and navigation deck. Install NVIC-required sprinkler system, smoke detection and fire alarm system and fire door indicator system. Replace various dock machineries and navigation equipment.
3	NHS	Marine Highway			M/V Malaspina Main Deck and Auxiliary Systems	Replacement of the main propulsion train (engines, reduction gears, shafting, bearings, propellers, control and alarm system, new engineer operating station, bridge and bridge wing control consoles, new related piping systems and ancillary equipment structural fire protection self-closing doors to machinery spaces). Includes bow thruster refurbishment, replacement of main deck steel and shell plate and elevator refurbishment.
3	NHS	Marine Highway			M/V Malaspina NVIC and Door Modifications	Safety of Life at Sea (SOLAS)-required lifesaving equipment, new vehicle loading doors and monitoring equipment, NVIC (Navigation and Vessel Inspection Circular)-required main deck vent system modifications, structural fire protection, galley exhaust fire extinguishing system and self-contained emergency lighting.
1	NHS	Marine Highway			M/V Malaspina SOLAS	Construct vessel modifications required by new SOLAS (Safety of Life at Sea) fire safety regulations and replace radars.
1	NHS	Marine Highway			M/V Malanuska Deck Renovation	Renovate boat deck, cabin deck forward, cabin deck aft, and sun deck.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
1	NHS	Marine Highway			M/V Matanuska Life Boat and Structural Renowal	Remove old life boats and davits and replace with modern gravity davits and semi-enclosed motorized life boats. Remove old life rafts and replace with new life rafts and new stowage/deployment racks. Install new life raft boarding appliance (evacuation chute). Install rescue boat. Replace radars, gyro and repeaters.
1	NHS	Marine Highway			M/V Matanuska Shipboard Waste Handling System	Construct vessel systems that will comply with regulations for handling the volumes and types of solid and liquid wastes produced aboard ship. Includes garbage and trash, petroleum, chemicals, and sewage wastes. Design completed as part of the fleetwide Shipboard Waste Handling System project.
1	NHS	Marine Highway			M/V Matanuska SOLAS Compliance Fire Safety	Construct vessel modifications required by new SOLAS (Safety of Life of Sea) fire safety regulations.
2	NHS	Marine Highway			M/V Taku Auxiliary Repower	Design and develop plans, specifications, and estimates for replacement of generator sets; upgrade switchboards and distribution panels, sandblast and recoat some tanks and voids, and other construction as necessary for prudent asset management.
2	NHS	Marine Highway			M/V Taku Boat Deck Refurbishment	Renovate the boat deck. Renew carpet and deck tile, underlayment, bulkhead and ceiling panels, fixtures and piping. Provide appropriate facilities, fixtures and markings for handicapped passengers. Renew all piping and upgrade ventilation and wiring, as necessary, in affected spaces.
2	NHS	Marine Highway			M/V Taku Cabin Deck Renovation	Renovate cabin deck. Renew carpet and deck tile, underlayment, bulkhead and ceiling panels, fixtures and piping. Provide appropriate facilities, fixtures and markings for handicapped passengers. Renew all piping and upgrade ventilation and wiring, as necessary, in affected spaces.
2	NHS	Marine Highway			M/V Taku Hotel and Structural Renovations	Renew some structural steel, cosmetically renovate hotel spaces, including carpet.
2	NHS	Marine Highway			M/V Taku Quarters Renovation	Renovate gallery and second deck crew quarters. Rebuild anchor windlass/wildcat and capstans.
2	NHS	Marine Highway			M/V Taku Refurbishment	Renovate the bridge and sun decks. Renew carpet and deck tile, underlayment, bulkhead and ceiling panels, and fixtures. Provide appropriate facilities, fixtures and markings for handicapped passengers. Renew all piping and upgrade ventilation and wiring, as necessary, in affected spaces.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
1	NHS	Marine Highway			M/V Taku Steam/Gray Water/Asbestos	Design and develop plans, specifications, and estimates to: install back-up steam source, rebuild auxiliary boiler refractory and controls; reroute grey water drains and provide holding/processing unit, if required; replace asbestos-containing materials, except gallery and second decks; identify, describe, and plan for construction of other necessary work to insure regulatory compliance and prudent asset protection.
3	NHS	Marine Highway			M/V Tustumena Car Elevator Overhaul	Major overhaul of the car elevator and cargo handling equipment.
3	NHS	Marine Highway			M/V Tustumena Navigation Equipment and Electronics	Replace the bridge electronics and navigation equipment.
2	NHS	Marine Highway			M/V Tustumena Shipboard Waste Handling System	Construct vessel systems that will comply with regulations for handling the volumes and types of solid and liquid wastes produced aboard ship. Includes garbage and trash, petroleum, chemicals, and sewage wastes. Design completed as part of the fleetwide Shipboard Waste Handling System project.
1	NHS	Marine Highway			Multi-Purpose Replacement Vessel	Construction of a new multi-functional vessel capable of serving the Southwest and Southeast ferry systems, and crossing the Gulf of Alaska. In addition, the vessel will be capable of oil spill response.
3	NHS	Marine Highway			Passenger Accommodation Upgrade	Upgrade the staterooms on the AMHS vessels.
1	NHS	Marine Highway			Prince Rupert Mooring Improvements	Replace marine structures at the Prince Rupert terminal.
1	NHS	Marine Highway			Prince Rupert Uplands Improvements	Pave the Prince Rupert terminal site and replace the perimeter fence.
3	NHS	Marine Highway			Shoreside Facilities Condition Survey and Master Plan	Provide a reconnaissance report outlining the work required to extend the usefulness of the shoreside facilities through the next 20 years.
1	NHS	Marine Highway			SOLAS Compliance-Damaged Stability	Construct vessel modifications required by new SOLAS (Safety of Life at Sea) regulations.
1	NHS	Marine Highway	Haines	Haines	Haines Mooring Improvements	Rehabilitation or replacement of shootpile bulkhead & bulkhead fendering system, and timber catwalks. Construction of new gangway to west tower, replacement for timber dolphin fendering, repower for lift system, and water system to ships.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
1	NHS	Marine Highway	Haines	Haines	TE: Haines Ferry Terminal	Design and construct transportation enhancements at Haines ferry terminal, including design, fabrication and installation of an interpretive exhibit in the ferry terminal.
1	NHS	Marine Highway	Junoau	Junoau	Auko Bay Staging Area Expansion	Expansion of the ferry traffic staging area and adding adjacent highway safety improvements.
1	TRAAK	Marine Highway	Junoau	Junoau	TE: Auko Bay Ferry Terminal	Design and construct transportation enhancements at Auko Bay ferry terminal. Includes design, fabrication and installation of an interpretive exhibit in the ferry terminal, as well as improved facilities for pedestrians and bicyclists.
1	NHS	Marine Highway	Kenai Peninsula	Homer	Homer Mooring Improvements	Replace the existing Homer ferry terminal marine structures.
1	NHS	Marine Highway	Kenai Peninsula	Homer	Homer Terminal Building and Park	Design and construct a new terminal building adjacent to the old Homer city dock. Design and construct a park adjacent to the ferry terminal.
2	NHS	Marine Highway	Kenai Peninsula	Seward	Seward Ferry Terminal Improvements	Design a new ferry terminal at Seward.
2	NHS	Marine Highway	Kodiak Island	Kodiak	Kodiak Ferry Terminal	Build a new ferry terminal at Kodiak.
2	NHS	Marine Highway	Sitka	Sitka	Sitka Uplands Improvements	Construct an expanded traffic staging area, including a covered walkway, a bike path, and other transportation enhancements.
1	TRAAK	Marine Highway	Sitka	Sitka	TE: Sitka Walkway	Construct a six foot wide pedestrian walkway, extending from the Sitka Ferry Terminal to the "STARR" project, a cooperative recreational project consisting of a campground, artesian well, hiking trails, and a bird viewing deck.
2	NHS	Marine Highway	Unorganized	Petersburg	Petersburg Mooring Structure Improvements	Upgrade the southern dolphin to load-in turning/breasting standard. Upgrade the fender system on the dolphin 198' south of the transfer bridge. Relocate the existing seaplane float currently attached to the transfer bridge approach.
2	NHS	Marine Highway	Unorganized	Petersburg	Petersburg Terminal Building Expansion	Remodel and expand the existing ferry terminal building to provide adequate office space and waiting area.
1	NHS	Marine Highway	Unorganized	Petersburg	Petersburg Uplands Improvements	Acquire right-of-way for an expanded traffic staging area.
2	NHS	Marine Highway	Unorganized	Skagway	Skagway Dock Modifications and Improvements	Modify the Skagway ferry terminal facility to allow stern loading of vessels in Skagway.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
1	NHS	Marine Highway	Unorganized	Valdez	Valdez Terminal Replacement	Acquire right-of-way and replace all existing facilities at the Valdez ferry terminal.
4	TRAAK	Parks and Denali Highways	Denali		TE: Nenana River Access Corridor	Construct 4 parking/river access facilities along the Nenana River.
1	NHS	Parks Highway			Geist-Chona Ridge Interchange	Construct new highway interchange at the intersection of the Parks Highway, Geist Road and Chona Ridge Road.
1	NHS	Parks Highway			Hurricane Gulch Bridge #258	Repair.
1	NHS	Parks Highway			Kingfisher Creek Bridge #697	Repair.
3	NHS	Parks Highway			Nonana Canyon Safety/Access Improvements	Design and construct safety and access improvements between mileposts 238 and 240. Improvements may include: improved sight distances, consolidated vehicle access points, consolidated pedestrian crossing points, separated bicycle and pedestrian facilities, frontage roads and additional traffic control devices.
1	NHS	Parks Highway			Nonana River Bridge #1147	Repair.
1	TRAAK	Parks Highway	Denali		TE: Denali Park Pedestrian Access Safety Improvements	Construct pedestrian pathway linking the commercial development in the Nonana Canyon on the Parks Highway with the Denali Park Visitor Access Center.
2	TRAAK	Parks Highway	Fairbanks North Star		TE: MP 305-351: Fairbanks to Nenana Scenic Waysides	Improve existing overlooks between Fairbanks and Nenana including brushing, landscaping and sanitary facilities.
1	NHS	Parks Highway	Matanuska - Susitna		Glenn Highway to Church Street Rehabilitation	Construct a multi-lane facility (four lanes with frontage roads) from the Glenn Highway interchange to Church Street
1	NHS	Parks Highway	Matanuska - Susitna		MP 37-44 Rehabilitation-Soward Meridian Road to Church Street	Upgrade to four lanes with frontage roads.
1	NHS	Parks Highway	Matanuska - Susitna		MP 37-44 Fairview Loop-Gorshmer/Hyer Road Interchange	Construct an interchange at the Parks Highway and Fairview Loop Road

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
1	NHS	Parks Highway	Matanuska - Susitna		MP 37-44 Rehabilitation-Crusey Road to Seward Meridian Road	Upgrade from Crusey Street to Seward Meridian Road to a multi-lane facility (four- and five-lane divided highway with frontage roads are options to be evaluated).
1	NHS	Parks Highway	Matanuska - Susitna		MP 37-44 Seward Meridian Interchange	Construct an interchange at the junction of the Parks Highway and Seward Meridian Road.
3	NHS	Parks Highway	Matanuska - Susitna		MP 52-58 Rehabilitation	Relocate utilities, acquire right-of-way and rehabilitate from MP 52-57 (Big Lake Road to Houston), widen the highway shoulders, resurface the highway, and make minor safety and geometric improvements. Construct a grade-separated railroad crossing at MP 56.5. Rehabilitate the bridge over the Little Susitna River.
3	NHS	Parks Highway	Matanuska - Susitna		MP 58-66 Rehabilitation	Rehabilitate from Houston to MP 66.5 (just south of White's Crossing). Widen the highway to 40 feet and resurface the highway. Includes minor geometric and safety improvements.
3	NHS	Parks Highway	Matanuska - Susitna		MP 66-72 Rehabilitation	Rehabilitate from White's Crossing (MP 66.5) to just north of the Willow Creek Bridge (MP 72). Widen the highway to a 40-foot surface, resurface the highway, and make minor safety and geometric improvements. Construct a highway overpass over the Alaska Railroad at White's Corner (MP 66.6). Rehabilitate the Willow Creek Bridge which will be brought up to current width, seismic and loading standards.
3	NHS	Parks Highway	Matanuska - Susitna		MP 72-83 Rehabilitation	Rotomil and repave two inches from shoulder to shoulder. Apply thermoplastic striping.
3	NHS	Parks Highway	Matanuska - Susitna		Su-Valley High School Intersection	Provide turn lanes and illumination at the Su-Valley High School driveway and Talkootna Road on the Parks Highway.
1	TRAAK	Parks Highway	Matanuska - Susitna		TE: MP 185 East Fork Wayside	Repairs and improvements including toilets, shelter, parking, pathways and access.
3	TRAAK	Parks Highway	Matanuska - Susitna		TE: Curry Ridge Trailhead	Construct 2 new trailheads at MP 140 and 156 of the Parks Highway. Construct 9 miles of new trail to connect to the Curry Ridge and Kesugi Ridge trails.
1	TRAAK	Parks Highway	Matanuska - Susitna		TE: Donah View South	Construct a roadside scenic viewpoint at MP 135 of the Parks Highway to include parking area interpretation, pathways, landscaping, and restrooms.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
1	NHS	Parks Highway	Matanuska - Susitna	Wasilla	MP 37-44 Rehabilitation-Lucus Road to Crusey Street	Rehabilitate the existing five-lane facility from Lucus Road to Crusey Street. Upgrade the Parks Highway from Crusey Street to Seward Meridian Road to a multi-lane facility (four- and five-lane divided highway with frontage roads are options to be evaluated).
1	NHS	Richardson Highway			Egan Drive at Valdez	Resurface, rehabilitate, and restore.
1	NHS	Richardson Highway			Klutina River Bridge #572	Repair.
1	NHS	Richardson Highway			Lower River Bridge #557	Repair.
1	NHS	Richardson Highway			MP 115-129	Resurface, rehabilitate, and restore.
1	NHS	Richardson Highway			MP 129-148	Resurface, rehabilitate, and restore.
2	NHS	Richardson Highway			MP 148-159	Reconstruction.
2	NHS	Richardson Highway			MP 159-167	Reconstruction.
2	NHS	Richardson Highway			MP 167-173	Reconstruction.
2	NHS	Richardson Highway			MP 173-186	Reconstruction.
2	NHS	Richardson Highway			MP 191-203	Reconstruction.
1	NHS	Richardson Highway			MP 203-206	Reconstruction.
1	NHS	Richardson Highway			MP 206-218	Reconstruction.
1	NHS	Richardson Highway			MP 218-235	Reconstruction.
2	NHS	Richardson Highway			MP 235-248	Reconstruction.
2	NHS	Richardson Highway			MP 248-261	Reconstruction.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
2	NHS	Richardson Highway			MP 261-265	Reconstruction.
1	NHS	Richardson Highway			MP 275 North	Erosion control.
1	NHS	Richardson Highway			MP 308-311	Resurface, rehabilitate, and restore.
2	NHS	Richardson Highway			MP 354-357	Access and safety improvements.
1	NHS	Richardson Highway			Salcha River Bridge #527	Repair.
1	NHS	Richardson Highway			Valdez Glacier Stream Bridge #556	Repair.
4	TRAAK	Richardson Highway	Fairbanks North Star		TE: MP 325 Munson Slough Turnout	Enlarge parking area.
4	TRAAK	Richardson Highway	Fairbanks North Star		TE: MP 343 and 342: Piledriver Slough Access	Construct parking areas and pull-offs for 10 to 12 vehicles.
4	CTP	Richardson Highway	Unorganized		MP 200 Fielding Lake Road	Resurfacing.
1	TRAAK	Richardson Highway	Unorganized		TE: MP 127 - Gulkana River Wayside	Construction and landscaping of wayside facilities and trailhead improvements.
4	TRAAK	Richardson Highway	Unorganized		TE: MP 214 Della River Access	Improve access road to parking area.
4	TRAAK	Richardson Highway	Unorganized		TE: MP 231-232 Turnout	Construct turnout between MP 231 and MP 232, including a parking area, viewing platform, and interpretive signs.
1	TRAAK	Richardson Highway	Unorganized		TE: MP 242 Coal Mine Road Turnout	Enlarge parking area.
4	TRAAK	Richardson Highway	Unorganized		TE: MP 245 Donnelly Lake Trailhead	Enlarge parking area.
3	TRAAK	Richardson Highway	Unorganized		TE: MP 275 - Big Delta/Tanana River Bridge Wayside	Improve river access, add toilet, trash receptacle, telephone, bank reinforcement, improve highway entrance/exit.
4	TRAAK	Richardson Highway	Unorganized		TE: MP 287 - Broken Mammoth Archaeological Site	Analysis of recovered archaeological data from an early prehistoric site located near Shaw Creek.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
1	TRAAK	Richardson Highway	Unorganized	McCarthy Road	TE: Interpretive Waysides	Includes 48 interpretive signs in 40 locations along the McCarthy Road, Edgerton Highway and Richardson Highway, at several airstrips and in the towns of McCarthy, Kennicott and Chitina and at the Park Visitor Center.
4	TRAAK	Richardson Highway	Unorganized	Valdez	TE: Bike Path from Robe Road to Keystone Canyon	Construct approximately 9 miles of bike path along the Richardson Highway from Robe River subdivision to Keystone Canyon.
2	TRAAK	Richardson Highway	Unorganized	Valdez	TE: MP 8.5 Trailhead Parking	Construct trailhead parking area.
3	TRAAK	Richardson Highway	Unorganized	Valdez	TE: Airport Road Bike Trail	Construct bike trail from the Richardson Highway to the Valdez Airport terminal building.
1	TRAAK	Seward Highway	Anchorage		TE: Bird Creek Pedestrian Underpass	This site, located adjacent to the Seward Highway National Scenic Byway, is in easy view of the traveling public. Work includes trailhead parking area paving; widening, ditching and surfacing of the existing trails; implementing erosion control measures; and constructing new trails along bird creek shoreline. The entire site would be landscaped and interpretation kiosks and signs would be installed. Realign approximately 3/4 mile of Seward Highway and Alaska Railroad.
1	TRAAK	Seward Highway	Anchorage		TE: Bird Point Pathway/Wayside	Construct a trail system and wayside at Bird Point. Included will be an interpretive trail system, parking and restroom facilities, scenic viewpoints, and landscaping. Project will connect to the improvements being constructed by the Seward Highway, Girdwood to Bird Point project.
1	TRAAK	Seward Highway	Anchorage		TE: Girdwood-Bird Point Pathway	Enhance the pathway being constructed as part of Phase IV of the Seward Highway rehabilitation, Girdwood to Bird Point project. Construct scenic viewpoints with interpretive panels, restrooms, parking areas and pavement of selected areas of the pathway.
1	TRAAK	Seward Highway	Anchorage		TE: Potter Marsh Boardwalks/Nature Center	Construct additional parking areas, boardwalk extensions, viewing decks and blinds, interpretive signs, bicycle racks and restrooms.
1	TRAAK	Seward Highway	Anchorage		TE: Potter Marsh-Indian Path	Design and construct a separated pathway from Potter Marsh to Indian. This trail will connect to the southern extension of the Tony Knowles Coastal Trail in Anchorage. This segment is part of a separated trail from Anchorage to Girdwood.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
1	TRAAK	Seward Highway	Anchorage		TE: Windy Corner Sheep View Point	Project is a combination of a highway safety and transportation enhancement project. Improve the existing pullout and add pedestrian and wildlife viewing and interpretation amenities. This is a popular Dall sheep viewing site which is often crowded and has resulted in a highway safety problem. A kiosk interpreting dall sheep, a pedestrian use area, telescopes and landscaping would be included.
3	NHS	Seward Highway	Anchorage	Anchorage	36th Avenue Intersection Capacity Improvement	Construct a capacity improvement in the northbound direction on the New Seward Highway at 36th Avenue. The existing right turn lane will be extended on the New Seward Highway; the turn radius may be increased.
3	NHS	Seward Highway	Anchorage	Anchorage	36th Avenue to 5th/6th Avenue Rehabilitation	Rotomil and repave road surface.
3	NHS	Seward Highway	Anchorage	Anchorage	36th Avenue to Potter Valley Road Rehabilitation	Pavement rehabilitation.
2	NHS	Seward Highway	Anchorage	Anchorage	Huffman Road to Tudor Road	Project is one of two phases to reconstruct the New Seward Highway from Huffman Road to Chester Creek.
1	NHS	Seward Highway	Anchorage	Anchorage	Huffman to Chester Creek Reconstruction Reconnaissance	Preliminary engineering and reconnaissance to continuously illuminate and widen the New Seward Highway from Huffman Road north to Chester Creek and upgrade the New Seward Highway north from Tudor Road to Chester Creek. Includes a frontage road, and grade separated interchanges at the major crossings of 36th Avenue, Benson Boulevard, Northern Lights Boulevard and Firewood Lane. May include road and pedestrian over-crossings between the east and west frontage roads at International Airport Road, 68th Avenue, 78th Avenue, and 92nd Avenue.
3	NHS	Seward Highway	Anchorage	Anchorage	Potter Valley Road Intersection Capacity Improvement	Construct a capacity improvement for southbound traffic on the New Seward Highway at Potter Valley Road. Widen the highway to accommodate a protected left-turn lane.
1	NHS	Seward Highway	Anchorage	Anchorage	Tudor to Chester Creek Reconstruction	Project is one of two phases to reconstruct the New Seward Highway from Huffman Road to Chester Creek.
1	NHS	Seward Highway	Kenai Peninsula		MP 0-8 (Seward to Grouse Creek Canyon) Rehabilitation	Rehabilitate from MP 0-8 including three bridges.
1	NHS	Seward Highway	Kenai Peninsula		MP 08-13 (Grouse Creek Canyon) Rehabilitation	Widen to include passing lanes, grade changes, and reconstruction of the Grouse Creek Bridge.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
1	NHS	Seward Highway	Kenai Peninsula		MP 13-18 (Mile 13 Summit to Snow River) Rehabilitation	Widen to 40 feet, construct a grade-separated railroad crossing just south of Snow River.
1	NHS	Seward Highway	Kenai Peninsula		MP 25-30 (Falls Creek through Moose Pass) Rehabilitation	Rehabilitate including widening, resurfacing, and replacement of the Fall Creek and Trail River Bridges.
2	NHS	Seward Highway	Kenai Peninsula		MP 25-36 Surface Rehabilitation	Rotomil and repave two inches from shoulder to shoulder. Apply thermoplastic striping.
1	NHS	Seward Highway	Kenai Peninsula		MP 30-36 (Moose Pass to Sterling Wye) Rehabilitation	Rehabilitate from MP 30 to MP 36.
1	NHS	Seward Highway	Kenai Peninsula		MP 53.0-59.3 Rehabilitation	Realignment, widening, and reconstruction. The road surface will include 12-foot driving lanes and paved shoulders. Construct a new intersection with Hope Road and a new bridge at Canyon Creek. The new bridge will be between 400-600 feet long and located downstream from the present bridge.
3	NHS	Seward Highway	Kenai Peninsula		MP 65-75 Surface Rehabilitation	Resurface from Bertha Creek (MP 65) to Ingram Creek (MP 75).
1	NHS	Seward Highway	Kenai Peninsula		MP 90-97 Girdwood to Bird Point Reconstruction	The Seward Highway will be relocated to a new alignment along the shoreline of Cook Inlet, seaward of the railroad tracks from Bird Point to the Alyeska Highway intersection. The project will relocate limited sections of the railroad. The roadway will include three driving lanes; one southbound and two northbound. The project will provide a grade separated highway crossing at the railroad tracks near Bird Point. The next phase will continue blasting/hauling/placement of the embankment material, armoring the embankment with rip-rap, relocate the railroad and utilities, and construct a railroad "tube" for the elevated highway crossing. Final work will complete the upper layers of the embankment, pavement, guardrail, signs, public viewpoints, and conversion of the existing road to a trail.
3	NHS	Seward Highway	Kenai Peninsula		MP 97-104 Surface Rehabilitation	Rotomil and repave two inches from shoulder to shoulder. Apply thermoplastic striping.
3	TRAAK	Seward Highway	Kenai Peninsula		TE: Bruhn Ray Mine Historic Restoration	Relocate two buildings from the Seward Highway near Canyon Creek Bridge to a location in Hope.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
3	TRAAK	Seward Highway	Kenai Peninsula		TE: Scenic Byway Day Use Areas	Upgrade two visitor use areas adjacent to the Seward Highway Scenic Byway, specifically Ptarmigan Creek day use area located at MP 23.1 (Ptarmigan Creek Salmon Viewing area and picnic area) and Moose Creek Trail accessibility upgrade located at MP 32. The Moose Creek Trail provides access to a salmon viewing platform, approximately .2 miles from the byway.
4	TRAAK	Seward Highway	Kenai Peninsula		TE: Scenic Byway Interpretive Sites	Planning, design, and construction of six interpretive sites between MP 18-91 of the Seward Highway Scenic Byway, along with a series of route and site identifier signs along the entire length.
1	TRAAK	Seward Highway	Kenai Peninsula		TE: Turnagain Pass Rest Stop	Provide turn lanes for USFS rest stop/lodge operation. Includes a pedestrian underpass to enable skiers/snowmachine users to cross the Seward Highway to get to USFS concessionaire's facilities.
3	CTP	Steese Highway	Fairbanks North Star		MP 44-45.5 Paving	Extend paving from MP 44 to MP 45.5 (Long Creek).
4	TRAAK	Steese Highway	Fairbanks North Star		TE: MP 11-17 Bike Trail (Fox-Pedro Monument)	Construct 5.5 mile bike/pedestrian facility from Fox to Pedro Monument.
3	TRAAK	Steese Highway	Fairbanks North Star		TE: MP 39 - Chatanika River Wayside Rehabilitation	Improve the Chatanika River State Recreation Site (MP 39) including trailhead parking and sanitary facilities.
1	NHS	Steese Highway	Fairbanks North Star	Fairbanks	3rd Street Intersection	Major reconstruction to include added through lanes and turn lanes on 3rd Street at the intersection with the Steese Highway.
2	NHS	Steese Highway	Fairbanks North Star	Fairbanks	Improvements	Capacity and safety improvements.
2	CTP	Steese Highway	Unorganized		MP 128 Crooked Creek Bridge	Replace the Crooked Creek Bridge at Central.
4	TRAAK	Steese Highway	Unorganized		TE: MP 57: Davidson Ditch Interpretation Displays	Construct interpretation displays and an information kiosk at the Davidson Ditch Historical Site.
1	NHS	Sterling Highway	Kenai Peninsula		MP 36-45	Reconstruct from the intersection with the Seward Highway at the Tern Lake Wye (MP 36) to MP 45 near Kenai Lake. Includes minor realignments, replacement of the Quartz Creek Bridge, drainage improvements, widening and resurfacing the road. The majority of the alignment of the new road will be within the existing right-of-way.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
1	NHS	Sterling Highway	Kenai Peninsula		MP 45-60	Provide a new highway around Cooper Landing. The realignment provides construction of a new two-lane highway with 12-foot driving lanes, paved shoulders and climbing lanes where necessary from MP 45 to near the Skilak Road intersection (MP 60). The new highway, referred to as the Junoau Creek alignment, will avoid crossing the Kenai River by its location above and north of the existing highway. Several scenic pulloffs will be constructed along the alignment. The pulloff near Junoau Creek will provide an access point for the Resurrection Pass Trail.
3	NHS	Sterling Highway	Kenai Peninsula		MP 57.5-71 Surface Rehabilitation	Resurface from the Sportsman's Landing (MP 57) to Egumen Lake (MP 71).
3	NHS	Sterling Highway	Kenai Peninsula		MP 157-169 Rehabilitation	Reconstruct between Anchor Point (MP 157) and the top of Homer Hill (MP 169). Construct an improved two-lane highway paralleling the alignment of the existing highway. The facility will be designed to allow two additional lanes to be added at a future date.
1	NHS	Sterling Highway	Kenai Peninsula		MP 169-174 Rehabilitation	Reconstruct five miles of the Sterling Highway from the top of Homer Hill (MP 169) to its intersection with Pioneer Street (MP 174). The highway from West Hill Road to Sterling Loop Road will be constructed with two lanes climbing and two lanes descending. A paved pedestrian sidewalk and curb and gutter will be constructed adjacent to the ascending lane. A paved shoulder will provide for pedestrian travel on the descending lane side of the highway. The existing alignment of the highway will be followed as much as possible. From West Hill Road to Pioneer Street, the highway will be three lanes, using the center lane as a two-way left-turn lane.
3	TRAAK	Sterling Highway	Kenai Peninsula		TE: Anchor Point Scenic Interpretive Display	Expand the viewing and interpretive facilities located at the end of the Anchor River Beach Road overlooking Cook Inlet, including improved parking, landscaping and sanitary facilities. Facilities will be designed in accordance with ADA standards. Archaeological excavation and interpretive display(s) will be included.
3	TRAAK	Sterling Highway	Kenai Peninsula		TE: Anchor River Pedestrian Beach Access	Construct a pedestrian pathway from the Old Sterling Highway near the Anchor River Bridge to the beach along the Anchor River Beach Road.
3	TRAAK	Sterling Highway	Kenai Peninsula		TE: Clam Gulch Beach Access	Construct improved vehicular and pedestrian access from the Sterling Highway to the beach area for commercial fishing, beach combing and clam digging. Construction of the pedestrian access will require relocating the existing road to one side of the narrow gulch and channelizing the stream flow.

FEDERAL AID SURFACE TRANSPORTATION NEEDS AND PRIORITIES

Priority	Program	Highway	Borough	Location	Name	Description
4	TRAAK	Sterling Highway	Kenai Peninsula		TE: Footprints Archeological Site Investigation	Excavate several sites along the Sterling Highway in the vicinity of Cooper Landing. Evaluate and interpret materials found.
3	TRAAK	Sterling Highway	Kenai Peninsula		TE: Izaak Walton State Recreation Area Expansion	Expand and upgrade the existing site. Improvements will include access roads, parking area, restrooms, water system landscaping and interpretation.
3	TRAAK	Sterling Highway	Kenai Peninsula		TE: Scout Lake State Recreation Area Expansion	Expand/upgrade the existing site/facility. Improvements will include access road, parking area, restrooms, water system landscaping and interpretive facilities.
3	TRAAK	Sterling Highway	Kenai Peninsula		TE: Sterling to Soldotna Pedestrian Path Construction	Construct a pedestrian/bike path between Soldotna and Sterling along the Sterling Highway, beginning at the intersection of Kenai Spur Highway (Soldotna) and ending at the Moose River Bridge (Sterling).
3	NHS	Sterling Highway	Kenai Peninsula	Ninilchik	Ninilchik River Bridge Curve Safety Improvements	Construct warning lights and signs to slow traffic approaching the curve/bridge.
1	NHS	Sterling Highway	Kenai Peninsula	Soldotna	Soldotna Urban	Rehabilitate about 1.5 mile of the existing Sterling Highway (five lanes) through Soldotna between Kenai Spur Road and Kobuk Street. Beginning at Kobuk Street the project will extend a multi-lane facility (two lanes in each direction plus auxiliary lanes). The project will widen the Kenai River Bridge (#0671) to match the widened highway. The project will also provide intersection improvements at the Kalifornsky Beach Road and Funny River Road intersection. Pedestrian walkways will be provided.
1	CTP	Taylor Highway	Unorganized		MP 23-66 Paving	Extend paving to Chicken at MP 66.
1	CTP	Taylor Highway	Unorganized		MP 66 to Border	Rehabilitate and upgrade between MP 66-95 and the Boundary Spur, MP 95 - 105 (Canadian Border).
3	TRAAK	Taylor Highway	Unorganized		TE: MP 36 Mt. Fairplay Wayside	Rehabilitate borrow pit adjacent existing wayside and provide additional interpretation.
4	TRAAK	Taylor Highway	Unorganized		TE: MP 75 South Fork Bridge Wayside	Improve/realign existing trail access to Fortymile River for motorized boats. Includes boat ramp and long term parking and equipment storage area.
3	TRAAK	Taylor Highway	Unorganized		TE: MP 82 Walker Fork Wayside Phase I	Construct a wayside adjacent to Walker Fork Campground. Includes parking area for large RV and bus traffic, interpretation, covered picnic area, toilet facilities and hiking trails.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Aleutians East	Cold Bay	Airport Apron Expansion	Expand the terminal apron.
Aleutians East	Cold Bay	Airport Apron Rehabilitation	Rehabilitate the terminal apron.
Aleutians East	Cold Bay	Airport Crosswind Runway	Extend runway 8-26 so the 727 aircraft can operate off of this runway.
Aleutians East	Cold Bay	Airport Runway Overlay	Repave the eastern portion of runway 8-26.
Aleutians East	False Pass	Airport Lighting	Install a lighting system.
Aleutians East	King Cove	Runway Improvements	Resurface the gravel runway and install lighting.
Aleutians East	Sand Point	Airport Fencing	Fence the airport.
Aleutians East	Sand Point	Airport Runway	Extend the runway by 700 feet.
Anchorage	Anchorage	Area General Aviation Master Plan	Develop general aviation master plan for the Anchorage area.
Anchorage	Anchorage International Airport	Environmental Assessment, Cleanup, and Enhancement	Perform environmental assessments, hazardous waste disposal develop cleanup programs, and construct new facilities to meet environmental compliance regulations in air, water, noise, soil, fuel tanks, hazardous materials and pollution prevention programs.
Anchorage	Anchorage International Airport	Operational and Airside Improvements	Projects necessary to operate the airport and expand and maintain the airside areas including: apron/taxiway/runway repair, reconstruction and expansion, facilities and equipment for maintenance and fire rescue functions, wetlands development and mitigation, safety and drainage improvements, etc.
Anchorage	Anchorage International Airport	Terminal Facilities and Landside Improvements	Terminal and landside improvements to preserve existing airport facilities and support growth. Projects include: terminal building code upgrades and maintenance, terminal aircraft parking areas, roadway improvements, etc.
Anchorage	Birchwood	Airport Master Plan Update	Update the airport master plan. Products of this study may include a revised environmental assessment, airport layout plan, and survey and aerial photography.
Anchorage	Girdwood	Airport Apron	Expand the apron and lease area by approximately 200 feet by 1,200 feet with an additional taxiway. Widen and resurface the existing runway to 2,100 feet by 60 feet (extension is probably not feasible), extend the access road behind the lease lots, and evaluate the need for airport lighting and safety of operation in mountainous terrain. No land acquisition is required.
Anchorage	Girdwood	Airport Master Plan	Develop master plan.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Anchorage	Lake Hood	Lake Hood General Aviation Improvements	Construct improvements for general aviation area as recommended in the Airport Master Plan. Improvements include: shoreline stabilization and float slip dredging, roadway/taxiway/trail separation, walls and drainage improvements, floatplane ramp, and minor runway improvements.
Anchorage	Merrill Field	E-2 Apron/Taxiway Improvements-Local Sponsor	Regrade and pave apron and taxiway, reconstruct roadways, construct asphalt pads under aircraft tie-downs, replace electrical conduits.
Anchorage	Merrill Field	E-3 Apron/E-1 Taxiway-Local Sponsor	Regrade and pave apron and taxiway, reconstruct roadways, construct asphalt pads under aircraft tie-downs, replace electrical conduits.
Anchorage	Merrill Field	E-4 Apron/Taxiway-Local Sponsor	Construct additional tie-down spaces.
Anchorage	Merrill Field	Master Plan Update-Local Sponsor	Continue the process of long-range planning by updating the 1991 airport master plan. Plan and design control measures to allow the airport to control storm water runoff and provide Pavement Condition Index and Pavement Management Systems for all pavement surfaces on the airport.
Anchorage	Merrill Field	Obstruction Removal-Orca Street-Local Sponsor	Acquire parcels and demolish, replat and relocate Orca Street properties and provide security fencing, signage, lighting and taxiway access to runway 15-33.
Anchorage	Merrill Field	Public Aviation Facility-Local Sponsor	Construct a 19,000 square foot general aviation terminal on the airport frontage road south of 5th Avenue.
Anchorage	Merrill Field	Runway 6-24 Lighting Rehabilitation-Local Sponsor	Install conduit and new wiring for the runway lighting system.
Anchorage	Merrill Field	Snow Removal Equipment-Local Sponsor	Replace motor graders, dump trucks, front-end loader, sand truck, sweeper, de-icer truck, broom and snow blower. Equipment replacement will be more cost effective than maintaining old equipment.
Anchorage	Merrill Field	Taxiway D-2 and F-1 Construction-Local Sponsor	Construct taxiways D-2 and F-1 as identified in the Merrill Field Master Plan Update.
Bristol Bay	King Salmon	Airport Access Road Realignment	Realign the access road to allow the construction of a parallel taxiway.
Bristol Bay	King Salmon	Airport Auto Parking Lot	Construct an automobile parking area.
Bristol Bay	King Salmon	Airport East Apron Access Road	Rehabilitate the access road to the south and east apron.
Bristol Bay	King Salmon	Airport East Apron Passenger Shelter	Construct a passenger shelter.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Bristol Bay	King Salmon	Airport Float Plane Facility	Develop a public float plane dock.
Bristol Bay	King Salmon	Airport Master Plan	Revise and update the master plan.
Bristol Bay	King Salmon	Airport PAPI	Install PAPI guidance control to replace VASI guidance control.
Bristol Bay	King Salmon	Airport Property Acquisition	Acquire the property within the Building Restriction Line (BRL).
Bristol Bay	King Salmon	Airport Runway 11-29	Resurface runway 11-29 and taxiway N.
Bristol Bay	King Salmon	Airport Taxiway	Construct a partial parallel taxiway.
Bristol Bay	King Salmon	Airport Taxiways H and M	Rehabilitate taxiways H and M.
Bristol Bay	King Salmon	Airport West Apron	Expand the west apron.
Bristol Bay	Naknek	Airport Reconstruct/Relocate	Reconstruct/relocate the airport.
Bristol Bay	South Naknek	Airport Crosswind Runway	Design and construct a crosswind runway. Land acquisition will be necessary. Upgrade the existing runway, taxiway, apron and access road.
City & Borough of Juneau	Juneau	Air Carrier Ramp Construction	Expand air carrier ramp to the east.
City & Borough of Juneau	Juneau	Airfield Shop Replacement	Construct equipment storage building to house airport snow removal equipment and materials.
City & Borough of Juneau	Juneau	Duck Creek Relocation	Relocate Duck Creek.
City & Borough of Juneau	Juneau	East End General Aviation Area Development	Develop taxiway access and apron to support General Aviation needs.
City & Borough of Juneau	Juneau	Float Pond Development	Increase float pond parking slips, improve navigation, mooring and launching facilities.
City & Borough of Juneau	Juneau	Floatpond Access Road Completion	Complete floatpond access road.
City & Borough of Juneau	Juneau	Fuel Storage Paving	Pave fuel storage area.
City & Borough of Juneau	Juneau	Interactive Training System	Purchase and install computer/television interactive training system for fire, security, ramp and maintenance personnel.
City & Borough of Juneau	Juneau	Pavement Improvements	Resurface various sections of pavement on airport operational surfaces.
City & Borough of Juneau	Juneau	Perimeter Fencing	Replace and extend perimeter fencing around airport to improve security and safety.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
City & Borough of Juneau	Juneau	Runway Rehabilitation	Rehabilitate runway.
City & Borough of Juneau	Juneau	Runway Sensor Installation	Install runway sensors.
City & Borough of Juneau	Juneau	Runway Swale Patch/Seal Coat	Repair and seal runway swales.
City & Borough of Juneau	Juneau	Snow Removal Equipment	Purchase snow removal equipment.
City & Borough of Juneau	Juneau	Taxiway Lighting Replacement	Replace lighting along parallel taxiway and intersections.
City & Borough of Juneau	Juneau	Taxiway Rehabilitation	Rehabilitate and resurface taxiways and intersections.
City & Borough of Juneau	Juneau	Terminal Hardstand Rehabilitation	Rehabilitate and enlarge hardstands for gates 2,3,4 and 5.
City & Borough of Juneau	Juneau	West End General Aviation Apron and Taxiway Surfacing	Pave west general aviation apron and taxiways.
City & Borough of Juneau	Juneau	Yandukin Drive Environmental	Environmental assessment.
City & Borough of Juneau	Juneau	Yandukin Drive Land Acquisition	Acquire land for airport expansion.
City & Borough of Juneau	Juneau	Yandukin Drive Relocation	Relocate road.
City & Borough of Sitka	Sitka	Airport Approach Obstruction Removal	Reduce the elevation of Battery Island to support precision instrument approach.
City & Borough of Sitka	Sitka	Airport Apron Expansion	Construct additional apron, taxiways, and additional lease lots with vehicle access.
City & Borough of Sitka	Sitka	Airport Master Plan Update	Update Sitka Airport Master Plan.
City & Borough of Sitka	Sitka	Airport Parking Lot Expansion	Expand vehicle parking lot to provide additional space for rental and long-term parking.
City & Borough of Sitka	Sitka	Airport Runway Safety Area Improvements	Widen, extend, and surface portions of runway safety area and investigate installation of aircraft restraining systems.
City & Borough of Sitka	Sitka	Airport Runway Safety Area Upgrade to Standards	Extend and widen runway safety area to federal standards.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
City & Borough of Sitka	Sitka	Airport Sand and Chemical Storage Facility	Construct covered shelter for sand storage.
City & Borough of Sitka	Sitka	Airport Seawall Rehabilitation	Rehabilitate the seawall.
City & Borough of Sitka	Sitka	Airport Taxiway Lights Replacement	Replace taxiway lighting system.
City & Borough of Sitka	Sitka	Apron Reconstruction	Reconstruct and expand the terminal apron area.
City & Borough of Sitka	Sitka	Partial Parallel Taxiway Construction	Realign and extend partial parallel taxiway.
City & Borough of Yakutat	Yakutat	Airport Primary Runway Overlay	Overlay, groove, and mark primary runway 11/29, including runway 29 elephant ear.
City & Borough of Yakutat	Yakutat	Airport RPZ Buildings Removal	Remove buildings from runway protection zone.
City & Borough of Yakutat	Yakutat	Airport Runway Object Free Area Obstruction Removal	Clear runway object free area of vegetation and ditch berms.
City & Borough of Yakutat	Yakutat	Airport Runways Safety Area Width Upgrade	Widen runway safety areas to federal standards.
City & Borough of Yakutat	Yakutat	Airport Terminal Apron Overlay	Replace approximately thirty concrete apron panels or overlay the entire apron.
City & Borough of Yakutat	Yakutat	Airport Water and Sewer System	Construct an airport utility system to provide water and sewer to airport tenants.
City & Borough of Yakutat	Yakutat	ARFF Building	Construct an aircraft rescue and fire fighting equipment building or remodel an existing building in reasonable proximity to the air carrier terminal to house airport fire fighting equipment.
City & Borough of Yakutat	Yakutat	General Aviation Apron Exit Taxiway	Construct an exit taxiway between the general aviation apron and runway 2/20.
City & Borough of Yakutat	Yakutat	General Aviation Apron Paving	Pave general aviation apron.
City & Borough of Yakutat	Yakutat	Master Plan Update	Update Airport Master Plan.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
City & Borough of Yakutat	Yakutat	New Seaplane Float	Construct a new seaplane facility separate from the boat harbor float with four float plane pullouts and dock space to accommodate a fifth float plane. The pullouts should accommodate DeHavilland Beavers. Vehicle access should be provided to the head of the gangway with provision for vehicle turnaround and several parking spaces. Access to the float should be provided by a gangway at least 65 feet in length. The float and gangway should be designed to readily accept a future installation of a private fuel line to the dock face.
City & Borough of Yakutat	Yakutat	Runway 11/29 Blast Pads	Pave 200 feet of safety area beyond the ends of runways 11 and 29 to provide blast pads.
City & Borough of Yakutat	Yakutat	Runway Light System Rehabilitation	Rehabilitate primary and cross-wind runway lighting systems.
City & Borough of Yakutat	Yakutat	Runway Safety Area Extension	Extend runway safety areas behind the thresholds of runways 11, 29, and 20 and relocate drainage ditches around extended safety areas.
Fairbanks North Star	Fairbanks International Airport	Environmental Assessment and Cleanup	Environmental assessment and cleanup in accordance with state and federal requirements.
Fairbanks North Star	Fairbanks International Airport	Improvements	Projects including passenger terminal expansion, terminal area roadway and parking construction, baggage area construction, east side utilities construction, and Master Plan update.
Fairbanks North Star	Fairbanks International Airport	Operations Improvements and Preservation 1	Projects including Taxiway "D" extension, maintenance facility construction, General Aviation tie-down construction, passenger terminal roof replacement, perimeter road construction, float pond expansion, east side heliport construction, and Taxiway "B" widening.
Fairbanks North Star	Fairbanks International Airport	Operations Improvements and Preservation 2	Projects including East ramp lease lots, University Avenue paving, safety area improvements, drainage improvements, equipment improvements, and Phase I recommendations from the 1995 Master Plan as follows: East side lease lot improvements, Runway 1R-19L extension and widening, and maintenance facility construction.
Fairbanks North Star	Fairbanks International Airport	Runway Extensions	Construction of 750' extensions and associated parallel taxiway and lighting to each end of Runway 1L-19R, the primary instrument runway.
Haines	Haines	Airport Lease Lot Access Taxiway	Construct taxiway access to airport lease lots.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Haines	Haines	Airport Runway Extension	Extend runway an additional 1,000 to 1,500 feet to provide a runway up to 5,500 feet in length.
Kenai Peninsula	Homer	Airport Improvements	Pavement overlay and grooving of the runway, pavement overlay for the east and west aprons, pavement overlay of the general aviation apron and taxiway system, expansion of the east apron, construction of taxiway connector from the general aviation and east apron to the runway, construction of a road from Boluga Lake to the airport taxiway-runway system that is capable of providing floatplane access between the lake and the runway, and other improvements as funding allows.
Kenai Peninsula	Homer	Airport Lighting Replacement	Modifications to the approach lighting system; runway lighting improvements.
Kenai Peninsula	Homer	Airport Sand Storage Building	Construct a sand storage building.
Kenai Peninsula	Homer	Airport Snow Removal Equipment	Purchase a truck mounted snow blower.
Kenai Peninsula	Kenai	Grass/Ski Strip Relocation	Relocate grass/ski strip.
Kenai Peninsula	Kenai	Obstruction Removal	Remove obstructions to safe operation of aircraft.
Kenai Peninsula	Kenai	Runway Safety Area Expansion	Expand runway safety area.
Kenai Peninsula	Kenai	Snow Removal Equipment Building	Construct snow removal equipment storage building.
Kenai Peninsula	Kenai	Snow Removal Equipment/Sweeper	Purchase snow removal equipment/sweeper for airport.
Kenai Peninsula	Kenai	Taxiway Extension	Extend taxiway north to end of the runway.
Kenai Peninsula	Nanwalek	Airport Master Plan	Study alternative locations for constructing a new airport to replace the existing airstrip. The study will recommend a preferred alternative.
Kenai Peninsula	Nanwalek	Airport Relocation	Construct a new airport and access road.
Kenai Peninsula	Port Graham	Airport Reconstruct/Relocate	Construct a new airport and access road.
Kenai Peninsula	Soldovia	Airport Master Plan	Provide a master plan for the airport. Products of this study will include an airport master plan, an environmental assessment, an airport layout plan, design level surveying, controlled aerial photography and geotechnical soils analysis of the preferred airport alternative.
Kenai Peninsula	Soldovia	Airport Reconstruct/Relocate	Reconstruct or relocate the airport.
Kenai Peninsula	Soldotna	Airport Apron Lighting-Local Sponsor	Install lighting for general aviation apron.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Kenai Peninsula	Soldotna	Airport Master Plan-Local Sponsor	Provide a master plan for the airport. Products of this study will include an airport master plan, an environmental assessment, an airport layout plan, design level surveying, controlled aerial photography and geotechnical soils analysis of the preferred airport alternative.
Ketchikan Gateway	Ketchikan	Air Cargo Apron Expansion	Relocate service road and expand cargo apron and lease lot area.
Ketchikan Gateway	Ketchikan	Airport Ferry Terminal Rehabilitation	Rehabilitate or replace Gravina Island Airport Shuttle Ferry Terminal Transfer Facility.
Ketchikan Gateway	Ketchikan	Airport Master Plan Update	Update Airport Master Plan.
Ketchikan Gateway	Ketchikan	Airport New Ferry	Replacement smaller of two airport shuttle ferry vessels.
Ketchikan Gateway	Ketchikan	Airport Parking Lot Expansion	Construct additional vehicle parking at the airport ferry parking lot and the airport terminal.
Ketchikan Gateway	Ketchikan	Airport Rescue Boat	Purchase and equip a small airport search and rescue boat.
Ketchikan Gateway	Ketchikan	Airport Runway 11 Turnaround	Runway 11 turnaround.
Ketchikan Gateway	Ketchikan	Airport Seaplane Float and Ramp Improvements	Replace and expand the existing airport seaplane float to simultaneously provide moorage for up to fifteen single engine deHavilland Otters, provide drive-down vehicle transfer bridge with covered pedestrian walkway, and provide shelter for passengers and baggage on the float. Consider alternative passenger and cargo transfer systems consistent with requirements of Americans with Disabilities Act. Extend airport pullout ramp to accommodate full tidal range and install a ramp float.
Ketchikan Gateway	Ketchikan	Airport Small Boat Dock	Construct small boat dock at airport.
Ketchikan Gateway	Ketchikan	Airport Snow Removal Equipment Building Expansion	Expand the equipment storage building.
Ketchikan Gateway	Ketchikan	Airport Terminal 2nd Jetway	Install a second passenger boarding ramp.
Ketchikan Gateway	Ketchikan	Airport Terminal Improvements	Remodel baggage, cargo, security and passenger boarding areas of the terminal building.
Ketchikan Gateway	Ketchikan	Airport West Taxiway	Construct a west exit taxiway.
Ketchikan Gateway	Ketchikan	Lower Apron Overlay	Pavement overlay of the general aviation apron.
Ketchikan Gateway	Ketchikan	Lower Apron Taxiway Overlay	Pavement overlay of access taxiway to the lower apron.
Ketchikan Gateway	Ketchikan	Murphy's Pull-out Seaplane Float Expansion	Construct an additional eight-ramp seaplane float with separate gangway to provide aircraft parking for locally based seaplanes.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Kotchikan Gateway	Kotchikan	Runway Safety Area Upgrade	Upgrade airport runway safety area to standards.
Kodiak Island	Karluk	Airport Improvements	Extend the runway, widen the runway, resurface the entire surface, expand the existing apron, realign the access road to accommodate the runway extension, construct a snow removal equipment building, install airport lighting and extend power from the village. Land will be acquired for the RPZ east end. The apron will be expanded and the road realigned if possible.
Kodiak Island	Kodiak	Airport Auto Parking	Repave the long-term automobile parking area.
Kodiak Island	Kodiak	Airport Commercial Apron	Repave the commercial apron.
Kodiak Island	Kodiak	Airport Master Plan	Update and revise the Airport Master Plan.
Kodiak Island	Kodiak	Airport Runway 10-28	Repave runway 10-28.
Kodiak Island	Kodiak	Airport Snow Removal Equipment	Purchase snow removal equipment.
Kodiak Island	Kodiak	Airport Snow Removal Equipment/Sand Storage Building	Construct a new sand storage and snow removal equipment building.
Kodiak Island	Kodiak	Airport Taxiway	Resurface taxiways.
Kodiak Island	Kodiak	General Aviation Apron and Access Road	Design and construct an apron and access road.
Kodiak Island	Kodiak	Seaplane Base Expansion	Expand Trident Basin seaplane base.
Kodiak Island	Ouzinkie	Airport Master Plan	Develop a master plan to evaluate the improvement or relocation of the airport.
Kodiak Island	Ouzinkie	Airport Reconstruct/Relocate	Reconstruct/relocate the airport. Construction of the runway to current standards, an aircraft parking apron with connecting taxiway, and an equipment storage building.
Kodiak Island	Port Lions	Airport Master Plan	Develop a master plan for the airport. Products of this study will include an airport master plan, an environmental assessment, an airport layout plan, design level surveying, controlled aerial photography and geotechnical soils analysis.
Kodiak Island	Port Lions	Airport Reconstruct/Relocate	Construct a new airport and access road to meet current standards.
Lake & Peninsula	Chignik Lagoon	Airport Reconstruct/Relocate	Reconstruct or relocate the airport.
Lake & Peninsula	Iliamna	Airport Crosswind Runway	Lengthen the crosswind runway.
Lake & Peninsula	Iliamna	Airport Master Plan	Provide a master plan for the airport.
Lake & Peninsula	Iliamna	Airport Paving/Fencing	Pave the runways, taxiway and apron.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Lake & Peninsula	Iliamna	Airport Property Acquisition and Seaplane Base Development	Improve the seaplane facilities.
Lake & Peninsula	Ivanof Bay	Airport Construction	Construct an airport.
Lake & Peninsula	Ivanof Bay	Airport Master Plan	Provide an airport master plan.
Lake & Peninsula	Lovelock	Airport Reconstruction/Relocation	Improve or relocate the airport.
Lake & Peninsula	Porryville	Airport Improvements	Reconstruct the airport to current standards.
Lake & Peninsula	Pilot Point	Airport Reconstruct/Rolocate	Reconstruct or relocate the airport.
Lake & Peninsula	Port Alsworth	Airport	Construct a public airport at Port Alsworth.
Matanuska - Susitna	Palmer	Airport New N-S Taxiway-Local Sponsor	Construct a north/south parallel taxiway between the north and south aprons.
Matanuska - Susitna	Palmer	Airport South Apron Extension-Local Sponsor	Expand the south apron to the north to accommodate large commercial aircraft.
Matanuska - Susitna	Palmer	Airport South Apron New Taxiway-Local Sponsor	Construct an east/west taxiway from the south apron to the west end of the east/west runway.
Matanuska - Susitna	Palmer	East/West Runway Overlay	Resurface east/west runway.
Matanuska - Susitna	Palmer	North/South Runway Overlay	Resurface north/south runway.
Matanuska - Susitna	Talkeetna	Airport Improvements	Conduct design, title search and utility investigations; construct a partial parallel taxiway with lighting; expand the apron and lease lot area; construct an equipment storage building; acquire snow removal equipment; construct a helipad, reconstruct the airport access road and provide other improvements as funding allows.
Matanuska - Susitna	Wasilla	Airport Fencing-Local Sponsor	Construct perimeter fencing.
Matanuska - Susitna	Wasilla	Airport Floatplane Improvements-Local Sponsor	Construct an access road and taxiway between the Wasilla Airport and Jacobson Lake.
Matanuska - Susitna	Wasilla	Airport GPS-Local Sponsor	Install a global positioning system (GPS).
Matanuska - Susitna	Wasilla	Airport Lease Lot Expansion-Local Sponsor	Construct a new apron adjacent to the existing apron.
Matanuska - Susitna	Wasilla	Airport Paving-Local Sponsor	Pave runway, apron and taxiway.
Matanuska - Susitna	Wasilla	Airport Taxiway Extension-Local Sponsor	Construct a parallel taxiway from the apron to the east end of the runway.
Matanuska - Susitna	Willow	Airport SRE Building	Construct new snow removal equipment building.
Matanuska-Susitna	Palmer	Airport Apron/Taxiway-Local Sponsor	Resurface the existing general aviation apron.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Matanuska-Susitna	Palmer	Airport Master Plan Update-Local Sponsor	Provide an update for the airport master plan.
Matanuska-Susitna	Skwentna	Snowblower	Purchase a snowblower for the Skwentna Airport.
North Slope	Anaktuvuk Pass	Airport Brush Removal	Remove brush encroaching on active areas of the airport including approaches.
North Slope	Anaktuvuk Pass	Land Acquisition - Phase II	Acquire land for the airport.
North Slope	Anaktuvuk Pass	Runway Rehabilitation	Rehabilitate runway.
North Slope	Barrow	Post/Rogors Memorial Airport Improvements	Safety area expansion, apron and taxi lane paving and improvements.
North Slope	Barrow	Post/Rogors Memorial Airport Runway Overlay	Runway overlay.
North Slope	Chandalar Shell	Airport Land Acquisition	Acquire the airport.
North Slope	Deadhorse	ARFF and SRE Building	Construct airport rescue and fire fighting and snow removal equipment building.
North Slope	Galbraith	Airport Land Acquisition	Land acquisition reimbursement.
North Slope	Happy Valley	Airport Master Plan	Prepare master plan.
North Slope	Kaktovik	Barter Island (Kaktovik) Runway Resurfacing	Resurface airport runway.
North Slope	Nuiqsut	Runway Lighting Rehabilitation	Rehabilitate runway lighting system.
North Slope	Point Lay	Airport Improvements	Runway and safety area expansion.
North Slope	Wainwright	Runway Resurfacing	Resurface the existing runway and apron area.
Northwest Arctic	Buckland	Airport Improvements	Runway extension.
Northwest Arctic	Buckland	Snow Removal Equipment Building	Construct new snow removal equipment building.
Northwest Arctic	Kiana	Runway Improvements	Resurface runway.
Northwest Arctic	Kivalina	New Airport	Construct new airport.
Northwest Arctic	Kobuk	Airport Improvements	Runway and safety area improvements.
Northwest Arctic	Kotzebue	Airport Improvements	Expand existing runway and safety areas; construct snow removal equipment building.
Northwest Arctic	Kotzebue	Airport Master Plan	Update the airport master plan.
Northwest Arctic	Kotzebue	Snow Removal Equipment (Broom) and Blower	Purchase equipment.
Northwest Arctic	Noatak	Airport Land Acquisition	Land acquisition reimbursement.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Northwest Arctic	Noorvik	Airport Relocation	Relocate airport due to erosion.
Northwest Arctic	Selawik	Lighting and Safety Area Reconstruction	Lighting repairs and safety area reconstruction.
Northwest Arctic	Shungnak	Airport Improvements	Extension, resurface and lighting improvements.
Unorganized	Akiachak	Airport Reconstruction/Relocation	Relocate the airport and construct to current standards, construct a new apron and taxiway, and construct a new snow removal equipment building. Install airport lighting.
Unorganized	Akiak	Airport Improvements	Extend and widen the runway from 2,100 feet to current standards, resurface the entire runway, construct a new apron and snow removal equipment building, extend power from the village and install airport lighting. Land will be acquired for the new apron and RPZ both ends. If possible the property will be widened to 400 feet on both sides.
Unorganized	Alakanuk	Airport Improvements	Construct improvements based on Master Plan recommendations.
Unorganized	Alakanuk	Airport Master Plan	Complete an airport master plan.
Unorganized	Alakanuk	Snow Removal Equipment Building	Upgrade existing or construct new snow removal equipment building.
Unorganized	Alatna	Airport Construction	Construct emergency landing strip 2500 feet by 100 feet.
Unorganized	Aleknagik	Airport Improvements	Improve airport to current standards.
Unorganized	Allakakot	Airport Relocation	Relocate the airport per Master Plan.
Unorganized	Allakakot	Snow Removal Equipment Building	Construct new snow removal equipment building.
Unorganized	Angoon	Angoon Airport	Construct new community airport with a 3,000-foot runway.
Unorganized	Aniak	Airport ARFF Building	Construct a new airport rescue and firefighting building.
Unorganized	Aniak	Airport Crosswind Runway	Construct a crosswind runway.
Unorganized	Aniak	Airport Dike Repair	Repair eroded portions of existing dike; install erosion protection material.
Unorganized	Aniak	Airport Master Plan	Provide a master plan for the airport. Products of this study will include an airport master plan, an environmental assessment, an airport layout plan, design level surveying, controlled aerial photography and geotechnical soils analysis.
Unorganized	Aniak	Airport Snow Removal Equipment	Acquire snow removal equipment.
Unorganized	Anvik	Airport Improvements	Lengthen and widen runway and safety area; construct taxiway and apron to standards.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Unorganized	Anvik	Snow Removal Equipment Building	Upgrado with insulation, heat.
Unorganized	Arctic Village	Airport Improvements	A master plan will recommend the work required to address long-term development.
Unorganized	Almatluak	Airport Improvements	Reconstruct the runway, taxiway and apron, install runway lighting, construct a maintenance equipment storage building and purchase snow removal equipment.
Unorganized	Basin Creek	Airport Improvements	Runway and safety area expansion; airport improvements.
Unorganized	Beaver	Airport Improvements	Resurface runway, apron and taxiway; grading and drainage improvements.
Unorganized	Bethel	Airport Air Taxi Apron Expansion	Develop new air taxi apron area.
Unorganized	Bethel	Airport Heavy Apron	Construct a new heavy aircraft apron.
Unorganized	Bothel	Airport Master Plan Update	Update and revise master plan.
Unorganized	Bethel	Airport Parallel Taxiway	Construct new parallel taxiway.
Unorganized	Bethel	Airport Replacement Lighting	Replace the runway lighting system.
Unorganized	Bettles	Land Use Plan	Prepare a land use plan for the Bettles airport and VOR lake; prepare land occupancy drawings and property plans.
Unorganized	Bill Moore's Slough	Airport	Construct new community airport.
Unorganized	Bravig Mission	Airport Improvements	Construct improvements in accordance with the Master Plan.
Unorganized	Canyon Village	Canyon Village Airport	Construct new community airport.
Unorganized	Chofornak	Airport Improvements	Extend and widen the runway from 2500 feet to current standards, resurface, construct a new apron, construct a new access road, construct a snow removal building and replace the airport lighting. Land will be acquired for the new apron and RPZ south end. If possible the property will be widened to 400 feet on both sides.
Unorganized	Chovak	Airport Improvements	Extend and widen the runway from 2500 feet to current standards, resurface the entire runway, construct a new apron, construct a new access road, construct a snow removal building and replace the airport lighting. Land will be acquired for the new apron and RPZ south end. if possible the property will be widened to 400 feet on both sides. Wind data collection by UAA is in process.
Unorganized	Chisana	Airport Improvements	Upgrado existing runway surface and construct safety areas and apron area.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Unorganized	Chuathbaluk	Airport Improvements	Construct a new primary runway to current standards along the existing airport access road alignment to the southwest or as limited by terrain. Construct a new apron, snow removal equipment building, lighting system, and extend power from the village (about 1 mile). Land will be acquired for the entire airport (BLM lease expires 1998). The department will obtain wind data to evaluate the need for the existing runway to become the crosswind runway.
Unorganized	Circle City	Airport Improvements	Runway and safety area expansion, access road improvements.
Unorganized	Clark Bay	Seaplane Float	Construct a new seaplane facility at Clark Bay ferry terminal on Prince of Wales Island. Provide seaplane float moorage capacity for three single-engine DeHavilland Otters and one pullout for transient aircraft. Provide drive-down vehicle access and/or passenger access between ferry terminal parking lot and seaplane float consistent with requirements of Americans with Disabilities Act. Mitigate impacts to ferry terminal parking lot.
Unorganized	Clark's Point	Airport Reconstruct/Relocate	Reconstruct or relocate the airport.
Unorganized	Cordova	Airport Improvements	Apron and taxiway reconstruction.
Unorganized	Cordova	Airport Master Plan	Update existing master plan.
Unorganized	Cordova	Eyak Lake Airport	Resurface runway and taxiways with asphalt, fill and provide area for helicopter landings, construct float system for float planes.
Unorganized	Cordova	Mudhole Smith Airport Float Plane Basin	Construct improved float plane facility close to Cordova Airport.
Unorganized	Craig	Seaplane Facility Terminal Building Expansion	Expand terminal building to accommodate a third carrier.
Unorganized	Dillingham	Airport General Aviation Crosswind Runway	Construct a crosswind runway to accommodate general aviation aircraft.
Unorganized	Dillingham	Airport Master Plan	Update and revise the airport master plan.
Unorganized	Dillingham	Airport Partial Parallel Taxiway	Construct a partial parallel taxiway.
Unorganized	Dillingham	Airport Rescue and Fire Fighting Equipment	Purchase index "B" fire fighting equipment.
Unorganized	Dillingham	Airport Snow Removal Equipment	Purchase snow removal equipment.
Unorganized	Eagle	Access Road Right Of Way	Acquire right of way.
Unorganized	Eek	Airport Reconstruct	Preliminary engineering, right-of-way and utilities investigations necessary to relocate the Eek Airport to meet current standard.
Unorganized	Elfin Cove	Seaplane Float Rehabilitation	Refurbish or replace seaplane float.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Unorganized	Emmonak	Airport Improvements	Expand the existing apron and taxiway, and resurface and extend the runway.
Unorganized	Emmonak	Snow Removal Equipment Building	Upgrade existing or construct new snow removal equipment building.
Unorganized	Evansville/Bettles	ARFF Station	Construct heated building with large garage doors to handle airport rescue and fire fighting equipment.
Unorganized	Evansville/Bettles	Float Pond	Float basin improvement, parking and ramp area, access road to VOR Lake.
Unorganized	Excursion Inlet	Seaplane Float Rehabilitation	Rehabilitate or replace seaplane facility.
Unorganized	Fort Yukon	Airport Improvements	Expand the apron, taxiway and safety areas.
Unorganized	Fort Yukon	Land Acquisition	Land acquisition reimbursement.
Unorganized	Funter Bay	Funter Bay Seaplane Float Replacement	Refurbish or replace the components of the Funter Bay Seaplane Float and gangway.
Unorganized	Galena	Taxiway and Apron Expansion	Apron and taxiway expansion and reconstruction.
Unorganized	Gambell	Airport Improvements	Erosion protection, expand safety area and construct new apron.
Unorganized	Goodnews Bay	Airport Improvements	Reconstruct airport to meet current standards.
Unorganized	Grayling	Airport Improvements	Runway and safety area expansion.
Unorganized	Gulkana	Float Pond	Construct float basin and access.
Unorganized	Gustavus	Airport ARFF Building	Construct new airport rescue and fire fighting building
Unorganized	Gustavus	Airport ARFF Vehicle	Purchase new aircraft rescue and firefighting vehicle to meet FAA Part 139 Aircraft Rescue and Firefighting Equipment--a vehicle carrying at least 500 pounds of sodium-based dry chemical or Halon 1211, and 3,000 gallons of water, and the commensurate quantity of AFFF for foam production.
Unorganized	Gustavus	Airport Float Plane Landing Basin	Construct float plane landing basin.
Unorganized	Gustavus	Airport Lighting	Install runway edge, end, and approach lighting, and install rotating beacon and taxiway lights.
Unorganized	Gustavus	Airport MALSR	Install approach lighting.
Unorganized	Gustavus	Airport New Terminal Apron	Construct new terminal apron, access taxiways, lease lots, access road, and relocate terminal building and other structures
Unorganized	Gustavus	Airport Runway 10-28 Overlay	Overlay and groove Runway 10-28
Unorganized	Gustavus	Airport Runway Safety Area Upgrade	Expand runway safety area to federal standards.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Unorganized	Gustavus	Airport Security Fencing	Construct security fencing along the airport perimeter to comply with federal security regulations.
Unorganized	Gustavus	General Aviation Apron Expansion	Expand and overlay the existing apron area.
Unorganized	Gustavus	Remove Buildings	Relocate Federal communications and navigational aids buildings and towers located within the building restriction line for Runway 10/28.
Unorganized	Hoaly Lake	Airport Improvements	Taxiway and apron improvements.
Unorganized	Holy Cross	Snow Removal Equipment Building	Upgrade with insulation heat.
Unorganized	Hoonah	Airport Perimeter Fence	Construct airport perimeter fencing.
Unorganized	Hoonah	Airport Runway Extension	Extend runway from 3,000 feet to 4,000 feet in length.
Unorganized	Hoonah	Apron Expansion	Construct additional apron for aircraft parking.
Unorganized	Hoonah	Runway M'RL Lighting	Install runway edge, end, approach and obstruction lighting and rotating beacon.
Unorganized	Hoonah	Soaplane Float Replacement	Replace float with a larger float and refurbish trestle and gangway.
Unorganized	Hooper Bay	Airport Improvements	Construct protection to prevent beach erosion along the runway embankment.
Unorganized	Huslia	Airport Relocation	Improvements as recommended in the current Master Plan.
Unorganized	Hyder	Soaplane Float	Replace existing soaplane float. Dredge to expand harbor mooring basin to adequately accommodate soaplane float within the small boat harbor.
Unorganized	Kako	Airport Obstruction Removal and PAPI	Acquire land and clear vegetation and terrain obstructions from approach to runway 28 displaced threshold and install PAPI for approach to runway 28.
Unorganized	Kako	Airport Obstruction Removal, Phase 2	Acquire land and clear vegetation and terrain obstructions from approach to runway 28 threshold.
Unorganized	Kako	Airport Parallel Taxiway	Construct parallel taxiway.
Unorganized	Kako	Airport Parking Lot	Construct vehicle parking lot.
Unorganized	Kako	Airport Service Road	Construct approximately 1,000 feet of new paved airport access road as part of a project to expand apron and develop six lease lots with vehicle service road access and apron access.
Unorganized	Kako	Airport Snow Removal Equipment Building	Construct building to house airport snow removal equipment.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Unorganized	Kako	Apron Expansion	Expand apron and develop six lease lots with vehicle service road access and apron access. Construct new apron 300 feet by 300 feet to provide approximately 10,000 square yards of additional paved apron surface for aircraft parking. Construct approximately 1,000 feet of now paved airport access road.
Unorganized	Kako	Runway Extension	Extend runway from 4,000 feet to 5,000 feet in length.
Unorganized	Kako	Terminal Building	Construct 2,500 square foot joint use public passenger terminal building and public vehicle parking lot.
Unorganized	Kalskag	Airport Improvements	Widen the existing runway and resurface. Reconstruct the apron for required setback, evaluate existing snow removal equipment building and lighting system. No land acquisition is required.
Unorganized	Kallag	Airport Land Acquisition	Land acquisition reimbursement.
Unorganized	Kallag	Airport Snow Removal Equipment	Purchase snow removal equipment.
Unorganized	Kantishna	Airport Improvements	Extend and resurface the runway, safety area and apron improvements.
Unorganized	Kasigluk	Airport Improvements	Reconstruct the runway, taxiway and apron; install runway lighting; construct a snow removal equipment storage building; and purchase a loader with blade, bucket and quick disconnect coupler for snow removal.
Unorganized	Kipnuk	Airport Master Plan	Provide an airport master plan. Products of this study will include an airport master plan, an environmental assessment, an airport layout plan, design level surveying, controlled aerial photography, and geotechnical soils analysis.
Unorganized	Kipnuk	Airport Reconstruction/Relocation	Reconstruct the runway, taxiway and apron, install runway lighting; relocate the maintenance equipment storage building and purchase maintenance equipment.
Unorganized	Klawock	Airport Access Road Upgrade	Reconstruct approximately 1,000 linear feet of airport access road to apron grade.
Unorganized	Klawock	Airport ARFF	Purchase aircraft rescue and fire fighting vehicle.
Unorganized	Klawock	Airport ARFF Building	Construct building to house aircraft rescue and fire fighting equipment.
Unorganized	Klawock	Airport Expand Terminal Apron	Expand terminal aircraft parking apron.
Unorganized	Klawock	Airport General Aviation Lease Lots Access Taxiway	Construct access taxiway to general aviation lease lots.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Unorganized	Klawock	Airport MALSR	Install approach lighting.
Unorganized	Klawock	Airport Parallel Taxiway	Construct parallel taxiway.
Unorganized	Klawock	Airport Perimeter Fencing	Construct airport perimeter fence to meet federal security regulations.
Unorganized	Klawock	Airport Seaplane Float and Pull-out	Construct access road, aircraft pull-out ramp, and seaplane float with six pull-outs sized to accommodate float aircraft up to a deHavilland Beaver in size.
Unorganized	Klawock	Seaplane Float Replacement	Replace weathered and damaged seaplane float.
Unorganized	Klawock	Terminal Building	Construct 2,500 square foot passenger terminal building, parking lot (100 square foot) and raise approximately 1,000 linear feet of airport access road to apron grade.
Unorganized	Klawock	Terminal Parking Lot	Construct vehicle parking lot.
Unorganized	Kongiganok	Airport Improvements	Reconstruct and extend the runway safety area, reconstruct the taxiway, construct a new 150 foot by 400 foot apron, install runway lighting, relocate the maintenance equipment storage building, and purchase snow removal equipment.
Unorganized	Koyukuk	Airport Resurfacing	Resurface, grading and drainage improvements.
Unorganized	Koyukuk	Snow Removal Equipment Building	Upgrade, insulate and heat existing building.
Unorganized	Kwethluk	Airport Master Plan	Develop, evaluate and present alternative concepts to reconstruct or relocate the Kwethluk Airport. Products of this study will include an airport master plan, an environmental assessment, an airport layout plan, design level surveying, controlled aerial photography and geotechnical soils analysis of the preferred airport alternative.
Unorganized	Kwethluk	Airport Reconstruct/Relocate	Reconstruct or relocate the airport, including a new apron and taxiway and snow removal equipment building. Install airport lighting.
Unorganized	Kwigillingok	Airport Improvements	Reconstruct and extend the runway and safety area, construct a new apron, construct a taxiway and access road, purchase snow removal equipment, renovate the existing equipment storage building, and install a lighting system.
Unorganized	Lake Louise	Airport Reconstruction	Airport improvements.
Unorganized	Lake Minchumina	Airport Improvements	Reroute access road, runway resurfacing.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Unorganized	Limo Village	Airport Master Plan	Develop, evaluate and present alternative concepts to reconstruct or relocate airport. Products of this study will include an airport master plan, an environmental assessment, an airport layout plan, design level surveying, controlled aerial photography and geotechnical soils analysis of the preferred airport alternative.
Unorganized	Limo Village	Airport Reconstruct/Relocate	Reconstruct or relocate the airport, including a new apron and taxiway and snow removal equipment building. Install airport lighting.
Unorganized	Marshall	Airport Relocation	Improvements as recommended in the Master Plan.
Unorganized	May Crook	Airport Master Plan	Prepare master plan.
Unorganized	McCarthy	No. 1 Airstrip	Airport improvements.
Unorganized	McGrath	Airport Air Carrier Apron	Construct a terminal/air taxi apron, develop new lease lots, construct a helipad, and runway approach surface clearance in accordance with the master plan. Installation of additional security fencing to comply with part 107 requirements.
Unorganized	McGrath	Airport Master Plan	Provide a master plan for the airport. Products of this study will include an airport master plan, an environmental assessment, an airport layout plan, design level surveying, controlled aerial photography, and geotechnical soils analysis.
Unorganized	McGrath	Airport Runway	Reconstruct the runway and replace the airport lighting system. Runway work will include an additional base course and repavement.
Unorganized	Mekoryuk	Airport Crosswind Runway	Construct a crosswind runway.
Unorganized	Mellakalla	Annette Island Airport Plan	Develop an airport master plan for Annette Island Airport.
Unorganized	Mellakalla	Seaplane Float Terminal Building	Construct multi-carrier passenger terminal building and parking lot at Mellakalla Seaplane Facility.
Unorganized	Minto	Airport improvements	Improvements as recommended in Master Plan.
Unorganized	Mountain Village	Airport Improvements	Runway and safety area expansion and reconstruction.
Unorganized	Napakuk	Airport Improvements	Extend and widen the airport to current standards, construct a new apron and taxiway, construct a snow removal equipment building and upgrade the existing airport access road. Install new airport lighting.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Unorganized	Nelson Lagoon	Airport Improvements	Reconstruct the existing runway, taxiway and apron. May also construct an equipment storage building, purchase snow removal equipment and install lighting.
Unorganized	Now Stuyahok	Airport Improvements	Evaluate a new crosswind runway with an east-west alignment, probably overlaying the existing taxiway. A road, snow removal equipment building and lighting for the new runway will be included. Land will be acquired for the new runway. If the current site will not support a crosswind runway of at least 2,000 feet, this airport will be recommended for a master plan to select a new site. Wind data collection by the UAA is in process.
Unorganized	Nowtok	Airport Master Plan	Develop, evaluate and present alternative concepts to relocate the airport upon relocation of the community. Products of this study will include an airport master plan, an environmental assessment, an airport layout plan, design level surveying, controlled aerial photography and geotechnical soils analysis of the preferred airport alternative. Relocation of the airport will be coordinated with the relocation of the community.
Unorganized	Nightmute	Airport Improvements	Extend and widen the runway, resurface the entire runway, construct an apron and snow removal equipment building and replace the airport lighting. Land will be acquired for the entire airport (lease expires in 1998). Wind data collection by UAA is in process.
Unorganized	Nikolai	Airport Improvements	Extend and widen the runway from 2,300 feet to current standards. Resurface the entire runway, construct a new apron and snow removal equipment building, and evaluate the airport lighting system for replacement. Land may need to be acquired for the RPZ at the east end for easements to clear trees.
Unorganized	Nome	Apron and Taxiway Paving	Pave existing aprons and taxiways including subsurface repair, grading, drainage, stripping and signage.
Unorganized	Nome	ARFF Building	Construct airport rescue and fire fighting building.
Unorganized	Nome	Runway 2-20 Safety Area Expansion	Widen and extend safety area on runway 2-20, construct parallel taxiway with connecting taxiways to runway 9-27.
Unorganized	Nome	Snow Removal Equipment Building	Construct new snow removal equipment building.
Unorganized	Northway	Airport Improvements	Runway and apron repair, resurfacing and grading.
Unorganized	Nulato	Airport Improvements	Rehabilitate runway and safety area erosion problems.
Unorganized	Nulato	Snow Removal Equipment Building	Upgrade, insulate and heat existing building.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Unorganized	Polican	Seaplane Float Expansion	Construct a new seaplane float to provide seaplane float moorage capacity for three single-engine DeHavilland Otters and one pullout for transient aircraft.
Unorganized	Petersburg	Airport Bypass Road	Relocate road between airport terminal and Sandy Beach.
Unorganized	Petersburg	Airport East Apron Expansion	Construct additional apron between the existing apron and the new equipment building and construct a taxiway along the existing apron.
Unorganized	Petersburg	Airport General Aviation Taxiway	Construct light aircraft exit taxiway.
Unorganized	Petersburg	Airport Parking	Construct additional vehicle parking in terminal area.
Unorganized	Petersburg	Airport Runway 4 Turnaround	Construct aircraft turnaround on Runway 4.
Unorganized	Petersburg	Airport Runway Safety Area Upgrade	Extend and widen runway safety area to federal standards.
Unorganized	Petersburg	Airport Terminal Roadway	Reconstruct roadway through airport terminal area.
Unorganized	Petersburg	West Apron Expansion	Construct west apron to expand available aircraft parking and lease lots.
Unorganized	Pilot Station	Airport Improvements	Construct improvements pending Master Plan recommendations.
Unorganized	Pilot Station	Airport Lighting	Install airport lighting, beacon and windcone.
Unorganized	Platinum	Airport Master Plan	Develop, evaluate and present alternative concepts to reconstruct or relocate the airport. Products of this study will include an airport master plan, an environmental assessment, an airport layout plan, design level surveying, controlled aerial photography and geotechnical soils analysis of the preferred airport alternative.
Unorganized	Platinum	Airport Reconstruct/Relocate	Reconstruct or relocate the airport. Construct a 3,000 feet by 60 feet runway, a new apron and taxiway, and construct a new equipment storage building. Install airport lighting.
Unorganized	Prospect Creek	Airport Land Acquisition	Acquire land for the airport.
Unorganized	Quinhagak	Airport Reconstruct/Relocate	Relocate or improve the airport in accordance with the findings of the airport master plan.
Unorganized	Rampart	Airport Improvements	Reconstruct the runway and safety area.
Unorganized	Rampart	Snow Removal Equipment Building	Upgrade, insulate and heat existing building.
Unorganized	Red Devil	Airport Improvements	Resurface the existing runway, reconstruct the apron, construct a new equipment storage building and install airport lights.
Unorganized	Russian Mission	Airport Improvements	Extend and widen existing runway.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Unorganized	Russian Mission	Snow Removal Equipment Building	Upgrade, insulate and heat existing building.
Unorganized	Savoonga	Airport Improvements	Expand the existing apron, raise the grades on the apron and taxiway, realign the access road and upgrade the lighting system.
Unorganized	Savoonga	Snow Removal Equipment Building	Construct new snow removal equipment building
Unorganized	Shageluk	Airport Improvements	Runway and safety area expansion.
Unorganized	Shaktouik	Airport Relocation	Expand the runway and apron area. Improve the runway, taxiway and apron area. Install lighting.
Unorganized	Sheldon Point	Airport Improvements - Phase 2	Surface and lighting improvements.
Unorganized	Sheldon Point	Snow Removal Equipment Building	Construct a heated snow removal equipment building.
Unorganized	Shishmaref	Airport Erosion Protection	Erosion protection of airport.
Unorganized	Skagway	Airport Land Acquisition	Acquire property to support construction of a new Skagway Airport complete with a new runway, full parallel taxiway, apron, and terminal building.
Unorganized	Skagway	Airport New Apron	Construct a new terminal apron at the south end of the runway on the waterfront and reconstruct the existing apron, as a component of construction of a new Skagway Airport complete with a new runway, full parallel taxiway, apron, and terminal building.
Unorganized	Skagway	Airport New Runway	Construct a new runway approximately 105 feet west of the existing runway, as a component of construction of a new Skagway Airport complete with a new runway, full parallel taxiway, apron, and terminal building.
Unorganized	Skagway	Airport PAPI'S	Install PAPI's as a component of construction of a new Skagway Airport complete with a new runway, full parallel taxiway, apron, and terminal building.
Unorganized	Skagway	Airport Parallel Taxiway	Construct a full parallel taxiway, as a component of construction of a new Skagway Airport complete with a new runway, full parallel taxiway, apron, and terminal building.
Unorganized	Skagway	Airport Runway Lights	Install runway lights as a component of construction of a new Skagway Airport complete with a new runway, full parallel taxiway, apron, and terminal building.
Unorganized	Skagway	Airport Terminal Building	Construct a new terminal building, as a component of construction of a new Skagway Airport complete with a new runway, full parallel taxiway, apron, and terminal building.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Unorganized	Sleetmute	Airport Improvements	Resurface the existing runway, expand the apron, repair or replace the equipment storage building, and evaluate extension of the runway.
Unorganized	Sleetmute	Motor Grader	Purchase a motor grader for the Sleetmute Airport.
Unorganized	St. George	Airport Bird Hazard Mitigation	Birds present a severe hazard at this airport. Filling in the existing lake near the airport and development of an alternative roosting area is the recommended course of action.
Unorganized	St. Mary's	Airport Improvements	Airport lighting, rehabilitation grading, drainage and resurfacing.
Unorganized	St. Michael	Right-of-Way Reimbursement	Land acquisition reimbursement.
Unorganized	St. Paul	Airport Paving	Pave the airport.
Unorganized	St. Paul	Airport Snow Removal Equipment	Acquire snow removal equipment.
Unorganized	Stevens Village	Airport Relocation	Construct a new airport and purchase a grader.
Unorganized	Stony River	Airport Improvements	Reconstruct the runway, apron, and taxiway. Resurface the runway with crushed aggregate.
Unorganized	Takotna	Airport Master Plan	Develop, evaluate and present alternative concepts to reconstruct or relocate the airport. Products of this study will include an airport master plan, an environmental assessment, an airport layout plan, design level surveying, controlled aerial photography and geotechnical soils analysis of the preferred airport alternative.
Unorganized	Takotna	Airport Reconstruct/Relocate	Relocate or improve the existing airport to meet current airport design standards. The choice between relocation or improvement of the existing airport will be based on the Airport Master Plan.
Unorganized	Tanana	Airport Apron Improvements	Construct apron, taxiway and access road improvements.
Unorganized	Tanana	Snow Removal Equipment Building	Construct a new snow removal equipment building.
Unorganized	Tazlina	Airport at MP 156	Upgrade and extend runway.
Unorganized	Teller	Airport Road Reconstruction	Approach improvements.
Unorganized	Tetlin	Airport Improvements	Improvements as recommended in the Master Plan
Unorganized	Togiak	Airport Improvements	Pave the taxiway, apron, and runways and fence airport property.
Unorganized	Tok	Airport Improvements	Construct crosswind runway and extend existing runway.
Unorganized	Toksook Bay	Airport Reconstruct/Relocate	Relocate or improve the existing airport to meet current airport design standards. The choice between relocation or improvement of the existing airport will be based on the Airport Master Plan.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Unorganized	Tuluksak	Airport Reconstruct/Relocate	Reconstruct or relocate the airport.
Unorganized	Tuntutullak	Airport Improvements	Reconstruct or relocate the airport.
Unorganized	Tununak	Airport Improvements	Expand and resurface the existing runway and construct a crosswind runway.
Unorganized	Unalakleet	Airport Snow Fencing	Snow fencing.
Unorganized	Unalakleet	Snow Removal Equipment Building	Construct new snow removal equipment building.
Unorganized	Unalaska	Airport Apron	Pave the airport apron.
Unorganized	Unalaska	Airport Runway	Repave the runway.
Unorganized	Unalaska	Airport Sand Storage Building	Construct a sand storage building
Unorganized	Unalaska	Airport Search and Rescue Boat/Boat Launch	Purchase a rescue boat and construct a boat launch ramp.
Unorganized	Unalaska	Airport Terminal Expansion	Expand the terminal building to adequately serve projected passenger volume.
Unorganized	Valdez	Airport ARFF Building	Construct an airport rescue and fire fighting building.
Unorganized	Valdez	Airport Improvements	Runway safety area construction; apron repaving.
Unorganized	Valdez	Airport Master Plan	Update the airport master plan.
Unorganized	Valdez	Airport Rescue and Fire Fighting Vehicle	Acquire rescue vehicle.
Unorganized	Valdez	Airport Sand Storage Building	Construct sand storage building.
Unorganized	Venette	Airport Improvements	Improvements in accordance with Master Plan recommendations.
Unorganized	Wrangell	Airport Access Road Realignment	Relocate access road through terminal area.
Unorganized	Wrangell	Airport East Apron Expansion	Construct new general aviation apron and reconstruct sections of the existing apron to provide additional heavy aircraft apron designed to contain fuel spills and support cargo movements and additional apron for light aircraft. Construct hardstand and overlay the existing apron.
Unorganized	Wrangell	Airport Parking	Construct additional vehicle parking in the terminal area.
Unorganized	Wrangell	Airport Runway 27 Turnaround	Construct aircraft turnaround on runway 27.
Unorganized	Wrangell	Airport Runway Overlay	Overlay, groove, and re-stripe runway.
Unorganized	Wrangell	Airport Runway Safety Area Upgrade	Extend and widen runway safety area to federal standards.
Unorganized	Wrangell	Airport Sand and Chemical Storage Facility	Construct shelter for sand and chemical storage.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Unorganized	Wrangell	Airport Seaplane Pull-out	Construct new seaplane pull-out ramp to provide airport access over full tidal range and to relocate existing pull-out from area of future runway safety area expansion.
Unorganized	Wrangoll	Airport West Apron Expansion	Expand cargo apron westward to provide additional cargo staging area.
Unorganized	Wrangell	ARFF Building and Water/Sower	Construct a new building to house airport aircraft rescue and fire fighting response equipment and materials. Extend city water and sewer lines to airport ARFF building and airport tenants.
Unorganized	Wrangoll	ARFF Vehicle	Purchase new aircraft rescue and firefighting vehicle to meet FAA Part 139 Aircraft Rescue and Firefighting Equipment Index C requirements--a vehicle carrying at least 500 pounds of sodium-based dry chemical or Halon 1211, and 3,000 gallons of water, and the commensurate quantity of AFFF for foam production.
Unorganized	Wrangell	Light Aircraft Taxiway Widening	Reconstruct and widen to standards a light aircraft exit taxiway.
Various	Southeast Alaska	SE Airports Smart Key Security System	Purchase smart key security system to replace Dedicated Ramp Observer (DRO) for Ketchikan, Petersburg, Wrangell, Sitka, Juneau, and Yakutat Airports. A smart key system is a lock key system controlled by an airport computer controlling individual access by time and date.
Various	Southeast Alaska	SE Airports Snow Removal Equipment	Purchase snow removal equipment for Petersburg, Wrangell, and Yakutat Airports.
Various	Various	Airport Emergency and Other Contingency Projects	Airport improvements and emergency repairs.
Various	Various	CE Airport Layout Plan Update	Update Central Region Airport Layout Plans.
Various	Various	CE Airport Snow Removal Equipment	Acquire snow removal equipment for Central Region airports identified by Maintenance and Operations' priority list.
Various	Various	CE Airport Wind Data Collection	Conduct wind data collection at airports in Central Region. Aerial photography may also be carried out at Central Region airports under this program.
Various	Various	Northern Region Airports	Deferred maintenance.
Various	Various	Northern Region Communication Equipment	Acquire multichannel radio equipment for vehicles working on active runways.
Various	Various	Northern Region Right-of-Way	Airport land expense reimbursement.

FEDERAL AID AIRPORT TRANSPORTATION NEEDS AND PRIORITIES

Borough	Location	Name	Description
Various	Various	Northern Region Snow Removal Equipment	Acquire snow removal equipment for various locations.
Various	Various	Northern Region Snow Removal Equipment Buildings Upgrade	Upgrade existing snow removal equipment buildings to include insulation and heating systems.

Ports and Harbors Projects

Corps of Engineers Program and State Funded

by Location

PORTS AND HARBORS NEEDS AND PRIORITIES

Score	Borough	Location	Name	Description	Cost Estimate
54.0	Alutians East	Akutan	Small Boat Harbor	Construct.	6,200,000
30.0	Alutians East	Cold Bay	Breakwater and Small Boat Harbor	Construct breakwater and floats for small craft and transient fishing vessels.	7,000,000
43.0	Alutians East	Cold Bay	Dock Electrification	Install approximately 2,150 feet of three-phase conductor between the existing feeder and the dock outer terminal, which will provide electricity on the Cold Bay Public Dock.	
55.0	Alutians East	False Pass	Public Dock Improvement	Improve the dock (175' x 40" by adding dolphins and catwalk to allow larger ships and the new ocean-class state ferry and floating seafood processors to dock.	1,000,000
47.0	Alutians East	King Cove	Outer Harbor	Construct new harbor adjacent to new dock in conjunction with Corps of Engineers breakwater and navigation improvement. Moorage for 25 vessel in excess of 80 feet and transient moorage for up to 40 more. Funding would provide for match and local costs.	2,900,000
55.0	Alutians East	Sand Point	Harbor Expansion	Expand harbor for local and transient commercial fishing vessels.	7,000,000
68.0	Anchorage	Anchorage	Cook Inlet Navigation Improvements	Complete navigational improvements to Cook Inlet.	2,000,000
57.0	Bristol Bay	Naknek	Fisherman's Dock/Harbor	Design and construct a dock and trestle, mooring boom, boat repair grid, staging area, storage area, vehicle parking and highway access.	2,500,000
57.0	Bristol Bay	Naknek	Freight Dock	Expand the Borough's existing commercial freight dock and their acquisition and development of additional upland area for staging and container storage. Improve drainage and base material that is better able to handle the heavy containers and traffic.	500,000
44.0	City & Borough of Juneau	Juneau	Auko Bay Breakwater	Construct additional breakwater at Auko Bay.	
	City & Borough of Juneau	Juneau	Auko Bay Facilities	Investigate feasible alternatives for providing 150 parking spaces.	30,000
24.0	City & Borough of Juneau	Juneau	Aurora Harbor ADA Improvements	Construct ADA improvements, ramp to float system.	250,000
6.0	City & Borough of Juneau	Juneau	Aurora Harbor Reconstruction	Reconstructinger floats at A-A-06 and A-07 to 70 to 100 foot.	300,000
6.0	City & Borough of Juneau	Juneau	Aurora Harbor Uplands Improvements	Construct restrooms and showers.	100,000

PORTS AND HARBORS NEEDS AND PRIORITIES

Score	Borough	Location	Name	Description	Cost Estimate
27.0	City & Borough of Juneau	Juneau	Douglas Dock	Reconstruct dock, approach, hoist, and bulkhead.	150,000
18.0	City & Borough of Juneau	Juneau	Douglas Harbor Expansion	Maintenance dredge existing basin. Dredge turning basin and moorage basin; construct new floats.	2,000,000
6.0	City & Borough of Juneau	Juneau	Douglas Harbor Uplands	Construct public restrooms.	75,000
6.0	City & Borough of Juneau	Juneau	Harris Harbor Uplands	Construct public restrooms.	75,000
27.0	City & Borough of Juneau	Juneau	Tee Harbor Launch Ramp and Parking Lot	Construct a new approximately 12' x 180' boat launch ramp, 6' x 225' launch ramp float and parking lot.	1,000,000
6.0	City & Borough of Sitka	Port Alexander	Inner Harbor Rehabilitation	Reinforce main floats with fendered dolphin piling or other suitable means.	120,000
46.0	City & Borough of Sitka	Sitka	Boat Ramp Beautification Project	Boat launch ramp beautification at MP 7.5 Halibut Road.	25,000
56.0	City & Borough of Sitka	Sitka	Crescent Harbor ADA Upgrade	Upgrade existing facilities to ADA standards to accomodate the significant number of lightered passengers from cruise ships.	200,000
65.0	City & Borough of Sitka	Sitka	Harbor Repairs	Construct inner-harbor repairs of existing facilities at Thomsen, Crescent and Sealing Cove.	200,000
75.0	City & Borough of Sitka	Sitka	Thomsen Harbor Expansion (Inner Harbor Floats)	Construct inner harbor facilities within newly constructed breakwater for up to 378 vessels including transient capacity.	2,500,000
39.0	City & Borough of Yakutat	Yakutat	Upgrade Yakutat Harbor Electrical System	Reduce height of service panels; clean and paint service panels, service meter bases, and main distribution panel; clean and treat all wire terminations for corrosion; correct code violations, replace broken parts, provide new ground rod; replace the power meter heads on shore tie pedestals; repair aerial cable connections at pilings; and repair luminaries. Provide water service on floats.	100,000
	Fairbanks North Star	Fairbanks	Chena River Watershed	Provides matching funds for Corps of Engineers feasibility study.	200,000
21.0	Haines	Haines	Haines Portage Cove Harbor Restrooms	Build a 24' x 24' public restroom on fill created adjacent to the boat harbor approach dock.	73,000
54.0	Haines	Haines	Harbor Repairs	Repair or re-lace old boat grid, old concrete ramp, and water lines, and install a new gangway.	300,000

PORTS AND HARBORS NEEDS AND PRIORITIES

Score	Borough	Location	Name	Description	Cost Estimate
94.0	Haines	Haines	Letnikof Cove Repairs	Repair approach float and replace launching ramp and replace floats and coatings.	300,000
48.0	Haines	Haines	Lutak Dock and Fender	Replace fender system.	385,000
27.0	Haines	Haines	New Boat Launch Ramp	Construct new launching ramp and float.	250,000
18.0	Haines	Haines	Portago Cove Boat Harbor Parking Lot	Expand.	1,000,000
47.0	Haines	Haines	Portago Cove Harbor Expansion	Relocate Portago Cove breakwater and expand float system.	4,000,000
35.0	Kenai Peninsula	Anchor Point	Harbor Feasibility Study	Determine feasibility of navigation and harbor improvements. Construct launching ramp and moorage basin with seasonal use floats.	150,000
57.0	Kenai Peninsula	Homer	Dock Bulkhead (Wharf)	Construct wharf bulkhead.	1,000,000
52.0	Kenai Peninsula	Homer	Harbor Approach, Gangways and Grid	Design and replace an aged grid system with new grid. Construction will consist of bulkhead, backfill, new grid caps, and bents and piles, water and electrical service, and crane installation.	400,000
77.0	Kenai Peninsula	Homer	Harbor Float Repairs	Harbor float replacement of remaining post-1964 earthquake float systems (EFG) complete with electrical and water service.	3,600,000
	Kenai Peninsula	Homer	Spit Storm Erosion	Construct revatment on beach below Homer Spit Road.	2,070,000
84.0	Kenai Peninsula	Ninilchik	Harbor Sheetpile Bulkhead	Construct a sheet pile bulkhead along the west side of the Harbor (600').	2,500,000
57.0	Kenai Peninsula	Seldovia	Harbor Basin Dredging	Dredge portions of the harbor.	250,000
25.0	Kenai Peninsula	Seldovia	Jakolof Bay Float	Acquisition of 1.5 acres of uplands n' Jakolof Bay.	100,000
16.0	Kenai Peninsula	Seldovia	Restrooms	Construction of restrooms at harbor.	120,000
85.0	Kenai Peninsula	Seward	Harbor Improvements and Float Replacement	Provide electrical system repairs to the existing float system, replace severely damaged floats, general float repairs and provides two handicapped accessible ramps to the float system.	2,000,000
57.0	Kenai Peninsula	Seward	North Dock Extension and Breakwater	Construct an extension of the North Dock at Seward Marine Industrial Complex. The extended dock will connect to a proposed breakwater to be constructed as a Corps of Engineers project.	2,000,000
50.0	Kenai Peninsula	Seward	Small Boat Harbor	Expand harbor.	8,000,000

PORTS AND HARBORS NEEDS AND PRIORITIES

Score	Borough	Location	Name	Description	Cost Estimate
59.0	Konai Peninsula	Williamsport	Channel Dredging and Barge Landing	Dredge channel and construct dock at end of Williamsport-Pile Bay road. Project includes match for \$1,100,000 federal Corps of Engineers project construction funds.	2,000,000
15.0	Ketchikan Gateway	Ketchikan	Airport Small Boat Dock Construction	Construct small boat dock for rescue craft and transient moorage at airport.	100,000
56.0	Ketchikan Gateway	Ketchikan	Bar Harbor North Dredging	Maintenance dredge to original basin limits.	300,000
6.0	Ketchikan Gateway	Ketchikan	Bar Harbor North Uplands	Construct restrooms, showers and marine pollution regulations services.	150,000
6.0	Ketchikan Gateway	Ketchikan	Bar Harbor Parking Lot Expansion, Preliminary Engineering	Identify expansion area for harbor parking; develop plans and estimate costs.	50,000
6.0	Ketchikan Gateway	Ketchikan	Bar Harbor South Uplands	Construct restrooms, showers and marine pollution regulations services.	150,000
39.0	Ketchikan Gateway	Ketchikan	Boat Launch Ramp Repair Bar Harbor	Repair launch ramp.	150,000
6.0	Ketchikan Gateway	Ketchikan	City Float Uplands	Develop plans and estimate costs to construct parking lot and upland improvements. Improvements include restroom and shower facilities, marine pollution regulations services and transient moorage.	50,000
36.0	Ketchikan Gateway	Ketchikan	Knudson Cove Launch Ramp Reconstruction	Construct an additional 12'x 160' boat launching ramp at Bar Harbor or replace the existing 16' X 200' launch ramp at Knudson Cove. Other alternatives may also be considered.	190,000
6.0	Ketchikan Gateway	Ketchikan	Lewis Reef Industrial Complex Design	Engineering design for barge bridge facility.	50,000
15.0	Ketchikan Gateway	Ketchikan	Mt. Point Restrooms and Parking Expansion	Construction of restrooms and expansion of the parking lot.	200,000
54.0	Ketchikan Gateway	Ketchikan	Thomas Basin Grid Replacement and Parking Lot Expansion Design	Develop plans and cost estimate to replace existing grid and fill upland area to construct new parking lot.	50,000
29.0	Ketchikan Gateway	Ketchikan	Tongass Narrows South Harbor Reconnaissance	Local matching funds for Corps of Engineers reconnaissance study of potential new boat harbor facility south of the USCG Base.	200,000
45.0	Ketchikan Gateway	Loring	Breakwater Float	Construct heavy duty float to replace existing.	150,000

PORTS AND HARBORS NEEDS AND PRIORITIES

Score	Borough	Location	Name	Description	Cost Estimate
81.0	Kodiak Island	Kodiak	City Float	Reconstruct floatation, docking and piles, construct water, lights and power to berths.	150,000
79.0	Kodiak Island	Kodiak	New Harbor Facilities	Construct inner harbor improvements following completion of Corps of Engineers breakwater in 1995.	2,000,000
98.0	Kodiak Island	Kodiak	St. Herman's Inner Harbor	Deferred maintenance on fire protection system, water and electrical systems and construct new launching ramp, marine pollution regulations services and restroom and shower facilities.	500,000
105.0	Kodiak Island	Kodiak	St. Paul Harbor	Replace/repair floats C and D, repair water and electrical system, repair launch ramp. Complete partial rehabilitation of the Inner Harbor. Dredge to original basin limits.	1,500,000
89.0	Kodiak Island	Larsen Bay	Inner Harbor	Construct the float system and causeway and dredge the basin for the float system. Note: This project includes \$1,020,000 for improvements required by the Larson Bay Village. The improvements will widen the bridge/causeway so that trucks can access the harbor. Without these improvements the harbor cannot adequately serve the existing float.	1,020,000
89.0	Kodiak Island	Larsen Bay	Small Boat Harbor Breakwater	Fund match for the Corps of Engineers project to construct breakwater, entrance channel and basin dredging project prior to construction of inner harbor facilities.	1,200,000
66.0	Kodiak Island	Old Harbor	Dock Improvements	Complete improvements.	405,000
57.0	Kodiak Island	Old Harbor	Launching Ramp	Construct a launch ramp.	150,000
69.0	Kodiak Island	Old Harbor	Small Boat Harbor	Construct grid, utilities and parking.	250,000
24.0	Kodiak Island	Old Harbor	Wharf	Construction.	1,500,000
89.0	Kodiak Island	Ouzinkie	Inner Harbor	Construct inner harbor facilities in conjunction with Corps of Engineers breakwater and channel dredging, and inner harbor dredging. Provides safe moorage for approximately 50 vessels in a 1.3 acre basin.	1,700,000
89.0	Kodiak Island	Ouzinkie	Small Boat Harbor Breakwater	Provides match and local share for Corps of Engineers project to construct breakwater channel and basin dredging. Provides safe moorage for approximately 50 vessels in a 1.3 acre basin.	1,200,000
69.0	Kodiak Island	Port Lions	Dock Repairs/Improvement	Make repairs after storm damage. Replace damaged concrete float sections, bull rail and deteriorated electrical system.	120,000

PORTS AND HARBORS NEEDS AND PRIORITIES

Score	Borough	Location	Name	Description	Cost Estimate
55.0	Kodiak Island	Port Lions	Electrical Replacement	Replace all abraded electrical power wiring along floats A, B, C and D. Replace all lighting fixtures throughout the harbor. Replace main breakers and sheller main breaker power panels.	250,000
35.0	Kodiak Island	Port Lions	Harbor Fire Protection System	Install fire protection system.	125,000
31.0	Kodiak Island	Port Lions	Harbor Water for Floats	Install water system on floats.	100,000
57.0	Kodiak Island	Port Lions	Launching Ramp	Construct launch ramp.	150,000
16.0	Kodiak Island	Port Lions	Restrooms and Showers	Construct in vicinity of harbor.	120,000
93.0	Kodiak Island	Port Lions	Spur Breakwater	Construct a rubble-mound breakwater and heavy-duty float to protect harbor from southwest-winds generated wave. Includes additional protection to attenuate waves entering the harbor around the shore end of the breakwater.	3,000,000
95.0	Lako & Peninsula	Chignik	Inner Harbor	Construct inner harbor facilities to accommodate 105 vessels. Funding will be used for non-federally eligible costs.	2,200,000
41.0	Lako & Peninsula	Chignik	Public Dock Construction	Construct a 50' x 200' public dock in Chignik to service the local and transient fishing fleet, Alaska Marine Highway System and other vessels.	2,500,000
95.0	Lako & Peninsula	Chignik	Small Boat Harbor Breakwater	Construct breakwater, dredge navigation channel and inner harbor basin in advance of constructing inner harbor facilities to accommodate 105 vessels.	2,600,000
52.0	Lako & Peninsula	Iliamna Village	Public Dock Modifications	Modify Iliamna public dock.	100,000
42.0	Lako & Peninsula	Kokhanok	Small Boat Harbor Feasibility Study	Conduct feasibility study	50,000
57.0	Lako & Peninsula	Levolock	Public Dock	Construct a public dock.	1,500,000
42.0	Lako & Peninsula	Perryville	Public Dock	Construction of public dock	3,500,000
42.0	Lako & Peninsula	Pilot Point	Public Dock	Construct a new and upgraded public dock at Dago Creek. This funds a design phase.	100,000
57.0	Lako & Peninsula	Ugashik	Public Dock	Conduct a feasibility study to construct a public dock.	100,000

PORTS AND HARBORS NEEDS AND PRIORITIES

Score	Borough	Location	Name	Description	Cost Estimate
63.0	North Slope	Barrow	Point Barrow Harbor Proposal Phase I	Prepare engineering reconnaissance and feasibility study for 300 boats with up to 100 moored at one time and providing a boat ramp capable of simultaneous landings. Phase II would support a commercially viable port authority and improvements like a fuel dock, hoist, storage area, parking and access improvements. Provides access for bulk petroleum product barges and lightering activity.	200,000
	Northwest Arctic	Buckland	Dock and Erosion of River Bank	Preliminary engineering and cost feasibility study for docking facility for use of villagers. Shore up all places where erosion is taking place.	100,000
	Northwest Arctic	Buckland	Streambank Erosion	Preliminary engineering and cost feasibility study for streambank protection along 750 feet of Buckland.	100,000
	Northwest Arctic	Deering	Emergency Bank Protection	Provide funding to match Corps of Engineers project that provides bank protection to road that parallels the Immachuk River.	150,000
	Northwest Arctic	Kivalina	Docking Facility	Preliminary engineering and cost feasibility study for full off-load port facility.	100,000
	Northwest Arctic	Kotzebue	Deep Water Port	Preliminary engineering and cost feasibility study for the construction of deep-water ocean port associated with access roads, tank farms and freight storage areas.	200,000
	Northwest Arctic	Kotzebue	Swan Lake Boat Harbor	Dredge existing harbor shallow areas, place spoils and extra fill in a center finger peninsula in order to create more shoreline moorage area.	100,000
15.0	Unorganized	Angoon	Angoon Launch Ramp	Construct launch ramp facility in Kootznahoo Inlet.	250,000
65.0	Unorganized	Angoon	Harbor Repairs	Repair existing harbor deficiencies. Spalled concrete deck, broken finger floats, grid repairs.	50,000
57.0	Unorganized	Aniak	Dock and Harbor Facility Improvement	Provide for dock and harbor improvements. Project feasibility.	100,000
	Unorganized	Aniak	Erosion Damage Protection	Corps of Engineers investigation of flood damage protection project.	250,000
42.0	Unorganized	Bartlett Cove	Glacier Bay Park Float	Extend existing dock to deeper water and provide additional floating dock space. Construct public use boat launching ramp near the dock. Provide boat moorage space for visiting public use.	1,500,000

PORTS AND HARBORS NEEDS AND PRIORITIES

Score	Borough	Location	Name	Description	Cost Estimate
	Unorganized	Bethel	Bank Stabilization	Construct rock blanket slope protection in front of town on the Kuskukwim River. Funding for non-federal match costs.	1,500,000
35.0	Unorganized	Coffman Cove	Coffman Cove Float Expansion	Expand harbor float system to provide up to fifteen additional stalls.	500,000
67.0	Unorganized	Cordova	Inner Harbor Boat Launch Ramp Replacement	Replaces the existing 12'x128' concrete launch ramp located between the grid and the Fish and Game dock.	150,000
10.0	Unorganized	Cordova	North Containment Dock Cathodic Protection System	Provides adequate cathodic protection for the north containment dock.	50,000
42.0	Unorganized	Cordova	Old Tidal Grid Replacement	Replaces the 20'x184' tidal grid no. 1 located adjacent to the Forest Service Dock. Any remaining funds will be used to complete repairs to the 6'x56' grid no. 2 located adjacent to the boat launch ramp.	150,000
59.0	Unorganized	Cordova	Shepard Point Dock Oil Spill Response Project	Construct a deep water dock facility.	6,000,000
	Unorganized	Cordova	Small Boat Harbor Expansion	Expansion of harbor.	
81.0	Unorganized	Cordova	Small Boat Harbor Repairs	Major repairs or replacement of oldest section of floats replacing flotation, decking, bullrails and stringers as required. Electrical and water system renovations.	500,000
66.0	Unorganized	Craig	City Dock and Grid	Dolphin piling construction.	180,000
36.0	Unorganized	Craig	North Cove Grid	Construct new grid in North Cove.	150,000
51.0	Unorganized	Craig	North Cove Harbor Breakwater Spur Construction	Design and construct an 800' rubble-mound breakwater on the west side of the expanded North Cove Boat Harbor.	400,000
6.0	Unorganized	Craig	North Cove Upland Improvements	Construct harbor office, restrooms, showers and parking.	250,000
42.0	Unorganized	Craig	South Cove Harbor Breakwater, Preliminary Engineering	Preliminary engineering and design of a new breakwater for South Cove Boat Harbor.	50,000
26.0	Unorganized	Craig	South Cove Improvements	Provides new slips for small craft at less than 21' and 21'-30'.	
6.0	Unorganized	Craig	South Cove Uplands	Provides harbor office, restrooms, shower, boat storage and parking.	350,000
	Unorganized	Dillingham	Erosion Phase II	Construct 1200' of bulkhead near the boat dock.	400,000
	Unorganized	Dillingham	Erosion Phase III	Erosion control near Squaw Creek.	
36.0	Unorganized	Edna Bay	Breakwater and Floats	Construct 250 rubble-mound breakwater, 2000 square feet of float with approach and gangway.	1,250,000

PORTS AND HARBORS NEEDS AND PRIORITIES

Score	Borough	Location	Name	Description	Cost Estimate
77.0	Unorganized	Elfin Cove	Inner Harbor	Construct new stall floats.	500,000
	Unorganized	Elim	Erosion Control	Erosion control along beach near bridge.	
	Unorganized	Emmonak	Control Dike	Construct erosion control dike.	500,000
	Unorganized	Gamboll	Erosion Control	Preliminary engineering and cost feasibility study for erosion control project.	100,000
83.0	Unorganized	Gustavus	Breakwater, Moorage Floats and Launch Ramp	Construct breakwater, moorage floats and a launch ramp.	1,500,000
50.0	Unorganized	Gustavus	Float Expansion	Add 2 new 9' x 100' sections of float to the end of the existing float system at dock.	350,000
41.0	Unorganized	Hoonah	Boat Harbor Expansion	Construct 18 new stalls for boats between 30 and 65 foot.	400,000
9.0	Unorganized	Hoonah	Boat Lift	Construct a marine travel lift to remove boats for maintenance and winter storage.	250,000
51.0	Unorganized	Hoonah	Grid Reconstruction	Reconstruct grid at current location or relocate to accommodate parking expansion needs.	150,000
65.0	Unorganized	Hoonah	Maintenance Dredging	Maintenance dredge harbor in conjunction with Corps of Engineers project.	100,000
90.0	Unorganized	Hoonah	Repairs	Repair spalling concrete decks in harbor and wood floats at city float. Replace grid at city float or new location.	265,000
50.0	Unorganized	Hoonah	Tour Ship Dock	Design engineering for tour ship dock between ferry terminal and log dock.	100,000
15.0	Unorganized	Hoonah	Uplands Improvements	Make off-highway parking available at city float.	75,000
15.0	Unorganized	Hydaburg	City Dock Breakwater, Preliminary Engineering	Construct breakwater to protect city dock.	50,000
	Unorganized	Hydaburg	Harbor Breakwater	200' rubble-mound breakwater.	800,000
69.0	Unorganized	Hydaburg	Harbor Grid Replacement	Replace the 18' x 88' grid.	150,000
	Unorganized	Hydaburg	Launch Ramp	Construct launching ramp, turn around and parking.	150,000
6.0	Unorganized	Hydaburg	Upland Improvements	Construct 5-10 off-street parking stalls, restrooms, showers, and marine pollution regulations services.	150,000
101.0	Unorganized	Kake	Portage Cove Harbor Breakwater and Expansion	Provides a 1300' protective breakwater, relocation of existing 510' floating breakwater to protect 87 existing vessels and provide expansion for 90 additional permanent moorings and 27 transient spaces. Provides match for federal funds to construct the required inner harbor improvements.	3,200,000

PORTS AND HARBORS NEEDS AND PRIORITIES

Score	Borough	Location	Name	Description	Cost Estimate
71.0	Unorganized	Kasaan	Kasaan Dock Replacement/Repair	Dock replacement/repairs. Construct a small grid and provide utilities if possible.	125,000
35.0	Unorganized	Klawock	Boat Harbor Expansion, Preliminary Engineering	Preliminary engineering and design for new harbor facilities to provide moorage for an additional 50 boats.	50,000
34.0	Unorganized	Klawock	Harbor Deferred Maintenance	Construct breakwater to stop ice flows into harbor, reconstruct floats and grid, and install additional electrical meter plug-ins.	900,000
59.0	Unorganized	Koyuk	Small Boat Harbor Feasibility Study	Feasibility study.	100,000
	Unorganized	Koyukuk	Koyukuk River Erosion	Preliminary engineering and assessment on river erosion.	100,000
56.0	Unorganized	Kupreanof	Float Improvements	Reconstruct and extend capacity of float.	50,000
	Unorganized	Kuskokwim	River Study	Corps of Engineers study.	
57.0	Unorganized	Manokotak	Igushik River Dock	Construct a dock on the Igushik River at the city of Manokotak.	
57.0	Unorganized	Manokotak	Woary River Dock	Construction of dock at Woary River.	
50.0	Unorganized	Mettlakalla	Barge Ramp Renovation and Improvements	Preliminary engineering for site development of a new barge ramp behind old breakwater.	3,000,000
6.0	Unorganized	Mettlakalla	Boat Harbor Haul-Outs Renovation and Improvements	Improvements and renovation of breakwater haul-outs.	200,000
70.0	Unorganized	Mettlakalla	Boat Harbor Launch Ramp Repair/Replacement	Replace existing launch ramp.	150,000
36.0	Unorganized	Mettlakalla	Grid	Construct new grid for two boats up to 75 feet and 200 tons each.	400,000
9.0	Unorganized	Mettlakalla	Uplands	Construct new 1500 square-foot harbor office.	150,000
12.0	Unorganized	Mettlakalla	Work Float	Construct new 5000 square-foot work float at city float.	250,000
	Unorganized	Nome	Port Projects	Port causeway bridge repair, waterlines to dock 1 and 2, Dock 2 fuel header replacement. Extend and complete causeway.	
60.0	Unorganized	Nome	Small Boat Harbor	Construct a small boat harbor for approximately 80 vessels and adjacent fishing industrial space to support processing plants, fuel dock, boat haul-out, repair and storage for commercial, subsistence and recreational use. Site is locally referred to as "turning basin" at the lower end of the Snake River. Project can be phased.	5,000,000

PORTS AND HARBORS NEEDS AND PRIORITIES

Score	Borough	Location	Name	Description	Cost Estimate
94.0	Unorganized	Nome	Small Boat Harbor Repairs	Fender system, utilities, restrooms and oil collection facilities. Install security fencing around the harbor and along the causeway. Basin survey.	250,000
18.0	Unorganized	Pelican	Harbor Water and ADA Gangway	Construct new ADA gangway and water services.	50,000
90.0	Unorganized	Petersburg	Middle Boat Harbor Float Replacement	Major renovation of old floats, piling and utility systems, maintenance dredging to original basin limits.	1,300,000
92.0	Unorganized	Petersburg	North Boat Harbor Float Replacement	Replace North Boat Harbor floats and pilings, grid and utility systems.	1,800,000
77.0	Unorganized	Petersburg	Papke's Landing Rehabilitation	Extend float, add moorage, install lights and expand parking.	500,000
60.0	Unorganized	Petersburg	South Boat Harbor Expansion	Enlarge basin by dredging adjacent tidelands and install additional boat moorage floats to provide an additional 100-150 boat stalls, including 100 stalls for boats 40 feet long or longer. Construct new grid.	3,500,000
41.0	Unorganized	Petersburg	Tour Ship Dock Construction, Preliminary Engineering	Preliminary engineering to locate and develop plans and cost estimates for construction of a new cruise ship dock.	50,000
12.0	Unorganized	Point Baker	Float Improvements	Install a cargo hoist on float. Add 12 finger floats for small boats of less than 21 feet.	200,000
57.0	Unorganized	Quinhagak	Dock	Construct dock.	
9.0	Unorganized	Skagway	Basin Dredging	Dredge basin to original basin limits, increase navigation and turning depth area to -12 feet MLLW depth.	100,000
19.0	Unorganized	Skagway	Harbor Improvements	Install pumpout, add 14 water connections and repair damaged floats, renovate and strengthen grid.	70,000
45.0	Unorganized	Skagway	Roadway/Harbor Retaining Wall, Preliminary Engineering	Provides preliminary engineering and cost estimates to replace approximately 400 feet of roadway retaining wall adjacent to harbor.	50,000
57.0	Unorganized	St. George	East Landing Boat Ramp	Remove existing ramp. Dig back into shore about 300' l x 100' w x 15' d. Will be behind a rock formation that acts like a breakwater. Install a heavy-duty ramp that will accommodate a trailered vessel of 40' or less.	500,000
79.0	Unorganized	St. Paul	Harbor	Channel dredging (from -24 feet to -37 feet MLLW) to deepen and enlarge basin (from 18-26 feet deep to -32 feet MLLW). Maneuvering basin would be 415 feet by 830 feet long. The dock would be extended 35 feet wide by 200 feet long. Project funds sponsor cost of the estimated \$11 million project.	4,718,000

PORTS AND HARBORS NEEDS AND PRIORITIES

Score	Borough	Location	Name	Description	Cost Estimate
	Unorganized	Tanana	Docking Facilities	Feasibility study for floating dock and permanent ramp suitable for loading passengers, freight, a spill-containment device and other mandated improvements for fuel transport.	100,000
55.0	Unorganized	Tatiltok	Inner Harbor Construction	Construct inner harbor for 32 vessels after construction of a breakwater by the Corps of Engineers.	1,350,000
51.0	Unorganized	Tonakee Springs	Harbor Repairs/Improvements	Add cargo hoist to dock, replace float D and provide harbor office and fire protection. Reconstruct grid.	100,000
33.0	Unorganized	Tonakee Springs	Skiff Float Installation	Provide float suitable for handling 8 skiffs, attach to either ferry dock or the seaplane float for better access to town.	100,000
57.0	Unorganized	Thorne Bay	Davidson Landing Boat Float Replacement	Replace and expand the approach and moorage floats at Davidson Landing at South Thorne Bay.	250,000
15.0	Unorganized	Thorne Bay	Dock	Pile supported 40 x 100 general purpose dock with cargo crane for local and small cargo transfers.	500,000
6.0	Unorganized	Thorne Bay	Harbor Expansion	Extend breakwater, finger floats and utilities.	2,350,000
33.0	Unorganized	Thorne Bay	Harbor Grid Construction	Construction of grid.	125,000
41.0	Unorganized	Unalaska	Iliuluk River Skiff Float	Construct an 8' x 300' pin-piled, floating dock facility along Iliuluk River. Facility would be constructed on the NW side of river just upstream of the Alyoska fuel tanks. At least 3 ramps would be constructed from shore to the floating dock facilities. Facility would be able to accommodate vessels up to 18 feet. Project includes cleanup and removal of existing old floats, pilings and abandoned skiffs.	100,000
46.0	Unorganized	Unalaska	Small Boat Harbor	Construct a new small boat harbor facility. Facility would initially provide 150 boat slips but could be expanded to 270, a 1,500' working wall, supported by small cranes and a travelift, a central operations office for the harbormaster, storage lockers, and public facilities. Any roadway and trail improvements necessary to upgrade the landside connection to Unalaska's transportation system would be constructed. Facility would be located along the south end of Amaknak Island.	15,600,000
93.0	Unorganized	Unalaska	Small Boat Harbor Expansion	Expand the existing small boat harbor facility. The existing floating dock facility would be extended 1020 feet.	600,000
39.0	Unorganized	Unalaska	Spit Dock	Extend the existing pin-piled floating dock an additional 400 lineal feet to the south.	3,600,000

PORTS AND HARBORS NEEDS AND PRIORITIES

Score	Borough	Location	Name	Description	Cost Estimate
39.0	Unorganized	Valdez	Boardwalk and Guardrail Improvements	Replace 500 feet of the existing timber boardwalk with a new concrete apron, handrails and 300 feet of new steel guardrail.	235,000
6.0	Unorganized	Valdez	Boardwalk Extension	Extend 1,000' of boardwalk along South Harbor Drive. The boardwalk will extend over the water supported by a pile foundation.	235,000
20.0	Unorganized	Valdez	Float Extension	Install a 8' x 100' concrete float and anchor piles; remove timber fenders.	830,000
25.0	Unorganized	Valdez	Harbor Illumination	Install four high mast lights (125'+/-).	480,000
19.0	Unorganized	Valdez	Oil/Water Separators Installation	Install two storm drains that separate oil and water.	125,000
10.0	Unorganized	Valdez	Restroom Facility Construction	Construct new restroom facilities.	180,000
6.0	Unorganized	Valdez	Retaining Wall Extension	Construct a timber faced geotextile wall, modify approach dock and gangways and build a concrete apron with handrails.	1,295,000
57.0	Unorganized	Whale Pass	Boat Float Replacement	Replace community boat float.	300,000
21.0	Unorganized	Whale Pass	Boat Launch Ramp Construction	Construct boat launch ramp.	500,000
87.0	Unorganized	Whittier	Harbor	Construct boat harbor expansion of the Whittier Harbor.	6,000,000
81.0	Unorganized	Whittier	Harbor	Make general repairs.	200,000
45.0	Unorganized	Wrangell	Deep Draft Harbor Expansion	Provide a new harbor facility ideally located in a natural harbor close to Wrangell's downtown. The Cemetery Point Harbor location is adjacent to an expansion of the Reliance Harbor. To be designed for deep draft commercial vessels and barges. Increase Wrangell's commercial and industrial land base by approximately 12 acres.	16,000,000
61.0	Unorganized	Wrangell	Fish and Game Float Electrical	Expand electrical system.	35,000
78.0	Unorganized	Wrangell	Float Relocation and Upgrade	Relocate upgrade seaplane float to south side of harbor entrance. Construct large vessel transient moorage on the north side to accommodate vessels in the 120' to 150 foot range.	1,200,000
42.0	Unorganized	Wrangell	Inner Harbor	Maintenance dredge to original limits (est. 2400 cu.). New 70' ramps for more accessibility. Enlarge parking area.	400,000

PORTS AND HARBORS NEEDS AND PRIORITIES

Score	Borough	Location	Name	Description	Cost Estimate
47.0	Unorganized	Wrangell	North/South Summer Float	Upgrade the existing float and add a new finger along the inside of the north end of the dock. The south side of the City Dock would be configured in the same manner, with a float extending along the south side of the dock approach and a finger along the inside of the south end of the dock. A new ramp to access the new south floats would also be constructed.	368,000
9.0	Unorganized	Wrangell	Port Fill	Fill behind dike at port.	355,000
45.0	Unorganized	Wrangell	Reliance Harbor	Extend dock by 60 x 100 feet and 600 lf. of stalls for more capacity. Construct new harbor office with restrooms, showers for fishermen and cruise boat users.	1,000,000
64.0	Unorganized	Wrangell	Standard Oil Float Phase II	Upgrade and expand Reliance Harbor. Dredge harbor in vicinity of existing dock and add 8 new finger piers providing another 16 moorings for vessels to 30 feet.	125,000
42.0	Unorganized	Wrangell	Travel Lift and Boat Haul-out Facility	Construct boat haul-out (150 ton) and repair facility.	945,000
80.0	Unorganized	Wrangell	Upgrade in-Town Pullout and Adjoining Dock	Design and construct in-town pullout at Reliance. Launch ramp and float with some transient capability.	445,000
	Unorganized	Yukon River	Yukon River Small Boat Harbor	Conduct a reconnaissance and cost study to determine type of protection needed and the feasibility of constructing a small boat harbor on the Yukon River.	100,000
130.0	Various	Various	Corps of Engineers (COE) Program	Provides match for state and locally sponsored federal projects administered by the U.S. Army Corps of Engineers. Funds will be used for feasibility and planning studies, and for administering the program.	1,000,000
130.0	Various	Various	Harbor Major Repairs	Maintenance and repair for DOT&PF-owned harbors in Central and Northern Regions for work not covered by maintenance provisions of harbor operating agreements. Major repairs to flotation, decking, rails, piling, hinges and other components such as cross bracing, fenders and decking would be programmed and completed on an annual basis.	250,000
130.0	Various	Various	Statewide Deferred Maintenance	Deferred maintenance on ports and harbors statewide.	1,035,000
130.0	Various	Various	Statewide Harbors Pre-Construction	Conducts condition surveys on existing facilities, performs preliminary engineering and analysis on proposed projects in the next fiscal year and prepares final plans, specification and estimates on legislatively approved projects. Provides other technical assistance to communities.	500,000
