Because I took my role as homemaker for my family very seriously, I did not work outside the home when my children were very young. However, I did accumulate many life experiences in Alaska, having lived in various parts of the State over the last 23 years including Delta, Juneau, Anchorage and Palmer.

I have excellent writing, grammar, and spelling skills and I enjoy working with people. I am familiar with computers, word processing and other computer business applications. Through the two businesses that I have shared ownership, I have acquired all aspects of small business experience including financial management and sales. Furthermore, I bring enthusiasm and a genuine willingness to learn quickly and adapt to new situations easily.
