I am greatly opposed to his bill. This bill goes AGAINST ALL THAT we have been brought up to believe in. The 40 hr work week, the eight hour work day. What would be next, if this were to be passed. for crying out loud, Give the  
 working man a break! don't just  
 look at the expense side of this.  
 (Some) Employers will abuse this system.  
 I realize most of you don't now

 this would be a step back in time. The

In one fell swoop, the proposed legislation would serve to vacillate seventy-five years of progress for working men and women.

We, the producers, are every bit as deserving to fairly profit from our labor as are those who provide the investment capital.

We are entitled to a life which extends beyond subsistence.

Written testimony for the surface mine overtime bill.

I am concerned about the surface mine overtime bill sponsored by Gene Therrialt. I work at a surface mine in Healy, AK, Usibelli Coal. AS this effects all surface miners hearings should be held in all districts that have surface mines.

I do not feel that this is a good bill. The present labor laws concerning overtime on the state and federal levels were put into effect for good reasons. I have worked my whole working career under the present overtime laws and do not wish to go backwards. We should listen to our own state Dept. of Labor officials in that this is not good for workers in the state.

The Fairbanks News Miner said the reason for the bill is for less commuting to the Fort Knox mine. If the mine proves to be a good place to work people will move to the Fox area which is very close to the mine.

Sincerely,

*Laren Haskins*

I am strongly opposed to this Bill due to the undermining of what I consider fair labor practice for which I've fought for in my 30 yrs as construction worker. This bill if passed would set the working man back 50yrs. If longer work shifts are needed to complete the work then overtime wage should be paid to the worker who after all is performing the task.

It seems to me the questions concerning more time with family or paycheck concerns is a smokescreen. Unless Ft Knox can tell me why they could not put the 12 hour shift in place and pay overtime over 8 hours and still pay the same gross pay the employee now gets.

It seems to me all Fort Knox has to do is adjust the straight time pay lower so the gross pay is exactly the same whether one is paid 12 hrs of straight time or whether one is paid 8 hrs straight time plus 4 hrs overtime.  
 That way workers in other industries will not be affected.

I WORK TO SUPPORT MY FAMILY, AND ONLY PART OF THAT SUPPORT IS MONETARY. THE REMAINDER IS TIME AND WORK AT HOME. I WOULD GLADLY GIVE UP MY "RIGHT" TO OVERTIME AFTER AN 8 HOUR DAY IF I COULD RECEIVE THE SAME MONTHLY PAY AND SPEND MORE TIME WORKING FOR MY FAMILY.

IT IS ILLOGICAL TO BELIEVE THAT THE FAIRBANKS GOLD MINE COMPANY WOULD BE CHEATING ME OF OVERTIME PAY. AS THE LAW & WORK SCHEDULE STANDS RIGHT NOW, THE COMPANY IS NOT GOING TO GIVE <sup>EMPLOYEES</sup> ~~US~~ A 12-HOUR DAY NO MATTER WHAT <sup>THEY</sup> WANT. Dear sirs, I want 12 hr shifts!!!! I'm used to longer hrs. I would like to tell you some reasons why my wife and me are for the 12 hr shifts.

Longer hrs means shorter work weeks and longer ~~work~~ weekends! These longer weekends ~~are~~ give a family more time to work on a house, to garden, to fish, to hunt, to work on vehicles or in my family's case, to start a small home business. Now I'd like to conclude by clearing up some misconceptions.

The passing of this bill would be very destructive to the working man wages. Giving up our optional choice of pay for just the opportunity to work at a job. would hurt my families financial stability. If my employer ~~or~~ or future employer has the right to choose my schedule of hours worked for a week and limiting my hours to 40 hr overtime. it could cut my work day per week to fit his budget not my family financial needs. I would need to work two jobs at two different companies to make a living as such as I am now. With the overtime pay coming after my 8 hour day. I've worked at the Greens Creek Mine 7 days a week 12 hours a day. The pay was good for the work that was expected on a long day with still 3 hours of traveling involved. I wouldn't give up my overtime just to work under those conditions.

legislators: This type of legislation will show Bell to all industries coming to the legislature for special exemption of this type. This specific situation is one of travel time paid to employees by the company or payment of mass transit to compensate or make more affordable the travel distance for the employees. The State has been here taken 10's of years to make a safety work environment for employees. This would set a precedent for working men & women back substantially in all industries in the state of Alaska. I have worked in mining, construction and the freight industries. I am a home raised Alaskan.

I am <sup>against</sup> opposed to the changes outlined in the above mentioned bill # 68.

I feel this change would cause problems in all industries if it were passed. It would cause a reduction in earning power for many workers that are not aware of this legislation. Voluntary written agreement to agree to such "flex time" condition would fast become a requirement upon hire or better described a "Condition of employment"

Why is the Legislature pushing this bill through so rapidly with only 1 (one) committee referral? If we are ever to need an income tax structure in this state again this would reduce gross earning then for reduce tax income for our state.

I am opposed to HB 68. The purpose of this bill is simply ~~a bill~~ to provide economic savings on the operating budget of Ft. Knox and not solely providing more time off for their employees. The managers of Ft. Knox were fully aware of the operating cost of Labor in Alaska. The employees were aware of the shift schedules prior to hiring on the job. Now the Company has decided, with the help of Mr. Casey, Therriault, <sup>me.</sup> James, and Mr Kelly to gut lower Miners fought for during the 1920's! eight hr. day and living wage. The Tanana Mining Association took on this issue ~~in~~ 70 yrs. ago.

The passage of this bill for the 200+ employees @ Ft Knox will have devastating effects on the other tens of thousands blue ~~collar~~ <sup>collar</sup> workers thru-out the state who want to maintain working conditions earned over the years. Don't sell us out to Big Business!

COMMITTEE ON OVERTIME DATED JANUARY 27, 1997  
BILL/SUBJECT

I oppose any temporary or partial or permanent elimination of overtime after 8 hours a day. I have worked in salaried - overtime ~~and~~ exempt positions and in 8 hour overtime positions. The difference? With the 8 hour then overtime position, my health improved, I was able to spend quality time with my daughter, and my work product was as good, if not better, than in the 8-12 hour day salaried position. 12 hour days are a killer to health & family life. Let's NOT step backward in Alaska! Maintain the eight hour day!

anyone naive enough, let alone  
 anyone who's worked 12 hrs a day. who  
 thinks Safety is not jeopardized by  
 working 12 hrs a day and then driving  
 home! I'm definitely not concerned  
 about Community Safety. Let alone  
 the problem with disfunctional families  
 and Spouse abuse. All this applies  
 to this bill. I've lived in Alaska 23 years  
 and have seen all this in the boom and  
 bust days of EBto.

BILL/SUBJECT

I Michael David Desnoyers oppose

HB 68. I am a surface miner at Usibelli Coal Mine. The miners at Fort Knox have many other avenues to change their work schedules besides changing state law. I feel this bill would be a direct attack on my wages. I ~~do~~ do not want to see the employers or employees of Fort Knox dictating laws and law changes to all surface miners state wide. I hope the workers at Fort Knox get the best deal they can without HB 68

BILL/SUBJECT

I am stating my opposition to this bill and feel that it would be taking a major step back in the rights that employees have fought so hard for in past years. My family and I have been here for over 27 years and ~~we~~ can't believe that an out-of-state company can come in and change our laws for their gain. Do not ruin the chances for younger people and future wage earners the right to earn a decent living and wage.
